PROFILE

Hon'ble Chief Justice Mr. Justice Malik Shahzad Ahmad Khan was born in Pindi Gheb on 15.03.1963 in a family filled with moral and ethical values. After his early education he attended Gordon College, Rawalpindi and earned Bachelor's degree. He then pursued his Bachelor of Laws (LL.B.) from the University of Punjab, Lahore and graduated in the year 1989. After his LL.B he was enrolled as an Advocate with the Punjab Bar Council in the year 1990 and entered into the legal profession. He was enrolled as Advocate of High Court in the year 1993. Later he became an Advocate of Supreme Court of Pakistan in the year 2004.

During his legal practice as an advocate of about twenty one years, he handled numerous cases of Criminal, Civil, Family and Rent Laws etc. He also assisted the Superior Courts of the country in the interpretation of different aspects of Criminal Law and settling principles of jurisprudence. His lordship also took active part in Bar politics. He was elected as Secretary General of High Court Bar Association, Rawalpindi in the year 2004. He was also elected as President of High Court Bar Association, Rawalpindi in the year 2009.

His professional excellence in the field of law, ability to understand and interpret true intentions and dynamics of the law and its applicability was acknowledged when he was appointed as an Additional Judge of Lahore High Court on 12.05.2011.

During his career as a Judge, he has authored number of judgments, including land mark cases. Known for his judicial philosophy grounded

in textualism and a commitment to stare decisis, his Lordship has been a pivotal figure in shaping contemporary legal discourse. His judgments reflect a careful balance between respect for historical legal principles and adaptation to evolving societal norms. Outside of his judicial duties, his Lordship remained member of Administrative Committee of Lahore High Court. He also remained inspection of judge of District Lahore. He also participated in a conference on the topic 'Criminal Justice in 21st Century' held in Francisco (United States) w.e.f. 05.07.2017 to 14.07.2017.

His Lordship served as a Judge of Lahore High Court for about 13 years. Whole journey of his lordship is illustrious and has left an indelible impression, setting a high standard of excellence and integrity for others to aspire to in the pursuit of justice. After serving as a judge of the Lahore High Court, Lahore, for more than a decade his Lordship took the oath as Chief Justice of the Lahore High Court, Lahore on March 07, 2024, marking a significant milestone in his illustrious legal career. As a Chief Justice, his Lordship accomplished several notable achievements. In such span of time of his judicial career his Lordship decided 42462 cases and delivered 216 reported judgments.

His Lordship is renowned for his unwavering firmness in his decisions, consistently upholding the principles of justice and the rule of law. Throughout his career, his Lordship has been a mentor to many young lawyers and judges, inspiring a new generation with his dedication and ethical standards. His courtroom demeanor is described as both stern and compassionate, a blend that commands respect and fosters a sense of fairness.

Recognizing his exemplary and profound legal expertise and stanch pledge to justice his Lordship has been elevated to Supreme Court of Pakistan. His elevation to the Supreme Court is seen as a natural progression for a jurist of his caliber. Colleagues and observers alike commend his Lordship's appointment, predicting that his presence on the highest court will bring a measured, insightful, and principled voice to the bench. As he dons the robes of a Supreme Court, his Lordship carries with him a legacy of integrity, intellectual rigor, and an unyielding commitment to justice. His journey to the Supreme Court is not just a personal triumph but a beacon of hope for all who believe in the sanctity of justice.

Before Malik Shahzad Ahmad Khan, J

QASIM ALI---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 80274-J of 2022, heard on 4th July, 2023.

(a) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Non-availability of justification for the presence of witness at the time and place of occurrence---Chance witnesses---Accused was charged for committing murder of the brother of the complainant---Ocular account of the prosecution was furnished by complainant and an eye-witness--- Both the witnesses were real brothers of the deceased---Said witnesses stated that they were not residents of the village where the occurrence took place rather they were residents of other city situated at a distance of 25/26 kilometers from the place of occurrence---Both the eye-witnesses did not give any specific reason for their visit to the village where the occurrence took place on the relevant day---Complainant conceded that he had neither any business nor residence near the place of occurrence---Eye-witnesses were not residents of the village where the occurrence took place hence they were chance witnesses, therefore, their presence at the spot at the relevant time without establishing any convincing reason was not free from doubt---Appeal against conviction was allowed, in circumstances.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Sufyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(b) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Delay of nine hours in conducting postmortem examination upon the dead body of the deceased---Accused was charged for committing murder of the brother of

the complainant---According to the prosecution case, the occurrence in this case took place on 20.01.2022 at 03:20 p.m.---Complainant himself mentioned in the FIR that his brother (deceased) after receiving injuries died at the spot but according to post mortem report of the deceased, the dead body of deceased was brought in the hospital on 20.01.2022 at 11:50 p.m., and postmortem examination on the dead body of the deceased was conducted on 21.01.2022 at 12:10 a.m., i.e., after about nine hours from the occurrence---No plausible explanation had been given by the prosecution that as to why the dead body was brought to the hospital and post mortem examination was conducted with such a delay of about nine hours from the occurrence---Said delay in conducting the postmortem examination on the dead body of the deceased was suggestive of the fact that the occurrence was unseen and the delay was consumed in procuring the attendance of fake eye-witnesses---Appeal against conviction was allowed, in circumstances.

Muhammad Ilyas v Muhammad Abid alias Billa and others 2017 SCMR 54; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Sufyan Nawaz and another v. The State and others 2020 SCMR 192; Zafar v. The State and others 2018 SCMR 326 and Muhammad Ashraf v. The State 2012 SCMR 419 rel.

(c) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Ocular account and medical evidence---Conflict between---Accused was charged for committing murder of the brother of the complainant---In the contents of the FIR, complainant alleged that the accused gave two brick bat blows which landed on the head and chest of deceased whereas in the post mortem report and pictorial diagrams there was only one injury on the head of the deceased---No injury on the chest of the deceased was noted by the concerned Medical Officer---Both the eye-witnesses stated before the Trial Court that the accused inflicted one brick bat blow on the head and three/four brick bat blows on the chest and shoulder of deceased---Said witnesses were duly confronted with their previous statements and improvements made by them in that respect were duly brought on the record---Moreover, the prosecution witnesses made improvements in their statements while appearing before the Trial Court regarding the number of injuries sustained by the deceased on his chest and shoulder and their improved statements was also in conflict with the medical

evidence, therefore, their evidence was not worthy of reliance---Appeal against conviction was allowed, in circumstances.

Muhammad Ali v. The State 2015 SCMR 137; Irfan Ali v. The State 2015 SCMR 840; Usman alias Kaloo v. The State 2017 SCMR 622; Nadeem alias Kala v. The State and others 2018 SCMR 153 and Akhtar Ali and others v. The State 2008 SCMR 6 rel.

(d) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Unnatural conduct of eye-witnesses---Accused was charged for committing murder of the brother of the complainant---Record showed that the conduct of the prosecution eye-witnesses of the case was highly unnatural---Complainant and eye-witness were both real brothers of deceased---As per prosecution case the complainant was accompanied by eye-witness, other witness (not produced) and the deceased and as such, the complainant party was comprising of 04-adults members, whereas, the accused was alone but surprisingly they did not try to apprehend the accused after the occurrence nor tried to intervene during the occurrence to save the deceased from the accused---Accused was not armed with any formidable weapon at the time of occurrence and he was only armed with a brick bat---Thus, conduct of the prosecution eye-witnesses, who according to their claim witnessed the occurrence, was highly unnatural, therefore their presence at the spot was highly doubtful and their evidence was not worthy of reliance---Appeal against conviction was allowed, in circumstances.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(e) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Motive not proved---Accused was charged for committing murder of the brother of the complainant---Motive of the occurrence as stated in the FIR was that six days prior to the occurrence a quarrel took place between deceased and the accused but the same was patched up with the intervention of the respectables of the locality---No respectable of the locality, who patched up the matter between the parties appeared before the Trial Court in support of the motive part of the prosecution case---Moreover, the complainant while appearing before the Trial Court admitted during his cross-examination that neither he nor other witnesses

witnessed the occurrence of motive---Moreover, in his statement recorded by the Trial Court, complainant did not mention any specific date, time or place of occurrence of the motive, whereas, eye-witness did not utter a single word about the motive of occurrence---No reason of the earlier quarrel between the accused and the deceased had been brought on the record---Thus, the prosecution had failed to prove the alleged motive---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----S. 302(b)--- Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Recovery of weapon of offence---Inconsequential---Accused was charged for committing murder of the brother of the complainant---Record showed that a brick bat was recovered on the pointation of accused---However, recovery memo did not show that brick bat was stained with blood---Moreover, the said brick bat was never sent to the office of Forensic Science Agency to see as to whether the same was stained with blood or not, therefore, it was not safe to rely upon the said piece of evidence of the prosecution---Appeal against conviction was allowed, in circumstances.

Nasir Abbas Zafar Malik, defence counsel for Appellant.

Ms. Asiya Yasin, Deputy District Public Prosecutor with Ibrahim, Sub-Inspector for the State.

Complainant in person.

Date of hearing: 4th July, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.80274-J of 2022, filed by Qasim Ali (appellant), against his conviction and sentence.

2. Qasim Ali (appellant) was tried in case FIR No.95 dated 20.01.2022, registered at Police Station Khurrianwala Tehsil Jaranwala, District Faisalabad, in respect of offence under section 302, P.P.C. and vide impugned judgment dated 28.10.2022, passed by learned Additional Sessions Judge, Jaranwala, he (appellant) has been convicted and sentenced as under:-

Under section 302(b), P.P.C. to imprisonment for life as Tazir. He was

also ordered to pay Rs.10,00,000/- (rupees one million only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C. and in default thereof to further undergo six months simple imprisonment.

Benefit of section 382-B, Cr.P.C. was also extended to the appellant.

3. Brief facts of the case as given by Amir Mehmood, complainant (PW-1) in his complaint (Ex.PA), on the basis of which the formal FIR (Ex.PE) was chalked out, are that Amir Mehmood complainant (PW-1) along with his brother, namely Parvez Iqbal (PW-2) came to Chak No.266/RB Khurrianwala to see their real brother, namely Muhammad Naveed (deceased). They were told from the house of Muhammad Naveed (deceased) that Muhammad Naveed (deceased) had gone for duty to the Royal Nawab Marquee, Jand Wali Road, Khurrianwala, whereupon, he (complainant) along with his brother Parvez Iqbal (PW-2) came to the Royal Nawab Marquee. On 20.01.2022 at about 03:20 p.m. when they were having conversation with their brother Muhammad Naveed (deceased), all of a sudden Qasim Ali (appellant) son of Abdul Bari caste Rajpoot resident of Chak No.266/RB, Khurrianwala armed with a brick bat emerged at the spot and started hurling abuses. He was refrained from doing so but Qasim Ali (appellant) gave brick bat blows on the head and chest of Muhammad Naveed (deceased) who sustained injuries and fell on the ground. The complainant party raised hue and cry due to which Qasim Ali (appellant) fled away from the spot while brandishing brick. He (complainant) and Parvez Iqbal (PW-2) attended their brother Muhammad Naveed (deceased) who succumbed to the injuries at the spot.

The motive behind the occurrence was that six days prior to the occurrence a quarrel took place between the deceased and the appellant however, the matter was patched up by the respectables of the locality. The appellant nourished this grudge and committed the occurrence.

4. After completion of investigation by the police, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 03.06.2022, to which he pleaded not guilty and claimed trial. In order to prove its case, the prosecution produced nine witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Ex.PA) to (Ex.PJ). The statement of the appellant under section

342, Cr.P.C, was recorded, wherein he denied the allegations levelled against him. Neither the appellant opted to appear as his own witness on oath as provided under section 340(2) of the Code of Criminal Procedure, 1898 in disproof of the allegations levelled against him nor he produced any defence evidence.

The learned trial Court vide its judgment dated 28.10.2022, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

5. Amir Mehmood, complainant (PW-1) is present before the Court. He is duly identified by Ibrahim, Sub-Inspector of Police Station Khurrianwala District Faisalabad. The complainant submits that he does not want to hire the services of a private counsel in this case and will be satisfied with the arguments of learned Deputy District Public Prosecutor for the State. Even otherwise, it is a State case and learned Deputy District Public Prosecutor for the State is ready to argue the same, therefore, I proceed to decide the instant appeal after hearing arguments of learned defence counsel at state expenses for the appellant, learned Deputy District Public Prosecutor for the State and perusing the record.

6. It is contended by learned defence counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant party; that the prosecution witnesses are chance witnesses as they were not residents of the village, where the occurrence took place and they could not give any valid reason for their presence at the spot at the relevant time, therefore, their presence at the spot at the time of occurrence is highly doubtful; that the prosecution witnesses are closely related to the deceased, therefore, their evidence is not worthy of reliance without independent corroboration, which is very much lacking in this case; that the prosecution eye-witnesses made dishonest improvements in their statements recorded by the learned trial Court, which were duly brought on the record; that there is conflict between the ocular account furnished by the prosecution eye-witnesses and the medical evidence which has created further dent in the prosecution case; that the motive alleged by the prosecution was also not proved in this case and has also been disbelieved by the learned trial Court; that the recovery of brick bat (P.4) was falsely planted against the appellant to strengthen the weak prosecution case; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appeal filed by the appellant may be accepted and the appellant may be acquitted from the charge.

7. On the other hand, it is contended by learned Deputy District Public

Prosecutor for the State that the FIR (Exh.PE) in this case was promptly lodged, which rules out the possibility of any concoction; that the occurrence took place in the broad day light, therefore, there was no chance of any mis-identification of the accused; that the prosecution eye-witnesses were cross-examined at length but their evidence could not be shattered; that the medical evidence has also supported the ocular account of the prosecution; that the prosecution case is further corroborated by the recovery of brick bat (P.4) on the pointation of the appellant; that motive was also proved against the appellant through reliable evidence of the prosecution witnesses; that the learned trial Court has righty convicted and sentenced the appellant, therefore, his appeal may be dismissed while maintaining his conviction and sentence.

8. Arguments heard. Record perused.

9. Prosecution story as set forth in the complaint (Exh.PA), on the basis of which the formal FIR (Ex.PA/1) was chalked out has already been reproduced in para No.3 of this judgment therefore, there is no need to repeat the same.

10. Occurrence in this case took place at the Royal Nawab Marquee situated at Jand Wali Road, Khurrianwala, District Faisalabad. The ocular account of the prosecution was furnished by Amir Mehmood, complainant (PW-1) and Parvez Iqbal (PW-2). Both are real brothers of Muhammad Naveed (deceased). Both the abovementioned witnesses stated that they are not residents of the village where the occurrence took place rather they were residents of Hajveri Town, Faisalabad City. They both stated that their residence was situated at a distance of 25/26 kilometers from the place of occurrence. The relevant parts of their statements in this respect read as under:

> Amir Mehmood (PW-1)
>
> "My residence is about 25/26 KM away from the place of occurrence. My brother Pervez resides with me."
>
> Parvez Iqbal (PW-2)
>
> "The inter se distance between my residence and house of my deceased brother is about 24/25 kilometers. Royal Nawab Marquee is located at the distance of about 1/1-2 KM from the residence of my deceased brother."

I have further noted that both the abovementioned prosecution eye-witnesses did

not give any specific reason for their visit to the village where the occurrence took place on the relevant day. Amir Mehmood complainant (PW-1) further conceded during his cross-examination that he had neither any business nor residence near the place of occurrence. Although he stated that there was a special function on the residence of his brother (Muhammad Naveed deceased) but he further conceded that he was not invited at his residence by his deceased brother in connection with any function. The relevant part of his statement in this respect reads as under:-

> "It is correct that neither I have any business nor residence near the place of occurrence. We went to meet my brother on our own and there was special function at his residence. My deceased brother has not invited at his residence in connection with any function."

The nature of the stated function i.e. marriage, engagement or any Qul-kwaani, etc. has not been mentioned even during cross-examination by the abovementioned prosecution eye-witnesses. As the abovementioned eye-witnesses are not residents of the village where the occurrence took place hence they are chance witnesses, therefore, their presence at the spot at the relevant time without establishing any convincing reason for their presence at the spot at the relevant time, is not free from doubt. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the, crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall

within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the apex Court of the country was pleased to observe as under:-

> "..... ... .He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In these circumstances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:-

> " .....Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence ... ..."

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove any valid reason of their presence in the village of occurrence at the relevant date and time, therefore, their very presence at the spot at the relevant time becomes doubtful.

11. It is further noteworthy that according to the prosecution case, the occurrence in this case took place on 20.01.2022 at 03:20 p.m. The complainant himself mentioned in the FIR (Ex.PE) that his brother Muhammad Naveed (deceased) after receiving injuries died at the spot but according to post mortem report of the deceased (Ex.PB), the dead body of Muhammad Naveed (deceased) was brought in the hospital on 20.01.2022 at 11:50 p.m., and postmortem examination on the dead body of the deceased was conducted on 21.01.2022 at 12:10 a.m., i.e., after about nine hours from the occurrence. No plausible explanation has been given by the prosecution that as to why the dead body was brought to the hospital and post mortem examination was conducted with such a delay of about nine hours from the occurrence. The abovementioned delay in conducting the postmortem examination on the dead body of the deceased is

suggestive of the fact that the occurrence was unseen and the delay was consumed in procuring the attendance of fake eye-witnesses. In the case of `Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the said judgment at page No. 55 reads as under:-

> "2. .....Post-mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similarly, in the case of "Khalid alias Khalidi and 2 others v. The State" (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse fact against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the apex Court of the country in the cases reported as "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192), "Zafar v. The State and others" (2018 SCMR 326) and "Muhammad Ashraf v. The State" (2012 SCMR 419).

12. It is further noteworthy that there is conflict between the ocular account and medical evidence of the prosecution. In the contents of the FIR (Exh.PE), Amir Mehmood complainant (PW-1) alleged that the appellant gave two brick bat blows which landed on the head and chest of Muhammad Naveed (deceased) whereas in the post-mortem report and pictorial diagrams (ExPB, Ex.PB/1 and Ex.PB/2) there is only one injury on the head of the deceased. No injury on the chest of the deceased was noted by the concerned Medical Officer. It is further noteworthy that both the eye-witnesses, namely Amir Mehmood complainant (PW-1) and Pervez Iqbal (PW-2) stated before the learned trial Court that the appellant inflicted one brick bat blow on the head and three/four brick bat blows on the chest and shoulder of Muhammad Naveed (deceased). They were duly confronted with their previous statements and improvements made by them in

this respect were duly brought on the record. The relevant parts of their statements in this respect are reproduced hereunder:-

(Amir Mahmood complainant (PW-1)

Examination-in-chief

"In the meanwhile, accused Muhammad Qasim present in the court raised lalkara and abused my brother Muhammad Naveed. Where after accused Qasim Ali inflicted a brick blow which landed on the right side of the head of my brother and accused Qasim Ali also inflicted brick blows on the chest of my brother three or four times. Where after accused escape from the spot while raising his brick."

Cross-Examination

"I got recorded in my application Ex.PA that accused Qasim Ali also inflicted brick blows on the chest of my brother three or four times (as per request of learned defence counsel) confronted with Ex.PA where the fact of three or four time is not mentioned."

(Parvez Iqbal (PW-2)

Examination-in-chief

"In the meanwhile, accused Qasim Ali came there while armed with brick and started inflicting brick blows which landed on head, chest and shoulder areas. My brother fell down. We forward ahead to rescue our brother but he went unconscious."

Cross-Examination

"I cannot recall whether I have got recorded in my statement under section 161, Cr.P.C. that my brother had sustained any brick blow on his shoulder."

(bold and underlining supplied for emphasis)

It is therefore, evident that there was conflict between ocular account and medical evidence of the prosecution regarding the number of injuries sustained by Muhammad Naveed (deceased), as mentioned in the contents of the FIR (Exh.PE) and as mentioned by the prosecution eye-witnesses before the learned trial Court and as noted in the post mortem report (Ex.PB) by Dr. Muhammad

Khurram Ijaz (PW-4). In the cases of 'Muhammad Ali v. The State' (2015 SCMR 137), 'Irfan Ali v. The State' (2015 SCMR 840), 'Usman alias Kaloo v. The State' (2017 SCMR 622) and 'Nadeem alias Kala v. The State and others' (2018 SCMR 153), the prosecution evidence was disbelieved on account of its conflict with the medical evidence regarding the number/nature of injuries sustained by the deceased. Relevant part of the case of 'Muhammad Ali' supra, reads as under:-

> "5.....In such circumstances, the presence of the eye-witnesses at the spot is doubtful. Had they been present at the spot and had witnessed the occurrence, they could have ascribed the correct role to the accused and explain all the injuries on the person of the deceased...."

Moreover, the prosecution witnesses made improvements in their statements while appearing before the learned trial Court regarding the number of injuries sustained by the deceased on his chest and shoulder and their improved statements was also in conflict with the medical evidence, therefore, their evidence is not worthy of reliance. Reference in this context may be made to the case reported as 'Akhtar Ali and others v. The State' (2008 SCMR 6).

13. The conduct of the prosecution eye-witnesses of this case is highly unnatural. Amir Mehmood complainant (PW-1) and Pervaiz Iqbal (PW-2) were both real brothers of Muhammad Naveed (deceased) As per prosecution case the complainant was accompanied by Parvez Iqbal (PW-2), Naeem Butt (PW not produced) and the deceased and as such, the complainant party was comprising of 04-adults members, whereas, the appellant was alone but surprisingly they (PWs) did not try to apprehend the appellant after the occurrence or even did not try to intervene during the occurrence to save the deceased from the appellant. It is also noteworthy that the appellant was not armed with any formidable weapon at the time of occurrence and he was only armed with a brick bat. I am, therefore, of the view that conduct of the prosecution eye-witnesses, who according to their claim witnessed the occurrence, is highly unnatural therefore, their presence at the spot is highly doubtful, hence their evidence is not worthy of reliance. I may refer here the case of "Liaquat Ali v. The State" (2008 SCMR 95), wherein at Para No.5-A of the judgment, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:-

> "Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P.W.7 who is first cousin

and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaquat Ali was not armed with a fire-arm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful."

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of "Pathan v. The State" (2015 SCMR 315) and "Zafar v. The State and others" (2018 SCMR 326). Under the circumstances, it cannot be safely held that the abovementioned eye-witnesses were present at the spot at the relevant time and they had witnessed the occurrence because their conduct is highly unnatural.

14. The motive of the occurrence as stated in the FIR (Ex.PA/1) was that six days prior to the occurrence a quarrel took place between Muhammad Naveed, deceased and the appellant but the same was patched up with the intervention of the respectables of the locality. It is noteworthy that no respectable of the locality, who patched up the matter between the parties appeared before the learned trial Court in support of the motive part of the prosecution case. Moreover, the complainant while appearing before the learned trial Court as PW-1 admitted during his cross-examination that neither he nor Parvez Iqbal (PW-2) or Naeem Butt (PW not produced) witnessed the occurrence of motive. Relevant part of his statement in this respect reads as under:-

> "I am not the eye-witness of said quarrel as alleged in the motive part even the same has not been witnessed by my brother Parvez Iqbal or Naeem Butt."

Moreover, in his statement recorded by the learned trial Court Amir Mehmood, complainant (PW-1) did not mention any specific date, time or place of occurrence of the motive, whereas, Parvez Iqbal (PW-2) did not utter a single word about the motive of occurrence. No reason of the earlier quarrel between the appellant and the deceased has been brought on the record. I am, therefore,

of the view that the prosecution has failed to prove the alleged motive. It is also noteworthy that even the learned trial Court disbelieved the motive part of the prosecution case in paragraph No.27 of the impugned judgment.

15. Insofar as recovery of brick bat (P.4) on the pointation of Qasim Ali (appellant) is concerned it is noteworthy that the recovery memo (Ex.PJ) does not show that brick bat (P.4) was stained with blood. Moreover, the said brick (P.4) was never sent to the office of PFSA to see as to whether the same was stained with blood or not, therefore, it is not safe to rely upon the abovementioned piece of evidence of the prosecution. Under the abovementioned circumstances, there is no corroboration of the prosecution case through the abovementioned alleged recovery of brick bat on the pointation of the appellant.

16. In the light of above discussion, I am of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, I accept Criminal Appeal No.80274-J of 2022 filed by Qasim Ali appellant, set aside his conviction and sentence acquit him of the charge by extending him the benefit of doubt. The appellant Qasim Ali is in custody, he be released from the jail forthwith, if not required to be detained in any other case.

JK/Q-2/L Appeal allowed.

Before Malik Shahzad Ahmad Khan and Farooq Haider, JJ

MUHAMMAD SARWAR and another---Appellants

Versus

The STATE and others---Respondents

Criminal Appeals Nos. 56707, 50403 and Murder Reference No. 275 of 2019, decided on 6th November, 2023.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Delay of one hour in lodging FIR---Not consequential---Accused was charged that he along with his co-accused committed murder of the brother of the complainant by firing---Record showed that the occurrence took place on 12.02.2017 at 12:30 p.m.---Matter was reported to the police and the FIR was also lodged on the same day i.e. on 12.02.2017 at 01:30 p.m., i.e., within a period of 01 hour from the occurrence---Distance between the police station and the place of occurrence was 1-kilometer---Even deceased who initially sustained injuries during the occurrence and later on, died, was also medically examined on the same day i.e., on 12.02.2017 at 12:47 p.m., i.e., within a period of 17 minutes from the occurrence---Keeping in view the time of occurrence, the place of occurrence, its distance from the police station and the time of medical examination of the injured (later on deceased), there was no deliberate or conscious delay in reporting the matter to the police and the FIR was promptly lodged---Circumstances established that the prosecution had proved its case against the accused however, due to some mitigating circumstances, the sentence was altered from death to imprisonment for life---Appeal was dismissed accordingly.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Ocular account supported by medical evidence---Accused was charged that he

along with his co-accused committed murder of the brother of complainant by firing---Ocular account of the prosecution was furnished by two witnesses including complainant---Occurrence took place in a cricket ground, at place "G"---Complainant was real brother of deceased and also resident of place "G"---Likewise, other witness was also resident of place "B" but in the same city---Both the eye-witnesses had plausibly explained the reason of their presence at the spot at the relevant time by stating that they were playing cricket along with deceased in a cricket ground at the time of occurrence---Occurrence in this case took place in broad day light i.e., at 12:30 noon and as such, there was no chance of any mis-identification of the accused during the occurrence---Both the eye-witnesses were cross-examined at length but their evidence could not be shaken and they corroborated each other on all material aspects of the case---Evidence of eye-witnesses was confidence inspiring and trustworthy---Record transpired that there was no conflict between the ocular account and the medical evidence of the prosecution to the extent of role played by the accused during the occurrence---In the contents of the FIR, as well as, in their statements, prosecution eye-witnesses stated that after sustaining firearm injury on the right side of the abdomen, deceased fell on the ground in injured condition and thereafter, the accused made two more fire shots on the deceased however, the same did not hit him---Under the circumstances, there was every possibility that one out of the two additional fire shots made by the accused had hit the deceased but the same could not be noticed by the prosecution eye-witnesses due to falling of the deceased on the ground, as well as, on account of sensation and panic created due to the firing by the accused---Moreover eye-witness could not give the photo picture of each and every injury sustained by the deceased due to the panic and sensation developed at the time of occurrence due to the firing---Circumstances established that the prosecution had proved its case against the accused however, due to some mitigating circumstances, the sentence was altered from death to imprisonment for life---Appeal was dismissed accordingly.

Ellahi Bakhsh v. Rab Nawaz and another 2002 SCMR 1842 and Abdur Rauf v. The State and another 2003 SCMR 522 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qanun-e-Shahadat (10 of 1984), Art. 129(g)---Qatl-i-amd, common intention---Appreciation of evidence---Withholding evidence of natural witnesses---Not consequential---Accused was charged that he along with his co-accused committed murder of the brother of complainant by firing---Allegedly, gardeners of the ground were present at the spot at the relevant time and they were the most natural witnesses of the occurrence but the prosecution had withheld their evidence and as such, an adverse inference under Art. 129(g) of the Qanun-e-Shahadat, 1984, might be drawn against the prosecution---However, it was the quality and not the quantity of evidence which weighed with the Courts regarding the decision of a criminal case therefore, non-production of the gardeners of the ground in the witness box was not fatal to the prosecution case---Even otherwise, the people/witnesses not related to the deceased/complainant party did not appear in the witness box to avoid enmity with the accused party and their non-appearance in the witness box was not fatal to the prosecution case---Circumstances established that the prosecution had proved its case against the accused however, due to some mitigating circumstances, the sentence was altered from death to imprisonment for life---Appeal was dismissed accordingly.

Zakir Hussain v. The State 2008 SCMR 222 and Abdul Haq and another v. The State 2015 SCMR 1326 rel.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Recovery of weapon of offence on the pointation of accused---Safe custody of weapon not established---Accused was charged that he along with his co-accused committed murder of the brother of complainant by firing---Insofar as the recovery of pistol on pointing out of the accused and positive report of Forensic Science Agency was concerned, it was noted that Head Constable, who was Moharrar of Malkhana of the police station, had not uttered a single word that any parcel of pistol was handed over to him and thereafter, he kept the same in safe custody at the Malkhaana and finally handed over the said parcel to any prosecution witness for its onward transmission to the office of Forensic Science Agency---Thus, the safe custody of the parcel of pistol, allegedly recovered on pointing out of the accused, had not been proved in this case therefore, recovery of pistol and positive report of Forensic Science Agency were of no avail to the

prosecution---Circumstances established that the prosecution had proved its case against the accused however, due to some mitigating circumstances, the sentence was altered from death to imprisonment for life---Appeal was dismissed accordingly.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Motive not proved---Sentence, reduction in---Accused was charged that he along with his co-accused committed murder of the brother of complainant by firing---According to the prosecution case, motive behind the occurrence was that few days prior to the occurrence, a quarrel took place between deceased and the accused party on account of fight of children---No specific date, time and place of the said quarrel had been mentioned by any of the prosecution witness---None of the prosecution witnesses stated that they were present at the time of said quarrel---Vague and general motive was alleged by the prosecution which had not been proved in this case---Circumstances established that the prosecution had proved its case against the accused however, due to some mitigating circumstances, the sentence was altered from death to imprisonment for life---Appeal was dismissed accordingly.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Sentence, quantum of---Mitigating circumstances---Accused was charged that he along with his co-accused committed murder of the brother of complainant by firing---Record showed that the recovery of pistol on pointing out of the accused had been disbelieved due to the reasons that safe custody of the said recovery had not been proved by the prosecution---Prosecution evidence qua motive had been disbelieved being vague and general one---No specific date, time and place of the prior quarrel had been mentioned by any of the prosecution witness---None of the prosecution witnesses stated that they were present at the time of said quarrel---Under the circumstances, the death sentence awarded to the accused was quite harsh and the sentence of imprisonment for life would meet the ends of justice---Hence, the conviction of the accused under S. 302(b), P.P.C awarded by the Trial Court was maintained but his sentence was altered from death to imprisonment

for life---Appeal was dismissed accordingly.

Barrister Aiyan Ali Bhutta for Appellants.

Munir Ahmad Sial and Nuzhat Bashir, Deputy Prosecutor General for the State.

Syed Farhad Ali Shah for the Complainant.

Date of hearing: 2nd November, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---By this single judgment, we proceed to decide Criminal Appeal No. 56707 of 2019 filed by Muhammad Sarwar (appellant) against his conviction and sentence, Criminal Appeal No. 50403 of 2019 filed by Asad Aslam complainant against the acquittal of Muhammad Zeshan Sarwar alias Shana and Muhammad Arslan Sarwar alias Fana (respondents Nos. 2 and 3) and Murder Reference No. 275 of 2019 sent by the learned trial Court for confirmation or otherwise of the sentence of Death awarded to Muhammad Sarwar (appellant) by the learned trial Court. We propose to decide all these matters by this single judgment as these have arisen out of the same judgment dated 11.07.2019 passed by the learned Additional Sessions Judge, Lahore.

2. The appellant, namely, Muhammad Sarwar along with Muhammad Zeshan Sarwar alias Shana (co-accused since acquitted) and Muhammad Arslan Sarwar alias Fana (co-accused since acquitted) was tried in case FIR No. 177 dated 12.02.2017 registered at Police Station Ghalib Market District Lahore in respect of offences under sections 302/34, of P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 11.07.2019 has convicted and sentenced Muhammad Sarwar appellant as under: -

> Under section 302(b), P.P.C. to 'Death as tazir' for committing Qatl-i-Amd of Ahsan Aslam (deceased). He was also ordered to pay Rs.300,000/- (Rupees three hundred thousand only) to the legal heirs of Ahsan Aslam deceased as compensation under section 544-A of Cr.P.C, recoverable as arrears of land revenue, and in default thereof to undergo simple imprisonment for six months.

The learned trial Court however, vide the aforementioned judgment has acquitted Muhammad Zeshan Sarwar alias Shana (co-accused) and Muhammad Arslan Sarwar alias Fana (co-accused) by extending them the benefit of doubt.

3. Brief facts of the case as given by the complainant Asad Aslam (PW-8) in the complainant (Exh.PA) on the basis of which formal FIR (Exh.PA/2), was chalked out, are that he (complainant) was resident of House No. 50, Nasir Colony, Lahore. On 12.02.2017 at 12:30 p.m., (noon), he (complainant) along with his elder brother, namely, Ahsan Aslam (deceased) was playing cricket in Saint Marry Dongi Ground, where, Muhammad Sarwar (appellant) armed with pistol, his (complainant's) two sons, namely, Arslan alias Mana (co-accused since acquitted) armed with 'danda', Zeshan alias Shana (co-accused since acquitted) armed with 'danda' along with an unknown accused person entered. Zeshan (co-accused since acquitted) raised 'lalkara' that Ahsan (deceased) be killed and be not let alive upon which all the accused persons attacked and started beating the brother of the complainant. Ahsan (deceased) called him (complainant) to save him, whereupon, he (complainant) rushed towards his brother. In the meanwhile, Muhammad Sarwar (appellant) made fire shot with his pistol which landed on the right side of abdomen of Ahsan (deceased) who fell down while smeared in the blood. Thereafter, Muhammad Sarwar (appellant) made two consecutive fire shots which did not hit Ahsan (deceased) due to his fallen condition. The occurrence was witnessed by Hakeem Khan (given up PW), Haji Tahir (given up PW) and Sheraz Butt (PW-9). Ahsan (deceased) was shifted to the Services Hospital, Lahore, in injured condition.

Motive behind the occurrence was that few days prior to the occurrence, a quarrel took place between Ahsan (deceased) and Sarwar (appellant) along with his two sons, namely, Arslan (co-accused since acquitted) and Zeshan (co-accused since acquitted) on account of a fight of the children of the locality and due to this grudge, the accused persons made firing at the brother of the complainant.

Initially FIR was lodged for offences under sections 324/34 of P.P.C. however, after the death of Ahsan (deceased) on 15.02.2017, offence under section 302 of P.P.C. was added in this case vide zimni No. 03.

4. Muhammad Sarwar appellant was arrested on 08.03.2017 by Razaqat Ali,

Sub-Inspector/I.O (PW-13) who on 19.03.2017 made disclosure and led to the recovery of pistol (P-7) along with four live bullets P-8/1-4 vide recovery memo (Exh.PH). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against Muhammad Sarwar appellant along with Muhammad Zeshan Sarwar alias Shana (co-accused since acquitted) and Muhammad Arslan Sarwar alias Fana (co-accused since acquitted) on 04.07.2017, to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced thirteen witnesses during the trial and also produced documentary evidence in the shape of (Exh.PA to Exh.PW).

The statements of the appellant and Muhammad Zeshan Sarwar alias Shana (co-accused since acquitted) and Muhammad Arslan Sarwar alias Fana (co-accused since acquitted) were recorded under section 342 of Cr.P.C. The appellant refuted the allegations levelled against him and professed his innocence. The appellant neither opted to make his statement on oath as envisaged under section 340(2), Cr.P.C., nor produced any evidence in his defence.

The learned trial Court vide its judgment dated 11.07.2019 found the appellant guilty, convicted and sentenced him as mentioned and detailed above however, acquitted Muhammad Zeshan Sarwar alias Shana (co-accused) and Muhammad Arslan Sarwar alias Fana (co-accused) while extending them the benefit of doubt.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the police; that in fact, the occurrence was unseen; that the prosecution eye-witnesses are chance witnesses and they could not establish any reason of their presence at the spot at the relevant time; that Razaqat Ali, Sub-Inspector (PW-13), has admitted that two gardeners were present at the spot at the relevant time who had stated that they had witnessed the occurrence but the said gardeners were not produced in the witness box and as such, the prosecution has withheld the best evidence therefore, an adverse

inference can be drawn under Article 129(g) of the Qanun-e-Shahadat Order, 1984 against the prosecution; that there is glaring conflict between the ocular account and the medical evidence of the prosecution because according to the ocular account, Ahsan (deceased) was firstly beaten by the accused party and thereafter, one fire shot was made by Muhammad Sarwar (appellant) which landed on the right side of the abdomen of Ahsan (deceased) but according to the medical evidence, there was no blunt injury on the body of the deceased, whereas, there were two firearm entry wounds on his body and as such, the ocular account is contradicted by the medical evidence; that it is evident from the evidence of the prosecution witnesses that investigation in this case was conducted after two (02) days of the occurrence i.e., on 14.02.2017 which further created dent in the prosecution case; that safe custody of parcel of pistol, allegedly recovered on pointing out of the appellant, could not be established by the prosecution in this case as Anwar-ul-Haq H.C/Moharrar (PW-4) has not uttered a single word regarding handing over of the abovementioned parcel to him or its delivery to any prosecution witness for its onward transmission to the office of PFSA; that motive was also not proved in this case through any reliable evidence; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt. It is therefore, prayed that the appeal filed by Muhammad Sarwar (appellant) may be allowed and the appellant may be acquitted of the charge by extending him the benefit of doubt.

7. On the other hand, it is contended by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of doubt; that the occurrence took place in the broad day light and as such, there was no chance of any mis-identification of the appellant during the occurrence; that the prosecution witnesses were cross-examined at length but their evidence could not be shaken and their evidence has substantially been supported by the medical evidence; that prosecution case against the appellant is further corroborated by the recovery of pistol (P-7) on pointing out of the appellant and positive report of PFSA (Exh.PW); that motive of the prosecution was also proved in this case through reliable evidence of the prosecution witnesses; that there is no substance in the appeal filed by the appellant therefore, his appeal may be dismissed, Murder Reference be answered in the positive and the sentence of death awarded to the

appellant by the learned trial Court may be upheld and maintained.

Insofar as Criminal Appeal No. 50403 of 2019 filed by Asad Aslam complainant against the acquittal of Muhammad Zeshan Sarwar alias Shana (co-accused) and Muhammad Arslan Sarwar alias Fana (co-accused) is concerned, learned counsel for the complainant submits that both the aforementioned co-accused were not only present at the spot but they also shared common intention with the principal accused; that they along with other accused gave beating to Ahsan (deceased) at the time of occurrence and as such, both the aforementioned acquitted accused actively participated during the occurrence and they have wrongly been acquitted from the charges. It is therefore, prayed that while allowing the appeal of the complainant, both the accused (respondents Nos. 2 and 3) may also be convicted and sentenced, in accordance with the law.

8. Arguments heard. Record perused.

9. Prosecution story as set forth in the complainant (Exh.PA) on the basis of which formal FIR (Exh.PA/2) was chalked out, has already been reproduced in para No.3 of this judgment therefore, there is no need to repeat the same.

10. The occurrence in this case took place on 12.02.2017 at 12:30 p.m., (noon). The matter was reported to the police and the FIR (Exh.PA/2) was also lodged on the same day i.e. on 12.02.2017 at 01:30 p.m., i.e., within a period of 01 hour from the occurrence. The distance between the police station and the place of occurrence was 1-kilometer. Even Ahsan Aslam (deceased) who initially sustained injuries during the occurrence and later on, died, was also medically examined on the same day i.e., on 12.02.2017 at 12:47 p.m., i.e., within a period of 17 minutes from the occurrence. Keeping in view the time of occurrence, the place of occurrence, its distance from the police station and the time of medical examination of the injured (later on deceased), we are of the view that there was no deliberate or conscious delay in reporting the matter to the police and the FIR was promptly lodged.

11. The ocular account of the prosecution was furnished by Asad Aslam complainant (PW-8) and Sheraz Butt (PW-9). The occurrence in this case took place in the cricket ground of Saint Marry Dongi Ground, Gulberg Lahore. Asad Aslam complainant (PW-8) is real brother of Ahsan Aslam (deceased). He is also

resident of Gulberg, Lahore. Likewise, Sheraz Butt (PW-9) is also resident of Lahore though he is resident of Umar Park Baghbanpura, Lahore but both the abovementioned eye-witnesses have plausibly explained the reason of their presence at the spot at the relevant time by stating that they were playing cricket along with Ahsan Aslam (deceased) in the abovementioned cricket ground at the time of occurrence. The occurrence in this case took place in the broad day light i.e., at 12:30 noon and as such, there was no chance of any mis-identification of the appellant during the occurrence. Both the abovementioned eye-witnesses were cross-examined at length but their evidence could not be shaken. They corroborated each other on all material aspects of the case. Their evidence is confidence inspiring and trustworthy. Although it is argued by learned counsel for the appellant that according to the statement of Razaqat Ali, Sub-Inspector (PW-13) gardeners of the ground, were present at the spot at the relevant time and they were the most natural witnesses of the occurrence but the prosecution has withheld their evidence and as such, an adverse inference under Article 129(g) of the Qanun-e-Shahadat Order, 1984, may be drawn against the prosecution but it is noteworthy that it is the quality and not the quantity of evidence which weighs with the Courts regarding the decision of a criminal case therefore, non-production of the aforementioned gardeners of the ground in the witness box is not fatal to the prosecution case. Even otherwise, it is by now well settled that the people/witnesses not related to the deceased/complainant party do not appear in the witness box to avoid enmity with the accused party and their non-appearance in the witness box is not fatal to the prosecution case, as observed by the Hon'ble Supreme Court of Pakistan in the cases reported as 'Zakir Hussain v. The State' (2008 SCMR 222) and 'Abdul Haq and another v. The State' (2015 SCMR 1326) therefore, abovementioned argument of learned counsel for the appellant carries no weight.

12. Recovery memo of the blood stained earth dated 12.02.2017 (Exh.PD), recovery memo of the empties, recovered from the spot dated 12.02.2017 (Exh.PE), recovery memo of last worn/blood stained clothes of the deceased dated 12.02.2017 (Exh.PF), all these documents show that investigation of this case started on 12.02.2017 and as such, there is no force in the argument of learned counsel for the appellant that investigation in this case started on 14.02.2017.

13. Medical evidence of the prosecution was furnished by Dr. Ayad Akhtar (PW-5), Dr. Muhammad Owais Qureshi (PW-10) and Dr. Zulqarnain Haider (PW-11). Dr. Ayad Akhtar (PW-5) initially medically examined Ahsan (deceased), in injured condition, on 12.02.2017 at 12:47 p.m., i.e., within a period of 17 minutes from the occurrence. He noted two firearm injuries on the body of Ahsan (deceased). He further noted that the abovementioned injuries were caused by firearm weapon. Although it is argued by learned counsel for the appellant that according to the prosecution case, accused party firstly gave beating to Ahsan (deceased) and thereafter, Muhammad Sarwar (appellant) made fire shots out of which only one fire shot landed on the right side of the abdomen of Ahsan (deceased), whereas, the Medical Officer did not note any blunt weapon injury on the body of the deceased and two firearm injuries were noted on his body which contradicts the prosecution case but it is noteworthy that the allegation of giving beating to the deceased with the help of clubs was levelled against Muhammad Zeshan Sarwar alias Shana and Muhammad Arslan Sarwar alias Fana (co-accused) who have already been acquitted by the learned trial Court, whereas, the prosecution case against the appellant of making fire shot which landed on the right side of the abdomen of Ahsan (deceased) has substantially been supported by the medical evidence and there is no conflict between the ocular account and the medical evidence of the prosecution to the extent said role played by the appellant during the occurrence. We have further noted that in the contents of the FIR, as well as, in their statements before the learned trial Court, prosecution eye-witnesses stated that after sustaining firearm injury on the right side of the abdomen, Ahsan (deceased) fell on the ground in injured condition and thereafter, the appellant made two more fire shots on the deceased however, the same did not hit him. Under the circumstances, there was every possibility that one out of the two additional fire shots made by the appellant, had hit the deceased but the same could not be noticed by the prosecution eye-witnesses due to the falling of the deceased on the ground, as well as, on account of sensation and panic created due to the firing of the appellant. It is by now well settled that an eye-witness cannot give the photo picture of each and every injury sustained by the deceased due to the panic and sensation developed at the time of occurrence due to the firing of the accused. Reliance in this respect may be placed on the cases of 'Ellahi Bakhsh v. Rab Nawaz and another' (2002 SCMR 1842) and 'Abdur Rauf v. The State and

another' (2003 SCMR 522). We are therefore, of the view that there is no serious conflict between ocular account and medical evidence and the medical evidence has substantially supported the ocular account of the prosecution.

14. Insofar as the recovery of pistol (P-7) on pointing out of the appellant and positive report of PFSA (Exh.PW) is concerned, we have noted that Anwar-ul-Haq HC (PW-4), who was Moharrar of Malkhana of the police station, has not uttered a single word that any parcel of pistol was handed over to him and thereafter, he kept the same in safe custody at the Malkhaana and finally handed over the said parcel to any prosecution witness for its onward transmission to the office of PFSA. We are therefore, of the view that safe custody of the parcel of pistol (P-7), allegedly recovered on pointing out of the appellant, has not been proved in this case therefore, recovery of pistol (P-7) and positive report of PFSA (Exh.PW) are of no avail to the prosecution.

15. According to the prosecution case, motive behind the occurrence was that few days prior to the occurrence, a quarrel took place between Ahsan (deceased) and the accused party on account of fight of children. No specific date, time and place of the said quarrel has been mentioned by any of the prosecution witness. None of the prosecution witnesses stated that they were present at the time of abovementioned quarrel. A vague and general motive was alleged by the prosecution which has not been proved in this case.

16. We have disbelieved the prosecution evidence qua the recovery of pistol (P-7) on pointing out of the appellant and motive of the occurrence due to the reasons mentioned in paras Nos. 14 and 15 above, however, if the prosecution evidence qua the recovery of pistol (P-7) and motive is excluded from consideration, even then sufficient incriminating evidence is available on the record to prove the prosecution case against the appellant. As discussed earlier, the prosecution case has been proved against the appellant through the reliable and confidence inspiring evidence of eye-witnesses, namely, Asad Aslam complainant (PW-8) and Sheraz Butt (PW-9). They stood the test of lengthy cross-examination but their evidence could not be shaken regarding the role played by the appellant during the occurrence. They corroborated each other on all material aspects of the case. The ocular account of the prosecution as given by Asad Aslam complainant (PW-8) and Sheraz Butt (PW-9) about the role of the appellant is

substantially supported by the medical evidence furnished by Dr. Ayad Akhtar (PW-5), Dr. Muhammad Owais Qureshi (PW-10), Dr. Zulqarnain Haider (PW-11), MLC of Ahsan (deceased) in injured condition (Exh.PC), as well as, postmortem report of Ahsan (deceased) (Exh.PJ) and pictorial diagrams (Exh.PJ/1 and Exh.PJ/2). The time of occurrence, the kind of weapon used, the nature and seat of injuries inflicted by the appellant to Ahsan (deceased), all these facts as stated by the abovementioned eye-witnesses were substantially supported by the aforementioned medical evidence. We are therefore, of the view that the prosecution has proved its case against the appellant beyond the shadow of any doubt.

17. Now coming to the quantum of sentence, we have noted some mitigating circumstances in favour of the appellant. Firstly recovery of pistol (P-7) on pointing out of the appellant has been disbelieved by us due to the reasons mentioned in paragraph No. 14 above, Secondly, prosecution evidence qua motive has been disbelieved by us due to the reasons mentioned in paragraph No. 15 of this judgment. Under the circumstances, the death sentence awarded to the appellant is quite

harsh and the sentence of imprisonment for life shall meet the ends of justice.

18. While treating it a case of mitigation, the conviction of Muhammad Sarwawr appellant under section 302(b), P.P.C. awarded by the learned trial Court is maintained but his sentence is altered from death to imprisonment for life. The compensation awarded by the learned trial Court against the appellant and sentence in default thereof are maintained and upheld. The benefit of section 382-B of Cr.P.C. is extended in favour of the appellant.

19. Consequently, with the above said modification in the sentence of Muhammad Sarwar appellant, Criminal Appeal No. 56707 of 2019 filed by the appellant is hereby dismissed. Murder Reference (M.R. No. 275 of 2019) is answered in the negative and death sentence of Muhammad Sarwar appellant is not confirmed.

20. Insofar as Criminal Appeal No. 50403 of 2019, filed by Asad Aslam complainant against the acquittal of Muhammad Zeshan Sarwar alias Shana and Muhammad Arslan Sarwar alias Fana is concerned, it is noteworthy that the

allegation of giving beating to Ahsan (deceased) by the aforementioned accused has not been supported by the medical evidence as the Medical Officers did not note any blunt injury on the body of the deceased therefore, mere oral assertion of the complainant party is not sufficient to convict the said accused. Moreover, merely presence of the aforementioned respondents at the place of occurrence does not mean their participation in the alleged occurrence and prosecution has brought on record no evidence regarding sharing of the common intention by the aforementioned acquitted accused/respondents Nos. 2 and 3. The observations of the learned trial Court regarding acquittal of the aforementioned respondents are based on sound reasons which do not call for any interference by this Court. There is no substance in the appeal filed by the complainant (Criminal Appeal No. 50403 of 2019) against the acquittal of the said respondents therefore, the same is hereby dismissed.

JK/M-120/L Appeals dismissed.

2024 P Cr. L J 696

[Lahore]

Before Malik Shahzad Ahmad Khan, J

RAFAQAT ALI---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 36587 of 2019, heard on 7th March, 2023.

(a) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Delay of six hours and fifteen minutes in lodging FIR---Consequential---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---According to the prosecution's own case, the occurrence in the present case took place in the house of the accused at 01:00 a.m., on the intervening night of 08/09.06.2018 but the FIR was lodged on 09.06.2018 at 07:15 a.m., and as such, there was delay of 06 hours and 15 minutes in lodging the FIR---Distance between the police station and the place of occurrence was 5-kilometers---Complainant had stated during his cross-examination that he had the facility of car at his disposal on the night of occurrence through which he shifted deceased from the place of occurrence to the hospital---Under the circumstances, the said gross delay in reporting the matter to the police had created doubt regarding the truthfulness of the prosecution story---Thus, the FIR was not promptly lodged in the present case therefore, possibility of deliberations and concoctions in the prosecution story could not be ruled out---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Akhtar Ali and others v. The State 2008 SCMR 6; Nazeer Ahmad v. Gehne Khan and others 2011 SCMR 1473 and Mehmood Ahmad and 3 others v. The State and another 1995 SCMR 127 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Delay of ten hours and forty minutes in conducting postmortem examination upon the dead body of the deceased---Consequential---Accused were charged for committing murder of the

son of the complainant by inflicting danda and sota blows---Record showed that postmortem examination on the dead body of deceased was conducted on 09.06.2018 at 11:40 a.m., i.e., with the delay of 10 hours and 40 minutes from the occurrence---Said delay was suggestive of the fact that the prosecution eye-witnesses were not present at the spot at the relevant time and the said delay was consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54 and Zafar v. The State and others 2018 SCMR 326 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Ocular account not proved---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Ocular account of the prosecution case was furnished by the complainant and other eye-witness---Prosecution case was that on the night of occurrence, the complainant on hearing the noise of hue and cry, woke up and went to the roof of acquitted accused who was his neighbor, wherefrom, he witnessed the occurrence, but during his cross-examination, complainant stated that his house was not situated in the street in which the house of the accused persons was situated---Said witness further stated that if one had to go from his house to the house of the accused persons then he had to enter his street and then to the street of the accused persons---Story narrated by the complainant during his cross-examination had negated the story narrated by him in the FIR---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

(d) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Unnatural conduct of eye-witnesses---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Conduct of the prosecution eye-witnesses in the present case was highly unnatural---According to the prosecution case, the complainant party was comprising of three adult male members---Complainant was real father of deceased and he stated during his cross-examination that an eye-witness was his paternal cousin---Prosecution case was

that the accused and his co-accused were armed with 'dandas' at the time of occurrence and as such, the accused persons were not armed with any formidable weapon like gun, pistol etc. but the eye-witnesses kept on standing like silent spectators and allowed the accused and his co-accused to inflict, as many as, 17 injuries on the body of deceased---Said witnesses did not try to rescue deceased from the accusedand his co-accused during the occurrence or to apprehend them at the spot, after the occurrence---Such conduct of the prosecution eye-witnesses was highly unnatural which further showed that they were not present at the spot at the relevant time---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Ocular and medical evidence---Conflict between---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Record showed that there was conflict between ocular account and the medical evidence of the prosecution---Medical Officer, who conducted postmortem examination on the dead body of deceased found 17 injuries on his body---According to his evidence, some injuries were the marks of burns and electric shocks but none of the prosecution eye-witnesses stated in his evidence that as to how the said injuries were received by deceased---Had the prosecution witnesses been present at the spot at the relevant time then they should have explained the said injuries on the body of the deceased---Notable that no electric wire or any other weapon which could cause burn marks or electric shock marks, had been recovered from the possession of the accused---Noteworthy that Medical Officer had neither mentioned the probable time that elapsed between the injuries and death, as well as, probable time that elapsed between death and postmortem examination in the postmortem report nor he mentioned the said details in his evidence recorded by the trial Court---Said witness frankly conceded during his cross-examination that he normally mentioned the duration between the injuries and death and between death and postmortem examination in the postmortem reports---Under the circumstances, it was not determinable in the case that what was the probable time of occurrence when deceased received injuries on his body---In such circumstances the ocular account of the prosecution did not support the medical evidence---Circumstances

established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Irfan Ali v. The State 2015 SCMR 840 and Usman alias Kaloo v. The State 2017 SCMR 622 rel.

(f) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Motive not proved---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Motive behind the occurrence was that few days earlier to the occurrence, hot words were exchanged between deceased and co-convict---No specific date, time and place of the motive occurrence had been brought on the record by any of the prosecution witnesses---No reason of the earlier quarrel which took place between deceased and co-convict had been stated by any of the prosecution witnesses---Vague motive was alleged by the prosecution which had not been proved in the case and the Trial Court had rightly disbelieved the motive part of the prosecution case---Moreover, the prosecution story of motive did not appeal to a prudent mind because if there was any earlier quarrel between the deceased and co-convict, then what was deceased doing in the house of accused persons at the odd hours of night (01:00 a.m.)---Prosecution evidence in that respect was completely silent, which made the prosecution story doubtful---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

(g) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Recovery of 'danda' on the pointation of the accused---Inconsequential---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Record showed that danda was recovered on the pointation of the accused---Said 'danda' was recovered after the joint disclosure of the accused along with his co-convict and as such, the said recovery became doubtful in the eyes of law---Noteworthy that the said 'danda' was not stained with blood and as such, there was nothing on record to connect the said recovery with the occurrence---Moreover, the recovered 'danda' was of common pattern and was available in the markets easily and as such, the same could be planted against the accused---Under the circumstances, it was not safe to rely upon such recovery of

'danda' against the accused---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

(h) Penal Code (XLV of 1860)---

----Ss. 302, 147 & 148---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Co-accused acquitted on same set of evidence---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Record showed that accused along with acquitted co-accused persons was assigned the joint role of inflicting 'danda' blows on the body of deceased by the prosecution eye-witnesses---Co-accused persons had been acquitted by the Trial Court whereas, appeal filed against the acquittal of the said co-accused had already been dismissed---Under the circumstances, the prosecution evidence which had been disbelieved against the acquitted co-accused could not be believed against the present accused without independent corroboration, which was very much lacking in the present case---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Akhtar Ali and others v. The State 2008 SCMR 6; Muhammad Ali v. The State 2015 SCMR 137; Muhammad Akram v. The State 2012 SCMR 440 and Ulfat Hussain v. The State 2018 SCMR 313 rel.

(i) Criminal trial---

----Police opinion---Scope---Police opinion becomes irrelevant after recording of prosecution evidence by the Trial Court.

Muhammad Ahmad (Mahmood Ahmed) and another v. The State 2010 SCMR 660 rel.

(j) Penal Code (XLV of 1860)---

----Ss.302, 147 & 148---Criminal Procedure Code (V of 1898), S.342---Qatl-i-amd, rioting, rioting armed with deadly weapon---Appreciation of evidence---Benefit of doubt---Inculpatory and exculpatory parts of statement of accused---Scope---Accused were charged for committing murder of the son of the complainant by inflicting danda and sota blows---Record showed that the accused had nowhere admitted in his statement or in the suggestions given to the prosecution eye-witnesses that he committed the murder of deceased rather he stated that on the night of occurrence when deceased entered his house to commit

the rape of sister of co-convict, they raised hue and cry, whereupon, a mob gathered at the spot and gave beating to deceased---Evidently, the accused did not admit that he gave beating to deceased on the night of occurrence---First and foremost duty of the prosecution was to prove its case and if the prosecution failed to prove its case then statement of an accused was to be accepted or rejected in toto---Legally it was not permissible to accept inculpatory part of the statement of an accused and to reject exculpatory part of the said statement---If after rejection of the prosecution evidence, statement of the accused was accepted in toto then no offence was made out against the present accused---Noteworthy that acquitted co-accused persons also made statements on the same lines as that of the statement of present accused recorded under S. 342, Cr.P.C. and the same suggestions were given by defence to the prosecution eye-witnesses---Since, the co-accused persons had been acquitted by the Trial Court and appeal against acquittal had already been dismissed therefore, the present accused could not be convicted and sentenced merely on the basis of his statement or suggestions given by his counsel to the prosecution witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Muhammad Asghar v. The State PLD 2008 SC 513 rel.

(k) Criminal trial---

----Benefit of doubt---Principle---If there is a single circumstance which creates doubt regarding the prosecution case, the same will be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Basharat Hussain Gondal for Appellant.

Date of hearing: 7th March, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN J.---By this judgment, I proceed to decide Criminal Appeal No. 36587 of 2019, titled 'Rafaqat Ali v. The State' filed by the appellant, namely, Rafaqat Ali against his conviction and sentence passed by the learned Addl. Sessions Judge, Daska District Sialkot vide judgment

dated 30.04.2019. The appellant, namely, Rafaqat Ali along with Muhammad Adeel (co-convict tried separately being juvenile), Muhammad Ali and Sultan Bakhash (co-accused since acquitted) was tried in case FIR No. 218 dated 09.06.2018 registered at Police Station Satrah District Sialkot offences under Sections 302/147/149 of P.P.C. by the learned Addl. Sessions Judge, Daska District Sialkot and after conclusion of the trial vide judgment dated 30.04.2019, the learned trial Court convicted and sentenced the appellant as under:-

> Under Section 302(c), of P.P.C. to undergo rigorou imprisonment for ten (10) years for committing the murder of Muhammad Adil deceased

Benefit of Section 382-B of Cr.P.C., was also extended in favour of the appellant. The learned trial Court however, acquitted Muhammad Ali and Rana Sultan Bakhash co-accused by extending them the benefit of doubt.

2. Brief facts of the case as given by the complainant Abdul Sattar (PW-10) in his complaint (Ex.PB/1), on the basis of which the formal FIR (Ex.PB) was chalked out, are that on the intervening night of 08/09.06.2018 he (complainant) was sleeping on the roof of his house. At about 01:00 a.m., (night) he suddenly woke up on hearing the noise of quarrel. The complainant went from his roof to the roof of his neighbour Rana Sultan Bakhsh (co-accused since acquitted) and in the light of electric bulb, he saw that Rafaqat (appellant), Muhammad Adeel (co-convict), Rana Muhammad Ali (co-accused since acquitted), Rana Sultan Bakhsh alias Sabir (co-accused since acquitted) and two unknown accused persons whom the complainant (PW-10) could identify on coming before him, were beating his (complainant's) son, namely, Muhammad Adil deceased with 'dandas' and 'sotas' while he (Muhammad Adil deceased) was lying on the ground. The complainant (PW-10) raised hue and cry to save his son on which Muhammad Iqbal (given up PW) and Muhammad Bilal (PW11) reached at the spot. In the meanwhile, the accused persons kept on beating Muhammad Adil deceased with 'dandas' and 'sotas'. The complainant party rescued Muhammad Adil deceased from the clutches of the accused persons. Accused persons fled away from the spot while extending threats of dire consequences and giving abused to the complainant party. They (complainant party) picked Muhammad Adil deceased in injured condition and shifted him to the hospital for medical treatment but he succumbed to the injuries on the way to the hospital.

The motive behind the occurrence was that a few days prior to the occurrence, hot words were exchanged between Muhammad Adeel co-convict and

Muhammad Adil deceased.

3. After submission of report under Section 173 of Cr.P.C., and completion of all the codal formalities, the learned trial Court framed charge against the appellant and his co-accused on 15.10.2018, to which they pleaded not guilty and claimed trial.

4. In order to prove its case, the prosecution produced twelve (12) witnesses during the trial. Prosecution also produced documentary evidence as Exh.PA to Exh.PN and closed its evidence. Statements of the appellant and his co-accused under Section 342 of Cr.P.C were recorded by the learned trial Court wherein they refuted the allegations levelled against them while stating that on the night of occurrence Muhammad Adil deceased entered the house of accused party to commit rape with the niece of the appellant, namely, Sana, whereupon, the accused party raised hue and cry due to which people gathered at the spot and Muhammad Adil deceased was tortured by the mob. The appellant or his co-accused however, neither made their statements on oath as envisaged under Section 340 (2) of Cr.P.C., nor they produced any witness in their defence.

5. The learned trial Court vide its judgment dated 30.04.2019 found the appellant, namely, Rafaqat Ali guilty for the offence under Section 302(c) of P.P.C. and convicted and sentenced him as mentioned and detailed above. The learned trial Court however, vide the same judgment acquitted Muhammad Ali and Sultan Bakhash co-accused while extending them the benefit of the doubt. Muhammad Adeel co-accused was separately tried being juvenile and he was convicted and sentenced for offence under Section 302(c) of P.P.C. vide the judgment of even date i.e., 30.04.2019 passed by the learned Addl. Sessions Judge, Daska District Sialkot.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that there is delay of more than six (06) hours in lodging the FIR which has created doubt in the prosecution story; that the occurrence was unseen and the prosecution eye-witnesses are chance witnesses; that there is conflict between the ocular account and the medical evidence of the prosecution as the prosecution eye-witnesses failed to explain injuries Nos. 8 to 11, which were burn marks of electric shocks, noted by the Medical Officer during postmortem examination on the dead body of Muhammad Adil deceased; that the prosecution has also failed to prove the motive part of the occurrence; that nothing has been recovered from the appellant and the alleged recovery of 'danda' has been planted against the appellant; that co-accused of the

appellant, namely, Muhammad Ali and Sultan Bakhash having the similar role have been acquitted by the learned trial Court and appeal against their acquittal has also been dismissed by this Court vide order dated 07.12.2022 therefore, the appellant cannot be convicted and sentenced on the basis of same prosecution evidence which is lacking independent corroboration; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, his appeal may be accepted and he may be acquitted of the charge by extending him the benefit of doubt.

7. On the other hand, it is contended by learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that FIR in this case was promptly lodged which rules out the possibility of any fabrication or concoction; that the appellant was specifically named in the FIR with the role that he along with his co-accused while armed with 'dandas' caused injuries on the body of Muhammad Adil deceased and the role attributed to the appellant by the prosecution eye-witnesses is fully supported by the medical evidence; that the prosecution case against the appellant is further corroborated by the recovery of 'danda' (P-1) on his pointation; that acquittal of co-accused is of no avail to the appellant because Sultan Bakhash co-accused was declared innocent by the police, whereas, Muhammad Ali co-accused was not resident of the place of occurrence hence, case of acquitted co-accused is distinguishable from the case of the appellant; that the motive was also proved by the prosecution through reliable evidence of prosecution witnesses; that there is no substance in the appeal filed by the appellant hence, the same may be dismissed.

8. Arguments heard. Record Perused.

9. According to the prosecution's own case, the occurrence in this case took place in the house of the appellant at 01:00 a.m., on the intervening night of 08/09.06.2018 but the FIR was lodged on 09.06.2018 at 07:15 am, and as such, there is delay of 06 hours and 15 minutes in lodging the FIR. The distance between the police station and the place of occurrence was 5-kilometers. Abdul Sattar complainant (PW-10) has also stated during his cross-examination that he had the facility of car at his disposal on the night of occurrence through which he shifted Muhammad Adil deceased from the place of occurrence to the hospital. Relevant part of his statement in this respect reads as under:-

> "I and my son Tahir took the deceased in injured condition in a car to hospital, situated at Satrah."

Under the circumstances, the abovementioned gross delay in reporting the

matter to the police has created doubt regarding the truthfulness of the prosecution story. I am therefore, of the view that the FIR was not promptly lodged in this case therefore, possibility of deliberations and concoctions in the prosecution story cannot be ruled out in this case. Reliance in this respect may be placed on the cases reported as 'Akhtar Ali and others v. The State' (2008 SCMR 6), 'Nazeer Ahmad v. Gehne Khan and others' (2011 SCMR 1473) and 'Mehmood Ahmad and 3 others v. The State and another' (1995 SCMR 127).

10. It is further noteworthy that postmortem examination on the dead body of Muhammad Adil deceased was conducted on 09.06.2018 at 11:40 am, i.e, with the delay of 10 hours and 40 minutes from the occurrence. The said delay is also suggestive of the fact that the prosecution eye-witnesses were not present at the spot at the relevant time and the abovementioned delay was consumed in procuring the attendance of fake eye-witnesses. In the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the judgment at page No. 55 reads as under:-

> "2.....Post mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case of 'Zafar v. The State and others' (2018 SCMR 326).

11. Ocular account of the prosecution was furnished by Abdul Sattar complainant (PW-10) and Muhammad Bilal (PW-11). It was the case of the prosecution that on the night of occurrence, the complainant on hearing the noise of hue and cry, woke up and went to the roof of Rana Sultan Bakhash (co-accused since acquitted) who was his neighbour, wherefrom, he witnessed the occurrence but during his cross-examination, he (complainant) stated that his house was not situated in the street in which the house of the accused persons was situated. He further stated that if one has to go from his house to the house of the accused persons then he had to enter his street and then to the street of the accused persons.

Relevant parts of his statement in this respect read as under:-

> "My house is not situated in the street in which house of accused persons is situated..... It is correct that my house is not adjacent to the house of the accused persons. If one wants to go from my house to the house of accused persons, he has to enter in my street and then towards the street of the accused persons. The distance between the door of my house and that of house of accused persons is 30/35 feet. If one wants to go from my house to that of the house of accused persons, he has to cross two houses and two Havelis of other persons before entering the house of accused persons."

The story narrated by the complainant during his cross-examination has negated the story narrated by him in the FIR.

12. It is further noteworthy that conduct of the prosecution eye-witnesses in this case is highly unnatural. According to the prosecution case, the complainant party was comprising of three (03) adult male members, namely, Abdul Sattar complainant (PW-10), Muhammad Bilal (PW-11) and Iqbal (given up PW). Abdul Sattar complainant (PW-10) is real father of Muhammad Adil deceased. He also stated during his cross-examination that Muhammad Bilal (PW-11) was his paternal cousin. It was the case of the prosecution that the appellant and his co-accused were armed with 'dandas' at the time of occurrence and as such, the accused persons were not armed with any formidable weapon like gun, pistol etc but the abovementioned witnesses kept on standing like silent spectators and allowed the appellant and his co-accused to inflict, as many as, 17 injuries on the body of Muhammad Adil deceased. They did not try to rescue Muhammad Adil deceased from the appellant and his co-accused during the occurrence or to apprehend them at the spot, after the occurrence. The abovementioned conduct of the prosecution eye-witnesses is highly unnatural which further shows that they were not present at the spot at the relevant time. The Hon'ble Supreme Court of Pakistan in the case of 'Liaquat Ali v. The State' (2008 SCMR 95) at Para No.7, observed regarding conduct of the witnesses of ocular account as under:-

> "2. The prosecution story briefly stated is that on the fateful day at about 8.00 a.m. complainant Shameer (P. W.7) was going to the "Lumberdar" (Revenue Officer) to pay " Abyana" and at that time his cousin namely Fazil deceased was going ahead of him at some distance. Suddenly within his view Liaquat Ali appellant armed with a knife appeared and raised a Lalkara that Fazil would not be spared and thereafter gave him successive knife blows on various parts of his body. On hue and cries raised,

Muhammad Siddique (P. W.8), Ranjha and Musa (not produced) were attracted to the spot. They tried to rescue Fazil but on being threatened by Liaquat they were unable to protect Fazil deceased and within their view he succumbed to the injuriesand died. ... ...

3 .....

4 .....

5 .

5-A. Having heard learned counsel for the parties and having gone through the evidence on record, we note that although PW.7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them, therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaqat Ali was not armed with a firearm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful..... . ... "

Likewise, in the case of 'Pathan v. The State' (2015 SCMR 315) at Para No.4, the Apex Court of the country was pleased to observe as under:-

" .... The appellant was armed only with scissors not a formidable weapon of destruction. The complainant is the son of the deceased while Baradi and the other PW Muhammad Yousaf are also related to the deceased. The causing of such large number of injuries one after another to the deceased with scissors must have consumed reasonable time due to the pause in between the first injury and the last one but all the three PWs including the son with a strong stature and built remained as silent spectators. They did not react or showed any response when the accused was causing the injuries. No man on the earth would believe that a close relative would remain silent spectator in a situation like this because their

intervention was very natural to rescue the deceased but they did nothing nor attempted to chase the accused and apprehend him at the spot."

Similar view was taken in the case of 'Zafar v. The State and others' (2018 SCMR 326).

13. It is also noteworthy that there is conflict between ocular account and the medical evidence of the prosecution. Dr. Kamran Malik (PW-8) conducted postmortem examination on the dead body of Muhammad Adil deceased and found 17 injuries on his body. According to his evidence, injuries Nos. 8 to 11 were the marks of burns and electric shocks. Injury No. 11 was burn scars total 5 in number which means that there were, as many as, nine (09) burn scars and electric shock marks on the body of Muhammad Adil deceased but none of the prosecution eye-witnesses stated in his evidence that as to how the abovementioned injuries were received by Muhammad Adil deceased. Had the prosecution witnesses been present at the spot at the relevant time then they should have explained the abovementioned injuries on the body of the deceased. I have further noted that no electric wire or any other weapon which can cause burn marks or electric shock marks, has been recovered from the possession of the appellant. In the case of 'Irfan Ali v. The State' (2015 SCMR 840), the Hon'ble Supreme Court of Pakistan in a similar situation observed in paragraph No. 11 at Page No. 844 as under:--

> "11. The most striking feature of the case is that in the FIR complete photographic narration of the entire tragedy has been given so much so, Muhammad Khan acquitted accused and the appellant were attributed causing specific injuries with the fire shots of 30 bore pistols at the deceased. With such degree of accuracy each and every detail of the incident was given however, it was not due to mental disorientation that the dagger blows not be noticed by the complainant. This doubt of reasonable nature and substance would strongly suggest that the complainant and the other eye-witnesses were not present at the spot, therefore, lodging the report after more than 3 hours and spending 1-1/2 hour at the spot with the dead body, no room was left for this glaring omission. This omission is very fatal to the prosecution case and it is established that crime was an unwitnessed one."

Likewise in the case of 'Usman alias Kaloo v. The State' (2017 SCMR 622), while reiterating the abovementioned principle of appreciation of evidence in criminal cases, the august Supreme Court of Pakistan extended the benefit of

doubt of the accused of the said case, inter-alia, on the ground that the eye-witnesses could not mention in their statements the exact number of injuries sustained by the deceased during the occurrence. Relevant part of the abovementioned judgment at page No. 625 reads as under:-

> "3 ... ... Some of the above mentioned eye-witnesses had maintained that deceased had received only one injury at the hands of the appellant but the Postmortem Examination Report shows that the deceased as many as 8 injuries on different parts of his body....."

It is further noteworthy that Dr. Kamran Malik (PW-8) has neither mentioned the probable time that elapsed between the injuries and death, as well as, probable time that elapsed between death and postmortem examination in the postmortem report (Exh.PH) nor he mentioned the abovementioned details in his evidence recorded by the learned trial Court. He frankly conceded during his cross-examination that he normally mentions the duration between the injuries and death and between death and postmortem examination in the postmortem reports. Under the circumstances, it is not determinable in this case that what was the probable time of occurrence when Muhammad Adil deceased received injuries on his body. Under all the abovementioned circumstances, I have come to this conclusion that the ocular account of the prosecution is not supported by the medical evidence.

14. Motive behind the occurrence was that few days earlier to the occurrence, hot words were exchanged between Muhammad Adil deceased and Muhammad Adeel co-convict. No specific date, time and place of the motive occurrence has been brought on the record by any of the prosecution witnesses. No reason of the earlier quarrel which took place between Muhammad Adil deceased and Muhammad Adeel co-convict has been stated by any of the prosecution witnesses. A vague motive was alleged by the prosecution which has not been proved in this case and the learned trial Court has rightly disbelieved the motive part of the prosecution case in the impugned judgment. Moreover, the prosecution story of motive does not appeal to a prudent mind because if there was any earlier quarrel between the deceased and Muhammad Adeel co-convict, then what was deceased doing in the house of accused persons at the odd hours of night (01:00 a.m.). The prosecution evidence in this respect is completely silent, which makes the prosecution story further doubtful.

15. Insofar as the recovery of 'danda' (P-1) on the pointation of the appellant is concerned, it is noteworthy that as per prosecution case, the aforementioned 'danda' (P-1) was recovered after the joint disclosure of the appellant along with

his co-convict, namely, Muhammad Adeel and Muhammad Ali (co-accused since acquitted) and as such, the said recovery becomes doubtful in the eye of law. It is further noteworthy that the aforementioned 'danda' (P-1) was not stained with blood and as such, there is nothing on record to connect the said recovery with the occurrence. Moreover, the recovered 'danda' (P-1) is of common pattern and is available in the markets easily and as such, the same can be planted against the appellant. Under the circumstances, it is not safe to rely upon the aforementioned recovery of 'danda' (P-1) against the appellant and the said recovery was rightly disbelieved by the learned trial Court.

16. It is further noteworthy that Rafaqat Ali appellant along with Muhammad Ali and Rana Sultan Bakhash (co-accused since acquitted) was assigned the joint role of inflicting 'danda' blows on the body of Muhammad Adil deceased by the prosecution eye-witnesses. Abovementioned Muhammad Ali and Rana Sultan Bakhash co-accused have been acquitted by the learned trial Court vide impugned judgment dated 30.04.2019, whereas, Crl. Appeal No. 36580 of 2019 filed against the acquittal of the said co-accused has already been dismissed as having been withdrawn after arguing the same at length, by this Court vide order dated 07.12.2022. Although learned counsel for the complainant has tried to distinguish the case of the appellant from the case of Rana Sultan Bakhash @ Sabir co-accused since acquitted on the ground that the abovementioned acquitted co-accused was declared innocent by police, whereas, the appellant was found guilty by the Investigating Officer but it is by now well settled that the police opinion becomes irrelevant after recording of prosecution evidence by the learned trial Court, as observed by the Hon'ble Supreme Court of Pakistan in the case of Muhammad Ahmad (Mahmood Ahmed) and another v. The State' (2010 SCMR 660), therefore, the case of the appellant cannot be distinguished from the case of acquitted co-accused merely on the basis of police opinion. Under the circumstances, the prosecution evidence which has been disbelieved against the abovementioned co-accused cannot be believed against the appellant without independent corroboration which is very much lacking in this case. Reliance in this respect may be placed on the cases of Akhtar Ali and others v. The State' (2008 SCMR 6), Muhammad Ali v. The State' (2015 SCMR 137), Muhammad Akram v. The State' (2012 SCMR 440) and Ulfat Hussain v. The State' (2018 SCMR 313).

17. Learned Deputy Prosecutor General assisted by learned counsel for the complainant has next argued that the appellant has admitted in his statement recorded under Section 342 of Cr.P.C., as well as, in the suggestions given to the

prosecution eye-witnesses that the occurrence took place in his house where Muhammad Adil deceased was done to death by a mob but the appellant did not produce any defence evidence in support of his claim and as such, he admitted the occurrence therefore, he was rightly convicted and sentenced by the learned trial Court. There is no substance in the abovementioned argument of learned Deputy Prosecutor General assisted by learned counsel for the complainant because the appellant has nowhere admitted in his abovementioned statement or in the suggestions given to the prosecution eye-witnesses that he committed the murder of Muhammad Adil deceased rather he stated that on the night of occurrence when Muhammad Adil deceased entered his house to commit the rape of sister of Muhammad Adeel co-convict, namely, Sana Tabassum, they (appellant and his co-accused) raised hue and cry, whereupon, a mob gathered at the spot and gave beating to Muhammad Adil deceased. It is therefore, evidence that the appellant did not admit that he gave beating to Muhammad Adil deceased on the night of occurrence. It is by now well settled that it is first and foremost duty of the prosecution to prove its case and if the prosecution fails to prove its case then statement of an accused is to be accepted or rejected in toto. It is legally not permissible to accept inculpatory part of the statement of an accused and to reject exculpatory part of the said statement. Reference in this context may be made to the case of 'Muhammad Asghar v. The State' (PLD 2008 Supreme Court 513). The relevant paragraph of the said judgment at page 520 is reproduced hereunder for ready reference: -

> It is settled law by now that a statement of an accused recorded under section 342, of Cr.P.C. is to be read in its entirety, is to be accepted or rejected as a whole and reliance should not be placed on that portion of the statement which goes against the accused person. Reference can be made to the case of Shabbir Ahmad v. The State' PLD 1995 SC 343 and 'The State v. Muhammad Hanif and 5 others' 1992 SCMR 2047. It has been held by this Court in the judgment reported as 'Waqar Ahmad v. Shaukat Ali and others' 2006 SCMR 1139, that prosecution is bound to establish its own case independently instead of depending upon the weakness of the defence, and the assertion of the accused in his statement under section 342, of Cr.P.C. was not sufficient to establish the prosecution case regarding guilt of the accused and such statement of the accused could be accepted in toto in the absence of any other prosecution evidence. In the case in hand, the High Court should have either accepted appellant's statement in its entirety or rejected it altogether, but it had misdirected itself while choosing a portion of the statement, which went

against the appellant, and convicting him.'

If after rejection of the prosecution evidence, abovementioned statement of the appellant is accepted in toto then no offence is made out against the appellant. It is also noteworthy that Muhammad Ali and Rana Sultan Bakhash alias Sabir (co-accused since acquitted) also made statements on the same lines as that of the statement of Rafaqat Ali appellant has been recorded under Section 342 of Cr.P.C., and their defence counsel also gave the same suggestions to the prosecution eye-witnesses but the abovementioned co-accused, namely, Muhammad Ali and Rana Sultan Bakhash alias Sabir have been acquitted by the learned trial Court and appeal against their acquittal has already been dismissed by this Court vide order dated 07.12.2022 therefore, the appellant cannot be convicted and sentenced merely on the basis of his abovementioned statement or suggestions given by his counsel to the PWs.

18. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts regarding the truthfulness of the prosecution story. In 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5 . The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

> '13 ...It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If

there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

19. In the light of above discussion, the instant appeal (Criminal Appeal No. 36587 of 2019) filed by Rafaqat Ali appellant is allowed, his conviction and sentence recorded by the learned Addl. Sessions Judge, Daska District Sialkot vide impugned judgment dated 30.04.2019 is hereby set-aside and he is acquitted of the charge by extending him the benefit of doubt. He is in custody. He be released forthwith if not required to be detained in any other case.

JK/R-13/L Appeal allowed.

Before Malik Shahzad Ahmad Khan and Muhammad Amjad Rafiq, JJ

MUHAMMAD RAFIQUE and another---Appellants

Versus

The STATE and another---Respondents

Criminal Appeal No. 5537 and Murder Reference No.14 of 2022, heard on 27th March, 2023.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Grave and sudden provocation---Conviction under S.302(b), P.P.C. converted in S. 302(c), P.P.C.---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---First Information Report was lodged with the delay of 05 hours and 30 minutes from the occurrence---Distance between the place of occurrence and the police station was 12 kilometers and mere delay in reporting the matter to the police might not be fatal to the prosecution case---Insofar as the case of accused "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under S. 342, Cr.P.C., therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt--- However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C., was converted into S. 302(c), P.P.C. and he was sentenced to fourteen years---Appeal was partly allowed to the extent of said accused".

(b) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Delay of 14 hours and 45 minutes in conducting the postmortem examination on the

dead bodies of the deceased persons---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---There was delay of 14 hours and 45 minutes in conducting the postmortem examination on the dead body of son of complainant whereas, there was delay of 15 hours in conducting the postmortem examination on the dead body of lady deceased---Said delay in conducting the postmortem examinations on the dead bodies of both the deceased persons was suggestive of the fact that the occurrence was unseen and the said delay was consumed in procuring the attendance of fake eye-witnesses---Insofar as the case of accused "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under S. 342, Cr.P.C, therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt---However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C., was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal was partly allowed to the extent of said accused.

Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Sufyan Nawaz and another v. The State and others 2020 SCMR 192; Zafar v. The State and others 2018 SCMR 326 and Muhammad Ashraf v. The State 2012 SCMR 419 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Night time occurrence---Source of light---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---Occurrence took place in the month of January at 04.45 a.m., meaning thereby that it took place during the darkness of night---Record showed that no source of light had been mentioned in the site plan or in the statements of the prosecution eye-witnesses rather complainant during his cross-examination had conceded that no light was installed in the street between his house and that of the accused---Insofar as the case of accused "R" was concerned, neither he made

any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under S. 342, Cr.P.C, therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt---However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C. was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal was partly allowed to the extent of said accused.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Unnatural conduct of witnesses---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---According to the prosecution case, as set forth in the FIR, on the night of occurrence, accused was present in his house, where complainant and his sons were also present along with his wife and deceased and as such, the complainant party comprised of total seven members---Witness/son of the complainant had conceded during his cross-examination that the house of his uncle was situated in front of the house of the complainant party and said uncle had six sons---Said witness further conceded during his cross-examination that he had not recorded in his statement before the police that any of his family members raised hue and cry when his brother was beaten and abducted by the accused persons nor he informed any neighbour in that respect though house of his uncle who had six sons was situated in front of his house---Noteworthy that the accused persons were not armed with any lethal firearm weapon like pistol, gun etc and according to the prosecution case, they were armed with 'kappas' and 'dandas' but the complainant party, who comprising of at least seven members did not try to rescue deceased from the hands of the accused persons---Thus, the conduct of the prosecution eye-witnesses, who were closely related to deceased was highly unnatural therefore, their presence at the spot was highly doubtful, hence their evidence was not worthy of reliance---Insofar as the case of other "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under

S. 342, Cr.P.C., therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt---However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C. was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal was partly allowed to the extent of said accused.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Ocular account in conflict with medical evidence---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---Record showed that ocular account of the prosecution in the present case was in conflict with the medical evidence---Prosecution case as set forth in the FIR, was that on the night of occurrence, accused persons while armed with different weapons came to the house of the complainant and forcibly dragged deceased while giving him 'sota' blows and took him into the house of the accused party where they committed the murder of both the deceased persons---According to the postmortem report of deceased, there was no injury on his body except one injury on his neck which was attributed to accused---Noteworthy that according to the postmortem report of lady deceased, there were two injuries on her body, one was on her right cheek, whereas, other was on the right side of her neck---None of the prosecution eye-witnesses explained injury No. 1 on the body of lady deceased---Even the Trial Court had partly disbelieved the evidence of the prosecution eye-witnesses regarding the forcible abduction of deceased and infliction of 'danda' blows on his body by the accused party---Co-accused, who were statedly armed with sotas, had already been acquitted by the Trial Court and petition for leave to appeal filed against their acquittal had also been dismissed---Said conflict between ocular account and medical evidence of the prosecution created dent in the prosecution case---Insofar as the case of accused "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the

deceased in his statement recorded under S. 342, Cr.P.C., therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt---However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C., was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal was partly allowed to the extent of said accused.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Recovery of weapon of offence on the pointation of accused---Inconsequential---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---Record showed that a blood stained "kappa' was recovered on the pointation of accused---Noteworthy that the 'kappa' was recovered on the pointation of the accused after 01 month and 03 days from the occurrence and during the said period, said accused had ample opportunity to wash way the blood on the 'kappa'---Moreover, blood disintegrated during the period of one month and three days---In the light of said fact, recovery of blood stained 'kappa' on the pointation of accused was not free from doubt---Insofar as the case of accused "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under S. 342, Cr.P.C., therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt---However, circumstances established that the prosecution had proved its case against the accused "A" however, due to grave and sudden provocation, he committed the murder of both the deceased---Consequently, the punishment awarded under S. 302(b), P.P.C. was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal was partly allowed to the extent of said accused.

Basharat and another v. The State 1995 SCMR 1735 and Muhammad Jamil v. Muhammad Akram and others 2009 SCMR 120 rel.

(g) Penal Code (XLV of 1860)---

----Ss. 302(b), 302(c), 364, 147 & 149---Qatl-i-amd, kidnapping or abducting in order to murder, rioting, unlawful assembly---Appreciation of evidence---Sentence, reduction in---Grave and sudden provocation---Accused were charged for committing murder of the son of the complainant and sister of one of the accused persons---Record showed that accused "A", while making his statement under S. 342 of Cr.P.C., had candidly admitted the occurrence with the stance that on the night of occurrence, he committed the murder of both the deceased on account of grave and sudden provocation and 'ghairat'---Occurrence in the present case took place on 29.01.2013 which meant that the same took place prior to the amendment brought in S. 311 of P.P.C. whereby it was provided that if the offence had been committed in the name or on the pretext of honour, punishment would be imprisonment for life---As the said amendment could not be applied retrospectively and as the occurrence of this case took place prior to the introduction of said amendment therefore, the said amendment in the relevant law was not applicable in this case---Notable from the statement of accused "A" recorded under Section 342 of Cr.P.C., that on the night of occurrence, he had seen his sister/ deceased with the deceased in objectionable condition in a room of his house, in the odd hours of night, therefore, due to grave and sudden provocation, he committed the murder of both the deceased---If the prosecution evidence was disbelieved then statement of an accused was to be accepted or rejected in toto---If the statement of accused "A" was accepted in toto, then to his extent, it was a case punishable under S. 302(c), P.P.C. and not a case punishable under S. 302(b), P.P.C.---Consequently, the punishment awarded under S. 302(b), P.P.C., was converted into S. 302(c), P.P.C. and sentenced him to fourteen years---Appeal of the said accused was partly allowed with the modification of sentence---Insofar as the case of other accused "R" was concerned, neither he made any confession before the Trial Court nor he had admitted the murder of both the deceased in his statement recorded under S. 342, Cr.P.C., therefore his appeal was allowed and he was acquitted of the charge by extending him the benefit of doubt.

Muhammad Shahzad Saleem Warraich for Appellants.

Munir Ahmad Sial, Deputy Prosecutor General for the State.

Malik Azhar Abbas Waseer for the Complainant.

Date of hearing: 27th March, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---By this single judgment we shall dispose of Criminal Appeal No. 5537 of 2022 titled as "Muhammad Rafique and another v. The State and another" filed by Muhammad Rafique and Arshad (appellants), as well as, Murder Reference No.14 of 2022, sent by the learned trial Court for confirmation or otherwise of the sentence of death awarded to Muhammad Rafique and Arshad (appellants) in private complaint in respect of offences under Sections 302/ 364/147 and 149, P.P.C. We propose to dispose of both these matters by this single judgment as both these have arisen out of the same judgment dated 20.01.2022 passed by the learned Addl. Sessions Judge, Nankana Sahib.

2. Initially on the complaint of Abdul Ghafoor, complainant (PW-1) case FIR No. 51, dated 29.01.2013, was registered at Police Station Mangtanwala, District Nankana Sahib, in respect of offences under sections 302/147 and 149, P.P.C. but later on being dissatisfied with the police investigation, Abdul Ghafoor complainant (PW-1) filed private complaint (Exh.PB) against the appellants and four (04) others. The learned trial Court, after observing all the pre-trial codal formalities, framed charge under sections 302, 364, 148, 149, P.P.C. against the appellants and their co-accused, namely Shahbaz (since acquitted), Mubarik Ali (since acquitted), Qurban Riasat Ali (since acquitted) and Iftikhar alias Ghaffar (since acquitted) on 12.08.2013, to which they pleaded not guilty and claimed trial. After conclusion of the trial, the learned trial Court (Additional Sessions Judge, Nankana Sahib) vide its judgment dated 20.01.2022, has convicted and sentenced the appellants as under:-.

> Under Section 302(b), P.P.C. to 'Death' as tazir on two counts each for committing Qatl-i-Amd of Jamal Hussain and Mst. Rabia Bibi (deceased). Both the convicts were also ordered to pay Rs.5,00,000/- (rupees five hundred thousand only) each to the legal heirs of Jamal Husain (deceased) and in default thereof to further undergo six months simple imprisonment each.

However, the learned trial Court vide the same impugned judgment acquitted all the accused persons from the charges under Sections 364/149 of P.P.C. Shehbaz, Mubarik Ali, Qurban Riasat Ali and Iftikhar alias Ghaffar co-accused were acquitted by the learned trial Court from all the charges vide the same impugned judgment while giving them the benefit of doubt.

3. Brief facts of the case as given by the complainant in his private compliant (Exh.PB) are that he (complainant) was resident of Kot Bheeni Das. On 29.01.2013 at about 04:45 a.m., he (complainant) along with his wife Mst. Maqsoodan Bibi, his sons, namely, Jamal Hussain aged 24/25 years (deceased), Bilal (PW-2), Ali Shah, Sunny Abbas, Hammad Ali (given up PWs) was present in his house when Muhammad Rafique (appellant) knocked the door of his house and called Jamal (deceased) to open the door as he had some piece of work with him. Jamal (deceased) opened the door. The complainant and his wife Maqsoodan Bibi and his sons Bilal (PW-2), Ali Shan, Sunny Abbas, Hammad Ali (given up PWs) also came out of their house to inquire about Jamal Hussain (deceased). They saw that Muhammad Rafique (appellant) was armed with iron 'kappa', Shahbaz (acquitted co-accused) was armed with iron 'kappa', Mubarik Ali (acquitted co-accused) was armed with Sota Ghaffar (acquitted co-accused) was armed with sota, Arshad Ali (appellant) was armed with iron 'kappa' and they were taking away Jamal Hussain (deceased) while abducting him and were inflicting blows on his body with sotas. They (accused persons) threatened the complainant party that if anyone would come near, then he shall be done to death but the complainant party kept on chasing accused persons and the abductee. Accused persons took Jamal (deceased) in a room of their house while beating him. Rafique (appellant) and his co-accused pushed Jamal towards ground. Rafique (appellant) caught hold the deceased from his right leg, whereas, Shahbaz (acquitted co-accused) caught hold the deceased from his left leg. Qurban (acquitted co-accused) caught hold the deceased from his right arm, whereas, Mubarik (acquitted co-accused) caught hold the deceased from his left arm. Ghaffar (acquitted co-accused) sat on the abdomen of the deceased and Arshad (appellant) cut the throat of Jamal deceased with iron 'kappa' due to which he died at the spot. Then Muhammad Rafique appellant cut the throat of his niece and sister of Arshad Ali (appellant), namely, Mst. Rabia Bibi with iron 'kappa' and she also succumbed to the injury at the spot.

Initially the FIR (FIR No. 51 dated 29.01.2013 offences under Sections 302/ 147/149 of P.P.C. P.S. Mangtanwala District Nankana Sahib) was lodged on the complaint of Abdul Ghafoor complainant (PW-1) however, during the course of investigation, police declared all the accused persons except Arshad Ali (appellant) as innocent therefore, being dis-satisfied with the police investigation, Abdul Ghafoor Complainant (PW-1) filed the private complaint under Sections 302/ 364/147/149 of P.P.C. in which the aforementioned accused persons were tried.

4. The appellants were arrested in this case and after completion of investigation, the challan was prepared and submitted before the learned trial Court. In the private complaint, summary evidence was recorded and the accused were summoned to face the trial. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellants and their co-accused on 12.08.2013 to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced three witnesses during the trial, whereas, statements of ten Court witnesses were also recorded. The prosecution also produced documentary evidence in the shape of Exh.PA to Exh.PE, Exh.CW-1/1 to Exh.CW9/3 and Mark-A to Mark-I.

6. The statements of the appellants and their co-accused under Section 342 of Cr.P.C. were recorded. Muhammad Rafique appellant refuted the allegations levelled against him and professed his innocence, whereas, while answering to a question that 'Why this case and why the PWs deposed against you' Arshad Ali appellant replied as under:-

> Arshad Ali
>
> "PWs are related inter-se, interested and are inimical towards me and my co-accused persons. In fact Mst. Rabia Bibi and Jamal Hussain deceased persons developed illicit relations. On the fateful night, Jamal deceased came into our house and Mst. Rabia Bibi and he went to her room. I saw both of them in the said room in an objectionable position; due to sudden provocation and Gairat, I picked up an iron KAPA lying in the room and cut the throats of both the deceased persons in the heat of passion. The occurrence was committed by myself alone and not by

any other accused persons. The complainant, PWs and the remaining accused persons were not present at the time and place of occurrence as alleged by Abdul Ghafoor complainant. After the occurrence, I myself went to the police station, narrated the incident to the SHO concerned and also produced the iron KAPA used by me in the occurrence. My arrest was not shown immediately by the police and they kept it awaiting and later on, according to the timings suitable to them they showed my arrest. Later on, the complainant, with false facts and after concocting a false story, got lodged FIR against me and others which was not substantiated during investigation. During investigation, I also offered to get record my statement under section 164, Cr.P.C. but the police, as it was league with the complainant, did not produce before me before the learned Judicial Magistrate for recording of my such statement. The occurrence had happened due to the reason that Jamal and Rabia Bibi deceased persons had developed illicit relations with each other. All the facts narrated by the PWs are false."

While answering to a question that 'Why this case and why the PWs deposed against you" Muhammad Rafique appellant replied as under:-

Muhammad Rafique

"PWs are related inter-se, interested and inimical towards me and my co-accused persons. In-fact, Mst. Rabia Bibi and Jamal Hussain deceased persons developed illicit relations and on the fateful night, Jamal deceased came into the house of Arshad my co-accused, where-after Jamal Hussain and Rabia Bibi went to her room where Arshad my co-accused saw them in an objectionable position and committed their murder due to sudden provocation and Gairat. All the story narrated by the complainant and the PWs is false."

In answer to another question that "Have you anything else to say?" Muhammad Rafique appellant replied as under:

"I am innocent."

The appellants and their acquitted co-accused neither opted to make their statements on oath as envisaged under Section 340(2) of the Code of

Criminal Procedure, 1898 in disproof of the allegations levelled against them nor they produced any evidence in their defence.

The learned trial Court vide its judgment dated 20.01.2022, found the appellants guilty, convicted and sentenced them as mentioned and detailed above. However, vide the same impugned judgment Shehbaz, Mubarik Ali, Qurban Riasat Ali and Iftikhar alias Ghaffar co-accused were acquitted by the learned trial Court while giving them the benefit of doubt.

7. It is contended by learned counsel for the appellants that the appellants are innocent and they have falsely been implicated in this case by the complainant being in league with the local police; that the occurrence was unseen; that there is gross delay in conducting the postmortem examinations on the dead bodies of Jamal and Mst. Rabia deceased and the said delay is suggestive of the fact that the eye-witnesses were not present at the spot at the relevant time therefore, the abovementioned delay was consumed in procuring the attendance of fake eye-witnesses; that there are material contradictions in the statements of prosecution witnesses; that there is conflict between the ocular account and the medical evidence of the prosecution; that the motive has also not been proved in this case; that the alleged recovery of 'kappa' has been planted against Arshad Ali appellant; that the prosecution has failed to prove its case against the appellants beyond the shadow of doubt. It is therefore, prayed that the instant appeal may be allowed and the appellants may be acquitted of the charges by extending them the benefit of doubt.

8. On the other hand, it is contended by the learned Deputy Prosecutor General assisted by learned counsel for the complainant that the occurrence in this case took place on 29.01.2013 at 04:45 a.m., and the matter was promptly reported to the police on the same day and the FIR was also lodged on the same day i.e. on 29.01.2013 at 10:15 a.m., hence, promptness of the FIR rules out the possibility of any deliberation or concoction on the part of the prosecution; that both the eye-witnesses of the occurrence i.e., Abdul Ghaffor (PW-1) and Bilal (PW-2) were residents of the same house from where Jamal deceased was abducted by the accused persons therefore, their presence at the spot at the time of occurrence was quite natural and probable; that the prosecution's case against the appellants is supported by the medical evidence furnished by the prosecution through Dr. Uzma (CW-2), Dr. Muhammad Azhar Ameen (CW-3) and

postmortem examination reports, as well as, pictorial diagrams of Jamal and Mst. Rabia Bibi deceased (Exh.CW-3/1) and (Exh.CW-2/1) respectively; that the prosecution case is further corroborated by the recovery of 'kappa' from the possession of Arshad Ali appellant and positive report of PFSA, Lahore (Exh.PE); that motive has also been proved in this case against the appellants through reliable and confidence inspiring evidence of the prosecution's witnesses; that the prosecution has proved its case against the appellants beyond the shadow of any doubt therefore, their appeal may be dismissed, Murder Reference be answered in the affirmative and the sentences of death awarded to Arshad Ali and Muhammad Rafique appellants by the learned trial Court may be upheld and maintained.

9. Arguments heard. Record perused.

10. Prosecution story as set forth in the private complaint (Exh.PB) has already been reproduced in para No.3 of this judgment therefore, there is no need to repeat the same.

11. We have noted that the occurrence in this case took place on 29.01.2013 at 04:45 a.m., but the FIR was lodged on 29.01.2013 at 10:15 a.m., i.e., with the delay of 05 hours and 30 minutes from the occurrence. Although the distance between the place of occurrence and the police station was 12 kilometers and mere delay in reporting the matter to the police may not be fatal to the prosecution case but we have also noted that postmortem examination on the dead bodies of both the deceased persons of this case, namely, Jamal and Mst. Rabia Bibi were conducted on 29.01.2013 at 07:30 p.m., and 07:45 p.m., respectively which means that there was delay in conducting the postmortem examination on the dead body of Jamal deceased of 14 hours and 45 minutes, whereas, there was delay of 15 hours in conducting the postmortem examination on the dead body of Mst. Rabia Bibi deceased. The abovementioned delay in conducting the postmortem examinations on the dead bodies of both the deceased persons is suggestive of the fact that the occurrence was unseen and the said delay was consumed in procuring the attendance of fake eye-witnesses. In the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence

therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the said judgment at page No. 55 reads as under:--

> "2. .....Post-mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similarly, in the case of "Khalid alias Khalidi and 2 others v. The State" (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse fact against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192),"Zafar v. The State and others" (2018 SCMR 326) and "Muhammad Ashraf v. The State" (2012 SCMR 419).

It is further noteworthy that the occurrence in this case took place in the month of January i.e., on 29.01.2013 at 04:45 a.m., meaning thereby that the occurrence in this case took place during the darkness of night. Bilal (PW-2) has stated during his cross-examination that Fajar Namaz used to be offered during the month of January at 06:20 a.m. Relevant part of his statement in this respect reads as under:--

> "It is correct that during January namaz of Fajar is performed at 06..20 a.m."

We have next noted that no source of light has been mentioned in the site plan (Exh.CW-7/1) or in the statements of the abovementioned prosecution eye-witnesses rather Abdul Ghafoor complainant (PW-1) during his cross-examination has conceded that no light was installed in the street between his house and that of the accused. Relevant part of his statement in this respect is reproduced hereunder for ready reference:--

> "No light has been installed in the street between my house and that of

accused"

None of the prosecution eye-witnesses stated that there was moon light at the relevant time. Under the circumstances, the identification of the appellants during the darkness of night is not free from doubt.

12. It is further noteworthy that conduct of the prosecution eye-witnesses is highly unnatural. According to the prosecution case, as set forth in the FIR, on the night of occurrence, Jamal appellant was present in his house, where Abdul Ghafoor complainant and his sons, namely, Bilal (PW-2), Ali Shan, Sanni Abbas and Hammad Ali (given up PWs) were also present along with his wife, namely, Mst. Maqsoodan Bibi and son Jamal (deceased) and as such, the complainant party was comprising of total seven members. We have further noted that Bilal (PW-2) who is son of the complainant, has further conceded during his cross-examination that the house of his uncle Manzoor was situated in front of the house of the complainant party and said Manzoor had six sons. He further conceded during his cross-examination that he had not got recorded in his statement before the police that any of his family members raised hue and cry when his brother was being beaten and abducted by the accused persons nor he informed any neighbour in this respect though house of his uncle Manzoor who had six sons was situated in front of his house. Relevant parts of his statement in this respect read as under:--

> "House of my uncle Manzoor is in front of our house... .....My uncle Manzoor have six sons named Imran, Arfan, Amir Shehzad, Gulfam, Qaisar, Faisal Mahmood. I cannot tell their exact ages however Amir Shehzad and Imran are married. Presently ages of Qaisar, Gulfram and Faisal are of about 24/25 years. Occurrence took place during winter on 29.01.2013 and in those days it was very cold.... .. I have not got recorded in my statement before police that I, my mother or any other witness raised hue and cry that accused are taking away my brother Jamal deceased. I have not got recorded in my statement before police that I went to any neighbour to inform that accused have forcibly taken away my brother Jamal deceased"

It is also noteworthy that the accused persons were not armed with any lethal firearm weapon like pistol, gun etc and according to the prosecution case,

they were armed with 'kappas' and 'dandas' but the complainant party, who was comprising of at least seven members did not try to rescue Jamal deceased from the hands of the accused persons. We are therefore of the view that conduct of the prosecution eye-witnesses, who were closely related to Jamal deceased is highly unnatural therefore, their presence at the spot is highly doubtful, hence their evidence is not worthy of reliance. We may refer here the case of "Liaquat Ali v. The State" (2008 SCMR 95), wherein at Para No.5-A of the judgment, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:--

> "Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P. W..7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaquat Ali was not armed with a fire-arm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful."

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of "Pathan v. The State" (2015 SCMR 315) and "Zafar v. The State and others" (2018 SCMR 326). Under the circumstances, it cannot be safely held that the abovementioned eye-witnesses were present at the spot at the relevant time and they had witnessed the occurrence because their conduct is highly unnatural.

13. It is further noteworthy that ocular account of the prosecution in this case is in conflict with the medical evidence. It was the case of the prosecution, as set forth in the FIR, that on the night of occurrence, accused persons while armed with different weapons came to the house of the complainant and forcibly dragged Jamal deceased while giving him 'sota' blows and took him into the house of the accused party where they (accused persons) committed the murder of both the deceased persons but according to the postmortem report of Jamal

deceased, there was no injury on his body except one injury on his neck which was attributed to Arshad Ali appellant. It is further noteworthy that according to the postmortem report of Mst. Rabia Bibi deceased, there were two injuries on her body. Injury No.1 was on her right cheek, whereas, Injury No. 2 was on the right side of her neck. None of the prosecution eye-witnesses explained Injury No.1 on the body of Mst. Rabia Bibi deceased. Even the learned trial Court in Paragraph No. 8 of the impugned judgment has partly disbelieved the evidence of the prosecution eye-witnesses regarding the forcible abduction of Jamal deceased and infliction of 'danda' blows on his body by the accused party. Co-accused of the appellants, namely, Mubarak Ali, Qurban Riasat Ali and Iftikhar alias Ghaffar who were statedly armed with sotas, have already been acquitted by the learned trial Court and petition for leave to appeal filed against their acquittal has also been dismissed today by this Court through a separate order of even date, being barred by time. The abovementioned conflict between ocular account and medical evidence of the prosecution created further dent in the prosecution case.

14. Insofar as the recovery of blood stained 'kappa' (Exh.CW-9/2) on the pointation of Arshad Ali appellant is concerned, it is noteworthy that the occurrence in this case took place on 29.01.2013, whereas, 'kappa' (Exh. CW-9/2) was recovered on the pointation of the said appellant on 03.03.2013 i.e., after 01 month and 03 days from the occurrence and during the abovementioned period, Arshad Ali appellant had ample opportunity to wash way the blood on the 'kappa'. In the light of above, recovery of blood stained 'kappa' (Exh.CW-9/2) on the pointation of Arshad Ali appellant is not free from doubt. The Hon'ble Supreme Court of Pakistan in the case of 'Basharat and another v. The State' (1995 SCMR 1735) disbelieved the evidence of blood-stained dagger which was allegedly recovered from the accused after ten days from the occurrence. Relevant part of the said judgment at Page No. 1739 is reproduced hereunder for ready reference:-

> "11. The occurrence took place on 20.04.1988. Basharat appellant was arrested on 28.04.1988. The blood-stained Chhuri was allegedly recovered from his house on 30.04.1988. It is not believable that he would have kept blood stained chhuri intact in his house for ten days when he had sufficient time and opportunity to wash away and clean the

blood on it"

Moreover, blood disintegrates during the abovementioned period of 01 month and 03 days. Reliance in this respect may be placed on the case of 'Muhammad Jamil v. Muhammad Akram and others' (2009 SCMR 120). In the light of above, recovery of 'kappa' (Exh.CW-9/2) and positive report of PFSA (Exh.PE) are inconsequential for the prosecution.

15. We have disbelieved the prosecution evidence qua ocular account and recovery of 'kappa' but it is noteworthy that Arshad Ali appellant while making his statement under Section 342 of Cr.P.C., has candidly admitted the occurrence with the stance that on the night of occurrence, he committed the murder of both the deceased on account of grave and sudden provocation and 'ghairat'. The occurrence in this case took place on 29.01.2013 which means that the same took place prior to the amendment brought in Section 311 of P.P.C. whereby it was provided that if the offence has been committed in the name or on the pretext of honour, punishment shall be imprisonment for life. As the abovementioned amendment cannot be applied retrospectively and as the occurrence of this case took place prior to the introduction of above-mentioned amendment therefore, the said amendment in the relevant law is not applicable in this case. We have further noted from the statement of Arshad Ali appellant recorded under Section 342 of Cr.P.C., that on the night of occurrence, he saw his sister, namely, Mst. Rabia Bibi (deceased) with Jamal Hussain (deceased) in objectionable condition in a room of his house, in the odd hours of night, therefore, due to grave and sudden provocation, he committed the murder of both the deceased. It is by now well settled that if the prosecution evidence is disbelieved then statement of an accused is to be accepted or rejected in toto. If statement of Arshad Ali appellant is accepted in toto, then to his extent, it is a case punishable under Section 302(c) of P.P.C. and not a case punishable under Section 302(b) of P.P.C. Consequently, convictions and sentences of Arshad Ali appellant for the charge under Section 302(b) of P.P.C. are hereby set aside and his convictions and sentences are converted to the offence under Section 302(c) of P.P.C. He is therefore, convicted under Section 302(c) of P.P.C. and is sentenced to fourteen (14) years rigorous imprisonment on two counts. Compensation under Section 544-A of Cr.P.C., awarded by the learned trial Court against Arshad Ali appellant is however, upheld and maintained.

Sentences awarded to Arshad Ali appellant shall run concurrently. Benefit of Section 382-B of Cr.P.C., is also extended to Arshad Ali appellant. Insofar as the case of Muhammad Rafique appellant is concerned, we have disbelieved the prosecution evidence due to the reasons mentioned in Paragraphs Nos. 11 to 14 of this judgment and as the said appellant has neither made any confession before the learned trial Court nor he has admitted the murder of both the deceased in his statement recorded under Section 342 of Cr.P.C., therefore, he is acquitted of the charges by extending him the benefit of doubt. He is in jail. He be released forthwith if not required to be detained in any other case.

16. Consequently, with the above said modification in the conviction and sentence of Arshad Ali appellant, Criminal Appeal No. 5537 of 2022 filed by Muhammad Rafique and Arshad appellants is hereby partly dismissed to the extent of Arshad Ali appellant and partly allowed to the extent of Muhammad Rafique appellant. Murder Reference (M.R. No. 14 of 2022) is answered in the negative and death sentences of Muhammad Rafique and Arshad Ali appellants are not confirmed.

JK/M-84/ Order accordingly

2024 Y L R 372

[Lahore]

Before Malik Shahzad Ahmad Khan, J

LIAQAT ALI alias BAO---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 78954-J of 2019 and Criminal Revision No. 15587 of 2020, heard on 30th May, 2023.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b), 427 & 34---Qatl-i-amd, mischief causing loss or damage to the amount of fifty rupees or upwards, common intention---Appreciation of evidence---Benefit of doubt---Chance witnesses--- Non-availability of justification for the presence of eye-witnesses at the spot---Accused was charged for committing murder of the deceased by firing---Ocular account of the occurrence had been furnished by complainant and another eye-witness---Both the eye-witnesses were not residents of the village where the occurrence took place---Site plan showed that the occurrence took place at a road in a deserted area---On both sides of the road, there were agricultural fields and no residential house, shop, bus stop, petrol pump or any other building had been shown at the spot---Both the eye-witnesses simply stated in their statements before the police, as well as, in their statements recorded by the Trial Court that on the day of occurrence, they along with deceased were returning back from Mandi upon a motorcycle 'rikshaw' after sale purchase---Said witnesses did not state the specific reason of their visit to Mandi on the day of occurrence---Although during their cross-examination, said witnesses stated that they went to Mandi to purchase ghee, sugar and some grocery but it was noteworthy that no receipt regarding the purchase of any grocery items was produced during the investigation of the case before the Investigating Officer or during the recording of prosecution evidence by the Trial Court---Both the eye-witnesses made an excuse that in fact, items purchased by them along with 'rikshaw', driven by deceased at the time of occurrence, were burnt during the occurrence on account of firing of the accused persons but it was noteworthy that in the FIR there was no such allegation that 'rikshaw' of the complainant party caught fire at the time of occurrence---Since, both the eye- witnesses were not residents of the village where the occurrence took place

rather they were residents of another Chak, therefore, they were chance witnesses and they could not prove the reason of their presence at the spot at the relevant time, therefore it was not safe to rely upon their evidence for upholding the conviction and sentence of the accused---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b), 427 & 34---Qatl-i-amd, mischief causing loss or damage to the amount of fifty rupees or upwards, common intention---Appreciation of evidence---Benefit of doubt---Delay of ten hours in conducting the postmortem upon the dead body of the deceased---Consequential---Accused was charged for committing murder of the deceased by firing---Although as per contents of the FIR, the occurrence took place on 26.07.2016 at 08:30 a.m., and the FIR was lodged on the same day at 09:35 a.m., but it was noteworthy that postmortem examination on the dead body of deceased was conducted on 26.07.2016 at 06:30 p.m., i.e., with the delay of 10 hours from the occurrence---Medical Officer, who conducted the postmortem on the dead body of deceased, stated that dead body was received in the dead house on 26.07.2016 at 06:00 p.m., whereas, police papers were received on the same day at 06:30 p.m., which showed that there was no delay on the part of the Medical Officer in conducting the postmortem examination on the dead body of deceased---Delay in conducting the postmortem examination on the dead body of the deceased was suggestive of the fact that the occurrence was unseen and the said delay was consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Sufyan Nawaz and another v. The State and others 2020 SCMR 192; Zafar v. The State and others 2018 SCMR 326 and Muhammad Ashraf v. The State 2012 SCMR 419 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 427 & 34---Qatl-i-amd, mischief causing loss or damage to the amount

of fifty rupees or upwards, common intention---Appreciation of evidence---Benefit of doubt---Motive not proved---Accused was charged for committing murder of the deceased by firing---Motive behind the occurrence was that earlier accused made fire shots upon complainant due to which FIR under section 324, P.P.C., was lodged and the accused was pressurizing for compromise in the said case and on account of the said grudge, the occurrence of the present case took place---Under such circumstances, either complainant or eye-witness should have been the prime target of accused but both of them did not receive even a single scratch on their bodies during the occurrence, though according to the prosecution case, accused and co-accused (since P.O.) were armed with pistols and complainant and eye-witness were at their mercy---As per site plan said witnesses were sitting in the 'rikshaw' on the left and right side of deceased---Prosecution story did not appeal to a prudent mind because if the said motive was against complainant or against eye-witness, then question was as to why the said witnesses were spared alive and in their place deceased was murdered, meaning thereby that the said witnesses were not present at the spot at the relevant time---Although said prosecution eye-witnesses tried to justify the motive by stating that in fact, deceased was pursuing earlier case lodged against the accused but the FIR statedly lodged by the complainant party against the accused or order sheet of the Trial Court in the said case was never brought on the record during the trial of present case to establish that deceased was a complainant or a witness or he was pursuing the case---Thus, motive as alleged by the prosecution had not been proved in the case and even on the basis of said motive, the prosecution case was highly doubtful---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

Muhammad Zaman Mangat v. Muhammad Akhtar and others 2004 SCMR 757; Saleem Khan v. The State and others 2021 SCMR 1472 and Rohtas Khan v. The State 2010 SCMR 566 rel.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b), 427 & 34---Qatl-i-amd, mischief causing loss or damage to the amount of fifty rupees or upwards, common intention---Appreciation of evidence---Benefit of doubt---Medical evidence---No specific injury assigned to accused---Accused was charged for committing murder of the deceased by firing---Record showed that no specific injury on the body of deceased was assigned to the accused or his co-accused and a general role was attributed to the accused and his co-accused that the fire shots

made by them landed on the different parts of the body of deceased---Said fact also indicated that the prosecution eye-witnesses were not present at the time of occurrence therefore, they could not assign any specific injury to any accused---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 427 & 34---Qatl-i-amd, mischief causing loss or damage to the amount of fifty rupees or upwards, common intention--- Appreciation of evidence---Benefit of doubt---Recovery of pistol on the pointation of the accused---Inconsequential---Accused was charged for committing murder of the deceased by firing---Record showed that pistol 30 bore was recovered on the pointation of the accused---Noteworthy that report of Forensic Science Agency in that respect was in the negative and as such, the same was inconsequential for the prosecution case--- Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was accordingly allowed.

(f) Criminal trial---

----Benefit of doubt---Principle---Single circumstance which creates doubt regarding the prosecution case will be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Ch. Imtiaz Hussain Bhatti and Syed Hassan Mehdi Rizvi (defence counsel) for Appellant.

Ms. Asiya Yasin, Deputy District Public Prosecutor for the State.

Rana Wazir Ali for the Complainant.

Date of hearing: 30th May, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN J.---By this single judgment, I proceed to decide Criminal appeal No. 78954-J of 2019, titled 'Liaqat Ali alias Bao v. The State' filed by the appellant, namely, Liaqat Ali alias Bao against his conviction and sentence, as well as, Crl. Revision No. 15587 of 2020 titled 'Arshad Mehrnood v. The State and another' filed by Arshad Mehmood complainant for enhancement of the

sentence of the appellant, as both these matters have arisen out of the same judgment dated 05.12.2019 passed by the learned Addl. Sessions Judge (MCTC-II), Sheikhupura. The appellant, namely, Liaqat Ali alias Bao was tried in case FIR No. 276 dated 26.07.2016 registered at Police Station Safdarabad District Sheikhupura offences under Sections 302/ 427/34 of P.P.C. and after conclusion of the trial vide impugned judgment dated 05.12.2019, the learned trial Court convicted and sentenced the appellant as under:--

> Under Section 302(b) of P.P.C. to Imprisonment for Life for committing Qatl-e-Amd of Muhammad Akram (deceased). He was also directed to pay Rs.20,00,000/- (Rupees two million only) as compensation under Section 544-A of Cr.P.C., to the legal heirs of Muhammad Akram (deceased) and in default thereof to undergo six months S.I.

The appellant was however, acquitted of the charge under Section 427, of P.P.C. Benefit of Section 382-B of Cr.P.C., was extended in favour of the appellant.

2. Brief facts of the case as given by the complainant Arshad Mahmood (PW-7) in his complaint (Exh.PC), on the basis of which the formal FIR (Exh.PC/1) was chalked out, are that he (complainant) was resident of Chak No. 34 Deputywala and was a labourer by profession. On 26.07.2016 at 08:30 a.m., he (complainant) along with Muhammad Akram (deceased), Anwar Hussain (given up PW) and Zafar Iqbal (PW-8) was returning home on motorcycle 'rikshaw', driven by Muhammad Akram (deceased), from Mandi Safdarabad after sale purchase and when they reached in the area of Nawan Pind Village Mananwala Road after crossing Dhup-Sarhi bridge, Liaqat Ali alias Bao (appellant), Waris Ali (co-accused since P.O.) along with one unknown accused while armed with pistols .30 bore were present there ambushed with a motorcycle 125/cc. The complainant party when reached near the accused party, they (accused persons) started straight firing. Liaqat Ali (appellant) made burst with his pistol which landed at different parts of the body of Muhammad Akram (deceased). The PWs rescued themselves after hiding behind the 'rikshaw'. Waris Ali and one unknown co-accused made fire shots with their respective pistols which caused huge damage to the 'rikshaw', whereas, fire shots made by Waris Ali co-accused (since P.O) also landed on the body of Muhammad Akram (deceased). Due to the firing of Liaqat Ali (appellant) and Waris Ali co-accused (since P.O), brother of the complainant, namely, Muhammad Akram became seriously injured. Accused persons fled away from the spot on motorcycle after making firing. Muhammad Akram (deceased) was being

shifted to the Shahkot Hospital in injured condition by the complainant party but he succumbed to the injuries on the way to the hospital.

Motive behind the occurrence was that the complainant lodged FIR under Section 324 of P.P.C. at Police Station Sadar Shahkot against Liaqat Ali (appellant) and others and the accused persons were pressurizing the complainant for compromise and due to this grudge, the accused persons committed the occurrence.

3. After submission of challan and completion of all the codal formalities, the learned trial Court framed the charge against the appellant on 22.05.2018, to which he pleaded not guilty and claimed trial.

4. In order to prove its case, the prosecution produced fourteen (14) witnesses during the trial. Prosecution also produced documentary evidence in the shape of Exh.PA to Exh.PX and closed its evidence. Statement of the appellant under Section 342 of Cr.P.C. was recorded by the learned trial Court.

5. The learned trial Court vide its judgment dated 05.12.2019 found the appellant, namely, Liaqat Ali alias Bao guilty for the offence under Section 302(b) of P.P.C. and convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that the occurrence was unseen and the prosecution eye-witnesses are chance witnesses; that the prosecution eye-witnesses did not explain the injuries on the body of Muhammad Akram (deceased) which has made their presence at the spot highly doubtful; that pistol 30 bore (P-4) has been planted against the appellant and report of PFSA (Exh.PW) is in the negative therefore, the said recovery is inconsequential; that the prosecution has also failed to prove the motive part of the occurrence; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, his appeal may be accepted and he may be acquitted of the charge by extending him the benefit of doubt.

7. On the other hand, it is contended by learned Deputy District Public Prosecutor assisted by learned counsel for the complainant that FIR in this case was promptly lodged which rules out the possibility of any fabrication or concoction; that the appellant was specifically named in the FIR with the role that he along with his co-accused while armed with pistols 30 bore caused injuries on the body of Muhammad Akram deceased and role attributed to the appellant is fully supported by the medical

evidence; that the prosecution case against the appellant is further corroborated by the recovery of pistol 30 bore (P-4) on his pointation; that the motive was proved by the prosecution through reliable evidence of prosecution witnesses; that there is no substance in the appeal filed by the appellant hence, the same may be dismissed. Insofar as Crl. Revision No. 15587 of 2020 filed by Arshad Mahmood complainant for enhancement of the sentence of the appellant is concerned, it is argued by learned counsel for the complainant that the prosecution has discharged its onus by fully proving its case and no mitigating circumstance is available in favour of the appellant therefore, sentence of the appellant may be enhanced and he be awarded capital punishment provided for the offence.

8. Arguments heard. Record Perused.

9. The detail of the prosecution case as set forth in the complaint (Exh.PC) on the basis of which formal FIR (Exh.PC/1) was chalked out, has already been given in para No. 2 of this judgment therefore, there is no need to repeat the same.

10. According to the prosecution case, the occurrence of this case took place in village Nawan Pind within the jurisdiction of Police Station Safdarabad District Sheikhupura. Ocular account of the prosecution was furnished by Arshad Mahmood complainant (PW-7) and Zafar Iqbal (PW-8). Both the abovementioned eye-witnesses of the occurrence were not residents of the village Nawan Pind District Sheikhupura where the occurrence took place and they were residents of Chak No. 34, Deputywala District Nankana Sahib. It is noteworthy from the perusal of the site plan (Exh.PG and Exh.PG/1) that the occurrence took place at a road in a deserted areea. On both sides of the road, there were agricultural fields and no residential house, shop, bus stop, petrol pump or any other building has been shown at the spot. Both the abovementioned eye-witnesses simply stated in their statements before the police, as well as, in their statements recorded by the learned trial Court that on the day of occurrence, they along with Muhamad Akram (deceased) were returning back from Mandi Safdarabad upon a motorcycle 'rikshaw' after sale purchase. They did not state the specific reason of their visit to Mandi Safdarabad on the day of occurrence. Although during their cross-examination, they stated that they went to Mandi Safdarabad to purchase ghee, sugar and some grocery but it is further noteworthy that no receipt regarding the purchase of any grocery items was produced during the investigation of this case before the I.O. or during the recording of prosecution evidence by the learned trial Court, though Zafar Iqbal (PW-8) has stated that they (PWs) obtained receipts of items purchased from the

shops of Mandi Safdarabad. It is further noteworthy that both the abovementioned eye-witnesses made this excuse that in fact, items purchased by them along with 'rikshaw', driven by Muhammad Akram (deceased) at the time of occurrence, were burnt during the occurrence on account of firing of the accused persons but it is noteworthy that in the FIR there was no such allegation that 'rikshaw' of the complainant party caught fire at the time of occurrence. Likewise, there was no allegation in the statements of the abovementioned prosecution witnesses recorded by the police that the grocery items which were purchased by the PWs, were also burnt during the occurrence. Relevant parts of their statements in this respect are reproduced hereunder for ready reference:-

Arshad Mahmood (PW-7).

Examination-in-Chief.

"The rikshaw was burnt due to fire."

Cross-examination.

"There was Ghee and Sugar in the rikshcrw which were also burnt. Investigating Officer did not collect such burnt materials from the place of occurrence. I did not produce any receipt of purchase of any grocery or any material which I had purchased and loaded in the rikshaw at that time."

Zafar Iqbal (PW-8).

Examination-in-Chief.

"The fire shots of Waris hit to rickshaw due to which the rickshaw caught fire and burnt along with luggage over it."

Cross-examination.

"I stated before the police that luggage on the rickshaw also burnt, confronted with Ex.DA wherein it is not so recorded . "

"In Safdarabad we purchased one peti of Ghee, one sack of Sugar, some grocery. It is incorrect to suggest that we did not purchase any grocery from Safdarabad. We received bills from the shops for such purchase. We did not produce these receipts before investigating officer."

It is therefore, evident from the perusal of the statements of the abovementioned prosecution eye-witnesses that they did not state in the FIR (Exh.PC/1) or before the police that 'rikshaw' of the complainant and grocery items purchased by

them were also burnt during the occurrence. It is further note-worthy that abovementioned prosecution eye-witnesses though claimed that they received receipts from the shops regarding purchase of grocery items but the said receipts were neither produced before the I.O. nor in the prosecution evidence recorded by the learned trial Court. Moreover, no burnt items were recovered from the spot by the I.O. As mentioned earlier, both the above-mentioned eye-witnesses were not residents of the village (Nawan Pind), where the occurrence took place rather they were residents of Chak No. 34/ Deputywala therefore, they were chance witnesses and as such, they were bound to prove the reasons of their presence at the spot at the relevant time but as observed earlier, they did not mention the reason of their presence at the spot at the time of occurrence in the FIR (Exh.PC/1) or in their statements before the police and even the reason given by them during their cross-examination was not proved through the recovery of any burnt item or through the production of any purchase receipt of the said items. In the light of above, both the abovementioned witnesses are chance witnesses and they could not prove the reason of their presence at the spot at the relevant time therefore, it is not safe to rely upon their evidence for upholding the conviction and sentence of the appellant. The Hon'ble Supreme Court of Pakistan in the case of Mst. Sughra Begum and another v. Qaiser Pervez and others' (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as

under:-

> "... ... Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence ... ."

11. Although as per contents of the FIR, the occurrence took place on 26.07.2016 at 08:30 a.m., and the FIR was lodged on the same day at 09:35 a.m., but it is noteworthy that postmortem examination on the dead body of Muhammad Akram (deceased) was conducted on 26.07.2016 at 06:30 p.m., i.e., with the delay of 10 hours from the occurrence. Dr. Muhammad Kashif Bashir (PW-11) conducted the postmortem on the dead body of Muhammad Akram (deceased) and he stated that dead body was received in the dead house on 26.07.2016 at 06:00 p.m., whereas, police papers were received on the same day at 06:30 p.m., which shows that there was no delay on the part of the Medical Officer in conducting the postmortem examination on the dead body of Muhammad Akram (deceased). The abovementioned delay in conducting the postmortem examination on the dead body of the deceased is suggestive of the fact that the occurrence was unseen and the said delay was consumed in procuring the attendance of fake eye-witnesses. In the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay

was used in procuring the attendance of fake eye-witnesses. Relevant part of the said judgment at page No. 55 reads as under:-

> "2. ... ...Post-mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similarly, in the case of 'Khalid alias Khalidi and 2 others v. The State' (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse fact against the prosecution case and it was held that it

shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as 'Sufyan Nawaz and another v. The State and others' (2020 SCMR 192), 'Zafar v. The State and others' (2018 SCMR 326) and 'Muhammad Ashraf v. The State' (2012 SCMR 419).

12. It is further noteworthy that as per contents of the FIR and according prosecution case, motive behind the occurrence was that earlier Liaqat (appellant made fire shots upon Arshad Mahmood complainant (PW-7) due to which an FIR under Section 324 of P.P.C. was lodged and the appellant was pressurizing for compromise in the said case and on account of the said grudge, the occurrence of the present case was committed. Relevant parts of the statements of the prosecution eye-witnesses regarding the motive part of the case are reproduced hereunder:-

Arshad Mahmood (PW-7).

> "Motive behind the occurrence is that the accused Liaqat present before this court shot fires upon me in the chowk of village."

Zafar Iqbal (PW-8).

> "The motive behind the occurrence is that earlier there was a case against the accused under section 324, P.P.C. for shooting upon Arshad"

Likewise, Zafar Iqbal (PW-8) also stated that he had previous enmity with Liaqat All (appellant) prior to the occurrence. Relevant part of his statement reads a under:-

> "There is my previous enmity with the accused Liaqat prior to this occurrence."

Under the circumstances, either Arshad Mahmood complainant (PW-7) or Zafar Iqbal (PW-8) should have been the prime target of Liaqat Ali alias Bao (appellant) but both of them did not receive even a single scratch on their bodies during the occurrence, though according to the prosecution case, Liaqat Ali (appellant) and Waris Ali co-accused (since P.O.) were armed with pistols and Arshad Mahmood complainant (PW-7) and Zafar Iqbal (PW-8) were at their mercy. As per site plan (Exh.PG and Exh.PG/1) they (PWs) were sitting in the 'rikshaw' on the left and right side of Muhammad Akram (deceased). The prosecution story does not appeal to a prudent mind because if the abovementioned motive was against Arshad Mahmood complainant (PW-7) or against Zafar Iqbal (PW-8), then as to why the said witnesses

were spared alive and in their place Muhammad Akram (deceased) was murdered, meaning thereby that the abovementioned witnesses were not present at the spot at the relevant time. Although abovementioned prosecution eye-witnesses tried to justify the abovementioned motive by stating that in fact, Muhammad Akram (deceased) was pursuing earlier case lodged against the appellant but the FIR statedly lodged by the complainant party against the appellant or order sheet of the learned trial Court in the said case was never brought on the record during the trial of this case to establish that Muhammad Akram (deceased) was a complainant or a witness or he was pursuing the abovementioned case. I am, therefore, of the view that the abovementioned motive as alleged by the prosecution has not been proved in this case and even on the basis of said motive, the prosecution case is highly doubtful because in the light of said motive, either Arshad Mahmood complainant (PW-7) or Zafar Iqbal (PW-8) should have been the prime target of the appellant but they (PWs) did not receive a single scratch on their bodies during the occurrence. Reliance in this context may be placed on the case reported as 'Muhammad Zaman Mangat v. Muhammad Akhtar and others' (2004 SCMR 757), wherein the august Supreme Court of Pakistan at page 760 has held as under:--

> "10. The motive is the previous murder of one Safdar Iqbal. The FIR. of that case indicates that Ghulam Rasool complainant and his companion, Muhammad Azam were the nominated accused for the murder of Safdar Iqbal. Had they been present on the spot, they would have been the first target of the assailants. This is a strong circumstantial evidence which seriously points to the absence of complainant and his companions from the spot."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the cases of Saleem Khan v. The State and others' (2021 SCMR 1472) and 'Rohtas Khan v. The State' (2010 SCMR 566). Under the circumstances, I have come to this conclusion that neither motive has been proved by the prosecution against Liaqat Ali alias Bao (appellant) nor presence of the abovementioned eye-witnesses at the time of occurrence is free from doubt.

13. I have further noted that no specific injury on the body of Muhammad Akram (deceased) was assigned to the appellant or his co-accused and a general role was attributed to the appellant and his co-accused that the fire shots made by them landed on the different parts of the body of Muhammad Akram (deceased). This fact also indicates that the prosecution eye-witnesses were not present at the time of occurrence

therefore, they could not assign any specific injury to any accused.

14. Insofar as the recovery of pistol 30 bore (P-4) on the pointation of the appellant is concerned, it is noteworthy that report of PFSA, Lahore (Exh.PW) in this respect is in the negative and as such, the aforementioned recovery is inconsequential for the prosecution case.

15. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt regarding the truthfulness of the prosecution story. In 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:--

> '5 The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:--

> '13 It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

16. In the light of above discussion, the instant appeal (Criminal Appeal No. 78954-J of 2019) filed by Liaqat Ali alias Bao appellant is allowed, his conviction and sentence recorded by the learned Addl. Sessions Judge (MCTC-II), Sheikhupura vide

impugned judgment dated 05.12.2019 is hereby set-aside and he is acquitted of the charge by extending him the benefit of doubt. He is in custody. He be released forthwith if not required to be detained in any other case.

17. Insofar as Crl. Revision No.15587 of 2020, filed by Arshad Mahmood complainant for enhancement of the sentence of Liaqat Ali alias Bao (respondent No.2) is concerned, I have already disbelieved the prosecution evidence due to the reason mentioned in paras Nos. 10 to 14 above and in consequence thereof, the aforementioned respondent (Liaqat Ali alias Bao) has a already been acquitted of the charge by extending him the benefit of doubt. Under the circumstances, this petition has become meritless and the same is hereby dismissed.

JK/L-3/L Appeal allowed**.**

Ch. Babar Waheed, Advocate for Petitioners.

Nemo for Respondents No. 3 & 4

Mr. Ahsan Rasool Chatha, Assistant Advocate General for Respondent Nos. 1, 2 & 5.

Date of hearing: 7.3.2024.

JUDGMENT

Through this petition, the petitioners, namely, Sheikh Muhammad Zahir Seithi and Muhammad Imtisal seek quashment of the impugned FIR No. 1783 dated 12.08.2023 registered at Police Station Cantt, Sialkot offence under Section 406 of PPC.

2. As per police report, *Mst.* Ayesha Tayyab complainant/ Respondent No. 3, has duly been served with the notice of this case but no one is present on her behalf despite repeated calls with intervals. Even otherwise, it is a State case and the learned AAG is ready to argue the same, therefore, I proceed to decide the instant petition after hearing arguments of learned counsel for the petitioners, learned AAG and perusal of the documents annexed with the present petition.

3. Arguments heard. Documents annexed with the present petition have been perused.

4 As per brief allegations levelled in the FIR, on 17.03.2023, the petitioners, who were close relatives of the complainant came to the house of the complainant party situated in Sialkot city and requested them that some amount may be given to them as loan because they had suffered financial loss in their business. The petitioners further promised that they will return the abovementioned amount to the complainant party within a period of 2 months. On the abovementioned request of the petitioners, the husband of the complainant namely Tayyab brought an amount of Rs. 40,00,000/- and handed over the same to the complainant so that she may herself give the said amount to the petitioners. The complainant further alleged that she gave the abovementioned amount to the petitioners as trust with the promise that the petitioners will return the said amount to the complainant party. It is added that after two months, when the complainant party approached the petitioners for return of their amount, the petitioners started extending threats to the complainant party and refused to return the abovementioned amount, hence the above-referred FIR.

5. It has been argued by learned counsel for the petitioners that an identical FIR No. 2398 dated 31.08.2023, offence under Section 406 of PPC Police Station A-Division District Sheikhupura was lodged by one Bilal Sikandar, who was brother-in-law of the complainant of the present case namely *Mst.* Ayesha Tayyab and the said FIR has already been quashed by this Court *vide* judgment dated 22.11.2023. He added that the registration of instant FIR shows that two separate false FIRs have been lodged by the same family but Muhammad Shahbaz SI submits that he has no knowledge of the abovementioned relationship of the complainant of the present case with the complainant of abovementioned FIR No. 2398/2023, therefore, merits and demerits of above-referred arguments of learned counsel for the petitioners cannot be discussed.

6. In so far as merits of the instant case are concerned I have noted that there is neither any receipt nor any stamp paper available on the record regarding handing over of the abovementioned amount by the complainant to the petitioners. It does not appeal to a prudent mind that a huge amount of Rs. 40,00,000/- was handed over by the complainant to the petitioners without obtaining any document/ receipt/stamp paper from them. It is further noteworthy that as per contents of first part of the FIR, the petitioners demanded the amount in question as loan or trust but in the second part of the FIR it is alleged that the above mentioned amount was handed over by the

complainant to the petitioners as trust. Two self contradictory stances have been taken by the complainant while mentioning the amount in question in the FIR, as loan and trust. It appears that the word, "trust" has malafidely been used alongwith the word, loan in order to make it a criminal offence which was in fact a civil matter. It is by now well settled that by merely mentioning the word 'amanat (trust) in the contents of the FIR would not attract the provisions of Section 406 of PPC if otherwise, the ingredients of the said offence are not attracted in a case. Reference in this context may be made to the case of *'Miraj Khan vs Gul Ahmed and 3 others'* (2000 SCMR 122). Learned Assistant Advocate General has next argued that challan in this case has already been sent to the learned trial Court therefore, this petition may be dismissed with the direction to the petitioners to first file a petition under Section 249-A of Cr.P.C., before the learned trial Court for their acquittal in this case. In my humble view there is a difference between a case for quashment of FIR and a case for quashment of criminal proceedings. An FIR can be quashed under Article 199 of the Constitution, if from the bare reading of the FIR, no cognizable offence is made out in a case, and there is no need to evaluate the evidence of the prosecution collected by the I.O. during investigation. However, if from the contents of the FIR some cognizable offence is, prima facie, made out but it is claim of an accused that sufficient evidence is not available in the said case and there is no probability of his conviction, then the matter may be referred to the trial Court after submission of challan to evaluate under Section 249-A of Cr.P.C., that as to whether or not there is any probability of conviction of an accused on the basis of evidence collected in a case during investigation. As mentioned earlier, no offence under Section 406 of PPC is made out from the bare perusal of contents of the impugned FIR therefore, mere submission of challan before the learned trial Court ipso facto, does not create any absolute bar against the quashment of the FIR when no cognizable offence is made out from the contents of the same. No useful purpose shall be served by directing the petitioners to first avail the alternate remedy of moving a petition under Section 249-A Cr.P.C before the learned trial Court because in the instant case there is no probability of conviction and sentence of the petitioners in this case and there is no need to evaluate any evidence collected during the investigation of this case, hence further proceedings before the learned trial Court shall amount to abuse the process of the Court and the law. Reliance in this respect may be placed on the cases reported as *'Miraj Khan vs Gul Ahmed and 3 others'* (2000 SCMR 122) & *'The State vs Asif Ali Zardari and another'* (1994 SCMR 798). In the case of *"Miraj Khan" supra,* at page No. 3 the Hon'ble Supreme Court of Pakistan was pleased to observe as under:

> *"4. There is no absolute bar on the power of the High Court to quash an F.I.R. and it is not always necessary to direct the aggrieved person to first exhaust the remedy available to him under Section 249- A, Cr.P.C. It is caordinal principal of law that every criminal case should be adjudged on its facts. The*

facts of one case differ from the other and, therefore, no rule of universal application can be laid in a certain case so as to be made applicable to other cases. Even in the case reported in PLD 1997 SC 275, relied on by the learned counsel for the petitioner this principle has been recognized that the High Court in exceptional cases can exercise jurisdiction under Section 561-A, Cr.P.C without waiting for trial Court to pass orders under Section 249-A or 265-K Cr.P.C., if the facts of the case so warrant. The main consideration to be kept in view would be whether the continuance of the proceedings before the trial forum would be futile exercise, wastage of time and abuse of process of Court or not. If on the basis of facts admitted and patent on record no offence can be made out then it would amount to abuse of process of law to allow the prosecution to continue with the trail. If the facts of the present case are scrutinized on the touchstone of the above criteria then it would be obvious that the further proceedings in the Court on the basis of the impugned F.I.R. would be sheer wastage of time. It is admitted in the F.I.R. which is based on the written application of the complainant that the disputed amount was given as "Qarze-Hasna". It is obvious that the addition of word "Amanat" with "Qarze-Hasna" is ridiculous and appears to have been added so as to justify the registration of the criminal case. The cases relied on by the learned counsel for the caveator support the view taken by the High Court.

5. We are of the view that even on admitted facts no offence can be made out against the respondent as the dispute is entirely of civil nature which has been converted into criminal proceedings with ulterior motive. The High Court was, therefore, correct in quashment of the F.I.R. and no exception can be taken to the impugned order. Consequently, leave to appeal is refused and this petition is dismissed."

Under the circumstances, there is no need to direct the petitioners to first file a petition under Section 249-A of Cr.P.C., before the learned trial Court, which will be a futile exercise. At the most, it was a case of civil nature for the recovery of amount in question but the complainant malafidely lodged the FIR. It is a fit case to exercise the discretion of this Court in favour of the petitioners.

7. In the light of above, this petition is **allowed** and the impugned FIR No. 1783 dated 12.08.2023 registered at Police Station Cantt, Sialkot offence under Section 406 of PPC is hereby quashed.

(Y.A.) Petition allowed.

PLJ 2024 Cr.C. 449 (DB)

[Lahore High Court, Lahore]

Present: MALIK SHAHZAD AHMAD KHAN AND FAROOQ HAIDER, JJ

Mst. SHABANA KAUSAR--Appellant

versus

STATE--Respondent

Crl. A. No. 44164-J & M.R No. 118 of 2021, decided on 17.10.2023.

Pakistan Penal Code, 1860 (XLV of 1860)--

----Ss. 302/363--Qatl-i-amd--FIR registered--Supplementary statement--Recovery of the dead body--No direct evidence--Circumstantial evidence--Motive--Confession before police--Extra judicial confession--Medical evidence--DNA--Safe custody--Acquittal of--Complainant expressed his apprehension that someone had abducted his minor daughter, therefore, he lodged FIR u/S. 363 PPC, against unknown accused got recorded his supplementary statement on the same day--Appellant was arrested in this case--Appellant made disclosure and led to the recovery of the dead body of minor--There is no direct evidence and prosecution case hinges upon the circumstantial evidence--Appellant was admittedly the 3rd wife of complainant (PW-1)--Allegation against the appellant is that she committed the murder of minor aged about 06 years, who was the daughter from the 2nd wife of the complainant--No other witness of the prosecution including the parents of the deceased has stated the abovementioned motive while appearing in the witness box--Alleged confession of the appellant before the police while in custody qua the abovementioned second alleged motive is inadmissible in evidence--Motive alleged by the prosecution has not been proved--Appellant made extrajudicial confession before them, whereas, the other prosecution witness stated during his cross-examination that accused (appellant) was arrested by the police--At the date and time of alleged extrajudicial confession of the appellant--The appellant was already arrested by the police--There was no occasion for the appellant for making extrajudicial confession--Police officer is not a medical expert therefore, regarding the medical evidence, opinion of the Medical Officer is to be given preference--Medical Officer did not notice any injury on the entire body of minor (deceased) including her neck to establish that she was strangulated--Case of death of the deceased in this case was suffocation--Medical evidence has not supported the prosecution case--Room from where the dead body of minor Anaya Fatima was recovered was not under the exclusive possession of the appellant rather the same was also under the use of the complainant and the 3rd wife of the complainant--Wherefrom the dead body

was recovered was jointly owned, possessed and used by the complainant, his brother and three wives of the complainant--According to the evidence of Dr. (PW-6) the dead body was at the advance stage of putrifications as the same was swollen, skin was peeling off, small and large guts were coming out of genital orifice, the body colour was greenish black and foul small was also coming out of the dead body--PW-2 who is second wife of the complainant has made the appellant a scapegoat in this case of unseen occurrence due to her (appellant's) love marriage with the complainant as his third wife--The nylon sack was sent to PFSA after its recovery on the alleged pointing out and picking up of the said sack by the appellant--Neither nail swabs of the minor deceased nor hair recovered from the clothes of the deceased matched with the DNA profile of the appellant--Matching of the abovementioned swabs with the DNA profile of the appellant is of no avail to the prosecution--Recovery of the nylon sack (P-1) and its safe custody is also doubtful in this case--Safe custody of nylon sack (P-1) from stated place of recovery till its receipt in the office of PFSA has not been proved--If there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused--Prosecution has failed to prove its case against the appellant beyond the shadow of doubt--Set-aside her conviction and sentences recorded by the trial Court and acquit her of the charge by extending her the benefit of doubt.

[Pp. 452, 453, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465 & 466] A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X

Date of hearing: 17.10.2023.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall decide Criminal Appeal No. 44164-J of 2021, filed by *Mst.* Shabana Kausar appellant (through jail) against her conviction and sentence and Murder Reference No. 118 of 2021, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to *Mst.* Shabana Kausar (appellant). We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 28.06.2021 passed by the learned Sessions Judge, Hafizabad.

2. The appellant, namely, *Mst.* Shabana Kausar was tried in case FIR No. 486 dated 06.08.2020 registered at Police Station Sadar District Hafizabad, offences under Sections 363/302/201 of, PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 28.06.2021 has convicted and sentenced *Mst.* Shabana Kausar (appellant) as under: -

> ***Under Section 302(b), PPC*** *to 'Death' as Ta'zir for committing Qatl-i-Amd of minor Anaya Fatima (deceased). She was also ordered to pay Rs. 24,00,000/-(Rupees twenty four hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr.P.C., recoverable as arrears of land revenue and in default thereof, to further undergo simple imprisonment for six months.*

Under Section 201, PPC *to undergo 07 years R.I with fine of Rs. 100,000/-and in default thereof, to further undergo simple imprisonment for three months.*

3. Initially on the complaint (Exh.PA) of Liaqat Ali complainant (PW-1), FIR (Exh.PA/1) was lodged for offence under Section 363 of PPC, with the averments that he (Complainant) was resident of Ahmadpur Chatha District Hafizabad and an agriculturist by profession. On 05.08.2020 at 04:00 p.m., his (complainant's) daughter, namely, Anaya Fatima (deceased) aged about 06 years along with her mother, namely, *Mst.* Nabeela Bibi (PW-2) went to the cattle shed, where real brother of the complainant, namely, Riasat Ali (PW-4) was residing. *Mst.* Nabeela Bibi (PW-2) returned to her house after taking meat from the freezer, whereas, daughter of the complainant, namely, Anaya Fatima (deceased) kept on playing there. Minor Anaya Fatima (deceased) did not return to her house for some time, whereupon, the complainant along with Awais Babar (PW-3) and Tariq Hussain (given up PW) started to trace her out but she could not be found. The complainant expressed his apprehension that some one had abducted his minor daughter, therefore, he lodged FIR (Ex.PA/1) under Section 363, PPC, against unknown accused.

After registration of the FIR (Exh.PA/1) on 06.08.2020, Liaqat Ali complainant (PW-1) got recorded his supplementary statement (Exh.PB) on the same day *i.e.*, on 06.08.2020 by alleging that he (complainant) was standing in front of his '*havaili'* in order to trace out minor Anaya Fatima and in the meanwhile, his (complainant's) brother, namely, Riasat Ali (PW-4) and his (complainant's) nephew, namely, Awais Babar (PW-3) came there, one after the other, who told the complainant that second wife of the complainant, namely, *Mst.* Shabana alias Rani (appellant) confessed before them (PW-3 & PW-4) that she (appellant) had committed the murder of minor Anaya Fatima and had hidden her dead body. She (appellant) requested them (PW-3 & PW-4) to get herself pardoned.

The complainant also introduced the motive through the aforementioned supplementary statement/application (Exh.PB), while stating that his second wife, namely, *Mst.* Shabana Kausar (appellant) used to quarrel with his first wife, namely, *Mst.* Nabeela (PW-2) (real mother of minor Anaya Fatima

deceased) and that was the motive behind the occurrence. On the basis of aforementioned supplementary statement/application (Exh.PB), offences under Sections 302/201 of, PPC were added in this case.

4. *Mst.* Shabana Kausar (appellant) was arrested in this case on 06.08.2020 by Hafiz Ghulam Shabbir, Sub Inspector (PW-10). On 06.08.2020, appellant made disclosure and led to the recovery of the dead body of minor Anaya Fatima (deceased) *vide* recovery memo. (Exh.PC). After completion of investigation, report under Section 173 of Cr.P.C., was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 12.11.2020 to which she pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced twelve witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PP).

6. The statement of *Mst.* Shabana Kausar (appellant) under Section 342 of Cr.P.C. was recorded by the learned trial Court. *Mst.* Shabana Kausar (appellant) refuted the allegations levelled against her and professed her innocence.

The appellant neither opted to make her statement on oath as envisaged under Section 340 (2), Cr.P.C., nor produced any evidence in her defence.

The learned trial Court *vide* its judgment dated 28.06.2021 found *Mst.* Shabana Kausar (appellant) guilty, convicted and sentenced her as mentioned and detailed above.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and she has falsely been implicated in this case by the complainant party being in league with the local police; that *Mst.* Nabeela Bibi (PW-2) who is second wife of the complainant and real mother of the minor deceased was annoyed with the appellant due to her love marriage with the complainant as his third wife therefore, she (*Mst.* Nabeela Bibi PW-2) with the help of her other family members has made the appellant a scapegoat in this unseen occurrence; that the prosecution case hinges upon a very weak and unreliable circumstantial evidence; that no motive was alleged by the

complainant in the contents of the FIR and the motive subsequently introduced by the prosecution through supplementary statement of the complainant has not been proved in this case through any reliable evidence; that evidence regarding the alleged extrajudicial confession of the appellant made before Awais Babar (PW-3) and Riasat Ali (PW-4) is also not worthy of reliance because according to the statements of the abovementioned witnesses, *Mst.* Shabana Kausar (appellant) made extrajudicial confession before them on 06.08.2020 at 03:30 p.m., whereas, according to the statement of Liaqat Ali complainant (PW-1), the appellant was arrested in this case by the police on 06.08.2020 at 12:00 noon and as such, at the time and date of alleged extrajudicial confession of the appellant before the abovementioned PWs, she was already in police custody; that both the abovementioned witnesses of extrajudicial confession have admitted that they did not try to apprehend the appellant at the time of making of extrajudicial confession which is against the natural human conduct; that it is a common practice in our society that the evidence of extrajudicial confession is usually concocted by the prosecution in the cases of unseen occurrences to strengthen its weak case; that medical evidence has not supported the prosecution case because according to the prosecution case, *Mst.* Shabana Kausar (appellant), before committing the murder of minor Anaya Fatima (deceased), gave beating to her and also threw her on the ground but Dr. Anam Zafar (PW-6) did not notice any injury on the entire body of the minor deceased; that according to the prosecution case, the appellant committed the murder of minor Anaya Fatima while putting her head in a water bucket but no water bucket has been recovered in this case; that the recovery of dead body on pointing out of the appellant from the almirah of her house is also not reliable because in the same house, Liaqat Ali complainant (PW-1), as well as, *Mst.* Nabeela Bibi (PW-2), Riasat Ali (PW-4) and other family members were also residing; that key of the abovementioned almirah was not produced by the appellant therefore, the locks were broken to recover the dead body of minor Anaya Fatima (deceased); that positive report of PFSA regarding presence of DNA profile of the appellant on the nylon sack, wherefrom the dead body of minor Anaya Fatima was recovered, is of no avail to the prosecution because the said nylon sack was sent to the office of PFSA after the appellant was forced to get recovered and pick the said sack from the almirah of her house; that safe

custody of the abovementioned sack has also not been proved in this case; that even otherwise, mere recovery of dead body on pointing out of the appellant, by itself, is not sufficient to sustain conviction of the appellant under the capital charge in absence of other reliable corroborative evidence; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and she may be acquitted from the charges.

8. On the other hand, it is contended by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has produced convincing and reliable circumstantial evidence against the appellant therefore, she was rightly convicted and sentenced by the learned trial Court; that motive of the prosecution has also been proved in this case through trustworthy evidence of the prosecution witnesses who stated that the appellant committed the murder of minor Anaya Fatima as she (appellant) used to quarrel with the mother of the minor deceased and it was also brought on the record that minor Anaya Fatima used to break and steal away the toys of the son of the appellant and due to this grudge, she (appellant) committed her murder; that according to the inquest report (Exh.PK), there were injuries on the body of minor Anaya Fatima (deceased) and clotted blood was also present in the ears and nostrils of the deceased which supports the prosecution case that minor Anaya Fatima (deceased) was firstly beaten by the appellant and thereafter, she was murdered by her; that recovery of dead body of minor Anaya Fatima (deceased) on pointing out of the appellant from the almirah situated in her room is a very strong piece of corroborative evidence against the appellant and the said evidence could not be shaken during the cross-examination of the witnesses of abovementioned recovery; that the positive report of PFSA (Exh.PF/3) regarding the presence of DNA profile of the appellant on the nylon sack wherefrom the dead body of minor Anaya Fatima (deceased) was recovered has further corroborated the prosecution case against the appellant; that the appellant also made extrajudicial confession before Awais Babar (PW-3) and Riasat Ali (PW-4) and the obliging statement of Liaqat Ali complainant (PW-1), who is also the husband of the appellant, regarding the time of arrest of the appellant is of no avail to the appellant because Hafiz Ghulam Shabbir Sub

Inspector/I.O (PW-10) has categorically stated that the appellant was arrested on 06.08.2020 at 05:30 p.m.; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

9. Arguments heard. Record perused.

10. The detail of the prosecution case as set forth by the complainant in the FIR (Exh.PA/1) and in the supplementary statement/application of the complainant (Exh.PB), has already been given in para No. 3 of this judgment therefore, there is no need to repeat the same.

11. Since there is no direct evidence and prosecution case hinges upon the circumstantial evidence, therefore, utmost care and caution is required for reaching at a just decision of the case. It is settled by now that in such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused. But if any link in the chain is missing then its benefit must go to the accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as *'Ch. Barkat Ali vs. Major Karam Elahi Zia and another '* (1992 SCMR 1047), *'Sarfraz Khan vs. The State'* (1996 SCMR 188) and *'Asad ullah and another vs. The State'* (PLJ 1999 SC 1018). In the case of *"Ch. Barkat Ali"* (supra), the august Supreme Court of Pakistan, at page 1055, observed as under:

> *"... Law relating to circumstantial evidence that proved circumstances must be incompatible with any reasonable hypothesis of the innocence of the accused. See 'Siraj vs. The Crown' (PLD 1956 FC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the accused."*

In the case of "Sarfraz Khan (supra), the august Supreme Court of Pakistan, at page 192, held as under:

> *"7 .... It is well settled that circumstantial evidence should be so inter-connected that it forms such a continuous chain that its one end touches*

the dead body and other neck of the accused thereby excluding all the hypothesis of his innocence."

Further reliance in this context is placed on the case of *'Altaf Hussain vs. Fakhar Hussain and another'* (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as under:-

"7 .... Needless to emphasis that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the neck of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain."

Keeping in view the parameters, laid down in the above-mentioned judgments, we proceed to decide this case.

12. It is noteworthy that *Mst.* Shabana Kausar (appellant) was admittedly the 3rd wife of Liaqat Ali complainant (PW-1). Allegation against the appellant is that she committed the murder of minor Anaya Fatima aged about 06 years, who was the daughter from the 2nd wife of the complainant, namely, *Mst.* Nabeela Bibi (PW-2). On the other hand, it is stance of learned counsel for the appellant that *Mst.* Nabeela Bibi (PW-2) who is second wife of the complainant and real mother of the minor deceased was annoyed with the appellant due to her love marriage with the complainant as his third wife, therefore, the appellant has been made a scapegoat in this case of unseen occurrence. We have noted that in order to prove its case, the prosecution has produced different pieces of circumstantial evidence.

i) Motive.

ii) Evidence of extrajudicial confession of the appellant before Awais Babar (PW-3) & Riasat Ali (PW-4).

iii) Medical Evidence & reports of PFSA regarding visceras of the deceased.

iv) Recovery of dead body of minor Anaya Fatima on pointing out of the appellant.

v) DNA test report.

I. Motive.

13. Insofar as the motive part of the prosecution case is concerned, it is noteworthy that no motive whatsoever, was alleged in the contents of the FIR (Exh.PA/1) which was lodged on the next day of the occurrence as the occurrence in this case took place on 05.08.2020, whereas, the FIR (Exh.PA/1) was lodged against unknown accused on 06.08.2020. Liaqat Ali complainant (PW-1) however, introduced motive through his supplementary statement which was made on the day of registration of FIR, *i.e.*, on 06.08.2020, wherein he alleged that his 3rd wife, namely, *Mst.* Shabana Bibi (appellant) used to quarrel with his 2nd wife, namely, *Mst.* Nabeela Bibi (PW-2) and due to this grudge, *Mst.* Shabana Kausar (appellant) committed the murder of minor Anaya Fatima. It is an admitted fact that *Mst.* Nabeela Bibi (PW-2) has also a son from her wedlock with the complainant apart from minor Anaya Fatima (deceased) therefore, if the appellant wanted to teach a lesson to *Mst.* Nabeela Bibi (PW-2) due to the abovementioned grudge, then her son should have been the target of the appellant. It is also an admitted fact that the appellant has herself a son from the abovementioned wedlock. We have further noted that in order to prove the abovementioned alleged motive, the star witness in this case was *Mst.* Nabeela Bibi (PW-2) but while appearing in the witness box, said *Mst.* Nabeela Bibi (PW-2) did not utter a single word regarding the abovementioned motive that the appellant ever quarreled with her. It is true that Liaqat Ali complainant (PW-1) while appearing in the witness box has stated that the appellant used to quarrel with his other wife, namely, *Mst.* Nabeela (PW-2) but if the abovementioned subsequently introduced motive is presumed to be correct then, under the circumstances, it was *Mst.* Nabeela Bibi (PW-2), who should have been the prime target of the appellant. There is no allegation by Liaqat Ali complainant (PW-1) or by any other family member of the complainant party that minor Anaya Fatima ever teased or quarreled with the appellant. We have further noted that Hafiz Ghulam Shabbir, Sub Inspector (PW-10), who was the Investigating Officer of this case, stated that the appellant confessed before him (while in custody) that as minor Anaya Fatima deceased used to come to her room and break, as well as, steal the toys of her son therefore, she committed her murder but as mentioned earlier, no other witness of the prosecution including the

parents of the deceased has stated the abovementioned motive while appearing in the witness box. Furthermore, the alleged confession of the appellant before the police while in custody qua the abovementioned second alleged motive is inadmissible in evidence. Moreover, the prosecution evidence qua the motive is self-contradictory because Liaqat Ali complainant (PW-1) alleged the motive of quarrel of the appellant with his second wife, whereas, Hafiz Ghulam Shabbir Inspector (PW-10) alleged a different motive of breaking and stealing of toys of the son of the appellant by the minor deceased. We are therefore, of the view that the motive alleged by the prosecution has not been proved in this case.

II. EVIDENCE OF EXTRAJUDICIAL CONFESSION.

14. Insofar as the evidence of extrajudicial confession of *Mst.* Shabana Kausar (appellant) before Awais Babar (PW-3) and Riasat Ali (PW-4) is concerned, we have noted that both the abovementioned witnesses stated that on 06.08.2020 they were present in the house of Riasat Ali (PW-4). In the meanwhile, *Mst.* Shabana Kausar (appellant) came there and made extrajudicial confession that she had committed the murder of minor Anaya Fatima and she could get recovered her dead body. No time, date and place were mentioned by the abovementioned prosecution witnesses that as to when and where the appellant committed the murder of minor Anaya Fatima, according to her extrajudicial confession. Even the manner of occurrence was not disclosed by the abovementioned witnesses of extrajudicial confession that as to how the appellant committed the murder of minor Anaya Fatima deceased. We have further noted that the abovementioned prosecution witnesses were closely related to the complainant being maternal nephew and real brother of the complainant, respectively. They were two male adult members of the complainant party. On the other hand, *Mst.* Shabana Kausar (appellant) was alone and she was a female but both the abovementioned prosecution witnesses did not try to apprehend the appellant so that she may be handed over to the complainant or to the police. Statement of Awais Babar (PW-3) in this respect reads as under:-

> *"After alleged extrajudicial confession by Shabana Kausar, I and Riasat Ali did not try to catch her."*

The conduct of abovementioned witnesses is highly unnatural. It is also noteworthy from the statements of abovementioned witnesses of extrajudicial confession that the appellant made extrajudicial confession before them on 06.08.2020 at 03:30 p.m., whereas, the other prosecution witness, namely, Liaqat Ali complainant (PW-1) stated during his cross-examination that Shabana Kausar accused (appellant) was arrested by the police on 06.08.2020 at 12:00 noon. Relevant parts of the statements of the abovementioned witnesses in this respect read as under:

Awais Babar (PW-3).

> *"On 06.08.2020, I and Riasat Ali PW were sitting in verandah of Riasat Ali's House. Shabana Kausar accused came to us at about 03:30 p.m."*

Riasat Ali (PW-4).

> *"Shabana Kausar accused came to us at about 03:00/03:30/04:00 p.m."*

Liaqat Ali complainant (PW-1).

> *"Shabana Kausar accused was arrested by police on 06.08.2020 at about 12:00 noon."*

It is therefore, evident that at the date and time of alleged extrajudicial confession of the appellant given by Awais Babar (PW-3) and Riasat Ali (PW-4), the appellant was already arrested by the police, therefore, there was no occasion for the appellant to go to the house of Riasat Ali (PW-4) for making extrajudicial confession.

It is true that Hafiz Ghulam Shabbir Sub-Inspector/I.O (PW-10) has stated that *Mst.* Shabana Kausar (appellant) was arrested by him on 06.08.2020 at 05:30 p.m., but even regarding the time of arrest of the appellant, the prosecution evidence is self-contradictory because Liaqat Ali complainant (PW-1) has himself stated that the appellant was arrested by the police on 06.08.2020 at 12:00 noon. He was not got declared hostile by the prosecution. The prosecution has been heavily relying upon his other evidence qua the motive and recovery of dead body of the deceased. Furthermore, it is by now well settled that if a fact is capable of two interpretations then one favourable to the accused is to be

accepted. Liaqat Ali (PW-1) is the complainant of this case and he categorically mentioned the fact regarding the arrest of the appellant by the police as 06.08.2020 at 12:00 noon. Under the circumstances, there was no chance with the appellant to make extrajudicial confession before Awais Babar (PW-3) and Riasat Ali (PW-4) on 06.08.2020 at 03:30 p.m., when according to the statement of the complainant, she was already arrested by the police on 06.08.2020 at 12:00 noon. Moreover, it is by now well settled that evidence of extrajudicial confession is a weak type evidence which can easily be procured in the cases of unseen occurrence to strengthen the weak prosecution case. Reliance in this respect may be placed on the case of *'Mst. Asia Bibi vs. The State and others'* (PLD 2019 Supreme Court 64), wherein it was held as under:

> *"…. In this regard it is to be noted that this Court has repeatedly held that evidence of extra-judicial confession is a fragile piece of evidence and utmost care and caution has to be exercised in placing reliance on such a confession. It is always looked at with doubt and suspicion due to the ease with which it may be concocted. The legal worth of the extra-judicial confession is almost equal to naught, keeping in view the natural course of events, human behaviour, conduct and probabilities, in ordinary course."*

Similar view has been taken by the Hon'ble Supreme Court of Pakistan in the cases reported as *'Sarfraz Khan vs. The State and 2 others'* (1996 SCMR 188), *'Sajid Mumtaz and others vs. Basharat and others'* (2006 SCMR 231) & *'Hamid Nadeem vs. The State'* (2011 SCMR 1233).

Keeping in view all the abovementioned circumstances, we are of the view that evidence of extrajudicial confession brought on the record by the prosecution through Awais Babar (PW-3) and Riasat Ali (PW-4) is not worthy of reliance.

III. MEDICAL EVIDENCE and PFSA REPORTS RGARDING VISCERAS OF THE DECEASED.

15. Insofar as the medical evidence of the prosecution case is concerned, we have noted that according to the prosecution case, *Mst.* Shabana Kausar (appellant) committed the murder of minor Anaya Fatima after giving her beating, throwing her on the ground and drowning her head in a water bucket.

Medical evidence does not show the presence of any water in the lungs or in the stomach or in any other organ of the deceased. Likewise, no mark of violence was noted on the entire body of the deceased by the Medical Officer to support the prosecution case that the appellant first gave beating to the minor deceased, threw her on the ground and thereafter, committed her murder. Although learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant has argued that as per inquest report (Exh.PK), there were injuries on the neck and head of the minor deceased and there was also clotted blood in the nostrils and ears of the minor deceased but as mentioned earlier, no such injury or clotted blood on the entire body of the deceased was noticed by Dr. Anam Zafar (PW-6) at the time of her postmortem examination. It is by now well settled that the police officer is not a medical expert therefore, regarding the medical evidence, opinion of the Medical Officer is to be given preference.

Learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant has further argued that according to the final opinion of the Medical Officer, the cause of death of the minor deceased was suffocation but we have noted that even the said opinion does not support the prosecution case because according to the prosecution evidence the cause of death of the minor deceased was drowning and not suffocation as according to the prosecution case, the appellant committed the murder of minor Anaya Fatima while putting her head in the water bucket. It is further noteworthy that the Medical Officer did not notice any injury on the entire body of minor Anaya Fatima (deceased) including her neck to establish that she was strangulated by the appellant. We have further noted that initially, the Medical Officer kept her opinion pending regarding the cause of death of the deceased till the receipt of PFSA report. Relevant part of her statement in this respect reads as under:

> *"Nothing could be said at the time of postmortem examination, hence, final opinion was with-held till the receipt of reports of viscera from PFSA."*

However, after the receipt of the report of PFSA, she gave the abovementioned opinion that the cause of death of the deceased in this case was suffocation. We are unable to understand that as to how the Medical Officer has given the abovementioned opinion when she did not note any injury on the neck of the

deceased and kept her opinion pending till the receipt of report of PFSA regarding visceras of the deceased and when nothing incriminating was detected in the visceras of the deceased or mentioned in the report of PFSA (Exh.PF/3).

Keeping in view all the abovementioned facts, we have come to this irresistible conclusion that the medical evidence has not supported the prosecution case.

IV. RECOVERY OF DEAD BODY OF THE DECEASED ON POINTING OUT OF THE APPELLANT.

16. Insofar as the recovery of dead body of the deceased on pointing out of the appellant from the almirah situated in her residential room is concerned, we have noted that *Mst.* Nabeela Bibi (PW-2) has categorically stated that she was also living in the house of the complainant, where *Mst.* Shabana Kausar (appellant) was residing however, she (PW-2) was living on the 1st floor, whereas, *Mst.* Shabana Kausar (appellant) was living on the ground floor. She further stated that the said house was jointly owned by the complainant and his brother Riasat Ali (PW-4). Relevant part of her statement in this respect is reproduced hereunder for ready reference:-

> *"I and Shabana Kausar accused had been living in the same house with the complainant i.e. I on first floor while Shabana Kausar accused on ground floor of the house while Mst. Safia Bibi lives in the Haveli of complainant. Distance between the house and Haveli of the complainant is one Acre. The said Haveli and houses are co-owned by complainant Liaqat and his brother Riasat Ali PW."*

Mst. Nabeela Bibi (PW-2) also stated during her cross-examination that 3rd wife of the complainant, namely, *Mst.* Safia Bibi also used to use the household articles of Liaqat Ali complainant, kept in his room. She further clarified that household articles of Liaqat Ali complainant lying in the room of *Mst.* Shabana Kausar accused (appellant) were also used by *Mst.* Shafia Bibi, the other wife of the complainant. Relevant part of her statement in this respect reads as under:-

> *"The house hold articles of Liaqat Ali kept in his room were also used by Mst. Safia Bibi other wife. The house hold articles of Liaqat Ali complainant lying in the room of Shabana Kausar accused were also used by Mst. Safia Bibi other wife of complainant."*

It is therefore, evident from the perusal of the abovementioned evidence that room from where the dead body of minor Anaya Fatima was recovered was not under the exclusive possession of the appellant rather the same was also under the use of the complainant and the 3rd wife of the complainant, namely, *Mst.* Safia Bibi. It has also been brought on the record during the prosecution evidence that the abovementioned house wherefrom the dead body was recovered was jointly owned, possessed and used by the complainant Liaqat Ali (PW-1), his brother Riasat Ali (PW-4) and three wives of the complainant, namely, *Mst.* Shabana Kausar (appellant), *Mst.* Nabeela Bibi (PW-2) and third wife of the complainant, namely, *Mst.* Safia Bibi. We have further noted that almirah from where the dead body of minor Anaya Fatima was recovered while packed in a nylon sack was locked at the time of alleged recovery and key of the abovementioned lock was neither under the possession of the appellant nor the same was produced before the police by the appellant. According to the prosecution's own case, locks of the abovementioned almirah were broken and thereafter, sack containing dead body of the minor deceased was recovered from the said almirah. Abovementioned fact also shows that the almirah was not under the exclusive possession of the appellant.

It is also important to note that according to the evidence of Dr. Anam Zafar (PW-6) the dead body was at the advance stage of putrifications as the same was swollen, skin was peeling off, small and large guts were coming out of genital orifice, the body colour was greenish black and foul small was also coming out of the dead body. Relevant part of the evidence of Dr. Anam Zafar (PW-6) is reproduced hereunder for ready reference:

> *"The dead body was foul smelling. Eyes and tongue protruded. Body was swollen. Skin was peeling off. Small gut and large gut coming out of genital orifices. The colour of dead body was greenish black. No sign of any physical assault and torture."*

Under the circumstances, it is not understandable that if a putrified body of advance stage was lying inside the residential room of a house and foul smell was also coming from the said dead body then as to why the presence of said foul smell and dead body in the house was not noticed by any other member of the complainant party, specially by the complainant who was living in the same

room along with the appellant being her husband wherefrom the dead body of the deceased was recovered. Moreover, mother of the deceased, namely, *Mst.* Nabeela Bibi (PW-2) was also living in the upper story of the same house and she admitted that third wife of the complainant, namely, *Mst.* Safia used to use the household articles lying in the room of the appellant. She also admitted that the house of recovery of dead body of the deceased was jointly owned by her husband Liaqat Ali (PW-1) and his brother Riasat Ali (PW-4). None of them stated that they ever felt any foul smell in the abovementioned house/room. All these facts have also created doubt about the prosecution evidence qua the recovery of dead body of the deceased from the abovementioned place.

Moreover, we have already disbelieved the prosecution evidence of extrajudicial confession, medical evidence and motive therefore, the appellant cannot be convicted and sentenced merely on the basis of alleged recovery of dead body of the deceased on her pointing out which is only a corroborative piece of evidence. Reference in this respect may be made to the case of *"Muhammad Aslam vs. Muhammad Shafique and another"* (2004 SCMR 197), wherein the Hon'ble Supreme Court of Pakistan at page Nos. 443 and 444 was pleased to observe as under:

> *"It is reflected from the record that dead body of the deceased was found from the house at the pointation of respondent No. 1 Muhammad Shafique which was in joint possession of the parties.* ***There is no evidence on record that the house was in his exclusive possession. Apart from this, there is no incriminating evidence against respondent No. 1 except that the dead body was recovered at his pointation****. In these circumstances, since there is no other incriminating material available on record against respondent No. 1 and the learned counsel for the petitioner in spite of our repeated queries has failed to point out any legal infirmity in the impugned judgment, warranting interference by this Court. Resultantly for the foregoing discussion, the instant petition being without any force is dismissed and leave refused."*

(Underlining and bold is supplied for emphasis).

Similarly in the case of *"Abdul Mateen vs. Sahib Khan and others"* (PLD 2006 Supreme Court 538), at page 543, the following dictum was laid down by the Hon'ble Supreme Court of Pakistan:

> *"It is a settled law that, even if recovery is believed, it is only corroborative. When there is no evidence on record to be relied upon, then there is nothing which can be corroborated by the recovery as law laid down by this Court in Saifullah's case 1985 SCMR 410."*

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the cases of *"Muhammad Yaqub vs. The State"* (1971 SCMR 756), and *"Nek Muhammad and another vs. The State"* (PLD 1995 Supreme Court 516).

V. DNA TEST REPORT.

17. It is true that as per DNA test report (Exh.PF/3) DNA profile of swabs taken from the neck of nylon sack, wherefrom the dead body of minor deceased was recovered, have matched with the DNA profile of the appellant however, the said swabs contained the DNA profile of at least three individuals. We have further noted that it is claim of learned counsel for the appellant that *Mst.* Nabeela Bibi (PW-2) who is second wife of the complainant has made the appellant a scapegoat in this case of unseen occurrence due to her (appellant's) love marriage with the complainant as his third wife. It is also argued by learned counsel for the appellant that in fact, the appellant was forced by the complainant party to pick up the nylon sack lying in the almirah of the joint house of the parties. We have however, noted that it is not a case where the articles were recovered and sent to the PFSA for DNA test without touching the said articles by the accused. In that case the positive DNA report may be relevant but in the instant case, the nylon sack was sent to PFSA after its recovery on the alleged pointing out and picking up of the said sack by the appellant. It is further noteworthy that neither nail swabs of the minor deceased nor hair recovered from the clothes of the deceased matched with the DNA profile of the appellant. Under the circumstances, there is force in the argument of learned counsel for the appellant that as the appellant was forced to get nylon sack recovered from her house after picking the same and the nylon sack was sent to PFSA after its

recovery therefore, matching of the abovementioned swabs with the DNA profile of the appellant is of no avail to the prosecution.

It is further noteworthy that recovery of the nylon sack (P-1) and its safe custody is also doubtful in this case because there is nothing on record to show that parcel of nylon sack (P-1), was prepared at the spot at the time of its alleged recovery. It is case of the prosecution through Muhammad Arshad (PW-5) that the abovementioned nylon sack along with last worn clothes of the deceased, etc was handed over to the police by the Medical Officer after conducting the postmortem examination on the dead body of Anaya Fatima (deceased) and at that time its parcel was prepared but the Medical Officer (Dr. Anam Zafar PW-6) has not stated that she handed over the nylon sack (P-1) to the police after postmortem examination on the dead body of the deceased though she stated about handing over of last worn clothes of the deceased etc. The abovementioned fact was also not mentioned in the postmortem report of the deceased (Exh.PF) that the Medical Officer, after postmortem examination, handed over nylon sack (P-1) to the police. Under the circumstances, safe custody of nylon sack (P-1) from stated place of recovery till its receipt in the office of PFSA has not been proved in this case therefore, no reliance can be placed on the abovementioned positive report of PFSA (Exh.PF/3), as observed by the Hon'ble Supreme Court of Pakistan in the cases reported as *'The State through Regional Director ANF vs. Imam Bakhsh and others'* (2018 SCMR 2039) & *'Abdul Ghani and others vs. The State and others'* (2019 SCMR 608).

18. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the prosecution story. In the case of *"Tariq Pervez vs. The State"* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:

> *"5……..The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating*
>
> *doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."*

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *"Muhammad Akram vs. The State"* (2009 SCMR 230), at page 236, observed as under:-

> *"13……..It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."*

19. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept Criminal Appeal No. 44164-J of 2021 filed by *Mst.* Shabana Kausar appellant, set aside her convictions and sentences recorded by the learned trial Court and acquit her of the charges by extending her the benefit of doubt. Resultantly, Murder Reference No. 118 of 2021 is answered in the negative. The appellant *Mst.* Shabana Kausar is in custody, she be released from the jail forthwith if not required to be detained in any other case.

(K.Q.B.) Appeal accepted.

2023 M L D 1769

[Lahore]

Before Malik Shahzad Ahmad Khan, J

MURTAZA alias MURTI and another---Appellants

Versus

THE STATE---Respondent

Criminal Appeal No. 78948-J of 2019, decided on 23rd November, 2022.

(a) Criminal trial---

----Injured witness---Scope---Mere injuries on the bodies of the prosecution witnesses do not mean that they are stating the whole truth and their evidence is to be relied upon or discarded while keeping in view the other facts and circumstances of a particular case.

Muhammad Pervez and others v. The State and others 2007 SCMR 670 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b), 324, 148 & 149---Qatl-i-amd, attempt to commit qatl-i-amd, rioting armed with deadly weapons, unlawful assembly---Appreciation of evidence---Benefit of doubt---Ocular account and medical evidence---Contradiction---Accused were charged that they along with their co-accused made firing upon the complainant party, due to which, father, brother and uncle of the complainant were hit and died while three other persons sustained injuries---Ocular account of the prosecution was furnished by complainant and two other witnesses---There was conflict between the ocular account as set forth in the FIR and statements of the said witnesses recorded by the police and medical evidence brought on the record by the prosecution through Medical Officers---According to the contents of the FIR accused made a fire shot with his 44 bore rifle, which landed on the right side of the head of brother of complainant/deceased and made its exit from the other side but according to the evidence of Medical Officer in post mortem report injury No.2 on the right side of the head was an exit wound whereas injury No.1, which was an entry wound, was on the left side of head of deceased---Other accused was assigned the role of making first fire shot which landed on the right side of the chest of deceased/father of complainant and thereafter he made second fire shot, which landed near the right armpit of the said deceased---Although, there was an entry wound on the right side of the chest of deceased i.e. injury No.3 but injury under the right armpit of the deceased i.e. injury No.6 was an exit wound and as such there was also conflict between the ocular account of the

prosecution as mentioned in the FIR, in the statements of the prosecution witnesses recorded by the police and in the medical evidence, which had created doubt in the prosecution case---Circumstances established that the prosecution had failed to prove its case against the accused persons beyond any shadow of doubt--- Appeal against conviction was allowed, in circumstances.

Saeedullah Khan v. The State 1986 SCMR 1027 and Muhammad Ashraf v. The State 2000 PCr.LJ 2021 ref.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 324, 148 & 149---Qatl-i-amd, attempt to commit qatl-i-amd, rioting armed with deadly weapons, unlawful assembly---Appreciation of evidence---Benefit of doubt---Dishonest improvements made by the witnesses---Accused were charged that they along with their co-accused made firing upon the complainant party, due to which, father, brother and uncle of the complainant were hit and died while three other persons sustained injuries---In the present case, in order to bring their evidence in line with the medical evidence, the complainant and the witnesses while filing the private complaint and appearing before the Trial Court made dishonest improvements in their statements and changed the roles and seats of injuries attributed to both the accused---Said witnesses were confronted with their previous statements and dishonest improvements made by them were duly brought on the record---It was evident from the perusal of evidence that the prosecution witnesses made dishonest improvements in their statements while appearing in the witness box in order to bring their statements in line with the medical evidence---Circumstances established that the prosecution had failed to prove its case against the accused persons beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

Akhtar Ali and others v. The State 2008 SCMR 6 rel.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b), 324, 148 & 149---Qatl-i-amd, attempt to commit qatl-i-amd, rioting armed with deadly weapons, unlawful assembly---Appreciation of evidence---Benefit of doubt---Co-accused acquitted on the basis of same evidence on which accused convicted---Accused were charged that they along with their co-accused made firing upon the complainant party, due to which, father, brother and uncle of the complainant were hit and died while three other persons sustained injuries---Record showed that the complainant party implicated as many as eleven (11) accused persons in this case and out of the said eleven (11) accused, two co-accused died during the pendency of the trial before the Trial Court, whereas the remaining seven (07) accused had already

been acquitted by the Trial Court---Prosecution had conceded that no appeal against the acquittal of seven accused had been filed either by the State or by the complainant---In the given circumstances, it was to be determined by the Court as to whether the same prosecution evidence, which had been disbelieved against the co-accused could be believed against the present accused and as to whether there was any independent corroboration of the prosecution evidence against the present accused---In such respect, case of one of the co-accused (since acquitted) was at par with the case of both the present accused because the said co-accused was assigned the role of making first fire shot, which landed on the back side of the chest near neck of deceased/uncle of complainant and in the post mortem report the said injury i.e. injury No.1 was available on the back side of the chest near neck of deceased---Said co-accused was also assigned the role of making second fire shot, which landed on the left leg and knees of injured and according to the medical evidence the said injury was also available as injury No.1 on the left leg of injured but the said co-accused had been acquitted by the Trial Court, which acquittal had attained finality---Although prosecution tried to distinguish the case of both the present accused with the case of acquitted co-accused on the ground that the said co-accused was declared innocent during the police investigation whereas the present accused had been found guilty---However, police opinion after recording of evidence by the Trial Court became irrelevant and the present accused could not be convicted and sentenced merely on the basis of said opinion in absence of any other independent corroborative piece of evidence---As the prosecution evidence had already been disbelieved against seven acquitted co-accused, therefore the same evidence could not be believed against the present accused without independent corroboration, which was very much lacking in the present case---Circumstances established that the prosecution had failed to prove its case against the accused persons beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

Muhammad Ahmad (Mahmood Ahmad) and another v. The State 2010 SCMR 660; Akhtar Ali and others v. The State 2008 SCMR 6; Muhammad Akram v. The State 2012 SCMR 440; Muhammad Ali v. The State 2015 SCMR 137 and Ulfat Husain v. The State 2018 SCMR 313 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 324, 148 & 149---Qatl-i-amd, attempt to commit qatl-i-amd, rioting armed with deadly weapons, unlawful assembly---Appreciation of evidence---Benefit of doubt---Weapons of offence recovered on the pointation of the accused---Reliance---Accused were charged that they along with their co-accused made firing upon the complainant party, due to which, father,

brother and uncle of the complainant were hit and died while three other persons sustained injuries---Prosecution alleged that no weapon was recovered from the possession of the acquitted co-accused, whereas rifles were recovered from both the present accused and as such case of the present accused was distinguishable from the case of acquitted co-accused---As per Forensic Science Agency Report the empties recovered from the spot did not match with the rifle recovered on the pointation of accused---Although according to Forensic Science Agency Report two empties recovered from the spot matched with the rifle recovered from the possession of accused but the rifle was recovered from the possession of accused on 23.06.2013 whereas the empties were deposited in the office of Forensic Science Agency on 10.07.2013, which meant that the empties and rifle were kept together at police station, therefore, it was not safe to rely upon the said piece of evidence of the prosecution---Under the said circumstances, there was no independent corroboration of the prosecution case through the said alleged recoveries of weapons of offence on the pointation of the accused persons---Circumstances established that the prosecution had failed to prove its case against the accused persons beyond any shadow of doubt--- Appeal against conviction was allowed, in circumstances.

Jehangir v. Nazar Farid and another 2002 SCMR 1986; Barkat Ali v. Muhammad Asif and others 2007 SCMR 1812; Mushtaq and 3 others v. The State PLD 2008 Supreme Court 1 and Mureed Hussain v. The State through Prosecutor-General Sindh 2014 SCMR 1689 rel.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b), 324, 148 & 149---Qatl-i-amd, attempt to commit qatl-i-amd, rioting armed with deadly weapons, unlawful assembly---Appreciation of evidence---Benefit of doubt---Motive not proved---Accused were charged that they along with their co-accused made firing upon the complainant party, due to which, father, brother and uncle of the complainant were hit and died while three other persons sustained injuries---Record showed that general allegation in respect of the motive part of the prosecution case was leveled by the prosecution witnesses against the accused persons and their acquitted co-accused wherein they stated that few days earlier to the occurrence a quarrel took place between the complainant and the accused persons---Said motive was also alleged against the acquitted co-accused---No specific date, time and place of the quarrel of motive part of the occurrence had been mentioned by any prosecution witness---Moreover, the Trial Court had disbelieved the prosecution evidence qua the motive due to cogent reasons and as such there was no independent corroboration of the prosecution case against the accused with respect to the motive---Circumstances established that the prosecution

had failed to prove its case against the accused persons beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

Akhtar Hussain Bhatti for Appellants who is absent today i.e. on 23.11.2022, however his arguments have already been heard on 22.11.2022.

Nisar Ahmad Virk, Deputy Prosecutor General for the State.

Muhammad Ramzan Nadeem Channer for the Complainant.

Date of hearing: 23rd November, 2022.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No. 78948-J of 2019, filed by Murtaza alias Murti and Muhammad Abbas alias Bagu (appellants), against their convictions and sentences in private complaint, in respect of offences under sections 302/324/148 and 149, P.P.C.

2. Initially on the complaint of Muhammad Ashfaq, complainant (PW-1) case FIR No.368, dated 08.06.2013, was registered at Police Station Saddar Depalpur, District Okara, in respect of offences under sections 302/324/148 and 149, P.P.C. but later on being dissatisfied with the police investigation, Muhammad Ashfaq complainant (PW-1) filed private complaint (Exh.PB) against the appellants and nine (09) others. The learned trial Court, after observing all the pre-trial codal formalities, framed charge under sections 302, 324, 148, 149, P.P.C. against the appellants and their acquitted co-accused on 02.04.2014, to which they pleaded not guilty and claimed trial. After conclusion of the trial, the learned trial Court (Additional Sessions Judge, Depalpur) vide its judgment dated 28.11.2019, has convicted and sentenced the appellants as under:-

> Murtaza alias Murti.
>
> Under section 302(b), P.P.C. to rigorous imprisonment for life. He was also ordered to pay Rs.4,00,000/- (rupees four hundred thousand only) to the legal heirs of Abdul Razzaq (deceased) as compensation under section 544-A of Cr.P.C. and in default thereof to suffer simple imprisonment for six months.
>
> Muhammad Abbas alias Bagu.
>
> Under section 302(b), P.P.C. to rigorous imprisonment for life. He was also ordered to pay Rs.4,00,000/- (rupees four hundred thousand only) to the legal heirs of Muhammad Anwar (deceased)

as compensation under section 544-A of Cr.P.C. and in default thereof to suffer simple imprisonment for six months.

Benefit of section 382-B, Cr.P.C was also extended to the appellants.

However, vide the same judgment, co-accused namely Istafa alias Isti, Mumtaz alias Matti, Muhammad Hussain, Mustafa, Rehmat Ali, Sultan and Yasin were acquitted of the charges, whereas Allah Nawaz and Ghaffar, accused died during pendency of trial against them.

3. Brief facts of the case as given by the complainant in his private complaint (Exh.PB) are that he was employee at Army Stud Farm; that on 08.06.2013 there was marriage of one Muhammad Ikraam son of Jehangir. Muhammad Ashfaq, complainant (PW-1) along with his father Muhammad Anwar (deceased), brother Abdul Razzaq (deceased), uncle Muhammad Mushtaq (deceased), father-in-law Bashir Ahmad (given up PW), uncle Muhammad Altaf (PW-2) and cousin Safdar Hussain (PW-3), cousin Mazhar Sharif son of Shahmand (PW-8), uncle Muhammad Ishaq (given up PW) all Sial by caste were also invited on the said marriage and at about 04:00 p.m. were going by foot on road with the Barat of Ikraam towards the residence of Ahmad Ali son of Muhammad Sadiq caste Sial and when reached near Dhaari of Kumhaaran Wali, suddenly Muhammad Abbas alias Bagu (appellant), Yasin (co-accused since acquitted), Murtaza alias Murti (appellant) all armed with rifles .44 bore, Istfa alias Isti (co-accused since acquitted) armed with pump action gun .12 bore, Mustafa (co-accused since acquitted) armed with carbine .12 bore, Ghaffar (since died), Muhammad Hussain (co-accused since acquitted) persons armed with .12 bore guns, Mumtaz alias Munni (co-accused since acquitted) armed with pistol .30 bore, Allah Nawaz (co-accused since died), Rehmat Ali (co-accused since acquitted) and Sultan (co-accused since acquitted) all armed with fire arms, who all were hiding themselves besides the wall of Dhaari came in front of them. Rehmat Ali and Sultan (co-accused since acquitted) raised lalkara for teaching a lesson to Muhammad Anwar, etc. for quarreling with them upon which Muhammad Abbas alias Begu (appellant) made two fire shots with his rifle, which landed on the right and left side of chest of Muhammad Anwar (deceased) father of the complainant. Yasin (co-accused since acquitted) made fire shot with his rifle which landed on the right arm of Muhammad Anwar (deceased), who became seriously injured and fell on the ground. Murtaza alias Mufti (appellant) made fire shot with his rifle on Abdul Razzaq (deceased) brother of the complainant, which landed on the left side of his forehead. Mumtaz alias Munni (co-accused since acquitted) made fire shot with his pistol .30 bore which landed on the right thigh of Abdul Razzaq (deceased), who fell on the ground. After a while,

Muhammad Anwar, father and Abdul Razzaq, brother of the complainant succumbed to the injuries. Istfa alias Isti (co-accused since acquitted) made fire shot with his pump action gun, which landed on the back side of neck of Mushtaq Ahmad (deceased) uncle of the complainant. Second fire shot made by him landed on the left thigh of Safdar Hussain (PW-3). Ghaffar (co-accused since died) made a fire shot with his .12 bore gun which hit Bashir Ahmad (given up PW) on the left side of his chest. Muhammad Hussain (co-accused since acquitted) made a fire shot with .12 bore gun which landed at the right thigh of Muhammad Altaf (PW-2). Mustafa (co-accused since acquitted) made a fire shot with his carbine, which landed at the right thigh of Safdar Hussain (PW-3). Accused persons made indiscriminate firing due to which Yasin (co-accused since acquitted) also sustained minor injuries.

The motive behind the occurrence was that a few days prior to the occurrence a quarrel took place between the complainant party and the accused persons. Complainant party disgraced the accused persons, who nursed the grudge and on the day of occurrence when the complainant party was going with the Barat of Muhammad Ikraam and when they reached near Kumhaaran Wali Dhaari the accused persons who were sitting in ambush committed the occurrence.

4. In order to prove its case, the prosecution produced nine witnesses during the trial, whereas statements of seven CWs were also got recorded. The prosecution also produced documentary evidence in the shape of Exh.PA to Exh.PW and Exh.CW-1/A to Exh.CW-4/T/1.

5. The statements of the appellants and their co-accused under section 342 of Cr.P.C. were recorded. The appellants, refuted the allegations levelled against them and professed their innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" the appellants replied as under:-

> Ghulam Murtaza alias Marti
>
> "All the PWs are related inter se and with the deceased of this case. None of the independent person had supported false prosecution version. The alleged injured made their statements after considerable delay, which was an afterthought and concocted. During the course of investigation, the prosecution version was found false and baseless. During the course of investigation it was concluded by the I.O that the occurrence had not taken place in the manner as stated by the prosecution. Abdul Razzaq deceased of this case made fires in the Barat and one fire hit to Yasin accused of this case, upon which Ghafar

accused (since dead) also emerged at the spot and the Baraties and the said Ghafar exchanged indiscriminate firing inter-se which resulted into this occurrence. Neither I nor the other co-accused except Yasin, facing the trial was present at the place of occurrence at the time of occurrence, nor we were involved in this occurrence. The occurrence took place in front of the house of Yasin accused and his son Ghafar accused. The deceased party of this case were the aggressors. The complainant party had suppressed the true facts and falsely involved me and my co-accused while throwing a wide net and by fabricating a false and afterthought version. I was involved by the prosecution being the brother of Yaseen accused. However, I have not any nexus with the alleged occurrence. The Baraties including the Groom and his family members did not support the prosecution case. However the Baraties including Zulfiqar Ali son of Khushi Muhammad had also negated the prosecution case while appearing before the Investigating Officer. I was neither present at the place of occurrence at the time of occurrence, nor I was involved in this occurrence, I am innocent."

Muhammad Abbas alias Bagu

"All the PWs are related inter-se and with the deceased of this case. None of the independent person had supported false prosecution version. The alleged injured made their statements after considerable delay, which was an afterthought and concocted. During the course of investigation, the prosecution version was found false and baseless. During the course of investigation it was concluded by the I.O. that the occurrence had not taken place in the manner as stated by the prosecution. Abdul Razzaq deceased of this case made fires in the Barat and one fire hit to Yasin accused of this case; upon which Ghafar accused (since dead) also emerged at the spot and the Baraties and the said Ghafar exchanged indiscriminate firing inter-se which resulted into this occurrence. Neither I nor the other co-accused except Yasin, facing the trial was present at the place of occurrence at the time of occurrence, nor we were involved in this occurrence. The occurrence took place in front of the house of Yasin accused and his son Ghafar accused. The deceased party of this case were the aggressors. The complainant party had suppressed the true facts and falsely involved me and my co-accused while throwing a wide net and by fabricating a false and afterthought version. The Baraties including the Groom and his family members did not support the prosecution case. However the Baraties including Zulfiqar Ali son of Khushi Muhammad had also negated the prosecution case while appearing before the Investigating

Officer. I was neither present at the place of occurrence at the time of occurrence, nor I was involved in this occurrence, I am innocent."

Neither the appellants nor any of their acquitted co-accused opted to appear as their own witnesses on oath as provided under section 340(2) of the Code of Criminal Procedure, 1898 in disproof of the allegations leveled against them, however they produced two DWs in their defence evidence.

The learned trial Court vide its judgment dated 28.11.2019, found the appellants guilty, convicted and sentenced them as mentioned and detailed above.

6. It is contended by learned counsel for the appellants that the appellants are absolutely innocent and they have falsely been implicated in this case by the complainant being in league with the local police while using the wider net; that total eleven (11) accused persons were implicated in this case by the complainant party and out of the said eleven (11) accused persons, seven (07) co-accused have already been acquitted by the learned trial Court whereas two co-accused, namely Ghaffar and Allah Nawaz, died during the trial, hence the prosecution evidence, which has been disbelieved against the acquitted accused cannot be believed against the appellants without independent corroboration, which is very much lacking in this case; that although two (02) injured witnesses, namely Muhammad Altaf Hussain (PW-2) and Safdar Hussain (PW-3) appeared in the witness box but injuries on their bodies are not the stamp of their truth; that the prosecution case against the appellants has not been corroborated by the motive part of the prosecution story because a vague and general motive was alleged by the prosecution and the same has rightly been disbelieved by the learned trial Court; that the empties and weapons were kept together at police station, therefore, positive report of PFSA (Exh.PW) to the extent of gun recovered on the pointation of Murtaza alias Murti, appellant No.1 is inconsequential whereas according to PFSA report the empties recovered from the spot did not match with the rifle recovered on the pointation of Muhammad Abbas alias Bagu, appellant No.2; that there were contradictions in the ocular account as mentioned in the contents of the FIR and medical evidence of the prosecution to the extent of roles attributed to the appellants; that the prosecution witnesses made dishonest improvements in their statements while appearing before the learned trial Court, therefore, they are not worthy of reliance; that the learned trial Court has mainly convicted and sentenced the appellants and acquitting their co-accused while relying upon the police opinion, which was irrelevant after recording of prosecution evidence; that the prosecution miserably failed to prove its case against the appellants beyond the shadow of doubt, therefore,

the appeal filed by the appellants may be accepted and the appellants may be acquitted from the charges.

7. On the other hand, it is contended by the learned Deputy Prosecutor-General assisted by learned counsel for the complainant that the FIR in this case was promptly lodged wherein the appellants along with their co-accused were nominated while giving specific roles to both the appellants; that co-accused of the appellants were found innocent during police investigation and nothing was recovered from the possession of acquitted co-accused whereas the appellants were found guilty during the police investigation and weapons of offence were also recovered from their possession, therefore, acquittal of co-accused is of no avail to the appellants; that the prosecution case against the appellants is fully supported by the medical evidence and minor discrepancies between the ocular account and the medical evidence of the prosecution regarding the seats of injuries on the bodies of the deceased persons are inconsequential; that even the motive against the appellants has also been proved in this case through reliable and confidence inspiring evidence of the prosecution witnesses; that the prosecution case against both the appellants was further corroborated by the recoveries of weapons of offence on their pointation; that the prosecution witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that the learned trial Court has righty convicted and sentenced both the appellants, therefore, their appeal may be dismissed while maintaining their convictions and sentences. In support of his arguments learned counsel for the complainant has placed reliance on the judgments reported as "Saeedullah Khan v. The State" (1986 SCMR 1027) and "Muhammad Ashraf v. The State" (2000 PCr.LJ 2021).

8. Arguments heard. Record perused.

9. Prosecution story as set forth in the private complaint (Exh.PB), has already been reproduced in para No.3 of this judgment therefore, there is no need to repeat the same.

10. It is true that two injured prosecution witnesses, namely Muhammad Altaf Hussain (PW-2) and Safdar Hussain (PW-3) appeared in the witness box in support of the prosecution case but it is by now well settled that mere injuries on the bodies of the prosecution witnesses does not mean that they are stating the whole truth and their evidence is to be relied upon or discarded while keeping in view the other facts and circumstances of a particular case. Reliance in this respect may be placed on the judgment reported as "Muhammad Pervez and others v. The State and others" (2007 SCMR 670). The Hon'ble Supreme Court of Pakistan at page 681 has held as under-

"It is also a settled law that injuries on P.W. only indication of his presence at the spot but is not informative prove of his credibility and truth. See said Ahmad's case 1981 SCMR 795".

11. The ocular account of the prosecution was furnished by Muhammad Ashfaq complainant (PW-1) Muhammad Altaf Hussain (PW-2) and Safdar Hussain (PW-3). I have noted that there was conflict between the ocular account as set forth in the FIR (Exh.CW-1/A) and statements of the abovementioned PWs (Exh.DA and Exh.DB recorded by the police and medical evidence brought on the record by the prosecution through Dr. Aadil Rasheed (PW-4 and PW-7) and Dr. Javed Akram (PW-5). According to the contents of the FIR (Exh.CW-1/A) Murtaza alias Murti, appellant No.1 made a fire shot with his 44 bore rifle, which landed on the right side of the head of Abdul Razzaq, deceased and made its exit from the other side but according to the evidence of Dr. Aadil Rasheed (P W-4) in post mortem report Exh.PD injury No.2 on the right side of the head was an exit wound whereas injury No.1, which was an entry wound, was on the left side of head of Abdul Razzaq, deceased. Muhammad Abbas alias Bagu, appellant No.2 was assigned the role of making first fire shot, which landed on the right side of the chest of Muhammad Anwar, deceased and thereafter he made second fire shot, which landed near the right armpit of the said deceased. Although there is an entry wound on the right side of the chest of Muhammad Anwar, deceased i.e. injury No.3 but injury under the right armpit of the deceased i.e. injury No.6 was an exit wound and as such there was also conflict between the ocular account of the prosecution as mentioned in the FIR (Exh.CW-1/A), in the statements of the prosecution witnesses recorded by the police Exh.DA and Exh.DB) and in the abovementioned medical evidence, which has created doubt in the prosecution case.

It is further noteworthy that in order to bring their evidence in line with the medical evidence, the complainant and the PWs while filing the private complaint (Exh.PB) and appearing before the learned trial Court made dishonest improvements in their statements and changed the roles and seats of injuries attributed to both the appellants. They were confronted with their previous statements and dishonest improvements made by them were duly brought on the record. The relevant parts of the said statements are reproduced hereunder for ready reference:-

Muhammad Ashfaq (PW-1)

".....I had got drafted in application Ex.PA that Abbas alias Bagho fired two shots with his rifle hitting my father Anwar on right and left side of chest. Confronted with application Ex.PA wherein the words "two fires

and left side of chest" are not recorded. I had not got recorded in my application Ex.PA that Mohammad Abbas alias Bagho made second fire with his rifle which landed underneath the right armpit. Confronted with Ex.PA where it is so recorded in portion A to A. It is incorrect that I have changed my stance regarding seat of injuries attributed to Abbas alias Bagho while recording my statement before court and deviated from my stance narrated of Ex.PA in order to make my statement in line with the post mortem examination after legal assistance. I had recorded in my application Ex.PA that Murtaza alias Murti accused fired with his rifle on my brother Abdul Razzaq hitting on his left forehead. Confronted with application Ex.PA wherein it is not so recorded. I had not sated in my application Ex.PA that Murtaza alias Murti accused made fire with his rifle on my brother Abdul Razzaq which landed on right side of head and made an exit underneath of left ear. Confronted with application Exh.PA wherein it is so recorded in portion B to B. It is incorrect I have changed my stance got recorded by me in Exh.PA while making my statement in the court just to make my statement in line with post mortem report of the deceased....."

Muhammad Altaf Hussain son of Muhammad Nosher (PW-2)

"..... .....I had stated in my statement Ex.DA that Muhammad Abbas alias Baghoo fired two shots hitting Mohammad Anwar on his chest on right and left side. Confronted with Exh.DA wherein on left side of chest is not mentioned. I had not stated in my statement Ex.DA that second fire made by Mohammad Abbas alias Baghoo landed on Mohammad Anwar deceased under his right arm-pit. Confronted with Ex.D.A, wherein it is so recorded in portion A to A. I had stated in my statement Exh.D.A. that Murtaza alias Murti fired with his rifle hitting Abdul Razzaq on his left forehead. Confronted with Ex.D.A wherein it is not so recorded. I did not state in my statement Ex.D.A. that Murtaza alias Murti made fire with his rifle at Abdul Razzaq which landed on right side of his head and made an exit from left ear. Confronted with Ex.D.A, wherein it is so mentioned in portion B to B. I had stated in my statement Ex.D.A that Istafa alias Isti accused fired with his pump action hitting Mushtaq Ahmad on the back of his neck. Confronted with Ex.D.A, wherein it is not so recorded in this sequence. I did not state in Exh.D.A that Istafa alias Isti made fire with his pumpaction which hit Mushtaq on the back of his chest and made an exit from the left side of his neck. Confronted with Ex.D.A. wherein it is not so recorded in this sequence. I did not state in Ex.DA that Istafa alias Isti made fire with his pump action which hit Mushtaq on the back

of his chest and made an exit from the left side of his neck. Confronted with Ex.DA wherein it is so mentioned in Portion C to C. I had stated in my statement Ex.D.A that second fire of Istafa alias Isti accused landed on left thigh of Safdar Hussain, Confronted with Ex.D.A, wherein it is not so recorded. I did not specifically stated in Ex.D.A. that second fire of Istafa alias Isti accused landed on left leg and left knee of Safdar Hussain. Confronted with Ex.D.A, wherein it is so recorded in portion D to D....."

Safdr Hussain (PW-3)

".....I had stated in my statement Ex.DB that Muhammad Abbas alias Baghoo fired two shots hitting Mohammad Anwar on his chest on right and left side. Confronted with Ex.D.B wherein on left side of chest is not mentioned. I had not stated in my statement Ex.D.B that second fire made by Mohammad Abbas alias landed Mohammad Anwar deceased under his right arm-pit. Confronted with Ex.D.B, wherein it is so recorded in portion A to A. I had stated in my statement Ex.D.B that Murtaza alias Murti fired with his rifle hitting Abdul Razzaq on his left forehead. Confronted with Ex.D.B wherein it is not so recorded. I did not state in my statement Ex.D.B that Murtaza alias Murti made fire with his rifle 01 Abdul Razzaq which landed on right side of his head and made an exit from left ear. Confronted with Ex.D.B. wherein it is so mentioned in portion B to B. I had stated in my statement Ex.D.B that Istafa alias Isti accused fired with his pump action hitting Mushtaq Ahmad on the back of his neck, confronted with Ex.D.B wherein it is not so recorded in this sequence. I did not state in Exh.D.B that Istafa alias Isti made fire with his pump action which hit Mushtaq on the back of his chest and made an exit from the left side of his neck. Confronted with Ex.D.B, wherein it is so mentioned in Portion C to C. I had stated in my statement Ex.D.B that second fire of Istafa alias Isti accused landed on left thigh of Safdar Hussain. Confronted with Ex.D.B, wherein it is not so recorded. I did not specifically stated in Ex.D.B that second fire of Istafa alias Isti accused landed on left leg and left knee of Safdar Hussain. Confronted with Ex.D.B, wherein it is so recorded in portion D to D....."

It is evident from the perusal of abovementioned evidence that the prosecution witnesses made dishonest improvements in their statements while appearing in the witness box in order to bring their statements in line with the medical evidence, hence the said witnesses are not worthy of reliance as observed by the Hon'ble Supreme Court of Pakistan in the cases of "Akhtar Ali and others v. The State" (2008 SCMR 6).

12. The next moot point for determination before this Court is that the complainant party implicated as many as total eleven (11) accused persons in this case and out of the said eleven (11) accused, co-accused namely Ghaffar and Allah Nawaz, died during the pendency of the trial of the case before the learned trial Court, whereas the remaining seven (07) accused have 'already been acquitted by the learned trial Court. Learned DPG for the State, as well as, learned counsel for the complainant have conceded that no appeal against their acquittal has been filed either by the State or by the complainant. In the given circumstances, it is to be determined by this Court that as to whether the same prosecution evidence, which has been disbelieved against the abovementioned co-accused can be believed against the appellants and as to whether there is any independent corroboration of the prosecution evidence against the appellants. In this respect, I have noted that case of Istafa alias Isti, co-accused (since acquitted) is at par with the case of both the appellants because the said co-accused was assigned the role of making first fire shot, which landed on the back side of the chest near neck of Muhammad Mushtaq, deceased and in the post mortem report the said injury i.e. injury No.1 was available on the back side of the chest near neck of Muhammad Mushtaq, deceased. The said co-accused was also assigned the role of making second fire shot, which landed on the left leg and knees of Safdar Hussain (PW-3) and according to the medical evidence the said injury was also available as injury No.1 on the left leg of Safdar Hussain (PW-3) but the abovementioned co-accused has been acquitted by the learned trial Court, which acquittal has attained finality. Although learned DPG for the State assisted by learned counsel for the complainant tried to distinguish the case of both the appellants with the case of abovementioned acquitted co-accused including Istafa alias Isti on the ground that the abovementioned co-accused were declared innocent during the police investigation whereas the appellants have been found guilty but it is by now well settled that police opinion after recording of evidence by the learned trial Court becomes irrelevant and the appellants cannot be convicted and sentenced merely on the basis of said opinion in absence of any other independent corroborative piece of evidence. In the case of "Muhammad Ahmad (Mahmood Ahmad) and another v. The State" (2010 SCMR 660) at page 676 the Hon'ble Supreme Court of Pakistan was pleased to observe as under:-

> "It may be mentioned here, for the benefit and guidance of all concerned, that determination of guilt or innocence of the accused persons was the exclusive domain of only the Courts of law established for the purpose and the said sovereign power of the Courts could never be permitted to be exercised by the employees of the police department

> or by anyone else for that matter. If the tendency of allowing such-like impressions of the Investigating Officer to creep into the evidence was not curbed then the same could lead to disastrous consequences. If an Investigating Officer was of the opinion that such an accused person was innocent then why could not, on the same principle, another accused person be hanged to death only because the Investigating Officer had opined about his guilt".

In the light of above the police opinion given in this case is not relevant at this stage.

13. It is next argued by learned DPG for the State assisted by learned counsel for the complainant that no weapon was recovered from the possession of the acquitted co-accused, whereas rifles were recovered from both the appellants and as such case of the appellants is distinguishable from the case of acquitted co-accused but I have noted that as per PFSA report the empties recovered from the spot did not match with the rifle recovered on the pointation of Muhammad Abbas alias Bagu, appellant No.2. Although according to PFSA report (Exh.PW) two empties recovered from the spot matched with the rifle recovered from the possession of Murtaza alias Murti, appellant No. 1 but it is noteworthy that rifle (P.21) was recovered from the possession of said appellant on 23.06.2013 whereas the empties were deposited in the office of PFSA on 10.07.2013, which means that the empties and rifle (P.21) were kept together at police station, therefore, it is not safe to rely upon the abovementioned piece of evidence of the prosecution as observed by the Hon'ble Supreme Court of Pakistan in the case of "Jehangir v. Nazar Farid and another" (2002 SCMR 1986), "Barkat Ali v. Muhammad Asif and others" (2007 SCMR 1812), "Mushtaq and 3 others v. The State" (PLD 2008 Supreme Court 1), "Mureed Hussain v. The State through Prosecutor-General Sindh" (2014 SCMR 1689). Under the abovementioned circumstances, there is no independent corroboration of the prosecution case through the abovementioned alleged recoveries of weapons of offence on the pointation of the appellants.

14. Learned DPG assisted by learned counsel for the appellants has lastly argued that the prosecution case against both the appellants was corroborated by the motive part of the prosecution evidence but it is noteworthy that only a vague joint and general allegation in respect of the motive part of the prosecution case was leveled by the prosecution witnesses, against the appellants and their acquitted co-accused wherein they stated that few days earlier to the occurrence a quarrel took place between the complainant and the accused persons. The said motive was also alleged against the acquitted co-accused. No specific date, time and place

of the quarrel of motive part of the occurrence has been mentioned by any prosecution witness. Moreover, the learned trial Court in Paragraph No.42 of the impugned judgment has disbelieved the prosecution evidence qua the motive due to cogent reasons and as such there is no independent corroboration of the prosecution case against the appellants through the motive.

15. As the prosecution evidence has already been disbelieved against seven (07) acquitted co-accused, therefore, the same evidence cannot be believed against the appellants without independent corroboration, which is very much lacking in this case, therefore, the appellants also deserve acquittal as observed by the Hon ble Supreme Court of Pakistan in the cases of "Akhtar Ali and others v. The State" (2008 SCMR 6), "Muhammad Akram v. The State" (2012 SCMR 440), "Muhammad Ali v. The State" (2015 SCMR 137) and "Ulfat Husain v. The State" (2018 SCMR 313).

16. In the light of above discussion, I am of the view that the prosecution has failed to prove its case against the appellants beyond the shadow of doubt, therefore, I accept Criminal Appeal No.78948-J of 2019 filed by Murtaza alias Murti and Muhammad Abbas alias Bagu, appellants, set aside their convictions and sentences and acquit them of the charges by extending them the benefit of doubt. The appellants Murtaza alias Murti and Muhammad Abbas alias Bagu are in custody. they be released from the jail forthwith, if not required to be detained in any other case.

JK/M-26/L Appeal accepted.

2023 P Cr. L J Note 8

[Lahore]

Before Malik Shahzad Ahmad Khan, ACJ and Muhammad Tariq Nadeem, J

MUHAMMAD ARSHAD alias ACCHA---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 193971-J and Murder Reference No. 155 of 2018, heard on 16th May, 2022.

(a) Criminal trial---

----Circumstantial evidence---Scope---Circumstantial evidence must be of the nature where all circumstances should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused---If any link in the chain is missing then its benefit must go to the accused.

Ch. Barkat Ali v. Major Karam Elahi Zia and another 1992 SCMR 1047; Sarfraz Khan v. The State 1996 SCMR 188; Asadullah and another v. The State PLJ 1999 SC 1018 and Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Benefit of doubt---Motive not proved---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---Admittedly, the accused was real paternal uncle of minor/deceased aged about 04 years---Complainant was real brother of the accused---Said witness had not uttered a single word during his evidence recorded by the Trial Court or even in the FIR or in his supplementary statement regarding any motive against the accused to commit the murder of his minor daughter---No reason, whatsoever, had been brought on the record that as to why the accused had committed the murder of his minor niece---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Medical evidence---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---According to the evidence of two prosecution witnesses of extra judicial confession, the accused confessed before them that he had committed the murder of minor by throwing her into the canal---Medical evidence revealed by Medical Officer, the cause of death in the case could not be determined due to the advance stage of purification---In column No. 13 of the post-mortem report of the minor, her three vaginal swabs were taken for semen detection and DNA test but according to the report of Forensic Science Agency, no seminal material was detected on the vaginal swab therefore, no DNA test was conducted in the case---Medical evidence was silent regarding the rupture of hymen of the minor---No allegation against the accused by any prosecution witness that he committed rape/unnatural offence with minor before committing her murder---Medical Officer had not opined that cause of death of the minor was asphyxia due to drowning in the water, as claimed by the prosecution---Prosecution case did not support the medical evidence---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Extra-judicial confession---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---Record showed that the witnesses of extra judicial confession had stated in their statements recorded by the Trial Court that the accused came to them for extra judicial confession on 12.5.2017 but no time or place of making the alleged extra judicial confession by the accused had been mentioned by both the said witnesses---Although according to the statement of said prosecution witnesses, the accused made extra judicial confession before them on 12.5.2017 but according to the statement of one of the witnesses, the said witness made statement before the police under S. 161, Cr.P.C. after 18 days from making the alleged extra judicial confession by the accused, whereas, other witness stated that he never got recorded his statement to the Investigating Officer---Although, both the said witnesses of extra-judicial confession claimed that the accused made extra-judicial confession before them regarding the commission of a heinous offence about the murder of a minor girl of four years but they did not try to apprehend the accused who was alone at the relevant time, whereas the witnesses were two in number---Conduct of the said witnesses was highly

unnatural---Both the said witnesses were not enjoying any status of authority in the society which could have prompted the accused to make extra-judicial confession before them---Said witnesses were not in a position to pardon the accused from the complainant---Evidence of said witnesses was not worthy of reliance---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Sajid Mumtaz and others v. Basharat and others 2006 SCMR 231 and Tahir Javed v. The State 2009 SCMR 166 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Pointation of place of occurrence by accused---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---Complainant deposed regarding the pointation of the accused towards canal, where the accused had statedly thrown alive the girl in the canal but nothing was recovered from the said place, statedly pointed out by the accused---Medical Officer had not stated that the minor died due to drowning in the water, whereas, her dead body had already been recovered by the police therefore, the said evidence of the complainant regarding the alleged pointation of place, where the accused statedly threw the minor in the canal, was of no avail to the prosecution---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Recovery of CCTV footage---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---Insofar as the evidence of the prosecution regarding the recording of C.D of CCTV cameras, produced through witness and evidence of the shop keeper, on whose shop CCTV cameras were installed, was concerned, it was claimed by the prosecution that in the said CCTV footage, minor was last seen alive in the company of the accused---Said shop keeper stated that initially he refused the complainant party to see the recording of his CCTV cameras but subsequently, the complainant party approached him through the inhabitants of the area whereupon, he allowed them to see the recording of his CCTV cameras---Said witness also stated that one of the persons went inside and checked the recording of CCTV cameras and the said person took his USB---Said witness did not mention

the name of the person who checked the CCTV cameras of his shop and took USB of the said cameras---Statement of said witness in that respect was completely silent---Witness did not state that any Police Official also accompanied at the time of checking the recording of CCTV cameras rather he stated that he was approached by the inhabitants of the area but he did not disclose the name of any inhabitant of his area who approached him and took the USB of the recording of his CCTV cameras---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(g) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Contradictions in the statements of witnesses---Scope---Accused was charged for committing murder of minor daughter of the complainant after her abduction---Prosecution witness in whose shop CCTV camera was installed categorically stated during his cross-examination that he did not join the investigation in police station---On the other hand, Investigating Officer of the case had stated that he along with other Police Officials and the complainant reached at the shop of said witness and watched the recording of CCTV cameras which were installed at the said shop---Investigating Officer further stated that CD recording of CCTV cameras was handed over to him by said witness and as such, there were glaring contradictions in the prosecution case regarding the recovery and safe custody of CD of CCTV cameras---According to the evidence of Investigating Officer, the complainant had seen the recording of CCTV cameras of the shop of said witness and with the help of said recording, the complainant identified the accused in the company of his minor daughter on the relevant date and time but complainant did not utter a single word in his statement recorded by the Trial Court that he had seen the recording of CCTV cameras of the shop of said witness through which he identified the accused in the company of his daughter on the relevant date and time---Complainant did not state that he ever visited the shop of said witness or recording of CCTV cameras of said shop was seen by him and the same was taken into possession by Investigating Officer in his presence---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(h) Penal Code (XLV of 1860)---

----Ss. 302(b) & 363--- Qatl-i-amd, abduction--- Appreciation of evidence---Last seen evidence---Scope---Accused was charged for committing

murder of minor daughter of the complainant after her abduction---No prosecution evidence of last seen was available on the record against the accused---No witness had stated that he had last seen alive the minor in the company of the accused on the day of occurrence---Evidence of CCTV footage could be considered at the most as last seen evidence against the accused but it was noteworthy that the distance between the place where the minor was seen in the company of the accused and the place where the minor was allegedly thrown by the accused in the water or his dead body was recovered had not been brought on the record by the prosecution---Although CD of CCTV cameras recording had been produced in the prosecution evidence but no specific date and time had been mentioned by any prosecution witness that as to when the minor was seen alive in the company of the accused in the said CCTV cameras recording---In order to believe the evidence of last seen, there should be close proximity between the time and place of recovery of dead body of the deceased or the place of occurrence and the time and place where the deceased was last seen alive in the company of the accused, however, nothing in that respect had been brought on the record during the evidence of prosecution witnesses---Prosecution evidence of last seen was not worthy of reliance---Circumstances established that the prosecution could not prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Fayyaz Ahmad v. The State 2017 SCMR 2026; The State through P.G. Sindh and others v. Ahmed Omar Sheikh and others 2021 SCMR 873 and Zafar Abbas v. The State 2010 SCMR 939 rel.

(i) Criminal trial---

----Benefit of doubt--- Principle---Single circumstance creating doubt regarding the prosecution case will be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Abdul Majeed Chishti, Defence Counsel at State expense.

Munir Ahmad Sial, Deputy Prosecutor General for the State.

Nemo for the Complainant.

Date of hearing: 16th May, 2022.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, A.C.J.---This judgment shall dispose of Criminal Appeal No. 193971 of 2018, filed by Muhammad Arshad alias Accha (appellant) against his conviction and sentence and Murder Reference No. 155 of 2018, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Arshad alias Accha (appellant). We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 28.02.2018 passed by the learned Additional Sessions Judge, Faisalabad.

2. Muhammad Arshad alias Accha (appellant) was tried in case FIR No. 385 dated 28.04.2017 registered at Police Station Mansoorabad District Faisalabad offences under sections 302/363 of P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 28.02.2018 has convicted and sentenced Muhammad Arshad alias Accha (appellant) as under: -

> Under section 302(b), P.P.C. to 'Death' as Ta'zir for committing Qatl-i-amd of Aiman (deceased). He was also ordered to pay Rs.300,000/- (Rupees three hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C. and in default thereof to further undergo simple imprisonment for six months'.
>
> Under section 364-A of P.P.C. to imprisonment for life.

3. Brief facts of the case as given by Akbar Ali complainant (PW-6) in his complaint (Exh.PB) on the basis of which FIR (Exh.PB/1) was chalked out, are that he (complainant) was resident of Mohallah Mansoorabad and was labourer by profession. On 25.04.2017 at about 07:30 p.m., complainant's daughter, namely, Aiman aged about 04 years was playing with her brothers/sisters and other children of Mohallah who was witnessed while playing so by Muhammad Boota (PW-2) and Muhammad Shahzad Mehmood (witness not produced). At about 09:30 p.m., other children came back to their homes, whereas, Aiman did not return home upon which, he (complainant) started search but he could not find her till late night. On the next day i.e. on 26.04.2017 at about 12:00 p.m., the complainant received an information that dead body of an unknown minor girl was lying in the Allied Hospital (Faisalabad) upon which, he (complainant) along with his brother, namely, Akhtar Ali and nephew Ali Raza (given up PW) went to the Allied Hospital and identified the dead body of Aiman having bleeding from the back side of her head and from her nose. Hospital authorities told that Rescue 1122 shifted the dead body of minor Aiman to the hospital from the bank of Jhal Khanoo-aana canal on the information of

some person. The complainant further stated that he had apprehension that some unknown accused persons committed the murder of minor Aiman after abducing her due to unknown reasons. Initially the FIR was lodged against unknown accused persons however, later on, Akbar Ali complainant (PW-6) through application dated 13.05.2017 (Exh.PC) nominated his brother Muhammad Arshad alias Accha (appellant) as accused in this case with the allegation that the appellant had made extra-judicial confession about the murder of minor Aiman, before Qamar Ijaz (PW -4) and Sarfraz Ahmad (PW-5) and stated that he had thrown alive minor Aiman in the canal water.

4. Muhammad Arshad alias Accha (appellant) was arrested in this case on 29.05.2017 by Zafar Iqbal Sub-Inspector/I.O (PW-8). After completion of investigation, report under section 173 of Cr.P.C., was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 06.10.2017 to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced fourteen witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PR).

6. The statement of Muhammad Arshad alias Accha (appellant) under section 342 of Cr.P.C. was recorded by the learned trial Court. Muhammad Arshad alias Accha (appellant) refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" Muhammad Arshad alias Accha (appellant) replied as under:-

> "I am innocent and have no nexus with the occurrence. We all the family members lived under one roof. I have been demanding my share out of the joint property (house), but I have not been compensated even on my numerous requests. Meanwhile the instant occurrence took place which by some unknown accused persons. I have been bracketed in the instant case just to put an end to my lawful and genuine demand of the share of the property."

The appellant neither opted to make his statement on oath as envisaged under section 340(2), Cr.P.C., nor produced any evidence in his defence.

The learned trial Court vide its judgment dated 28.02.2018 found Muhammad Arshad alias Accha (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

7. Notice was issued to the complainant but no one appeared on his behalf despite repeated calls. Even otherwise, it is a State case and learned Deputy Prosecutor General for the State is ready to argue the same therefore, we proceed to decide this case after hearing the arguments of learned defence counsel at State expense for the appellant, learned Deputy Prosecutor General for the State and perusing the record.

8. It is contended by learned defence counsel at State expense for the appellant that the appellant is absolutely innocent and he has falsely been implicated in case by the complainant being in league with the local police; that in fact, the complainant is real brother of the appellant and in order to usurp the share of the appellant from the joint property, he has falsely implicated the appellant in this case; that the occurrence was unseen and the prosecution case hinges upon very weak and unreliable circumstantial evidence; that there is no evidence of last seen, 'wajj takkar' or motive against the appellant and the appellant has been convicted and sentenced only on the basis of evidence of extra-judicial confession and recording of cctv footage; that the prosecution witnesses of extra-judicial confession were not holding the status of authority in the society therefore, there was no reason with the appellant to make extra-judicial confession before them; that the alleged recording of cctv camera was not proved in accordance with the law and even otherwise, the appellant cannot be convicted and sentenced solely on the basis of said evidence; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charges.

9. On the other hand, it is contended by the learned Deputy Prosecutor General for the State that the prosecution has produced convincing and reliable circumstantial evidence against the appellant therefore, he was rightly convicted and sentenced by the learned trial Court; that the prosecution witnesses of extra-judicial confession and recording of cctv footage were cross-examined at length but their evidence could not be shaken; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

10. Arguments heard. Record perused.

11. The detail of the prosecution case as set forth in the complaint (Exh.PB) on the basis of which formal FIR (Exh.PB/1) was chalked out, has already been given in para No.3 of this judgment therefore, there is no need to repeat the same.

12. Since there is no direct evidence and prosecution case hinges on the circumstantial evidence, therefore, utmost care and caution is required for reaching at a just decision of the case. It is settled by now that in such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused. But if any link in the chain is missing then its benefit must go to the accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as 'Ch. Barkat Ali v. Major Karam Elahi Zia and another' (1992 SCMR 1047), `Sarfraz Khan v. The State' (1996 SCMR 188) and 'Asadullah and another v. The State' (PLJ 1999 SC 1018). In the case of "Ch. Barkat Ali" (supra), the august Supreme Court of Pakistan, at page 1055, observed as under:-

> "...Law relating to circumstantial evidence that proved circumstances must be incompatible with any reasonable hypothesis of the innocence of the accused. See 'Siraj v. The Crown' (PLD 1956 FC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the accused."

In the case of "Sarfraz Khan" (supra), the august Supreme Court of Pakistan, at page 192, held as under:-

> "7....It is well settled that circumstantial evidence should be so inter-connected that it forms such a continuous chain that its one end touches the dead body and other neck of the accused thereby excluding all the hypothesis of his innocence."

Further reliance in this context is placed on the case of 'Altaf Hussain v. Fakhar Hussain and another' (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as under:-

> "7....Needless to emphasis that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the neck of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain."

Keeping in view the parameters, laid down in the above-mentioned judgments, we proceed to decide this case.

12. We have noted that there is no evidence of motive, `wajj-takkar' and last seen available on the record against Muhammad Arshad alias Accha appellant. The appellant has been convicted and sentenced by the learned

trial Court on the basis of his alleged extra-judicial confession before Qamar Ijaz (PW-4) and Sarfraz Ahmad (PW-5), as well as, on the basis of cctv footage which was produced before the learned trial Court wherein, minor Aiman (deceased) can be seen in the company of the appellant on the night of occurrence.

13. Admittedly, the appellant is real paternal uncle of minor Aiman (deceased) aged about 04 years. Akbar Ali complainant (PW-6) is real brother of the appellant. The said witness has not uttered a single word during his evidence recorded by the learned trial Court or even in the FIR (Exh.PB/1) or in his supplementary statement (Exh.PC) regarding any motive against the appellant to commit the murder of his minor daughter Aiman. No reason whatsoever, has been brought on the record that as to why the appellant had committed the murder of his minor niece.

14. According to the evidence of prosecution witnesses of extra-judicial confession, namely, Qamar Ijaz (PW-4) and Sarfraz Ahmad (PW-5), the appellant confessed before them that he had committed the murder of minor Aiman by throwing her into the canal but it is noteworthy that as per medical evidence furnished by Dr. Nadia Ali (PW-11), the cause of death in this case could not be determined due to the advance stage of putrification. It is further noteworthy that in column No. 13 of the postmortem report of the minor Aiman, her three vaginal swabs were taken for semen detection and DNA test but according to the report of Punjab Forensic Science Agency, Lahore (Exh.PL), no seminal material was detected on the vaginal swab therefore, no DNA test was conducted in this case. Medical evidence is silent regarding the rupture of hymen of the minor. There is no allegation against the appellant by any prosecution witness that he committed rape/unnatural offence with minor before committing her murder. It is further noteworthy that the Medical Officer has not opined that cause of death of the minor was asphyxia due to drowning in the water, as claimed by the prosecution. We are therefore, of the view that there is no support of the prosecution case from the medical evidence.

15. Insofar as the extra-judicial confession of the appellant before Qamar Ijaz (PW-4) and Sarfraz Ahmad (PW-5) is concerned, the evidentiary value of the extra-judicial confession (joint or otherwise) came up for consideration before the august Supreme Court of Pakistan in the case reported as `Sajid Mumtaz and others v. Basharat and others' (2006 SCMR 231), wherein, at page 238, the Apex Court of Pakistan has been pleased to lay emphasis as under;

"17. This Court and its predecessor Courts (Federal Court) have elaborately laid down the law regarding extra judicial-confession starting from Ahmad v. The Crown (PLD 1961 FC 103-107) upto the latest. Extra-judicial-confession has always been taken with a pinch of salt. In Ahmad v. The Crown, it was observed that in this country (as a whole) extra-judicial confession must be received with utmost caution. Further, it was observed from time to time, that before acting upon a retracted extra-judicial-confession, the Court must inquire into all material points and surrounding circumstances to `satisfy' itself fully that the confession cannot but be true'. As, an extra judicial-confession is not a direct evidence, it must be corroborated in material particulars before being made the basis of conviction.

18. It has been further held that the status of the person before whom the extra-judicial-confession is made must be kept in view, that joint confession cannot be used against either of them and that it is always a weak type of evidence which can easily be procured whenever direct evidence is not available. Exercise of utmost care and caution has always been the rule of prescribed by this Court.

19. It is but a natural curiosity to ask as to why a person of sane mind should at all confess. No doubt the phenomenon of confession is not altogether unknown but being a human conduct, it had to be visualized, appreciated and consequented upon purely in the background of a human conduct.

20. Why a person guilty of offence entailing capital punishment should at all confess. There could be a few motivating factors like: (i) to boast off, (ii) to ventilate the suffocating conscience and (iii) to seek help when actually trapped by investigation. Boasting off is very rare in such-like heinous offences where fear dominates and is always done before an extreme confident as well as the one who shares close secrets. To make confession in order to give vent to ones pressure on mind and conscience is another aspect of the same psyche. One gives vent to ones feelings and one removes catharses only before a strong and close confident. In the instant case the position of the witness before whom extra judicial confession is made is such that they are neither the close confident of the accused nor in any manner said to be sharing any habit or association with the accused. Both the possibilities of boasting and ventilating in the circumstances are excluded from consideration.

Another most important and natural purpose of making extra-judicial-confession is to seek help from a third person. Help is sought, firstly, when a person is sufficiently trapped and, secondly, from one who is authoritative, socially or officially.

As observed by the Federal Court, we would reiterate especially referring to this part of the country, that extra judicial-confession have almost become a norm when the prosecution cannot otherwise succeed. Rather, it may be observed with concern as well as with regret that when the Investigating Officer fails to properly investigate the case, he resorts to padding and concoctions like extra-judicial confession. Such confessions by now have become the sings of incompetent investigation. A judicial mind, before relying upon such weak type of evidence, capable, of being effortlessly procured must ask a few questions like why the accused should at all confess, what is the time lag between the occurrence and the confession, whether the accused had been fully trapped during investigation before making the confession, what is the nature and gravity of the offence involved, what is the relationship or friendship of the witnesses with the maker of confession and what, above all, is the position or authority held by the witness". (emphasis supplied)

The above view has been reiterated in the case reported as 'Tahir Javed v. The State' (2009 SCMR 166), wherein, at page 170, the august Supreme Court of Pakistan, has been pleased to observe as under:-

"It may be noted here that since extra-judicial confession is easy to procure as it can be cultivated at any time, therefore, normally, it is considered as a weak piece of evidence and Court would expect sufficient and reliable corroboration for such type of evidence. The extra-judicial confession therefore must be considered with over all context of the prosecution case and the evidence on record. Right from the case of Ahmed v. The Crown PLD 1951 PC 107 it has been time and again laid down by this Court that extra judicial confession can be used against the accused only when it comes from unimpeachable sources and trustworthy evidence is available to corroborate it. Reference in this regard may usefully be made to the following reported judgments:-

(1) Sajid Mumtaz and others v. Basharat and others 2006 SCMR 231, (2) Ziaul Rehman v. The State 2001 SCMR 1405, (3) Tayyab Hussain Shah v. The State 2000 SCMR 683 and (4) Sarfraz Khan v. The State and others (1996 SCMR 188)".

(Bold and underlining supplied for emphasis)

Seeking guidance from the above-referred case law, we proceed to discuss the evidence of extra-judicial confession of the appellant produced by the prosecution in this case. It is noteworthy that both the abovementioned witnesses of extra-judicial confession have stated in their statements recorded by the learned trial Court that the appellant came to them for extra-judicial confession on 12.05.2017 but no time or place of making the alleged extra-judicial confession by the appellant has been mentioned by both the above witnesses. It is further noteworthy that although according to the statement of abovementioned prosecution witnesses, the appellant made extra-judicial confession before them on 12.05.2017 but according to the statement of Sarfraz Ahmad (PW-5), the said witness made statement before the police under section 161 of Cr.P.C., on 30.05.2017 i.e., after 18 days from making the alleged extra-judicial confession by the appellant, whereas, Qamar Ijaz (PW-4) stated that he never got recorded his statement to the I.O. Relevant parts of the statements of abovementioned prosecution witnesses of extra-judicial confession read as under:-

> Qamar Ijaz (PW-4).
>
> "I did not get recorded statement to the I.O, therefore, I cannot say that I had got recorded in my statement under section 161, Cr.P.C. date 12.5.2017."
>
> Sarfraz Ahmad (PW-5).
>
> "We also did not immediately inform the local police or made any call to rescue-15. My statement under section 161, Cr.P.C. was recorded on 30.5.2017."

It is further noteworthy that although both the abovementioned witnesses of extra-judicial confession claimed that the appellant made extra-judicial confession before them regarding the commission of a heinous offence about the murder of a minor girl of 04 years but they did not try to apprehend the appellant who was alone at the relevant time, whereas, the abovementioned prosecution witnesses were two in number. Relevant parts of the statements of the abovementioned witnesses in their cross-examination read as under:

> Qamar Ijaz (PW-4).
>
> "We did not try to apprehend accused Arshad alias Accha when he admitted his guilt."
>
> Sarfraz Ahmad (PW-5).

"We did not try to apprehend the accused Arshad present in the court at the time of extra judicial confession."

The conduct of the prosecution witnesses was highly un-natural. We have further noted that both the abovementioned prosecution witnesses of extra-judicial confession were not enjoying any status of authority in the society which could have prompted the appellant to make extra-judicial confession before them. They were not in a position to get pardon for the appellant from the complainant. Qamar Ijaz (PW-4) stated that he was working in a private firm and his earning was Rs.20/25 thousands. He further stated that he never remained Chairman of the Union Council. Likewise, Sarfraz Ahmad (PW-5) stated during his cross-examination that he was carrying his own private business and his monthly income was 15/20 thousands. He also admitted that he never remained Chairman or Councilor of any Union Council. He further admitted that he never settled issues, disputes between the people of his locality. Relevant parts of the statements of abovementioned prosecution witnesses are reproduced hereunder for ready reference:-

Qamar Ijaz (PW-4).

"I am presently working in private firm earning about 20/25 thousands. I never remained Chairman of Union Council."

Sarfraz Ahmad (PW-5).

"I carry my own private business earning about 15/20 thousands monthly. I am father of 03-children. I never remained chairman or councilor of my union council. I never settled issues/disputes between people of my locality."

We are therefore, of the view that the prosecution evidence regarding the alleged extra-judicial confession made by the appellant before Qamar Ijaz (PW-4) and Sarfraz Ahmad (PW-5) is not worthy of reliance.

16. Insofar as the statement of Akbar Ali complainant (PW-6) is concerned, he has only stated regarding the registration of FIR against unknown accused regarding the abduction of his daughter Aiman and alleged extra-judicial confession of the appellant before the abovementioned prosecution witnesses, namely, Qamar Ijaz (PW-4) and Sarfraz Ahmad (PW-5). He did not state that the appellant made any extra-judicial confession before him. He also deposed regarding the pointation of the appellant towards Rakh Branch Canal, where the appellant had statedly thrown alive his daughter Aiman in the canal but nothing was recovered from the said place, statedly pointed out by the appellant. Moreover, the Medical Officer has not stated

that the minor died due to drowning in the water, whereas, her dead body had already been recovered by the police therefore, the abovementioned evidence of the complainant regarding the alleged pointation of place, where the appellant statedly threw the minor in the canal, is of no avail to the prosecution.

17. Insofar as the evidence of the prosecution regarding the recording of C.D of cctv cameras, produced through Shan Ali (PW-9) and evidence of the shop keeper, namely, Muhammad Shahzad (PW-10), on whose shop cctv cameras were nstalled, is concerned, it is claim of the prosecution that in the above-referred cctv footage, minor Aiman was lastly seen alive in the company of the appellant. We have however, noted that Muhammad Shahzad (PW-10) stated that initially he refused the complainant party to see the recording of his cctv cameras but subsequently, the complainant party approached him through the inhabitants of the area whereupon, he allowed them to see the recording of his cctv cameras. He also stated that one of the persons went inside and checked the recording of cctv cameras and the said person took his USB. He did not mention the name of the person who checked the cctv cameras of his shop and took USB of the said cameras. His statement in this respect is completely silent. It is further noteworthy that he did not state that any police official also accompanied at the time of checking the recording of cctv cameras rather he stated that he was approached by the inhabitants of the area but he did not disclose the name of any inhabitant of his area who approached him and took the USB of the recording of his cctv cameras. He categorically stated during his cross-examination that he did not join the investigation in police station, whereas, on the other hand, Zafar Iqbal S.I, who was Investigating Officer of this case has stated that on 04.05.2017, he along with other police officials and the complainant reached at Butt autos, Mansoor Abad (shop of Muhammad Shahzad PW-10) and watched the recording of cctv cameras which were installed at the said shop. He further stated that CD recording of cctv cameras was handed over to him by Muhammad Shahzad (PW-10) and as such, there are glaring contradictions in the prosecution case regarding the recovery and safe custody of CD of cctv cameras. It is further noteworthy that according to the evidence of Zafar Iqbal S.I (PW-8), the complainant Akbar Ali (PW-6) saw the recording of cctv cameras of the shop of Muhammad Shahzad (PW-10) and with the help of said recording, the complainant identified the appellant in the company of his daughter (minor Aiman) on the relevant date and time but Akbar Ali complainant (PW-6) did not utter a single word in his statement recorded by the learned trial Court that he saw the recording of cctv cameras of the shop of Muhammad Shahzad (PW-1) through which he identified the appellant in

the company of his daughter on the relevant date and time. He did not state that he ever visited the shop of Muhammad Shahzad (PW-10) or recording of cctv cameras of abovementioned shop was seen by him and the same was taken into possession by Zafar Iqbal S.I (PW-8) in his presence.

Insofar as the evidence of Shan Ali (PW-9) is concerned, although he stated that on 08.05.2017 Zafar Iqbal Sub-Inspector (PW-8) along with Akbar Ali complainant (PW-6) and others came to his shop and they produced before him a clip of cctv camera dated 25.04.2017 wherefrom he prepared copy of the said clip and handed over to Zafar Iqbal Sub-Inspector (PW-8) which was taken into possession vide recovery memo (Exh.PF) but during his cross-examination, he stated that he was middle pass and he had not passed any special diploma in computer science. Relevant part of his statement in this respect reads as under-

> "I am middle pass. I have not passed any special diploma in computer science."

It is therefore, evident that Shan Ali (PW-9) is not a duly qualified expert to prepare C.D from a footage of cctve camera. As observed earlier, Muhammad Shahzad (PW-10) has not stated that he handed over the cctv footage of the cameras installed in his shop to Zafar Iqbal, Sub-Inspector (PW-8). There is no prosecution evidence of last seen available on the record against the appellant. No witness has stated that he has lastly seen alive the minor Aiman in the company of the appellant on the day of occurrence. The abovementioned evidence of cctv footage can be considered at the most as last seen evidence against the appellant but it is noteworthy that the distance between the place where the minor Aiman was seen in the company of the appellant (Butt autos/shop of Muhammad Shahzad PW-10 situated in Mansoor Abad) and the place i.e. Jhal Khanoo-aana canal, where the minor Aiman was allegedly thrown by the appellant in the water or his dead body was recovered, has not been brought on the record by the prosecution. Although CD of cctv cameras recording has been produced in the prosecution evidence but no specific date and time has been mentioned by any prosecution witness that as to when the minor Aiman was seen alive in the company of the appellant in the said cctv cameras recording. It is by now well settled that in order to believe the evidence of last seen, there should be close proximity between the time and place of recovery of dead body of the deceased or the place of occurrence and the time and place where the deceased was lastly seen alive in the company of the accused, but as mentioned earlier nothing in this respect has been brought on the record during the evidence of prosecution witnesses. The apex Court of the country disbelieved the evidence of last seen in the case

of 'Fayyaz Ahmad v. The State' (2017 SCMR 2026), when the abovementioned facts/ingredients were missing in the prosecution evidence. Under the circumstances, the above-referred prosecution evidence of last seen is not worthy of reliance. Even otherwise, the appellant cannot be convicted and sentenced only on the basis of last seen evidence without strong independent corroboration of unimpeachable character which, in our view, is very much lacking in this case. Reliance in this respect may be placed on the case of 'The State through P.G. Sindh and others v. Ahmed Omar Sheikh and others' (2021 SCMR 873), wherein at page No. 953, it was observed as under:-

> "66. "Last seen" evidence is merely a circumstantial evidence, and that too a weak type of evidence, which alone cannot sustain the weight of a capital punishment, and would require other independent corroborative evidence to effect conviction. In a case of murder, where the prosecution case rests on "last seen" evidence, then corroboration would be required from other circumstantial evidence."

Similar view was taken in the case of 'Zafar Abbas v. The State' (2010 SCMR 939).

18. As per prosecution's own case, no weapon was used during the occurrence and as such, nothing was recovered from the possession of the appellant during the course of investigation.

19. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5.....The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

> "3.....It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

20. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept Criminal Appeal No. 193971-J of 2018 filed by Muhammad Arshad alias Accha appellant, set aside his conviction and sentence recorded by the learned trial Court and acquit him of the charges by extending him the benefit of doubt. Resultantly, Murder Reference No. 155 of 2018 is answered in the negative. The appellant Muhammad Arshad alias Accha is in custody, he be released from the jail forthwith if not required to be detained in any other case.

JK/M-144/L Appeal allowed.

Malik Matee Ullah for Appellant.

Muhammad Mustafa, Deputy Prosecutor General for the State.

Date of hearing: 18th January, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This appeal is directed against judgment dated 09.02.2019, passed by the learned Additional Sessions Judge/Judge Special Court CNSA, Mianwali, whereby, in case FIR No.268/ 2018 dated 09.09.2018, registered at Police Station Daud-Khel, Mianwali, under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Khalid Mehmood appellant and sentenced him as under:

> Under section 9(c) of Control of Narcotic Substances Act, 1997 to four years and six months R.I. with fine of Rs.20,000/- and in default of payment thereof the appellant was directed to further undergo S.I. for five months. The benefit of section 382-B, Cr.P.C. was also extended to the appellant.

2. Briefly, the accusation levelled in the FIR against the appellant is that on 09.09.2018, Hameed Ullah ASI (complainant / PW-5), along with other police officials was present at Pull Ganda. A person (Khalid Mehmood appellant), came from the eastern side by foot. On seeing the police party, the appellant tried to run away but he was overpowered by the police party. On checking, Charas weighing 1200-grams was recovered from the shopper, which the appellant was holding in his right hand. A separate sample parcel of Charas weighing 60-grams for Chemical Analysis, was prepared. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 15.10.2018, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced five witnesses to prove its case. The learned Additional Sessions Judge/Judge Special Court CNSA, Mianwali, after recording the statement of the appellant under section 342, Cr.P.C. and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that the appellant is absolutely innocent and he has falsely been implicated in this case by the police; that there are material contradictions in the statements of the prosecution witnesses, which have not been properly

appreciated by the learned trial Court while passing the impugned judgment; that safe custody of the sample parcel and the parcel of case property could not be established in this case; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt; that the impugned judgment is result of misreading and non-reading of evidence, available on the record, therefore, the same may be set aside and the appellant may be acquitted from the charge.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant could not establish any mala fide on the part of the prosecution for his false involvement in this case; that the prosecution witnesses stood the test of lengthy cross-examination but nothing favourable to the appellant could be brought on the record; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well settled that since the provisions of The Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of the slightest doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of "Muhammad Hashim v. The State" (PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of "Ameer Zeb v. The State" (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the abovementioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case.

We have straightaway noticed that as per prosecution case, the ease property and the sample parcel were handed over by Hameed Ullah ASI (complainant/PW-5) to Fawad Iqbal SI (PW-3), who handed over the said parcels to Muhammad Shahzad Khan 936/HC/ Moharrar (PW-2). Muhammad Shahzad Khan 936/HC/Moharrar (PW-2) stated that he kept the abovementioned parcels in Mall-Khana of the police station intact and on 11.09.2018, handed over the sample parcel of 60-grams to Hameed Ullah ASI (PW-5) for its onward transmission to the office of Punjab Forensic Science Agency, Lahore but Hameed Ullah ASI, while appearing in the witness box as PW-5, did not utter a single word regarding handing over the sample parcel to him by Muhammad Shahzad Khan

936/HC/Moharrar (PW-2) or deposit of the same in the office of Punjab Forensic Science Agency, Lahore. It is, therefore, not determinable in this case that as to where the sample parcel remained after its delivery to Hameed Ullah ASI (PW-5) by Muhammad Shahzad Khan 936/HC/Moharrar (PW-2). Keeping in view the abovementioned prosecution evidence, the safe custody of sample parcel has not been proved in this case beyond the shadow of doubt, which has created serious dent in the prosecution case. Reliance in this respect is placed on the judgments passed by the august Supreme Court of Pakistan in the cases reported as "Amjad Ali v. The State" (2012 SCMR 577) and "Ikramullah and others v. The State" (2015 SCMR 1002).

8. In the light of above discussion, the instant appeal (Crl. Appeal No.10444 of 2019), is allowed, impugned judgment dated 09.02.2019, passed by the

learned Additional Sessions Judge/Judge Special Court CNSA, Mianwali, is hereby set aside and Khalid Mehmood (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith if not required in any other case.

SA/K-3/L Appeal allowed.

2023 Y L R 1418

[Lahore]

Before Malik Shahzad Ahmad Khan and Muhammad Amjad Rafiq, JJ

MUHAMMAD YAQOOB---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 236652 of 2018, heard on 20th June, 2022.

(a) Criminal trial---

----Circumstantial evidence--- Scope---Every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and the other the neck of the accused---If any link in the chain is missing then its benefit will go to the accused.

Ch. Barkat Ali v. Major Karam Elahi Zia and another 1992 SCMR 1047; Sarfraz Khan v. The State 1996 SCMR 188; Asadullah and another v. The State 1999 SCMR 1034 and Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt--- Extra-judicial confession---Scope---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---Allegedly, accused made extra-judicial confession before complainant and a witness---Notably, the accused was not nominated in the FIR and he had been implicated in the case through the supplementary statement of the complainant---Occurrence in the case took place on 26.09.2015 and the FIR was lodged on 27.09.2015, whereas, the supplementary statement of the complainant was recorded on 30.03.2016 i.e., after about six months from

the occurrence and the registration of the FIR---In the supplementary statement, complainant and a witness stated that on 30.03.2016, accused appeared before them and the given up witness, when they were present outside the house of the complainant and he made extra-judicial confession before them by stating that he had a burden on his mind therefore, he wanted to tell the occurrence to the complainant party---Accused further stated before the witnesses that minor deceased came to his shop for taking toffees and he took the minor inside the house, where he committed sodomy with him and killed him by strangulating his neck---Accused further stated that after committing the murder of minor, he packed his dead body in a sack and after loading the said body on his bicycle, he threw the same in a drain---As per Forensic Science Agency Report, no seminal material was detected on the anal swabs of the deceased to support the prosecution case---Moreover, there were contradictions in the statements of the prosecution witnesses of extra-judicial confession because one of the witnesses had stated that the accused allegedly confessed that after pressing the throat of minor, he dipped him in a water tub due to which he died but such fact was not stated by complainant---Complainant party comprised of three male adult members/witnesses and according to the evidence of said prosecution witnesses, the accused made extra-judicial confession regarding the murder of their kith and kin after about six months of the occurrence but they did not try to apprehend the accused at the time of making of his extra-judicial confession so as to hand him over to the police---No reason existed for the accused to make extra-judicial confession before the said witnesses---According to the alleged extra-judicial confession of the accused before the said prosecution witnesses, dead body of minor deceased was packed in a sack after his murder and thereafter, the same was thrown in a drain but according to the statement of Official Witnesses dead body was not packed in the sack and the same was lying open in the drain---No sack had been recovered in the case---Although according to the evidence of the prosecution, dead body of the deceased was thrown by the accused in a drain but Medical Officer did not mention in his evidence the presence of

any mud or particles of drain on the body of the deceased---Thus, the prosecution evidence qua extra-judicial confession of the accused was not worthy of reliance---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Judicial confession and extra-judicial confession---Contradictions---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---As per prosecution case, accused made judicial confession before Judicial Magistrate---Notably there were material contradictions in the prosecution case between the judicial confession made by the accused in the Court and the extra-judicial confession made by the accused before the prosecution witnesses---According to the judicial confession, the accused stated that he attempted to commit sodomy with minor deceased, whereas, as per statements of the witnesses of extra-judicial confession, the accused stated that he committed sodomy with the minor and thereafter, committed his murder---Further according to the statement made by the accused in his judicial confession, the mouth of the deceased was blocked by him with his hands due to which he died, whereas, according to the statements of the prosecution witnesses of extra-judicial confession, neck of the deceased was strangulated by the accused, whereas, according to the statement of witness, the accused, after strangulating the neck of minor deceased, drowned him in a water tub due to which he died but complainant did not state so in his statement recorded by the Trial Court and no such fact was mentioned by the accused in his judicial confession that after pressing the neck of minor deceased, he drowned him in a water tub---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Criminal Procedure Code (V of 1898), S. 164---High Court (Lahore) Rules and Order, Vol. III, Chap. 13, R. 5---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Judicial confession, recording of---Legally---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---Record showed that at the time of judicial confession, the accused was not told by the Judicial Magistrate that his custody would not be handed back to the police after recording of his confession which was in violation of Vol. III Chap. 13, R. 5 of the High Court (Lahore) Rules and Order on the subject---Although Judicial Magistrate stated that after recording of the confession of the accused under S. 164, Cr.P.C., he did not hand over his custody to the police rather the accused was sent to jail through staff of the Court but he was unable to tell the name of any member of his staff who handed over the custody of the accused to the jail authorities---On the other hand, Investigating Officer stated that he took the accused to jail---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Criminal Procedure Code (V of 1898), S. 164---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Recording of judicial confession---Contradictions---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---In the judicial confession of the accused, it had been stated by the accused that after five days of the occurrence, the dead body of the deceased was recovered on his pointation---On the other hand, according to the prosecution case, the dead body of minor deceased was recovered on 02.10.2015, as stated by complainant, as well as by Investigating Officer

and they did not state that the dead body was recovered on the pointation of the accused rather the accused had been implicated in the case through supplementary statement of the complainant on 30.03.2016, i.e., after more than six months of the occurrence---As per prosecution's own case, the dead body of minor was recovered on 02.10.2015, Investigating Officer---None of the prosecution witnesses stated that the dead body of the deceased was recovered on the pointation of the accused---Further no specific date or year of the occurrence had been mentioned in the judicial confession of the accused---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(f) Criminal Procedure Code (V of 1898)---

----S.164---Judicial confession---Scope---Mere judicial confession of an accused by itself is not sufficient to maintain his conviction and sentence---Judicial confession needs independent corroboration.

Muhammad Ashraf v. The State 2016 SCMR 1617; Muhammad Ismail and others v. The State' 2017 SCMR 898 and Hashim Qasim and another v. The State 2017 SCMR 986 rel.

(g) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Medical evidence---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---According to the medical evidence, eight swabs were sent to the Forensic Science Agency for detection of seminal and DNA test but according to the report of Forensic Science Agency, no seminal material was detected on the rectal swabs of deceased---Investigating Officer took nail scraping of deceased and the same was sent to Forensic Science Agency and according to its report, nail scraping of the deceased was mixture of at least two unknown male individuals, whereas, accused and his nephew were eliminated as being

contributors to the said DNA profile---Thus, the medical evidence and the reports of Forensic Science Agency had not supported the prosecution case against the accused---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(h) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Recoveries of bicycle and water tub on the pointation of accused---Reliance---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---Insofar as the recoveries of bicycle and water tub on the pointation of the accused was concerned, it was noteworthy that no incriminating material like blood stains or froth of the deceased were recovered from the said articles---Moreover, said articles were not sent to the office of Forensic Science Agency for detection of any incriminating material on them---Further complainant had admitted during his cross-examination that brother of the accused also lived in the same house wherefrom the said articles were recovered which showed that the house of the recovery was not exclusively under the possession of the accused---No ownership proof about the said bicycle in the name of the accused had been brought on the record---Under the circumstances, the said recoveries were of no avail to the prosecution---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(i) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Accused pointing out the place of occurrence and place of throwing dead body of the deceased---Reliance---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered

him---Prosecution had alleged that the place of crime and place where the dead body of the deceased was thrown had been pointed out by the accused but no incriminating material was recovered from the place of occurrence, as well as from the place where the dead body of the deceased was allegedly thrown---Further according to the prosecution case, on 22.04.2016, the accused pointed out the place of throwing of the dead body of minor deceased, whereas, the dead body was already recovered on 02.10.2015 and as such, the place of throwing of the dead body was already in the knowledge of the prosecution and no new fact was discovered or any recovery was effected from the said places---Thus, the said pieces of evidence were inconsequential for the prosecution case---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(j) Penal Code (XLV of 1860)---

----Ss. 302(b), 363 & 377---Qatl-i-amd, kidnapping, unnatural offence---Appreciation of evidence---Benefit of doubt---Motive not proved---Scope---Prosecution case was that accused allegedly kidnapped the minor son of complainant, committed unnatural offence and then murdered him---Motive behind the occurrence was that the accused committed sodomy with deceased and thereafter killed him---Notably there were material contradictions in the statements of prosecution witnesses regarding the motive---As per evidence of witnesses of extra-judicial confession, the accused made confession before the witnesses that he committed sodomy with the deceased and then killed him, whereas, in the judicial confession, the accused stated that he attempted to commit sodomy with the deceased---Moreover, as per medical evidence, no seminal material was detected on the anal swabs of the deceased---Thus, the prosecution had failed to prove the alleged motive in the case---Circumstances established that the prosecution failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed accordingly.

(k) Criminal trial---

----Benefit of doubt---Principle---Single circumstance creating doubt regarding the prosecution case will be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Muhammad Shahid Khan and Rizwan Afzal Tarar for Appellant.

Waqar Abid Bhatti, Deputy Prosecutor General for the State.

Ch. Liaqat Ali Anjum and Ch. Moazzam Tufail Gujjar for the Complainant.

Date of hearing: 20th June, 2022.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No. 236652 of 2018, filed by Muhammad Yaqoob (appellant) against his conviction and sentence and Murder Reference No. 312 of 2018, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Yaqoob (appellant). We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 15.09.2018 passed by the learned Addl. Sessions Judge, Lahore.

2. Muhammad Yaqoob (appellant) was tried in case FIR No. 644 dated 27.09.2015 registered at Police Station Wandat Colony District Lahore offences under Sections 302/363/377 of P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 15.09.2018 has convicted and sentenced Muhammad Yaqoob (appellant) as under:--

> Under Section 302(b), P.P.C. to 'Death' as Ta'zir for committing Qatl-i-Amd of minor Ahmad Javed (deceased). He was also ordered to pay Rs.500,000/- (Rupees five hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of

Cr.P.C. and in default thereof, to further undergo simple imprisonment for six months.

3. Initially the complaint (Exh.PG) and thereafter, FIR (Exh.PEE) were lodged against unknown accused person by Muhammad Javed Mughal, complainant (PW-5) by alleging that he (complainant) was resident of Street No.1 House No.3 Mohallah Karnalpura Masjid Street near Wahdat Colony, Lahore and on 26.09.2015 at about 08:00 p.m., his (complainant's) son, namely, Ahmad Javed aged about 61/2 years went out of the house while wearing red shirt and brown pent however, did not return home. It was further stated that the complainant party started the search of Ahmad Javed (deceased) on their own but in vain and it was asserted that Ahmad Javed (deceased) was abducted by some unknown accused. Hence, the FIR (Exh.PEE) was lodged under Section 363 of P.P.C. On 02.10.2015, on the information of Muhammad Ilyas, Sub-Inspector of P.S: Hanjarwal District Lahore the dead body of Ahmad Javed (deceased) was recovered from 'Kharak Nala', the complainant identified the dead body to be that of Ahmad Javed (deceased) and the offence under Section 302 of P.P.C. was added by the police. The complainant, thereafter, on 30.03.2016 got recorded his supplementary statement and nominated Muhammad Yaqoob (appellant) with the allegation that Muhammad Yaqoob (appellant) committed sodomy with Ahmad Javed (deceased), committed his murder and then threw his (Ahmad Javed's) dead body in the 'Nala'. Complainant also alleged in his supplementary statement that Muhammad Yaqoob appellant made extra-judicial confession before him in presence of Muhammad Khalid (PW-6) and Muhammad Danish (given up PW) regarding the commission of the occurrence.

4. Muhammad Yagoob (appellant) was arrested in this case on 09.04.2016 by Haji Maqsood, Sub-Inspector/I.O. (PW-12). On 22.04.2016, the appellant made disclosure and led to the recovery of cycle (P-4) and tub (P-5) vide recovery memo (Exh.PL). After completion of investigation, report under Section 173 of Cr.P.C., was prepared and submitted before the

learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 16.10.2017 to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced fourteen witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PPP).

6. The statement of Muhammad Yaqoob (appellant) under Section 342 of Cr.P.C. was recorded by the learned trial Court. Muhammad Yaqoob (appellant) refuted the allegations levelled against him and professed his innocence.

The appellant did not opt to make his statement on oath as envisaged under Section 340(2), Cr.P.C., however produced (Exh.DA to Exh.DJ) in his defence.

The learned trial Court vide its judgment dated 15.09.2018 found Muhammad Yaqoob (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that the occurrence was unseen and the prosecution case hinges upon very weak and unreliable circumstantial evidence; that there is no evidence of last seen, or 'wajj-takkar' against the appellant and the appellant has been convicted and sentenced only on the basis of evidence of extra-judicial confession and judicial confession; that the prosecution witnesses of extra-judicial confession were not holding the status of authority in the society therefore, there was no reason with the appellant to make extra-judicial confession before them; that the alleged recoveries of cycle and tub have been planted against the appellant and in fact nothing has been recovered from him; that the prosecution could not prove any motive of the occurrence; that the

prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charges.

8. On the other hand, it is contended by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has produced convincing and reliable circumstantial evidence against the appellant therefore, he was rightly convicted and sentenced by the learned trial Court; that the prosecution witnesses of extra-judicial confession and judicial confession were cross-examined at length but their evidence could not be shaken; that evidence of recovery of cycle and tub from the possession of the appellant has further corroborated the prosecution case; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

9. Arguments heard. Record perused.

10. The detail of the prosecution case has already been given in para No.3 of this judgment therefore, there is no need to repeat the same.

11. Since there is no direct evidence and prosecution case hinges on the circumstantial evidence, therefore, utmost care and caution is required for reaching at a just decision of the case. It is settled by now that in such like cases, every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused. But if any link in the chain is missing then its benefit must go to the accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as 'Ch. Barkat Ali v. Major Karam Elahi Zia and another' (1992 SCMR 1047), 'Sarfraz Khan v. The State' (1996 SCMR 188) and 'Asadullah and another v. The State' 1999 SCMR 1034. In the case of "Ch. Barkat Ali (supra), the august Supreme Court of Pakistan, at page 1055, observed as under:-

"...Law relating to circumstantial evidence that proved circumstances must be incompatible with any reasonable hypothesis of the innocence of the accused. See 'Siraj v. The Crown' (PLD 1956 PC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the accused"

In the case of "Sarfraz Khan (supra), the august Supreme Court of Pakistan, at page 192, held as under:-

"7 ....It is well settled that circumstantial evidence should be so inter-connected that it forms such a continuous chain that its one end touches the dead body and other neck of the accused thereby excluding all the hypothesis of his innocence."

Further reliance in this context is placed on the case of 'Altaf Hussain v. Fakhar Hussain and another' (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as under:-

"7 ....Needless to emphasis that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the neck of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain."

Keeping in view the parameters, laid down in the above-mentioned judgments, we proceed to decide this case.

12. We have noted that the prosecution case is based on the following pieces of circumstantial evidence.

i) Extra Judicial Confession of the appellant before Muhammad Javed complainant (PW-5) and Muhammad Khalid (PW-6).

ii) Judicial Confession of the appellant before Mudassar Hassan Khawaja, Judicial Magistrate (PW-9).

iii) Medical Evidence and PFSA reports.

iv) Recoveries of Tub and Cycle.

v) Pointation of the place of occurrence and place of throwing the dead body of the deceased by the appellant.

vi) Motive.

I. Extra Judicial Confession of the appellant before Muhammad Javed complainant (PW-5) and Muhammad Khalid (PW-6).

13. First of all we discuss the prosecution evidence of extra-judicial confession of Muhammad Yaqoob appellant made before Muhammad Javed complainant (PW-5) and Muhammad Khalid (PW-6). We have noted that the appellant was not nominated in the FIR and he has been implicated in this case through the supplementary statement of the complainant dated 30.03.2016. The occurrence in this case took place on 26.09.2015 and the FIR (Exh.PEE) was lodged on 27.09.2015, whereas, the abovementioned supplementary statement of the complainant was recorded on 30.03.2016 i.e., after about six months from the occurrence and the registration of the FIR. In the abovementioned supplementary statement Muhammad Javed complainant (PW-5) and Muhammad Khalid (PW-6) stated that on 30.03.2016, Muhammad Yaqoob (appellant) appeared before them and Danish Javed (given up PW), when they were present outside the house of the complainant. They further stated that the appellant made extra-judicial confession before them by stating that he had a burden on his mind therefore, he wanted to tell regarding the occurrence to the complainant party. The appellant further stated before the abovementioned PWs that on 26.09.2015 minor Ahmad Javed deceased came to his shop for taking toffees and he took the minor inside the house, where he committed sodomy with him and killed him by strangulating his neck. The appellant further stated that after committing the murder of Ahmad Javed minor, he packed his dead body in a sack and after loading the said body on his bicycle, he threw the same at 'Kharak' drain. We have noted that as per PFSA report,

no seminal material was detected on the anal swabs of the deceased to support the prosecution case that after committing sodomy with the minor, the appellant committed his murder. It is also noteworthy that there are contradictions in the statements of the prosecution witnesses of extra-judicial confession, because Muhammad Khalid (PW-6) has stated that the appellant also stated that after pressing the throat of Ahmad Javed minor, he dipped him in a water tub due to which he died but this fact was not stated by Muhammad Javed complainant (PW-5) that the minor was dipped in a water tub by the appellant. We have further noted that the complainant party was comprising of three male adult members, namely, Muhammad Javed complainant (PW-5), Muhammad Khalid (PW-6) and Danish Javed (given up PW) and according to the evidence of abovementioned prosecution witnesses, the appellant made extra-judicial confession regarding the murder of their near kith and kin after about six months of the occurrence but they did not try to apprehend the appellant at the time of making of his extra-judicial confession so that the appellant may be handed over to the police. We have further noted that Muhammad Khalid (PW-6) was not enjoying of any status of authority in the society and he stated during his cross-examination that he was an Assistant in the Accounts Branch of a Government College. Likewise, Muhammad Javed (PW-5) himself is the complainant of this case and there was no reason with the appellant to make extra-judicial confession before the abovementioned witnesses. We have further noted that according to the alleged extra-judicial confession of the appellant before the abovementioned prosecution witnesses, dead body of Ahmad Javed minor deceased was packed in a sack after his murder and thereafter, the same was thrown in the "Kharak" drain but according to the statement of Muhammad Akram Sub-Inspector (PW-2) and Muhammad Imran, 12321/C (PW-4) dead body was not packed in the sack and the same was lying open in the drain. No sack has been recovered in this case. Although according to the evidence of the prosecution, dead body of the deceased was thrown by the appellant in a drain but Dr. Zia ul Haq (PW-10), did not mention in his evidence the

presence of any mud or particles of drain on the body of the deceased. We are therefore, of the view that the abovementioned prosecution evidence qua extra-judicial confession of the appellant is not worthy of reliance.

II. JUDICIAL CONFESSION.

14. As per prosecution case, Muhammad Yaqoob appellant made judicial confession before Mudassar Hassan Khawaja, Judicial Magistrate (PW-9). We have noted that there are material contradictions in the prosecution case between the judicial confession made by the appellant in the Court and the extra-judicial confession made by the appellant before the prosecution witnesses i.e., Muhammad Javed complainant (PW-5) and Muhammad Khalid (PW-6). According to the judicial confession, the appellant stated that he attempted to commit sodomy with Ahmad Javed minor deceased, whereas, as per statements of the witnesses of extra-judicial confession, the appellant stated that he committed sodomy with the minor and thereafter, committed his murder. It is further noteworthy that according to the statement made by the appellant in his judicial confession, the mouth of the deceased was blocked by him (appellant) with his hands due to which he died, whereas, according to the statements of the prosecution witnesses of extra-judicial confession, neck of the deceased was strangulated by the appellant, whereas, according to the statement of Muhammad Khalid (PW-6), the appellant, after strangulating the neck of Ahmad Javed minor deceased, drowned him in a water tub due to which he died but Muhammad Javed complainant (PW-5) did not state so in his statement recorded by the learned trial Court and no such fact was mentioned by the appellant in his judicial confession that after pressing the neck of Ahmad Javed minor deceased, he drowned him in a water tub. It is further noteworthy that at the time of judicial confession, the appellant was not told by the concerned Magistrate that his custody will not be handed back to the police after recording of his confession which is in violation of Volume III Chapter 13 Rule 5 of the High Court Rules and Order on the subject. Although Mudassar Hassan Khawaja, Judicial Magistrate (PW-9) stated that after

recording of the confession of the appellant under Section 164 of Cr.P.C., he did not hand over his custody to the police rather the appellant was sent to jail through staff of the Court but he was unable to tell the name of any member of his staff who handed over the custody of the appellant to the jail authorities, whereas, on the other hand, Haji Maqsood, Sub-Inspector/I.O. (PW-12) stated that he took the appellant to Kot Lakhpat Jail. It is further noteworthy that in the judicial confession of the appellant, it has been stated by the appellant that after five days of the occurrence, the dead body of the deceased was recovered on his pointation. Relevant part of his statement, in this respect, reads as under:-

On the other hand, according to the prosecution case, the dead body of Ahmad Javed minor deceased was recovered on 02.10.2015, as stated by Muhammad Javed complainant (PW-5), as well as, by Muhammad Akram, Sub-Inspector (PW-2) and they did not state that the dead body was recovered on the pointation of the appellant rather the appellant has been implicated in this case through supplementary statement of the complainant on 30.03.2016, i.e., after more than six months from the occurrence. As per prosecution's own case, the dead body of Ahmad Javed minor was recorded on 02.10.2015, by Muhammad Ilyas, Sub-Inspector of Police Station Hanjarwal District Lahore. None of the prosecution witnesses stated that the dead body of the deceased was recovered on the pointation of the appellant. It is further noteworthy that no specific date or year of the occurrence has been mentioned in the judicial confession of the appellant. It is by now well settled that mere judicial confession of an accused by itself is not sufficient to maintain his conviction and sentence and the said judicial confession needs independent corroboration which is very much lacking in this case. There is no evidence of 'wajj-takkar', last seen etc, against the appellant in this case. As mentioned earlier, according to PFSA report (Exh.PHH), no seminal material was detected on the anal swabs of the deceased. In the circumstances, when there are material contradictions in the prosecution evidence regarding extra-judicial confession and the

judicial confession of the appellant and even otherwise judicial confession was not recorded in accordance with the law. Moreover, the retracted judicial confession of the appellant is not supported by any independent evidence hence, the same is not worthy of reliance. Reference in this context may be made to the cases of 'Muhammad Ashraf v. The State' (2016 SCMR 1617), 'Muhammad Ismail and others v. The State' (2017 SCMR 898) and Hashim Qasim and another v. The State' (2017 SCMR 986).

III. MEDICAL EVIDENCE AND PFSA REPORTS.

15. We have noted that according to the medical evidence, eight swabs were sent to the PFSA for detection of semens and DNA test but according to the report of PFSA (Exh.PHH), no seminal material was detected on the rectal swabs of Ahmad Javed deceased. It is also important to note that I.O. took nail scrapings of Ahmad Javed deceased and the same was sent to PFSA, Lahore and according to the report of PFSA (Exh.PPP), nail scraping of the deceased was mixture of at least two unknown male individuals, whereas, Muhammad Yaqoob appellant and Muhammad Ayub (nephew of the appellant) were eliminated as being contributors to the said DNA profile. We are therefore, of the view that the medical evidence and the abovementioned reports of PFSA have not supported the prosecution case against the appellant.

IV. RECOVERIES.

16. Insofar as the recoveries of bicycle and water tub on the pointation of the appellant is concerned, it is noteworthy that no incriminating material like blood stains or froth of the deceased were recovered from the abovementioned articles. Moreover, the aforementioned articles were not sent to the office of PFSA for detection of any incriminating material on the said articles. It is further noteworthy that Muhammad Javed complainant (PW-5) has admitted during his cross-examination that brother of the appellant also lived in the same house wherefrom the abovementioned articles were recovered which shows that the house of the

recovery was not exclusively under the possession of the appellant. No ownership proof above the abovementioned bicycle in the name of the appellant has been brought on the record. Under the circumstances, the abovementioned recoveries are of no avail to the prosecution.

V. Pointation by the appellant of the place of occurrence and place of throwing dead body of the deceased.

17. It is also noteworthy that the prosecution has alleged that the place of crime and place where the dead body of the deceased was thrown have been pointed out by the appellant but no incriminating material was recovered from the place of occurrence, as well as, from the place where the dead body of the deceased was allegedly thrown. It is further noteworthy that according to the prosecution case, on 22.04.2016, the appellant pointed out the place of throwing of the dead body of Ahmad Javed minor deceased, whereas, the dead body was already recovered in this case on 02.10.2015 and as such, the place of throwing of the dead body was already in the knowledge of the prosecution and no new fact was discovered or any recovery was effected from the abovementioned places. We are therefore, of the view that the abovementioned pieces of evidence are inconsequential for the prosecution case.

VI. MOTIVE.

18. As per prosecution case, the motive behind the occurrence was that the appellant committed sodomy with Ahmad Javed deceased and thereafter killed him. We have noted that there are material contradictions in the statements of prosecution witnesses regarding the motive. As mentioned earlier, as per evidence of PWs of extra-judicial confession, the appellant made confession before the witnesses that he committed sodomy with the deceased and then killed him, whereas, in the judicial confession, the appellant stated that he attempted to commit sodomy with the deceased. Moreover, as per medical evidence, no, seminal material was detected on

the anal swabs of the deceased. We are therefore, of the view that the prosecution has failed to prove the alleged motive in this case.

19. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5 ...The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating, the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

> '13...It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

20. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept Criminal Appeal No. 236652 of 2018 filed by Muhammad Yaqoob appellant, set aside his conviction and sentence recorded by the learned trial Court and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 312 of 2018 is answered in the negative. The appellant Muhammad Yaqoob is in custody, he be released from the jail forthwith if not required to be detained in any other case.

JK/M-173/L Appeal allowed.

2023 Y L R 1461

[Lahore]

Before Malik Shahzad Ahmad Khan and Muhammad Waheed Khan, JJ

SAMI ULLAH---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 258898-J and Murder Reference No. 390 of 2018, heard on 18th January, 2023.

(a) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Promptly lodged FIR---Accused was charged for committing murder of the father of complainant by firing---Occurrence in the case took place on 20.05.2017 at 06:00 a.m.---Matter was reported to the police on the same day through complaint and the FIR was also lodged on the same day i.e. on 20.05.2017 at 08:30 a.m., i.e., within a period of 02 hours and 30 minutes from the occurrence---Distance between the police station and the place of occurrence was 8-miles---Even the postmortem on the dead body of deceased was conducted on the same day on 20.05.2017 at 12:30 p.m. within a period of 06 hours and 30 minutes from the occurrence---Keeping in view the time of occurrence, the place of occurrence, its distance from the police station and the time of postmortem examination of deceased, it was of the view that there was no deliberate or conscious delay in reporting the matter to the police or in conducting the postmortem examination on the dead body of deceased---Circumstances established that the prosecution had proved its case against the accused, however, due to some mitigating circumstances, the conviction was maintained but sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

(b) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---False implication of accused unlikely---Accused was charged for committing murder of the

father of complainant by firing---Record showed that complainant was son of deceased whereas eye-witness was brother-in-law of the deceased---Keeping in view the relationship of the eye-witnesses with deceased of the case, it was of the view that substitution in such like cases was a rare phenomenon because it was not expected by the near kith and kin of the deceased person to falsely implicate innocent person in the murder case of their near relative and to let off the real culprit---Both the said eye-witnesses were cross-examined at length but their evidence could not be shaken---Said witnesses corroborated each other on all material aspects of the case---Evidence of said witnesses was confidence inspiring and trustworthy---As the occurrence took place in the broad day light therefore, there was no chance of any mis-identification of the accused in the case---Circumstances established that the prosecution had proved its case against the accused, however, due to some mitigating circumstances, the conviction was maintained but sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

(c) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Ocular account supported by medical evidence---Accused was charged for committing murder of the father of complainant by firing---Ocular account furnished by complainant and eye-witness had been fully supported by the medical evidence produced through Medical Officer who conducted the postmortem examination on the dead body of deceased within a period of 06 hours and 30 minutes from the occurrence---Although it was objected by defence that there was conflict between the ocular account and medical evidence of the prosecution because as per ocular account of the prosecution, deceased received four (04) firearm injuries, whereas, according to the medical evidence and postmortem report, there were five (05) injuries on the body of the deceased but it was noteworthy that one (01) out of the five (05) injuries mentioned by the Medical Officer i.e., injury No. 1 was a grazing wound on the right arm of deceased, whereas, injury No.2 was on the right armpit of the deceased---So it was evident that injuries Nos. 1 and 2 were

result of the same fire shot---Even the prosecution witnesses stated that first fire shot made by the accused after hitting right arm of deceased landed at his right armpit---Moreover, an eye-witness was not expected to give photo picture of each and every injury sustained by the deceased, with exactitude in the state of panic and sensation created at the time of occurrence due to the firing of accused---Circumstances established that the prosecution had proved its case against the accused, however, due to some mitigating circumstances, the sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

Abdur Rauf v. The State and another 2003 SCMR 522 and Ellahi Bakhsh v. Rab Nawaz and another 2002 SCMR 1842 rel.

(d) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Motive not proved---Effect---Accused was charged for committing murder of the father of complainant by firing---According to the prosecution witnesses, the accused committed the occurrence due to his quarrel with the son of deceased but no detail of the said quarrel like date, time and place had been mentioned by any prosecution witness---Noteworthy that no reason of the alleged quarrel between the parties had been given by any of the prosecution's witnesses---Vague and general statement had been made by the prosecution witnesses regarding the motive part of the occurrence---Thus, the motive alleged by the prosecution had not been proved in the case---However, if the prosecution evidence qua motive was excluded from consideration, even then sufficient incriminating evidence was available on record to prove the prosecution case against the accused---Circumstances established that the prosecution had proved its case against the accused, however, due to some mitigating circumstances, the conviction was maintained but sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

(e) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Recovery of weapon and crime empties---Scope---Accused was charged for committing murder of the father of complainant by firing---Record showed that rifle .222 bore was recovered from the possession of accused---Notable, the Investigating Officer had taken into possession six empties from the spot on the day of occurrence, whereas, rifle .222 bore was allegedly recovered from the possession of accused however, report of Forensic Science Agency in respect of the recovery was in the negative and the empties recovered from the spot could not be found to be fired from the rifle .222 bore, recovered on the pointation of accused---Thus, alleged recovery of .222 bore rifle on the pointation of the accused was inconsequential and no benefit could be extended to the prosecution on account of said recovery---However, if the prosecution evidence qua recovery of rifle .222 bore was excluded from consideration, even then sufficient incriminating evidence was available on record to prove the prosecution case against the accused---Circumstances established that the prosecution had proved its case against the accused, however, due to some mitigating circumstances, the conviction was maintained but sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

(f) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Sentence, reduction in---Mitigating circumstances---Motive not proved--- Recovery of weapon in consequential---Accused was charged for committing murder of the father of complainant by firing---Record showed that prosecution had set a motive against accused but had failed to prove the same---Recovery of rifle .222 bore on the pointation of the accused had been disbelieved---Under the said circumstances, the death sentence awarded to the accused was quite harsh and the sentence of imprisonment for life would meet the ends of justice---Thus, the conviction was maintained but

sentence awarded to the accused was altered from death to imprisonment for life---Appeal was dismissed with said modification in sentence.

Barrister Danyal Ijaz Chadhar for Appellant.

Munir Ahmad Sial, Deputy Prosecutor General for the State.

Tayyab Shaheen Dhillon and Malik Ahmad Nawaz Awan for the Complainant.

Date of hearing: 18th January, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Crl. Appeal No. 258898-J of 2018 filed by Sami Ullah appellant against his conviction and sentence and Murder Reference No. 390 of 2018 sent by the learned trial Court for confirmation or otherwise of the sentence of Death awarded to Sami Utah (appellant) by the learned trial Court. We proceed to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 14.11.2018 passed by the learned Addl. Sessions Judge, Arifwala District Pakpattan.

2. Sami Ullah (appellant) was tried in case FIR. No. 140 dated 20.05.2017 registered at Police Station Rang Shah District Pakpattan in respect of offence under Section 302 of P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 14.11.2018 has convicted and sentenced Sami Ullah appellant as under: -

> Under Section 302(b), P.P.C. to 'Death as tazir' for committing Qatl-i-Amd of Umar Hayat (deceased). He was also ordered to pay Rs.500,000/- (Rupees fine hundred thousand only) to the legal heirs of Umar Hayat deceased as compensation under Section 544-A of Cr.P.C. and in default thereof to undergo simple imprisonment for six months.

3. Brief facts of the case as given by the complainant Saif Ullah (PW-1) in his complaint (Exh.PA) on the basis of which formal FIR (Exh.PA/1) was chalked out, are that he (complainant) was resident of Chak No. 16/E.B and

was a cultivator by profession. On 20.05.2017 at 06:00 a.m., his (complainant's) father, namely, Umar Hayat (deceased) came from the house on a cart to take chaff from Square No. 49 Killa No. 23, where the complainant along with Munir Ahmad (PW-2) and Tazammal Hussain (given up PW) were already present. In the meanwhile, Sami Ullah (appellant) while armed with rifle came there and raised a 'lalkara' to teach a lesson for quarreling his (Umar Hayat deceased's) son, namely, Asad with him (appellant) and made a fire shot which hit at the right arm and armpit of Umar Hayat (deceased). Second fire shot made by the appellant landed at the left flank, whereas, the third fire shot made by the appellant landed on the back side of right thigh of Umar Hayat (deceased) who fell on the ground. The complainant party tried to rescue Umar Hayat (deceased) upon which Sami Ullah raised a 'lalkara' that if any body would come near then he shall face the same fate. On the hue and cry of the complainant party, people gathered at the spot, whereas, Sami Ullah (appellant) fled away from the spot while making aerial firing. Father of the complainant, namely, Umar Hayat (deceased) succumbed to the injuries at the spot.

4. The appellant Sami Ullah was arrested in this case on 28.05.2017 by Muhammad Iqbal Sub-Inspector/I.O. (PW-5). On 02.06.2017 Sami Ullah (appellant) made disclosure and got recovered rifle .222 bore (P-2) along with two live bullets (P-3/1-2) which was taken in to possession by the I.O. vide recovery memo. (Exh.PE). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 27.01.2018 to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced nine witnesses during the trial and also produced documentary evidence in the shape of (Exh.PA to Exh.PO).

6. The statement of the appellant under Section 342 of Cr.P.C. was recorded. The appellant refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case

against you and why the PW's have deposed against you" the appellant Sami Ullah replied as under:--

> "It is a false case. All the PWs are related inter se. Neither I was present at the place of occurrence nor made any fire upon the deceased. Deceased was a notorious person having illicit relations with different women. Size and diameter of injuries are different which clearly show that different kinds of weapons were used upon the deceased by unknown accused persons. It is an un-witnessed occurrence. Recovery of gun is fake and planted one and due to this reason, the crime empties secured from the place of occurrence by the crime scene unit did not match with the gun. In fact, civil litigation remained pending between me and the complainant party and due to this reason and grudge, I was falsely involved in this false case."

The appellant Sami Ullah neither opted to make his statement on oath as envisaged under Section 340(2), Cr.P.C., nor produced any evidence in his defence.

The learned trial Court vide its judgment dated 14.11.2018 found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the police; that in fact the occurrence was unseen and the prosecution eye-witnesses are chance witnesses and they could not establish their presence at the spot at the relevant time; that there is conflict between the ocular account and medical evidence of the prosecution because as per prosecution's ocular account there were four injuries on the body of Umar Hayat deceased, whereas, as per postmortem report of the deceased there were five injuries on the body of the deceased; that the alleged recovery of rifle .222 bore (P-2) vide memo (Exh.PE) from the possession of the appellant is of no avail to the prosecution because the report of PFSA, Lahore (Exh.PN) in respect of the said weapon is in the

negative; that the motive was also not proved in this case against the appellant beyond the shadow of doubt. It is therefore, prayed that the appeal filed by Sami Ullah (appellant) may be allowed and the appellant may be acquitted of the charge by extending him the benefit of doubt.

8. On the other hand, it is contended by the learned Deputy Prosecutor General the State assisted by learned counsel for the complainant that the occurrence in this ease took place on 20.05.2017 at 06:00 a.m., and the matter was promptly reported to the police on the same day at 08:30 a.m., i.e. within a period of 02 hours and 30 minutes from the occurrence hence, promptness of the FIR rules out the possibility or any deliberation or concoction on the part of the prosecution; that the occurrence took place in the fields of Umar Hayat (deceased) and Saif Ullah (PW-I), whereas, Munir Ahmad (PW-2) is brother-in-law of the deceased therefore, their presence as the spot at the relevant time is quite natural and probable; that the occurrence took place in the broad day light therefore, there was no chance of any misidentification of the appellant by the prosecution's eye-witnesses; that the prosecution eye-witnesses were the inmates of the village where the occurrence took place therefore, they cannot be termed as chance witnesses; that the prosecution's case against the appellant is supported by the medical evidence furnished by Dr. Arslan Karim (PW-9), postmortem examination report of the deceased (Exh.PL) and pictorial diagram (Exh.PL/1); that the prosecution case is further corroborated by the recovery of rifle .222 bore (P-2) vide recovery memo (Exh.PE), on the pointation of the appellant; that motive has also been proved in this case against the appellant through reliable and confidence inspiring evidence of the prosecution witnesses; that the prosecution has proved its case against the appellant beyond the shadow of any doubt therefore, his appeal may be dismissed, Murder Reference be answered in the affirmative and the sentence of death awarded to the appellant by the learned trial Court may be upheld and maintained.

9. Arguments heard. Record perused.

10. Prosecution story as set forth in the complaint (Exh.PA) on the basis of which formal FIR (Exh.PA/1) was chalked out, has already been reproduced in para No.3 of this judgment therefore, there is no need to repeat the same.

11. The occurrence in this case took place on 20.05.2017 at 06:00 a.m. The matter was reported to the police on the same day through complaint (Exh.PA) and the FIR (Exh.PA/1) was also lodged on the same day i.e. on 20.05.2017 at 08:30 a.m., i.e., within a period of 02 hours and 30 minutes from the occurrence. The distance between the police station and the place of occurrence was 8-miles. Even the postmortem on the dead body of Umar Hayat (deceased) was conducted on the same day i.e., on 20.05.2017 at 12:30 p.m. i.e. within a period of 06 hours and 30 minutes from the occurrence keeping in view the time of occurrence, the place of occurrence, its distance from the police station and the time of postmortem examination of Umar Hayat deceased, we are of the view that there was no deliberate or conscious delay in reporting the matter to the police or in conducting the postmortem examination on the dead body or Umar Hayat deceased.

12. The ocular account of the prosecution has been furnished by Saif Ullah complainant (PW-1) and Munir Ahmad (PW-2). The occurrence in this case took place in he fields of Umar Hayat (deceased) situated in Chak No. 16/EB within the jurisdiction of Police Station Rang Shah District Pakpattan. Saif Ullah complainant (PW-1) is the son of Umar Hayat (deceased), whereas, Munir Ahmad (PW-2) is brother-in-law of Umar Hayat (deceased) and this fact was brought on the record during the cross-examination of Saif Ullah complainant (PW-1) who stated that Munir Ahmad PW was his maternal uncle. Both the abovementioned eye-witnesses are residents of the same village i.e., Chak No. 16/E.B where the occurrence took place. Saif Ullah complainant (PW-1) further stated during his cross-examination that the place of occurrence was situated at a distance of about two squares from his house. As mentioned earlier, the occurrence took place in the fields owned by Umar Hayat (deceased), as mentioned in the site plant (Exh.PK) therefore, presence of Saif Ullah complainant (PW-1) in his own fields situated in his village is quite natural and probable.

Likewise presence of Munir Ahmad (PW-2) at the spot at the relevant time being resident of the same village and closely related to Umar Hayat (deceased) is also quite natural and probable. The occurrence in this case took place in the broad day light. The appellant is single accused in this case. Saif Ullah complainant (PW-1) is real son, whereas, Munir Ahmad (PW-2) is brother-in-law of Umar Havat (deceased). Keeping in view the relationship of the abovementioned eye-witnesses with Umar Hayat deceased of this case, we are of the view that substitution in such like cases is a rare phenomenon because it is not expected by the near kith and kin of the deceased person to falsely implicate innocent person in the murder case of their near relative and to let off the real culprit. Both the abovementioned eye-witnesses were cross-examined at length but their evidence could not be shaken. They corroborated each other on all material aspects of the case. Their evidence is confidence inspiring and trustworthy. As the occurrence took place in the broad day light therefore, there was no chance of any mis-identification of the appellant in this case.

13. The ocular account furnished by Saif Ullah complainant (PW-1) and Munir Ahmad (PW-2) has fully been supported by the medical evidence produced through Dr. Arslan Karim (PW-9) who conducted the postmortem examination on the dead body of Umar Hayat (deceased) on 20.05.2017 at 12:30 p.m., i.e., within a period of 06 hours and 30 minutes from the occurrence. He noted the following five (05) firearm injuries on the body of the deceased.

INJURIES:--

1. A fire arm lacerated grazing wound of 6 cm x 4.5 cm on the front of the right arm middle part.

2. A firearm lacerated entrance wound of 3 cm x 2.5 cm into going deep on the lateral side of right chest just below the right armpit.

3. A firearm lacerated wound of 1.5 cm x 1.5 cm into going deep. The lateral side of the right chest 4 cm lateral to injury No.2.

4. A firearm lacerated entrance wound of 3.5 cm x 2 cm on the lateral side of right iliac crest.

5. A firearm lacerated entrance wound of 3.5 cm x 3 cm on the back of right thigh.

Although it is argued by learned counsel for the appellant that there is conflict between the ocular account and medical evidence of the prosecution because as per ocular account of the prosecution, Umar Hayat (deceased) received four (04) firearm injuries, whereas, according to the medical evidence and postmortem report (Exh.PL), there were five (05) injuries on the body of the deceased but it is noteworthy that one (01) out of the abovementioned five (05) injuries mentioned by the Medical Officer i.e., injury No.1 was a grazing wound on the right arm of Umar Hayat deceased, whereas, injury No.2 was on the right armpit of the deceased. So it is evident that injuries Nos. I and 2 are result of the same fire shot. Even the prosecution witnesses stated that first fire shot made by the appellant after hitting right arm of Umar Hayat (deceased) landed at his right armpit. Moreover, it is by now well settled that an eye-witness is not expected to give photo picture of each and every injury sustained by the deceased, with exactitude in the state of panic and sensation created at the time of occurrence due to the firing of accused. Reliance in this respect may be placed on the case of 'Abdur Rauf v. The State and another' (2003 SCMR 522), wherein at page No. 526, the Hon'ble Supreme Court of Pakistan has held as under:--

> "We may observe that the minor discrepancies in the medical evidence relating to the seat of injuries would also not negate the direct evidence as the witnesses are not supposed to give photo picture of each detail of injuries in such situation, therefore, the conflict of nature of ocular account with medical as pointed out being not material would have no adverse effect on the prosecution case,"

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case of 'Ellahi Bakhsh v. Rab Nawaz and another' (2002 SCMR 1842). Under the circumstances, there is no material conflict between the ocular

account and the medical evidence of the prosecution and in our humble view, the ocular account of the prosecution has fully been supported by the medical evidence.

14. Insofar as the motive part of the prosecution case is concerned, we have noted that according to the prosecution witnesses, the appellant committed the occurrence due to his quarrel with the son of Umar Hayat (deceased), namely, Asad but we have noted that no detail of the said quarrel like date, time and place has been mentioned by any prosecution witness. It is also noteworthy that no reason of the aforementioned alleged quarrel between the parties has been given by any of the prosecution's witnesses. A vague and general statement has been made by the prosecution witnesses regarding the motive part of the occurrence. We are therefore, of the view that motive alleged by the prosecution has not been proved in this case.

15. Insofar as the recovery of rifle .222 bore (P-2) from the possession of Sami Utah (appellant) is concerned, we have noted that the Investigating Officer has taken into possession six empties from the spot on the day of occurrence vide recovery memo (Exh.PC), whereas, rifle .222 bore (P-2) was allegedly recovered from the possession of Sami Ullah (appellant) vide recovery memo (Exh,PE) however, report of PHA, Lahore (Exh.PN) in respect of the abovementioned recovery is in the negative and the empties recovered from the spot could not be found to be fired from the rifle .222 bore (P-2), recovered on the pointation of Sami Ullah appellant. In the light of above, alleged recovery of .222 bore rifle (P-2) on the pointation of the appellant is inconsequential and no benefit could be extended to the prosecution on account of abovementioned recovery.

16. We have disbelieved the prosecution evidence qua motive and recovery of rifle .222 bore (P-2) on the pointation of Sami Ullah (appellant) due to the reasons mentioned in paras Nos. 14 and 15 above, however, if the prosecution evidence qua motive and the recovery rifle .222 bore (P-2) is excluded from consideration, even then sufficient incriminating evidence is available on record to prove the prosecution ease against the appellant. As discussed earlier, the prosecution case has been proved against the

appellant through the reliable and confidence inspiring evidence of eye-witnesses, namely, Saif Ullah complainant (PW-1) and Munir Ahmad (PW-2). They stood the test of lengthy cross-examination but their evidence could not be shaken regarding the role played by the appellant during the occurrence and causing fatal firearm injuries to the deceased. The ocular account of the prosecution as given by Saif Ullah complainant (PW-1) and Munir Ahmad (PW-2) about the abovementioned role of the appellant regarding the commission of the murder of Umar Hayat (deceased) is fully supported by the medical evidence furnished by Dr. Arslan Karim (PW-9), postmortem report of Umar Hayat deceased (Exh.PL) and pictorial diagram (Exh.PL/1). The time of occurrence, the kind of weapon used, the nature and scat of injuries inflicted by the appellant to the deceased, all these facts as stated by the abovementioned eye-witnesses were fully supported by the aforementioned medical evidence therefore, we hold that the prosecution has proved its case against the appellant beyond the shadow of any doubt.

17. Now coming to the quantum of sentence, we have noted some mitigating circumstances in favour of the appellant. Firstly prosecution has set a motive against Sami Ullah appellant but has failed to prove the same due to the reason mentioned in para No. 14 of this judgment. Secondly, recovery of rifle .222 bore (P-2) on the pointation, of the appellant has been disbelieved by us due to the reasons mentioned in paragraph No. 15 of this judgment. Under the circumstances, the death sentence awarded to the appellant is quite harsh and the sentence of imprison-ment for life shall meet the ends of justice.

18. While treating it a case of mitigation, the conviction of Sami Ullah appellant under Section 302(b), P.P.C. awarded by the learned trial Court is maintained but his sentence is altered from death to imprisonment for life. The compensation awarded by the learned trial Court against the appellant and sentence in default thereof are maintained and upheld. The benefit of Section 382-B of Cr.P.C. is also extended in favour of the appellant.

19. Consequently, with the above said modification in the conviction and sentence of Smai Ullah appellant, Criminal Appeal No. 258898-J of 2018 filed by the appellant is hereby dismissed. Murder Reference (M.R. No.

390 of 2018) is answered in the negative and death sentence of Sami Ullah appellant is not confirmed.

JK/S-4/L Appeal dismissed.

Before Malik Shahzad Ahmad Khan and Muhammad Waheed Khan, JJ

MUHAMMAD SARWAR---Appellant

Versus

MAGISTRATE 1st CLASS, DISTRICT GUJRAT and 6 others---Respondents

Intra-Court Appeal No. 12256 of 2023, heard on 15th March, 2023.

Criminal Procedure Code (V of 1898)---

----S. 30---Powers of Magistrate---Delay in filing application for medical examination---Effect---Mere delay in filing an application for conducting medical examination is not sufficient to dismiss such application.

Mansab Ali v. Asghar Ali Faheem Bhatti Additional Sessions Judge Nankana Sahib and 3 others PLD 2007 Lah. 176 and Ghulam Fareed v. Additional Sessions Judge D.G. Khan and 4 others 2010 PCr.LJ 4 ref.

Dr. Zia Ullah Ranjha for Appellant.

Waqar Saeed Khan, Addl. Advocate General and Nawaz, A.S.I. for the State.

Amjad Qayyum Baloch for Respondents Nos. 5 and 6.

Date of hearing: 15th March, 2023.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Intra-Court Appeal No. 12256 of 2023, filed by Muhammad Sarwar (appellant) against impugned order dated 23.01.2023, passed by learned Magistrate 1st Class Gujrat, whereby the application moved by the petitioner/complainant for re-examination of the victim of this case namely Mst. Aalia Sarwar by the District Standing Medical Board was dismissed, as well as, against order under appeal dated 08.02.2023, passed by learned Single Judge in Chamber of this Court, whereby the constitutional petition filed by the appellant i.e., Writ Petition No.8581 of 2023, against the abovementioned order was also dismissed.

2. Arguments heard. Record perused.

3. As per brief facts of the present case, Muhammad Sarwar petitioner/ complainant lodged FIR No.726/2022, dated 24.11.2022, under section 375-A, P.P.C., Police Station Kunjah, District Gujrat with the allegation that on the intervening night of 21/22-11-2022, his daughter namely Mst. Aalia Sarwar went out of her house to answer the call of nature but on her way, she was abducted by the accused mentioned in the FIR who took her to an under-

construction house of accused Zaka Ullah (respondent No.7), where the accused namely Yawar and Murad committed rape with her turn by turn, hence the abovementioned FIR. The alleged victim namely Mst. Aalia Sarwar was medically examined by the Medical Officer of Major Shabbir Sharif Hospital, Kunja, District Gujrat. In the relevant column of the medico legal report of the alleged victim regarding rupture of the hymen, the Medial Officer has mentioned that there was no rupture of hymen. It was case of the appellant that in fact rape was committed with his daughter namely Mst. Aalia Sarwar by the abovementioned accused persons and the Medial Officer has not issued correct medico legal report of the said victim, therefore, Mst. Aalia Sarwar may be re-examined by the District Standing Medical Board. We have noted that impugned order of the concerned Magistrate and order under appeal of the learned single Judge in Chamber of this Court were passed mainly on the ground that the appellant moved the application for re-examination of the victim by the District Standing Medical Board with a considerable delay but it is by now well settled that merely delay in filing an application for conducting medical examination is not sufficient to dismiss the application filed for the abovementioned purpose. Reliance in this respect is placed upon the judgments reported as "Mansab Ali v. Asghar Ali Faheem Bhatti Additional Sessions Judge Nankana Sahib and 3 others" (PLD 2007 Lahore 176) and "Ghulam Fareed v. Additional Sessions Juke D.G. Khan and 4 others" (2010 PCr.LJ 4). Moreover, re-examination of the alleged victim by the District Standing Medical Board shall be beneficial for the just decision of the case.

4. Keeping in view all the aforementioned facts, this Intra-Court Appeal is allowed and impugned order dated 23.01.2023, passed by learned Magistrate lst Class, Gujrat, as well as, order under appeal dated 08.02.2023, passed by the learned Single Judge in Chamber of this Court are hereby set-aside. Resultantly, the application moved by the appellant/complainant for re-examination of victim namely Mst. Aalia Sarwar is hereby accepted and the Medical Superintendent, District Headquarter Hospital, Gujrat is directed to get medically examined Mst. Aalia Sarwar from the District Standing Medical Board and hand over the report of the Medical Board to the police within a period of two weeks from the date of receipt of attested copy of this order. It is, however, clarified that consequences of late medical examination of the alleged victim by the Medical Board shall be determined by the learned trial Court after recording of evidence and the case shall be decided strictly in accordance with the law without being influenced by any observation made in this order.

SA/M-54/L Appeal allowed.

PLJ 2023 Cr.C. (Note) 33

Date of hearing 7.9.2021.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall dispose of Criminal Appeal No. 104973 of 2017 filed by Muhammad Muzammal (appellant) against his conviction and sentence and **Murder Reference No. 623 of 2017** sent by the learned trial Court for confirmation or otherwise of the sentence of Death awarded to Muhammad Muzammal (appellant) by the learned trial Court. We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 31.10.2017 passed by the learned Addl. Sessions Judge, Faisalabad.

2. Muhammad Muzammal (appellant) along with Muhammad Akram (co-accused since acquitted) was tried in case FIR. No. 624 dated 13.08.2016 registered at Police Station Millat Town District Faisalabad in respect of offences under Sections 302/34 of PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 31.10.2017 has convicted and sentenced Muhammad Muzammal appellant as under: -

> **Under Section 302 (b), PPC** to 'Death as tazir' for committing Qatl-i-Amd of Muhammaa Humayoun Wahla Advocate (deceased). He was also ordered to pay Rs. 3,00,000/- (rupees three hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr. P. C and in default thereof to undergo simple imprisonment for six months.
>
> However, the learned trial Court *vide* the aforementioned judgment has acquitted Muhammad Akram co-accused by extending him the benefit of doubt.

3. Brief facts of the case as given by the complainant Shah Jehan Babar (*PW-7*) in his complaint (Exh.PC/1), on the basis of which the formal FIR (Exh.PC) was chalked out, are that he (complainant) was serving as Deputy District

Attorney District Bhakkar. On 13.08.2016, he was present at his home due to leave. At about 07:00 p.m., the complainant along with his brother, namely, Muhammad Humayoun Wahla Advocate (deceased) came to Lawyers Housing Society Chak No. 198/R.B (Faisalabad) while riding a jeep, where Tanveer-ur-Rehman Randawa President Lawyers Housing Society (*PW-8*) and Tanveer Riaz, Advocate (given up PW) were already sitting on chairs in front of the office of Society. The complainant and Muhammad Humayoun Wahla (deceased) also sat on the chairs along with aforementioned PWs and started consultation. Outer lights of the office were on. At about 08:30p.m., Muhammad Mazammal (appellant) while armed with repeater gun .12 bore and Muhammad Akram (co-accused since acquitted) while empty handed came there. Muhammad Akram (co-accused since acquitted) pointed towards Muhammad Humayoun Wahla (deceased) upon which Muhammad Muzammal (appellant) made a fire shot with repeater gun .12 bore which hit at the face, neck and head of Muhammad Humayoun Wahla (deceased). The complainant along with his companions tried to apprehend the accused persons but they succeeded in fleeing away from the spot. The occurrence was witnessed by the complainant and the aforementioned PWs. The complainant and his companions attended to Muhammad Humayoun Wahla who succumbed to the injuries at the spot.

4. The appellant Muhammad Muzammal was formally arrested in this case on 08.09.2016 by Aftab Ahmad S.I/H1U (PW-10). On 14.09.2016, Muhammad Muzammal appellant led to the recovery of repeater gun .12 bore (P-5), which was taken into possession *vide* recovery memo. (Exh.PG). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 05.01.2017, to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced ten witnesses during the trial. Shah Jehan Babar (*PW-7*) & Ch. Tanvir-ur-Rehman Randhawa, Advocate (*PW-8*) are the witnesses of ocular account. They also furnished the

evidence regarding the recovery of repeater gun .12 bore(P-5) on the pointation of the appellant. The medical evidence in this case was furnished by Dr. Muhammad Shafique, Senior Demonstrator PMC, Faisalabad (*PW-5*).

Muhammad Asghar, Inspector (*PW-9*) and Aftab Ahmad SI/HIU (PW-1*0*) were the Investigating Officers of this case.

Muhammad Naveed Aslam 4232/C (PW-1), Muhammad Nawaz Draftsman (PW-2), Muhammad Ilyas 2455/C (*PW-3*), Ehsan-ul-Haq 930/HC (*PW-4*) & Shahzad Waseem (*PW-6*) were the formal witnesses.

The prosecution also produced documentary evidence in the shape of scaled site-plan (Exh.PA & Exh.PA/1), memo of possession of blood stained clothes *i.e*. T-shirt (P-l), Pant (P-2), Underwear (P-3) and one glass bottle containing pellets (P-4) (Exh.PB), FIR (Exh.PC), compliant (Exh.PC/1), post-mortem report and pictorial diagrams of Muhammad Humayoun Wahla (deceased) (Exh.PD), (Exh.PD/1) & (Exh.PD/2), Injury Statement (Exh.PE), Inquest Report (Exh.PF), memo of possession of repeater gun .12 bore(P-5) (Exh.PG), rough site-plan of the place of recovery of gun .12 bore(Exh.PG/3), memo of possession of blood stained cotton (Exh.PH), memo of possession of empty cartridge (Exh.PJ), rough site-plan of the place of occurrence (Exh.PK), report of PFSA regarding DNA and Serology Analysis (Exh.PL), report of PFSA regarding weapon of offence (Exh.PM) and closed its evidence.

6. The statements of the appellant and his co-accused under Section 342 of Cr.P.C. were recorded. The appellant refuted the allegations levelled against him and professed his innocence. While answering to a question that 'Why this case against you and why the PWs have deposed against you" the appellant Muhammad Muzammal replied as under:

"I have no idea about my involvement in this case."

The appellant Muhammad Muzammal neither opted to make his statement on oath as envisaged under Section 340(2) Cr.P.C., nor he produced any evidence in his defence.

The learned trial Court *vide* its judgment dated 31.10.2017 found the appellant guilty, convicted and sentenced him as mentioned and detailed above however, Muhammad Akram co-accused was acquitted of the charge by extending him the benefit of doubt.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that there is delay of 03 hours in lodging the FIR which has created doubt regarding the truthfulness of the prosecution story; that there is delay of 11½ hours in conducting the post-mortem examination on the dead body of the deceased which is also suggestive of the fact that the prosecution's eye witnesses were not present at the spot at the time of occurrence and the above-referred delay was consumed in procuring the attendance of fake eye witnesses; that the complainant was posted as D.D.A at Chiniot at the time of occurrence therefore, he was not present at the time of occurrence; that both the eye witnesses were not residents of the place of occurrence as the occurrence took place in Chak No. 198/R.B of P.S: Millat Town Faisalabad, whereas, both the eye witnesses of this case are residents of Madina Town District Faisalabad and they could not establish their presence at the spot at the relevant time through any cogent and valid reason; that the occurrence took place at night time but no bulb was taken into possession by the I.O to establish that there was any light to identify the accused persons in the darkness of night; that recovery of repeater gun .12 bore(P-5) was affected from an open place which was accessible to public therefore, the said recovery cannot be relied upon; that no motive whatsoever has been alleged against the appellant; that an empty (P-6) was recovered from the spot on 13.08.2016 *vide* recovery memo. (Exh.PJ) but the same was sent to the office of PFSA, Lahore on 22.08.2016 *i.e*. with the delay of 09 days from the occurrence; that Shah Jehan Babar complainant (*PW-7*) could not tell during his cross-examination that as to who had informed the police about the occurrence and who had shifted the dead body of the deceased to the hospital; that it was alleged by the prosecution that Muhammad Akram (co-accused since acquitted) pointed towards the deceased whereupon Muhammad

Muzammal appellant made fire shot at the deceased but the abovementioned co-accused has been acquitted by the learned trial Court which has created serious dent in the prosecution story; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of any doubt. It is therefore, prayed that the instant appeal may be allowed and the appellant may be acquitted of the charge by extending him the benefit of doubt.

8. On the other hand, this appeal has been opposed by the learned Deputy Prosecutor General assisted by learned counsel for the complainant while contending that the FIR in this case was promptly lodged which rules out the possibility of any concoction or deliberation in the prosecution story; that both the prosecution's eye witnesses had no enmity with the appellant to falsely implicate him in this case; that both the eye witnesses are natural eye witnesses of the occurrence because the occurrence took place in the Lawyers Housing Society and both the eye witnesses are Advocates by profession; that the occurrence took place in front of the office of the Lawyers Housing Society where presence of electricity was quite natural and the same has duly been shown in site-plan (Exh.PA & Exh.PA/1); that Shah Jehan Babar complainant (*PW-7*) is real brother of the deceased and substitution in such like cases is a rare phenomenon; that the prosecution case is further corroborated by the recovery of repeater gun .12 bore (P-5) on the pointation of the appellant *vide* recovery memo (Exh.PG) and positive report of PFSA, Lahore (Exh.PM); that mere non-proof of motive does not extend any benefit to the appellant; that the prosecution has proved its case against the appellant beyond the shadow of doubt therefore, this appeal may be dismissed, Murder Reference may be answered in the positive and the sentence of death awarded to the appellant by the learned trial Court may be upheld & maintained.

9. Arguments heard. Record perused.

10. The occurrence in this case took place on 13.08.2016 at 08:30 p.m. The matter was reported to the police on the same night and the FIR (Exh.PC) was also lodged on the same night *i.e.* on 13.08.2016 at 11:15 p.m. The distance between the police station and the place of occurrence was 6 kilometers.

Keeping in view the time of occurrence, the place of occurrence and its distance from the police station, we are of the view that there was no deliberate or conscious delay in reporting the matter to the police.

11. The ocular account of the prosecution was furnished by Shah Jehan Babar complainant (*PW-7*) and Ch. Tanvir-ur-Rehman Randhawa, Advocate (*PW-8*). Shah Jehan Babar (*PW-7*) is the real brother of Muhammad Humayoun, Advocate (deceased). Even Shah Jehan Babar complainant (*PW-7*) himself is an Advocate by profession and he was performing his duty as Deputy District Attorney at Chiniot. It is further noteworthy that the occurrence took place in front of the office of Lawyers Housing Society situated in Chak No. 198/R.B within the jurisdiction of Police Station Millat Town District Faisalabad. Place of occurrence (office of Lawyers Housing Society Chak No. 198/R.B Faisalabad) has not been disputed in this case by the accused/defence. As both the eye-witnesses of the occurrence *i.e.* Shah Jehan Babar complainant (*PW-7*) & Ch. Tanvir-ur-Rehman Randhawa (*PW-8*) are lawyers by profession therefore, their presence at the spot at the relevant time is neither unnatural nor improbable. It is true that Shah Jehan Babar complainant (*PW-7*) was posted as D.D.A at Chiniot at the time of occurrence but he has categorically stated during his examination-in-chief that on the day of occurrence, he had come to Faisalabad on leave. It is a common observation that during the month of August of every year, the District Courts observe summer vacation. Moreover, it has been brought on the record during the cross-examination of Ch. Tanvir-ur-Rehman Randhawa, Advocate (*PW-8*) that he was President of Lawyers Housing Society. The abovementioned fact was not objected to by the defence during the cross-examination of abovementioned witness. We are therefore, of the view that presence of the abovementioned eye witness at the spot at the relevant time was quite natural. Both the abovementioned eye witnesses stated that on 13.08.2016 at 08:00 p.m., when they were sitting in front of the office of Lawyers Housing Society, the appellant while armed with .12 bore gun along with Muhammad Akram (co-accused since acquitted) emerged at the spot and thereafter, the appellant made a fire shot which landed on the face, neck and head of Muhammad Humayoun deceased. The abovementioned eye

witnesses were cross-examined at length but their evidence could not be shaken. They corroborated each other on all material aspects of the case. Weaknesses pointed out by learned counsel for the appellant in the statement of the complainant that he could not tell the name of the person who had informed the police about the occurrence or who had shifted the deceased to the hospital are immaterial and the same have no relevancy with the material aspects of the case. Their evidence of both the aforementioned eye witnesses is trustworthy and confidence inspiring. It is further noteworthy that Shah Jehan Babar complainant (*PW-7*) is real brother of the deceased. It is not expected that he would let off the real culprit and would falsely implicate an innocent person for the murder of his real brother. Substitution in such like cases is a rare phenomenon. Although learned counsel for the appellant has argued that the occurrence took place at night time and identification of the appellant was not possible during the darkness of night and bulb has not been taken into possession by the I.O. but we have noted that in the site-plan (Exh.PA & Exh.PA/1), the presence of electric lights at the spot has been shown at point Nos. 6,7 & 8. As mentioned earlier, the place of occurrence has not been disputed by the accused/defence and as the occurrence took place in front of the office of Lawyers Housing Society therefore, presence of lights at the spot was quite natural. We are therefore, of the view that the defence could not establish any weakness in the abovementioned evidence of the prosecution's eye witnesses and there was no chance of any misidentification of the appellant in presence of electric lights at the spot. Muhammad Akram (co-accused since acquitted) was not assigned any injury on the body of the deceased, whereas, the appellant has been assigned the role of making a fire shot which landed on different parts of the body of the deceased and as such, case of the appellant is distinguishable from the case of the abovementioned co-accused therefore, acquittal of above-referred co-accused is of no avail to the appellant.

12. Medical evidence of the prosecution was furnished by Dr. Muhammad Shafique, Senior Demonstrator PMC, Faisalabad (*PW-5*). The said witness stated that on 14.08.2016 at 08:00 a.m., he conducted post-mortem

examination on the dead body of Muhammad Humayoun deceased and found the following injuries on his body:-

INJURIES:

1.A. A 1x1 cm wound of fire-arm entry was present in front of forehead in right side 4 cm from midline 8 cm above the right eye brow.

2.A. A fire-arm wound of entry 1x1 cm on right side of face 4 cm from the right eye 5 cm from right ear.

3.A. A fire-arm wound of entry 2x1 cm on right side of face on lower jaw 3 cm from right ear 8 cm from right corner of mouth laterally.

4.A. A fire-arm wound of entry 1x1 cm on chin of left side (lower part of chin) half cm from midline to left 1x1½ cm below the chin.

5.A. A fire-arm wound of entry 1 x ½ cm on right side of upper lip 2 cm from midline 2 cm from nostrial teeth and upper jaw was broken on right side.

6.A. A fire-arm wound of entry in front of neck 4 cm from midline to right side and 4 cm above the right clavical.

6.B. A bruised area of 4x5 cm on left side of chest 5 cm from midline 3 cm from mid of medial border of left scapula.

7.A&B. A fire-arm wound of entry and exit on upper part of right side of chest just close to the top of shoulder joint 1½ x 1cm in size 8 cm from base of neck 7 cm below from right shoulder joint top.

Note. On exploration of brain 3 metalic projectile were discovered in the brain tissue. Upper and lower jaw bone (maxilla and mandible) of right side also fractured.

It was case of the prosecution that fire shot made by the appellant with his .12 boregun landed on the face, neck and head of Muhammad Humayoun deceased and the evidence of abovementioned prosecution's eye witnesses has fully been supported by the medical evidence furnished by Dr. Muhammad Shafique (*PW-5*). It is true that there is delay of 11½ hours in conducting the post-mortem examination on the dead body of the deceased but it is noteworthy that Dr. Muhammad Shafique (*PW-5*) has categorically stated in his examination-in-chief that the dead body was received in the dead house on 13.08.2016 at 11:25 p.m. Under the circumstances, it cannot be held that the occurrence was unseen and the abovementioned delay was consumed in transporting the dead body to the hospital as the same remained lying unattended due to non-availability of any eye witness. As per opinion of Dr. Muhammad Shafique (*PW-5*), probable time that elapsed between the injuries and death was immediate and between the death and post-mortem examination was 10/15 hours. The said time of occurrence given by the Medical Officer coincides with the time of occurrence, given by the abovementioned prosecution's eye witnesses. We are therefore, of the view that the medical evidence furnished in this case through Dr. Muhammad Shafique (*PW-5*) has fully supported the evidence of prosecution's eye witnesses.

13. Prosecution case is further corroborated by the recovery of repeater gun .12 bore (P-5) on the pointation of the appellant *vide* recovery memo. (Exh.PG) and positive report of PFSA, Lahore (Exh.PM). It is noteworthy that empty (P-6) was recovered from the spot on 13.08.2016 *vide* recovery memo. (Exh.PJ) and the same was deposited in the office of PFSA, Lahore on 22.08.2016. Muhammad Muzammal appellant was arrested in this case on 08.09.2016 and repeater gun .12 bore(P-5) was recovered from his possession on 14.09.2016. The said gun was deposited in the office of PFSA, Lahore on 05.10.2016. According to the report of PFSA, Lahore (Exh.PM), empty recovered from the spot was found to be fired with gun (P-5), which was recovered on the pointation of the appellant, and as such, recovery of repeater gun .12 bore(P-5) and positive report of PFSA, Lahore (Exh.PM) have further corroborated the prosecution case against the appellant. Mere delay of 09 days

in sending empty to the office of PFSA is immaterial in absence of any proof of malafide of the police against the appellant. It is true that the abovementioned gun was recovered on the pointation of the appellant from a place adjacent to the Canal Link Road of Chak No. 198/R.B but the same was concealed in a pit and the appellant led to the recovery of said gun and got the same recovered after digging the earth. Under the circumstances, place of recovery of gun (P-5) was in exclusive knowledge of the appellant therefore, there is no substance in the arguments of learned counsel for the appellant that gun was recovered from an open place accessible to public because the said gun was not visible to any other person.

14. We have noted that no motive whatsoever has been alleged in this case by the prosecution. However, if motive has not been alleged by the prosecution, even then sufficient incriminating evidence is available on record to prove the prosecution case against the appellant. As discussed earlier, the prosecution case has been proved through the reliable and confidence inspiring evidence of eye-witnesses, namely, Shah Jehan Babar complainant (*PW-7*) and Ch. Tanvir-ur-Rehman Randhawa, Advocate (*PW-8*). They stood the test of lengthy cross-examination but their evidence could not be shaken regarding the role played by the appellant during the occurrence. The ocular account of the prosecution as given by Shah Jehan Babar complainant (*PW-7*) and Ch. Tanvir-ur-Rehman Randhawa, Advocate (*PW-8*) about the role of the appellant is fully supported by the medical evidence furnished by Dr. Muhammad Shafique (*PW-5*), as well as, post-mortem report of Muhammad Humayoun deceased (Exh.PD), pictorial diagrams (Exh.PD/1) & (Exh.PD/2). The time of occurrence, the kind of weapon used, the nature of injury inflicted by the appellant to the deceased, all these facts as stated by the abovementioned eye-witnesses were fully supported by the aforementioned medical evidence. The prosecution case is further corroborated by the recovery of repeater gun .12 bore(P-5) at the instance of the appellant *vide* recovery memo. (Exh.PG) and positive report of PFSA, Lahore (Exh.PM) therefore, we hold that the prosecution has proved its case against the appellant beyond the shadow of any doubt.

15. Now coming to the quantum of sentence, we have noted a mitigating circumstance in favour of the appellant. The motive in this case is shrouded in mystery. The prosecution did not allege any motive against the appellant. It is not determinable in this case that as to what had actually happened prior to the occurrence and what was the real cause of occurrence which had resulted into the present unfortunate incident, therefore, in our view the death sentence awarded to the appellant is quite harsh.

While treating it a case of mitigation, we have fortified our views by a judgment of the Hon'ble Supreme Court of Pakistan reported in the case of *'Ahmad Nawaz and another vs. The State'* (2011 SCMR 593) wherein at page 604, the Hon'ble Apex Court of the country, has been pleased to lay emphasis as under:

> *The recent trend of the Courts with regard to the awarding of penalty is evident from several precedents. In the case of 'Iftikhar-ul-Hassan v. Israr Bashir and another' (PLD 2007 SC 111), it was held that 'this is settled law that provisions of Section 306 to 308, PPC attracts only in the cases of Qatl-i-Amd liable to Qisas under Section 302(a), PPC and not in the cases in which sentence for Qatl-e-amd has been awarded as Tazir under Section 302(b) PPC. The difference of punishment for Qatl-e-amd as Qisas and Tazir provided under Section 302(a) and 302(b) PPC respectively is that in a case of Qisas, Court has no discretion in the matter of sentence whereas in case of Tazir Court may award either of the sentence provided under Section 302(b) PPC and exercise of this discretion in the case of sentence of Tazir would depend upon the facts and circumstances of the case. There is no cavil to the proposition that an offender is absolved from sentence of death by way of qisas if he is minor at the time of occurrence but in a case in 'which qisas is not enforceable, the Court in a case of Qatl-e-Amd, keeping in view the circumstances of the case, award the offender the punishment of death or imprisonment for life by way of Tazir. The proposition has also been discussed in 'Ghulam Muretaza v. State' (2004 SCMR 4), 'Faqir Ullah v. Khalilpuz-Zaman (1999*

SCMR 2203), 'Muhammad Akram v. State' (2003 SCMR 855) and 'Abdul Salam v. State' (2000 SCMR 338). The Court while maintaining the conviction under Section 302(b) PPC awarded him sentence of life imprisonment under the same provision and also granted him the benefit of Section 382-B of Cr.P.C. In Muhammad Riaz and another vs. The State (2007 SCMR 1413) while considering the penalty for an act of commission of Qatl-e-Amd it was observed that "No doubt, normal penalty for an act of commission of Qatl-eAmd provided under law is death, but since life imprisonment also being a legal sentence for such offence must be kept in mind wherever the facts and circumstances warrant mitigation of sentence, because no hard and fast rule can be applied in each and every case."

(In Iftikhar Ahmad Khan v. Asghar Khan and another (2009 SCMR 502) it has been noted that:-)

"In other words, the law has conferred discretion upon the Court to withhold the penalty of death and to award the punishment of imprisonment for life, if the outlook of a particular case requires that course" (underlining, italic and bold supplied)."

In the case of *'Muhammad Nadeem Waqas and another vs. The State'* (2014 SCMR 1658), the Hon'ble Supreme Court of Pakistan at Page No. 1661 has held as under:-

"8…… the prosecution failed to prove motive part of the prosecution story and the reason for this brutal incident which had taken place in odd hours of night at a place not surrounded by Abadi Deh and <u>what happened immediately before the incident provoking both the appellants to cause such number of injuries with dattars on the person of deceased is not known to anyone, as such, the same shrouds in mystery.</u> In such an eventuality the same can be considered as a mitigating circumstance for showing leniency in favour of the appellants in the matter of punishment"

(Bold & underlining is supplied for emphasis)

Similar view has been taken by the Hon'ble Supreme Court of Pakistan in the cases of *'Ahmad and another vs. Shafiq-ur-Rehman and another'* (2013 SCMR 583) and *'Amjad Shah vs. The State'* (PLD 2017 Supreme Court 152).

16. In the light of above discussion, the conviction of Muhammad Muzammal under Section 302(b), PPC awarded by the learned trial Court is maintained but his sentence is altered from **death to imprisonment for life.** The compensation awarded by the learned trial Court against the appellant and sentence in default thereof are maintained and upheld. The benefit of Section 382-B of Cr.P.C. is also extended in favour of the appellant.

17. Consequently, with the above said modification in the sentence of Muhammad Muzammal appellant, Criminal Appeal No. 104973 of 2017 filed by the appellant is hereby **dismissed.** Murder Reference (M.R. No. 623 of 2017) is answered in the **negative** and death sentence of Muhammad Muzammal appellant is not **confirmed.**

(A.A.K.) Appeal dismissed

I.C.A. No. 64412 of 2022, decided on 18.10.2022.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 22-A--Law Reforms Ordinance, (XII of 1972), S. 3--Petition for registration of criminal case--Dismissed--Appeal--Dismissed-Challenge to--Order passed by Ex-Officio Justice of Peace and noticed that it has been passed in accordance with law keeping in view the facts and circumstances of the case--As far as Contention raised by counsel for appellant is concerned, it needs elaborate inquiry, which exercise can only be done by Investigating Officer during course of investigation after registration of formal FIR--Counsel for appellant has also failed to point out any illegality or infirmity in impugned order passed by Single Judge in Chamber--ICA dismissed. [Para 2] A

Rai Ashfaq Ahmad Kharal, Advocate for Appellant.

Ch. Akbar Shah Muhammad, Assistant Advocate General on Court's call.

Date of hearing: 18.10.2022.

ORDER

By filing the instant Intra Court Appeal under Article 3 of the Law Reforms Ordinance, 1972, the appellant has impugned the order dated 29.09.2022 passed by the learned Single Judge in Chamber, whereby Writ Petition No. 41290 of 2021 filed by the appellant was dismissed and the order dated 21.06.2021 passed by the learned Ex-Officio Justice of Peace was upheld.

2. Precisely, facts leading to the instant appeal are that four unknown accused persons in police uniform while armed with their respective weapons intercepted Respondent No. 4, who was going to his house on a motorcycle and forcibly snatched mobile phone, Rs. 2000/-and his motorcycle 125, however, during the occurrence veil of one of accused was removed to whom the respondent identified him and that person/accused was disclosed to be the present appellant. The application of the said respondent was allowed by the learned Ex-Officio Justice of Peace and accordingly the Station House Officer concerned was directed to record statement of the said respondent and proceed in accordance with the provisions of Section 154 Cr.P.C. Learned Single Judge in Chamber feeling satisfied with the observation given by the learned Ex-Officio Justice of Peace proceeded to dismiss Writ Petition No. 41290 of 2021 filed by the appellant *vide* impugned-order. We have gone through the order dated 21.06.2021 passed by the learned Ex-Officio Justice of Peace and noticed that it has been passed in accordance with law keeping in view the facts and circumstances of the case. As far as contention raised by learned counsel for the appellant is concerned, it needs elaborate inquiry, which exercise can only be done by the Investigating Officer during the course of investigation after registration of formal FIR. Even otherwise, learned counsel for the appellant has also failed to point out any illegality or infirmity in the impugned order passed by the learned Single Judge in Chamber.

3. In the light of above discussion, the instant Intra Court Appeal stands dismissed *in limine.*

(Y.A.) ICA dismissed.

Syed Afzal Shah Bukhari, Advocate for Petitioner.

Ms. Asiya Yasin, Deputy District Public Prosecutor for State.

Mr. Muhammad Ishnaq Sahu, Advocate for Complainant.

Date of hearing: 17.2.2023.

JUDGMENT

Mustafa petitioner was tried in a private complaint lodged for offences under Sections 324/337-F(v) of PPC relating to Police Station Basirpur District Okara by learned Judl. Magistrate Section-30, Depalpur. After conclusion of the trial, the learned trial Court *vide* its judgment dated 22.03.2010 has convicted and sentenced the petitioner as under:

> **Under Sections 324, PPC** to undergo rigorous imprisonment for a period of four years for causing injury to Muhammad Ahmad injured (PW-2) with fine of Rs. 20,000/-(Rupees twenty thousand only) and in default thereof, to further undergo simple imprisonment for two months.
>
> **Under Section 337F(v), PPC** to undergo rigorous imprisonment for a period of four years of causing injury to Muhammad Ahmad injured (PW-2). He was also directed to pay Daman of Rs. 20,000/-(Rupees twenty thousand only) to the injured and in default thereof, he was directed to be kept in jail to serve out simple imprisonment.

The learned trial Court, however, *vide* the same judgment has acquitted *Mst.* Bushra Bibi and Niaz Ahmad co-accused while extending them the benefit of doubt. All the sentences were directed to run concurrently. Benefit of Section 382-B of, Cr.P.C., was also extended in favour of the petitioner. The appeal filed by the petitioner before the learned Addl. Sessions Judge, Depalpur was dismissed *vide* impugned judgment dated 30.08.2012 and the convictions & sentences recorded by the learned trial Court were upheld & maintained. Hence, the present Criminal Revision Petition before this Court.

2. As per brief facts of the present case, given by Muhammad Ali complainant (PW-1) in the private complaint are that he was resident of Faizabad and a labourer by profession, whereas, his son, namely, Muhammad Ahmad (PW-2) had made a shop of tailor master at Diggi Suddarke. On 02.09.2004 at 08:00 p.m., Mustafa petitioner called the son of the complainant and took him to

canal bridge, where, Niaz Ahmad and *Mst.* Bushra Bibi (co-accused since acquitted) were standing. The complainant & PWs followed them and witnessed that Mustafa petitioner made a fire shot with pistol which landed at the right elbow of Muhammad Ahmad (PW-2). Niaz Ahmad (co-accused since acquitted) made a fire shot hitting Muhammad Ahmad (PW-2) at his right flank and went through & through. *Mst.* Bushra Bibi (co-accused since acquitted) raised a *'lalkara'* that Muhammad Ahmad (PW-2) should not be let alive. Motive behind the occurrence was that Niaz Ahmad (co-accused since acquitted) wanted to marry his daughter, namely, *Mst.* Bushra Bibi (co-accused since acquitted) with son of the complainant, namely, Muhammad Ahmad (PW-2) however, Muhammad Ahmad (PW-2) refused to accept the proposal and due to this grudge, the accused persons committed the occurrence.

Initially FIR No. 483 dated 03.09.2004 was lodged at Police Station Basirpur District Okara for offences under Sections 324/337-F(v)/337-F(i)/34 of PPC, against the petitioner and his co-accused however, being dis-satisfied with the police investigation, Muhammad Ali complainant (PW-1) lodged the private complaint.

3. After completion of investigation, the challan was prepared and submitted before the trial Court The learned trial Court recorded cursory statements of the witnesses of the complainant party and thereafter summoned the accused to face the trial The learned trial Court after framing of charge, recording of the prosecution evidence, as well as, statements of the accused under Section 342 of, Cr.P.C., and after hearing the arguments of learned counsel for the parties has convicted & sentenced the petitioner as mentioned and detailed above *vide* impugned judgment dated 22.03.2010, whereas, the appeal filed by the petitioner was dismissed by the learned Addl. Sessions Judge, Depalpur *vide* impugned judgment dated 30.8.2012 hence, the present criminal revision before this Court.

4. Arguments heard. Record perused.

5. Star witness of this case is Muhammad Ahmad (PW-2) who is the sole injured in this case. The occurrence in this case took place on 02.09.2004 at

08:00 p.m., (night). In his statement recorded by the learned trial Court, Muhammad Ahmad (PW-2) did not mention any source of light that as to how he identified the petitioner in the darkness of night. In his cross-examination, he frankly conceded that it was dark night on the relevant date. He further admitted that the occurrence took place at the bridge of canal and there was no source of light at the canal. He also stated that there was no residential area around the place of occurrence. He further stated that there was no patrol pump at the place of occurrence. Relevant part of his statement in this respect reads as under:

"جائے وقوعہ پر پٹرول پمپ نہ ہے بلکہ نہر ہے ---------- رات اندھیری تھی نہر کے کنارے کوئی روشنی نہ تھی جائے وقوعہ کے ارد گرد آبادی نہ ہے۔"

Under the circumstances, the identification of the petitioner in the darkness of night is not free from doubt.

6. It is further noteworthy that Muhammad Ahmad (PW-2) in his examination-in-chief has stated that on the night of occurrence, he was present at his shop along with Muhammad Ali (PW-1), Muhammad Ibrahim and Muhammad Yasin (given up PWs) when Mustafa petitioner came there and asked him (Muhammad Ahmad PW-2) that Niaz Ahmad (co-accused since acquitted) and *Mst.* Bushra Bibi (co-accused since acquitted) were calling him at the bridge of canal, whereupon, he accompanied the petitioner to the bridge of canal and the occurrence took place at the said bridge. In his statement recorded by the learned trial Court, he has not stated that his father Muhammad Ali (PW-1) also followed him or reached at the place of occurrence or he witnessed the occurrence. Though he stated during his cross-examination that the police met him at railway crossing and his statement, as well as, the statement of his father, namely, Muhammad Ali (PW-1) was recorded there but no where in his statement, he claimed that his father, namely, Muhammad Ali (PW-1) also witnessed the occurrence. Under the circumstances, presence of Muhammad Ali (PW-1) at the spot at the relevant time becomes doubtful.

7. It is further noteworthy that during his cross-examination, Muhammad Ahmad (PW-2) stated that he received injuries from a distance of 2/3 *karams* from the accused. Relevant part of his statement in this respect reads as under:

"فائر 02/03 کرم سے لگے تھے۔"

It is therefore, evident that Muhammad Ahmad injured (PW-2) claimed that he received injuries on his body from a distance of 2/3 *karams* meaning thereby he received injuries from a distance of 10-15 feet from the accused but according to the evidence of Dr. Aftab Iqbal Rana (PW-3), blackening was present on the entry wound of right elbow of Muhammad Ahmad (PW-2) which injury was attributed to the petitioner. Even blackening was present on the skin deep wound on the abdomen of Muhammad Ahmad (PW-2) which was assigned to father of the petitioner, namely, Niaz Ahmad (co-accused since acquitted). It is therefore, evident that there was conflict between the ocular account and the medical evidence of the prosecution because blackening around the wound can only occur if fire shot is made from a distance of 3/4 feet. Reliance in this respect may be placed on the cases of *'Barkat Ali vs. Muhammad Asif and others'* (2007 SCMR 1812), *'Muhammad Ishaq vs. The State'* (2007 SCMR 108), *'Zahir Yousaf and another vs. The State and another* (2017 SCMR 2002) and *'Faiz Meeran vs. Muhammad Khan and others'* (2016 SCMR 1456).

8. According to the prosecution case, motive behind the occurrence was that the petitioner insisted Muhammad Ahmad (PW-2) to marry with his sister, namely, *Mst.* Bushra Bibi (co-accused since acquitted) and on refusal of the injured, the occurrence was committed by the petitioner and his co-accused. Muhammad Ahmad (PW-2) was duly confronted with his previous statement wherein no such allegation was levelled by the said witness and improvements made by him in this respect were duly brought on the record. He further stated during his cross-examination that he or his father, namely, Muhammad Ali (PW-1) were not even on speaking terms with the accused party of this case. He further stated that they never visited the houses of each other. He also stated that there was no discussion with parents of *Mst.* Bushra Bibi regarding her marriage with him prior to the occurrence and he never expressed his wish in this respect with the brother or father of said *Mst.* Bushra Bibi (co-accused since acquitted). Relevant parts of his statement in this respect read as under:

"میں نے اپنے بیان سرسری میں یہ بات تحریر کرائی تھی کہ ملزمان نے کہا تھا کہ تمہاری شادی بشری سے کرنا چاہتے ہیں میں نے انکار کر دیا۔ تقابل Ex.DA سے کیا گیا۔ ایسا

تحریر نہ ہے درست ہے کہ میرے والد محمد علی اور میرا ملزم فریق کے ساتھ وقوعہ سے قبل بول چال نہ تھا اور نہ ہی آنا جانا تھا۔ میرا والد اور نیاز احمد ملزم آپس میں خالہ زاد ہیں ---------- میری بشری کے والدین کے ساتھ وقوعہ سے قبل شادی کی بات نہ چلتی تھی۔ میں نے بشری ملزمہ کے والد اور بھائی کے بھی بشری کے ساتھ رشتے کی خواہش نہ کی تھی۔"

It is therefore, evident from the perusal of the abovementioned prosecution evidence that the story of the prosecution was result of dishonest improvement and when the parties were not even on visiting or speaking terms then there was no occasion for the petitioner to ask Muhammad Ahmad (PW-2) to many with his sister and refusal of the said witness to do so. Under the circumstances, the prosecution story *qua* the motive is not worthy of reliance. Moreover, if there was earlier rift between the parties on the abovementioned issue and they were not on speaking or visiting terms with each other despite their close relationship then as to why Muhammad Ahmad (PW-2) accompanied the petitioner on the night of occurrence from his shop to the canal bridge. These facts have created further doubt in the prosecution case.

9. It is further noteworthy that the prosecution also implicated *Mst.* Bushra Bibi co-accused & Niaz Ahmad co-accused in this case but they have been acquitted by the learned trial Court on the basis of same evidence, whereas, the petitioner has been convicted & sentenced without any independent corroboration of the prosecution evidence against him. It is noteworthy from the perusal of the impugned judgment of the learned trial Court that the abovementioned co-accused were acquitted merely on the basis of police opinion which becomes irrelevant after recording of prosecution evidence by the learned trial Court, as observed by the Hon'ble Supreme Court of Pakistan in the case of *'Muhammad Ahmad (Mahmood Ahmed) and another vs. The State'* (2010 SCMR 660) hence, the case of the petitioner is not distinguishable merely on the basis of police opinion. It is further noteworthy that Niaz Ahmad (co-accused since acquitted) was assigned the role of making a fire shot which landed on the right flank of Muhammad Ahmad (PW-2) and the said injury was available in the MLR of injured PW as Injury No. 3. Under the circumstances, case of the petitioner is not distinguishable from the case of Niaz Ahmad co-accused on merits but the said co-accused has been acquitted

by the learned trial Court and no appeal has been filed by the prosecution against acquittal of the said co-accused therefore, prosecution evidence which has been disbelieved against Niaz Ahmad co-accused cannot be believed against the petitioner in absence of independent corroboration which is very much lacking in this case. Reliance in this respect may be placed on the cases of *'Akhtar Ali and others vs. The State'* (2008 SCMR 6) & 'Shahbaz vs. The State' (2016 SCMR 1763).

10. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the petitioner beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts in the prosecution case. In the case of *'Tariq Pervez vs. The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:

> '5 ..... The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *'Muhammad Akram vs. The State'* (2009 SCMR 230), at page 236, observed as under:

> '13 ..... It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of *Tariq Pervez v. The State* 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable

doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right.''

11. In the light of above discussion, I have come to this irresistible conclusion that the prosecution has failed to prove its case against the petitioner beyond the shadow of doubt, therefore, I accept **Criminal Revision No. 879 of 2012** filed by Mustafa petitioner, set aside his conviction and sentence recorded by the learned trial Court *vide* judgment dated 22.03.2010 & upheld by the learned Appellate Court *vide* impugned judgment dated 30.08.2012 and acquit him of the charges by extending him the benefit of doubt. He is present before the Court on bail. His bail bonds are, directed to be released and his surety stands discharged from liability.

(A.A.K.) Revision allowed.

versus

STATE etc.--Respondents

Crl. A. No. 202898-J & M.R No. 175 of 2018, decided on 14.9.2022.

Sole eye-witness--

----It is by now well settled that evidence of even sole eye witness can be relied upon if same is trustworthy and confidence inspiring--We have noted that both abovementioned eye witnesses were cross-examined at length but their evidence could not be shaken--They corroborated each other on all material aspects of case--Their evidence is confidence inspiring and trustworthy. [Para 12] A

Pakistan Penal Code, 1860 (XLV of 1860)--

----S. 302(b)--Qatl-e-amd--Murder reference--Conviction and sentence--Challenge to--Ocular account--Medical evidence--Quantum of sentence--As mentioned earlier, occurrence in this case took place at night time i.e., at 8.15 p.m., therefore, substantial time must have consumed in transporting dead bodies from abovementioned village to Department of Forensic Medicine & Toxicology, Punjab Medical College, Faisalabad, where post-mortem examinations were conducted--Place of occurrence is situated in a backward village therefore, mere delay in 'conducting post-mortem examinations on dead bodies of both deceased is not fatal to prosecution case as observed by Hon'ble Supreme Court of Pakistan--It is further noteworthy that prosecution witnesses have not explained that as to whether it was deceased or appellant who had to pay any amount to other party--None of prosecution witnesses stated that they were present at time of earlier quarrel which took pace regarding consideration of mobile phone between appellant and deceased--Motive as alleged by prosecution could not be proved in this case--Now coming to quantum of sentence, we have noted some mitigating circumstances in favour of appellants--Firstly, Court

have disbelieved prosecution evidence qua recoveries of 'churris' (P-7) & (P-8) from possession of appellants on account of reasons mentioned in paragraph No--14 If, this judgment--Secondly, prosecution has failed to prove its motive part of case due to reasons mentioned in Paragraph No. 15 of this judgment--It is not determinable in this case that as to what had actually happened prior to occurrence and what was real cause of occurrence which had resulted into present unfortunate incident, therefore, in Court view death sentence awarded to appellants is quite harsh--Convictions of appellants under Section 302(b), PPC awarded by trial Court are maintained but their sentences are altered from death each to imprisonment for life each--The compensation awarded by trial Court against appellants and sentences in default thereof are maintained and upheld--The benefit of Section 382-B of Cr.P.C. is also extended in favour of appellants.

[Para 13, 15, 17 & 18] B, C, D & E

2020 SCMR 837, 2011 SCMR 593, 2013 SCMR 583 &
PLD 2017 SC 152.

M/s. Shabbir Hussain and Muhammad Haseeb Khalid, Advocates for Appellants.

Mr. Munir Ahmad Sial, Deputy Prosecutor General for State.

Mr. Falak Sher Bakhsh Gill, Advocate for Complainant.

Date of hearing: 14.9.2022.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall dispose of Criminal Appeal No. 202898-J of 2018 filed by Ali Akbar and Shahid Ali (appellants) against their convictions and sentences and Murder Reference No. 175 of 2018 sent by the learned trial Court for confirmation or otherwise of the sentences of Death awarded to Ali Akbar and Shahid Ali (appellants) by the learned trial Court. We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 15.03.2018 passed by the learned Addl. Sessions Judge, Faisalabad.

2. Ali Akbar and Shahid Ali (appellants) along with Sarfraz Ali and Zahid Ali (co-accused since acquitted) were tried in case FIR No. 313 dated 03.07.2015

registered at Police Station Nishatabad District Faisalabad in respect of offences under Section 302/34 of PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 15.03.2018 has convicted and sentenced Ali Akbar and Shahid Ali appellants as under: -

ALI AKBAR.

Under Section 302(b), PPC to 'Death as tazir' for committing Qatl-i-Amd of Muhammad Saleem (deceased). He was also ordered to pay Rs. 400,000/- (Rupees four hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr.P.C., recoverable as arrears of land revenue, and in default thereof to undergo simple imprisonment for six months.

SHAHID ALI

Under Section 302 (b), PPC to 'Death as tazir' for committing Qatl-i-Amd of Muhammad Nadeem (deceased). He was also ordered to pay Rs. 400,000/- (Rupees four hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr.P.C., recoverable as arrears of land revenue, and in default thereof to undergo simple imprisonment for six months.

However, the learned trial Court *vide* the same aforementioned judgment acquitted Sarfraz Ali and Zahid Ali co-accused by extending them the benefit of doubt.

3. Brief facts of the case as given by Salamat Ali complainant (PW-4) in his complaint (Ex.PB), on the basis of which the formal FIR (Ex.PB/1) was chalked out, are that the complainant was resident of Chak No. 50-GB Burewal and was a cultivator by profession. On 03.07.2015, at about 08.15 p.m., (night), the complainant and his son namely, Muhammad Nadeem (deceased) along with guests, namely, Muhammad Khalid (PW since given up) and Ghulam Mustafa PW-5), were present in their house. The complainant's son namely Muhammad Saleem (deceased) was returning back to his house after taking milk from one Muhammad Ashraf and when he (Muhammad Saleem deceased), reached near his house, the accused persons, namely, Ali (appellant), while armed with *'churri'*, Shahid (appellant) while armed with *'churri'*, Sarfraz Ali (co-accused since acquitted) while armed with pistol .30-bore and Zahid Ali (co-accused since acquitted), while empty handed were

standing in the street. On hearing hue and cry, the complainant along with his son, namely, Muhammad Nadeem (deceased), Muhammad Khalid (PW since given up) and Ghulam Mustafa (PW-5), came out of the house and in the light of bulb, they (PWs) saw Zahid Ali (co-accused since acquitted), while raising a lalkara that Muhammad Saleem (deceased) should not spare alive and in their view Ali Akbar (appellant), made consecutive blows of 'churri', which landed on the front of chest and left flank of Muhammad Saleem (deceased), who fell on the ground. Muhammad Nadeem (deceased), came forward but Shahid Ali (appellant) made blows of *'churri'*, which landed on the right side of his belly and front of the chest. Muhammad Nadeem (deceased) also fell on the ground. Sarfraz Ali (co-accused since acquitted) threatened the complainant party that if anybody would come near, he shall be done to death. All the accused persons decamped from the spot after threatening the complainant party. The complainant along with the PWs attended Muhammad Saleem and Muhammad Nadeem and shifted them to Allied Hospital Eaisalabad in injured condition. Muhammad Saleem and Muhammad Nadeem succumbed to the injuries in the hospital.

The motive behind the occurrence was that earlier an altercation took place between Muhammad Saleem deceased and the accused persons on account of dispute regarding consideration of mobile and due to the said reason, the accused persons in-furtherance of their 'common intention, committed murder of Muhammad Saleem and Muhammad Nadeem.

4. The appellants Ali Akbar and Shahid Ali were formally arrested in this case on 21.07.2015 by Abdul Rehman Khan Inspector/I.O. (PW-15). On 04.08.2015 Ali Akbar appellant made disclosure and led to the recovery of *'churri'* (P-7) which was taken into possession *vide* recovery memo. (Exh.PF). On the same day *i.e*. 04.08.2015, Shahid Ali appellant made disclosure and led to the recovery of *churri* (P-8) which was taken into possession *vide* recovery memo. (Exh.PG). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellants and their co-accused on 24.11.2015 to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced fifteen witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Exh.PA to Exh.PV) and closed its evidence.

6. The statements of the appellants and their co-accused under Section 342 of Cr.P.C. were recorded. The appellants refuted the allegations levelled against them and professed their innocence. While answering to a question that" *Why this case against you and why the PWs have deposed against* you" both the appellants replied as under:-

> *"I am innocent. I have been falsely implicated. I have been made an escape goat in this case due to some exterior reasons".*

The appellants did not opt to make their statements on oath as envisaged under Section 340(2), Cr.P.C., however, they produced the statement of Ghulam Mustafa (PW-5) recorded under Section 161 of Cr.P.C, as (Exh.DA), in their defence.

The learned trial Court *vide* its judgment dated 15.03.2018 found Ali Akbar and Shahid Ali appellants' guilty, convicted and sentenced them as mentioned and detailed above however, Sarfraz Ali and Zahid Ali co-accused were acquitted of the charges by extending them the benefit of doubt.

7. It is contended by learned counsel for the appellants that the appellants are absolutely innocent and they have falsely been implicated in this case by the complainant being in league with the local police; that the occurrence was unseen; that there is gross delay in conducting the post-mortem examinations on the dead bodies of Muhammad Saleem and Muhammad Nadeem deceased and the said delay is suggestive of the fact that the eye-witnesses were not present, at the spot at the relevant time therefore, the abovementioned delay was consumed in procuring the attendance of fake eye-witnesses; that there are material contradictions in the statements of prosecution witnesses; that though the prosecution has set a specific motive but miserably failed to prove the same through any independent and reliable evidence; that the alleged recoveries of *'churris'* (P-7) & (P-8) from the possession of Ali Akbar and Shahid Ali appellants, respectively, and positive report of PFSA to the extent of *'churri.'* recovered on the pointation of Shahid Ali appellant are inconsequential because the occurrence in this case took place on 03.07.2015, whereas, '*churris*' (P-7) & (P-8) were statedly recovered on the pointation of the appellants on 04.08.2015 and the same was deposited in the office of

PFSA, Lahore on 20.08.2015 *i.e.* after 01 month and 17 days from the occurrence and the blood disintegrates during the aforementioned period hence, the alleged recoveries of 'churris' and report are immaterial; that the prosecution miserably failed to prove its case against the appellants beyond the shadow of doubt. It is therefore, prayed that the instant appeal may be allowed and the appellants may be acquitted of the charge by extending them the benefit of doubt.

8. On the other hand, it is contended by the learned Deputy Prosecutor General assisted by learned counsel for the complainant that the occurrence in this case took place on 03.07.2015 at 08:15 p.m., and the matter was promptly reported to the police on the same day at 10:45 p.m., hence, promptness of the FIR rules out the possibility of any deliberation or concoction on the part of the prosecution; that Salamat Ali complainant (PW-4); was resident of the same locality where the occurrence took place, whereas, Ghulam Mustafa (PW-5) is brother-in-law of the complainant, therefore, their presence at the spot at the time of occurrence was quite natural and probable; that the prosecution's case against the appellants is supported by the medical evidence furnished by Dr. Ehsan Ahmad (PW-13) and post-mortem examination reports and pictorial diagrams of the deceased (Exh.PK) & Exh.PK/1) & (Exh.PN & Exh.PN/1); that the prosecution case is further corroborated by the recoveries of '*churris*' (P-7) & (P-8) from the possession of the appellants and positive report of PFSA, Lahore to the extent of *'churri'* recovered at the instance of Shahid Ali appellant (Exh.PV); that motive has also been proved in this case against the appellants through reliable and confidence inspiring evidence of the prosecution's witnesses; that the prosecution has proved its case against the appellants beyond the shadow of doubt therefore, their appeal may be dismissed, Murder Reference be answered in the positive and the sentences of death awarded to the appellants by the learned trial Court may be upheld and maintained.

9. Arguments heard. Record perused.

10. Prosecution story as set forth in the complaint (Exh.PB) on the basis of which formal FIR (Exh.PB/1) was chalked out, has already been reproduced in Para No. 3 of this judgment therefore, there is no need to repeat the same.

11. The occurrence in this case took place on 03.07.2015 at 08:15 p.m. The matter was reported to the police on the same day and the FIR (Exh.PB/1) was

also lodged on the same day *i.e.* on 03.07.2015 at 10:45 p.m., *i.e.*, within a period of 02 hours and 30 minutes from the occurrence. The distance between the police station and the place of occurrence was 10 kilometers. Keeping in view the time of occurrence, the place of occurrence and its distance from the police station, we are of the view that there was no deliberate or conscious delay in reporting the matter to the police.

12. Ocular account of the prosecution has been furnished by Salamat Ali Complainant (PW-4) and Ghulam Mustafa (PW-5). Both the eye-witnesses stated, that on 03.07.2015 at 08:15 p.m., they were present in the house of the complainant and on hearing the noise of hue and cry of Muhammad Saleem deceased (son of Salamat Ali Complainant), they along with Muhammad Nadeem decease came out of the house and witnessed the occurrence. Salamat Ali Complainant (PW-4) categorically stated that on the day of occurrence, his son Muhammad Saleem deceased went out of his house to fetch milk from the milk seller and when he was coming back and reached near his house, the occurrence took place which means that the house of the complainant party was very near to the place of occurrence. Salamat Ali Complainant (PW-4) was not subjected to cross-examination by the learned defence counsel on this point. Even no suggestion was put to the complainant during his cross-examination that his house was not situated near the place the occurrence. It is true that Ghulam Mustafa (PW-5) who was brother-in-law of the complainant, was resident of Chak No. 224/R.B Wazeerwali, Faisalabad, which was situated at a distance of 25/26 miles away from the place of occurrence but as Ghulam Mustafa (PW-5) was brother-in-law of the complainant and maternal uncle of both the deceased persons therefore, his presence in the house of his real sister could not be termed as unnatural or improbable. Moreover, if for the sake of arguments, evidence of Ghulam Mustafa (PW-5) is excluded from consideration on the abovementioned ground, even then, evidence of Salamat Ali Complainant (PW-4) remains in the field which cannot be discarded on the abovementioned ground because his house was situated in close proximity to the place of occurrence. It is by now well settled that evidence of even sole eye-witness can be relied upon if the same is trustworthy and confidence inspiring. We have noted that both the abovementioned eye-witnesses were cross-examined at length but their evidence could not be shaken. They corroborated each other on all material aspects of the case. Their evidence is confidence inspiring and trustworthy.

13. Medical evidence of the prosecution was furnished by Dr. Ehsan Ahmad (PW-13). He stated that on 04.07.2015 at 10:00 a.m., he conducted post-mortem examination on the dead body of Muhammad Saleem deceased and found the following injuries on his body:--

INJURIES:

1. An incised wound 15x2 cm on front of left chest, muscle deep, 3 cm from left nipple, and 4 cm from mid line.

2. An incised wound 20 x 1 cm x skin deep on front of left chest, 8 cm from left nipple and 4 cm from midline.

3. An incised wound 4 x 2 cm on antero lateral side of left chest, 11 cm from mid line and 13 cm above hip bone. Injury is communicating with mediastinum.

4. An incised wound 4 x 1 cm on antero lateral side of chest, 2 cm from left nipple, 6 cm below the axilla, communicating with mediastinum.

5. An incised wound 7 x 5 cm just on tip of left stapula, the wound is communicating with mediastinum.

Dr. Ehsan Ahmad (PW-13) also conducted post-mortem examination on the dead body of Muhammad Nadeem deceased on 04.07.2015 at 09:35 a.m., and found following injuries on his body:-

INJURIES:

1. An incised wound 5x2 cm, on anterior chest, 2 cm from midline, 15 cm from right nipple, on front of right chest.

2. An incised wound 3x2 cm, in right hypochondrium, closed by two stitches, 5 cm from midline.

Nature and seat of injuries as noticed by Dr. Ehsan Ahmad (PW-13), as given by the said witness, coincides with the nature of weapon and seat of injuries stated by the abovementioned eye- witnesses. Dr. Ehsan Ahmad (PW-13) was cross-examined by the learned defence counsel but nothing favourable to the appellants could be brought on the record. We are therefore, of the view that the ocular account of the prosecution furnished by Salamat Ali complainant (PW-4) and Ghulam Mustafa (PW-5) has fully been supported by the medical

evidence furnished by Dr. Ehsan Ahmad (PW-13). Although it is argued by learned counsel for the appellants that there was delay of 13 hours and 45 minutes in conducting the post-mortem examination on the dead body of Muhammad Saleem deceased and delay of 13 hours and 20 minutes in conducting the post-mortem examination on the dead body of Muhammad Nadeem deceased but we have noted that the occurrence in this case took place in Chak No. 50/G.B Burewala District Faisalabad, whereas, post-mortem examinations on the dead bodies of both the deceased persons were conducted at the Department of Forensic Medicine and Toxicology, Punjab Medical College, Faisalabad. Nadeem Ahmad deceased was brought in the hospital in injured condition and Dr. Ehsan Ahmad (PW-13) stated that his death was hospital death which means that the complainant party remained busy to save his live. As mentioned earlier, the occurrence in this case took place at night time i.e., on 3.7.2015 at 8.15 p.m., therefore, substantial time must have consumed in transporting the dead bodies from the abovementioned village to Department of Forensic Medicine and Toxicology, Punjab Medical College, Faisalabad, where the post-mortem examinations were conducted. Place of occurrence is situated in a backward village therefore, mere delay in 'conducting the post-mortem examinations on the dead bodies of both the deceased is not fatal to the prosecution case as observed by the Hon'ble Supreme Court of Pakistan in the case of *'Muhammad Asif and another vs Mehboob Alam and others'* (2020 SCMR 837), wherein at page No. 840, it was held as under:

> *"7……In the instant case, one person lost his life, while there were two injured persons, those were evacuated to Mayo Hospital from the place of occurrence which is at a distance of 30/40 KM. Possibility of consuming the time in transportation might lead to delay in post-mortem examination which was still fairly good as the doctor has opined proximately that it ranges from twelve to twenty four hours. In a country where the medical facility cum availability of paramedics for the job assigned is not an easy task, the consumption of such a time seems to be quite reasonable hence, the prosecution evidence cannot be brushed aside on this score alone to extend the benefit of doubt as claimed……."*

14. Insofar as the recoveries of 'churri' (P-7) & (P-8) from the possession of Ali Akbar & Shahid Ali appellants and positive report of PFSA, Lahore

(Exh.PV) to the extent of '*churri*' allegedly recovered from Shahid Ali appellant are concerned, we have noted that the occurrence in this case took place on 03.07.2015, whereas, '*churris*' (P-7) & (P-8) were allegedly recovered on 04.08.2015 *i.e.*, after 01 month & 01 day from the occurrence. It is further noteworthy that the abovementioned '*churris*' (P-7) & (P-8), allegedly recovered on the pointation of the appellants were deposited in the office of PFSA, Lahore on 20.08.2015 *i.e.*, after 01 month and 17 days from the occurrence and during the abovementioned period, Shahid Ali appellant had ample opportunity to wash away the blood from '*churri'* (P-8) recovered on his pointation. The Hon'ble Supreme Court of Pakistan in the case of *'Basharat and another vs. The State'* (1995 SCMR 1735) disbelieved the evidence of blood-stained dagger which was allegedly recovered from the accused after ten days from the occurrence. Relevant part of the said judgment at page No. 1739 is reproduced hereunder for ready reference:-

> *"11. The occurrence took place on 20.04.1988. Basharat appellant was arrested on 28.04.1988. The blood-stained Chhuri was allegedly recovered from his house on 30.04.1988. It is not believable that he would have kept blood stained chhuri intact in his house for ten days when he had sufficient time and opportunity to wash away and clean the blood on it"*

Furthermore, *"churris"* (P-7) & (P-8) were deposited in the office of PFSA, Lahore on 20.08.2015 *i.e.*, after 01 month and 17 days from the occurrence therefore, the blood, if any, on them must have disintegrated in the meanwhile. Reliance in this respect may be placed on the case of *'Muhammad Jamil vs. Muhammad Akram and others'* (2009 SCMR 120). We are therefore, of the view that evidence qua recoveries of '*churris*' (P-7) & (P-8) and positive report of PFSA (Exh.PV) to the extent of *'churri'* recovered from Shahid Ali appellant are of no avail to the prosecution.

15. According to the prosecution case, motive behind the occurrence was that few days prior to the occurrence, a quarrel took place between Ali Akbar appellant and Muhammad Saleem deceased on account of consideration of mobile phone. No specific date, time and place of the quarrel regarding the motive occurrence has been mentioned by the prosecution witnesses. Vague and general statements in this respect have been made by them. It is further

noteworthy that the prosecution witnesses have not explained that as to whether it was Muhammad Saleem deceased or Ali Akbar appellant who had to pay any amount to the other party. None of the prosecution witnesses stated that they were present at the time of earlier quarrel which took pace regarding the consideration of the mobile phone between Ali Akbar appellant and Muhammad Saleem deceased. We are therefore, of the view that motive as alleged by the prosecution could not be proved in this case.

16. We have disbelieved the prosecution evidence qua recoveries of '*churris*' (P-7) & (P-8) on the pointation of the appellants and motive due to the reasons mentioned in Para Nos. 14 & 15 above, however, if the prosecution evidence qua recoveries of '*churris*' (P-7) & (P-8) on the pointation of the appellants and motive is excluded from consideration, even then sufficient incriminating evidence is available on record to prove the prosecution case against the appellants. As discussed earlier, the prosecution case has been proved against the appellants through the reliable and confidence inspiring evidence of eye-witnesses, namely, Salamat Ali complainant (PW-4) and Ghulam Mustafa (PW-5). They stood the test of lengthy cross-examination but their evidence could not be shaken regarding the role played by the appellants during the occurrence. They corroborated each other on all material aspects of the case. The ocular account of the prosecution as given by Salamat Ali complainant (PW-4) and Ghulam Mustafa (PW-5) about the role of the appellants is fully supported by the medical evidence furnished by Dr. Ehsan Ahmad (PW-13), as well as, post-mortem report of Muhammad Saleem deceased (Exh.PK) and pictorial diagram (Exh.PK/1), post-mortem report of Muhammad Nadeem (Exh.PN) and pictorial diagram (Exh.PN/1). The time of occurrence, the kind of weapon used, the nature of injuries inflicted by the appellants to both the deceased persons, all these facts as stated by the abovementioned eye-witnesses were fully supported by the aforementioned medical evidence therefore, we hold that the prosecution has proved its case against the appellants beyond the shadow of any doubt.

17. Now coming to the quantum of sentence, we have noted some mitigating circumstances in favour of the appellants. *Firstly,* we have disbelieved the prosecution evidence qua the recoveries of '*churris*' (P-7) & (P-8) from the possession of the appellants on account of reasons mentioned in Paragraph No. 14 of this judgment. *Secondly,* the prosecution has failed to prove its motive part of the case due to the reasons mentioned in Paragraph No. 15 of this

judgment. It is not determinable in this case that as to what had actually happened prior to the occurrence and what was the real cause of occurrence which had resulted into the present unfortunate incident, therefore, in bur view the death sentence awarded to the appellants is quite harsh.

While treating it a case of mitigation, we have fortified our views by a judgment of the Hon'ble Supreme Court of Pakistan reported in the case of *'Ahmad Nawaz and another vs. The State'* (2011 SCMR 593) wherein at page 604, the Hon'ble Apex Court of the country, has been pleased to lay emphasis as under:

> *The recent trend of the Courts with regard to the awarding of penalty is evident from several precedents. In the ease of 'Iftikhar-ul-Hassan vs. Israr Bashir and another' (PLD 2007 SC 111), it was held that 'this is settled law that provisions of Sections 306 to 308, PPC attracts only in the cases of Qatl-i-Amd liable to Qisas under Section 302 (a), PPC and not in the cases in which sentence for Qatl-e-amd has been awarded as Tazir under Section 302 (b), PPC. The difference of punishment for Qatl-e-amd as Qisas and Tazir provided under Sections 302(a) and 302 (b), PPC respectively is that in a case of Qisas, Court has no discretion in the matter of sentence whereas in case of Tazir Court may award either of the sentence provided under Section 302 (b), PPC and exercise of this discretion in the case of sentence of Tazir would depend upon the facts and circumstances of the case. There is no cavil to the proposition that an offender, is absolved from sentence of death by way of qisas if he is minor at the time of occurrence but in a case in which qisas is not enforceable, the Court in a case of Qatl-e-Amd, keeping in view the circumstances of the case, award the offender the punishment of death or imprisonment for life by way of Tazir. The proposition has also been discussed in 'Ghulam Muretaza vs. State' (2004 SCMR 4), 'Faqir Ullah vs. Khalil-uz-Zaman (1999 SCMR 2203), 'Muhammad Akram vs. State' (2003 SCMR 855) and 'Abdul Salam vs. State' (2000 SCMR 338). The Court while maintaining the conviction under Section 302(b), PPC awarded him sentence of life imprisonment under the same provision and also granted him the benefit of Section 382-B of Cr.P.C. In Muhammad Riaz and another vs. The State (2007 SCMR 1413) while considering the penalty for an act of commission of Qatl-e-Amd it urns observed*

that "No doubt, normal penalty for an act of commission of Qatl-e-Amd provided under law is death, but since life imprisonment also being a legal sentence for such offence must be kept in mind wherever the facts and circumstances warrant mitigation of sentence, because no hard and fast rule can be applied in each and every case."

(In Iftikhar Ahmad Khan vs. Asghar Khan and another (2009 SCMR 502) it has been noted that:-)

"In other words, the law has conferred discretion upon the Court to withhold the penalty of death and to award the punishment of imprisonment for life, if the outlook of a particular case requires that course" (underlining, italic and bold supplied)."

In the case of *'Muhammad Nadeem Waqas and another vs. The State'* (2014 SCMR 1658), the Hon'ble Supreme Court of Pakistan at Page No. 1661 has held as under:-

*"8. .... **the prosecution failed to prove motive part of the prosecution story** and the reason for this brutal incident which had taken place in odd hours of night at a place not surrounded by Abadi Deh and what happened immediately before the incident provoking both the appellants to cause such number of injuries with dattars on the person of deceased is not known to anyone, as such, the same shrouds in mystery. **In such an eventuality the same can be considered as a mitigating circumstance for showing leniency in favour of the appellants in the matter of punishment** ....."*

(Bold & underlining is supplied for emphasis)

Similar view has been taken by the Hon'ble Supreme Court of Pakistan in the cases of *'Ahmad and another vs. Shafiq-ur-Rehman and, another'* (2013 SCMR 583) and *'Amjad Shah vs. The State'* (PLD 2017 Supreme Court 152).

18. In the light of above discussion, the convictions of Ali Akbar and Shahid Ali under Section 302(b), PPC awarded by the learned trial Court are maintained but their sentences are altered from **death each to imprisonment for life each.** The compensation awarded by the learned trial Court against the appellants and sentences in default thereof are maintained and upheld. The benefit of Section 382-B of Cr.P.C. is also extended in favour of the appellants.

19. Consequently, with the above said modification in the sentences of Ali Akbar and Shahid Ali appellants, **Criminal Appeal No. 202898-J of 2018** filed by the appellants is hereby **dismissed**. Murder Reference (M.R. No. 175 of 2018) is answered in the **negative** and death sentences of Ali Akbar and Shahid Ali appellants are **not confirmed**.

(A.A.K.) Appeal dismissed

PLJ 2023 Cr.C. (Note) 184

[Lahore High Court, Lahore]

Present: **MALIK SHAHZAD AHMAD KHAN AND MUHAMMAD TARIQ NADEEM, JJ.**

MUHAMMAD NAWAZ--Appellant

versus

STATE and another--Respondents

Crl. A. No. 99880 & M.R. No. 605 of 2017, decided on 8.11.2021.

Pakistan Penal Code, 1860 (XLV of 1860)--

----S. 302(b)--Qatl-e-amd--Conviction and sentence--Challenge to--Delay in FIR--Eye-witness--Appellant, made a fire shot which hit deceased at her right thigh and same went through and through, due to which she fell on ground--She succumbed to injuries--FIR has been lodged with delay of 8 hours from time of occurrence--The distance between police station and place of occurrence is 9-kilometers--Even postmortem examination on dead body of deceased was conducted with delay of 11 hours from occurrence--Neither doctor who first examined deceased in injured condition has been produced in witness box nor any MLR regarding medico legal examination of deceased in injured condition and her referral to Allied Hospital, Faisalabad has been produced in prosecution evidence--Eye-witnesses were not present at spot at relevant time and death of occurred on account of her excessive bleedings as she remained un-attended for a considerable period and in order to cover abovementioned lacuna in prosecution case, prosecution witnesses made false excuse that was provided bandage by doctor at RHC whereas, Lady Dr. CW-1 has categorically stated during her cross-examination that there was no bandage or stitches on injuries of deceased when she received her dead body--According to prosecution case, only one fire shot made by appellant landed on right thigh of deceased but according to medical evidence there was also an incised wound i.e. injury No. 3 measuring 4 cm x 1.7 cm on lower part of left leg and bone under said injury was also exposed--Fact shows that prosecution's eye-witnesses were not present at spot at time of occurrence therefore, they could not explain abovementioned injury--Motive alleged

by prosecution has not been proved in this case--Recovery of gun and positive report of PFSA are only corroborative pieces of evidence and same cannot be made basis for conviction of appellant, in absence of reliable direct evidence of prosecution's eye-witnesses--Set aside his conviction and sentence recorded by trial Court and acquit him of charge by extending him benefit of doubt--Appeal allowed.

M/s. Muhammad Akram Qureshi and Sheeba Qaiser, Advocates for Appellant.

Mr. Munir Ahmad Sial, Deputy Prosecutor General for State.

M/s. Anas Bin Ghazi, Muhammad Shahbaz Sharif and Sagheer Ahmad, Advocates for Complainant.

Date of hearing: 8.11.2021.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall dispose of Criminal Appeal No. 99880 of 2017, filed by Muhammad Nawaz (appellant) against his conviction and sentence and Murder Reference No. 605 of 2017, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Nawaz (appellant). We propose to dispose of both these matters by this single judgment as the same have arisen out of the same judgment dated 28.10.2017, passed by the learned Additional Sessions Judge, Tandlianwala.

2. Muhammad Nawaz (appellant), along with his co-accused Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu (since acquitted), were tried in private complaint filed by Allah Ditta (complainant), under Sections 302/34, P.P.C., Police Station Mamukanjan, Tendlianwala, District Faisalabad. After conclusion of the trial, the learned trial Court *vide* its judgment dated 28.10.2017, has convicted and sentenced Muhammad Nawaz (appellant) as under:

> **Under Section 302(b), P.P.C.** to 'Death' for committing Qatl-i-Amd of *Mst.* Ghulam Fatima (deceased). He was also ordered to pay

Rs.2,00,000/- (rupees two hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C. and in default thereof the same would be recoverable as arrears of land revenue and to further undergo simple imprisonment up to four months.

However *vide* the same judgment, accused Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu were acquitted of the charges.

3. Initially Allah Ditta complainant (PW-1) got registered case FIR No. 59/2016 dated 05.03.2016 offences under sections 302/34, P.P.C. at Police Station Mamukanjan, Tandlianwala, District Faisalabad against Muhammad Nawaz (appellant), Muhammad Sarfraz and Maqbool Ahmad (accused since acquitted). Feeling dissatisfied with the proceedings and investigation of the police, private complaint was filed by the complainant. After recording the cursory statements of the complainant, as well as, PWs the learned Additional Sessions Judge, Tandlianwala summoned the accused persons nominated in the private complaint to face trial.

4. Brief facts of the case as given by the complainant Allah Ditta (PW-1), in his private complaint (Exh.PC) are that on 05.03.2016, the complainant along with his son Rang Zeb (PW-2), Muhammad Waris (PW since given-up) and daughter namely *Mst.* Ghulam Fatima (deceased), was cutting fodder (Barseem), from his field bearing Killa No. 12, Square No. 42. Suddenly Muhammad Nawaz (appellant), while armed with .12-bore gun, Muhammad Sarfraz (co-accused since acquitted), while armed with pistol .30-bore and Maqbool Ahmad (co-accused since acquitted), with their common intention came there, while raising lalkara to teach a lesson to *Mst.* Ghulam Fatima for not marrying with Muhammad Nawaz (appellant). Muhammad Sarfraz (co-accused since acquitted), raised a lalkara to kill *Mst.* Ghulam Fatima (deceased) by making fire-shot. Muhammad Nawaz (appellant), thereafter, made a fire shot with his .12-bore gun, which hit *Mst.* Ghulam Fatima (deceased) at her right thigh and same went through and through, due to which she fell on the ground. Maqbool Ahmad (co-accused since acquitted), remained present there with his motorcycle. The complainant party attended *Mst.* Ghulam Fatima (deceased) and shifted her to the Civil Hospital of Chak No. 509-G.B. After examining *Mst.* Ghulam Fatima, the then injured, the doctor present there referred her to the Allied Hospital Faisalabad due to her

critical condition. The complainant party took *Mst.* Ghulam Fatima (deceased) to the Allied Hospital Faisalabad but she succumbed to the injuries.

The motive behind the occurrence was that the accused party was demanding hand 'rishta' of *Mst.* Ghulam Fatima (deceased) for Muhammad Nawaz (appellant), aged about 60/65 years but the complainant had given the hand 'rishta' of *Mst.* Ghulam Fatima (deceased) to one Bahawal Sher and the marriage was to be solemnized on 13.03.2016. Due to the said grudge the accused committed murder of *Mst.* Ghulam Fatima (deceased).

It was further alleged in the private complaint (Exh.PC), that Mazhar and Mannu (co-accused since acquitted), also played an important role during the occurrence as both of them informed Muhammad Nawaz (appellant), Muhammad Sarfraz and Maqbool Ahmad (co-accused since acquitted), regarding the movement of *Mst.* Ghulam Fatima, on the day of occurrence, which fact was confessed by Mazhar and Mannu (co-accused since acquitted), before Allah Ditta complainant (PW-1), Gul Muhammad (PW since given-up) and Muhammad Arif (PW-4), on 28.04.2016 and asked for pardon.

It was added by the complainant in his private complaint (Exh.PC) that the local police being in league with the accused party and without any legal justification, did not initiate proceedings against Mazhar and Mannu (co-accused since acquitted), despite the fact that on 28.04.2016, the complainant submitted an application before the police regarding involvement of the above-mentioned accused in the instant case, which necessitated the filing of the abovementioned private complaint.

5. Muhammad Nawaz appellant was arrested in this case on 29.03.2016 by Muhammad Aslam SI and on 07.04.2016, he (appellant) disclosed and then led to the recovery of .12-bore gun (P-1), which was taken into possession by the I.O *vide* recovery memo Exh.PB. As mentioned earlier, being dissatisfied with the proceedings and investigation of the police, Allah Ditta complainant (PW-1), instituted a private complaint. After institution of private complaint the cursory statements of the complainant Allah Ditta (PW-1) and other PWs were recorded. The appellant and his co-accused mentioned in the private complaint were summoned by the learned trial Court to face the trial. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant, as well as, against Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu (co-

accused since acquitted) on 21.12.2016, to which they pleaded not guilty and claimed trial.

6. In order to prove its case, the prosecution produced four witnesses during the trial. Five Court witnesses were also examined in this case. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PK). Documents in shape of Exh.CW-2/A, Exh.CW-2/B, Exh.CW-3/A, Exh.CW-3/B and Exh.CW-5/A to Exh.CW-5/D, were also produced during evidence of CWs.

7. The statements of Muhammad Nawaz (appellant), Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu (co-accused since acquitted), under Section 342 of Cr.P.C. were recorded. Muhammad Nawaz (appellant), refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" Muhammad Nawaz appellant replied as under:

> *"This is a false case. All the PWs are related inter-se with the deceased and they have made false statements against me and my co-accused due their enmity with us. None of the so-called eye-witness was present at the place of occurrence at the time of occurrence and it was a blind murder which was committed by unknown culprits. The complainant with consultation of the local police fabricated the present false version against me and my co-accused, much later after the postmortem examination of the deceased".*

The learned trial Court *vide* its judgment dated 28.10.2017, found Muhammad Nawaz (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

8. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the prosecution; that the prosecution's eye-witnesses were not present at the spot at the relevant time and in fact the occurrence was unwitnessed; that there is delay of 8 hours in lodging the FIR, whereas, there is delay of 11 hours and 45 minutes in conducting the postmortem examination on the dead body of the deceased and the abovementioned delay has not been plausibly explained by the prosecution; that there is conflict between the ocular account and the medical evidence of the prosecution because according to the site plan (Exh.CW-3/A), the appellant made fire shot with .12 bore gun from a distance

of 4-feet but there was no blackening, burning or tattooing on the entry wound of the deceased; that according to the postmortem report of *Mst.* Ghulam Fatima deceased, there were three injuries on her body out of which one injury i.e. injury No. 3 is an incised wound but the said injury has not been explained by any of the prosecution witnesses; that motive alleged by the prosecution has also not been proved in this case because Bahawal Sher with whom the marriage of the deceased was fixed, has not been produced in the witness box; that recovery of gun 12 bore (P-1) and positive report of PFSA, Lahore (Exh.PK) are of no avail to the prosecution because none of the prosecution witnesses stated regarding the date of arrest of the appellant; that in fact, the abovementioned gun was planted against the appellant and nothing was recovered from his possession; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charge.

9. On the other hand, it is contended by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that delay in lodging the FIR has plausibly been explained by the prosecution's eye-witnesses by stating that initially they took *Mst.* Ghulam Fatima deceased in injured condition to RHC of Chak No. 509/G.B Faisalabad wherefrom, she was referred to the Allied Hospital, Faisalabad on account of her precarious condition; that both the prosecution's eye-witnesses of the prosecution i.e. Allah Ditta (PW-1) and Rangzeb (PW-2) are father and brother of the deceased and they cannot let off the real culprit and would not falsely implicate the appellant in this case because substitution in such like cases is a rare phenomenon; that evidence of the aforementioned prosecution's eye-witnesses is confidence inspiring and trustworthy; that the prosecution case is fully supported by the medical evidence furnished by Lady Dr. Uzma Andleeb (CW-1); that incised wound on the leg of the deceased might be the result of her falling on the ground and receipt of the said injury might be due to her hitting against the sickle which the deceased was carrying at the time of occurrence to cut the fodder; that the prosecution case against the appellant is further corroborated by the recovery of gun .12 bore (P-1) on the pointation of the appellant and positive report of PFSA, Lahore (Exh.PK); that motive of the prosecution case was also proved against the appellant through reliable and confidence inspiring evidence of the prosecution witnesses; that there is no

substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

10. Arguments heard. Record perused.

11. Prosecution case as set forth in the complaint (Exh.PC) has already been reproduced in paragraph No. 4 of this judgment therefore, there is no need to repeat the same.

12. We have noted that the occurrence in this case did not take place inside or near the 'abadi' of the village rather the same took place in the fields situated in the area of Chak No. 500/G.B District Faisalabad. Perusal of site plan (Exh.CW-3/A) shows that there was no residential house or 'Dera' near the place of occurrence. The occurrence in this case, as per prosecution's case, took place on 05.03.2016 at 09:00 a.m., but the FIR has been lodged on 05.03.2016 at 05:00 p.m., i.e. with the delay of 8 hours from the time of occurrence. The distance between the police station and the place of occurrence is 9-kilometers. It is further noteworthy that even the postmortem examination on the dead body of the deceased was conducted on 05.03.2016 at 08:45 p.m., i.e. with the delay of 11 hours and 45 minutes from the occurrence. In order to cover the abovementioned delay in lodging the FIR and conducting the post-mortem examination on the dead body of the deceased, the prosecution's eye-witnesses, namely, Allah Ditta (PW-1) and Rangzeb (PW-2) stated that in fact, they first took *Mst.* Ghulam Fatima in injured condition to RHC of Chak No. 509/G.B, where the doctor after examining referred *Mst.* Ghulam Fatima to the Allied Hospital, Faisalabad. Neither the doctor who first examined *Mst.* Ghulam Fatima deceased in injured condition on 05.03.2016 at RHC of Chak No. 509/G.B has been produced in the witness box nor any MLR regarding the medico legal examination of *Mst.* Ghulam Fatima deceased in injured condition and her referral to the Allied Hospital, Faisalabad has been produced in the prosecution evidence. Although Lady Dr. Uzma Andleeb (CW-1) has stated that *Mst.* Ghulam Fatima was referred to the Allied Hospital, Faisalabad due to her precarious condition but she admitted that she was herself on leave on 05.03.2016 and the hospital staff had referred the deceased to the Allied Hospital, Faisalabad. She did not mention the name of any member of the staff who had referred the deceased to the Allied Hospital, Faisalabad nor any such staff of the hospital appeared in the witness box before the learned trial Court.

Statement of Lady Dr. Uzma Andleeb (CW-1) regarding the referral of *Mst.* Ghulam Fatima deceased by the staff of RHC of Chak No. 509/G.B to the Allied Hospital, Faisalabad is hearsay evidence. It is further noteworthy that evidence of Lady Dr. Uzma Andleeb (CW-1) in this respect is contradictory to the statement of Allah Ditta complainant (PW-1) and Rangzeb (PW-2) because both the abovementioned eye-witnesses of the prosecution stated that in fact *Mst.* Ghulam Fatima deceased in injured condition was referred to the Allied Hospital, Faisalabad by the doctor of RHC of Chak No. 509/G.B. They did not state that the staff of RHC of Chak No. 509/G.B referred her to the Allied Hospital, Faisalabad, as claimed by Lady Dr. Uzma Andleeb (CW-1). Relevant parts of the statements of Allah Ditta complainant (PW-1), Rangzeb (PW-2) and Lady Dr. Uzma Andleeb (CW-1) are reproduced hereunder for ready reference:-

Allah Ditta complainant (PW-1).

> *"The injured Mst. Ghulam Fatima was shifted to hospital at Chak No. 509 G.B on car. The Doctor available there after examining referred the injured to Allied hospital Faisalabad."*

Rang Zeb (PW-2).

> *"Thereafter we attended Mst. Ghulam Fatima injured who was alive and we shifted her to RHC, Chak No. 509 G.B on a car where from the doctor referred her to Allied hospital, Faisalabad but she succumbed to the injuries after arriving there."*

Dr. Uzma Andleeb (CW-1).

> *"It is correct that the injured Mst. Ghulam Fatima was referred to Allied Hospital Faisalabad due to her precarious condition. On 05.03.2016 I was on leave. Voluntarily stated that the hospital staff had refereed her to Allied hospital Faisalabad. It is correct that the duty of the staff of RHC Mamu Khan did not give first aid to the injured prior to refer the injured to Allied hospital."*

Learned counsel for the complainant has also relied upon the Death Certificate of *Mst.* Ghulam Fatima (Exh.PI), issued by the Allied Hospital, Faisalabad in order to explain the abovementioned delay and to establish that in fact, *Mst.* Ghulam Fatima was taken to the Allied Hospital, Faisalabad in injured condition but it is noteworthy that no person from the Allied Hospital,

Faisalabad appeared in the witness box to prove the abovementioned Death Certificate. Moreover, there is nothing on the record to show that *Mst.* Ghulam Fatima deceased was referred by any doctor or staff of RHC of Chak No. 509/G.B, Faisalabad to the Allied Hospital, Faisalabad on account of her precarious condition therefore, the abovementioned delay in lodging the FIR and conducting the postmortem examination on the dead body of *Mst.* Ghulam Fatima deceased has not been plausibly explained by the prosecution. It is further noteworthy that Lady Dr. Uzma Andleeb (CW-1) stated during her cross-examination that dead body of *Mst.* Ghulam Fatima deceased was received in RHC Mamoon Kanjan at 06:00 p.m., on 05.03.2016. She further stated that police papers were received at 08:30 p.m., and she conducted the postmortem examination on the dead body of *Mst.* Ghulam Fatima deceased at 08:40 p.m. Relevant part of her statement in this respect reads as under:

> *"The dead body of Mst. Ghulam Fatima deceased was received in RHC Mamu Kanjan at 6:00 p.m. on 05.03.2016. The police papers to conduct the post-mortem examination and the other documents i.e. the inquest report and injuries statement were not received along with the dead body. The police papers were received at 08:30 p.m. and I conducted the postmortem examination at 08:40 p.m."*

The delay in conducting the postmortem examination on the dead body of *Mst.* Ghulam Fatima deceased of 11 hours and 45 minutes is suggestive of the fact that the eye-witnesses of the prosecution were not present at the spot at the relevant time and the said delay has been consumed in procuring the attendance of fake eye-witnesses. We may refer here the case of *'Irshad Ahmad v. The State'* (2011 SCMR 1190) wherein it was observed that the post-mortem examination of the dead body had been conducted with a noticeable delay and such delay is generally suggestive of a real possibility that time had been consumed by the police in procuring and planting eye-witnesses and in cooking up a story for the prosecution before preparing police papers necessary for getting a post-mortem examination of the dead body conducted. Similarly, in the case of *'Khalid alias Khalidi and 2 others v. The State'* (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post-mortem examination on the dead body of deceased, to be an adverse effect against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as *'Muhammad Ashraf v. The State'* (2012 SCMR 419), *'Muhammad Ilyas v. Muhammad Abid alias Billa and others'* (2017 SCMR 54) and *'Zafar v. The State and others'* (2018 SCMR 326).

13. We have further noted that had the prosecution's eye-witnesses, namely, Allah Ditta complainant (PW-1) and Rangzeb (PW-2) been present at the spot at the time of occurrence then they would have provided the medical aid to *Mst.* Ghulam Fatima deceased in order to save her life and stop her bleeding because injury sustained by *Mst.* Ghulam Fatima was on her right thigh which was a non-vital part of her body. Even Lady Dr. Uzma Andleeb (CW-1) stated that if any injured in such like case remained un-attended for 1-2 hours then his death may occur on account of loss of blood. Relevant part of her statement in this respect reads as under:

> *"Hypovolumia means loss of blood and fluids from the body due to the excess of bleeding which ultimately develops in Hypovolum shock which ultimately result into the cardio pulmonary arrest. It is correct that the death in this case occurred due to hemorrhagic shock as to loss of blood from the body of the deceased. The injured in such like cases if remain unattended by the medical staff then death might have occurred within 1-2 hours. If the blood and fluids had been infused in the body of the injured Mst. Ghulam Fatima, there were chances of her survival in this case. The seat of injury No. 1 was on the right thigh of the deceased which is non-vital part of the body."*

We have further noted that in order to establish their presence at the spot at the relevant time and to show that they (PWs) tried to stop the bleeding of *Mst.* Ghulam Fatima, Allah Ditta complainant (PW-1) stated that doctor of RHC of Chak No. 509/G.B District Faisalabad had bandaged the wound of the injured and thereafter, referred her to the Allied Hospital, Faisalabad. Relevant part of his statement in this respect reads as under:

> *"The doctor at RHC Chak No. 509 G.B had bandaged the wound of the injured and thereafter referred her to the Allied Hospital Faisalabad."*

Whereas, Lady Dr. Uzma Andleeb (CW-1) stated that wounds of the deceased were neither stitched nor bandaged. Relevant part of her statement is reproduced hereunder:-

"It is correct that when I received the dead body of Mst. Ghulam Fatima deceased the wounds of the deceased were not found either stitched or bandaged. It is correct that in such like cases generally we provide the first aid, stitch the wound and apply the bandage for stopping hemorrhagic/oozing of bold."

We are therefore, of the view that the abovementioned eye-witnesses were not present at the spot at the relevant time and death of *Mst.* Ghulam Fatima occurred on account of her excessive bleedings as she remained un-attended for a considerable period and in order to cover the abovementioned lacuna in the prosecution case, the prosecution witnesses made false excuse that *Mst.* Ghulam Fatima was provided bandage by the doctor at RHC of Chak No. 509/G.B, whereas, Lady Dr. Uzma Andleeb (CW-1) has categorically stated during her cross-examination that there was no bandage or stitches on the injuries of the deceased when she received her dead body.

14. It is also noteworthy that according to the prosecution case, only one fire shot made by the appellant landed on the right thigh of *Mst.* Ghulam Fatima deceased but according to the medical evidence there was also an incised wound i.e. injury No. 3 measuring 4 cm x 1.7 cm on the lower part of left leg and bone under the said injury was also exposed. The abovementioned injury has not been explained by any of the prosecution's witnesses. Although it is argued by learned counsel for the complainant that said injury might have been caused to the deceased when she fell on the ground after sustaining firearm injury and hit the sickle with the help of which she was cutting fodder but we have noted that none of the prosecution witnesses had stated so in their statements recorded by the police or by the learned trial Court. Moreover, in the site plan (Exh.CW-3/A) or in the inquest report (Exh.PH), no sickle has been shown at the place of occurrence. It is not understandable that if the prosecution witnesses were present at the spot at the relevant time then as to why they did not explain the incised wound i.e. injury No. 3 on the body of the deceased in their statements recorded by the police or by the learned trial Court. The abovementioned fact shows that the prosecution's eye-witnesses were not present at the spot at the time of occurrence therefore, they could not explain the abovementioned injury. Reliance in this respect may be placed on the cases of *'Muhammad Ali v. The State'* (2015 SCMR 137), *'Irfan Ali v. The State'* (2015 SCMR 840) and *'Usman alias Kaloo v. The State'* (2017 SCMR 622). It is also noteworthy that according to the site plan (Exh.CW-3/A),

Muhammad Nawaz appellant made fire shot with 12 bore gun at *Mst.* Ghulam Fatima deceased from a distance of only 4-feet but according to the medical evidence, there was no blackening, burning or tattooing around the entry wound. Likewise, no wade of the empty was recovered from the entry wound which further contradicts the prosecution case. It is also noteworthy that in order to justify their presence at the spot, the prosecution's eye-witnesses stated that they along with *Mst.* Ghulam Fatima deceased went to the fields in order to cut fodder but neither any cut fodder nor any sickle has been recovered from the spot at the time of inspection by the I.O.

15. According to the prosecution case, motive behind the occurrence was that Muhammad Nawaz appellant wanted to marry with *Mst.* Ghulam Fatima deceased but the complainant party refused to give the hand of *Mst.* Ghulam Fatima deceased to the appellant and fixed her marriage with one Bahawal Sher for 13.03.2016 but neither any wedding card of the abovementioned proposed marriage has been produced in the prosecution evidence nor the abovementioned Bahawal Sher appeared in the witness box to prove the alleged motive. We are therefore, of the view that motive alleged by the prosecution has not been proved in this case.

16. Learned Deputy Prosecution General for the State assisted by learned counsel for the complainant has heavily relied upon the recovery of gun 12 bore (P-1) on the pointation of the appellant and positive report of PFSA, Lahore (Exh.PK) but it is noteworthy that no date of arrest of the appellant has been brought on record by the prosecution through the statement of any of the prosecution witness. Under the circumstances, it is not determinable in this case that as to whether empty recovered from the spot was sent to the office of PFSA, Lahore after the arrest of the appellant or the same was sent to the said office before his arrest hence it is not safe to rely upon the abovementioned prosecution evidence. It is by now well settled that if the empty is sent to the office of PFSA after the arrest of the accused then it is not safe to rely upon the positive report of PFSA and recovery of weapon from the possession of the accused. Reliance in this respect may be placed on the cases of *'Jehangir v. Nazar Farid and another'* (2002 SCMR 1986), *'Ali Sher and others v. The State'* (2008 SCMR 707) and *'Mushtaq and 3 others v. The State'* (PLD 2008 Supreme Court 1). As mentioned earlier, the date of arrest of the appellant has not been brought on the record through the statement of any of the prosecution witness therefore, the abovementioned recovery of gun from

the possession of the appellant and positive report of the PFSA are not safe to be relied upon. Moreover, recovery of gun and positive report of PFSA are only corroborative pieces of evidence and the same cannot be made basis for the conviction of the appellant, in absence of reliable direct evidence of prosecution's eye-witnesses.

17. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt about the prosecution story. In the case of *'Tariq Pervez v. The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:

> '5. ..... The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *'Muhammad Akram v. The State'* (2009 SCMR 230), at page 236, observed as under:

> '13. ..... It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

18. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt,

therefore, we accept Criminal Appeal No. 99880 of 2017 filed by Muhammad Nawaz appellant, set aside his conviction and sentence recorded by the learned trial Court and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 605 of 2017 is answered in the negative. The appellant Muhammad Nawaz is in custody, he be released from the jail forthwith if not required in any other case.

(A.A.K.) Appeal allowed.

Crl. Misc. No. 13226-B of 2023, decided on 7.3.2023.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Control of Narcotic Substances Act, (XXV of 1997), Ss. 9(1) & 3(b)--Recovery of charas--Post-arrest bail, grant of--The petitioner is in judicial lockup and he is no more required for further investigation--No useful purpose shall be served by keeping petitioner behind bars--The offence which has been alleged against petitioner does not fall within ambit of Prohibitory Clause of Section 51 of CNSA--Although it has been argued by learned Deputy Prosecutor General that petitioner is involved in one other criminal case but as per police report said case is still pending adjudication before concerned Court--**Held:** It is by now well settled that mere involvement of an accused in some other case(s) by itself is no ground to refuse bail, if otherwise, he is entitled to said concession on merits—Bail allowed. [Para 3] A

2012 SCMR 573 & 1997 SCMR 412.

Mrs. Naila Mushtaq Ahmed Dhoon, Advocate for petitioner.

Mr. Nisar Ahmad Virk, Deputy Prosecutor General for State.

Date of hearing: 7.3.2023.

ORDER

Through the instant petition, Gohar Azeem (petitioner) seeks post-arrest bail in case FIR No. 71/2023 dated 22.01.2023, offence under Section 9-(1)3(b) of the Control of Narcotic Substances Act, 1997 (XX of 2022), registered with Police Station Murad-pur, District Sialkot.

2. Arguments heard. Record perused.

3. As brief allegations levelled in the FIR, on 22.01.2023, the petitioner was apprehended by the police and on his search Charas weighing 820-grams was recovered from his possession, hence the abovementioned FIR. The petitioner is in judicial lockup since 22.01.2023 and he is no more required for further investigation. No useful purpose shall be served by keeping the petitioner behind the bars. The offence which has been alleged against the petitioner does not fall within the ambit of Prohibitory Clause of Section 51 of CNSA. Although it has been argued by learned Deputy Prosecutor General that the petitioner is involved in one other criminal case but as per police report the said case is still pending adjudication before the concerned Court. It is by now well settled that mere involvement of an accused in some other case(s) by itself is no ground to refuse bail, if otherwise, he is entitled to the said concession on merits. Reference in this context may be made to the cases reported as *'Jamal-ud-Din alias Zubair Khan vs. The State'* (2012 SCMR 573) & *'Muhammad Rafique vs. The State'* (1997 SCMR 412).

4. In the light of above, this petition is allowed and the petitioner is admitted to bail after arrest subject to his furnishing bail bonds in the sum of Rs. 2,00,000/-(Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) Bail allowed.

Crl. A. No. 1238 and Crl. Rev. No. 723 of 2013, heard on 13.2.2020.

Pakistan Penal Code, 1860 (XLV of 1860)--

----S. 302(b)--Conviction and sentence--Challenge to--Benefit of doubt--Qatl-e-amd--Circumstantial evidence--Motive--Recovery of weapon of offence--Medical evidence--Extra-judicial confession--It is true that dead body of deceased was recovered from house of appellant and as per prosecution case, appellant, did not inform police regarding death of his wife deceased and he statedly fled away after occurrence but abovementioned facts are not sufficient to convict and sentence appellant under capital charge--The abovementioned circumstances at most may create a suspicion against appellant but it is by now well settled that suspicion how so ever strong cannot take place of conclusive proof, which is required for convicting and awarding sentence to an accused for a capital charge--The appellant cannot be convicted and sentenced merely on ground that he happened to be husband of deceased--At cost of repetition, that by now it is well settled that in 'absence of other reliable and cogent evidence, mere recovery of dead body of deceased from house of an accused by itself is not sufficient to convict and sentence chim under capital charge--Prosecution evidence is full of doubts--**Held:** It is by now well settled that if there is a single circumstance which creates doubt regarding prosecution case, same is sufficient to give benefit of doubt to accused, whereas, instant case is replete with number of circumstances which have created serious doubts about truthfulness of prosecution story--Appeal accepted.

[Para 11, 13 & 16] B, C & F

2016 SCMR 1019, PLD 2003 SC 56, 2017 SCMR 724 & 2018 SCMR 772.

Circumstantial evidence--

----It is settled by now that in such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches dead body and other to neck of accused--But if any link in chain is missing then its benefit must go to accused. [Para 9] A

1992 SCMR 1047, 1999 SCMR 188 & PLJ 1999 SC 1018.

Medical evidence--

----It is by now well settled that medical evidence is a type of supporting evidence, which may confirm ocular account with regard to receipt of injury, nature of injury--Kind of weapon used in occurrence but it would not identify assailant. [Para 14] D

PLD 2009 SC 53, 2008 SCMR 1103 & 2009 SCMR 1410.

Confession of accused--

----It is by now well settled that confession of an accused while in police custody is inadmissible in evidence. [Para 15] E

2019 SCMR 872.

Mr. Muhammad Kashif Saeed Bhatti, Advocate for Appellant.

Ch. Muhammad Ishaq, Additional Prosecutor General for State.

M/s. Zafar Masud, Advocate and Ch. Abdul Hameed Gujjar, Advocate for Complainant.

Date of hearing: 13.2.2020.

JUDGMENT

This judgment shall Dispose of Criminal Appeal No. 1238 of 2013, filed by Raiyet Ali (appellant) against his conviction and sentence, as well as Criminal Revision No. 723 of 2013, filed by Muhammad Yahya petitioner/complainant for enhancement of sentence awarded to the Raiyet Ali (respondent No. 2), from imprisonment for life to death, as both these matters have arisen out of the same judgment dated 27.06.2013, passed by learned Additional Sessions Judge, Chunian, District Kasur.

2. Raiyet Ali (appellant) was tried in case F.I.R. No. 381/2010 dated 17.09.2010, registered at police station Kangan Pur in respect of offence under Section 302, PPC. After conclusion of the trial, the learned trial Court vide its judgment dated 27.06.2013, has convicted and sentenced the appellant as under:

> *Under Section 302(b), PPC to imprisonment for life. The Appellant was also directed to deposit an amount of Rs. 2,00,000/- (Rupees two hundred thousand only), as compensation in the bank account of the daughter of Mst. Khursheed Bibi (deceased) and in case of default to further undergo six months simple imprisonment.*
>
> *Benefit of Section 382-B, Cr.P.C. was also extended to the appellant.*

3. Brief facts of the case as given by the complainant Muhammad Yahya (PW-1) are that the sister of the complainant namely *Mst.* Khursheed Bibi (deceased) was married with Raiyet Ali (appellant) for the last fourteen years and from the said wedlock, a daughter was born, where-after the deceased remained issue-less, due to which Raiyet Ali (appellant), was annoyed and he used to beat *Mst.* Khursheed Bibi deceased). The complainant party several times asked the appellant to contract second marriage due to his desire of having more kids. *Mst.* Khursheed Bibi (deceased), didn't leave the house of the appellant for the sake of her daughter. Raiyet Ali (appellant), was having illicit relations with other women but even then *Mst.* Khursheed Bibi (deceased), continued to live with the appellant just for the betterment of her daughter. On the preceding night of registration of FIR *i.e*., 17.09.2010, Raiyet Ali (appellant), committed the murder of *Mst.* Khurhseed Bibi (deceased), either through strangulating her neck or through some other way but he (appellant) told everyone that *Mst.* Khursheed Bibi (deceased), died due to the electric shock. After committing murder of *Mst.* Khursheed Bibi (deceased), Raiyat Ali (appellant) informed his (appellant's) brother and then his (appellant's) sister-in-law about the death of his wife due to the electric shock, however, he (appellant) did not tell this fact to the complainant party, though the house of the complainant party was situated near to the house of the accused (appellant). On coming to know about the occurrence at 3.30 am, the complainant along with Hafiz Muhammad Tariq (PW-2), *Mst.* Surraya Bibi daughter of Muhammad Younis, Asghar and *Mst.* Surayya Bibi wife of Muhammad Yahya (PWs since given-up), reached at the house of the

deceased, where *Mst.* Khursheed Bibi (deceased) was lying dead in naked condition in the bathroom. The complainant party covered the dead body with a cloth and shifted the same on a cot and while doing so, they noticed ligature mark around the neck of the deceased, hence the abovementioned FIR.

On 22.09.2010, the complainant implicated Muhammad Aslam (co-accused), while moving application (Ex.PB), with the allegation that he (complainant), lodged the abovementioned case as his brother- in-law Raiyat Ali (appellant), committed murder of her sister namely *Mst.* Khursheed Bibi (deceased) through strangulating her neck but before committing murder, he (appellant) took intoxicated tablets from a fake doctor namely Muhammad Aslam (co-accused since acquitted) and administered the same to *Mst.* Khursheed Bibi (deceased) and her daughter Nadia Bibi, so that they could not offer any resistance. It was further alleged by the complainant in his application (Ex.PB), that Muhammad Aslam (co-accused since acquitted), is also involved in commission of offence of murder of his sister as strip of intoxicated tablets was found present in the dustbin, however, the learned trial Court acquitted the said Muhammad Aslam (co-accused since acquitted) while giving him the benefit of doubt vide the impugned judgment dated 12.10.2012.

4. The appellant was arrested In this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant to which he pleaded not guilty and claimed trial. In order to prove its case the prosecution produced eight witnesses during the trial. The statement of the appellant under Section 342, Cr.P.C. was recorded, wherein he refuted the allegations levelled against him and professed his innocence.

5. The learned trial Court vide its judgment dated 27.06.2013, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that there was no eye-witness of the occurrence and the prosecution case is based upon mere suspicions; that even there is no circumstantial evidence on the record against the appellant and the prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Tariq (PW-2), merely expressed their suspicion against the appellant; that it was the case of the prosecution that the

appellant informed the complainant party through a mobile phone while giving a false information regarding the death of *Mst.* Khursheed Bibi, due to an electric shock but neither the mobile phone of the complainant party nor the mobile phone of the appellant has been taken into possession by the investigating Officer; that even no data of the mobile phone numbers mentioned by Hafiz Tariq (PW-2), has been taken into possession by the Investigating Officer; that time of death of the deceased as given by Lady Dr. Tasneem Naqvi (PW-5), does not coincide with the time of death of the deceased, as given by the prosecution witnesses; that according to the prosecution case, Raiyet Ali (appellant), made a disclosure that he had first given some material to *Mst.* Khurshid Bibi (deceased), which caused intoxication to her and thereafter the appellant committed her murder by strangulating her neck but visceras of the deceased were not sent to the Punjab Forensic Science Agency for detection of any material therein, which can cause intoxication; that even otherwise the abovementioned prosecution evidence is based on the alleged extra judicial confession of the appellant, while in police custody, which is in-admissible in evidence; that the alleged redovery of *Dupatta* (P-1), has been planted against the appellant in order to strengthen the weak prosecution case; that according to Imran Shahid 1144/C (PW-6), *Dupatta* (P-1), was of common pattern, which was not stained with any incriminating material, therefore, the alleged recovery of *Dupatta* (P-1), from the possession of the appellant is of no avail to the prosecution; that the motive as alleged by the prosecution against the appellant has also not been proved in this case; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

7. Learned Deputy Prosecutor General assisted by learned counsel for the complainant, opposed this appeal on the grounds that the prosecution has fully proved its case against the appellant beyond the shadow of any doubt; that the prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Tariq (PW-2), being brother and maternal nephew of *Mst.* Khursheed Bibi (deceased) had no previous enmity with the appellant to falsely implicated him in this case; that substitution in such like cases is a rare phenomena; that the dead body of *Mst.* Khursheed Bibi (deceased), was recovered from the house of the appellant, therefore, it was duty of the appellant to explain regarding the cause of death of the deceased but the

appellant neither lodged any FIR nor informed the police regarding the cause of un-natural death of the deceased rather he fled away from the spot after the occurrence and as such the conduct of the appellant has proved that he was guilty in this case; that the prosecution witnesses stood the test of lengthy cross examination but their evidence could not be shaken; that the prosecution case against the appellant is further supported by the medical evidence, which shows the un-natural death of the deceased by strangulating her neck and fracture of hyoid bone of the deceased; that the prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), are natural witnesses in this case because they are residents of close-by houses, which were situated near to the place of occurrence; that the prosecution case against the appellant is further corroborated by the recovery of weapon of offence *i.e.*; *Dupatta* (P-1), on the pointation of the appellant; that the motive as alleged by the prosecution has also been proved through straightforward and confidence inspiring evidence of the prosecution witnesses; that the prosecution has proved its case against the appellant beyond the shadow of any doubt; that there is no substance in this appeal, therefore, the same may be dismissed. It is added by learned counsel for the complainant that there was no mitigating circumstance in this case, therefore, while accepting the *Criminal Revision No. 723 of 2013,* filed by the complainant the sentence awarded to the appellant by the learned trial Court may be enhanced from imprisonment for life to death.

8. I have heard the arguments of learned counsel for the parties, as well as, the learned Additional Prosecutor General and have also gone through the evidence available on the record with their able assistance.

9. Since there is no direct evidence and prosecution case hinges on the circumstantial evidence, therefore, utmost care and caution is required for reaching at a just decision of the case. It is settled by now that in such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused. But if any link in the chain is missing then its benefit must go to the accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as *"Ch. Barkat Ali vs. Major Karam Elahi Zia and another"* (1992 SCMR 1047), *"Sarfraz Khan vs. The State"* (1996 SCMR 188) and *"Asadullah and another vs. The State"* (PLJ

1999 SC 1018). In the case of *"Ch. Barkat Ali* (*supra*), the august Supreme Court of Pakistan, at page 1055, observed as under:

> *"... Law relating to circumstantial evidence that proved circumstances must be incompatible with any reasonable hypothesis of the innocence of the accused. See Siraj vs. The Crown (PLD 1956 FC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the Accused."*

In the case of "Sarfraz Khan (*supra*), the august Supreme Court of Pakistan, at page 192, held as under:

> *7 .... It is well settled that circumstantial evidence should be so inter-connected that it forms such a Continuous chain that its one end touches the dead Body and other neck of the accused thereby excluding all the hypothesis of his innocence."*

Further reliance in this context is placed on the case of *"Altaf Hussain vs. Fakhar Hussain and another"* (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as Under:

> *"7 ..... Needless to emphasis that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the neck of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain."*

Keeping in view the parameters, laid down in the above- mentioned judgments, I will discuss each part of the prosecution evidence, separately.

10. The prosecution case is based on the following pieces of Evidence:-

> (i) Circumstantial evidence produced by the prosecution through Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), on account of a false information allegedly given by Raiyet Ali (appellant) to the complainant party regarding the death of *Mst.* Khursheed Bibi (deceased), due to electric-shock and disappearance of Raiyet Ali (appellant) after the occurrence.
>
> (ii) Motive

(iii) Recovery of weapon of offence *i.e.*, *Dupatta* (P-1), on the pointation of Raiyet Ali (appellant), as well as, recovery of dead body of *Mst.* Khursheed Bibi (deceased), from the house of Raiyet Ali (appellant).

(iv) Medical Evidence.

(v) Evidence of extrajudicial confession of Raiyet Ali (appellant) before Muhammad Yahya complainant (PW-1), while in police custody.

11. ***Circumstantial evidence produced by the prosecution through Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), on account of a false information allegedly given by Raiyet Ali (appellant) to the complainant party regarding the death of Mst. Khursheed Bibi (deceased), due to electric-shock and disappearance of Raiyet Ali (appellant) after the occurrence.***

Insofar as the evidence of prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), is concerned, it is an admitted fact that both the abovementioned witnesses are not the eye-witnesses of this case. They are also not the witnesses of last seen evidence and their evidence is mainly based upon the suspicion against the appellant, which was developed in the minds of above-referred prosecution witnesses due to alleged false information given by Raiyet Ali (appellant) to the complainant party regarding the cause of death of his wife namely *Mst.* Khursheed Bibi (deceased), because of electric-shock and conduct of the appellant subsequent to the occurrence as he (appellant) statedly fled away from the spot after the occurrence and did not report the matter to the police. It is noteworthy that Hafiz Muhammad Tariq (PW-2), during his examination-in-chief stated regarding the information given to him by Raiyet Ali (appellant) regarding the death of *Mst.* Khursheed Bibi (deceased), due to electric-shock in the following words:-

> *"At about 3.30 AM (night) accused Rayyat Ali telephonically informed me about death of Khurshed Bibi by electric shock"*

Furthermore, Hafiz Muhammad Tariq (PW-2), mentioned the cell phone number of Raiyet Ali (appellant), as well as, his own cell phone number during

his cross examination, while appearing in the witness- box. Relevant part of his statement in his cross examination reads as under:-

> *"The cell phone number of Rayyat Ali at the relevant time was 0300-6545733. My cell No. is 0302-6106180. I do not remember as to whether I have given my cell No. as 0306- 4311127 to the police for the purpose of any contact with me. My cell No. 's SIM is on my name. I got recorded the fact of telephone call by Rayyat Ali accused on my cell phone, giving information about the death of deceased. Confronted with Ex. DA, where it is not so recorded. I got recorded in my statements under Section 161, Cr.P.C. that when I received the information, we while going to the house of Rayyat Ali made hue and cry and on hearing Muhammad Yahya complainant andMst. Surrya Bibi (Mamani) came out and joined us. Confronted with Ex.DA, where it is not so recorded"*

It is, therefore, evident that Hafiz Muhammad Tariq (PW-2), has given his own cell phone number, as well as, the cell phone number of Raiyet Ali (appellant), during his cross examination but neither the said cell phone sets were taken into possession by the Investigating Officer nor their Data was collected by him, in order to establish that any wrong information was given by Raiyet Ali (appellant), regarding the death of *Mst.* Khursheed Bibi (deceased) to the complainant party. It is further noteworthy that the above-mentioned fact regarding giving information by Raiyet Ali (appellant) with regard to the cause of death of *Mst.* Khursheed Bibi (deceased), due to electric-shock **through phone** was not mentioned in the FIR or in the statement (Ex.DA) of Hafiz Muhammad Tariq (PW-2), recorded by the police under Section 161, Cr.P.C. Hafiz Muhammad Tariq was confronted with his previous statement and the dishonest improvements made by him in this respect were duly brought on the record. It is true that the dead body of *Mst.* Khursheed Bibi (deceased) was recovered from the house of the appellant and as per prosecution case, Raiyet Ali (appellant), did not inform the police regarding the death of his wife namely *Mst.* Khursheed Bibi (deceased) and he statedly fled away after the occurrence but the abovementioned facts are not sufficient to convict and sentence the appellant under the capital charge. The abovementioned circumstances at the most may create a suspicion against the appellant but it is by now well settled that suspicion how so ever strong cannot take place of conclusive proof, which is required for convicting and awarding

sentence to an accused for a capital charge. In the case of *"Muhammad Jamshaid and another vs. The State and others"* (2016 SCMR 1019), in paragraph No. 3, of the judgment, the Apex Court of the country was pleased to observe as under:

> *3 ……. It is trite that suspicion howsoever grave or strong can never be a proper substitute for proof beyond treasonable doubt required in a criminal case ….*

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case reported as *"Vijant Kumar and 4 others vs. State through Chief Ehtesab Commissioner, Islamabad and others"* (PLD 2003 Supreme Court 56).

12. ***(ii) Motive,***

According to the prosecution case as set forth in the FIR (Ex.PA/1), the motive behind the occurrence was that only a female child was born from the wedlock of Raiyet Ali (appellant) and *Mst.* Khursheed Bibi (deceased), during the subsistence of their marriage for fourteen (14) years due to which the appellant was unhappy with his wife Mst Rhursheed Bibi (deceased). It was also alleged in the FIR (Ex.PA/1) that Raiyet Ali (appellant) had illicit relations with the other ladies and due to the abovementioned reason, he committed murder of *Mst.* Khursheed Bibi (deceased). It is noteworthy that the prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), did not mention the above-referred motive while appearing in the witness box and Hafiz Muhammad Tariq (PW-2), only stated in his examination-in-chief that the attitude of Raiyet Ali (appellant), was not cordial towards *Mst.* Khursheed Bibi (deceased). He had not given any reason whatsoever for the abovementioned attitude of the appellant with the deceased. Muhammad Yahya complainant (PW-1), has conceded during his cross examination that he had not mentioned the name of any woman with whom Raiyet Ali (appellant) had illicit relationship. Relevant part of his statement in this respect reads as under:

> *"I did not mention the name of any woman, with whom Rayyat Ali has alleged illicit relations during his marriage time with my sister. It is incorrect that this fact is unfounded and I do not have any cogent reference in this regard"*

He further admitted that he never convened any Punchait to resolve the alleged issue of beating of Raiyet All (appellant) to *Mst.* Khursheed Bibi (deceased) or to resolve the issue of illicit relations of the appellant with any woman. Relevant part of his statement in this respect roads as under:

> *"No panchayiat was ever convened to resolve the issue of beatings. Given by the accused to may deceased sister as well as his illicit relations with the different women of easy excess"*

Similarly Hafiz Muhammad Tariq (PW-2), conceded during his cross examination that Raiyet Ali (appellant), never gave beating to his aunt *Mst.* Khursheed Bibi (deceased), in his presence. Relevant part of his statement in this respect reads as under:--

> *"Rayyat Ali never gave beatings to my aunt in my presence. Volunteer, that she disclosed so to me".*

Perusal of the statement of Hafiz Muhammad Tariq (PW-2), shows that his statement was based upon hearsay evidence as he himself never witnessed Raiyet Ali (appellant), while beating to his wife *Mst.* Khursheed Bibi (deceased) and he stated that he was told by *Mst.* Khursheed Bibi (deceased), regarding the abovementioned motive. No woman was named by the abovementioned prosecution witnesses with whom Raiyet Ali (appellant) had alleged illicit relationship. It is also an admitted fact that *Mst.* Khursheed Bibi (deceased) was living along with her minor daughter in the house of Raiyet Ali (appellant), till her death. It is further noteworthy that no family or civil suit filed by *Mst.* Khursheed Bibi (deceased), against Raiyet Ali (appellant), was produced in the evidence to establish that there was any matrimonial dispute between the parties. Both the prosecution witnesses namely Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), never stated that *Mst.* Khursheed Bibi (deceased), came to the house of her parents due to any dispute with the appellant. Keeping in view all the abovementioned facts, I have come to this irresistible conclusion that the motive as alleged by the prosecution has not been proved in this case.

13. ***(iii) Recovery of weapon of offence i.e, Dupatta (P-1), on the pointation of Raivet Ali (appellant), as well as, recovery of dead body of Mst. Khursheed Bibi (deceased), from the house of Raiyet Ali (appellant).***

According to the prosecution case, *Dupatta* (P-1), was used by the appellant for strangulating the neck of *Mst.* Khursheed Bibi (deceased), According to the evidence of Lady Doctor Tasneem Naqvi (PW-5), there was a bruise on the neck of *Mst.* Khursheed Bibi (deceased). It is also noteworthy that as per prosecution case, the dead body of *Mst.* Khursheed Bibi (deceased) was initially lying in the bathroom of the house of appellant in naked condition, however, the same was covered with a cloth by the ladies of the complainant party and was put on a cot. In order to prove the recovery of *Dupatta* (P-1), on the pointation of Raiyet Ali (appellant), the prosecution has produced Imran Shahid 1144/C (PW-6), in the witness box. The said witness has stated during his cross examination regarding the abovementioned recovery as under:

> *"I cannot describe the place, where "Petti" was lying as well as room from where Dopatta P-I was recovered, however, Dopatta was of common pattern which was easily available from the market. It is correct that P-1 Dopatta was not stained with mud, blood or soap"*

It is evident from the statement made by Imran Shahid 1144/C (PW-6), that he was even unable to describe the place, from where the recovery of *Dupatta* (P-1), was effected. He was also unable to describe the room where-from the said *Dupatta* (P-1), was recovered, which shows that he never visited the place of recovery, therefore, he was unable to describe the same. He has also admitted that *Dupatta* (P-1), was of common pattern, which was easily available in the market. He further conceded that *Dupatta* (P-1), was neither stained with mud, blood or soap and as such no incriminating material was available on *Dupatta* (P-1). Keeping in view all the abovementioned facts and as *Dupatta* (P-1), was not stained with any incriminating material and as *Dupatta* (P-1), was of common pattern, which is available in almost every house, therefore, the said recovery is inconsequential for the prosecution. Insofar as the recovery of dead body of *Mst.* Khursheed Bibi (decease), from the house of Raiyet Ali (appellant), is concerned, I have already given my findings in this respect in paragraph No. 11, of this judgment. The appellant cannot be convicted and sentenced merely on the ground that he happened to be the husband of the deceased. At the cost of repetition, it is observed that by now it is well settled that in absence of other reliable and cogent evidence, mere recovery of dead body of the deceased from the house of an accused by itself is not sufficient to convict and sentence him under the capital charge. In the case of *"Nasrullah*

alias Nasro vs. The State" (2017 SCMR 724), in paragraph No. 5, of the judgment, the Hon'ble Supreme Court of Pakistan observed as under:-

> *5 ……..... the accused person could not be convicted merely on the basis of a presumption that since the murder of his wife had taken place in his house, therefore, it must be he and on one else who would have committed that murder ……..*

Reliance in this respect may also be placed on the judgments reported as *"Nazir Ahmad vs. The State"* (2018 SCMR 787), *"Asad Khan vs. The State"* (PLD 2017 Supreme Court 681), *"Nazeer Ahmed vs. The State"* (2016 SCMR 1628), *"Muhammad Jamshaid and another vs. The State and others"* (2016 SCMR 1019) and *"Abdul Majeed vs. The State"* (2011 SCMR 941).

14. ***(iv) Medical evidence***

Insofar as the medical evidence of the prosecution is concerned, I have noted that the same is also in-conflict with the ocular account of the prosecution because the time of death of *Mst.* Khursheed Bibi (deceased), as given by Lady Doctor Tasneem Naqvi (PW-5), does not coincide with the time of death given by the prosecution witnesses Namely Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2). According to the prosecution case as set forth in the FIR (Ex.PA/1), the complainant party received information regarding the death of *Mst.* Khursheed Bibi (deceased), on the night of 17.09.2010 at 3.30 a.m. According to the statement of Lady Doctor Tasneem Naqvi (PW-5), she conducted the postmortem examination of the dead body of *Mst.* Khursheed Bibi (deceased) on 17.09.2010 and the time of postmortem examination mentioned in the postmortem report (Ex.PF), is 3.30 p.m. Lady Doctor Tasneem Naqvi (PW-5), stated that according to her opinion, the probable time that elapsed between the injury and death was immediate, whereas the probable time that elapsed between the death and postmortem examination was 7 to 8 hours. As postmortem examination was conducted on 17.09.2010, at 3.30 p.m, therefore, according to the evidence of Lady Doctor Tasneem Naqvi (PW-5), *Mst.* Khursheed Bibi (deceased), died approximately between 7.00 am to 8.00 a.m on 17.09.2010 but as mentioned earlier, in the FIR (EX.PA/1), it was alleged that on 17.09.2010, at 3.30 am, the complainant party received the information regarding the death of *Mst.* Khursheed Bibi (deceased). Even Muhammad Yahya complainant (PW-1) and Hafiz Muhammad Tariq (PW-2), while appearing in the witness box has

categorically stated that they heard the news regarding the death of *Mst.* Khursheed Bibi (deceased) at about 3.30 a.m (night). It is, therefore, evident that time of death of *Mst.* Khursheed Bibi (deceased), given by the abovementioned prosecution witnesses does not coincide with the time of death of *Mst.* Khursheed Bibi (deceased) as given by Lady Doctor Tasneem Naqvi (PW-5) and as such there is conflict between the ocular account and the medical evidence of the prosecution. Furthermore, it is by now well settled that medical evidence is a type of supporting evidence, which may confirm the ocular account with regard to receipt of injury, nature of the injury. Kind of weapon used in the occurrence but it would not identify the assailant. Reference in this context may be made to the cases of *"Muhammad Tasaweer vs. Hafiz Zulkarnain and 2 others"* (PLD 2009 SC 53), *"Altaf Hussain vs. Fakhar Hussain and another* (2008 SCMR 1103) and *"Mursal Kazmi alias Qamar Shah and another vs. The State"* (2009 SCMR 1410).

15. ***(v) Evidence of extrajudicial confession of Raiyet Ali (appellant) before Muhammad Yahya complainant (PW-1), while in police custody.***

Insofar as the alleged extrajudicial confession of Raiyet Ali (appellant) before Muhammad Yahya complainant (PW-1), while in police custody is concerned, it is by now well settled that confession of an accused while in police custody is inadmissible in evidence. Reliance in this respect may be placed on the judgment reported as *"Sajjan Solangi vs. The State"* (2019 SCMR 872), wherein in paragraph No. 3, of the judgment, the Apex Court of the country was pleased to observe as under:

> *3. ……. Sikandar Ali Malkani claimed that on 24.09.2003 petitioner Sajjan Solangi while in police custody during interrogation made extra judicial confession before him and the other witness but admittedly under the Qanun-e-Shahahdat Order, 1984 the said disclosure under the custody before the police in inadmissible whereas Muhammad Nawaz (PW-3) who is also a witness of the said confession, did not utter any word regarding such confession. The reliance made by the Courts below on such inadmissible evidence was unfortunate aspect of this case ……"*

16. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution evidence is full of doubts. It is by

now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the truthfulness of the prosecution story. In *"Muhammad Mansha vs. The State"* (2018 SCMR 772), the Hon'ble Supreme Court of Pakistan, at page 778, was pleased to observe as under:

> *4 ……. Needless to mention that while giving the benefit of doubt to an accused it is not necessary that there should be many circumstances creating doubt. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of such doubt, not as a matter of grace and concession, but as a matter of right. It is based on the maxima, "it is better that ten guilty persons be acquitted rather than one innocent person be convicted"*

Similarly in *Tariq Pervez vs. The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:

> *"5 ……. The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."*

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *"Muhammad Akram vs. The State"* (2009 SCMR 230), at page 236 observed as under:

> *"13. ……..It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the*

accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

17. In the light of above discussion, I **accept Criminal Appeal No. 1238 of 2013** filed by Raiyet Ali (appellant), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Chunian, District Kasur vide impugned judgment dated 27.06.2013 and acquit him of the charge under Section 302(b) PPC by extending him the benefit of doubt. Raiyet Ali (appellant) is in custody, he be released forthwith, if not required in any other case.

18. Insofar the criminal revision i.e., Crl. Revision No. 723 of 2013, filed by Muhammad Yahya (complainant) for enhancement of sentence, awarded by the learned trial Court against Raiyet Ali (appellant) from imprisonment for life to death is concerned, I have already disbelieved the prosecution evidence due to the reasons mentioned in paragraph Nos.11 to 15 of this judgment and Raiyet Ali (appellant) has been acquitted by this Court due to the reasons mentioned therein, therefore, this criminal revision being devoid of any force is hereby **dismissed**.

(A.A.K.) Appeal accepted.

ALLAH YAR---Petitioner

Versus

The STATE and another---Respondents

Criminal Revision No.17928 of 2020, decided on 2nd November, 2020.

(a) Penal Code (XLV of 1860)---

----Ss.324 & 337-F(vi)---Attempt to commit qatl-i-amd, ghayr-jaifah-munaqqillah---Appreciation of evidence---Ocular account corroborated by medical evidence---Scope---Accused was charged that he made firing upon the complainant and injured him---Motive behind the occurrence was that the accused had suspicion that the complainant had illicit relationship with his sister---Role attributed to the accused was that of causing three firearm injuries on the body of the complainant had fully been supported by the medical evidence of the prosecution produced through Medical Officer, as there were three entry and exit wounds on the left knee and left thigh of the complainant---Nothing on the record to establish that the said injuries were self-suffered or were caused by friendly hands---Although, defence plea was that the complainant had alleged that he was first caught hold by the accused from his neck and thereafter he made fire shots at the body of the complainant, however, there was no burning or blackening around the entry wounds of the complainant which had contradicted the prosecution story---Complainant was not a static object and he could have changed his position at the time of occurrence---Medical officer had categorically mentioned that complainant was wearing blood stained green colour shalwar/qameez and bunyan at the time of examination and corresponding holes were present on his shalwar---When complainant was wearing clothes and corresponding holes were present on his shalwar then absence of burning and blackening around his entry wounds was quite natural---Injuries on the body of the complainant were the stamp of his presence at the spot at the relevant time---Appeal against conviction was dismissed accordingly.

(b) Penal Code (XLV of 1860)---

----Ss.324 & 337-F(vi)---Attempt to commit qatl-i-amd, ghayr-jaifah-munaqqillah---Appreciation of evidence---Constitution of offence under S.324, P.P.C.----Injuries on non-vital put of lady---Scope---Ocular account corroborated by medical evidence---

Scope---Accused was charged that he made firing upon the complainant and injured him---Defence contended that ingredients of offence under S.324, of P.P.C. were not attracted because the accused caused injuries on the non-vital parts of the body of the complainant, however, the accused repeated firearm injuries and caused as many as three entry and three exit, total six wounds, on the body of the complainant---Repeated fire shots made by the accused did not hit on the vital part of his body and as such there was no substance on the plea of defence, in circumstances---Appeal against conviction was dismissed accordingly.

Malik Muhammad Suleman Awan for Petitioner.

Ch. Muhammad Ishaq, Addl Prosecutor General for the State.

Naseem Ullah Khan Niazi for the Complainant.

Date of hearing: 2nd November, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.----This judgment shall dispose of Criminal Revision No.17928 of 2020, filed by the petitioner, namely, Allah Yar against his conviction and sentence. The petitioner was tried in case F1R No. 96 dated 13.04.2017 registered at Police Station, Mitha Tawana, District Khushab offences under Sections 324/337 F(vi) of P.P.C., by the learned Magistrate Section 30, Khushab and after conclusion of the trial, vide judgment dated 02.10.2019, the learned trial Court convicted and sentenced the petitioner as under:-

> Under Section 324 of P.P.C. to undergo rigorous imprisonment for five years and. fine of Rs.30,000/- and in default thereof, to further undergo S.I for one month.
>
> Under Section 337-F(vi) of P.P.C. to pay daman in the sum of Rs.50,000/- to the complainant/injured, namely, Allah Yar son of Ahmad Khan and also awarded rigorous imprisonment for 05 years as Ta'zir.

2. All the sentences were directed to run concurrently. The benefit of Section 382-B of Cr.P.C., was also extended to the petitioner. Feeling aggrieved with the aforementioned judgment of the learned trial Court, the petitioner preferred appeal, whereas, Allah Yar son of Ahmad Khan complainant filed revision petition regarding the enhancement of the sentence awarded to the petitioner by the learned trial Court. Learned Addl. Sessions Judge, Khushab vide the consolidated judgment dated 26.02.2020, dismissed the criminal appeal, filed by the petitioner against his conviction and sentence, and the criminal revision, filed by the complainant for

enhancement of the sentence of the petitioner hence, the instant criminal revision petition before this Court.

3. As per prosecution case set forth in the FIR (Ex.PH), on 13.04.2017 at about 08:30 p.m., when Allah Yar son of Ahmad Khan (complainant) reached in front of the house of Muhammad Ameer, Allah Yar son of Khuda Bakhash petitioner while armed with pistol .30 bore came there and made fire shots at the complainant. First fire shot made by the petitioner hit at the left knee of the complainant. Second fire shot made by the petitioner also hit at the left knee of the complainant. The petitioner thereafter, made third fire shot which landed at the left thigh of the complainant. PWs attracted at the spot on hearing the firing and shifted the complainant to BBC Mitha Tawana. Motive behind the occurrence was that the petitioner had suspicion that the complainant had illicit relationship with his (petitioner's) sister.

4. After completion of investigation, the challan was submitted before the Court. The learned trial Court framed the charge against the petitioner under Sections 324/337F(vi) of P.P.C. on 11.09.2017, to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced seven witnesses during the trial. The prosecution has also produced documentary evidence in the shape of Exh.PA to Exh.PJ and closed the prosecution evidence.

6. The statement of petitioner under section 342 of Cr.P.C, was recorded. The petitioner refuted all the allegations leveled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you", the appellant, replied as under:-

> "Complainant had feud enmity with Rub Nawaz and Ramzan. Haq Nawaz is real brother of above said Haq Nawaz. Said Haq Nawaz was married with the sister of complainant. Rub Nawaz and Haq Nawaz had intention to kill the complainant due to inheritance dispute of their land above said Rub Nawaz and Haq Nawaz injured the complainant while making firing but complainant twisted the story and substituted me while saving the skin of Rub Nawaz and Haq Nawaz and to save the house of Mehr Khatoon sister of the complainant. PW is close relative of the complainant. Sister of the complainant was married with the son of PW Sher Muhammad. Due to above said reasons complainant (sic) false case

against me while subsisting the actual culprits and PWs deposed falsely against me with the consent of the complainant."

The petitioner neither made his statement under section 344(2) of Cr.P.C., in disproof of the allegations leveled against him nor he produced any evidence in his defence.

7. The learned trial Court vide judgment dated 02.10.2019, found the petitioner Allah Yar son of Khuda Bakhash guilty and convicted and sentenced him as mentioned and detailed above. The petitioner preferred appeal against his conviction and sentence, whereas, the complainant filed revision petition before the learned Addl. Sessions Judge, Khushab and the said Court vide impugned consolidated judgment dated 26.02.2020 dismissed the appeal, filed by the petitioner, and revision petition, filed by the complainant and the judgment of the learned trial Court was upheld and maintained hence, the petitioner filed the instant criminal revision before this Court against his conviction and sentence.

8. Learned counsel for the petitioner, in support of this petition, contends that the petitioner has falsely been implicated in this case; that the impugned judgments of conviction of the Courts below are result of misreading and non-reading of evidence available on the record; that there is conflict in the ocular account and the medical evidence of the prosecution; that ingredients of offence under section 324 of P.P.C. are not attracted in this case because injuries are on the non-vital part of the body of the complainant; that the complainant had enmity with Rab Nawaz and Haq Nawaz, who are his (complainant's) relatives and had earlier litigation with each other and in fact the aforementioned persons injured the complainant and the complainant while twisting the real facts implicated the petitioner in this case with mala fide intentions; that this petition may be allowed and the petitioner may be acquitted from the charge.

9. On the other hand; learned Addl. Prosecutor General assisted by learned counsel for the complainant has opposed the contentions of learned counsel for the petitioner and argued that the judgments of conviction of petitioner of both the Courts below have been passed after appreciating evidence of the prosecution and the same do not call for any interferences this Court; that the learned trial Court and the learned lower Appellate Court have already taken lenient view regarding the sentence of the petitioner; that the instant petition has no substance therefore, the same may be dismissed and the conviction and sentence of the petitioner, passed by both the Courts below, may be upheld and maintained.

10. Arguments heard. Record perused.

11. I have noted that the role attributed to the petitioner of causing three firearm injuries on the body of the complainant has fully been supported by the medical evidence of the prosecution produced through Dr. Ghulam Hussain Qasmi (PW-3). There were three entry and exit wounds on the left knee and left thigh of Allah Yar complainant. There is nothing on the record to establish that the said injuries were self-suffered or were caused by friendly hands. Although learned counsel for the petitioner put the plea that the complainant has alleged that he was first caught hold by the petitioner from his neck and thereafter, he (petitioner) made fire shots at the body of the complainant, whereas; there was no burning or blackening around the entry wounds of the complainant which has contradicted the prosecution story but it is noteworthy that Allah Yar complainant was not a static object and he could have changed his position at the time of occurrence. Moreover, Dr. Ghulam Hussain Qasmi (PW-3) has categorically mentioned that Allah Yar complainant was wearing blood stained green colour shalwar/qameez and bunyan at the time of examination and corresponding holes were present on his shalwar. Under the circumstances, when Allah Yar complainant was wearing clothes and corresponding holes were present on his shalwar then absence of burning and blackening around his entry wounds is quite natural. Learned counsel for the petitioner next contended that ingredients of offence under. Section 324 of P.P.C. are not attracted in this case because the petitioner caused injuries on the non-vital parts of the body of the complainant but I have noted that the petitioner repeated firearm injuries and caused, as many as, three entry and three exit total six wounds on the body of the complainant. It was good-luck of the complainant that the repeated fire shots made by the petitioner did not hit on the vital part of his body and as such there is no substance in the abovementioned argument of learned counsel for the petitioner. Learned counsel for the petitioner lastly argued that the complainant was injured by Haq Nawaz and Rab Nawaz with whom he had earlier enmity of criminal cases and he (complainant) has also admitted the said fact during his cross-examination but it is not understandable that if the complainant had enmity with the abovementioned Haq Nawaz and Rab Nawaz then as to why he (complainant) would let off the real culprits and would falsely implicate the petitioner in this case. Substitution in such like cases is a rare phenomenon. Injuries on the body of Allah Yar complainant are the stamp of his presence at the spot at the relevant time.

12. Keeping in view all the aforementioned facts, I am of the view that the learned trial Court, after appreciating the prosecution evidence, has rightly convicted and

sentenced the petitioner and the said conviction and sentence has rightly been upheld and maintained by the learned, Addl. Sessions Judge, Khushab vide impugned consolidated judgment dated 26.02.2020 which does not call for any interference by this Court. Resultantly, there is no substance in this criminal revision, filed by the petitioner against his conviction and sentence therefore, the same is hereby dismissed, and the conviction and sentence awarded to the petitioner by the learned trial Court vide judgment dated 02.10.2019 and upheld by the learned Addl. Sessions Judge, Khushab vide consolidated judgment dated 26.02.2020 is hereby upheld and maintained.

JK/A-34/L Revision dismissed.

Before Malik Shahzad Ahmad Khan and Muhammad Tariq Nadeem, JJ

MUHAMMAD NAWAZ---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 99880 and Murder Reference No. 605 of 2017, heard on 8th November, 2021.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of eight hours in lodging the FIR---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---Record showed that occurrence took place at 9.00 a.m., but the FIR had been lodged at 05.00 p.m. with the delay of eight hours from the time of occurrence---Distance between the police station and the place of occurrence was nine kilometres---In order to cover the said delay in lodging the FIR, the eye-witnesses stated that in fact, they first took the victim in injured condition to the Hospital where the doctor after examining referred the injured to other hospital---Neither the doctor who first examined the deceased in injured condition at Hospital had been produced in the witness box nor any Medico-legal Report regarding the Examination of deceased in injured condition and her referral to the other hospital had been produced in the prosecution evidence---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of eleven hours and forty five minutes in conducting the post-mortem examination on the dead body of the deceased---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---Post-mortem examination on the dead body of the deceased was conducted with the delay of eleven hours forty five minutes from the occurrence---Court witness/Medical Officer had stated that deceased in injured condition was referred to other hospital due to her precarious condition but she admitted that she was herself on leave and the hospital staff had referred the deceased to other hospital---Said witness did not mention the name of any member of the staff who had referred the deceased to the other hospital nor any such staff of the hospital

appeared in the witness box before the Trial Court---Statement of Medical Officer regarding the referral of deceased by the staff of the Hospital to other hospital was hearsay evidence---Evidence of Medical Officer was contradictory to the statement of complainant and eye-witness because both the said witnesses of the prosecution stated that in fact deceased in injured condition was referred to other hospital by the doctor---Eye-witnesses did not state that the staff of Hospital referred her to the other hospital as claimed by Medical Officer---Delay in conducting the post-mortem examination on the dead body of the deceased was suggestive of the fact that the eye-witnesses of the prosecution were not present at the spot at the relevant time and the said delay had been consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

Irshad Ahmad v. The State 2011 SCMR 1190; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Muhammad Ashraf v. The State 2012 SCMR 419; Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54 and Zafar v. The State and others 2018 SCMR 326 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Presence of eye-witnesses at the spot was doubtful---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---If the eye-witnesses were present at the spot at the time of occurrence, then they would have provided the medical aid to the deceased in order to save her life and stopped her bleeding because injury sustained by deceased was on her right thigh which was a non-vital part of her body---Even Medical Officer stated that if any injured in such case remained unattended for one to two hours then his/her death might occur on account of loss of blood---In order to establish their presence at the spot at the relevant time and to show that eye-witnesses tried to stop the bleeding of deceased, complainant stated that the Medical Officer had bandaged the wound of the injured and thereafter, referred her to the other hospital---Medical Officer stated that wounds of the deceased were neither stitched nor bandaged---Eye-witnesses were not present at the spot at the relevant time and death occurred on account of her excessive bleedings as she remained un-attended for a considerable period---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Ocular account and medical evidence---Contradictions---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---According to the prosecution case, only one fire shot made by the accused landed on the right thigh of deceased but according to the medical evidence there was also an incised wound measuring 4 cm x 1.7 cm on the lower part of left leg and bone under the said injury was also exposed---Said injury had not been explained by any of the prosecution's witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

Muhammad Ali v. The State 2015 SCMR 137; Irfan Ali v. The State 2015 SCMR 840 and Usman alias Kaloo v. The State 2017 SCMR 622 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Medical evidence---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---Site plan, showed that accused made fire shot with .12 bore gun at deceased from a distance of only four feet but according to medical evidence, there was no blackening, burning or tattooing around the entry wound---No wade of the empty was recovered from the entry wound which further contradicted the prosecution case---In order to justify their presence at the spot, the prosecution's eye-witnesses stated that they along with deceased went to the fields in order to cut fodder but neither any cut fodder nor any sickle had been recovered from the spot at the time of the inspection by the Investigating Officer---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Motive not proved---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---Motive behind the occurrence was that accused wanted to marry with deceased but the complainant party refused to give the hand of deceased to the accused and fixed her marriage with some one else but neither any wedding card of the said proposed marriage had been produced in the prosecution evidence nor the person to whom she was to be married appeared in the witness box to prove the alleged motive---Motive alleged by the prosecution had not been proved---Circumstances established that the prosecution had failed to prove its case against the

accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(g) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Recovery of gun 12 bore on the pointation of accused---Reliance---Scope---Accused were charged that they in furtherance of their common intention committed murder of the daughter of the complainant by firing---Record showed that .12 bore gun was recovered on the pointation of the accused---No date of arrest of the accused had been brought on record by the prosecution through the statement of any of the prosecution witnesses---Under circumstances, it was not determinable as to whether empty recovered from the spot was sent to the office of Forensic Science Agency after the arrest of the accused or the same was sent to the said office before his arrest---Such circumstances were not safe to rely upon the prosecution evidence---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(h) Criminal trial---

----Recovery of empty---Reliance---If the empty was sent to the office of Forensic Science Agency after the arrest of the accused then it was not safe to rely upon the positive report of Forensic Science Agency and recovery of weapon from the possession of the accused.

Jehangir v. Nazar Farid and another 2002 SCMR 1986; Ali Sher and others v. The State 2008 SCMR 707 and Mushtaq and 3 others v. The State PLD 2008 SC 1 rel.

(i) Criminal trial---

----Benefit of doubt---Principle---If there was a single circumstance which created doubt regarding the prosecution case, the same would be sufficient to give benefit of doubt to the accused.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.99880 of 2017, filed by Muhammad Nawaz (appellant) against his conviction and sentence and Murder Reference No.605 of 2017, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Nawaz (appellant). We propose to dispose of both these matters by this single judgment as the same have arisen out of the same judgment dated 28.10.2017, passed by the learned Additional Sessions Judge, Tandlianwala.

2. Muhammad Nawaz (appellant), along with his co-accused Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu (since acquitted), were tried in private complaint filed by Allah Ditta (complainant), under sections 302/34, P.P.C., Police Station Mamukanjan, Tendlianwala, District Faisalabad. After conclusion of the trial, the learned trial Court vide its judgment dated 28.10.2017, has convicted and sentenced Muhammad Nawaz (appellant) as under: -

> Under section 302(b), P.P.C. to 'Death' for committing Qatl-i-Amd of Mst. Ghulam Fatima (deceased). He was also ordered to pay Rs.2,00,000/- (rupees two hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C and in default thereof the same would be recoverable as arrears of land revenue and to further undergo simple imprisonment up to four months.
>
> However vide the same judgment, accused Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu were acquitted of the charges.

3. Initially Allah Ditta complainant (PW-1) got registered case FIR No.59/2016 dated 05.03.2016 offences under sections 302/34, P.P.C. at Police Station Mamukanjan, Tandlianwala, District Faisalabad against Muhammad Nawaz (appellant), Muhammad Sarfraz and Maqbool Ahmad (accused since acquitted). Feeling dissatisfied with the proceedings and investigation of the police, private complaint was filed by the complainant. After recording the cursory statements of the complainant, as well as, PWs the learned Additional Sessions Judge, Tandlianwala summoned the accused persons nominated in the private complaint to face trial.

4. Brief facts of the case as given by the complainant Allah Ditta (PW-1), in his private complaint (Exh.PC) are that on 05.03.2016, the complainant along with his son Rang Zeb (PW-2), Muhammad Waris (PW since given-up) and daughter namely Mst. Ghulam Fatima (deceased), was cutting fodder (Barseem), from his field bearing Killa No.12, Square No.42. Suddenly Muhammad Nawaz (appellant), while armed with .12-bore gun, Muhammad Sarfraz (co-accused since acquitted), while armed with pistol .30-bore and Maqbool Ahmad (co-accused since acquitted), with their common intention came there, while raising lalkara to teach a lesson to Mst. Ghulam Fatima for not marrying with Muhammad Nawaz (appellant). Muhammad Sarfraz (co-accused since acquitted), raised a lalkara to kill Mst. Ghulam Fatima (deceased) by making fire-shot. Muhammad Nawaz (appellant), thereafter, made a fire shot with

his .12-bore gun, which hit Mst. Ghulam Fatima (deceased) at her right thigh and same went through and through, due to which she fell on the ground. Maqbool Ahmad (co-accused since acquitted), remained present there with his motorcycle. The complainant party attended Mst. Ghulam Fatima (deceased) and shifted her to the Civil Hospital of Chak No.509-G.B. After examining Mst. Ghulam Fatima, the then injured, the doctor present there referred her to the Allied Hospital Faisalabad due to her critical condition. The complainant party took Mst. Ghulam Fatima (deceased) to the Allied Hospital Faisalabad but she succumbed to the injuries.

The motive behind the occurrence was that the accused party was demanding hand 'rishta' of Mst. Ghulam Fatima (deceased) for Muhammad Nawaz (appellant), aged about 60/65 years but the complainant had given the hand 'rishta' of Mst. Ghulam Fatima (deceased) to one Bahawal Sher and the marriage was to be solemnized on 13.03.2016. Due to the said grudge the accused committed murder of Mst. Ghulam Fatima (deceased).

It was further alleged in the private complaint (Exh.PC), that Mazhar and Mannu (co-accused since acquitted), also played an important role during the occurrence as both of them informed Muhammad Nawaz (appellant), Muhammad Sarfraz and Maqbool Ahmad (co-accused since acquitted), regarding the movement of Mst. Ghulam Fatima, on the day of occurrence, which fact was confessed by Mazhar and Mannu (co-accused since acquitted), before Allah Ditta complainant (PW-1), Gul Muhammad (PW since given-up) and Muhammad Arif (PW-4), on 28.04.2016 and asked for pardon.

It was added by the complainant in his private complaint (Exh.PC) that the local police being in league with the accused party and without any legal justification, did not initiate proceedings against Mazhar and Mannu (co-accused since acquitted), despite the fact that on 28.04.2016, the complainant submitted an application before the police regarding involvement of the above-mentioned accused in the instant case, which necessitated the filing of the abovementioned private complaint.

5. Muhammad Nawaz appellant was arrested in this case on 29.03.2016 by Muhammad Aslam SI and on 07.04.2016, he (appellant) disclosed and then led to the recovery of .12-bore gun (P-1), which was taken into possession by the I.O vide recovery memo Exh.PB. As mentioned earlier, being dissatisfied with the proceedings and investigation of the police, Allah Ditta complainant (PW-1), instituted a private complaint. After institution of private complaint the cursory statements of the complainant Allah Ditta (PW-1) and other PWs were recorded. The appellant and his co-accused mentioned in the private complaint were summoned by the learned trial Court to face the trial. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant, as well as, against Muhammad Sarfraz, Maqbool Ahmad,

Mazhar and Mannu (co-accused since acquitted) on 21.12.2016, to which they pleaded not guilty and claimed trial.

6. In order to prove its case, the prosecution produced four witnesses during the trial. Five Court witnesses were also examined in this case. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PK). Documents in shape of Exh.CW-2/A, Exh.CW-2/B, Exh.CW-3/A, Exh.CW-3/B and Exh.CW-5/A to Exh.CW-5/D, were also produced during evidence of CWs.

7. The statements of Muhammad Nawaz (appellant), Muhammad Sarfraz, Maqbool Ahmad, Mazhar and Mannu (co-accused since acquitted), under section 342 of Cr.P.C. were recorded. Muhammad Nawaz (appellant), refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" Muhammad Nawaz appellant replied as under:-

> "This is a false case. All the PWs are related inter-se with the deceased and they have made false statements against me and my co-accused due their enmity with us. None of the so-called eye-witness was present at the place of occurrence at the time of occurrence and it was a blind murder which was committed by unknown culprits. The complainant with consultation of the local police fabricated the present false version against me and my co-accused, much later after the postmortem examination of the deceased".

The learned trial Court vide its judgment dated 28.10.2017, found Muhammad Nawaz (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

8. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the prosecution; that the prosecution's eye-witnesses were not present at the spot at the relevant time and in fact the occurrence was unwitnessed; that there is delay of 8 hours in lodging the FIR, whereas, there is delay of 11 hours and 45 minutes in conducting the postmortem examination on the dead body of the deceased and the abovementioned delay has not been plausibly explained by the prosecution; that there is conflict between the ocular account and the medical evidence of the prosecution because according to the site plan (Exh.CW-3/A), the appellant made fire shot with .12 bore gun from a distance of 4-feet but there was no blackening, burning or tattooing on the entry wound of the deceased; that according to the postmortem report of Mst. Ghulam Fatima deceased, there were three injuries on her body out of which one injury i.e. injury No.3 is an incised wound but the said injury has not been explained by any of the prosecution witnesses; that motive alleged by the prosecution has also not been proved in this case because Bahawal Sher with whom the marriage of the deceased was fixed, has not been produced in the witness box; that recovery of gun 12 bore (P-1) and positive report of PFSA, Lahore (Exh.PK) are of no avail to the prosecution because none of

the prosecution witnesses stated regarding the date of arrest of the appellant; that in fact, the abovementioned gun was planted against the appellant and nothing was recovered from his possession; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charge.

9. On the other hand, it is contended by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that delay in lodging the FIR has plausibly been explained by the prosecution's eye-witnesses by stating that initially they took Mst. Ghulam Fatima deceased in injured condition to RHC of Chak No. 509/G.B Faisalabad wherefrom, she was referred to the Allied Hospital, Faisalabad on account of her precarious condition; that both the prosecution's eye-witnesses of the prosecution i.e. Allah Ditta (PW-1) and Rangzeb (PW-2) are father and brother of the deceased and they cannot let off the real culprit and would not falsely implicate the appellant in this case because substitution in such like cases is a rare phenomenon; that evidence of the aforementioned prosecution's eye-witnesses is confidence inspiring and trustworthy; that the prosecution case is fully supported by the medical evidence furnished by Lady Dr. Uzma Andleeb (CW-1); that incised wound on the leg of the deceased might be the result of her falling on the ground and receipt of the said injury might be due to her hitting against the sickle which the deceased was carrying at the time of occurrence to cut the fodder; that the prosecution case against the appellant is further corroborated by the recovery of gun .12 bore (P-1) on the pointation of the appellant and positive report of PFSA, Lahore (Exh.PK); that motive of the prosecution case was also proved against the appellant through reliable and confidence inspiring evidence of the prosecution witnesses; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

10. Arguments heard. Record perused.

11. Prosecution case as set forth in the complaint (Exh.PC) has already been reproduced in paragraph No.4 of this judgment therefore, there is no need to repeat the same.

12. We have noted that the occurrence in this case did not take place inside or near the 'abadi' of the village rather the same took place in the fields situated in the area of Chak No. 500/G.B District Faisalabad. Perusal of site plan (Exh.CW-3/A) shows that there was no residential house or 'Dera' near the place of occurrence. The occurrence in this case, as per prosecution's case, took place on 05.03.2016 at 09:00 a.m., but the FIR has been lodged on 05.03.2016 at 05:00 p.m., i.e. with the delay of 8 hours from the time of occurrence. The distance between the police station and the place of occurrence is 9-kilometers. It is further noteworthy that even the postmortem examination on the dead body of the deceased was conducted on 05.03.2016 at 08:45 p.m., i.e. with the delay of 11 hours and 45 minutes from the occurrence. In order to

cover the abovementioned delay in lodging the FIR and conducting the post-mortem examination on the dead body of the deceased, the prosecution's eye-witnesses, namely, Allah Ditta (PW-1) and Rangzeb (PW-2) stated that in fact, they first took Mst. Ghulam Fatima in injured condition to RHC of Chak No. 509/G.B, where the doctor after examining referred Mst. Ghulam Fatima to the Allied Hospital, Faisalabad. Neither the doctor who first examined Mst. Ghulam Fatima deceased in injured condition on 05.03.2016 at RHC of Chak No. 509/G.B has been produced in the witness box nor any MLR regarding the medico legal examination of Mst. Ghulam Fatima deceased in injured condition and her referral to the Allied Hospital, Faisalabad has been produced in the prosecution evidence. Although Lady Dr. Uzma Andleeb (CW-1) has stated that Mst. Ghulam Fatima was referred to the Allied Hospital, Faisalabad due to her precarious condition but she admitted that she was herself on leave on 05.03.2016 and the hospital staff had referred the deceased to the Allied Hospital, Faisalabad. She did not mention the name of any member of the staff who had referred the deceased to the Allied Hospital, Faisalabad nor any such staff of the hospital appeared in the witness box before the learned trial Court. Statement of Lady Dr. Uzma Andleeb (CW-1) regarding the referral of Mst. Ghulam Fatima deceased by the staff of RHC of Chak No. 509/G.B to the Allied Hospital, Faisalabad is hearsay evidence. It is further noteworthy that evidence of Lady Dr. Uzma Andleeb (CW-1) in this respect is contradictory to the statement of Allah Ditta complainant (PW-1) and Rangzeb (PW-2) because both the abovementioned eye-witnesses of the prosecution stated that in fact Mst. Ghulam Fatima deceased in injured condition was referred to the Allied Hospital, Faisalabad by the doctor of RHC of Chak No. 509/G.B. They did not state that the staff of RHC of Chak No. 509/G.B referred her to the Allied Hospital, Faisalabad, as claimed by Lady Dr. Uzma Andleeb (CW-1). Relevant parts of the statements of Allah Ditta complainant (PW-1), Rangzeb (PW-2) and Lady Dr. Uzma Andleeb (CW-1) are reproduced hereunder for ready reference:-

Allah Ditta complainant (PW-1).

> "The injured Mst. Ghulam Fatima was shifted to hospital at Chak No. 509 G.B on car. The Doctor available there after examining referred the injured to Allied hospital Faisalabad."

Rang Zeb (PW-2).

> "Thereafter we attended Mst. Ghulam Fatima injured who was alive and we shifted her to RHC, Chak No. 509 G.B on a car where from the doctor referred her to Allied hospital, Faisalabad but she succumbed to the injuries after arriving there."

Dr. Uzma Andleeb (CW-1).

"It is correct that the injured Mst. Ghulam Fatima was referred to Allied Hospital Faisalabad due to her precarious condition. On 05.03.2016 I was on leave. Voluntarily stated that the hospital staff had refereed her to Allied hospital Faisalabad. It is correct that the duty of the staff of RHC Mamu Khan did not give first aid to the injured prior to refer the injured to Allied hospital."

Learned counsel for the complainant has also relied upon the Death Certificate of Mst. Ghulam Fatima (Exh.PI), issued by the Allied Hospital, Faisalabad in order to explain the abovementioned delay and to establish that in fact, Mst. Ghulam Fatima was taken to the Allied Hospital, Faisalabad in injured condition but it is noteworthy that no person from the Allied Hospital, Faisalabad appeared in the witness box to prove the abovementioned Death Certificate. Moreover, there is nothing on the record to show that Mst. Ghulam Fatima deceased was referred by any doctor or staff of RHC of Chak No. 509/G.B, Faisalabad to the Allied Hospital, Faisalabad on account of her precarious condition therefore, the abovementioned delay in lodging the FIR and conducting the postmortem examination on the dead body of Mst. Ghulam Fatima deceased has not been plausibly explained by the prosecution. It is further noteworthy that Lady Dr. Uzma Andleeb (CW-1) stated during her cross-examination that dead body of Mst. Ghulam Fatima deceased was received in RHC Mamoon Kanjan at 06:00 p.m., on 05.03.2016. She further stated that police papers were received at 08:30 p.m., and she conducted the postmortem examination on the dead body of Mst. Ghulam Fatima deceased at 08:40 p.m. Relevant part of her statement in this respect reads as under:-

"The dead body of Mst. Ghulam Fatima deceased was received in RHC Mamu Kanjan at 6:00 p.m. on 05.03.2016. The police papers to conduct the post-mortem examination and the other documents i.e. the inquest report and injuries statement were not received along with the dead body. The police papers were received at 08:30 p.m. and I conducted the postmortem examination at 08:40 p.m."

The delay in conducting the postmortem examination on the dead body of Mst. Ghulam Fatima deceased of 11 hours and 45 minutes is suggestive of the fact that the eye-witnesses of the prosecution were not present at the spot at the relevant time and the said delay has been consumed in procuring the attendance of fake eye-witnesses. We may refer here the case of 'Irshad Ahmad v. The State' (2011 SCMR 1190) wherein it was observed that the post-mortem examination of the dead body had been conducted with a noticeable delay and such delay is generally suggestive of a real possibility that time had been consumed by the police in procuring and planting eye-witnesses and in cooking up a story for the prosecution before preparing police papers necessary for getting a post-mortem examination of the dead body conducted. Similarly, in the case of 'Khalid alias Khalidi and 2 others v. The State' (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post-mortem examination on the dead body of

deceased, to be an adverse effect against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as 'Muhammad Ashraf v. The State' (2012 SCMR 419), 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54) and 'Zafar v. The State and others' (2018 SCMR 326).

13. We have further noted that had the prosecution's eye-witnesses, namely, Allah Ditta complainant (PW-1) and Rangzeb (PW-2) been present at the spot at the time of occurrence then they would have provided the medical aid to Mst. Ghulam Fatima deceased in order to save her life and stop her bleeding because injury sustained by Mst. Ghulam Fatima was on her right thigh which was a non-vital part of her body. Even Lady Dr. Uzma Andleeb (CW-1) stated that if any injured in such like case remained un-attended for 1-2 hours then his death may occur on account of loss of blood. Relevant part of her statement in this respect reads as under:-

> "Hypovolumia means loss of blood and fluids from the body due to the excess of bleeding which ultimately develops in Hypovolum shock which ultimately result into the cardio pulmonary arrest. It is correct that the death in this case occurred due to hemorrhagic shock as to loss of blood from the body of the deceased. The injured in such like cases if remain unattended by the medical staff then death might have occurred within 1-2 hours. If the blood and fluids had been infused in the body of the injured Mst. Ghulam Fatima, there were chances of her survival in this case. The seat of injury No.1 was on the right thigh of the deceased which is non-vital part of the body."

We have further noted that in order to establish their presence at the spot at the relevant time and to show that they (PWs) tried to stop the bleeding of Mst. Ghulam Fatima, Allah Ditta complainant (PW-1) stated that doctor of RHC of Chak No. 509/G.B District Faisalabad had bandaged the wound of the injured and thereafter, referred her to the Allied Hospital, Faisalabad. Relevant part of his statement in this respect reads as under:-

> "The doctor at RHC Chak No. 509 G.B had bandaged the wound of the injured and thereafter referred her to the Allied Hospital Faisalabad."

Whereas, Lady Dr. Uzma Andleeb (CW-1) stated that wounds of the deceased were neither stitched nor bandaged. Relevant part of her statement is reproduced hereunder:-

> "It is correct that when I received the dead body of Mst. Ghulam Fatima deceased the wounds of the deceased were not found either stitched or bandaged. It is correct that in such like cases generally we provide the first

aid, stitch the wound and apply the bandage for stopping hemorrhagic/oozing of bold."

We are therefore, of the view that the abovementioned eye-witnesses were not present at the spot at the relevant time and death of Mst. Ghulam Fatima occurred on account of her excessive bleedings as she remained un-attended for a considerable period and in order to cover the abovementioned lacuna in the prosecution case, the prosecution witnesses made false excuse that Mst. Ghulam Fatima was provided bandage by the doctor at RHC of Chak No. 509/G.B, whereas, Lady Dr. Uzma Andleeb (CW-1) has categorically stated during her cross-examination that there was no bandage or stitches on the injuries of the deceased when she received her dead body.

14. It is also noteworthy that according to the prosecution case, only one fire shot made by the appellant landed on the right thigh of Mst. Ghulam Fatima deceased but according to the medical evidence there was also an incised wound i.e. injury No.3 measuring 4 cm x 1.7 cm on the lower part of left leg and bone under the said injury was also exposed. The abovementioned injury has not been explained by any of the prosecution's witnesses. Although it is argued by learned counsel for the complainant that said injury might have been caused to the deceased when she fell on the ground after sustaining firearm injury and hit the sickle with the help of which she was cutting fodder but we have noted that none of the prosecution witnesses had stated so in their statements recorded by the police or by the learned trial Court. Moreover, in the site plan (Exh.CW-3/A) or in the inquest report (Exh.PH), no sickle has been shown at the place of occurrence. It is not understandable that if the prosecution witnesses were present at the spot at the relevant time then as to why they did not explain the incised wound i.e. injury No.3 on the body of the deceased in their statements recorded by the police or by the learned trial Court. The abovementioned fact shows that the prosecution's eye-witnesses were not present at the spot at the time of occurrence therefore, they could not explain the abovementioned injury. Reliance in this respect may be placed on the cases of 'Muhammad Ali v. The State' (2015 SCMR 137), 'Irfan Ali v. The State' (2015 SCMR 840) and 'Usman alias Kaloo v. The State' (2017 SCMR 622). It is also noteworthy that according to the site plan (Exh.CW-3/A), Muhammad Nawaz appellant made fire shot with 12 bore gun at Mst. Ghulam Fatima deceased from a distance of only 4-feet but according to the medical evidence, there was no blackening, burning or tattooing around the entry wound. Likewise, no wade of the empty was recovered from the entry wound which further contradicts the prosecution case. It is also noteworthy that in order to justify their presence at the spot, the prosecution's eye-witnesses stated that they along with Mst. Ghulam Fatima deceased went to the fields in order to cut fodder but neither any cut fodder nor any sickle has been recovered from the spot at the time of inspection by the I.O.

15. According to the prosecution case, motive behind the occurrence was that Muhammad Nawaz appellant wanted to marry with Mst. Ghulam Fatima deceased

but the complainant party refused to give the hand of Mst. Ghulam Fatima deceased to the appellant and fixed her marriage with one Bahawal Sher for 13.03.2016 but neither any wedding card of the abovementioned proposed marriage has been produced in the prosecution evidence nor the abovementioned Bahawal Sher appeared in the witness box to prove the alleged motive. We are therefore, of the view that motive alleged by the prosecution has not been proved in this case.

16. Learned Deputy Prosecution General for the State assisted by learned counsel for the complainant has heavily relied upon the recovery of gun 12 bore (P-1) on the pointation of the appellant and positive report of PFSA, Lahore (Exh.PK) but it is noteworthy that no date of arrest of the appellant has been brought on record by the prosecution through the statement of any of the prosecution witness. Under the circumstances, it is not determinable in this case that as to whether empty recovered from the spot was sent to the office of PFSA, Lahore after the arrest of the appellant or the same was sent to the said office before his arrest hence it is not safe to rely upon the abovementioned prosecution evidence. It is by now well settled that if the empty is sent to the office of PFSA after the arrest of the accused then it is not safe to rely upon the positive report of PFSA and recovery of weapon from the possession of the accused. Reliance in this respect may be placed on the cases of 'Jehangir v. Nazar Farid and another' (2002 SCMR 1986), 'Ali Sher and others v. The State' (2008 SCMR 707) and 'Mushtaq and 3 others v. The State' (PLD 2008 Supreme Court 1). As mentioned earlier, the date of arrest of the appellant has not been brought on the record through the statement of any of the prosecution witness therefore, the abovementioned recovery of gun from the possession of the appellant and positive report of the PFSA are not safe to be relied upon. Moreover, recovery of gun and positive report of PFSA are only corroborative pieces of evidence and the same cannot be made basis for the conviction of the appellant, in absence of reliable direct evidence of prosecution's eye-witnesses.

17. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5……..The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

> '13……..It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

18. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept Criminal Appeal No. 99880 of 2017 filed by Muhammad Nawaz appellant, set aside his conviction and sentence recorded by the learned trial Court and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 605 of 2017 is answered in the negative. The appellant Muhammad Nawaz is in custody, he be released from the jail forthwith if not required in any other case.

JK/M-231/L **Appeal allowed.**

[Lahore]

Before Malik Shahzad Ahmad Khan and Muhammad Amjad Rafiq, JJ

ADNAN---Appellant

Versus

The STATE---Respondent

Jail Appeal No. 173747 and Murder Reference No. 44 of 2018, heard on 7th March, 2022.

(a) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Delay of thirty three hours and twenty five minutes in conducting the post-mortem of the deceased---Scope---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blows---Property dispute was the motive behind the occurrence---Record showed that the occurrence took place at 08:20 a.m., and as per contents of the FIR, the matter was reported to the police and formal FIR was lodged on the same day at 09:30 a.m.---However, post-mortem examination on the dead body of deceased was conducted on the next day at 05:45 p.m., and as such, there was delay of 33 hours and 25 minutes from the occurrence in conducting the post-mortem examination---Medical Officer stated that dead body was brought to the department at 11:30 a.m., but the police documents were received on next day at 05:30 p.m.---Evidently, the police papers were not completed for conducting the post-mortem examination on the dead body of deceased and the said delay in preparation of police papers and conducting the post-mortem examination on the dead body of deceased was suggestive of the fact that the said delay was consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Sufyan Nawaz and another v. The State and others 2020 SCMR 192; Zafar v. The State and others 2018 SCMR 326 and Muhammad Ashraf v. The State 2012 SCMR 419 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Presence of eye-witness at the spot was doubtful---Chance witnesses---Scope---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blows---Ocular account of the occurrence had been furnished by complainant and ex-wife of the accused---Occurrence in the case took place inside the house of the deceased---Both the eye-witnesses were admittedly not residents of the house, where the occurrence took place---Both the eye-witnesses of the prosecution stated that they came to the house of deceased on the day of occurrence as deceased wanted to marry ex-wife---Complainant along with his brother came to the house of the deceased in order to discuss the issue of said marriage---Other blood relations and family members of deceased had gone to attend a marriage ceremony to the other city on the day of occurrence and said fact was brought on the record during the cross-examination of the complainant---Question arose that if on the day of occurrence the issue regarding the marriage of deceased was to be discussed, why on the said day, all the family members of deceased including his two brothers, who were residing in the house of occurrence, proceeded to other city to attend the marriage ceremony and in their place, complainant, along with his brother, who were paternal uncles of the deceased had come to the house of occurrence to discuss the matter of marriage---No valid reason of presence of ex-wife in the house of occurrence at the time of occurrence, had been given by the prosecution---Ex-wife of accused who was real maternal uncle of deceased and as such, ex-wife fell within the prohibited degree for the deceased therefore, they could not contract marriage with each other---As per statement of ex-wife, her marriage with the accused was dissolved and the occurrence took place after about seven days which meant that even 'Iddat' period of the lady had not expired on the day of occurrence---Both the eye-witnesses were chance witnesses and they could not establish any valid reason for their presence at the spot at the time of occurrence---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Sufyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Unnatural conduct of eye-witnesses---Scope---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blows---Record showed that the conduct of the prosecution eye-witnesses was highly unnatural---Accused was not armed with any formidable weapon like firearm at the time of occurrence and according to the prosecution case, he was armed with 'churri'---Complainant party was comprising of four members including deceased and said fact was admitted by complainant---Complainant and his brother were real paternal uncles of the deceased and they along with deceased were three adult male members of the complainant party but they did not try to save the deceased at the time of occurrence and gave free hand to the accused to inflict, as many as, nine injuries (as per post-mortem report) on the body of the deceased---As per site plan, there was a distance of only 13 feet between the prosecution eye-witnesses and the accused but they did not try to intervene during the occurrence or apprehend the accused after the occurrence---Eye-witnesses stood like silent spectators and gave free hand to the accused to inflict the injuries to their kith and kin---Conduct of the prosecution eye-witnesses, who were closely related to deceased was highly unnatural therefore, their presence at the spot was highly doubtful, hence their evidence was not worthy of reliance---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(d) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Ocular account and medical evidence---Confliction---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blow---As per contents of the FIR, accused inflicted only one injury on the abdomen of deceased with the help of churri---According to the post-mortem report and medical evidence furnished by Medical Officer, there were as many as nine injuries on the body of the deceased---Both

the prosecution eye-witnesses made dishonest improvements in their statements to bring their evidence in line with the medical evidence while stating that the accused inflicted churri blows which landed on the left nipple, ribs, abdomen, left flank, left arm, back side of left shoulder and on different parts of the body of the deceased---Both the prosecution eye-witnesses were confronted with their previous statements and dishonest improvements made by them were duly brought on the record---Record showed that the prosecution story as set forth in the FIR was in conflict with the medical evidence and in order to cover the weakness in the prosecution case, the eye-witnesses made dishonest improvements in their statements to bring their statements in line with the medical evidence and as such, evidence of prosecution eye-witnesses was not worthy of reliance---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court.

Muhammad Ali v. The State 2015 SCMR 137; Irfan Ali v. The State 2015 SCMR 840; Usman alias Kaloo v. The State 2017 SCMR 622; Nadeem alias Kala v. The State and others 2018 SCMR 153 and Akhtar Ali and others v. The State 2008 SCMR 6 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Motive was not proved---Scope---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blows---Contents of the FIR show that motive behind the occurrence was that there was a dispute of property between sister of the accused and mother of deceased and deceased as the said sister of accused contracted second marriage after the death of father of deceased---No suit filed or pending between deceased and sister of the accused had been produced in the prosecution evidence---No application before any forum which was moved regarding the said dispute of property had been brought on the record by the prosecution---Apart from the said motive, prosecution also alleged another motive of proposed marriage of ex-wife of accused with deceased---Said lady was the best witness to prove the said second motive of the prosecution but her evidence in respect of second motive of the prosecution was self-contradictory---Although ex-wife stated that deceased called her as he wanted to marry her but at the same time she denied the suggestion that

she took divorce from the accused to marry deceased---As the evidence of ex-wife about the second motive of the prosecution was self-contradictory, therefore, the said motive had not been proved by the prosecution---High Court observed that it seemed that as ex-wife was divorced by the accused therefore, she tried to implicate the accused in the case through the second motive of the prosecution, whereas, the complainant who was paternal uncle of the accused was annoyed due to second marriage of mother of the accused with someone therefore, witnesses tried to implicate the accused in the present occurrence which appeared to be unseen---Although lady had stated about the first motive of the prosecution regarding the property dispute between the deceased and the accused but she did not allege the said motive in her statement recorded by the police and the improvements made by her in respect of the motive were also duly brought on the record---Second motive alleged by the prosecution did not appeal to a prudent mind that deceased wanted to marry with the wife of his real maternal uncle which fell under prohibited degree for him---Both the motives alleged by the prosecution could not be proved in this case---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court.

(f) Penal Code (XLV of 1860)---

----Ss. 302, 109 & 34---Qatl-i-amd, abetment, common intention---Appreciation of evidence---Benefit of doubt---Recovery of churri (crime weapon) from the possession of accused---Reliance---Scope---Accused was charged for committing murder of the nephew of the complainant by inflicting churri blows---Recovery witness stated that the churri was recovered from a street near wall of Government Tube well under the bricks---Said churri was not recovered from the house or place which was in exclusive possession of the accused and the same was recovered from a street which was accessible to the public---Churri was allegedly recovered after 16 days from the occurrence and during the said period, the accused had ample opportunity to wash away the blood from churri---Furthermore, churri was deposited in the office of Forensic Science Agency after one month and ten days from the occurrence therefore, the blood, if any, on the same must have disintegrated in the meanwhile---Evidence qua recovery of churri and positive report of Forensic Science Agency were of no avail to the prosecution---Circumstances established that the prosecution had failed to prove its case against

the accused beyond the shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court.

Munir Ahmad Sial, Deputy Prosecutor General along with Musharaf, Assistant Sub-Inspector for the State.

Nemo for the Complainant.

Date of hearing: 7th March, 2022.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Jail Appeal No. 173747 of 2018 filed by Adnan (appellant) against his conviction and sentence and Murder Reference No. 44 of 2018 sent by the learned trial Court for confirmation or otherwise of the sentence of Death awarded to Adnan (appellant) by the learned trial Court. We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 25.01.2018 passed by the learned Additional Sessions Judge, Lahore.

2. Adnan (appellant) was tried in case FIR No. 1133 dated 18.11.2011 registered at Police Station Ichra District Lahore in respect of offences under sections 302/109/34, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 25.01.2018 has convicted and sentenced the appellant as under:-

> Under section 302(6), P.P.C. to 'Death as tazir' for committing Qatl-i-amd of Ahsan Ali (deceased). He was also ordered to pay Rs.500,000/- (Rupees five hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C. and in default thereof to undergo simple imprisonment for six months.

3. Brief facts of the case as given by the complainant Mian Muhammad Asif (PW-1) in his complaint (Exh.PA) on the basis of which formal FIR (Exh.PA/3) was chalked out, are that he (complainant) was resident of Faisal Street Kareem Block Ravi Road Lahore. On 18.11.2011 at about 08:00 a.m., he (complainant) and his younger brother, namely, Muhammad Afzal (given up PW) went to see their nephew, namely, Ahsan Ali (deceased) at Munir Shaheed Road, Ichra (Lahore). Ahsan Ali (deceased) wanted to marry with ex-wife of Adnan (appellant), namely, Mst. Ayesha (PW-2) who was also present in the said house at that time and they (complainant party) were discussing about the marriage. In the meanwhile, some one knocked at the door which was opened by Ahsan Ali (deceased) and Adnan (appellant), who was maternal uncle (mamoon) of Ahsan Ali (deceased) forcibly trespassed into the house, whereas, an unknown accused kept on standing outside the house. Adnan (appellant) then gave a 'churri' blow which landed at the abdomen of Ahsan Ali (deceased) due to which intestines of Ahsan Ali (deceased) came out who fell on the ground and succumbed to the injuries at the spot. Adnan (appellant) fled away from the spot while brandishing his 'churri'.

Motive behind the occurrence was that there was dispute of property between Ahsan Ali (deceased) and his mother as mother of Ahsan Ali (deceased), namely, Mst. Nazia contracted second marriage with some one. The complainant party had suspicion that Adnan (appellant), who is brother of Mst. Nazia (mother of Ahsan Ali deceased) had committed the murder of Ahsan Ali on the abetment of Mst. Nazia.

4. The appellant Adnan was arrested in this case on 27.11.2011 by Rana Naseem Ahmad, Sub-Inspector (PW-12). On 04.12.2011 Adnan appellant made disclosure and led to the recovery of 'churri' (P-2) which was taken into possession vide recovery memo (Exh.PC). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 25.06.2012 to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced twelve witnesses during the trial and also produced documentary evidence in the shape of (Exh.PA to Exh.PO).

6. The statement of the appellant under section 342 of Cr.P.C. was recorded. He refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" the appellant Adnan replied as under:-

> "The complainant of this case Mian Muhammad Asif PW-1 and Rauf Ahmad PW-4 are brothers of my late brother in law Arif Ali/father of Ahsan Ali deceased. Late Arif Ali had strained relations with his brothers and they were not on speaking terms. in the same way the brothers of Arif Ali were also inimical to Mst. Nazia, wife/widow of Arif Ali (who is my real sister) me and my family. I and my sister Mst. Nazia/mother of deceased Ahsan were involved and nominated falsely in this case due to enmity. Mst. Nazia was found innocent in the investigation of Police in this case. After the occurrence the complainant and his brothers Mian Rauf Ahmad PW-4 and Mian Muhammad Afzal PW submitted an application to the President Anjuman-i-tajran Hall Road, Lahore on 28.11.2011 stating therein "that a few days ago they received an information from the police station about the murder of their nephew Ahsan Ali son of Arif Ali... ..." and they requested to distribute the property of Arif Ali in his children according to law etc. Photo copy of this application is produced as Mark A. In reply to this the children of Arif Ali and his widow dis-agreed the proposal of complainant and his brothers and also disclosed the behavior of complainant and his brothers. Copy of their application is being produced as Mark B. Application Mark A itself reveals that the complainant and his brothers were informed by the Police Station about the murder of my nephew Ahsan Ali.
>
> The marriage ceremony of my elder brother Nasir Ali was solemnized from 17.11.2011 to 19.11.2011 in Gujranwala. I participated in all the functions of marriage of my younger brother. Mst. Nazia the mother, Hassan Arif and Mohsin Arif the brothers and Mst. Fatima Arif the sister of Ahsan Ali deceased were also present in Gujranwala to take part in the marriage ceremony of my brother. On the night of 17.11.2011 the function of Mehndi was solemnized which remained till late night. On 18.11.2012 there was Barat of my brother. I attended the Barat and then on 19.11.2011 there was Walima. I attended all the functions which were celebrated simply due to the death of Ahsan Ali. On the same day I came Lahore to

take part in the funeral of Ahsan Ali, where I surrendered myself before the police to prove my innocence. I remained in illegal custody of police till 27.11.2011. On the day of occurrence I was in Gujranwala. I produce the photographs of marriage Mark C, D and E. Photo copy of Nikah Nama of my brother Nasir Ali is Mark F and photo copy of Invitation Card Mark G.

Mst. Ayesha Akram PW-2 is my ex-wife to whom I married on 23.08.2011 and divorced her on her request on 11.11.2011. I produce attested copy of Nikah Nama Ex.DD, photocopy of agreement for surrender of dower Mark H, photocopy of Divorce Deed Mark I. On 17.11.2011 Mst. Nazia the mother of Ahsan Ali along with her two sons Hassan Arif Mohsin Arif and one daughter Mst. Fatima Arif went Gujranwala to attend the marriage ceremony of her brother Nasir Ali. The elder son of Mst. Nazia, Ahsan Ali deceased remained alone in his house at Lahore. Therefore, Mst. Ayesha PW-2 taking the advantage of his aloneness went Lahore in the house of Ahsan and stayed at night with Ahsan at his house. Mst. Ayesha asked the Ahsan deceased to marry her but Ahsan deceased refused to accept her proposal therefore, they had a quarrel between them and resultantly Mst. Ayesha PW-2 stabbed Ahsan Ali to death. Thereafter, in connivance with the complainant and his brothers who are inimical to Mst. Nazia and her family, Mst. Ayesha PW-2 my ex-wife involved me falsely in this case to save her skin."

The appellant Adnan did not opt to make his statement on oath as envisaged under section 340(2), Cr.P.C. However, he examined Abdul Samad as (DW-1) and produced documentary evidence in the shape of (Exh.DA to Exh.DD) and Mark-A to Mark-I in his defence evidence.

The learned trial Court vide its judgment dated 25.01.2018 found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

7. As per police report, Mian Muhammad Asif complainant has duly been served with the notice of this case but no one appeared on his behalf despite repeated calls. Even otherwise, it is a State case and learned Deputy Prosecutor General for the State is ready to argue the same therefore, we proceed to decide the instant case after hearing the arguments of learned counsel for the appellant, learned Deputy Prosecutor General for the State and perusing the record.

8. It is contended by learned counsel for the appellant that the prosecution eye-witnesses are chances witnesses; that the evidence of prosecution eye-witnesses is in conflict with the medical evidence; that `churri' (P-2) was deposited in the office of PFSA, Lahore with the delay of 01 month and 10 days from the occurrence and during the abovementioned period, blood must have disintegrated therefore, prosecution evidence qua the recovery of abovementioned 'churri' and positive report of PFSA, Lahore (Exh.PN) is inconsequential; that motive has also not been proved in this case; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charge.

9. On the other hand, it is contended by learned Deputy Prosecutor General for the State that the prosecution has proved its case against the appellant beyond the shadow of any doubt therefore, he was rightly convicted and sentenced by the learned trial Court; that the prosecution case against the appellant has substantially been supported by the medical evidence and corroborated by the recovery of `churri' (P-2), as well as, positive report of PFSA, Lahore (Exh.PN); that the motive was also proved in this case through reliable evidence of the prosecution witnesses; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative.

10. Arguments heard. Record perused.

11. Prosecution case as set forth in the complaint (Exh.PA) on the basis of which formal FIR (Exh.PA/3) was chalked out, has already been reproduced in paragraph No.3 of this judgment therefore, there is no need to repeat the same.

12. The occurrence in this case took place on 18.11.2011 at 08:20 a.m., and as per contents of the FIR (Exh.PA/3), the matter was reported to the police and formal FIR was lodged on the same day at 09:30 a.m., but we have noted that post-mortem examination on the dead body of Ahsan Ali deceased was conducted on the next day i.e. on 19.11.2011 at 05:45 p.m., and as such, there is delay of 33 hours and 25 minutes from the occurrence in conducting the post-mortem examination on the dead body of Ahsan Ali deceased. Dr. Burhan Ashrarf (PW-10) stated that dead body was brought to the department on 18.11.2011 at 11:30 a.m., but the police documents were received on 19.11.2011 at 05:30 p.m. It is therefore, evident that the police papers were not complete for conducting the postmortem examination on the dead body of Ahsan Ali deceased and the

abovementioned delay in preparation of police papers and conducting the postmortem examination on the dead body of Ahsan Ali deceased is suggestive of the fact that the said delay was consumed in procuring the attendance of fake eye-witnesses. In the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the said judgment at page No. 55 reads as under:-

> "2. ....Post-mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similarly, in the case of "Khalid alias Khalidi and 2 others v. The State" (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse fact against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192),"Zafar v. The State and others" (2018 SCMR 326) and "Muhammad Ashraf v. The State" (2012 SCMR 419).

13. Ocular account of the prosecution was furnished by Mian Muhammad Asif (PW1) and Mst. Ayesha (PW-2). The occurrence in this case took place inside the house of Ahsan Ali deceased. Both the abovementioned eye-witnesses are admittedly not residents of the house, where the occurrence took place. As mentioned earlier, the occurrence took place during the Winter Season i.e. on 18.11.2011 at 08:20 a.m. House of occurrence is situated at Munir Shaheed Road, Ichra, Lahore. Mian Muhammad Asif complainant (PW-1) is resident of Faisal Street Kareem Park Ravi Road, Lahore and Mst. Ayesha (PW-2) was resident of Islampura Gujranwala. Both the eye-witnesses of the prosecution stated that they came to the house of Ahsan Ali deceased on the day of occurrence as Ahsan Ali

deceased wanted to marry Mst. Ayesha (PW-2) and Mian Muhammad Asif (PW-1) along with his brother Muhammad Afzal (given up PW) came to the house of the deceased in order to discuss the issue of said marriage. Admittedly Mst. Ayesha (PW-2) is the ex-wife of Adnan appellant. It is also an admitted fact that Adnan appellant is real maternal uncle ("Mamoon") of Ahsan Ali deceased. Under the circumstances, the visit of both the abovementioned eye-witnesses to the house of the deceased on the day of occurrence for the purpose mentioned above (marriage of the deceased with his real Mumani), does not appeal to a prudent mind. We have further noted that the complainant was paternal uncle of Ahsan Ali deceased. Apart from the complainant, there were also other blood relations and family members of Ahsan Ali deceased but they had gone to attend a marriage ceremony at Gujranwala on the day of occurrence and this fact was brought on the record during the cross-examination of Mian Muhammad Asif (PW-1). It was also brought on record during the cross-examination of Mst. Ayesha (PW-2) that two other brothers of Ahsan Ali deceased were also residing in the house of occurrence. Relevant parts of the statements of Mian Muhammad Asif (PW-1) and Mst. Ayesha (PW-2) in this respect read as under:-

> Mian Muhammad Asif (PW-1).
>
> "When I reached in the house of Ahsan on the day of occurrence, I asked him about his other family members and he replied that he went to Gujranwala in connection with marriage ceremony of his maternal uncle."
>
> Mst. Ayesha (PW-2).
>
> "In the house i.e. the place of occurrence beside Ahsan his two brothers also lived."

It is not understandable that if on the day of occurrence, the issue regarding the marriage of Ahsan Ali deceased with Mst. Ayesha (PW-2) was to be discussed then as to why on the said day, all the family members of Ahsan Ali deceased including his two brothers, who were residing in the house of occurrence, proceeded to Gujranwala to attend the marriage ceremony and in their place, Mian Muhammad Asif complainant (PW-1), along with his brother namely Muhammad Afzal (given-up PW), who were paternal uncles of the Ahsan Ali deceased had come to the house of occurrence to discuss the abovementioned matter. No valid reason of presence of Mst. Ayesha (PW2) in the house of occurrence at the time of occurrence has been given by the prosecution. She was ex-wife of Adnan

appellant who was real maternal uncle of Ahsan Ali deceased and as such, Mst. Ayesha (PW-2) fell within the prohibited degree for the deceased therefore, they cannot contract marriage with each other. Moreover, as per statement of Mst. Ayesha (PW-2), her marriage with the appellant was dissolved on 11.11.2011 and the occurrence took place on 18.11.2011 which means that even 'Iddat' period of Mst. Ayesha (PW-2) had not expired on the day of occurrence. We are therefore, of the view that both the abovementioned eye-witnesses are chance witnesses and they could not establish any valid reason for their presence at the spot at the time of occurrence. As both the abovementioned prosecution witnesses are chances witnesses therefore, their evidence cannot be relied upon without proving the reason of their presence at the spot at the relevant time, which reason has not been proved in this case. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the Apex Court of the country was pleased to observe as under:-

> "... ....He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In

these circumstances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:-

"... ...Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence ... ."

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove any valid reason of their presence at the spot at the time of occurrence, therefore, their very presence in the house of occurrence at the relevant time becomes doubtful.

14. We have further noted that conduct of the prosecution eye-witnesses is highly unnatural. The appellant was not armed with any formidable weapon like firearm at the time of occurrence and according to the prosecution case, he was armed with 'churri'. The complainant party was comprising of four members including Ahsan Ali deceased and this fact was admitted by Mian Muhammad Asif complainant (PW-1). Relevant part of his statement reads as under:-

"We four persons including myself were present in the house when the accused came in the house. The other persons were Afzal, Ahsan and Mst. Ayesha beside me."

Mian Muhammad Asif complainant (PW-1) and his brother, namely, Muhammad Afzal (given up PW) were real paternal uncles of the deceased and they along with Ahsan Ali (deceased) were three adult male members of the complainant party but they (PWs) did not try to save the deceased at the time of occurrence and gave free hand to the appellant to inflict, as many as, nine injuries (as per postmortem report Exh.PE) on the body of the deceased. As per site plan (Exh.PD), there was a distance of only 13 feet between the abovementioned prosecution eye-witnesses and the appellant but they did not try to intervene during the occurrence or apprehend the appellant after the occurrence. They stood like silent spectators and gave free hand to the appellant to inflict the

abovementioned injuries to their kith and kin. We are therefore of the view that conduct of the prosecution eye-witnesses, who were closely related to Ahsan Ali deceased is highly unnatural therefore, their presence at the spot is highly doubtful, hence their evidence is not worthy of reliance. We may refer here the case of "Liaquat Ali v. The State" (2008 SMCR 95), wherein at Para No.5-A of the judgment, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:-

> "Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P.W.7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaquat Ali was not armed with a fire-arm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful."

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of "Pathan v. The State" (2015 SCMR 315) and "Zafar v. The State and others" (2018 SCMR 326). Under the circumstances, it cannot be safely held that the above mentioned eye-witnesses were present at the spot at the relevant time and they had witnessed the occurrence because their conduct is highly unnatural.

15. We have further noted that there were glaring contradictions in the prosecution case as set forth in the FIR (Exh.PA/3) and the medical evidence. As per contents of the FIR, Adnan appellant inflicted only one injury on the abdomen of Ahsan Ali deceased with the help of `churri' but according to the postmortem report (Exh.PE) and medical evidence furnished by Dr. Burhan Ashraf (PW-10), there were, as many as, nine injuries on the body of the deceased. At the time of recording of their statements, both the prosecution eye-witnesses, namely, Mian Muhammad Asif (PW-1) and Mst. Ayesha (PW-2) made dishonest improvements in their statements to bring their evidence in line with the medical evidence while

stating that the appellant inflicted `churri' blow which landed on the left nipple, ribs, abdomen, left flank, left arm, back side of left shoulder and on different parts of the body of Ahsan Ali deceased. Both the abovementioned prosecution eye-witnesses were confronted with their previous statements and dishonest improvements made by them were duly brought on the record. Relevant part of their statements in this respect read as under:-

Mian Muhammad Asif (PW-1)

"I do not remember as to whether I had stated before the police in my statement under section 161, Cr.P.C. that as soon as Ahsan deceased opened the door, the accused Adnan present attacked upon Ahsan and started to give him churri blows who received churri blows at his chest, above left nipple, at ribs on upper part of abdomen, left flank, left arm and back side of left shoulder and also on different parts of the body. At this stage, this question has been re-asked on the request of learned counsel for the complainant. I did not mention with such a detail about injuries but I did mention which were apparent. Confronted with Ex.PA where only one injury has been mentioned whereas the remaining have not been penned down."

Mst. Ayesha (PW-2)

"It is correct that I mentioned in my examination in chief that Ahsan received churri blows at his chest above left nipple at ribs on upper part of abdomen left flank, left arm and back side of left shoulder and also on his different parts of the body. Confronted with Ex. DA where it is not so recorded and only injury in the abdomen has been specified."

It is therefore, evident from the perusal of the record that the prosecution story as set forth in the FIR (Exh.PA/3) was in conflict with the medical evidence and in order to cover the abovementioned weakness in the prosecution case, the abovementioned eye-witnesses made dishonest improvements in their statements to bring their statements in line with the medical evidence and as such, evidence of abovementioned prosecution eye-witnesses is not worthy of reliance. In the cases of `Muhammad Ali v. The State' (2015 SCMR 137), 'Irfan Ali v. The State' (2015 SCMR 840), `Usman alias Kaloo v. The State' (2017 SCMR 622) and 'Nadeem alias Kala v. The State and others' (2018 SCMR 153), the prosecution evidence was disbelieved on account of its conflict with the medical evidence

regarding the number/nature of injuries sustained by the deceased. Relevant part of the case of `Muhammad Ali' supra, reads as under:-

> "5 ... .In such circumstances, the presence of the eye-witnesses at the spot is doubtful. Had they been present at the spot and had witnessed the occurrence, they could have ascribed the correct role to the accused and explain all the injuries on the person of the deceased...."

Likewise, in the case of 'Akhtar Ali and others v. The State' (2008 SCMR 6), the apex Court of the country disbelieved the evidence of the prosecution eye-witnesses on the ground that they made dishonest improvements in their statements recorded by the learned trial Court in order to strengthen the prosecution case.

16. According to the contents of the FIR, the motive behind the occurrence was that there was a dispute of property between Mst. Nazia (sister of the appellant and mother of Ahsan Ali deceased) and Ahsan Ali deceased as the said Mst. Nazia contracted second marriage after the death of father of Ahsan Ali deceased. No suit filed or pending between Ahsan Ali deceased and Mst. Nazia (sister of the appellant) has been produced in the prosecution evidence. No application before any form which was moved regarding the abovementioned dispute of property has been brought on the record by the prosecution. We have also noted that apart from the abovementioned motive, prosecution also alleged another motive of proposed marriage of ex-wife of Adnan appellant, namely, Mst. Ayesha (PW-2) with Ahsan Ali deceased. It is noteworthy that Mst. Ayesha (PW-2) was the best witness to prove the said second motive of the prosecution but her evidence in respect of abovementioned second motive of the prosecution is self-contradictory. Although she stated that Ahsan deceased called her as he wanted to marry her but at the same time she denied the suggestion that she took divorce from the appellant to marry Ahsan deceased. Relevant part of her statement reads as under:-

> "It is incorrect to suggest that I asked Ahsan deceased that I took divorce from Adnan to marry him (Ahsan)."

As the evidence of Mst. Ayesha (PW-2) about the second motive of the prosecution is self-contradictory, therefore, we are of the view that the said motive has not been proved by the prosecution. It seems that as Mst. Ayesha (PW-2) was divorced by the appellant therefore, she tried to implicate the appellant in this case through the abovementioned second motive of the prosecution, whereas, the

complainant who was paternal uncle of the appellant was annoyed due to second marriage of mother of the appellant with some one therefore, they (PWs) tried to implicate the appellant in the present occurrence which appears to be unseen. Although Mst. Ayesha (PW-2) has stated about the first motive of the prosecution regarding the property dispute between the deceased and the appellant but she did not allege the said motive in her statement recorded by the police (Exh.DA) and the improvements made by her in respect of the motive were also duly brought on the record. Relevant part of her statement in this respect reads as under:-

> "It is correct that I mentioned the fact that there was a dispute regarding the property between Ahsan and his mother and mother of Ahsan contracted second marriage. Confronted with Ex.DA where it is not so written. It is correct that I mentioned in my statement before the police about the motive behind the police that the mother of Ahsan deceased got married and there was a dispute of distribution of the property between the mother of Ahsan and accused Adnan. Confronted with Ex.DA where it is not so written."

It is further noteworthy that the second motive alleged by the prosecution does not appeal to a prudent mind that Ahsan Ali deceased wanted to marry with the wife of his real maternal uncle which fell under prohibited degree for him. We are therefore, of the view that both the motives alleged by the prosecution could not be proved in this case.

17. Insofar as the recovery of `churri' (P-2) from the possession of the appellant and positive report of PFSA, Lahore (Exh.PN) is concerned, we have noted that Mushtaq Ahmad 577/C (PW-6) has stated that the abovementioned `churri' was recovered from Mehboob Street Lal Park near wall of Govt. Tubewell under the bricks. The abovementioned `churri' was not recovered from the house or place which was in exclusive possession of the appellant and the same was recovered from a street which was accessible to the public. Moreover, the occurrence in this case took place on 18.11.2011, whereas, `churri' (P-2) was allegedly recovered on 04.12.2011 i.e., after 16 days from the occurrence and during the abovementioned period, the appellant had ample opportunity to wash away the blood from `churri' (P-2). The Hon'ble Supreme Court of Pakistan in the case of `Basharat and another v. The State' (1995 SCMR 1735) disbelieved the evidence of blood-stained dagger which was allegedly recovered from the accused after ten days from the

occurrence. Relevant part of the said judgment at page No. 1739 is reproduced hereunder for ready reference:-

> "11. The occurrence took place on 20.04.1988. Basharat appellant was arrested on 28.04.1988. The blood-stained Churri was allegedly recovered from his house on 30.04.1988. It is not believable that he would have kept blood stained churri intact in his house for ten days when he had sufficient time and opportunity to wash away and clean the blood on it."

Furthermore, `churri' (P-2) was deposited in the office of PFSA, Lahore on 28.1.2011 i.e., after 01 month and 10 days from the occurrence therefore, the blood, if any, on it must have disintegrated in the meanwhile. Reliance in this respect may be placed on the case of 'Muhammad Jamil v. Muhammad Akram and others' (2009 SCMR 120). We are therefore, of the view that evidence qua recovery of `churri' (P2) and positive report of PFSA (Exh.PN) are of no avail to the prosecution.

18. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5... The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

"13.....It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

19. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept Jail Appeal No. 173747 of 2018 filed by Adnan appellant, set aside his conviction and sentence and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 44 of 2018 is answered in the negative. The appellant Adnan is in custody, he be released from the jail forthwith if not required to be detained in any other case.

JK/A-47/L **Appeal allowed.**

2022 Y L R Note 66

[Lahore]

Before Malik Shahzad Ahmad Khan and Muhammad Tariq Nadeem, JJ

MUHAMMAD IJAZ---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 115978-J, Criminal Revision No. 111926 and Murder Reference No. 636 of 2017, heard on 11th October, 2021.

(a) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Medical evidence---Scope---Accused was charged for committing murder of his wife/ daughter of complainant---Motive behind the occurrence was that accused did not like the deceased upon which they had dispute and accused wanted to contract a second marriage and due to that grudge, accused committed the murder of deceased---Medical evidence furnished by the prosecution in the case through Lady Medical Officer had not supported the prosecution case in any manner---Claim of the prosecution's eye-witnesses was that they reached in the house of the accused and thereafter, the accused raised noise that his wife had died---Post-mortem report as well as, according to the statement of Lady Medical Officer made during her cross-examination stated that dead body was received in the Dead House of the hospital at 05:00/ 06:00 a.m.---If the prosecution's eye-witnesses reached in the house of the accused at 05:00/06:00 a.m., and saw that the accused and deceased were present in their house at that time and thereafter, the accused raised noise that she had died then as to how the dead body was received in the hospital at the same date and time---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(b) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Delay of about 6 /7 hours in lodging the FIR---Effect---Accused was charged for committing murder of his wife/daughter of complainant---Occurrence took place on at 05:00/06:00 a.m., whereas, the FIR was lodged on the same day at 12:30 noon, i.e. with the delay of 6 /7 hours from the time of occurrence---Distance between the place of occurrence and the police station was 16-kilometers---Said unexplained delay in lodging the FIR was

fatal to the prosecution case---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(c) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Accused was charged for committing murder of his wife/ daughter of complainant---Delay of about twelve hours in conducting post-mortem--- Effect---Evidence of Lady Medical Officer showed that although the dead body was received in the dead house of the hospital at 05:00/06:00 a.m. but the police papers were produced before the said Medical Officer at 02:15 p.m., thereafter, post-mortem examination was conducted on the dead body of the deceased at 04:45 p.m., as such, there was delay of twelve hours in conducting the post-mortem examination---Said delay in conducting the post-mortem examination was suggestive of the fact that eye-witnesses of the prosecution were not present at the spot at the relevant time and the said delay was consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Irshad Ahmad v. The State 2011 SCMR 1190; Khalid alias Khalidi and

2 others v. The State 2012 SCMR 327; Muhammad Ashraf v. The State 2012

SCMR 419; Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54 and Zafar v. The State and others 2018 SCMR 326 rel.

(d) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Medical evidence not supported the ocular account---Scope---Accused was charged for committing murder of his wife/ daughter of complainant---According to the ocular account of the prosecution, the accused committed the murder of his wife with electric shock---According to the final opinion of Lady Medical Officer the cause of death of deceased was due to asphyxia---Record showed that it was not the case of any of the prosecution's eye-witnesses that the accused committed the murder of his wife by strangulating her neck rather the case of the prosecution was that deceased was murdered by the accused after giving her electric shocks---Medical Officer during her cross-examination had conceded that no mark of violence or abnormality was detected on the neck of the deceased---Medical Officer had not mentioned the probable time that elapsed between the injuries and death and the time that elapsed between the death and

post-mortem examination---Relevant columns in that respect of the post-mortem report were left blank by the Medical Officer---Medical evidence had not supported the ocular account of the prosecution rather the same had contradicted the evidence of the prosecution's eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond shadow of doubt---Appeal against conviction was allowed, in circumstances.

(e) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---No justification for the presence of eye-witnesses at the place of occurrence--- Chance witnesses--- Scope---Accused was charged for committing murder of his wife/daughter of complainant---Ocular account of the prosecution was furnished by complainant and a witness---Both the said eye-witnesses were real mother and real brother of deceased---Occurrence in the case took place in the house of the accused---Both the eye-witnesses were not residents of the village where the occurrence took place---Complainant stated during her cross-examination that her village was situated at a distance of 10-kilometers from the place of occurrence, whereas, village of brother of deceased/eye-witness was situated at a distance of 50-kilometers from the place of occurrence---Said witnesses had not given any valid reason for their presence in the house of occurrence at odd hours of the morning i.e. 05:00/06:00 a.m.---Prosecution eye-witnesses were chance witnesses and they could not prove any valid reason of their presence at the spot at the time of occurrence---Presence of the said eye-witnesses in the house of occurrence at the relevant time became doubtful---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(f) Criminal trial---

----Witness--- Chance witness--- Scope---If a chance witness is unable to establish the reason of his presence at the spot at the time of occurrence then his evidence would not worthy of reliance.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Sufyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(g) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence--- Benefit of doubt--- Un-natural conduct of eye-witnesses---Scope---Accused was charged for committing murder of his

wife/daughter of complainant---Record showed that conduct of the eye-witnesses/complainant party was highly unnatural---Accused was empty handed at the time of occurrence and he was not carrying any lethal weapon with him to intimidate the prosecution's eye-witnesses---Accused was alone at the time of occurrence, whereas, the complainant party comprised of three members, complainant and other eye-witness, whereas one of the eye-witnesses was given up---Complainant party comprised of two adult male members and a female member---Complainant was the mother, whereas, two male witnesses were real brothers of deceased, but none of the said prosecution witnesses tried to apprehend the accused at the time of occurrence---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(h) Penal Code (XLV of 1860)---

----S. 302(b)---Qanun-e-Shahadat (10 of 1984), Art. 129(g)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Withholding material witness---Effect---Accused was charged for committing murder of his wife/daughter of complainant---Real sister of the deceased was married with the brother of the accused---Complainant had admitted during her cross-examination that said sister of deceased was present in the house of occurrence at the relevant time but she had not been cited by the prosecution as an eye-witness in the case without assigning any valid reason---Evidently, real sister of the deceased being inmate of the house of occurrence was natural eye-witness of the occurrence but she had not been produced in the witness box by the prosecution---Best evidence had been withheld by the prosecution, therefore, an adverse inference under Art. 129(g) Qanun-e-Shahadat, 1984, could validly be drawn against the prosecution that had the said witness been produced in the witness box she would not have favoured the prosecution case---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Lal Khan v. The State 2006 SCMR 1846; Muhammad Rafique and

others v. The State and others 2010 SCMR 385 and Riaz Ahmed v. The State 2010 SCMR 846 rel.

(i) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Motive was not proved---Scope---Accused was charged for committing murder of his wife/daughter of complainant---Motive behind the occurrence was that the accused wanted to contract second marriage and due to that reason, he committed the murder of deceased---Deceased was living with the accused till the time of her death---No proof of criminal or civil litigation had been produced in evidence by the prosecution to establish that there was any dispute between the accused and the deceased---Admittedly, a son was born from the wedlock of the accused and deceased, who was about 1/2 year of age at the time of occurrence---Complainant admitted during her cross-examination that she did not know as to where accused intended to contract second marriage---Such vague and general allegation had been levelled against the accused in respect of the motive and no convincing evidence had been produced to prove the same---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(j) Penal Code (XLV of 1860)---

----S. 302(b)---Qatl-i-amd---Appreciation of evidence---Benefit of doubt---Accused was charged for committing murder of his wife/ daughter of complainant---Record showed that wire and a piece of cloth were recovered on the pointation of accused---According to the evidence of the Medical Officer, the cause of the death of deceased was asphyxia therefore, recovery of electric wire to corroborate the allegation that the accused committed the murder of his wife with electric shock was inconsequential---Piece of cloth had also been recovered on the pointation of the accused but none of the prosecution's eye-witnesses had stated that the accused committed the murder of his wife with the help of a cloth or by strangulating her neck---Medical Officer, during her cross-examination stated that she did not notice any injury on the neck of the deceased---Recovery of a piece of cloth on the pointation of the accused was of no avail to the prosecution---Circumstances established that the prosecution had failed to prove its case against the accused beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(k) Criminal trial---

----Benefit of doubt---Principle---If there was a single circumstance which created doubt regarding the prosecution case, the same would be sufficient to give benefit of doubt to the accused.

Tariq Parvaiz v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Ms. Saiqa Javed for Appellant.

Munir Ahmad Sial, Deputy Prosecutor General for the State.

Farrukh Gulzar Awan and Wasif Javed Sipra for the Complainant.

Date of hearing: 11th October, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No. 115978-J of 2017 filed by Muhammad Ijaz (appellant) against his conviction and sentence, Criminal Revision No. 111926 of 2017 filed by Mst. Kalsoom Bibi complainant for enhancement of the amount of compensation awarded against the appellant by the learned trial Court and Murder Reference No. 636 of 2017 sent by the learned trial court for confirmation or otherwise of the sentence of Death awarded to Muhammad Ijaz (appellant) by the learned trial Court. We propose to dispose of all these matters by this single judgment as these have arisen out of the same judgment dated 31.10.2017 passed by the learned Additional Sessions Judge, Sargodha.

2. Muhammad Ijaz (appellant) was tried in case FIR No. 97 dated 18.03.2014, registered at Police Station Jhal Chakian, District Sargodha in respect of offence under section 302, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 31.10.2017, has convicted and sentenced the appellant as under:--

> Under section 302(b), P.P.C. to 'Death as tazir' for committing Qatl-e-Amd of Mst. Shabana Kausar (deceased). He was also ordered to pay Rs. 5,00,000/- (Rupees five hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A, of Cr.P.C. and in default thereof to undergo simple imprisonment for six months.

3. Brief facts of the case as given by the complainant Mst. Kalsoom Bibi (PW-4) in the FIR (Exh.PC) are that she (complainant) was resident of Skindarabad Colony Dakhli Chak No. 18 North (District Sargodha). Her daughter, namely, Mst. Shabana Kausar (deceased) was married to Muhammad Ijaz (appellant) three years earlier and from the said wedlock, there was a son, namely, Hashir Ali aged 1/2 year who was alive. On 18.03.2014 at 05:00/06:00 a.m., the complainant along with Nasir Mehmood (given up PW) and Ahmad Yar (PW-5) went to see Mst. Shabana Kausar deceased at her house situated at Chak No. 60 North (District Sargodha). Door of the room of Mst. Shabana Kausar (deceased) was closed and Muhammad Ijaz (appellant) and Mst. Shabana Kausar (deceased) were present inside the room of their house. On seeing the complainant party, Muhammad Ijaz (appellant) started to raise hue and cry that Mst.

Shabana had died. The complainant party, when saw Mst. Shabana Kausar, they noticed that there were marks of injuries on her both arms and body. The complainant party expressed that the appellant had murdered Mst. Shabana Kausar. The complainant party had suspicion that Mst.Kausar Bibi was murdered by the appellant with the help of electric shock. In the meanwhile, Muhammad Ijaz (appellant) fled away from the spot.

Motive behind the occurrence was that Muhammad Ijaz (appellant) did not like Mst. Shabana Kausar upon which they had dispute and Muhammad Ijaz (appellant) wanted to contract a second marriage with some one else and due to this grudge, Muhammad Ijaz (appellant) committed the murder of Mst. Shabana Kausar.

4. The appellant Muhammad Ijaz was formally arrested in this case on 18.04.2014 by Rab Nawaz, Sub-Inspector (PW-8). On 26.04.2014, Muhammad Ijaz appellant led to the recovery of electric wire (P-1) and a dupatta (P-2), which were taken into possession vide recovery memo (Exh.PB). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant on 18.07.2014, to which he pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced ten witnesses during the trial. Mst. Kalsoom Bibi complainant (PW-4) and Ahmad Yar (PW-5) are the witnesses of ocular account.

The medical evidence was furnished by Lady Dr. Qurat-ul-Ain (PW-10).

Rab Nawaz S.I (PW-8) and Muhammad Sadiq S.I (Rtd) (PW-9) are the Investigating Officers of this case. Nasir Hayat 293/C (PW-3) is the witness of recovery of electric wire (P-1) and dupatta (P-2), which were recovered on the pointation of the appellant vide memo (Exh.PB).

Maqbool Ahmad 1415/MHC (PW-1), Muhammad Saleem Draftsman (PW2), Akbar Mehmood 690/C (PW-6) and Zafar Iqbal (PW-7) are formal witnesses.

The prosecution also produced documentary evidence in the shape of site plan Exh.PA, memo of possession of electric wire (P-1) and dupatta (P-2) on the pointation of the appellant (Exh.PB), FIR (Exh.PC), memo of possession of blood stained cotton (Exh. PD), injury statement (Exh.PE), rough site plan of the place of occurrence (Exh.PF), memo of possession of seven sealed boxes and two envelops (Exh.PG), memo of possession of last worn clothes of the deceased (Exh.PH), postmortem report and pictorial diagrams of Mst. Shabana Kausar (deceased) (Exh.PJ, Exh.PJ/1 and

Exh.PJ/2), inquest report (Exh.PK), reports of PFSA, Lahore regarding visras of the deceased (Exh.PL) and (Exh.PM) and closed its evidence.

6. The statement of the appellant under section 342, of Cr.P.C. was recorded. He refuted the allegations levelled against him and professed his innocence. While answering to a question that 'Why this case against you and why the PWs have deposed against you" the appellant Muhammad Ijaz replied as under:--

> "This false case has been registered against me due to suspicion and PWs have falsely deposed against me due to the relationship with deceased"

The appellant Muhammad Ijaz did not opt to make his statement on oath as envisaged under section 340(2), Cr.P.C. However he produced statement of Ahmad Yar PW, recorded under section 161 of Cr.P.C. as (Exh.DA) in his defence evidence.

The learned trial Court vide its judgment dated 31.10.2017, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

7. It is contended by learned counsel for the appellant that the appellant is innocent and he has falsely been implicated in this case by the complainant party merely on the basis of suspicion; that the prosecution's eye-witnesses were not residents of the village where the occurrence took place and as such, they are chance witnesses but they could not establish any reason of their presence at the spot at the relevant time and as such, their evidence is not trustworthy; that there is delay of 6-1/2 hours in lodging the FIR, whereas, there is delay of more than 12 hours in conducting the postmortem examination on the dead body of Mst. Shabana Kausar deceased which further shows that the prosecution witnesses were not present at the spot at the time of occurrence; that the medical evidence does not support the ocular account of the prosecution and there are material conflicts between these two pieces of the prosecution evidence; that conduct of the prosecution witnesses is highly unnatural because according to the prosecution story, the appellant was empty handed, whereas, the complainant party was comprising of three members including two adult male members but they did not try to apprehend the appellant at the time of occurrence; that sister of the deceased, namely, Mst. Farzana Kausar was admittedly married with the brother of the appellant, namely, Muhammad Mumtaz and the complainant, namely, Mst. Kalsoom Bibi (PW-4) has admitted during her cross-examination that she was present at the spot at the time of occurrence but she has not been cited as a prosecution witness in this case and as such, the best evidence has been withheld by the prosecution therefore, an adverse inference may be drawn against the prosecution; that the prosecution has not produced any convincing evidence to prove the alleged motive; that the alleged recovery of wire and

a piece of cloth from the possession of the appellant has been planted against the appellant and even otherwise, the Medical Officer has not stated that death of Mst. Shabana Kausar occurred due to the electric shock therefore, the said recoveries are inconsequential; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, the appeal filed by the appellant may be accepted and he may be acquitted from the charge.

8. On the other hand, it is contended by learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of any doubt therefore, he was rightly convicted and sentenced by the learned trial Court; that presence of the prosecution's eye-witnesses who are real mother and brother of the deceased, at the spot at the relevant time is neither unnatural nor improbable while keeping in view their relationship with the deceased; that the place of occurrence is situated at a distance of 16-kilometers from the police station and as such, there was no conscious or deliberate delay in reporting the matter to the police; that the prosecution's eye-witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that the prosecution case is further corroborated by the recovery of wire and a piece of cloth from the appellant through which the appellant committed the murder of Mst. Shabana Kausar deceased; that the motive was also proved in this case against the appellant through reliable and convincing evidence of the prosecution witnesses; that place of occurrence is the house of the appellant therefore, it was duty of the appellant to explain that as to how his wife Mst. Shabana Kausar died unnatural death but he absconded at the time of occurrence and his conduct shows that he was guilty of the offence; that there is no substance in the appeal filed by the appellant therefore, the same may be dismissed and murder reference be answered in the affirmative. It is further prayed by learned counsel for the complainant, while arguing Criminal Revision No. 111926 of 2017 that the amount of compensation awarded against the appellant by the learned trial Court is very meager and the same may reasonably be enhanced.

9. Arguments heard. Record perused.

10. Prosecution case as set forth in the FIR (Exh.PC) has already been reproduced in paragraph No.3 of this judgment therefore, there is no need to repeat the same.

11. We have noted that according to the prosecution's case and as per contents of the FIR, the occurrence in this case took place on 18.03.2014 at 05:00/06:00 a.m. The occurrence took place in a room situated inside the house of the appellant. The ocular account of the prosecution was furnished by Mst. Kalsoom Bibi complainant (PW-4)

and Ahmad Yar (PW-5). As per contents of the FIR when both the abovementioned eye-witnesses reached at the spot, they noticed that Muhammad Ijaz appellant and Mst. Shabana Kausar, who were husband and wife, were present in a room of their house and on the arrival of the complainant party, the appellant started to raise noise that Mst. Shabana Kausar had died, whereupon, the complainant party replied that the appellant had committed the murder of his wife Mst. Shabana Kausar with the help of electric shock as they noted injuries on her both arms and body. We have noted that the medical evidence furnished by the prosecution in this case through Lady Dr. Qurat-ul-Ain (PW-10) has not supported the prosecution case in any manner. As mentioned earlier, it was claim of the prosecution's eye-witnesses that they reached in the house of the appellant on 18.03.2014 at 05:00/06:00 a.m., and thereafter, the appellant raised noise that his wife Mst. Shabana Kausar had died, whereas, according to the postmortem report (Exh.PJ), as well as, according to the statement of Lady Dr. Qurat-ul-Ain (PW-10), made during her cross-examination, the dead body was received in the Dead House of the hospital on 18.03.2014 at 05:00/06:00 a.m. Relevant part of the statement of Lady Dr. Qurat-ul-Ain (PW-10) in this respect reads as under:--

> "The dead body was received in the dead house of the hospital at 05/06:00 a.m. on 18.03.2014 whereas the police papers were produced before me at 02:15 p.m. and thereafter I started the post mortem examination at 04: 45 p.m. "

It is not understandable that if the abovementioned prosecution's eye-witnesses reached in the house of the appellant on 18.03.2014 at 05:00/06:00 a.m., and saw that the appellant and Mst. Shabana Kausar deceased were present in their house at that time and thereafter, the appellant raised noise that Mst. Shabana Kausar had died then as to how the dead body was received in the hospital at the same date and time i.e. on 18.03.2014 at 05:00/06:00 a.m. We have further noted that according to the prosecution's case, the occurrence in this case took place on 18.03.2014 at 05:00/06:00 a.m., whereas, the FIR (Exh.PC) was lodged on the same day at 12:30 noon, i.e. with the delay of 7-1/2 6-1/2 hours from the time of occurrence. The distance between the place of occurrence and the police station was 16-kilometers. It is also noteworthy from the evidence of Lady Dr. Qurat-ul-Ain (PW-10) that although the dead body was received in the dead house of the hospital at 05:00/06:00 a.m. on 18.03.2014 but the police papers were produced before the said Medical Officer at 02:15 p.m., and thereafter, postmortem examination was conducted on the dead body of the deceased at 04:45 p.m., and as such, there is delay of 12 hours in conducting the postmortem examination on the dead body of the deceased. The abovementioned delay in

conducting the postmortem examination on the dead body of Mst. Shabana Kausar deceased is suggestive of the fact that eye-witnesses of the prosecution were not present at the spot at the relevant time and the said delay was consumed in procuring the attendance of fake eye-witnesses. We may refer here the case of 'Irshad Ahmad v. The State' (2011 SCMR 1190) wherein it was observed that the postmortem examination of the dead body had been conducted with a noticeable delay and such delay is generally suggestive of a real possibility that time had been consumed by the police in procuring and planting eye-witnesses and in cooking up a story for the prosecution before preparing police papers necessary for getting a postmortem examination of the dead body conducted. Similarly, in the case of 'Khalid alias Khalidi and 2 others v. The State' (2012 SCMR 327) the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse effect against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as 'Muhammad Ashraf v. The State' (2012 SCMR 419), 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54) and 'Zafar v. The State and others' (2018 SCMR 326).

We have further noted that according to the ocular account of the prosecution, the appellant committed the murder of his wife, namely, Mst. Shabana Kausar with the help of electric shock but according to the final opinion of Lady Dr. Qurat-ul-Ain (PW10), the cause of death of Mst. Shabana Kausar was due to asphyxia. It is noteworthy that initially the cause of death was not mentioned by the Medical Officer in the postmortem report of the deceased and visras of the deceased were sent to the Punjab Forensic Science Agency and after receiving the reports of Punjab Forensic Science Agency (Exh.PL) and (Exh.PM), the Medical Officer opined as under:--

> "Now, in light of the reports Exh.PL and Exh.PM I am of the opinion that death in this case was due to asphyxia."

It is not the case of any of the prosecution's eye-witnesses that the appellant committed the murder of his wife by strangulating her neck rather it is the case of the prosecution that Mst. Shabana Kausar was murdered by the appellant after giving her electric shocks, whereas, the Medical Officer has mentioned that the cause of death of the deceased was asphyxia. We have further noted that the Medical Officer during her cross-examination has conceded that no mark of violence or abnormality was detected on the neck of the deceased. We have also noted that the Medical Officer has not

mentioned the probable time that elapsed between the injuries and death and the time that elapsed between the death and postmortem examination of the deceased. Relevant columns in this respect of the postmortem report (Exh.PJ) were left blank by the Medical Officer. Relevant part of her statement, made during cross-examination in this respect, reads as under:-

> "I could not find the apparent cause of death at the time of post mortem examination and for this reason I had sent the internal organs to the relevant offices. No abnormality was detected on the neck of the deceased. I had not mentioned the probable time that elapsed between injury death and that between death and post mortem in the post mortem report."

Under the circumstances, even there is no medical evidence to support the prosecution case that the time of commission of murder of Mst. Shabana Kausar was 05:00/06:00 a.m., on 18.03.2014, as mentioned in the contents of the FIR (Exh.PC). Keeping in view all the aforementioned facts, we have come to this irresistible conclusion that the medical evidence has not supported the ocular account of the prosecution rather the same has contradicted the evidence of the prosecution's eye-witnesses.

12. As mentioned earlier, the ocular account of the prosecution was furnished by Mst. Kalsoom Bibi complainant (PW-4) and Ahmad Yar (PW-5). Both the abovementioned eye-witnesses are real mother and real brother of Mst. Shabana Kausar deceased, respectively. The occurrence in this case took place in the house of the appellant situated in Chak No. 60 (North) Jhal Chakian District Sargodha, whereas, Mst. Kalsoom Bibi complainant (PW-4) was resident of Chak No. 18/N.B Tehsil Bhalwal District Sargodha and Ahmad Yar (PW-5) was resident of Chak No. 22/S.B Tehsil and District Sargodha. Both the abovementioned eye-witnesses were not residents of the village where the occurrence took place i.e. Chak No. 60 (North). Mst. Kalsoom Bibi complainant (PW-4) stated during her cross-examination that her village was situated at a distance of 10-kilometers from the place of occurrence, whereas, village of Ahmad Yar (PW-5) was situated at a distance of 50-kilometers from the place of occurrence and as such, both the abovementioned eye-witnesses are chance witnesses. The said witnesses have not given any valid reason for their presence in the house of occurrence at odd hours of the morning i.e. 05:00/06:00 a.m. It is by now well settled that if a chance witness is unable to establish the reason of his presence at the spot at the time of occurrence then his evidence is not worthy of reliance. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance

witnesses as under:--

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the Apex Court of the country was pleased to observe as under:--

> ".....He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In these circumstances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:--

> ".....Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence....."

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove any valid reason of their presence at the

spot at the time of occurrence, therefore, their very presence in the house of occurrence at the relevant time becomes doubtful.

13. It is further noteworthy that conduct of the abovementioned eye-witnesses/ complainant party is highly unnatural in this case. According to the prosecution's own case, the appellant was empty handed at the time of occurrence and he was not carrying any lethal weapon with him to intimidate the prosecution's eye-witnesses. The appellant was alone at the time of occurrence, whereas, the complainant party was comprising of three members, namely, Mst. Kalsoom Bibi complainant (PW-4), Ahmad Yar (PW-5) and Nasir Mehmood (given up PW) and as such, the complainant party was comprising of two adult male members and a female member. Mst. Kalsoom Bibi complainant (PW-4) was the mother, whereas, Ahmad Yar (PW-5) and Nasir Mehmood (given up PW) were real brothers of Mst. Shabana Kausar deceased but none of the aforementioned prosecution witnesses tried to apprehend the appellant at the time of occurrence. We may refer here the case of "Liaquat Ali v. The State" (2008 SCMR 95), wherein at Para No.5-A of the judgment, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:--

> "Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P.W.7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaquat Ali was not armed with a fire-arm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful."

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of "Pathan v. The State" (2015 SCMR 315) and "Zafar v. The State and others" (2018 SCMR 326). Under the circumstances, it cannot be safely held that the above mentioned eye-witnesses were present at the spot at the relevant time and they had witnessed the occurrence because their conduct is highly unnatural.

14. It is further noteworthy that real sister of the deceased, namely, Mst. Farzana Kausar was married with the brother of the appellant, namely, Muhammad Mumtaz. Mst. Kalsoom Bibi complainant (PW-4) has admitted during her cross-examination that said Mst. Farzana Kausar was present in the house of occurrence at the relevant time but she has not been cited by the prosecution as an eye-witness in this case without

assigning any valid reason. Relevant part of statement, made by Mst. Kalsoom Bibi complainant (PW-4) during her cross-examination in this respect, reads as under:-

> "My other daughter namely Farzana Kousar is married with Muhammad Mumtaz brother of Ijaz accused. She is living happily in the house of her husband till today. She also resided in the same house. She was present in the house in which the occurrence took place at the time of occurrence but she is not a PW in this case."

It is therefore, evident that real sister of the deceased, namely, Mst. Farzana Kausar being inmate of the house of occurrence was natural eye-witnesses of the occurrence. She was admittedly present in the house of occurrence at the time of occurrence but she has not been produced in the witness box by the prosecution and as such, the best evidence has been withheld by the prosecution therefore, an adverse inference under Article 129(g) of the Qanun-e-Shahadat Order, 1984 can validly be drawn against the prosecution that had the abovementioned Mst. Farzana Kausar been produced in the witness box then she would not have favoured the prosecution case. Reliance in this respect may be placed on the case reported as "Lal Khan v. The State" (2006 SCMR 1846). Relevant para No.7 of the said judgment is reproduced hereunder for ready reference:--

> Para No.7
>
> "There is no plausible explanation on the record that for what reason Mst. Noor Bibi did not disclose the story of murder of deceased till the registration of case after five days of the occurrence and why no other inmate of the house was examined in confirmation of her statement. The prosecution is certainly not required to produce a number of witnesses as the quality and not the quantity of the evidence is the rule but non-production of most natural and material witnesses of occurrence, would strongly lead to an inference of prosecutional misconduct which would not only be considered a source of undue advantage for prosecution but also an act of suppression of material facts causing prejudice to the accused. The act of withholding of most natural and a material witness of the occurrence would create an impression that the witness if would have been brought into witness-box, he might not have supported the prosecution and in such eventuality the prosecution must not be in a position to avoid the consequence."
>
> (Bold and underlining is supplied for emphasis)

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the judgments reported as "Muhammad Rafique and others v. The State and others" (2010 SCMR 385) and "Riaz Ahmed v. The State" (2010 SMCR 846).

15. Insofar as the motive part of the prosecution case is concerned, we have noted that according to Mst. Kalsoom Bibi complainant (PW-4), motive behind the occurrence was that the appellant wanted to contract second marriage and due to this reason, he committed the murder of Mst. Shabana Kausar deceased. We have noted that Mst. Shabana Kausar deceased was living with the appellant till the time of her death. No proof of criminal or civil litigation has been produced in evidence by the prosecution to establish that there was any dispute between the appellant and the deceased. Admittedly, a son, namely, Hashir Ali was born from the wedlock of the appellant and Mst. Shabana Kausar deceased who was about 1/2 year of age at the time of occurrence. Mst. Kalsoom Bibi complainant (PW-4) admitted during her cross-examination that she did not know that as to where Ijaz appellant intended to contract second marriage. Relevant part of her statement in this respect is reproduced hereunder for ready reference:--

> "I do not know where Ijaz accused had wanted to contract second marriage. It is incorrect to suggest that I have attributed a false motive to Muhammad Ijaz accused."

We are therefore, of the view that a vague and general allegation has been levelled against the appellant in respect of the motive and no convincing evidence has been produced to prove the same hence, we hold that the prosecution has failed to prove the motive part of its case.

16. It is true that the occurrence in this case took place in the house of the appellant but mere this fact by itself is not sufficient to hold the appellant is guilty of the offence. Apart from the appellant, his two brothers, namely, Rab Nawaz and Mumtaz along with their families were also residing in the house where the occurrence took place and this fact has duly been brought on the record during the cross-examination of Mst. Kalsoom Bibi complainant (PW-4) therefore, mere this fact that the appellant was also residing in the house where the occurrence took place by itself is not sufficient to hold that it was the appellant who had committed the murder of Mst. Shabana Kausar deceased. It was duty of the prosecution to prove its case against the appellant beyond the shadow of any doubt. Reliance in this respect may be placed on the cases of 'Asad Khan v. The State' (PLD 2017 Supreme Court 681), 'Nazir Ahmad v. The State' (2018 SCMR 787), 'Muhammad Jamshaid and another v. The State and others' (2016 SCMR 1019) and

'Nasrullah alias Nasro v. The State' (2017 SCMR 724).

17. Insofar as the recovery of wire and a piece of cloth on the pointation of the appellant is concerned, we have already observed in the earlier paragraphs of this judgment that according to the evidence of the Medical Officer, namely, Lady Dr. Qurat-ul-Ain (PW-10), the cause of the death of Mst. Shabana Kausar deceased was asphyxia therefore, recovery of electric wire to corroborate the allegation that the appellant committed the murder of his wife with the help of electric shock is inconsequential. It is true that a piece of cloth has also been recovered on the pointation of the appellant but none of the prosecution's eye-witnesses has stated that the appellant committed the murder of his wife with the help of a cloth or by strangulating her neck. Moreover, Lady Dr. Qurat-ul-Ain (PW-10) during her cross-examination stated that she did not notice any injury on the neck of the deceased. We are therefore, of the view that even the recovery of a piece of cloth on the pointation of the appellant is of no avail to the prosecution.

18. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:--

> '5 ... . The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:--

> '13 ... . It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that

there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

19. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept the Criminal Appeal No. 115978-J of 2017 filed by Muhammad Ijaz appellant, set aside his conviction and sentence and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 636 of 2017 is answered in the negative. The appellant Muhammad Ijaz is in custody, he be released from the jail forthwith if not required in any other case.

20. Insofar as Criminal Revision No. 111926 of 2017 filed by Mst. Kalsoom Bibi complainant for enhancement of the amount of compensation awarded against the appellant by the learned trial Court is concerned, we have disbelieved the prosecution evidence for the detailed reasons mentioned in paragraphs Nos. 11 to 18 of this judgment and acquitted the appellant by setting-aside his conviction and sentence therefore, there is no substance in the present revision petition hence, the same is hereby dismissed.

JK/M-212/L **Order accordingly.**

2022 Y L R 1981

[Lahore]

Before Malik Shahzad Ahmad Khan and Asjad Javaid Ghural, JJ

MUHAMMAD YOUNIS and others---Petitioners

Versus

The STATE and others---Respondents

Criminal Appeals Nos. 151447-J, 151450 and Murder Reference No. 2 of 2018, heard on 7th February, 2022.

(a) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of three hours and twenty five minutes in lodging the FIR---Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---Occurrence in the case took place at 04:00 p.m. but the FIR was lodged on the same day at 07:25 p.m. i.e. after three hours and twenty five minutes of the occurrence---Distance between the place of occurrence and police station was only one Kilometer---Keeping in view the time of occurrence, the place of occurrence and its distance from the police station, it seemed that the FIR had not been promptly lodged in the case---No plausible explanation for the delay of three hours and twenty five minutes in lodging the FIR had been given by any prosecution witness specially when the deceased died at the spot and the police station was situated at a distance of only one kilometer from the place of occurrence---Circumstances established that the prosecution had failed to prove its case against he accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(b) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of eleven hours and thirty minutes in conducting post-

mortem examination on the dead body of the deceased---Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---Post mortem examination on the dead body of the deceased was conducted on the next day of the occurrence at 03:35 a.m., which meant that the post mortem examination on the dead body of the deceased was conducted after 11 hours from the time of occurrence---No plausible explanation had been given by the Medical Officer or by any other prosecution witness for the said delay in conducting the post mortem examination on the dead body of the deceased---High Court observed that said fact suggested that eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside conviction and sentence recorded by the Trial Court, in circumstances.

Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54; Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Sufyan Nawaz and another v. The State and others 2020 SCMR 192; Zafar v. The State and others 2018 SCMR 326 and Muhanunad Ashraf v. The State 2012 SCMR 419 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---No justification was provided for the presence of eye-witnesses at the spot---Chance witnesses---Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---Record showed that the complainant had conceded during his cross-examination that photographs of the deceased were taken during investigation and in the said photographs, eyes of the deceased looked semi open---Said fact showed that the complainant, who was real son of the deceased and other eye-witness, who was son-in-law of the deceased, were not present at the spot because had the said witnesses been present at the spot at the time of occurrence then they would have closed the eyes of the deceased---Both the eye-witnesses did not give any valid reason for their presence at "J" on the day of occurrence and as

such they were chance witnesses, therefore, their presence at the spot at the time of occurrence was not free from doubt---Prosecution story did not appeal to prudent mind because if the accused party had planned to commit the murder of deceased and they had taken the deceased inside their house then as to why they kept on waiting for two and half hours till the arrival of witnesses to commit the murder of the deceased so that they the prosecution eye-witnesses might witness the occurrence and give evidence against them--- Prosecution eye-witnesses were not present at the spot at the relevant time---Circumstances established that the prosecution had failed to prove its case against he accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

Zahir Yousaf and another v. The State and another 2017 SCMR 2002 and Muhammad Asif v. The State 2017 SCMR 486 rel.

(d) Criminal trial---

----Witness---Chance witness---Scope---If a chance witness was unable to establish the reason of his presence at the spot at the time of occurrence then his evidence was not worthy of reliance.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Safyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditto and others 2017 SCMR 142 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Medical evidence and ocular account--- Conflict--- Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---Medical evidence of the prosecution was furnished by Medical Officer---According to the statements of the prosecution eye-witnesses the fire shot made by the accused landed at the left side on the back of head of the deceased but according to the medical evidence the entry wound was on the back of right side of the head behind right ear of the deceased and as such there was conflict between the ocular account and medical evidence of the prosecution, which had created doubt in the prosecution

story---Circumstances established that the prosecution had failed to prove its case against he accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Motive was not proved---Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---According to the prosecution case the motive behind the occurrence was that the deceased refused to teach demonography (AMLIYAAT) to the accused and due to that grudge the accused persons committed the murder of deceased---No cogent evidence had been produced by the prosecution to prove the said motive---No specific date, time and place as to when and where the accused and his co-accused asked the deceased to teach them demonography (AMLIYAAT) and refusal of the deceased to do so had been given by any prosecution witness---Only a vague and general motive had been alleged by the prosecution, therefore, the prosecution failed to prove the alleged motive against the accused---Circumstances established that the prosecution had failed to prove its case against he accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(g) Penal Code (XLV of 1860)---

----Ss. 302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Recovery of weapon of offence on the pointation of accused---Reliance---Scope---Accused was charged that he along with his co-accused in furtherance of their common intention committed murder of the father of complainant by firing---Record showed that pistol 30 bore was recovered on the pointatoin of the accused and positive report of the Forensic Science Agency---According to the statement of Moherror, Investigating Officer handed over to him a parcel said to contain 30 bore pistol which he handed over to Investigating Officer for its onward transmission to the office of Forensic Science Agency---Investigating

Officer although stated that he handed over the parcel of pistol to Moherror for keeping the same in safe custody and for its onward transmission to the office of Forensic Science Agency but he did not state that he received back the parcel of pistol from Moherror and deposited the same in the office of the Forensic Science Agency--- Said facts suggested that the safe custody and transmission of parcel containing pistol to the office of the Forensic Science Agency had not been proved in the case by the prosecution beyond the shadow of doubt---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal was allowed and accused was acquitted by setting aside convictions and sentences recorded by the Trial Court, in circumstances.

(h) Criminal trial---

----Benefit of doubt---Principle---If there was a single circumstance which created doubt regarding the prosecution case, the same would be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Ms. Saiqa Javed and Raja Rafaqat Ali, Defence Counsel for Appellant.

Munir Ahmad Sial, Deputy Prosecutor General for the State.

Mian Tabassum Ali for the Complainant.

Date of hearing: 7th February, 2022.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.151447-J of 2018, filed by Muhammad Younis (appellant) against his conviction and sentence, Murder Reference No. 02 of 2018, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Younis (appellant) and Criminal Appeal No.151450 of 2018, filed by Abid Hussain Shah (appellant/complainant) against acquittal of Ali Hasnain Hashim and Ali Hasnain Asim (respondents/accused). We propose to dispose of all these matters by this single judgment as the same have arisen out of the same

judgment dated 21.12.2017, passed by the learned Additional Sessions Judge, Jhang.

2. Muhammad Younis (appellant), along with his co-accused Ali Hasnain Hashim and Ali Hasnain Asim (since acquitted), was tried in case FIR No.96, dated 26.02.2017, under Sections 302/34, P.P.C. registered at, Police Station Satellite Town, District Jhang lodged by Abid Hussain Shah (complainant). After conclusion of the trial, the learned trial Court vide its judgment dated 21.12.2017, has convicted and sentenced Muhammad Younis (appellant) as under:-

> Under Sections 302(b)/34, P.P.C. to 'Death' for committing Qatl-i - Amd of Ghulam Abbas Shah (deceased). He was also ordered to pay Rs. 5,00,000/- (rupees five hundred thousand only) to the legal heirs of the deceased as compensation under section 544-A of Cr.P.C. and in default thereof to further undergo simple imprisonment up to six months.

However vide the same judgment, co-accused Ali Hasnain Hashim and Ali Hasnain Asim were acquitted of the charges.

3. Brief facts of the case as given by the complainant Abid Hussain Shah (PW-6) in his complaint (Ex.PA), on the basis of which the formal FIR (Ex.PA/1) was chalked out, are that on 26.02.2017 he (complainant/PW-6) along with Syed Ali Aoust Shah (PW-7) and Shabbir 'Hussain Shah (not produced), was present in his house, when Muhammad Younis (appellant) and Ali Hasnain Hashim (acquitted co-accused) came there on motorcycle, who asked complainant's father that deal for sale of their house has been struck and the property dealer was sitting in their house and offered complainant's father to accompany them for finalization of the deal. Father of the complainant namely Ghulam Abbas (deceased) went along with the accused on their motorcycle to the Kothi of Hashim Shah. The deceased did not return for quite some time, whereupon the complainant (PW-6) along with Syed Ali Aoust Shah (PW-7) and Syed Shabbir Hussain Shah (PW since not produced), went towards the Kothi of Hashim Shah for asking about Ghulam Abbas (deceased) and when they reached near the Kothi of Hashim Shah, they found the outer gate of Kothi lying open and heard hue and cry of Ghulam Abbas (deceased) upon which all of them rushed inside the Kothi and saw Ali Hasnain Asim, Ali Hasnain Hashim

(acquitted co-accused) and Muhammad Younas Ansari (appellant), present there and within their view Hashim Shah (co-accused) raised Lalkara to Younis Ansari (appellant) to teach a lesson to Abbas Shah for not imparting demonography "Amliyaat" to them and asked him to make fire. Upon which Muhammad Younas (appellant) took out a pistol from the fold of his Shalwar and made a fire shot, which landed on the back at the left side of head of the deceased, who fell on the ground. Ali Hasnain Hashim, Ali Hasnain Asim (acquitted co-accused) and Muhammad Younas (appellant) fled away from the spot while raising Lalkaras that whosoever would come near, will not be spared. The complainant along with the PWs tried to rescue the deceased but he succumbed to injuries at the spot.

Motive behind the occurrence was that Ali Hasnain Hashim, Ali Hasnain Asim (co-accused since acquitted) and Muhammad Younas (appellant), wanted to learn demonography from the deceased for their nefarious designs but the deceased refused them, due to which the appellant along with his co-accused committed the murder of Ghulam Abbas Shah (deceased).

4. In order to prove its case, the prosecution produced nine witnesses during the trial. The prosecution also produced documentary evidence in the shape of (Exh.PA) to (Exh.PQ).

5. The statements of Muhammad Younis (appellant) and his co-accused under Section 342 of Cr.P.C. were recorded. Muhammad Younis (appellant), refuted the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you" Muhammad Younis appellant replied as under:-

> "All the witnesses are closely related inter-se. There is no independent evidence whatsoever. I am innocent and the prosecution has failed to prove its case beyond any shadow of doubt. All the PWs have falsely deposed against me ".

The learned trial Court vide its judgment dated 21.12.2017, found Muhammad Younis (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is

absolutely innocent and he has falsely been implicated in this case by the prosecution; that there is delay of about 3-1/2 hours in lodging the FIR (Ex.PA/1) whereas there is delay of 11-1/2 hours in conducting the post mortem examination on the dead body of the deceased and the abovementioned delays have created doubts in the prosecution story; that there is conflict between the ocular and medical evidence of the prosecution; that the prosecution witnesses have admitted during their cross-examination that they were residing at Lahore at the time of occurrence and as such they were chance witnesses, therefore, their evidence is not worthy of reliance; that Touqeer Abbas 1970/HC (PW-1) stated that he handed over the parcel of pistol to Akhlaq Ahmad, SI (PW-8) for its onward transmission to the office of the PFSA, Lahore but Akhlaq Ahmad, SI (PW-8) had not stated that he received the parcel of pistol from Touqeer Abbas, 1970/HC (PW-1) and deposited the same in the office of the PFSA, Lahore, therefore, the recovery of pistol (P-6) and positive report of the PFSA, Lahore (Ex.PQ) are inconsequential; that even the motive was not proved in this case by the prosecution; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appeal filed by the appellant may be accepted and the appellant may be acquitted from the charge.

7. On the other hand, it is contended by learned Deputy Prosecutor-General assisted by learned counsel for the complainant that the FIR in this case was promptly lodged and there is no conscious or deliberate delay in reporting the matter to the police; that the prosecution eye-witnesses have categorically stated that they used to visit their native village i.e. Jhang, therefore, their presence at the spot at the releyant time cannot be termed as unnatural or improbable; that both the prosecution witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that the prosecution case against the appellant is fully supported by the medical evidence furnished by the prosecution through Dr. Waseem Akram (PW-9); that the prosecution case against the appellant is further corroborated by the recovery of pistol (P-6) from the possession of the appellant and positive report of PFSA, Lahore (Ex.PQ); that motive against the appellant was also established through reliable and confidence inspiring evidence of the prosecution witnesses; that there is no substance in the appeal filed by Muhammad

Younis, appellant, therefore, the same may be dismissed.

Insofar as the Criminal Appeal No. 151450 of 2018 is concerned it is contended by learned counsel for the complainant that the prosecution proved its case against acquitted accused, namely Ali Hasnain Hashim and Ali Hasnain Asim, who shared common intention with Muhammad Younas, accused and committed the murder of Ghulam Abbas Shah (deceased); that the abovementioned accused have wrongly been acquitted by the learned trial Court, therefore, appeal filed against their acquittal may be accepted and the said accused may be convicted and sentenced in accordance with the law.

8. Arguments heard. Record perused.

9. The occurrence in this case took place on 26.02.2017 at 04:00 p.m. but the FIR was lodged on the said day at 07:25 p.m. i.e. after three hours and twenty five minutes of the occurrence. As per relevant columns of the FIR, the distance between the place of occurrence and police station was only one Kilometer. Keeping in view the time of occurrence, the place of occurrence and its distance from the police station we are of the view that the FIR has not been promptly lodged in this case. No plausible explanation for the abovementioned delay of three hours and twenty five minutes in lodging the FIR has been given by any prosecution witness specially when the deceased died at the spot and the police station was situated at a distance of only one kilometer from the place of occurrence. We have further noted that post mortem examination on the dead body of the deceased was conducted on the next day of occurrence i.e. on 27.02.2017 at 03:35 a.m., which means that the post mortem examination on the dead body of the deceased was conducted after 11-1/2 hours from the time of occurrence. No plausible explanation has been given by the Medical Officer (Dr. Waseem Akram, PW-9) or by any other prosecution witness for the abovementioned delay in conducting the post mortem examination on the dead body of the deceased. In the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the judgment at page No. 55 reads as under:--

"2. . Post-mortem examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that time had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution .."

Similarly, in the case of "Khalid alias Khalidi and 2 others v. The State" (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post mortem examination on the dead body of deceased, to be an adverse fact against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192), "Zafar v. The State and others" (2018 SCMR 326) and "Muhanunad Ashraf v. The State" (2012 SCMR 419).

We have further noted that Syed Abid Hussain Shah, complainant (PW-6) has conceded during his cross-examination that photographs of the deceased P-4(1-3) were taken during investigation and in the said photographs, eyes of the deceased looked semi open. The relevant part of his statement reads as under:

"The photo snaps of the deceased were taken during investigation proceedings by the investigating officer. In photo snaps P-4 (1-3) eyes of the deceased look semi open."

The abovementioned fact further shows that Syed Abid Hussain Shah, complainant (PW-6), who was real son of the deceased and Syed Ali Aoust Shah (PW-7), who was son-in-law of the deceased were not present at the spot because had the said witnesses been present at the spot at the time of occurrence then they would have closed the eyes of the deceased. Reference in this context may be made to the case of "Zahir Yousaf and another v. The State and another" (2017 SCMR 2002) wherein at Para No.4 it was observed as under:-

" We have also noted that as per the inquest report (Exh.PG) eyes of Ghulam Sarwar (deceased) were open which makes the presence of the witnesses of ocular account at the time of occurrence doubtful because had

they been present there they would have closed eyes of deceased who was their close relative ....."

Similar view was taken by the Apex Court of the country in the case of "Muhammad Asif v. The State" (2017 SCMR 486).

10. The ocular account of the prosecution was furnished through Syed Abid Hussain Shah, complainant (PW-6) and Syed Ali Aoust Shah (PW-7). We have noted that both the above mentioned witnesses were residing along with their families at Lahore at the time of occurrence. Syed Abid Hussain Shah, complainant (PW-6) conceded that he along with his children, brothers and sisters was residing at Lahore and his brother-in-law, namely Syed Ali Aoust Shah (PW-7), was also residing with him at Lahore during the days of occurrence whereas his father, namely Ghulam Abbas Shah (deceased) was living alone at Jhang. The relevant part of his statement in this respect reads as under:--

> "PW-7 Aoust Ali Shah is my brother-in-law and also my cousin. PW Shabbir Hussain Shah is my maternal uncle ( ). We are seven brothers and two sisters. I am the eldest. We two brothers and one sister are married. My un-married brothers and sisters are residing with me at Lahore. PW explained we all used to visit our house at Jhang of and on. I working as merchandising manager in Textile industry. My children are studying at Lahore. My father was living alone at Jhang. PW explained a servant was also residing with him. My father was prayer leader ( ) and remained engaged in spiritual rituals. Besides his own earning we also used to send money to him. PW Aoust Ali Shah is also residing and serving at Lahore with me."
>
> (Bold and underlining supplied (for emphasis)

Although the complainant stated that they (PWs) used to visit Jhang on and off but he has not given any specific schedule of their visit to Jhang from Lahore, which means that ordinary place of residence of both the above mentioned eye-witnesses was Lahore whereas the occurrence took place at Jhang. Both the above mentioned eye-witnesses did not give any valid reason for their presence at Jhang, on the day of occurrence and as such they are chance witnesses, therefore, their presence

at the spot at the time of occurrence is not free from doubt. It is by now well settled that if a chance witness is unable to establish the reason of his presence at the spot at the time of occurrence then his evidence is not worthy of reliance. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Safyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the Apex Court of the country was pleased to observe as under:-

> " ....He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In these circum-stances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under

" .. Muhammad Irshad complainant, (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence ....."

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove any valid reason of their presence at the spot at the time of occurrence, therefore, their very presence in the house of occurrence at the relevant time becomes doubtful.

If for the sake of arguments, the presence of the above mentioned eye-witnesses at Jhang on the day and time of occurrence is presumed to be correct even then it is noteworthy that the occurrence took place inside the house of one Syed Imtiaz Ali Shah (father of Ali Hasnain Hashim and Ali Hasnain Asim, acquitted co-accused). The abovementioned eye-witnesses could not give any valid reason for their presence inside the house of abovementioned co-accused at the time of occurrence. Although the said eye-witnesses stated that on the day of occurrence they (PWs) along with Ghulam Abbas Shah (deceased) were present in their house when the accused persons took the deceased along with them on the pretext to finalize the deal of sale of the house of the complainant party but when the deceased did not come back for a long time then they (PWs) reached at the house of abovementioned co-accused and witnessed the occurrence but it is noteworthy that the complainant has admitted during his cross-examination that they (complainant party) had old relationship with the accused party since 15/20 years and they frequently used to visit each other. He further stated that they (PWs) kept on waiting for the return of the deceased for 2-1/2 hours and thereafter they went out in search of the deceased. The abovementioned eye-witnesses did not explain that as to what had prompted them to start search for the deceased when the relationship between the deceased and the accused party was normal since 15/20 years. No plausible explanation in this respect to justify the presence of prosecution eye-witnesses inside the house of abovementioned co-accused at the time of occurrence has been given by the prosecution eye-witnesses. Moreover, the prosecution story does not appeal to a prudent mind because if the accused party had planned to commit the murder of Ghulam Abbas Shah (deceased) and they (accused party) had taken the

deceased inside their house then as to why they kept on waiting for two and half hours till the arrival of PWs to commit the murder of the deceased so that they (the prosecution eye-witnesses) may witness the occurrence and give evidence against them (accused party). Keeping in view all the abovementioned facts we are of the view that the prosecution eye-witnesses were not present at the spot at the relevant time.

11. The medical evidence of the prosecution was furnished by Dr. Waseem Akram (PW-9). According to the statements of the prosecution eye-witnesses the fire shot made by the appellant landed at the left side on the back of head of the deceased but according to the medical evidence furnished by Dr. Waseem Akram (PW-9) the entry wound was on the back of right side of the head behind right ear of the deceased and as such there is conflict between the ocular account and medical evidence of the prosecution, which has created further doubt in the prosecution story.

12. According to the prosecution case the motive behind the occurrence was that the deceased refused to teach demonography (AMLIYAAT) to the accused and due to this grudge the accused persons committed the murder of Ghulam Abbas Shah, deceased. No cogent evidence has been produced by the prosecution to prove the abovementioned motive. No specific date, time and place that as to when and where the appellant and his co-accused asked the deceased to teach them demonograrhy (AMLIYAAT) and refusal of the deceased to do so has been given by any prosecution witness and only a vague and general motive has been alleged by the prosecution. We are, therefore, of the view that the prosecution failed to prove the alleged motive against the appellant.

13. Insofar as recovery of pistol .30 bore (P-6) recovered on the pointatoin of the appellant and positive report of the PFSA, Lahore (Ex.PQ) is concerned, we have noted that according to the statement of Touqeer Abbas 1970/HC (PW-1) on 10.03.2017 Ikhlaq Ahmad, SI (PW-8) handed over to him a parcel said to contain .30 bore pistol and on 14.03.2017 he handed over the said parcel to Ikhlaq Ahmad, SI (PW-8) for its onward transmission to the office of PFSA, Lahore. On the other hand, Ikhlaq Ahmad SI (PW-8) although stated that he handed over the parcel of pistol to Touqeer Abbas 1970/HC (PW-1) for keeping the same in safe custody and for its onward transmission to the office of PFSA, Lahore but he did not state that

he received back the parcel of pistol from Touqeer Abbas 1970/HC (PW-1) and deposited the same in the office of the PFSA, Lahore on 15.03.2017. We are, therefore. of the view that the safe custody and transmission of parcel containing pistol (P-6) to the office of the PFSA., Lahore has not been proved in this case by prosecution beyond the shadow of doubt.

14. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt about the prosecution story. In the case of 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> '5 .. The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:--

> '13 . . It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as a matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

15. In the light of above discussion, we are of the view that the prosecution has

failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept the Criminal Appeal No.151447-J of 2018 filed by Muhammad Younas appellant, set aside his conviction and sentence and acquit him of the charge by extending him the benefit of doubt. Resultantly, Murder Reference No. 02 of 2018 is answered in the negative. The appellant Muhammad Younas is in custody, he be released from the jail forthwith if not required to be detained in any other case.

16. Insofar as Crl. Appeal No. 151450 of 2018 filed by Syed Abid Hussain Shah complainant against the acquittal of Ali Hasnain Hashim and Ali Hasnain Asim (acquitted accused persons), is concerned, we have already disbelieved the prosecution evidence for the detailed reasons mentioned in paragraphs Nos. 9 to 14 of this judgment, therefore, the present criminal appeal has no force, hence, the same is hereby dismissed.

JK/M-41/L **Order accordingly.**

2022 Y L R 2233

[Lahore]

Before Malik Shahzad Ahmad Khan, A.C.J

MUHAMMAD RAMZAN---Petitioner

Versus

The STATE and 7 others---Respondents

Writ Petition No. 32866 of 2022, decided on 19th July, 2022.

Constitution of Pakistan---

----Art. 199--- Habeas corpus, writ of---Abduction of minor (son)---Proof---Petitioner alleged that respondents abducted his minor son and on a phone call someone demanded ransom for release---Validity---One stated eye-witness of occurrence was not traced out whereas the other stated eye-witness of occurrence denied claim of petitioner regarding abduction of his son---People of area of occurrence duly mentioned in inquiry report denied allegations of petitioner leveled in petition as no such occurrence had taken place in the area---Close relatives of petitioner also stated that neither petitioner was ever married nor there was any son of petitioner---As per police record petitioner was involved in sixteen criminal cases---Petitioner himself earlier filed eleven Constitutional petition before High Court and got filed eleven petitions before High Court through different persons---Petitioner was in the habit of filing frivolous petitions before High Court and he was a habitual criminal---High Court declined to interfere in the matter and imposed cost upon petitioner for filing false and frivolous petition on the basis of unture facts and forged documents, as the same resulted into wastage of precious time of Court and general public---Constitutional petition was dismissed in circumstances.

Javaid Iqbal Abbasi and Company v. Province of Punjab and 6 others 1996 SCMR 1433; Ahmed Nawaz alias Babal Khan Jakhrani v. The State and another PLD 1998 Kar. 180 and Muhammad Aslam v. District Returning Officer, Sheikhupura and 6 others 2007 CLC 188 ref.

Manzoor Hussain Khan for Petitioner.

Amjad Ali Chattha, Addl. Advocate-General with Raees, SI Police Station City Jhang and Maqsood, ASI Police Station Sanda, Lahore.

Raja Rafaqat Ali with Respondents Nos.7 and 8.

ORDER

MALIK SHAHZAD AHMAD KHAN, A.C.J.---The instant constitutional petition has been filed by Muhammad Ramzan, petitioner resident of Chak Janubi, Tehsil and District Jhang on the ground that on 22.05.2022 at 02:00 p.m. Asghar Ali, respondent No.7 and Yasmin, respondent No.8 along with two unknown persons came at his agricultural land and abducted his minor son, namely Muhammad Asad, aged about fourteen (14) years. It is further alleged in the present petition that on 23.05.2022 the petitioner received a phone call and the caller demanded from the petitioner an amount of Rs.300,000/- for the release of his son. The petitioner, therefore, filed the instant petition for the recovery of his son, who was statedly in illegal confinement of respondents Nos.7 and 8. This Court vide order, dated 31.05.2022, directed the S.H.O. Police Station Sanda, District Lahore (respondent No.6) to recover the alleged detenue and produce him before this Court on the next date. The case was fixed for 02.06.2022 and on the said date a proxy counsel (Mr. Habib Ullah, Advocate) appeared before this Court on behalf of the petitioner and sought some time for taking instructions from the learned principal counsel but thereafter neither the petitioner nor the abovementioned learned proxy counsel or principal counsel for the petitioner bothered to appear before the Court. The case was kept pending till 11:00 a.m. and thereafter the instant petition was dismissed on merits after hearing the arguments of learned counsel for respondents Nos.7 and 8, as well as, in the light of report furnished by the S.H.O. Police Station City Jhang, which report showed that neither Muhammad Ramzan, petitioner contracted any marriage nor he had any son as claimed by him in the instant petition. This Court observed that as the petitioner filed a frivolous petition before this Court, which resulted in the wastage of precious time of the Court and general public, therefore, this petition was dismissed with the cost of Rs.1,00,000/- (Rupees one hundred thousand only) vide order, dated 02.06.2022. The petitioner thereafter challenged the abovementioned order of this Court and the Hon'ble Supreme Court of Pakistan vide order, dated 14.06.2022, rendered in Civil Petition No.1854 of 2022, set aside the abovementioned order of this Court on the ground that the petitioner was not heard at the time of abovementioned decision of this case, therefore, the case was remanded back to this Court for decision afresh in accordance with the law.

2. On post remand proceedings i.e. on 30.06.2022 the petitioner appeared before this Court and reiterated his contentions voiced through the instant petition. On the other hand, there was a report of the S.H.O. Police Station City Jhang, which was supported by the verification of Muhammad Nadeem, Councilor Ward No.6, Municipal Committee, Jhang according to which neither Muhammad Ramzan,

petitioner had contracted any marriage nor he had any son as claimed by him in the instant petition. Even respondents Nos.7 and 8 present before the Court along with their learned counsel on the abovementioned date i.e. 30.06.2022 denied the allegations levelled by the petitioner in the instant petition. Mst. Yasmin, respondent No.8 also levelled the allegation of rape, blackmailing, taking cash amount through fraudulent means etc against the petitioner with the claim that she had also audio recording of the blackmailing of the petitioner. She further alleged that an amount of Rs.200,000/- was obtained by the petitioner from her for getting employment for her son, namely Ahmed Hassan, in LESCO Company and when the abovementioned amount was demanded back, the petitioner started filing frivolous petitions against her through different persons and reference in this respect was made to W.P. No.28200 of 2022 and W.P. No.31402 of 2022 statedly filed by one Mst. Feroza Bibi under the influence of the petitioner against respondents Nos. 7 and 8.

3. As disputed questions of facts were involved in this case, therefore, the DPO, Jhang was directed to hold an inquiry regarding the respective claims of the parties and regarding the fact that as to whether the petitioner has any son with the name of Muhammad Asad. It was further directed that a report shall also be submitted regarding the genuineness or otherwise of the birth certificate of the abovementioned son of the petitioner. In compliance of the above-referred order of this Court the District Police Officer, Jhang submitted his detailed report, dated 06.07.2022 (hereinafter to be referred as report), wherein it is reported that the allegations levelled by the petitioner in the instant petition were found to be false. It was further reported that the petitioner had earlier filed number of other writ petitions before this Court and he is also involved in number of criminal cases. On the next date of hearing i.e. 07.07.2022 the petitioner did not appear before the Court, however, he submitted a written application to adjourn the case. Consequently, the case was adjourned for 15.07.2022 with the clear understanding that no further adjournment shall be granted in this case. On 15.07.2022 the petitioner again did not appear before the Court and in his place Mr. Manzoor Hussain Khan, Advocate appeared before the Court and after filing his power of attorney on behalf of the petitioner he sought adjournment. He also undertook to produce the petitioner before this Court on the next date. It is pertinent to mention here that the instant petition was filed by the petitioner in person. Although on the earlier date of hearing i.e. 07.07.2022 this case was adjourned on the written request of the petitioner with the clear understanding that no further adjournment shall be granted in this case, however, in the interest of justice, last and final opportunity was granted to the petitioner and his learned counsel for arguments

in this case and consequently the case was adjourned for today i.e. 19.07.2022. Today the petitioner did not appear before the Court. The undertaking of learned counsel for the petitioner made on the previous date of hearing regarding production of the petitioner before this Court on the next date was not honored. Learned counsel for the petitioner made a request at the very outset that as the petitioner has filed a petition under section 22/A-B of Cr.P.C. before the concerned Justice of Peace for redressal of his grievance, therefore, he does not press this petition, hence, the same may be dismissed as having been withdrawn. On the other hand, abovementioned request of learned counsel for the petitioner has vehemently been opposed by learned counsel for respondents Nos. 7 and 8, as well as, by the learned Addl. Advocate-General on the ground that the petitioner is a habitual litigant/criminal, who has filed the instant petition on the basis of false and frivolous allegations/ documents, which facts have been established during the inquiry of the DPO, Jhang, therefore, in order to avoid the legal consequences, the above-mentioned prayer has been made by learned counsel for the petitioner to withdraw this petition.

The abovementioned prayer of learned counsel for the petitioner is rejected because the law has been set into motion. A detailed inquiry has been held in this case, precious time of the Court and general public has been consumed and appropriate order in this case has to be passed, therefore, allowing the petitioner to withdraw this petition would amount to subvert the cause of justice.

4. It has been established in this case that the petitioner is a habitual litigant, who has already filed number of writ petitions before this Court and he is also involved in number of criminal cases and when the abovementioned facts have been established during the inquiry of the DPO, Jhang, as well as, from the record of this Court, therefore, in order to avoid legal consequences the petitioner intends to withdraw this petition. The Hon'ble Supreme Court of Pakistan in the case of "Javaid Iqbal Abbasi and Company v. Province of Punjab and 6 others" (1996 SCMR 1433) observed that if the prayer to withdraw a writ petition has been made for perpetuating a fraud or injustice then the Court may decline withdrawal of the writ petition. The relevant para of the said judgment at Para 10 is reproduced hereunder for ready reference:-

> "10. From the above discussed legal position, we are of the view that normally the Court will not disallow an application for unconditional withdrawal of a writ petition filed under Article 199 of the Constitution after its institution but if the Court comes to the conclusion that the application for withdrawal of the proceedings has been made in order to defeat the right of

respondent or any other person to whom the right to pursue the petition has accrued after filing of the petition or withdrawal of the proceedings, would result in perpetuating a fraud or injustice, the Court may decline to allow the petitioner to withdraw the case. The Court may also in appropriate cases, where it comes to the conclusion that the purpose of withdrawal of proceeding is only to prevent the Court from passing an order undoing a wrong or an, injustice done to a party or the withdrawal would deprive the Government or a public functionary to receive or recover the public dues, or the withdrawal would otherwise defeat the ends of justice, decline the prayer for withdrawal of petition titled under Article 199 of the Constitution seeking equitable relief from the Court .."

Similar view was taken in the cases of "Ahmed Nawaz alias Babal Khan Jakhrani v. The State and another" (PLD 1998 Karachi 180) and "Muhammad Aslam v. District Returning Officer, Sheikhupura and 6 others" (2007 CLC 188) wherein the requests of the petitioners, to withdraw the writ petitions of the said cases were declined on the ground that once the law has been set into motion and cognizance has been taken by the Court then appropriate order has to be issued and if the prayer to withdraw the petition would amount to defeat the ends of justice then the said prayer may be declined. It was also observed in the case of Muhammad Aslam, supra as under:-

"4. Today the learned Returning Officer/Civil Judge has appeared and rebuffed the allegation. The learned counsel for the petitioner submitted peevishly that he wanted to withdraw this writ petition.

5. It is very unfortunate that it has become fashion to level false and wild allegations against the innocent persons disregarding their status and position, which is not only illegal, it is also a sin, in accordance with our religion. Under the constitution of Pakistan, to malign judiciary, is a serious offence, therefore, the request of the learned counsel for the petitioner cannot be granted.

6. This writ petition is dismissed with Rs.50,000/- as cost, to be paid by the petitioner. The office is directed to make arrangement for the recovery of the same in accordance with law and rules. The petitioner is also declared disqualified to contest the election in view of above false allegation against a member of the judiciary which he has miserably failed to prove or substantiate."

(Bold and underlining is supplied for emphasis)

5. In the light of above the request of learned counsel for the petitioner to withdraw this petition is hereby declined and I proceed to decide the instant petition on merits.

6. As mentioned earlier, in compliance of this Court's order dated 30.06.2022, the District Police Officer, Jhang has furnished his report. The perusal of the said report shows that Muhammad Ramzan, petitioner, as well as, Asghar Ali respondent No.7 and Mst. Yasmin respondent No.8 along with others were associated during the inquiry proceedings. The DPO, Jhang has reported that the petitioner is a habitual criminal, who is involved in as many as sixteen (16) criminal cases. The list of the said cases has been annexed as Annexure-H, with the report. It has further been reported that the petitioner himself earlier filed, as many as, eleven (11) writ petitions before this Court and he has also got filed eleven (11) other writ petitions through different persons in this Court. It is further reported that this is third petition filed by the petitioner before this Court for the alleged illegal detention of his son. I have also noted that earlier W.P. No. 24167 of 2010 was filed by Muhammad Ramzan, petitioner before this Court with the allegation that respondents Nos.13 and 15 of the said petition have illegally detained the son of the petitioner, namely Muhammad Asad. The DPO, Jhang informed the Court in the abovementioned writ petition that the petitioner is in a habit of filing writ petitions on frivolous grounds. Consequently, the abovementioned writ petition was dismissed with the cost of Rs.2000/- vide order, dated 29.11.2010 and the DPO, Jhang was directed to take necessary legal proceedings against the petitioner, in case he was found to have committed cheating or misrepresentation, after proper investigation. The above-mentioned order of this Court reads as follows:-

> "29.11.2010 Nemo for the petitioner.
>
> Mr. Jawad Hassan, Addl.A.G. with Dr. Muhammad Rizwan, District Police Officer, Jhang/ respondent No.3
>
> Respondents Nos. 13 to 15 in person.
>
> "Respondents Nos. 13 to 15 categorically denied that the son of the petitioner, namely, Muhammad Asad is in their illegal custody. They submitted that the petitioner never got married and as such, the question of abduction or keeping his alleged son in illegal confinement did not arise at all. DPO, Jhang has informed this Court that the petitioner is in habit of filing

writ petitions on frivolous grounds and his earlier petitions have already been dismissed by this Court.

2. In view of above, the instant petition is dismissed with a cost of Rs.2,000/- DPO, Jhang is directed to take necessary legal proceedings against the petitioner in case, he is found to have committed cheating or misrepresentation, after proper investigation."

In compliance of the above-mentioned order of this Court, FIR No.1483, dated 05.12.2010 under sections 419/420/468 and 471, P.P.C. was registered at Police Station Sadar Jhang, District Jhang and during the course of investigation the petitioner was found guilty by the Investigating Officer. It is further noteworthy that the petitioner also filed another W.P. No.8007 of 2022 before this Court with the contention that LESCO Officers have abducted his son, namely Muhammad Asad. In the said writ petition SHO appeared before this Court on 10.02.2022 and submitted that the son of the petitioner was not under the custody of LESCO Officers/respondents Nos.5 to 7 of the said case and abovementioned petition was false and vexatious. Moreover, in the said case, on 21.02.2022 SSP, (Operations), Lahore submitted inquiry report wherein it was reported that the petitioner filed the abovementioned writ petition to harass the Wapda/Lesco authorities for his ulterior motives and for getting benefits in respect of pending liability qua electricity dues and bills. It was further mentioned in the said report that the petitioner after taking benefits from the LESCO authorities intended to withdraw his abovementioned writ petition from this Court. On the next date of hearing of said writ petition i.e. on 21.02.2022 the abovementioned writ petition was dismissed as having been withdrawn without touching the merits of the case. It is, therefore, evident that the petitioner has filed the instant third habeas petition regarding alleged illegal detention of his son. He has earlier filed two writ petitions regarding the same grievance against the other respondents. The perusal of the report of the DPO, Jhang further reveals that Muhammad Ramzan, petitioner did not produce eye-witnesses of the occurrence mentioned in the case before the Inquiry Officer, however, the local police was directed by the inquiry officer to trace out the petitioner's eye-witnesses. One eye-witness, namely Ameer Shah could not be located while the other eye-witness of the petitioner, namely Muhammad Saleem, was traced out and he was associated in the inquiry proceedings. The said Muhammad Saleem, showed his ignorance about the occurrence as claimed by the petitioner. He further stated that neither incident of abduction took place nor he witnessed any incident. His statement has been annexed as Annexure-A with the report. Muhammad Nadeem, Muhammad Ali, Muhammad

Rafique and Muhammad Bakhsh, who were residents of the locality where the occurrence statedly took place, also joined the inquiry and denied the allegations levelled by the petitioner in the instant petition and they verified that no such occurrence as claimed by the petitioner, had taken place. Their statements were recorded and the same have been enclosed as Annexure-B with the report. Perusal of inquiry report further shows that according to the claim of the petitioner he (petitioner) was in the area of Chund Bharwana Tehsil and District Jhang at the time of occurrence, where the occurrence took place. In order to verify his claim the CDRs of mobile numbers of the petitioner and respondents Nos.7 and 8 were collected and it was found that on the relevant date and time the location of the petitioner, as well as, respondents Nos.7 and 8 was in District Lahore instead of District Jhang. The perusal of inquiry report further reveals that the petitioner claimed that he solemnized marriage with one Mst. Shaheen Fatima and from the said wedlock one son, namely Muhammad Asad (alleged detenue) was born who after divorce between the spouses in the year 2009 was grown up by his aunt, namely Mst. Sattan Bibi. However, the petitioner neither produced his Nikah Nama nor divorce deed or even the photo of his son before the DPO, Jhang. The petitioner, however, produced the birth certificate of his son issued by Union Council No.89, Civil Lines, Jhang but the Chief Officer, Municipal Committee, Jhang vide letter No.98/CO, dated 06.07.2022 has reported that birth register has been found tempered with, therefore, a request has been made to the Deputy Director, Local Government, Jhang for further inquiry regarding tempering in the above-mentioned birth register. The petitioner could not tell the whereabouts of his stated ex-wife, namely Shaheen Fatima. The Inquiry Officer with the help of identity card number mentioned on the above-referred birth certificate, traced out Mst. Shaheen Fatima, whose address was written as Mohallah Islampura, Noshehra Virkan, District Gujranwala in the relevant document. The abovementioned Shaheen Fatima categorically denied her marriage with the petitioner. She further stated that she has no child with the name of Muhammad Asad from the petitioner. The statement of Mst. Shaheen Fatima, is annexed as Annexure D with the report. In order to verify the factum of bringing up the alleged abductee by Mst. Sattan Bibi her house was traced out where her daughter-in-law Mst. Sakina Bibi and grandson, namely Shahid Abbas were found. They both stated that Muhammad Ramzan, petitioner was their relative, however, the petitioner neither solemnized marriage nor he had any child. They categorically denied the version that the alleged abductee, namely Muhammad A sad was grown up by Mst. Sattan Bibi. According to their statements, Mst. Sattan Bibi had already died. Statements of Mst. Sakina Bibi and Shahid Abbas, are also enclosed as Annexure-E with the report. In the above-referred

inquiry proceedings Mst. Yasmin, respondent N o.8 also made her statement wherein she stated that the petitioner had obtained an amount of Rs.200,000/- (Rupees Two Hundred Thousand Only) from her through fraud and blackmailing and he also committed rape with her after taking her to the ground floor of Dreamland Hotel, 9-Fan Road, Lahore. In view of the statement of Mst. Yasmin (respondent No.8), staff of the above said hotel was also associated in the inquiry proceedings and all the staff members confirmed that Muhammad Ramzan, petitioner obtained a room in the basement of the hotel on rent where he used to bring different ladies on different occasions. Consequently, Mst. Misbah, Mst. Asma Arooj and Mst. Tahira Parveen were also associated in inquiry proceeding and they also disclosed that the petitioner committed their rape on the pretext that he would help them to get jobs. They also levelled the allegations of blackmailing etc. against the petitioner. The DPO, Jhang in his inquiry report finally concluded as under:-

"After detailed proceedings, following facts came forth:--

a. Muhammad Saleem, eye-witness of petitioner categorically denied the allegations levelled by the petitioner.

b. No one from the locality endorsed the version of petitioner rather, all negated his version regarding his son and alleged incident.

c. During proceedings, petitioner contended that at the time of occurrence, he was in Chund Bharwna Jhang but as per CDR of his mobile phone numbers, his location was in District Lahore.

d. As per CDRs, the locations of Respondents Nos.7 and 8 have also been found in District Lahore on the day of alleged occurrence i.e. 22.05.2022.

e. The petitioner has neither contracted marriage with Mst. Shaheen Fatima nor he has any child. Petitioner's contention was categorically denied by Mst. Shaheen Fatima (alleged wife of petitioner).

f. The local people of vicinity confirmed that petitioner Muhammad Ramzan has neither solemnized marriage nor he has any child.

g. The version of petitioner that his son was grown up by his aunt Mst. Sattan Bibi has been negated by the close relatives of Mst. Sattan Bibi as petitioner has never solemnized marriage.

h. As per report of Chief Officer, Municipal Committee, Jhang, Birth

Register has been found tempered regarding registration of petitioner's son.

i. Ealirer, during the year 2010, petitioner also filed Writ Petition No.24167/2010 with the allegations that his son Muhammad Asad has been abducted by accused. The Honorable Court dismissed the petition with direction to register criminal case against him while, fine was also imposed upon petitioner. Consequently, case FIR No. 1483 dated 05.12.2010 under sections 419/420/468/471, P.P.C. was registered against him at Police Station Saddar Jhang.

j. Earlier, petitioner also filed Writ Petition No.8007/2022 titled as Muhammad Ramzan v. IGP Punjab, etc against LESCO for recovery of his son Muhammad Asad which was withdrawn by him.

k. The allegations levelled by respondent No.08 Mst. Yasmin Bibi regarding rape and blackmailing by petitioner Muhammad Ramzan have also been verified by the Hotel Staff, as well as, other ladies who were associated into the inquiry proceedings through local police.

In view of above made submission and circumstances, petitioner has never solemnized marriage and he has no son as contended in subject writ potion. While, record of birth certificate produced by the petitioner before the Honorable Court as well as during inquiry proceedings, has also been reported tampered by the concerned department. The petitioner is habitual litigant and it is pertinent to mention here that this is third time petition filed by the petitioner before the Honorable Court for recovery of his so called abducted son Muhammad Asad. All the allegations levelled by the present petitioner in this petition have been found false and baseless, therefore, it is most respectfully prayed that the subject writ petition having no substance may graciously be dismissed.

Submitted Please."

7. Learned counsel for the petitioner is unable to controvert the findings of the DPO, Jhang recorded in his inquiry report, dated 06.07.2022. It is, therefore, established in this case that there is no proof of the marriage of the petitioner with the abovementioned Mst. Shaheen Fatima and the said Mst. Shaheen Fatima has also denied the claim of the petitioner that she was ever married with the petitioner or any son was born from the wedlock as claimed by the petitioner. All the relatives of the petitioner also denied that the petitioner was ever married or he had a son as claimed

in the present petition. The earlier petition filed by the petitioner before this Court i.e. W.P. No.24167 of 2010 regarding alleged illegal detention of his son, namely Muhammad Asad has already been dismissed by this Court vide order, dated 29.11.2010 with the cost of Rs.2000/- and the DPO, Jhang was directed by this Court to take necessary legal proceedings against the petitioner, whereupon FIR No.1483 dated 05.12.2010 under sections 419/ 420/ 468/471, P.P.C. was registered against him at PS Saddar Jhang. One stated eye-witness of the occurrence was not traced out whereas the other stated eye witness of the occurrence denied the claim of the petitioner regarding the abduction of his son. Likewise, people of the area of occurrence, duly mentioned in the inquiry report also denied the allegations of the petitioner levelled in the instant petition and submitted that no such occurrence had taken place in the area. Even close relatives of the petitioner, namely Mst. Sakina Bibi and Shahid Abbas have also stated during the inquiry proceedings that neither the petitioner was ever married nor there is any son of the petitioner. As per police record the petitioner is involved in sixteen (16) criminal cases. He has himself earlier filed eleven (11) writ petitions before this court and he got filed eleven (11) writ petitions before this Court through different persons, which shows that the petitioner is in a habit of filing frivolous petitions before this Court and he is a habitual criminal.

8. In the light of above, it is crystal clear that the petitioner has filed the instant false and frivolous petition before this Court on the basis of unture facts and forged documents, which has resulted into the wastage of precious time of the Court and general public, therefore, this petition is dismissed with the cost of Rs.300,000/- (Rupees Three Hundred Thousand Only), which shall be deposited by the petitioner with the Deputy Registrar (Judl.) of this Court within a period of thirty (30) days from today, failing which the same shall be recoverable as arrears of land revenue. After recovery of abovementioned amount the same shall be paid to respondents Nos.7 and 8, after observing all codal formalities.

9. At this stage, learned counsel for respondents Nos. 7 and 8 submits that the allegations of demanding and taking cash amount from respondent No.8 through fraud, cheating and blackmailing, as well as, the allegations of commission of rape have been levelled against the petitioner by respondent No.8 and other ladies mentioned in the report of the DPO, Jhang, whereas the petitioner has also committed different other offences against respondents Nos.7 and 8, therefore, order for registration of FIRs may be passed against the petitioner. In this respect it is observed that respondent No.8 and other ladies mentioned in the report of the DPO, Jhang may submit applications before the S.H.O. Police Station Mozang, Lahore, who will

proceed on the said applications in accordance with the law. The DPO, Jhang is also directed that if the birth certificate of the stated son of the petitioner is found to be forged and fake then he shall initiate necessary legal proceedings against the petitioner. Respondents Nos.7 and 8 may also file applications before the S.H.O. Police Station City Jhang, District Jhang (respondent No. 5) in respect of the offences of fraud, forgery, cheating, blackmailing, etc. statedly committed by the petitioner, who will proceed on the said applications in accordance with the law. In case applications are moved by respondents Nos. 7 and 8 before the S.H.O. (respondent No.5) then the same shall be decided within a period of four (04) weeks from today. The DPO, Jhang shall furnish a report regarding the abovementioned directions within a period of six (06) weeks from today with the Deputy Registrar (Judl.) of this Court. It is further observed that respondents Nos.7 and 8 may move applications before other SHO(s) of the concerned areas for registration of FIR(s) against the petitioner and if any application is moved in this respect by the abovementioned respondents then the same shall be decided strictly in accordance with the law, without being influenced by any observation made in this order.

MH/M-175/L **Order accordingly.**

MUHAMMAD AKRAM---Petitioner

Versus

The STATE and another---Respondents

Criminal Miscellaneous No. 43133-B of 2021, decided on 15th July, 2021.

Criminal Procedure Code (V of 1898)---

---S. 497---Penal Code (XLV of 1860), Ss. 376 & 337-J---Rape---Causing hurt by means of a poison---Bail, grant of---Case of zina with consent---Failure to recover utensil containing intoxicating material--- Further inquiry--- Scope---Prosecution case was that the complainant was called by accused on the pretext of giving her a job at a beauty parlor; that the accused along with co-accused took the complainant at an unknown place where some intoxicating material was administered to her through a bottle and that the accused persons thereafter committed rape with the complainant turn by turn---Complainant was admittedly a married lady therefore medico legal report showing her hymen to be old ruptured was inconsequential---True, DNA test report revealed that accused persons could not be excluded being contributors towards the semen detected on the vaginal swabs of the complainant but point for determination before the High Court was as to whether it was a case of rape as alleged by the complainant or it was a case of zina with consent, which was bailable offence---No allegation of forcible abduction was levelled neither was there any medico legal report in support of the allegation of intoxicating material being administered to the complainant nor the bottle containing intoxicating material was recovered---Allegation of rape levelled against the accused required further probe---Co-accused was released on bail by the Sessions Judge on the exonerating statement of the complainant---Case of accused was at par with the case of co-accused---Petition for grant of bail was allowed, in circumstances.

Kaleem Ullah v. The State and others 2017 SCMR 19 and Jamshaid Asmat alias Sheedu v. The State and others 2011 SCMR 1405 ref.

Rai Ashfaq Ahmad Kharal for Petitioner.

Ch. Muhammad Ishaq, Addl. Prosecutor General for the State.

Malik Zulfiqar Ali for the Complainant.

Farzana, Lady Sub-Inspector.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---The petitioner, namely, Muhammad Akram through the instant petition seeks post arrest bail in case FIR No. 648 dated 26.02.2021 registered at Police Station City Raiwind District Lahore offences under sections 376/337-J of P.P.C.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 24.02.2021 at about 08:00 p.m., Mst. Saima complainant was called by the petitioner on the pretext of giving her a job at a beauty Parlor. The petitioner along with one unknown accused thereafter, took the complainant to Raiwind City at an unknown place where some intoxicated material was administered to her through a bottle and the petitioner and one unknown accused thereafter committed rape with the complainant turn, by turn hence, the abovementioned FIR.

4. It is evident from the perusal of the medico legal report of the complainant that she stated before the Medical Officer that she was living separately from her husband from the last 6/7 months. The complainant is admittedly a married lady therefore, her medico legal report showing her hymen to be old ruptured, is inconsequential. It is true that according to the DNA test report, the petitioner and Ghulam Murtaza co-accused cannot be excluded being contributors towards the semens detected on the vaginal swabs of the complainant but point for determination before this Court is that as to whether it is a case of rape as alleged by the complainant punishable under section 376 of P.P.C. or it is a case of 'zina' with consent punishable under section 496-B of P.P.C. which is a bailable offence.

In this respect, I have noted that no allegation of forcible abduction has been levelled by the complainant against the petitioner and the complainant herself stated that she accompanied the petitioner and one unknown accused as the petitioner promised to get a job for her in a beauty parlor. Although the complainant alleged that after taking her to an unknown place at Raiwind City, she (complainant) was administered some intoxicated material by the petitioner and one unknown accused through a bottle but neither there is any medico legal report in support of the abovementioned allegation showing that any intoxicated material was administered to the complainant nor any such material or bottle containing intoxicated material has been recovered in this case. Under the Circumstances the allegation of rape levelled against the petitioner requires further probe.

It is further noteworthy that asper DNA test report, Muhammad Akram petitioner and Ghulam Murtaza co-accused both, cannot be excluded being contributors to the semens detected on the vaginal swabs of the complainant. The complainant levelled the allegation of rape against Muhammad Akram and one unknown accuse in the contents of the FIR and she subsequently implicated Ghulam Murtaza co-accused in place of one unknown accused through her supplementary statement dated 26.02.2021 but the complainant later on, submitted her affidavit in the Court of learned Addl. Sessions Judge, Lahore wherein she exonerated the abovementioned Ghulam Murtaza co-accused from the commission of the offence and consequently, post arrest bail was granted to the abovementioned co-accused on the basis of exonerating statement of the complainant. According to DNA test report the case of the present petitioner is at par with the case of abovementioned Ghulam Murtaza co-accused to the extent of allegation of rape but as the complainant herself has exonerated the abovementioned co-accused from the commission of offence through her affidavit and statement made in the Court of learned Addl. Sessions Judge, Lahore therefore, prosecution case against the petitioner has also become one of further inquiry, as observed by the Hon'ble Supreme Court of Pakistan in the cases of Kaleem Ullah v. The State and others' (2017 SCMR 19) and Jamshaid Asmat alias

Sheedu v. The State and others' (2011 SCMR 1405).

5. In the light of above, this petition is allowed and the petitioner is admitted to bail after arrest subject to his furnishing the bail bonds in the sum of Rs.200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

SA/M-151/L **Bail granted.**

JUDGMENT

Malik Shahzad Ahmed Khan, J.--While relying upon the case of *'The State through Regional Director ANF vs. Imam Bakhsh and others* (2018 SCMR 2039) whereby 07 appeals and one criminal petition were decided through a single consolidated judgment, we proceed to decide through this single consolidated judgment, the instant appeal bearing Crl. Appeal No. 49969 of 2019 titled *'The State vs. Arslan Waris'*, as well as, connected appeals bearing Crl. Appeal No. 42067 of 2019 titled *'The State vs. Muhammad Bilal Amin, etc*. Crl. Appeal No. 50394 of 2019 tilled *The State vs. Muhammad Nawaz. ctc*, Crl. Appeal No. 43262 of 2019 titled *'The State vs. Muhammad Awais Akbar*, Crl. Appeal No. 41247 of 2019 titled *"The State vs. Sardar Ali*, Crl. Appeal No. 41249 of 2019 titled *The Sate vs Muhammad Qasim*, Crl. Appeal

No. 43266 of 2019 titled *'The State vs. Muhammad Azam Khan* Crl. Appeal No. 50254 of 2019 titled *'The Sate vs. Khyber Khan and 2 others* and Crl. Appeal No. 43261 of 2019 titled *'The State vs. Arif Ullah'*. as common questions of law and facts are involved in all these appeals. Through the above-referred appeals the appellant/State has challenged the wires of the impugned orders dated 22.08.2019, 01.07.2019, 19.08.2019, 03.07.2019, 26.06.2019, 22.06.2019, 04.07.2019, 22.06.2019 & 02.07.2019 passed by the learned Judge Special Court CNS, Lahore, whereby the applications filed by the appellant/State under Section 540 of Cr.P.C. for summoning of the Forensic Science Expert/Analyst as a Court witness or prosecution witness and recording his evidence regarding compliance of full protocols were dismissed.

2. As per brief facts, different FIRs have been lodged against the private respondents of the abovementioned appeals on account of recovery of contraband materials (narcotics) from their possession. During the pendency of the trials, applications were moved by the appellant/State under Section 540 of, Cr.P.C. for summoning of Forensic Science Experts/Analysts so that the said Analysts/Experts may bring on the record that as to whether or not the protocols were complied with at the time of analysis of the materials/narcotics recovered from the possession of the private respondents/accused. Said applications of the appellant have been dismissed *vide* the impugned orders of the learned trial Court hence, the present appeals before this Court.

3. It is contended by learned Special Prosecutor for ANF that under Section 540 of Cr.P.C., the learned trial Court was competent to examine or re-examine any witness in order to reach at a just and fair conclusion of the cases. He adds that full protocols were complied with at the time of analysis of the recovered material but details of the said protocols cannot be inadvertently mentioned in the reports issued by the Punjab Forensic Science Agency therefore, in order to reach at a just decision of the cases, Forensic Science Expert/Analyst may be summoned either as a prosecution witness or as a Court witness so that he may explain that as to whether the full protocols were complied with or not at the time of analysis of the materials recovered in these cases; that even the Hon'ble Supreme Court of Pakistan in the case of *'Khair-ul-Bashar vs. The State'* (2019 SCMR 930), has observed that in case the veracity of the Report is

challenged by the accused or is being examined by the Court, compliance of full protocols can be called for from the Government Analyst and verified; that the impugned orders are not sustainable in the eye of law therefore, the same may be set-aside and the applications under Section 540 of, Cr.P.C., moved by the appellants before the learned trial Court may be accepted as prayed for.

4. On the other hand, these appeals have been opposed by learned counsel for the private respondents on the ground that after different judgments passed by the Hon'ble Supreme Court of Pakistan in respect of identical Reports, the appellants through the abovementioned applications under Section 540 of Cr.P.C., intend to fill in the lacunas in the prosecution case; that no valid reason has been mentioned by learned Special Prosecutor for ANF that as to why the compliance of full protocols was not mentioned at the time of preparation of the Reports by the Punjab Forensic Science Agency; that no Reports have been annexed with the petitions moved by the appellants before the learned trial Court which the appellants intended to produce in evidence through Forensic Science Expert/Analyst; that in the case of *'Khair-ul-Bashar vs. The State'* (2019 SCMR 930), the Hun'ble Supreme Court of Pakistan has rejected the request of learned DPG for retesting of the recovered material on the ground that it will amount to fill in the lacunas in the prosecution case; that there is no substance in these appeals therefore, the same may be dismissed.

5. Arguments heard. Record perused.

6. We have noted that in all the abovementioned cases, Reports of Punjab Forensic Science Agency have already been prepared and furnished before the learned trial Court. Through petitions under Section 540 of Cr.P.C. moved by the appellants before the learned trial Court, prayer has been made for summoning of the Government Analyst/Forensic Science Expert as a prosecution witness or as a Court witness so that the said witness may bring on the record that full protocols were complied with at the time of examination of the material/narcotics recovered from the possession of private respondents/accused. It is not understandable that if full protocols were complied with at the relevant time then as to why the said fact was not mentioned in the Reports of Punjab Forensic Science Agency. Provisions of Section 540 of Cr.P.C. cannot be invoked to fill in the lacunas in the prosecution case. We may refer here the

case of *'Khair-ul-Bashar vs. The State'* (2019 SCMR 930), wherein it has been observed that **"Re-testing of the drug, as argued by the DPG, in case of a deficient report would mount to given premium to the prosecution for its mistakes and lapses. In any case any flaw in the case of the prosecution must only benefit the accused. Sending the alleged drugs for re-testing would be giving another chance to the prosecution to build its case, which is not the role or business of the Court."** Although learned Special Prosecutor for ANF has argued before the Court that through the abovementioned applications under Section 540 of Cr.P.C., the appellants have not been asking for retesting of the contraband material rather they have only been praying that Forensic Science Expert/Analyst may be summoned as a prosecution witness or as a Court witness so that he may bring on the record that full protocols were complied with or not at the time of preparation of their Reports but we have noted that along with the abovementioned petitions under Section 540 of Cr.P.C., no report showing compliance of the full protocols by the Forensic Science Expert/Analyst has been annexed to show that full protocols were complied with at the relevant time. As mentioned earlier, it is not understandable that if the protocols were complied with at the relevant time then as to why the same were not mentioned in the concerned Reports. Report of Punjab Forensic Science Agency is per-se admissible and normally there is no need to call the Expert in the witness box. Real function of the Forensic Science Expert/Analyst is to prepare report and give his opinion together with the test protocols and reasons and to place the same before the Court so that the Court, on the basis of the said Report can pass a judgment regarding the guilt or innocence of an accused. Forensic Science Expert/Analyst is not a witness of facts and he only gives his expert opinion in order to enable the Court to reach at an independent judgment. It appears that as the appellants came to the conclusion that the Reports furnished in these eases might not fulfill the criteria laid down by the Hon'ble Supreme Court of Pakistan in the cases of *'Khair-ul-Bashar vs. The State'* (2019 SCMR 930) & *The State through Regional Director ANF vs. Imam Bakhsh and others*' (2018 SCMR 2039) therefore, they moved the abovementioned petitions under Section 540 of, Cr.P.C. for summoning of Forensic Science Expert/Analyst) as a Court or prosecution witness.

7. Keeping in view all the abovementioned facts, we have come to this conclusion that the above-referred impugned orders have rightly been passed by the learned trial Court. Learned Special Prosecutor for ANF has miserably failed to point out any illegality or material irregularity in the impugned orders. In the light of above, there is no substance in these appeals therefore, all the aforementioned appeals are hereby **dismissed.**

(A.A.K.) **Appeal dismissed.**

Date of hearing: 15.12.2020.

JUDGMENT

This judgment shall dispose of the aforementioned criminal appeal, filed by the appellant, namely, Imran Masih against his conviction and sentence. The appellant was tried in case FIR No. 622 dated 01.07.2009 registered at Police Station Sargodha Road District Faisalabad offences under Sections 295-A/295-B of, PPC by the learned Addl. Sessions Judge, Faisalabad and after conclusion of trial, vide judgment dated 11.01.2010, the learned trial Court convicted and sentenced the appellant as under:

> Under Section 295-A of PPC to undergo rigorous imprisonment for ten years with fine of Rs. 100,000/-and in default of payment of fine, the appellant was directed to undergo S.I for six months.
>
> Under Section 295-B of, PPC to undergo Imprisonment for Life.

Both the sentences were directed to run concurrently.

The benefit of Section 382-B of, Cr.P.C. was also extended to the appellant.

2. Brief facts of the case, as given by the complainant Faryad Ali (PW-1) in the complainant (Ex.PA) on the basis of which formal FIR (Ex.PA/II) was chalked out, are that he (complainant) was resident of Street No. 2 Mohallah Bilal Ganj Hajveri Town, Faisalabad and was ex-General Counselor of U.C No. 212, Faisalabad. On 01.07.2009 at about 03:30 p.m., Imran Masih (appellant) in order to spread religious hate

intentionally set on fire Quranic Verses, Holy Siparay and Arabic Books near Government M.C Primary School Chibban Road Hajveri Town, Faisalabad due to which Quranic extracts were burnt. In the meanwhile Muhammad Ashraf (PW-4), Haji Liaqat Ali (PW-3), Munir Ahmad, Mian Naeem Ahmad and Muhammad Nadeem (given up PWs) attracted to the spot and apprehended the accused (appellant). Local police was called at Phone No. 15 and the accused (appellant) was handed over to the police along with burnt extract of the Quran and Arabic books.

3. After completion of the investigation, the challan was submitted before the Court. The learned trial Court framed the charge under Section 295-A/295-B of PPC against the appellant on 20.08.2009, to which he pleaded not guilty and claimed trial.

4. In order to prove its case, the prosecution produced six witnesses during the trial. Prosecution also produced documentary evidence as Ex.PA to Ex.PC and closed the prosecution evidence. Statement of the appellant under Section 342 of Cr.P.C. was recorded by the learned trial Court.

5. The learned trial Court vide its judgment dated 11.01.2010, found the appellant Imran Masih, guilty for the offences under Sections 295-A/295-B of PPC and convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant due to the grudge that the complainant party wanted to get the shop of the appellant for extension of their business and this fact has duly been brought on record during the prosecution evidence but as the appellant refused to vacate his shop therefore, the complainant party after concocting a false and fabricated story, lodged the FIR against the appellant; that there are material contradictions in the statements of the prosecution witnesses which have not been properly appreciated by the learned trial Court while passing the impugned judgment; that no burnt/semi-burnt book was recovered from the spot by the police and semi-burnt books were produced before the police by the complainant himself; that the prosecution witnesses made dishonest improvements in their statements while appearing before the learned trial Court and as such, they are not worthy of reliance; that some of the prosecution witnesses also admitted that they cannot read Arabic language and as such, it has not been proved in this case beyond the shadow of doubt that the appellant burnt any extract or verse from the Holy Quran; that the prosecution miserably failed g to prove its case against the appellant beyond

the shadow of doubt therefore, this appeal may be accepted and the appellant may be acquitted of the charges.

7. On the other hand, learned Addl. Prosecutor General for the State assisted by learned counsel for the complainant contended that the prosecution has successfully proved its case against the appellant beyond the shadow of any doubt therefore, he was rightly convicted & sentenced by the learned trial Court; that the appellant is unable to establish any malafide on the part of the prosecution witnesses for his false involvement in this case; that the prosecution eye-witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that the prosecution case against the appellant is further corroborated by the recovery of ash and semi-burnt books containing verses of the Holy Quran; that there is no substance in this appeal therefore, the same may be dismissed.

8. Arguments heard. Record Perused.

9. I have noted that Imran Masih appellant in his statement recorded under Section 342 of Cr.P.C. while answering to question No. 4 took this plea that shop of Liaqat Ali (PW-3) was adjacent to his (appellant's) shop and both the shops were owned by one and the same owner who was a widow. He further stated that the abovementioned Liaqat Ali (PW-3) also wanted to get his (appellant's) shop on rent but as he failed to do so therefore, the complainant party nourished this grudge in their minds and involved him (appellant) in the instant false and frivolous case. The appellant further stated in his above-referred statement that he respects Muslims and their belief and cannot think to outrage religious feelings of the Muslim Community and all the allegations leveled against him were false and frivolous. Same was the case of the appellant during the trial of this case and recording of the prosecution evidence. Although prosecution witnesses denied the abovementioned grudge while appearing in the witness box but they have frankly conceded that owners of the shops of Liaqat Ali (PW-3) & Imran Masih appellant was the same. Faryad Ali complainant (PW-1) also conceded that the shops of the accused and Liaqat Ali (PW-3) are situated adjacent to each other. Relative part of his statement reads as under:

> *"The Shops of the accused are situated in front of M.C Primary School for Boys and Girls. The shop of Haji Liaquat is situated adjacent to the shop of the accused."*

Likewise statement of Liaqat Ali (PW-3), in this respect, reads as under:

"The owner of my shop as well as the shop occupied by Imran Masih is the same. It is incorrect to suggest that I want the possession of the shop occupied by Imran Masih accused."

It is therefore, evident that shops of Imran Masih appellant and Liaqat Ali (PW-3) were adjacent to each other and the same were owned by the same owner.

10. It is further noteworthy that according to the prosecution case as set forth in the FIR (Ex.PA/II), the occurrence took place on 01.07.2009 at 03:30 p.m., but the prosecution evidence regarding the date & time of occurrence is self-contradictory. Prosecution eye-witnesses, namely, Faryad Ali (PW-1) and Naseer Ahmad (PW-2) while appearing in the witness box stated regarding the date & time of occurrence as under:

Faryad Ali (PW-1).

"States that on 4th of July 2009 at 1.00 or 2.00 P.M. I went towards school side from my home, where I saw that the accused Imran Masih defiled the pages of Holy Quran, Qurani verses, gathered the same and get on fire."

Naseer Ahmad (PW-2).

"States that on 4th of July 2009 the accused Imran Masih defiled and set on fire the pages of Holy Quran bearing Quranic verses and other religious books. The said occurrence took place at 1.00 or 2.00 P.M."

Although other prosecution eye-witnesses, namely, Liaqat Ali (PW-3) and Muhammad Ashraf (PW-4) gave the date of occurrence as 01.07.2009 but their evidence regarding the date of occurrence of this case is in conflict with the evidence of Faryad Ali complainant (PW-1) and Nasser Ahmad (PW-2) who mentioned the above-referred date as 04.07.2009. It is also noteworthy that the time of occurrence given by Faryad Ali (complainant/PW-1), Naseer Ahmad (PW-2) as 01:00 p.m., to 02:00 p.m., and the time of occurrence as given by Liaqat Ali (PW-3) and Muhammad Ashraf (PW-4) as 02:00/02:30 p.m., is also in conflict with each other, as well as, with the time of occurrence, mentioned in the FIR (Ex.PA/II) as 03:30 p.m. Although it is argued by learned Addl. Prosecution General assisted by learned counsel for the complainant that there may be some typographical mistake or slip of tongue in the statements of Faryad Ali (PW-1) and Naseer Ahmad (PW-2) regarding the date of occurrence but I have noted that there may be typographical mistake or slip of tongue in the statement of one witness but the abovementioned date *i.e*. 04.07.2009 has been

mentioned in the evidence of two different prosecution witnesses. It is further noteworthy that admittedly till today, no application has been moved before the learned trial Court for correction of the record or the above-referred alleged typographical mistake in the statements of the above-said prosecution witnesses and as such, there is no substance in the abovementioned argument of learned Addl. Prosecution General assisted by learned counsel for the complainant.

11. It is further noteworthy that the most important piece of evidence in this case was the Books containing verses of the Holy Quran which were allegedly set at fire by the appellant but I have noted that in the site plan (Ex.PB), point No. 1 was mentioned that on the said point, Imran Masih appellant burnt the books containing Quranic verses but from the said point only the ash was recovered. It has not been mentioned in the site plan (Ex.PB) that any semi-burnt pages or books containing verses of the Holy Quran have been recovered from the place of occurrence. Perusal of the recovery memo (Ex.PC) further shows that at the time of spot inspection, Shaukat Hayat, Sub Inspector/I.O (PW-5) has mentioned that only ash was recovered from the spot and two semi-burnt books were produced before him by Faryad Ali complainant (PW-1). I.O. did not mention in the recovery memo that any verse of the Holy Quran was also written on the said books and he simply stated that some Arabic words were written on the said books and at the end of one book, National Anthem of Pakistan was written. Faryad Ali complainant (PW-1) has admitted during his cross-examination that he had not read the Holy Quran though he claimed that he can read the Quranic verses. He ..further admitted that he had not learnt Arabic language. It is further noteworthy that the prosecution evidence regarding recovery of the semi-burnt books which contained verses of the Holy Quran is also contradictory and material dishonest improvements were also made in this respect in the statements of the prosecution witnesses. The prosecution witnesses were confronted with their previous statements and dishonest improvements made by them regarding the material aspect of the case were duly brought on record. Relevant parts of their statements reads as under:

Faryad Ali (PW-1).

> *"The burnt pages of Holy Quran as well as ashes were taken into custody by the police itself. Those articles were taken into custody by the police from us. I can differentiate between Quranic Verses and ordinary arabic language. I*

have not read the Holy Quran, but I can read Quranic Verse. I have not learnt arabic language"

Liaqat Ali (PW-3)

"I got recorded in my statement before the police that Naseer Ahmad PW picked a partially burnt book on which there was Kalamah Tayyabah written confronted with Ex.DA where it is not so recorded…….. I got recorded in my statement before the police that Faryad Ali complainant picked second partially burnt book on which there was Kalamah Tayyab and Quranic Verses written confronted with Ex.DA where it is not so recorded."

Shaukat Hayat S.I (PW-5).

"I secured the ash and two books were handed over to me by the complainant, which were semi-burnt through recovery memo

Ex.PC ……It is possible that in those two books, there are some arabic poems and dialogues, written."

The abovementioned prosecution eye-witnesses made dishonest improvements in their statements regarding the material aspects of the case and their statements regarding the most important piece of evidence of this case *i.e*. recovery of semi-burnt books containing the verses of Holy Quran by the police itself are against the record (Recovery Memo Ex.PC & Site Plan Ex.PB). The other prosecution witness, namely, Shaukat Hayat S.I (PW-5) did not state that he himself took into possession the semi-burnt books containing verses of Holy Quran from the spot rather he stated that the said books were handed over to him by the complainant. It is, therefore, evident from the perusal of prosecution evidence that the prosecution witnesses made dishonest improvements in their statements, recorded before the learned trial Court regarding material aspects of the case, in order to strengthen the prosecution case and as such, they are not worthy of reliance. In the case of *"Sardar Bibi and another vs. Munir Ahmed and others"* (2017 SCMR 344, while discussing the evidence of a witness who made dishonest improvements in his statement, the Hon'ble Supreme Court of Pakistan observed as under:

"So the improvements and omissions were made by the witnesses in order to bring the case of prosecution in line with the medical evidence. Such dishonest and deliberate improvement and omission made them unreliable and they were not trustworthy witnesses".

Similarly in the case of *"Akhtar Ali and others versus The State"* (2008 SCMR 6), the Hon'ble Supreme Court of Pakistan observed as under:

> *"It is also a settled maxim when a witness improves his version to strengthen the prosecution case, his improved statement subsequently made cannot be relied upon as the witness has improved his statement dishonestly, therefore, his credibility becomes doubtful on the well known principle of criminal jurisprudence that improvements once found deliberate and dishonest cast serious doubt on the veracity of such witness. See Hadi Bakhsh's case PLD 1963 Kar. 805."*

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case of *"Muhammad Rafique and others vs. The State and others"* (2010 SCMR 385) wherein it was held that if dishonest improvements are made by a witness on material aspects of the case then he is not worthy of reliance. It is, therefore, not safe to rely upon the evidence of the above mentioned eye-witnesses who made dishonest improvements in their statements before the Court in order to strengthen the prosecution case.

12. It is further noteworthy that the prosecution witnesses, namely, Naseer Ahmad (PW-2), Liaqat Ali (PW-3) and Muhammad Ashraf (PW-4) stated that the appellant was living in their area since long (35-years) and he had many Muslim friends and there was no complaint against the appellant prior to the present occurrence. The relevant parts of their statements in this respect read as under:

Naseer Ahmad (PW-2).

> *"I know the accused since long. I had good relations with Imran accused. There are other Muslim friends of Imran accused. There is no previous complaint against Imran accused regarding similar act. I including the other Muslim friends of the accused had no complaint, whatsoever, with Imran accused regarding any of his such act."*

Liaqat Ali (PW-3).

> *"It is correct that Imran Masih accued has many Muslim friends. Prior to this occurrence there was no complaint of similar nature against Imran Masih accused."*

Muhammad Ashraf (PW-4).

> *"I am residing in St:No. 2, Hajweri Town for the last thirty five years. Imran Masih accused is living at the same place for the last thirty five years. There was no complaint of similar nature against Imran Masih prior to this case. Accused Imran Masih has many Muslim friends."*

It is therefore, evident from the perusal of the statements of abovementioned prosecution witnesses that the appellant was living in their area since long (35-years) and there was no complaint against the appellant that he ever tried to outrage the feelings of Muslim Community. The said prosecution witnesses further conceded that the appellant had many Muslim friends. None of the prosecution witnesses stated that at the time of occurrence or prior to the occurrence, the appellant ever spoke any derogatory remarks about Muslims, Islam or the Holy Quran. Under the circumstances, if for the sake of arguments the prosecution case is taken as gospel truth that the appellant burnt some books containing Arabic words, even then the prosecution failed to prove the menseria of the appellant that he intentionally committed the offence to outrage the feelings of Muslims because the appellant might have burnt some books containing Arabic language while considering them waste papers and without realizing that there might be some Quranic versers written in the said books.

13. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt regarding the truthfulness of the prosecution story. In *'Tariq Pervez versus The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under.

> '5. …… The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *'Muhammad Akram versus The State* (2009 SCMR 230), at page 236, observed as under:

> '13. ….. It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of *Tariq Pervez v. The State* 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

14. In the light of above discussion, the instant appeal **(Criminal Appeal No. 233 of 2010)** filed by Imran Masih appellant is **allowed,** his conviction and sentence recorded vide impugned judgment dated 11.01.2010 passed by the learned Addl. Sessions Judge, Faisalabad is hereby set-aside and he is acquitted of the charge by extending him the benefit of doubt. He is in custody. He be released forthwith if not required in any other case.

(A.A.K.) **Appeal allowed.**

[Multan Bench, Multan]

***Present*: MALIK SHAHZAD AHMED KHAN AND SADIQ MAHMUD KHURRAM, JJ.**

SHAHID MEHMOOD--Appellant

versus

DIRECTOR, ANTI-CORRUPTION ESTABLISHMENT, MULTAN REGION, MULTAN and 2 others--Respondents

ICA No. 379 of 2019, decided on 23.1.2020.

Law Reforms Ordinance, 1972 (XII of 1972)--

----S. 3--Consenting statement of counsel--Non-filing of application against counsel by appellant--Maintainability--Order, was passed on statement made by counsel for petitioner before Court--Appellant has not moved any application before any forum against his counsel, who represented him before Single Judge in Chamber of High Court, regarding his alleged misconduct--As impugned order was passed against appellant in light of statement made by his counsel before Court, therefore, appellant cannot challenge an order which was passed with consent and as per statement of his counsel--Appeal dismissed. [Para 1] A & B

Mian Asif Mumtaz, Advocate for Appellant.

Mr. Shakeel Javaid Choudhry, Advocate for Respondent No. 3.

Mr. Muhammad Ayyub Buzdar, Assistant Advocate General with *Mr. Muhammad Shahid Sharif*, Circle Officer, ACE, Khanewal.

Date of hearing: 23.1.2020.

ORDER

The instant Intra Court Appeal has been filed against order dated 03.10.2019 passed by the learned Single Judge in Chamber of this Court. Order under appeal dated 03.10.2019 reads as under:

> "Report has been submitted which indicates that inquiry on the basis of charges of getting irrigated land on less price and causing loss to government

exchequer is in progress. Grievance of the petitioner is that the Inquiry Officer is not being providing opportunity of hearing to him nor he is ready to collect documents from petitioner in support of his version.

2. In view of the above stated position, Deputy Director (Legal) A.C.E. Multan present in Court is directed to provide right of audience to the petitioner and collect all relevant documents from him and then finalize the inquiry strictly in accordance with law. With this direction, instant writ petition is disposed of."

It is evident from the perusal of the above-mentioned order under appeal that the said order, was passed on the statement made by learned counsel for the petitioner before the Court. Although learned counsel for the appellant argued that learned counsel representing the appellant before the learned Single Judge in Chamber of this Court has malafidely not pressed the first prayer of the petitioner which was made in the writ petition of the petitioner regarding inquiry pending against the petitioner before the Anti-Corruption Establishment, Multan, to be declared illegal and void but learned counsel for the appellant has conceded before the Court that the appellant has not moved any application before any forum against his counsel, who represented him before the learned Single Judge in Chamber of this Court, regarding his above mentioned alleged misconduct. As the impugned order was passed against the appellant in the light of the statement made by his counsel before the Court, therefore, the appellant cannot challenge an order which was passed with the consent and as per statement of his learned counsel.

2. Resultantly, this appeal is not maintainable and the same is hereby dismissed.

(Y.A.) **Appeal dismissed.**

MUHAMMAD AKRAM--Petitioner

versus

STATE and another--Respondents

Crl. Misc. No. 43133-B of 2021, decided on 15.7.2021.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497(2)--Pakistan Penal Code, (XLV of 1860), Ss. 376, 337(j)--Bail after arrest, grant of--Further inquiry--Allegation of rap--Victim is a married lady--No allegation of forcible abduction--Victim accompanied petitioner, who promised her to get a job for her--Medico-legal report not showing that any intoxicated material was administered--Post-arrest bail was granted to accused and co-accused on basis of exonerating statement of complainant--Case was one of further inquiry--She (complainant) was administered some intoxicated material by petitioner and one unknown accused through a bottle but neither there is any medico legal report in support of abovementioned allegation showing that any intoxicated material was administered to complainant nor any such material or bottle containing intoxicated material has been recovered in this case--Under circumstances, allegation of rape leveled against petitioner requires further probe--Case of present petitioner is at par with case of co-accused to extent of allegation of rape but as complainant herself has exonerated co-accused from commission of offence through her affidavit and statement made in Court of Addl. Sessions Judge--Prosecution case against petitioner has also become one of further inquiry--Bail allowed. [Para 4] A & B

2017 SCMR 19 and 2011 SCMR 1405.

Rai Ashfaq Ahmad Kharal, Advocate for Petitioner.

Ch. Muhammad Ishaq, Addl. Prosecutor General for State.

Malik Zulfiqar Ali, Advocate for Complainant.

Date of hearing: 15.7.2021.

ORDER

The petitioner, namely, Muhammad Akram through the instant petition seeks post arrest bail in case FIR No. 648 dated 26.02.2021 registered at P.S. City Raiwind District Lahore offences under Sections 376/337-J of PPC.

2. Arguments heard. Record perused.

3. As per brief allegations leveled in the FIR, on 24.02.2021 at about 08:00 p.m., *Mst.* Saima complainant was called by the petitioner on the pretext of giving her a job at a beauty Parlor. The petitioner along with one unknown accused thereafter, took the complainant to Raiwind City at an unknown place where some intoxicated material was administered to her through a bottle and the petitioner and one unknown accused thereafter committed rape with the complainant turn, by turn hence, the abovementioned FIR.

4. It is evident from the perusal of the medico legal report of the complainant that she stated before the Medical Officer that she was living separately from her husband from the last 6/7 months. The complainant is admittedly a married lady therefore, her medico legal report showing her hymen to be old ruptured, is inconsequential. It is true that according to the DNA test report, the petitioner and Ghulam Murtaza co-accused cannot be excluded being contributors towards the semens detected on the vaginal swabs of the complainant but point for determination before this Court is that as to whether it is a case of rape as alleged by the complainant punishable under Section 376 of PPC or it is a case of 'zina' with consent 'punishable under Section 496-B of PPC which is a bailable offence. In this respect, I have noted that no allegation of forcible abduction has been leveled by the complainant against the

petitioner and the complainant herself stated that she accompanied the petitioner and one unknown accused as the petitioner promised to get a job for her in a beauty parlor. Although the complainant alleged that after taking her to an unknown place at Raiwind City, she (complainant) was administered some intoxicated material by the petitioner and one unknown accused through a bottle but neither there is any medico legal report in support of the abovementioned allegation showing that any intoxicated material was administered to the complainant nor any such material or bottle containing intoxicated material has been recovered in this case. Under the circumstances, the allegation of rape leveled against the petitioner requires further probe.

It is further noteworthy that as per DNA test report, Muhammad Akram petitioner and Ghulam Murtaza co-accused both, cannot be excluded being contributors to the semens detected on the vaginal swabs of the complainant. The complainant leveled the allegation of rape against Muhammad Akram and one unknown accused in the contents of the FIR and she subsequently implicated Ghulam Murtaza co-accused in place of one unknown accused through her supplementary statement dated 26.02.2021 but the complainant later on, submitted her affidavit in the Court of learned Addl. Sessions Judge, Lahore wherein she exonerated the abovementioned Ghulam Murtaza co-accused from the commission of the offence and consequently, post arrest bail was granted to the abovementioned co-accused on the basis of exonerating statement of the complainant-According to DNA test report the case of the present petitioner is at par with the case of abovementioned Ghulam Murtaza co-accused to the extent of allegation of rape but as the complainant herself has exonerated the abovementioned co-accused from the commission of offence through her affidavit and statement made in the Court of learned Addl. Sessions Judge, Lahore therefore, prosecution case against the petitioner has also become one of further inquiry, as observed by the Hon'ble Supreme Court of Pakistan in the cases of *'Kaleem Ullah vs. The State and others'* (2017 SCMR 19) & *'Jamshaid Asmat alias Sheedu vs. The State and others'* (2011 SCMR 1405).

5. In the light of above, this petition is allowed and the petitioner is admitted to bail after arrest subject to his furnishing the bail bonds in the sum of Rs. 200,000/- (*Rupees two hundred thousand only*) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) Bail allowed.

SHERAZ and 3 others--Appellants

versus

STATE and another--Respondents

Crl. A. No. 77776 of 2021, decided on 10.1.2022.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 426--Punjab Food Authority Act, (XVI of 2011), Ss. 22-A, 23, 28 & 32--Conviction and sentence--Challenge to--Punjab Food Authority raided on milk manufacturing unit of petitioners--No ownership of place of occurrence was proved by any documentary proof--It is also noteworthy that maximum sentences provided for abovementioned offences under law have been awarded to petitioners by learned trial Court but even said sentences being five (05) years are short one as observed by Hon'ble Supreme Court of Pakistan--Petitioners were on bail as they granted bail during pendency of their trial--There is nothing on record to establish that petitioners misused concession of bail, which was awarded to them during pendency of their trial and as such their case for suspension of their sentences during pendency of their appeal and grant of bail may be considered favorably--Petition allowed.

[Para 4 & 5] A & B 1999 SCMR 2589, 2005 PCr.LJ 657, 2008 MLD 1376, 2019 MLD 358, 2017 YLR (N) 241, 2021 PCr.LJ 1517 & 1994 SCMR 1206.

Pir Muhammad Masood Chishti, Advocate for Appellants.

Ch. Muhammad Ishaq, Addl. Prosecutor-General for State.

Date of hearing: 10.1.2022.

ORDER

Crl. Misc. No 01 of 2021

The petitioners Sheraz, Muhammad Abbas, Azhar Ahmad and Muhammad Ijaz *alias* Allah Rakha through the instant petition seek grant of bail after susrjensipn of

their sentences. The petitioners along with thier co-accused, namely Muhammad Farooq-ur-Rehman (since died) were tried in case FIR No. 34, dated 25.01.2019, registered at Police Station Ahmed Yar, District Pakpattan offences under Sections 22-A/23/28 and 32 of the Punjab Food Authority Act, 2011 as amended in 2016 by the learned Judicial Magistrate Section-30, Arifwala and *vide* impugned judgment dated 29.11.2021, they were convicted and sentenced as under:

> **Under Section 22-A of the Punjab Food Authority Act, 2011 as amended in 2016** to undergo rigorous imprisonment for five years each and payment of fine Rs. 20,00,000/- each or in default to undergo R.I for 15 months each.
>
> **Under Section 23 of the Punjab Food Authority Act, 2011 as amended in 2016** to undergo rigorous imprisonment for six months each and payment of fine of Rs. 10,00,000/- each or in default to undergo R.I for 45 days each.
>
> **Under Section 28 of the Punjab Food Authority Act, 2011 as amended in 2016** to undergo rigorous imprisonment for six months each with fine of Rs. 10,00,000/- each or in default to undergo R.I for 45 days each.
>
> **Under Section 32 of the Punjab Food Authority Act, 2011 as amended in 2016** to undergo rigorous imprisonment for one year each with fine of Rs. 500,000/- each or in default to undergo R.I for three months each.

All the sentences were ordered to run concurrently and benefit of Section 382-B of Cr.P.C. was also given to the convicts/petitioners.

2. Arguments heard and documents annexed with the present petition have been perused.

3. All the petitioners have been convicted and sentenced by the learned trial Court on the ground that on 25.01.2019 the officials of the Punjab Food Authority, Pakpattan Sharif, Food Safety Team of Sahiwal and Dairy Safety Team raided on the synthetic milk manufacturing unit of Petitioners No. 2 to 4 and Muhammad Farooq-ur-Rehman, co-accused (since died). Sheraz, Petitioner No. 1 who was an employee at the above mentioned unit was also present at the time of above mentioned raid. During the raid proceedings different articles of manufacturing

synthetic milk, etc. were recovered from the spot, whereupon the case was registered against the above mentioned petitioners and they were convicted and sentenced by the learned trial Court under the abovementioned provisions of law. It is evident from the perusal of the impugned judgment that no documentary proof regarding the ownership of the place of occurrence, in the names of the petitioners has been brought on the record to establish that the above mentioned unit was owned or taken on rent by the petitioners. Furthermore there is no mention of any report of the Punjab Forensic Agency in the impugned judgment to establish that any adulterated milk was prepared by the petitioners.

4. It is also noteworthy that the maximum sentences provided for the abovementioned offences under the law have been awarded to the petitioners by the learned trial Court but even the said sentences being five (05) years are short one as observed by the Hon'ble Supreme Court of Pakistan in the case of *"Abdul Hameed vs. Muhammad Abdullah and others'* (1999 SCMR 2589). Similar view was taken in the judgments reported as *"Nazeer Ahmed and 2 others vs. The State"* (2005 PCr.LJ 657), *"Mahmood Iqbal vs. The State"* (2008 MLD 1376), *"Rahim Bux Soomro vs. The State through Director General (NAB)"* (2019 MLD 358), *"Muhammad Ibrahim vs. The State"* (2017 YLR Note 241) and *"Muhammad Riaz vs. The State and others "* (2021 PCr. L J 1517). The appeal filed by the petitioners pertains to the year 2021 and the same has P already been admitted for regular hearing *vide* order, dated 13.12.2021. There is no probability of early decision of the main appeal in the near future, therefore, possibility cannot be ruled out that the petitioners may serve out the entire sentences awarded to them by the leaned trial Court before the decision of their main appeal on merits, which will amount awarding punishment to the petitioners in advance.

5. It is also noteworthy from the perusal of Para No. 41 of the impugned judgment that all the petitioners were on bail as they granted bail during the pendency of their trial. There is nothing on the record to establish that the petitioners misused the concession of bail, which was awarded to them during the pendency of their trial and as such their case for suspension of their sentences during the pendency of their

appeal and grant of bail may be considered favorably. Reference in this context may be made to the case of *"Rafaqat Ahmad vs. The State"* (1994 SCMR 1206). Resultantly, this petition is **allowed** and the sentences awarded to the petitioners by the learned trial Court *vide* the above mentioned impugned judgment are suspended and they are directed to be released on bail subject to their furnishing the bail bonds in the sum of Rs. 2,00,000/- (Rupees two hundred thousand only) with one surety each in the like amount, to the satisfaction of the Deputy Registrar (Judicial) of this Court.

(A.A.K.) **Petition allowed.**

Mr. Saleem Ullah Khan Balouch Advocate for Appellant.

Mr. Waqas Anwar, Deputy Prosecutor General for State.

Date of hearing: 12.10.2020.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This appeal is directed against judgment dated 30.11.2018, passed by the learned Additional Sessions Judge, Pindi Bhattian, whereby, in case F.I.R No. 135 dated 02.03.2017, registered at Police Station Jalalpur Bhattian under Section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Riaz Ahmad, appellant and sentenced him as under:

> ***Under Section 9(c) of Control of Narcotic Substances Act, 1997*** *to four years R.I with fine of Rs. 8,000/-and in default of payment thereof the appellant was directed to further undergo S. I for four months and fifteen days.*
>
> *The benefit of Section 382-B, Cr.P.C. was also extended to the appellant.*

2. Briefly, the accusation levelled in the FIR against the appellant is that on 02.03.2017 at 3:50 P.M., Muhammad Yaqoob, SI (complainant/PW-1), along with other police officials, on spy information, conducted a raid and apprehended Riaz Ahmad (appellant). During search of the appellant opium weighing 1110-grams was recovered from the shopper bag caught by the appellant in his right hand. The above mentioned recovered opium was sealed into a separate parcel and the same was sent for Chemical Analysis. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 31.03.2017, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced six witnesses to prove its case. The learned Additional Sessions Judge, Pindi Bhattian, after recording the statement of the appellant under Section 342, Cr.P.C. and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PD); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record Perused.

7. It is by now well settled that since the provisions of The Control of Narcotic Substances Act, 1997, provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of *"Muhammad Hashim v. The State"* (PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of *"Ameer Zeb v. The State"* (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the above mentioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of sample of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:-

Item No. Description of Evidence

01. One sealed parcel containing approximately 1110 gram(s) of suspected Opium.

Tests Performed on Received Item(s) of Evidence

1. Top-Load Balance was used for weighing.

2. Chemical Spot Tests were used for Presumptive Testing.

3. Gas Chromatograph-Mass spectrometry was used for confirmation.

Results and Conclusion:-

Item #01 **1115.6 gram(s)** of blackish brown resinous material in sealed parcel contains **Opium**.

Undisputedly, it is settled by now that any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under Section 36(2) of the Act *ibid*. In the report Ex.PE, it is simply mentioned that certain tests were conducted and contraband material recovered in this case was found to be Opium instead of mentioning the details of tests applied on the samples and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

8. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency, Lahore is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of *"The State through Regional Director ANF vs. Imam Bakhsh and others"* (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:

> 16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, *i.e.*, control of production, processing and trafficking of narcotic drugs and psychotropic substances, as conviction cannot be sustained on a Report that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under Section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis in the shape of the protocols applied for the test become fundamental and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give

details of the full protocols of the test applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under Section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already emphasized the importance of protocols in Ikramullah's case (*supra*)".

The above said view has been further fortified in the recent case law titled as *"Khair-ul-Bashar vs. The STate"* (2019 SCMR 930). We have also requisitioned the attested copy of FIR in case of ***"Khair-ul-Basher"*** (*supra*) *i.e.*, FIR No. 18, dated 15.01.2016, offence under Section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of ***"Khair-ul-Basher"*** (*supra*) is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of ***"Khair-ul-Basher"*** (*supra*) has not been relied upon by the august Supreme Court of Pakistan, therefore, report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

9. Learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the above mentioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but we have noted that the august Supreme Court of Pakistan in the case of ***"Khair-ul-Bashar"*** (*supra*), acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore. Even otherwise, it is by now well settled that a single circumstance creating reasonable doubt would be sufficient to cast doubt about the veracity of prosecution ease and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right. Reliance in this regard is placed upon the cases of *"Tariq Pervez vs.*

The State" (1995 SCMR 1345), *"Akhtar Ali and others vs. The State"* (2008 SCMR 06) and *"Muhammad Zaman vs. The State and others"* (2014 SCMR 749).

10. In the light of above discussion, the instant appeal (Crl. Appeal No. 11595 of 2019), is allowed, impugned judgment dated 30.11.2018, passed by the learned Additional Sessions Judge, Pindi Bhattian is hereby set aside and Riaz Ahmad (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

(K.Q.B.) **Appeal allowed.**

SAJIDA BIBI *alias* SHAZIA BIBI--Petitioner

versus

ADDITIONAL SESSIONS JUDGE, SHEIKHUPURA etc.--Respondents

Crl. Rev. No. 8596 of 2022, decided on 11.2.2022.

Criminal Procedure Code, 1898 (V of 1898)--

----Ss. 435/439--Criminal revision--Application to produce witness--Application to produce defence witness was submitted by accused himself whereas in instant case accused/petitioner has not moved any application for examination of Respondent No. 2 as a deferce witness rather she has categorically mentioned in her statement recorded u/S. 342, Cr.P.C. that she does not want to produce any witness/evidence in her defence--Application was moved by complainant to produce two doctors and report of medical board but as mentioned earlier in instant case neither complainant nor Public Prosecutor or accused moved any application for recording statement of Respondent No. 2 in this case--Likewise remaining judgments are also distinguishable on their own facts--Revision petition was dismissed. [Para 4] A & B

PLD 1971 SC 709, PLD 1984 SC 95, 2001 SCMR 308 & 2011 SCMR 713.

Rai Ashfaq Ahmad Kharal, Advocate for Petitioner.

Date of hearing: 11.2.2022.

ORDER

This revision petition has been filed by the petitioner against order, dated 29.01.2022, passed by the learned Addl. Sessions Judge, Sheikhupura whereby application filed by Waseem Mumtaz, Respondent No. 2 for recording his statement as DW was dismissed by the learned trial Court.

2. ***Heard***.

3. I have noted that Waseem Mumtaz, Respondent No. 2 moved an application before the learned trial Court for recording his statement as DW on the ground that in fact he had illicit relationship with the female principal accused of this case (petitioner) and on the night of occurrence the deceased, who was husband of the said accused (petitioner) saw them in compromising position whereupon he tried to commit the murder of above mentioned accused. The said Waseem Mumtaz snatched the pistol from the deceased and made four fire shots on him. He prayed that his above-referred statement may be recorded as DW.

4. The occurrence of this case took place on 26.01.2021 and the application was moved by Respondent No. 2 on 28.01.2022 *i.e.* with the delay of more than one year of the occurrence. Throughout the abovementioned period Respondent No. 2 never appeared before the police or high-ups of the police in support of his abovementioned claim. He did not move any application before any Court or *Ex-officio* Justice of Peace for bringing his above mentioned stance on the record. It is further noteworthy that even the petitioner/accused of this case, namely Sajida Bibi *alias* Shazia Bibi, while recording her statement under Section 342, Cr.P.C. categorically stated that she does not want to produce any witness/evidence in her defence. Respondent No. 2 at his own moved the above-referred application for recording of his statement as a defence witness whereas the petitioner/accused herself did not move any such application. Respondent No. 2 is neither cited as a prosecution witness nor his name has been given by the petitioner/accused as a defence witness. Under the circumstances, learned trial Court has rightly observed in the impugned order, dated 29.01.2022, that the abovementioned application has been moved by Respondent No. 2, who is not a party in this case at the time of final arguments of the case with *mala fide* intention just to linger on the proceedings of the trial in the instant case. The facts of the judgments cited by learned counsel for the petitioner reported as *"Rashid Ahmad vs. The State"* (PLD 1971 Supreme Court 709), *"Muhammad Azam vs. Muhammad Iqbal and others"* (PLD 1984 Supreme Court 95), *"The State vs. Muhammad Yaqoob and others"* (2001 SCMR 308) and *"Ansar Mehmood vs. Abdul Khaliq and another"* (2011 SCMR 713) are distinguishable from the facts of the present case. In the case of *Rashid Ahmad supra* the application to produce defence witness was submitted by the accused himself whereas in the instant case the accused/petitioner has not moved any application for examination of Respondent No. 2 as a defence witness rather she has categorically mentioned in her statement recorded under Section 342, Cr.P.C. that she does not want to produce any witness/evidence in her defence. Likewise, in the case of *Ansar Mehmood, ibid,* the application was moved by the complainant to produce two doctors and report of medical board but as mentioned earlier in the instant case neither the complainant nor the Public Prosecutor or the accused moved any application for recording the statement of Respondent No. 2 in this case. Likewise the remaining judgments are also distinguishable on their own facts. In the light of above discussion, there is no substance in this petition therefore, the same is hereby dismissed *in limine.*

(A.A.K.) **Revision dismissed.**

Statement of an accused--

----Statement of an accused is to be accepted or rejected in toto and it is legally not permissible to accept inculpatory part of statement of an accused and reject exculpatory part of same statement. [P. 403] B

Ms. Sheeba Qaisar, Advocate for Appellant.

Rai Asghar Hussain, Deputy Prosecutor General for State.

Ch. Naveed Aslam Randhawa, Advocate and Ch. Muhammad Saeed Gujjar, Advocate for Complainant.

Date of hearing 13.10.2021.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall dispose of Criminal Appeal No. 115212 of 2017, filed by Muhammad Ashraf (appellant) against his conviction and sentence and Murder Reference No. 672 of 2017, sent by the learned trial Court for confirmation or otherwise of the Death sentence of Muhammad Ashraf (appellant). We propose to dispose of both these matters by this single judgment as these have arisen out of the same judgment dated 28.11.2017, passed by the learned Additional Sessions Judge, Faisalabad.

2. Muhammad Ashraf (appellant) along with Muhammad Amjad (co-accused since acquitted) and *Mst.* Najma Bibi (co-accused since acquitted) was tried in case F.I.R. No. 531/2016 dated 25.08.2016, registered at Police Station D-Type Colony, Faisalabad, in respect of offences under Sections 302/34, PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 28.11.2017, has convicted and sentenced the appellant as under:

> ***Under Section 302(b), PPC*** *to 'Death' for committing Qatl-i-Amd of Mst. Bashiran Bibi (deceased). He was also ordered to pay Rs. 3,00,000/-(rupees three hundred thousand only) to the legal heirs of the deceased and in default thereof to further undergo six months simple imprisonment.*

However, *vide* the same impugned judgment, the learned trial Court/ Additional Sessions Judge, Faisalabad acquitted Muhammad Amjad and *Mst.* Najma Bibi (co-accused), while extending them the benefit of doubt.

3. Brief facts of the case as given by Muhammad Akram complainant (PW-5) in his complaint (Ex.PG), on the basis of which the formal FIR (Ex.PC) was chalked out, are that on 25.08.2016, at about 3.30 p.m, wife of Muhammad Akram complainant (PW-5), namely *Mst.* Bashiran Bibi (deceased) went to Main Bazar Sohailabad for purchasing grocery items but she did not return back for a considerable period. Muhammad Akram complainant (PW-5), therefore, went to the Main Bazar in search of his wife *Mst.* Bashiran Bibi (deceased) and during the said search he (complainant) came to know that Muhammad Ashraf (appellant) had forcibly taken *Mst.* Bashiran Bibi (deceased) to his house. Muhammad Akram complainant (PW-5), went to the house of Muhammad Ashraf (appellant) and when he reached outside the house of the appellant, he (complainant) heard noise of quarrel of Muhammad Ashraf (appellant) with *Mst.* Bashiran Bibi (deceased) from the Bhaitik of the said house. The complainant opened the door and saw that Muhammad Ashraf was standing while armed with *Churri*. On hearing hue and cry, Abdul Sattar (PW since given-up) and Asghar Ali (PW-6), who were passersby, came at the spot. Within the view of the complainant and the witnesses, Muhammad Ashraf (appellant) gave consecutive blows of *Churri* to *Mst.* Bashiran Bibi (deceased), which landed on the different parts of her body. *Mst.* Bashiran Bibi (deceased), fell at the spot after sustaining injuries. The complainant party, when tried to apprehend Muhammad Ashraf (appellant), Amjad (co-accused since acquitted), while armed with pistol 30 bore came outside the house and threatened the complainant party that if anybody would come near, then he shall be done to death. The accused persons thereafter fled away from the spot, whereas *Mst.* Najma Bibi (co-accused since acquitted) put lock on the Bhaitik of the house from the out-side. The complainant party after breaking open the lock, tried to take *Mst.* Bashiran Bibi (deceased) to the hospital but she succumbed to the injuries in the way.

The motive behind the occurrence was that Muhammad Ashraf (appellant) wanted the "*rishta*" (hand) of the complainant's daughter for his son but *Mst.* Bashiran Bibi (deceased) did not accept this offer and she contracted the marriage of her daughter somewhere else, therefore, for the said grudge, the occurrence was committed by the appellant.

4. Muhammad Ashraf (appellant) was arrested in this case on 01.09.2016 by Muhammad Usman Inspector (PW-9). On 09.09.2016, he (appellant) disclosed and then led to the recovery of *Churri* (P-4), which was taken into possession *vide* recovery memo. (Ex.PJ). After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 05.11.2016, to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced nine witnesses during the trial. Muhammad Akram complainant (PW-5) and Asghar Ali (PW-6), are the witnesses of ocular account.

Shabbir Hussain (PW-7), is the witness of the recovery of *Churri* (P-4), which was recovered on the pointation of the appellant *vide memo.* (Ex.PJ).

The medical evidence was furnished by Lady Doctor Zuneera Misbah (PW-4).

Muhammad Usman Inspector (PW-9), is the Investigating Officer of the case.

Muhammad Nawaz draftsman (PW-1), Zahid Shareef 7018/C (PW-2), Waqas Akhtar 244/HC (PW-3) and Allah Rakha (PW-8) are the formal witnesses.

The prosecution also produced documentary evidence in the shape of scaled site plan of the place of occurrence (Ex.PA), memo. of possession of blood stained, last worn clothes of *Mst.* Bashiran Bibi deceased (Ex.PB), complaint (Ex.PC), post-mortem report and pictorial diagrams of the deceased (Ex.PD & Ex.PD/1), application for conducting post-mortem examination of the deceased (Ex.PE), inquest report (Ex.PF), F.I.R (Ex.PG), memo. of possession of blood stained cotton from the spot (Ex.PH), memo. of possession of blood stained *Churri* (Ex.PJ), site plan of the place of recovery of *Churri* (Ex.PJ/1), rough site plan of the place of occurrence (Ex.PK), report of the Punjab Forensic Science Agency, Lahore about blood stained cotton and *Churri* (Ex.PL) and closed its evidence.

6. The statement of the appellant under Section 342 of Cr.P.C. was recorded. He refuted the allegations levelled against him and professed his innocence. While

answering to a question that 'Why this case against you and why the PWs have deposed against you" the appellant replied as under:

> *"It is a false case and I have been roped in this case falsely. In fact the deceased had illicit relations with me since long and she generally remained with me in my house. Due to this, Bashiran Bibi (deceased) demanded divorce from the complainant but he refused. On the day of occurrence deceased visited my house on her free will and remained with me for a long time. Meanwhile complainant along with PWs came there. They were angry with her (deceased). Complainant abused me and tried to kill me but I fled away from the spot to save my life but Bashiran Bibi (deceased) was caught by complainant and PWs and they inflicted Churri blows one after another till her death. Due to this grudge complainant falsely involved me and my co-accused persons in this false case. The PWs are inter se relation and also related with the complainant. They falsely deposed against me only to take grudge of my illicit relations with the deceased and to strengthen this false prosecution case".*

The appellant Muhammad Ashraf neither opted to make statement on oath as envisaged under Section 340(2) Of, Cr.P.C. nor he produced any evidence in his defence.

The learned trial Court *vide* its judgment dated 28.11.2017, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

7. Learned counsel for the appellant contends that the appellant is absolutely innocent and has falsely been implicated in this case by the complainant being in-league with the local police; that in fact Muhammad Akram complainant (PW-5), who is husband of *Mst.* Bashiran Bibi (deceased) had suspicion of illicit relations of *Mst.* Bashiran Bibi (deceased) with Muhammad Ashraf (appellant), therefore, he committed the murder of *Mst.* Bashira Bibi and falsely roped the appellant in this case; that the story narrated by the prosecution eye-witnesses does not appeal to a prudent mind and there are glaring contradictions in the ocular account and the medical evidence of the prosecution because no number of injuries sustained by *Mst.* Bashiran Bibi (deceased) was mentioned by the complainant in the contents of the FIR, whereas the prosecution

eye-witnesses while appearing before the learned trial Court stated that the appellant inflicted fourteen injuries with the help of *Churri* on the body of *Mst.* Bashiran Bibi (deceased) but if the post-mortem examination report of the deceased is examined minutely, then it would reveal that in fact *Mst.* Bashiran Bibi deceased received total twenty (20) injuries on her body and as such there is conflict between the ocular account and medical evidence of the prosecution; that the conduct of the prosecution eye-witnesses is highly un-natural because according to the prosecution story, the complainant party was comprising of three adult male members but they did not try to save the life of *Mst.* Bashiran Bibi (deceased), when the appellant was not armed with any formidable firearm weapon; that there are glaring contradictions in the prosecution evidence because according to the evidence of the prosecution eye-witnesses namely Muhammad Akram complainant (PW-5) and Asghar Ali (PW-6), they took *Mst.* Bashiran Bibi (deceased) after the occurrence, in injured condition to the hospital but according to the statement of Muhammad Usman Inspector/I.O (PW-9), the dead-body of *Mst.* Bashiran Bibi (deceased) was lying at the place of occurrence at the time of his visit of the spot; that the daughter of the complainant has not been produced in the witness box to prove the alleged motive; that according to the report of Punjab Forensic Science Agency, Lahore (Ex.PL), *Churri* was deposited by Muhammad Usman Inspector (PW-9), in the office of Punjab Forensic Science Agency, Lahore but the said witness has not deposed in his evidence that he received the said *Churri* from the *Moharrar mall-khana* of the police station and deposited the same in the office of Punjab Forensic Science Agency, Lahore; that the impugned judgment is result of misreading and non-reading of evidence; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, he (appellant) may be acquitted from the charge.

8. On the other hand, learned Deputy Prosecutor General, for the State, assisted by learned counsel for the complainant has argued that the prosecution has proved its case against the appellant beyond the shadow of any doubt; that the occurrence took place on 25.08.2016 at 03.30 p.m, whereas the FIR was promptly lodged on the same day at 05.45 p.m and as such the promptness of the FIR rules out the possibility of any concoction or deliberation in the prosecution story; that the prosecution eye-witnesses stood the test of lengthy cross-examination but their evidence could not be

shaken; that the appellant is named in a promptly lodged FIR with the specific role that he inflicted repeated *Churri* blows on the body of *Mst.* Bashiran Bibi (deceased) and the role attributed to the appellant has fully been supported by the medical evidence furnished by the prosecution through Lady Doctor Zuneera Misbah (PW-4); that the appellant has himself admitted during the cross-examination of the PWs, as well as, in his statement recorded under Section 342 Of, Cr.P.C. regarding the commission of offence in his house and presence of the complainant and the prosecution witnesses at the time of occurrence; that the motive of the prosecution case was also proved through reliable and confidence inspiring evidence of the prosecution witnesses; that the prosecution case against the appellant has further been corroborated by the recovery of *Churri* (P-4), on the pointation of the appellant and positive report of Punjab Forensic Science Agency, Lahore (Ex.PL); that the appellant has committed a brutal and reckless murder of an innocent lady, therefore, he does not deserve any leniency, in the quantum of his sentence; that the sentence of death was rightly awarded to the appellant, therefore, the same may be maintained, appeal filed by the appellant be dismissed and Murder Reference be answered in the affirmative.

9. **We have heard the arguments of learned counsel for the appellant, learned counsel for the complainant, as well as, learned Deputy Prosecutor General and have also gone through the evidence available on the record with their able assistance.**

10. The detail of the prosecution case as set forth in the FIR (Ex.PC) has already been given in Para No. 3 of this judgment, therefore, there is no need to repeat the same.

11. We have noted that it was the case of the appellant in his statement recorded under Section 342 Of, Cr.P.C., as well as, during cross-examination of the prosecution witnesses that in fact *Mst.* Bashiran Bibi (deceased) had been murdered by her husband namely Muhammad Akram complainant (PW-5), because *Mst.* Bashiran Bibi deceased had illicit relations with the appellant and due to the said reason, when *Mst.* Bashiran Bibi (deceased) came to the house of the appellant on the day of occurrence, the complainant also came there and committed murder of *Mst.* Bashiran Bibi (deceased), whereas the appellant fled away from the spot. On the other hand, it is case of the prosecution that in fact Muhammad Ashraf (appellant) wanted "*rishta*"

(hand) of the daughter of the complainant for his son but *Mst.* Bashiran Bibi (deceased) refused to give "*rishta*" (hand) of her daughter to the son of the appellant, therefore, the appellant, on the day of occurrence forcibly took *Mst.* Bashiran Bibi (deceased) from the main bazar towards his Bhaitik and thereafter committed his murder by inflicting repeated *Churri* blows on her body. Insofar as the defence version of the appellant brought on the record through his statement recorded under Section 342 of Cr.P.C. and argument of learned counsel for the complainant that the defence (appellant) has thus admitted the presence of the complainant and prosecution eye-witnesses at the spot at the time of occurrence, is concerned, it is noteworthy that although the appellant admitted during his abovementioned statement that he had illicit relations with *Mst.* Bashiran Bibi (deceased) but he has not admitted that they ever committed zina with each other. The nature of above-mentioned illicit relationship is not determinable in his case because no detail of said relationship has been brought on the record by the defence, whereas, no such allegation has been levelled by the prosecution. No charge was framed by the learned trial Court for offence of zina. Insofar as the remaining part of the above-referred statement of the appellant is concerned, no offence is made out against the appellant from the perusal of said part of his statement because he categorically stated that he fled away from the place of occurrence at the time of murder of *Mst.* Bashiran Bibi (deceased) at the hands of the complainant and the PWs, therefore, no judgment of conviction can be passed against the appellant on the basis of abovementioned statement. It is by now well settled that statement of an accused is to be accepted or rejected in toto and it is legally not permissible to accept inculpatory part of the statement of an accused and reject exculpatory part of the same statement, when otherwise the prosecution evidence is not worthy of reliance. Reference in this context may be made to the case of *'Muhammad Asghar v. The State'* (PLD 2008 Supreme Court 513). The relevant paragraph of the said judgment at page 520 is reproduced hereunder for ready reference:

> *'It is settled law by now that a statement of an accused recorded under Section 342, of Cr.P.C. is to be read in its entirety, is to be accepted or rejected as a whole and reliance should not be placed on that portion of the statement which goes against the accused person. Reference can be made to*

the case of 'Shabbir Ahmad v. The State' PLD 1995 SC 343 and 'The State v. Muhammad Hanif and 5 others' 1992 SCMR 2047. It has been held by this Court in the judgment reported as 'Waqar Ahmad v. Shaukat Ali and others' 2006 SCMR 1139, that prosecution is bound to establish its own case independently instead of depending upon the weakness of the defence, and the assertion of the accused in his statement under Section 342, of Cr.P.C. was not sufficient to establish the prosecution case regarding guilt of the accused and such statement of the accused could be accepted in toto in the absence of any other prosecution evidence. In the case in hand, the High Court should have either accepted appellant's statement in its entirety or rejected it altogether, but it had misdirected itself while choosing a portion of the statement, which went against the appellant, and convicting him.'

We are, therefore, of the view that no benefit could be extended to the prosecution merely on the basis of above-mentioned statement of the appellant, without first determining that the prosecution has itself discharged its initial burden or not to prove its case against the appellant beyond the shadow of any doubt. We, therefore, proceed to decide the instant case after perusal of the prosecution evidence available on the record to determine the above-mentioned question.

12. Admittedly the occurrence in this case took place inside the *Bhaitik* of the house of Muhammad Ashraf (appellant). The motive alleged by the prosecution that the appellant committed murder of *Mst.* Bashiran Bibi (deceased) on the grudge that the deceased refused to give the "*rishta*" (hand) of her daughter to the son of the appellant does not appeal to a prudent mind because according to the post-mortem report of the deceased, there were fourteen stab and incised wounds on the body of the deceased. The number of injuries inflicted on the body of *Mst.* Bashiran Bib (deceased) shows that the assailant was highly provoked against the deceased, therefore, he inflicted the abovementioned large number of injuries on her body in a merciless manner. There was no reason to commit the murder of *Mst.* Bashiran Bibi (deceased) in such a merciless and brutal manner, only on the ground of her refusal to give "*rishta*" (hand) of her daughter to the son of the appellant. If for the sake of arguments, it is presumed that the abovementioned motive alleged by the prosecution was true even then there was no reason with the appellant to inflict as many as fourteen injuries on the body

of *Mst.* Bashiran Bibi (deceased) for the above-referred reason. Moreover, there was no need for the appellant to forcibly drag *Mst.* Bashiran Bibi (deceased) from the bazar towards inside the Bhaitik of his house for inflicting injuries on her body. The appellant could have done so in the bazar. It is further noteworthy that name of the daughter of the complainant or the son of the appellant regarding whom the deceased did not agree for giving "*rishta*" (hand) has not been mentioned by any prosecution witness. Furthermore, the daughter of the complainant did not appear in the witness-box to prove the abovementioned alleged motive. We are, therefore, of the view that the motive part of the prosecution story has not been proved in this case.

13. We have further noted that the complainant did not mention any number of injuries sustained by *Mst.* Bashiran Bibi (deceased), in the contents of the FIR. Although the prosecution eye-witnesses namely Muhammad Akram complainant (PW-5) and Asghar Ali (PW-6), while appearing in the witness box have stated that the appellant inflicted as many as fourteen injuries with the help of *Churri* on the body of *Mst.* Bashiran Bibi (deceased) but minute perusal of the post-mortem report of the deceased and evidence of Lady Doctor Zuneera Mishbah (PW-4), shows that against Injury No. 2, four independent stab wounds of different sizes have been mentioned on the left breast of the deceased. Likewise against Injury No. 13, four independent incised wounds of different sizes on outer part of left thigh of the deceased have again been mentioned by the Medical Officer. Meaning thereby that total twenty injuries were sustained by *Mst.* Bashiran Bibi (deceased) during the occurrence and as such there is conflict between the ocular account and the medical evidence of the prosecution.

It is further noteworthy that according to the prosecution's case, it was only Muhammad Ashraf (appellant), who inflicted all the above-mentioned injuries with the help of *Churri* on the body of *Mst.* Bashiran Bibi (deceased) but according to the medical evidence furnished by Lady Doctor Zuneera Misbah (PW-4), sizes of stab wounds against Injury No. 2 were 1.5 cm x 1 cm, 2cm x 1 cm, 1 cm x 1 cm and 1.5 cm x 1.5 cm, respectively, whereas against Injury No. 3, sizes of the stab wounds were 3 cm x 1.5 cm and against Injury No. 5, the size of the stab wound was 7 cm x 3 cm. Lady Doctor Zuneera Misbah (PW-4), during her cross-examination has

admitted that there was possibility that injuries on the body of *Mst.* Bashiran Bibi (deceased) were caused with more than one weapon.

14. We have also noted that the occurrence in this case took place on 25.08.2016, at about 3.30 p.m. The post-mortem examination on the dead-body of *Mst.* Bashiran Bibi (deceased) was conducted on the next day (26.08.2016), at about 10.00 a.m *i.e.*, with the delay of about 18½ hours from the time of occurrence. Lady Doctor Zuneera Misbah (PW-4) in her examination-in-chief has categorically stated that the dead-body was received in mortuary on 25.08.2016 at 6.30 p.m, whereas the police documents were presented to her on 26.08.2016 at 10.00 a.m and thereafter she conducted post-mortem examination on the dead-body of *Mst.* Bashiran Bibi (deceased) at 10.00 a.m. Although Muhammad Akram complainant (PW-5), in his examination-in-chief stated that when they (complainant party) took the dead-body of *Mst.* Bashiran Bibi (deceased) to the hospital, the time of post-mortem examination was already over but no such statement has been made by Lady Doctor Zuneera Misbah (PW-4) that when the dead-body of *Mst.* Bashiran Bibi (deceased) was received in the mortuary on 25.08.2016, at 6.30 p.m, the time of post-mortem examination was already over. On the other hand, she categorically stated that the police papers were handed over to her on 26.08.2016 at 10.00 a.m and thereafter she conducted post-mortem examination on the dead-body of *Mst.* Bashiran Bibi (deceased). The above-mentioned gross delay in conducting post-mortem examination on the dead-body of the deceased is suggestive of the fact that the prosecution story has been cooked up and fake eye-witnesses have been introduced by the prosecution in this case. We may refer here the case of *"Irshad Ahmad versus The State"* (2011 SCMR 1190) wherein it was observed that the post-mortem examination of the deadbody had been conducted with a noticeable delay and such delay is generally suggestive of a real possibility that time had been consumed by the police in procuring and planting eye-witnesses and in cooking up a story for the prosecution before preparing police papers necessary for getting a post-mortem examination of the deadbody conducted. Similarly, in the case of *Khalid alias Khalidi and two others vs. The State* (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post-mortem examination on the deadbody of deceased, to be an adverse fact against

the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as *"Muhammad Ashraf vs. The State"* (2012 SCMR 419), *"Muhammad Ilyas vs. Muhammad Abid alias Billa and others"* (2017 SCMR 54) and *"Zafar vs. The State and others"* (2018 SCMR 326).

15. It is further noteworthy that the conduct of the prosecution eye-witnesses at the time of occurrence is highly un-natural because according to the prosecution's own case, the accused party was comprising of two adult male members namely Muhammad Ashraf (appellant), Amjad (co-accused since acquitted) and a female member namely *Mst.* Najma Bibi (co-accused since acquitted), whereas the complainant party was comprising of three male adult members but they did not try to save *Mst.* Bashiran Bibi (deceased) at the time of occurrence and they allowed the appellant to inflict as many as twenty (20) injuries on the body of the deceased. Although the prosecution eye-witnesses have given the reason that as Amjad (co-accused since acquitted) threatened them (complainant party) with his pistol and after the occurrence *Mst.* Najma Bibi (co-accused since acquitted) locked the door of Bhaitik, where the occurrence took place, therefore, they could not save *Mst.* Bashiran Bibi (deceased) or apprehend the appellant at the time of occurrence but we have noted that both the abovementioned co-accused (Amjad and *Mst.* Najma Bibi) were declared innocent during the course of police investigation and the prosecution case to their extent was found to be false. Furthermore, no pistol was recovered from the possession of Amjad (co-accused since acquitted). Likewise no broken lock was recovered from the spot to support the allegation levelled against *Mst.* Najma Bibi co-accused. It is also noteworthy that the learned trial Court disbelieved the prosecution story qua the above-mentioned co-accused and acquitted them *vide* the same impugned judgment. No appeal has been filed against the acquittal of abovementioned Amjad and *Mst.* Najma Bibi (co-accused) by the State or the complainant, which fact has been conceded by the learned Deputy Prosecutor General for the State and learned counsel for the complainant, present before the Court. Under the circumstances, the acquittal of above-mentioned co-accused has attained finality, therefore, it is established that the abovementioned co-accused were not present at the

spot at the relevant time and Muhammad Ashraf (appellant) was alone at that time but the complainant party, which was comprising of three adult male members did not try to save *Mst.* Bashiran Bibi (deceased) from the hands of Muhammad Ashraf (appellant) and allowed him to inflict as many as twenty injuries on her body. They did not even apprehend the appellant after the occurrence, when the appellant was not armed with any formidable firearm weapon. They also did not try to stop *Mst.* Najma (co-accused since acquitted) from locking the door of Bhaitik from outside, where the occurrence took place. Relevant part of the statement of Muhammad Akram complainant (PW-5), in this respect reads as under:

> *……. I did not enter into the baithak and remained standing outside. Ashraf accused and Bashiran deceased were standing inside the baithak at the time of occurrence when I witnessed. I was still outside the baithak when PWs Asghar and Abdul Sattar reached the place of occurrence. We were three persons and we tried to save Bashiran deceased. We did not enter into the baithak despite the door was opened. We were standing outside baithak and in our view the accused gave blows of churrri to the Bashiran deceased……."*

……..

……..

> *……. "In our presence Najma accused locked the door from the outer side we did not intervened because she was a lady ……"*

It is evident from the perusal of the evidence of the prosecution eye-witnesses that they stood like silent spectators at the time of occurrence and did not take a single step to rescue the deceased. *Mst.* Bashiran Bibi (deceased) was wife of Muhammad Akram complainant (PW-5), whereas Asghar Ali (PW-6), was "behnoi" (brother-in-law) of the complainant and Abdul Sattar (PW since given-up) was "Bhatija" (nephew) of the complainant. They were closely related to *Mst.* Bashiran Bibi (deceased). Had the abovementioned eye-witnesses been present at the spot at the time of occurrence as claimed by them then they could have saved *Mst.* Bashiran Bibi (deceased) or apprehend the appellant at the spot. Their conduct is un-natural thus their evidence is un-trustworthy. We may refer here the case of *"Pathan v. The State"*

(2015 SCMR 315), wherein at Para No. 5, of the judgment, the august Supreme Court of Pakistan was pleased to observe as under:

> *"The presence of witnesses on the crime spot due to their unnatural conduct has become highly doubtful, therefore, no explicit reliance can be placed on their testimony. They had only given photogenic/photographic narration of the occurrence but did nothing nor took a single step to rescue the deceased. The causing of that much of stab wounds on the deceased loudly speaks that if these three witnesses were present on the spot, being close blood relatives including the son, they would have definitely intervened, preventing the accused from causing further damage to the deceased rather strong presumption operates that the deceased was done to death in a merciless manner by the culprit when he was at the mercy of the latter and no one was there for his rescue ……....."*

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of *"Zafar v. The State and others"* (2018 SCMR 326) and *"Liaquat Ali vs. The State"* (2008 SCMR 95).

16. We have further noted that according to the statement of Muhammad Akram complainant (PW-5) and Asghar Ali (PW-6), after the occurrence they shifted *Mst.* Bashiran Bibi (deceased), in injured condition to the Allied Hospital, Faisalabad but she succumbed to the injuries on the way, whereas according to the statement of Muhammad Usman Inspector/I.O (PW-9), he visited the spot on 25.08.2016, after receiving the information regarding this occurrence and found that the dead-body of *Mst.* Bashiran Bibi was lying there. He further stated that he dispatched the dead-body of *Mst.* Bashiran Bibi through Zahid Sharif 7018/C (PW-2) for the purpose of autopsy. Likewise in inquest report (Ex.PF), the dead-body of the deceased has been shown lying at Mohallah Sindhuwan 223-RB, Faisalabad. We are, therefore, of the view that the prosecution evidence is self-contradictory.

17. Insofar as the recovery of *Churri* (P-4), on the pointation of Muhammad Ashraf (appellant) and positive report of Punjab Forensic Science Agency, Lahore is concerned, we have noted that according to the report of the Punjab Forensic Science Agency, Lahore (Ex.PL), the *Churri* (P-4) was deposited in the office of above-

mentioned Agency by Muhammad Usman Inspector (PW-9) but Muhammad Usman Inspector (PW-9) while appearing in the witness box did not utter a single word that he received *Churri* (P-4), from the Moharrar mall-khana of the police station or deposited the same in the office of Punjab Forensic Science Agency, Lahore. We are, therefore, of the view that it is not save to rely upon the prosecution evidence qua the alleged recovery of *Churri* (P-4), on the pointation of the appellant and positive report of Punjab Forensic Science Agency, Lahore (Ex.PL).

18. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the truthfulness of the prosecution story. In the case of *'Tariq Pervez vs. The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> *"5. ……. The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."*

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *"Muhammad Akram vs. The State"* (2009 SCMR 230), at page 236, observed as under:

> *"13. ……. It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the*

guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

19. In the light of above discussion, we are of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, we accept **Criminal Appeal No. 115212 of 2017** filed by Muhammad Ashraf (appellant), set aside his conviction and sentence recorded by the learned trial Court *vide* judgment dated 28.11.2017 and acquit him of the charge by extending him the benefit of doubt. He is in custody, he be released forthwith if not required in any other case. **Murder Reference No. 672 of 2017** is answered in the **NEGATIVE** and the sentence of death of Muhammad Ashraf (convict) is **NOT CONFIRMED.**

(A.A.K.) **Appeal accepted.**

BILAL AHMED--Petitioner

versus

STATE and another--Respondents

Crl. Misc. No. 44877-B of 2021, decided on 16.7.2021.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Pakistan Penal Code, (XLV of 1860), S. 489-F--Post arrest bail, grant of--Allegation of--Dishonoured of cheque--Documentary evidence--Entire prosecution case is based on documentary evidence (dishonoured cheque and bank slip), which is already in possession of prosecution and as such there is no chance of tampering with same, therefore, in such circumstances no useful purpose will be served by keeping petitioner behind bars--Punishment provided for offence u/S. 489-F, PPC is imprisonment, which may extend to three years--Offence mentioned in FIR does not fall within ambit of prohibitory clause of Section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception--Mere involvement of huge amount is no ground to refuse bail to petitioner--Ordaining that where a case falls within non-prohibitory clause, concession of granting bail must favorably be considered and should only be declined in exceptional cases--Bail allowed. [P. 470] A, B & C

1996 SCMR 1132, 2011 SCMR 1708, 2009 SCMR 1488 & PLD 2017 SC 733.

Mr. Sajjad Hussain Tarar, Advocate for Petitioner.

Ch. Muhammad Ishaq, Additional Prosecutor General for State.

Mr. Muhammad Sharif Khokhar, Advocate for Complainant.

Date of hearing: 16.7.2021.

ORDER

Through the instant petition, the petitioner Bilal Ahmed seeks post arrest bail in case FIR No. 151/2021 dated 21.03.2021, offence under Section 489-F, PPC, registered at Police Station Phalia, District Mandi Bahauddin.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, a cheque amounting to Rs. 1,00,00,000/-, issued by the petitioner to the complainant was dishonoured on presentation by the concerned bank, hence the abovementioned FIR.

4. The entire prosecution case is based on documentary evidence (dishonoured cheque and bank slip), which is already in possession of the prosecution and as such there is no chance of tampering with the same, therefore, in such circumstances no useful purpose will be served by keeping the petitioner behind the bars. Reference in this respect may be made to the case of *Saeed Ahmad v. The State* (1996 SCMR 1132). Furthermore, the punishment provided for the offence under Section 489-F, PPC is imprisonment, which may extend to three years. The offence mentioned in the FIR does not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. Mere involvement of huge amount is no ground to refuse bail to the petitioner. Reference in this context may be made to the case of *Riaz Jafar Natiq v. Muhammad Nadeem Dar and others* (2011 SCMR 1708). Thus, keeping in view the law laid down in the cases of *Zafar Iqbal v. Muhammad Anwar and others* (2009 SCMR 1488) and *"Muhammad Tanveer v. The State and another"* (PLD 2017 Supreme Court 733), ordaining that where a case falls within non-prohibitory clause, the concession of granting bail must favorably be considered and should only be declined in exceptional cases and because no exceptional ground has been pointed out by learned Additional Prosecutor General or learned counsel for the complainant to refuse bail to the petitioner, therefore, the instant petition is ***allowed*** and the petitioner is admitted to post-arrest bail subject to his furnishing bail bonds in the sum of Rs. 10,00,000/- (*Rupees one million only*) with two sureties in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Bail allowed.**

Crl. Misc. No. 41394-B of 2021, decided on 27.10.2021.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497(1)--Pakistan Penal Code, (XLV of 1860), Ss. 302, 324, 148, 149, 109, 337-F(vi), 337-F(i), 337-A(i) & 337-L(ii)--Bail after, arrest, dismissal of--Allegation of--Specific role of committing murder of deceased--Petitioner has been assigned a specific role of making a fire shot, which landed on chin of (deceased)--The role attributed to petitioner is *prima-facie* supported by medical evidence because according to postmortem report of deceased, there was a firearm lacerated wound having graze mark on chin (Injury No. 4)--The petitioner has caused a firearm injury on vital part of body of deceased--A pistol has been recovered on pointation of petitioner and as per report of Punjab Forensic Science Agency, Lahore, two empties recovered from spot matched with said pistol--Empties were deposited in office of Punjab Forensic Science Agency, Lahore far earlier to arrest and recovery of pistol on pointation of petitioner--Offence under Section 302, PPC, falls within ambit of prohibitory clause of Section 497 of, Cr.P.C--The petitioner has been found guilty during course of police investigation--Bail dismissed. [P. 818] A

Mian Muhammad Rauf, Advocate for Petitioner.

Ch. Muhammad Ishaq, Additional Prosecutor General for State.

Malik Muhammad Siddiq Awan, Advocate for Complainant.

Rana Muhammad Shafique, Advocate/Legal Advisor PFSA.

Date of hearing: 27.10.2021.

ORDER

Through the instant petition, the petitioner seeks post arrest bail in case FIR No. 305/2019, dated 28.11.2019, offences under Sections 302/324/148/149/109/337F(vi)/337F(i)/337A(i)/337L(ii), PPC, Police Station Kur, Tehsil Tandlianwala, District Faisalabad.

2. Arguments heard. Record perused.

3. The petitioner is named in the FIR with the specific role that on the intervening night of 27/28-11-2019, at 12.30 (a.m), he along with his co-accused while armed with different weapons came to the house of the complainant party and committed murder of Zahid Bashir (deceased) and caused injuries to Riaz Hussain, Javed Iqbal, Mulazam Hussain and Ashiq Hussain PWs. The petitioner has been assigned a specific role of making a fire shot, which landed on the chin of Zahid Bashir (deceased). The role attributed to the petitioner is *prima-facie* supported by the medical evidence because according to the postmortem report of the deceased, there was a firearm lacerated wound having graze mark on chin (Injury No. 4). The petitioner has caused a firearm injury on the vital part of the body of the deceased. A pistol has been recovered on the pointation of the petitioner and as per report of the Punjab Forensic Science Agency, Lahore, two empties recovered from the spot matched with the said pistol. Empties were deposited in the office of Punjab Forensic Science Agency, Lahore far earlier to the arrest and recovery of pistol on the pointation of the petitioner. Offence under Section 302, PPC, falls within the ambit of prohibitory clause of Section 497 of, Cr.P.C. The petitioner has been found guilty during the course of police investigation.

4. In the light of above discussion, there is no substance in the present petition, hence the same is hereby **dismissed.**

(A.A.K.) **Bail dismissed.**

Ch. Muhammad Ishaq, Additional Prosecutor General for State.

Nadeem son of Mubashar Ahmad (deceased) and Ahsan son of Mushtaq Ahmad for Complainant (as well as Petitioner (in Crl. Revision No. 767 of 2010.

Date of Hearing: 26.1.2021.

JUDGMENT

This judgment shall dispose of *Criminal Appeal No. 1612* of 2010, filed by Javed Aftab (appellant), against his conviction and sentence and *Criminal Revision No. 767 of 2010*, filed by the complainant Mushtaq Ahmad for enhancement of sentence awarded to Javed Aftab (appellant) from imprisonment for life to death, as both these matters have arisen out of the same impugned judgment dated 27.05.2010, passed by learned Additional Sessions Judge, Chiniot.

2. Javed Aftab (appellant) along with *Mst.* Nusrat Anjum (co-accused since acquitted), was tried in case F.I.R. No. 440 dated 22.08.2006, registered at Police Station Chenab Nagar. District Chiniot, in respect of offences under Sections 302/109, PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 27.05.2010, has convicted and sentenced Javed Aftab (appellant) as under:

> *Under Sections 302(b), PPC to imprisonment for life (rigorous) as tazir. He was also ordered to pay Rs. 50,000/- (rupees fifty thousand only) to the legal*

heirs of Mubashar Ahmad (deceased) as compensation and in default thereof to suffer simple imprisonment for six years.

Benefit of Section 382-B, Cr.P.C. was also extended to the appellants.

However, *vide* the same impugned judgment dated 27.05.2010, *Mst.* Nusrat Bibi (co-accused), was acquitted by the learned trial Court/Additional Sessions Judge, Chiniot while giving her the benefit of doubt.

3. Brief facts of the case as given by the complainant Mushtaq Ahmad (PW-8), in his complaint (Ex.PA), on the basis of which the formal FIR (Ex.PA/1) was chalked out, are that the complainant was resident of Factory Area Chenab Nagar and his mother, as well as, brother Mubashar Ahmad (deceased) had been residing in separate houses in Mohallah Naseerabad. The mother of the complainant was sick and he (complainant) often used to visit the house of his mother in order to see her. The character of wife of Mubashar Ahmad (deceased) namely *Mst.* Nusrat Bibi (co-accused since acquitted) was doubtful, who had gone to Karachi during the days of occurrence. Javed Aftab (appellant) was on visiting terms with Mubashar Ahmad (deceased). On the intervening night of 21/22-08-2006, at about 12.30 (night), the complainant along with his brother Zafar Ahmad and nephew Ayaz *alias* Pomi (PWs since given-up) were retuning back to Bait-ul-Ahmad, Chenab Nagar after attending his mother. In the meanwhile, after hearing hue and cry from the house of his brother Mubashar Ahmad (deceased), they entered the said house and saw that Javed Ahmad (appellant) was giving repeated churri blows to Mubashar Ahmad (deceased) on different parts of his body. The complainant party tried to apprehend the appellant but he (appellant) fled away from the spot while wielding the '*Chhurri*. Mubashar Ahmad succumbed to the injuries at the spot.

The motive behind the occurrence was that after committing murder of complainant's brother namely Mubashar Ahmad, Javed Aftab (appellant), wanted to develop illicit relations with the wife of the deceased namely *Mst.* Nusrat Bibi (co-accused since acquitted).

4. The appellant was arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 10.03.2007, to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced twelve witnesses. Prosecution also produced

documentary evidence in the shape of Ex.PA to Ex.PL. The statements of the appellant and his co-accused under Section 342, Cr.P.C., were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

5. The learned trial Court *vide* its judgment dated 27.05.2010, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. Learned counsel for the complainant is again not available and request for adjournment has been made on his behalf. I have noted that the appellant is behind the bars since the year 2006 whereas the instant appeal is pending adjudication before this Court since the year 2010 and despite the laps of a period of more than 10-years, the same could not be decided so far. A lot of adjournments have already been granted in this case on the request of learned counsel for the complainant. Even, on the last date of hearing *i.e*. 20.01.2021, learned counsel for the complainant was not present and request for an adjournment was made on his behalf. Although, the said request was opposed by learned counsel for the appellant but the case was adjourned with the clear understanding that no further adjournment shall be granted in this case but even today, learned counsel for the complainant did not bother to appear before the Court. No valid ground for non-availability of learned counsel for the complainant has been pointed out by Nadeem son of Mubashar Ahmad (deceased) and Ahsan son of Mushtaq Ahmad (complamant). On the last date of hearing *i.e*. 20.01.2021, last and final opportunity to the son of the deceased, as well as, son of the complainant was granted to make arrangement for arguments on this appeal and it was made clear that in case of non-appearance of learned counsel for the complainant on the next date, the case shall be decided after hearing the arguments of learned counsel for the appellant, learned Additional Prosecutor General for the State and perusal of the record but the needful has not been done by the complainant party. It appears that son of the deceased and son of the complainant are not interested in the prosecution of this case. Under the circumstances, there is no other option with the Court but to decide the instant appeal on the basis of available recorded and hearing arguments of learned counsel for the appellant and learned Additional Prosecutor General for the State. Even otherwise, it is a State case and the learned Additional Prosecutor General for the State is ready to argue the same, therefore, I proceed to decide the instant case after hearing arguments of learned counsel for the appellant, learned Additional Prosecutor General for the State and perusal of the record.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that in-fact Mushtaq Ahmad/complainant (PW.8) who was brother of Mubashar Ahmad (deceased) had no good relationship with the deceased and the occurrence was committed by the complainant in order to usurp the property of the deceased and this fact regarding bad relationship between the complainant and the deceased has been admitted by the prosecution witness herself, namely, *Mst.* Aaliya Bibi (PW.7); that the evidence of Mushtaq Ahmad/complainant (PW.8) and Bilal Ahmad (PW.5) has been disbelieved by learned trial Court and the appellant has been convicted on the basis of evidence of *Mst.* Aaliya Bibi (PW.7) but the name of said *Mst.* Aaliya Bibi (PW.7) has not been mentioned in the FIR as an eye-witnesses, therefore, her evidence is not worthy of reliance; that the evidence of prosecution eye-witnesses is self-contradictory which has created serious dent in the prosecution story; that the motive of illicit relationship of *Mst.* Nusrat Bibi (co-accused since acquitted) and the appellant has been disbelieved by the learned trial Court and the above mentioned *Mst.* Nusrat Bibi, co-accused has been acquitted by the learned trial Court whereas Criminal Appeal No. 1706 of 2010 filed against the acquittal of said co-accused has also been dismissed by this Court *vide* order dated 03.04.2017; that the recovery of '*Chhurri*' (P-3) was planted against the appellant and even otherwise, the said '*Chhurri*' was recovered from an open place which was not in the exclusive possession of the appellant; that there are material contradictions in the prosecution evidence which have not been properly appreciated while passing the impugned judgment; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, appeal filed by Javed Aftab (appellant) may be accepted and the appellant may be acquitted from the charge.

8. On the other hand, it is argued by the learned Additional Prosecutor General for the State that the occurrence in this case took place on 22.08.2006 at 12:30 A.M. (night) and the FIR has promptly been lodged on the same night at 1:50 A.M. which rules out the possibility of concoction or fabrication; that the prosecution eye-witnesses were cross-examined at length but their evidence could not be shaken; that *Mst.* Aaliya Bibi (PW.7) was daughter of the deceased and she was natural eye-witness of the occurrence being resident of the house where the occurrence took place; that even the remaining prosecution eye-witnesses, namely, Mushtaq Ahmad/complainant (PW.8) and Bilal Ahmad (PW.5) have also given solid reasons for their presence at the spot at the time of occurrence but their evidence has wrongly

been disbelieved by the learned trial Court; that the ocular account of the prosecution has fully been supported by the medical evidence furnished by the prosecution through Dr. Imran Ahmad Khan (PW.10); that the prosecution case against the appellant is further corroborated by the recovery of '*Chhurri*' (P-3) on the pointation of the appellant and positive report of Chemical Examiner (Ex.PL); that the motive alleged by the prosecution in this case has also been proved through reliable and trustworthy evidence of the prosecution witnesses; that the prosecution has proved it case against the appellant beyond the shadow of any doubt, therefore, the appeal filed by the appellant may be dismissed.

Insofar as Criminal Revision No. 767 of 2010, is concerned, it is argued by learned Additional Prosecutor General for the State that there was no mitigating circumstance in this case, therefore, the appellant may be awarded the normal penalty of death sentence.

9. Arguments heard and record perused.

10. The detail of the prosecution case as set forth in the FIR (Ex.PA/1) and in the complaint (Ex.PA), has already been given in paragraph No. 3 of this judgment, therefore, there is no need to repeat the same.

11. The occurrence in this case took place on the intervening night of 21/22.08.2006 at 12:30 A.M. Although, as per relevant columns of FIR (Ex.PA/1), the matter was reported to the police on the same night *i.e*. on 22.08.2006 at 1:50 A.M. but I have noted that postmortem examination on the dead body of Mubashar Ahmad (deceased) was conducted on 22.08.2006 at 1:30 P.M. Dr. Imran Ahmad Khan (PW.10) stated during his cross-examination that as soon as he received the police papers and dead body, he conducted postmortem examination without any delay. The relevant part of his statement reads as under:

> "As soon as I received the police papers and dead body I conducted the post mortem examination without any delay on my part."

It is, therefore, evident from the perusal of the statement of Dr. Imran Ahmad Khan (PW.10) that the dead body and police papers were handed over to the said Medical Officer with a considerable delay of 13-hours from the time of occurrence. The said delay is suggestive of the fact that the occurrence was unseen and the above mentioned time was consumed in procuring the attendance of fake eye-witnesses. In the case of *"Zafar vs. The State and others"* (2018 SCMR 326), the Hon'ble Supreme

Court observed that delay of 11-hours in conducting the postmortem examination shows that prosecution eye-witnesses were not present at the spot at the time of occurrence, therefore, the said delay was utilized for showing fake eye-witnesses in the police papers." Likewise, in the case of *"Muhammad Ilyas vs. Muhammad Abid alias Billa and others"* (2017 SCMR 54), the Apex Court of the Country was pleased to observe that delay of nine-hours in conducting postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence, therefore, the said delay was used in procuring the attendance of fake eye-witnesses. I am, therefore, of the view that the prosecution eye-witnesses were not present at the spot at the time of occurrence which resulted in the delay of postmortem examination of the deceased.

12. The ocular account of the prosecution has been produced through Bilal Ahmad (PW.5), *Mst.* Aaliya Bibi (PW.7) and Mushtaq Ahmad/complainant (PW.8). I have noted that the names of Bilal Ahmad (PW.5) and *Mst.* Aaliya Bibi (PW.7) have not been mentioned as eye-witnesses in the contents of the FIR rather according to the contents of the FIR, the occurrence was witnessed by Mushtaq Ahmad/complainant (PW.8), Zafar Ahmad and Ayyaz Ahmad Pomi (given up PWs). Bilal Ahmad (PW.5) and *Mst.* Aaliya Bibi (PW.7) were introduced subsequently in this case by the prosecution as eye-witnesses of the occurrence. It is further noteworthy that the learned trial Court at Page-10 of the impugned judgment has disbelieved the evidence of Mushtaq Ahmad/ complainant (PW.8) and Bilal Ahmad (PW.5) inter-alia on the ground that they were chance witnesses and their evidence was not trustworthy. However, the appellant has been convicted and sentenced on the basis of evidence of *Mst.* Aaliya Bibi (PW.7). As mentioned earlier, the name of *Mst.* Aaliya Bibi (PW.7) was not mentioned in the FIR as an eye-witness or in any other capacity and she has been introduced subsequently in this case by the prosecution as an eye-witness of the occurrence. Even, I have noted that Mushtaq Ahmad/complainant (PW.8) was not resident of the house where the occurrence took place. He had admitted that he was resident of a house which was situated at a distance of two (02) Furlongs from the place of occurrence. He gave this reason for his presence at the spot at the relevant time that on the night of occurrence, he went to see his mother who was sick at that time and on his return when he reached outside the house of Mubashar Ahmad (deceased) he heard hue and cry coming out of the house of the deceased and thereafter he entered the said house and witnessed the occurrence. The presence of Mushtaq Ahmad/complainant (PW.8) at odd hours of the night (12:30 A.M.) at the

place of occurrence was not natural, therefore, he was bound to establish the reason of his presence at the spot at the relevant time. Though, the said witness made this excuse that at the relevant time, he was coming back from the house of his mother who was sick at that time but he did not produce any medical prescription to prove the above mentioned reason. It is also an admitted fact that mother of the complainant was residing in a different house and she was not residing in the house where the occurrence took place. The complainant also did not produce his mother in the witness box to justify the above mentioned reason. He is therefore, a chance witness and as such his evidence is not free from doubt. The Hon'ble Supreme Court of Pakistan in the case of *"Mst. Sughra Begum and another vs. Qaiser Pervez and others"* (2015 SCMR 1142) at Para No. 14, observed regarding the chance witnesses as under:

> *"14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."*

Similar view was taken in the case of *"Muhammad Irshad vs. Allah Ditta and others"* (2017 SCMR 142). Relevant part of the said judgment at Para No. 2 reads as under:

> *"……Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial Court through any independent evidence"*

As the above mentioned prosecution eye-witness is a chance witness and he could not prove the reason of his presence at the spot at the time of occurrence, therefore, his very presence at the spot at the relevant time becomes doubtful.

13. Insofar as the evidence of Bilal Ahmad (PW.5) is concerned, it is noteworthy that the name of said witness is not mentioned in the FIR as an eye-witness of the occurrence or as a witness in any other capacity. He has already been disbelieved by the learned trial Court being a chance witness of the occurrence and untrustworthy.

14. Insofar as the evidence of *Mst.* Aaliya Bibi (PW.7) is concerned, as mentioned earlier, she was not cited as an eye witness in the FIR and she has subsequently been introduced in this case by the prosecution as an eye-witness of the occurrence. The statement of *Mst.* Aaliya Bibi (PW.7) is in conflict with the statements of the remaining prosecution eye-witnesses. It is noteworthy that as per contents of the FIR, the occurrence was witnessed by Mushtaq Ahmad/complainant (PW.8), Zafar Ahmad and Ayyaz Ahmad Pomi (given up PWs) but according to the statement of *Mst.* Aaliya Bibi (PW.7), the occurrence was witnessed by her (*Mst.* Aaliya Bibi/PW.7), as well as, by the subsequently introduced eye-witness of the prosecution, namely, Bilal Ahmad (PW.5). She also stated during her cross-examination that all her relatives reached at the spot after the occurrence. She further deposed that Mushtaq Ahmad/complainant (PW.8) arrived at the place of occurrence on a telephone call. She also stated during her cross-examination that her parents had cordial relationship with each other and there was no quarrel between them. She further deposed that her father (Mubashar Ahmad deceased) had not good relations with Mushtaq Ahmad/complainant (PW.8) before the occurrence and they were not on visiting terms with each other. She also stated that after the death of her father, her uncle, namely, Mushtaq Ahmad/complainant (PW.8), illegally occupied their house alongwith its paraphernalia and he also sold the car and motorcycle of the deceased and sale consideration of the said articles was not paid to them. The relevant part of her statement made during the cross-examination reads as under:

> "My parents had cordial relations and there was never a quarrel between them. There was no litigation between them. I have two sisters and one brother. My father was a rich man and he had a car and motorcycle. On the day of occurrence my father was owner of a car. My uncle Mushtaq had sold that car. He has not paid amount of that car to my mother. My uncle Mushtaq

has also sold motorcycle and he has also not paid the amount of that motorcycle to us. My uncle Mushtaq PW had illegally occupied our house alongwith its paraphernalia after the murder of my father. Later on we got the possession of the house forcibly but the paraphernalia of the house were not returned. My father and Mushtaq had not good relations even before the occurrence and we were not on visiting terms. The house of my grandmother is on the western side of our house at some distance about 2 furlong.

……

My mother went to Karachi 5/6 days prior to this occurrence alongwith my brother, I, my sister and my father were at home on the night of occurrence. My father was sleeping in the Courtyard while I and my sister were sleeping in our bed room. I did not inform Sadar Mohallah regarding the occurrence. Mushtaq arrived at the place of occurrence on a telephonic call. All our relatives arrived at the place of occurrence after the occurrence."

It is, therefore, evident from the perusal of record that the ocular account produced in this case by the prosecution through the above mentioned eye-witness is highly self-contradictory and the same is not worthy of reliance.

15. Although, the prosecution witnesses stated that a mobile phone (P-4) of the appellant was left at the place of occurrence which was taken into possession *vide* recovery memo Ex.PD but I have noted that no proof regarding the ownership of the said mobile phone in the name of the appellant has been produced in the prosecution evidence. Likewise, no call-data record of the said phone was produced in the evidence by the prosecution under the circumstances the alleged recovery of mobile phone (P-4) is inconsequential.

16. Insofar as the motive alleged by the prosecution is concerned, it is noteworthy that Mushtaq Ahmad/complainant (PW.8) stated that as Javed Aftab (appellant) wanted to develop illicit relationship with *Mst.* Nusrat Bibi (co-accused since acquitted), therefore, he committed the murder of Mubashar Ahmad (deceased), who was husband of the said co-accused.

The above mentioned motive has been disbelieved by learned trial Court at Page-10 of the impugned judgment. I have also noted that the complainant did not allege that he had ever seen Javed Aftab (appellant) in any objectionable condition with *Mst.* Nusrat Bibi, co-accused. The prosecution's own witness, namely, *Mst.* Aaliya Bibi

(PW.7) has categorically stated that there was no quarrel between her parents (Mubashar Ahmad deceased and his wife *Mst.* Nusrat Bibi co-accused) and they had cordial relationship with each other. Even during the days of occurrence, *Mst.* Nusrat Bibi, co-accused (since acquitted) was not present in the village Chenab Nagar Tehsil Lalian District Chiniot where the occurrence took place rather she was admittedly at Karachi during the said days. The above mentioned co-accused has been acquitted by learned trial Court and appeal filed against her acquittal *i.e*. Crl. Appeal No. 1706 of 2010 has also been dismissed by this Court *vide* order dated 03.04.2017. I am, therefore, of the view that the prosecution could not prove the motive alleged against the appellant.

17. Insofar as the recovery of '*Chhurri'* (P-3) on the pointation of the appellant is concerned, I have noted that the alleged recovery of '*Chhurri*' (P-3) was effected from the field of maize crop which was not under the exclusive possession of the appellant and the same was an open place. It is further noteworthy that although there is a report of Chemical Examiner (Ex.PL) that the above mentioned '*Chhurri*' (P-3) was stained with blood but there is no report of the Serologist to establish that the above mentioned '*Chhurri*' (P-3) was stained with "human" blood or not. As per report of Chemical Examiner, '*Chhurri*' (P-3) was sent to the office of Serologist to determine that as to whether or not the blood detected on the said '*Chhurri*' was 'human' blood but the prosecution did not produce in evidence the report of Serologist. In the light of above the best evidence has been withheld by the prosecution to establish that '*Chhurri*' (P-3) was stained with 'human' blood, therefore, an adverse inference under Article 129(g) of the Qanun-e-Shahadat Order, 1984 can validly be drawn against the prosecution that had the report of Serologist been produced in the evidence then the Same would not have favoured the prosecution case.

18. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt.

19. In the light of above discussion, I accept Criminal Appeal No. 1612 of 2010 filed by Javed Aftab (appellant), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Chiniot *vide* impugned judgment dated 27.05.2010 and acquit him of the charge under Section 302(b) PPC by extending him

the benefit of doubt. Javed Aftab (appellant) is in custody, he be released forthwith, if not required in any other case.

20. Insofar the criminal revision *i.e.*, Crl. Revision No. 767 of 2010, filed by Mushtaq Ahmad (complainant) for enhancement of sentence, awarded by the learned trial Court against Javed Aftab (appellant) from imprisonment for life to death is concerned, I have already disbelieved the prosecution evidence due to the reasons mentioned in paragraph Nos.11 to 17 of this judgment and Javed Aftab (appellant) has been acquitted from the charge, therefore, this criminal revision being devoid of any force is hereby **dismissed.**

(A.A.K.) **Appeal accepted.**

PLJ 2022 Cr.C. (Note) 48

[Lahore High Court, Lahore]

Present: MALIK SHAHZAD AHMAD KHAN, J.

FAISAL and another--Appellants

versus

STATE--Respondent

Crl. A. No. 224-J of 2009, decided on 9.12.2020.

Pakistan Penal Code, 1860 (XLV of 1860)--

----Ss. 302(b)/34--Conviction and sentence--Challenge to--Qatl-e-amd--Proverbial 'Lalkara'--Absconder--Compromise--No motive was alleged against appellant--It is noteworthy that for single deceased of this case, complainant has implicated as many as three accused persons in this case--As per prosecution case, it was (co-accused since acquitted) who made two fire shots which landed on right side of testicles and on right thigh of deceased whereas fire shot made by co-accused since acquitted) landed on left knee of deceased--Appellant has only been attributed role of making aerial firing and raising proverbial *'Lalkara'* at time of occurrence--As per prosecution's own case, appellant raised proverbial *'Lalkara'* when occurrence had already been committed by accused and co-accused since acquitted--It is not alleged by prosecution witnesses that after raising of *'Lalkara'* or on instigation of appellant, co-accused committed occurrence rather occurrence was committed by above mentioned co-accused prior to raising of *'Lalkara'* by appellant--Allegation of making aerial firing at time of occurrence leveled against appellant has also not been supported by recovery of any empty from spot--Insofar as recovery of pistol from possession of appellant is concerned, that there is no report of Punjab Forensic Science Agency, Lahore to establish that any empty recovered from spot matched with said pistol and as such, said recovery is inconsequential--As per prosecution's own case, fire-arm injuries were inflicted on body of deceased by accused and co-accused but complainant party/legal heirs of deceased have already effected compromise with said co-accused and they have been acquitted by High Court respectively on basis of compromised--Prosecution could not prove its case against appellant beyond shadow of doubt--Appeal accepted. [Para 11 & 13] A, B, C & E

2011 SCMR 646, 2009 SCMR 803, 2017 SCMR 144, PLD 2009 SC 53, PLD 2008 SC 298.

Absconder--

----It is true that appellant remained absconder in this case but it is by now well settled that in absence of other reliable and convincing evidence, his conviction cannot be maintained merely on basis of abscondence. [Para 11] D

2010 SCMR 566.

Mr. Nasir Mahboob Tiwana, Advocate for Appellant.

Ch. Muhammad Ishaq, Additional Prosecutor General with *Qaisar Elahi,* Inspector/SHO for State.

Date of hearing: 9.12.2020.

JUDGMENT

This judgment shall dispose of Criminal Appeal No. 224-J of 2009, filed by Asif (appellant) against his conviction and sentence awarded to him by the learned Additional Sessions Judge, Bhalwal through impugned judgment dated 17.06.2009.

2. Asif (appellant) along with two other co-accused, namely, Faisal (co-accused since acquitted) and Sajjad Hussain (co-accused since acquitted) was tried in case F.I.R. No. 422 dated 20.10.2003, registered at Police Station Bhalwal District Sargodha in respect of offences under Sections 302/34, PPC. After conclusion of the trial, the learned trial Court *vide* its judgment dated 17.06.2009, has convicted and sentenced the appellant as under:

> Under Section 302(b)/34PPC to imprisonment for life. The appellant was also directed to pay an amount of Rs. 50,000/- (Rupees Fifty Thousand only), as compensation to the legal heirs of Muhammad Anwar (deceased) under Section 544-A, Cr.P.C. and in case of default to further undergo six months simple imprisonment.
>
> Benefit of Section 382-B, Cr.P.C. was also extended to the appellant.

3. Brief facts of the case as given by the complainant Muhammad Younas (PW-8) in the FIR (Ex.PQ) are that on 20.10.2003, he was going back to his Chak. At about 9:00 P.M., the complainant went to Muhammad Anwar (deceased) in Amir Colony Bhalwal Town and at about 9:30 P.M. someone knocked at the door of the house of Muhammad Anwar (deceased) upon which Qurban son of Muhammad Anwar (deceased) opened the door. He came back and told that Sajjad Hussain, Faisal (co-accused) and Muhammad Asif (appellant) were present outside the house. He further told that they had asked to send Muhammad Anwar (deceased) out whereupon Muhammad Anwar (deceased) came out of his house. After sometime, when Muhammad Anwar (deceased) did not return back, the complainant alongwith Muhammad Khan and Nasir Mehmood came out to know as to why Muhammad Anwar (deceased) had not come back and when they reached near the house of one Nazir Mangut, they saw that the accused mentioned above were present there. Sajjad

Hussain (co-accused since acquitted) took out pistol from 'Naifa' of his 'shalwar' and fired at Muhammad Anwar (deceased) hitting near his testicles. Sajjad Hussain (co-accused since acquitted) made second fire shot which hit on the right thigh of the deceased. Then, Faisal (co-accused since acquitted) made a fire shot with his pistol which hit the deceased near the left knee. Muhammad Asif (appellant) kept on raising *'Lalkara'* and making aerial firing while saying that if anyone would come closer to them, he shall be done to death. All the three accused while making firing, ran away from the place of occurrence. Muhammad Anwar (deceased) succumbed to the injuries at the spot.

Motive of the case was that prior to the occurrence, a case FIR No. 377/2001 under Section 377, PPC was registered against Sajjad Hussain (co-accused since acquitted). The complainant and Muhammad Anwar (deceased) had been pursuing the above mentioned case due to which, the accused persons committed the murder of Muhammad Anwar (deceased).

4. The appellant was arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co- accused on 20.02.2008 to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced fourteen witnesses. Muhammad Akram and Ahmad Khan, PWs were given up being unnecessary. Prosecution also produced documentary evidence in the shape of Ex.PA to Ex.PQ during the trial. The statements of the appellant and his co-accused under Section 342, Cr.P.C. were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

5. The learned trial Court *vide* the impugned judgment dated 17.06.2009, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. Muhammad Younas (complainant) has statedly been murdered and this fact has been confirmed by Qaiser Elahi, Insepctor/SHO, Police Station Saddar Bhalwal District Sargodha present before the Court today. The younger brother of the complainant, namely, Muhammad Amjad and son of Muhammad Anwar, deceased of this case, namely, Qurban Ali are present before the Court. They are duly identified by Qaiser Elahi, Inspector/SHO. They both state that due to financial constraints they are not in a position to hire the services of a private counsel in this case and will be satisfied with the arguments of learned Additional Prosecutor General for the State. Even otherwise, it is a State case and the learned Additional Prosecutor General for the State is ready to argue the case, therefore, I proceed to decide the instant appeal after hearing the arguments of learned counsel for the complainant, learned Additional Prosecutor General for the State and perusal of the record.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has wrongly been convicted and sentenced by the learned trial Court; that there are material contradictions in the statements of the prosecution witnesses which have not been properly appreciated by the learned trial Court; that the appellant has not been assigned any role of causing injury on the body of Muhammad Anwar (deceased) whereas Sajjad Hussain and Faisal, co-accused who were attributed the role of causing injuries on the body of Muhammad Anwar (deceased) have already been acquitted by this Court on the basis of compromise effected with the legal heirs of the deceased because the complainant party received money from them but the appellant is behind the bars from the last 13-years because he could not fulfill illegal demands of the complainant party; that no motive was alleged against the appellant; that no empty was recovered from the spot to support the allegation of aerial firing leveled against the appellant; that in absence of any report of Punjab Forensic Science Agency, Lahore, the alleged recovery of pistol (P-4) is of no avail to the prosecution; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

8. On the other hand, it is argued by the learned Additional Prosecutor General for the State that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, he was rightly convicted and sentenced by the learned trial Court; that the prosecution eye-witnesses were cross-examined at length but their evidence could not be shaken; that the prosecution case against the appellant has been corroborated by the recovery of pistol (P-4) from the possession of the appellant; that the appellant remained absconder in this case for a period four years which further corroborates the prosecution case against the appellant; that there is no substance in this appeal, therefore, the same may be dismissed.

9. Arguments heard and record perused.

10. The detail of the prosecution case as set forth in the FIR (Ex.PQ) has already been given in Paragraph No. 3 of this judgment, therefore, there is no need to repeat the same.

11. It is noteworthy that for the single deceased of this case, the complainant has implicated as many as three accused persons in this case. It is further noteworthy that as per prosecution case, it was Sajjad Hussain (co-accused since acquitted) who made two fire shots which landed on the right side of testicles and on the right thigh of Muhammad Anwar (deceased) whereas the fire shot made by Faisal (co-accused since acquitted) landed on the left knee of the deceased. There is no allegation against the appellant that his fire shots caused any injury on the body of the deceased. The appellant has only been attributed the role of making aerial firing and raising proverbial *'Lalkara'* at the time of occurrence. As per prosecution's own case, the

appellant raised proverbial *'Lalkara'* when the occurrence had already been committed by Sajjad Hussain and Faisal (co-accused since acquitted). It is not alleged by the prosecution witnesses that after raising of 'Lalkara' or on the instigation of the appellant, the co-accused committed the occurrence rather the occurrence was committed by the above mentioned co-accused prior to raising of *'Lalkara'* by the appellant. The allegation of making aerial firing at the time of occurrence leveled against the appellant has also not been supported by the recovery of any empty from the spot. Insofar as the recovery of pistol (P-4) from the possession of the appellant is concerned, I have noted that there is no report of the Punjab Forensic Science Agency, Lahore to establish that any empty recovered from the spot matched with the said pistol and as such, the said recovery is inconsequential. It is further noteworthy that as per prosecution's own case, the fire-arm injuries were inflicted on the body of Muhammad Anwar (deceased) by Sajjad Hussain and Faisal, co-accused but the complainant party/legal heirs of the deceased have already effected compromise with the said co-accused and they have been acquitted by this Court *vide* judgments dated 07.09.2020 and 24.06.2010, respectively on the basis of compromised. Under the circumstances, there is force in the arguments of learned counsel for the appellant (Asif) that the above mentioned principal co-accused who were statedly responsible for the murder of Muhammad Anwar (deceased) by causing fatal fire-arm injuries on his body, have been let off by the complainant party after receiving money from them and as the appellant could not fulfill the demands of the complainant party/legal heirs of the deceased, therefore, he has been kept behind the bars for the last thirteen years. It is true that the appellant remained absconder in this case but it is by now well settled that in absence of other reliable and convincing evidence, his conviction cannot be maintained merely on the basis of abscondence. Reference in this context is made to the case of *"Rohtas Khan vs. The State"* (2010 SCMR 566), wherein the august Supreme Court of Pakistan at Paragraph No. 12, observed as 5 under:

> 12. The learned High Court gave importance to the abscondence of the appellant. No doubt it is a relevant fact but it can be used as a corroborative piece of evidence, which cannot be read in isolation but it has to be read along with substantive piece of evidence. This Court in the case of *Asadullah v. Muhammad Ali* PLD 1971 SC 541 observed that both corroborative and ocular evidence are to be read together and not in isolation. As regards abscondence this Court in the case of *Rasool Muhammad v. Asal Muhammad* 1995 SCMR 1373 observed that abscondence is only a suspicion circumstance. In the case of *Muhammad Sadiq v. Najeeb Ali* 1995 SCMR 1632 this Court observed that abscondence itself has no value in the absence of any other evidence. It was also held in the case of *Muhammad Khan v. State* 1999 SCMR 1220) that abscondence of the accused can never remedy the defects in the prosecution case. In the case of *Gul Khan v. State* 1999

SCMR 304 it was observed that abscondence per-se is not sufficient to prove the guilt but can be taken as a corroborative piece of evidence. In the cases of *Muhammad Arshad v. Qasim Ali* 1992 SCMR 814, *Pir Badshah v. State* 1985 SCMR 2070 and *Amir Gul v. State* 1981 SCMR 182 it was observed that conviction on abscondence alone cannot be sustained. In the present case, substantive piece of evidence in the shape of ocular account has been disbelieved, therefore, no conviction can be based on abscondence alone".

Similar view was taken by the apex Court of the country in the cases reported as *"Tahir Khan vs. The State"* (2011 SCMR 646), *"Haji Paio Khan vs. Sher Biaz and others"* (2009 SCMR 803), *"Muhammad Sadiq vs. The State"* (2017 SCMR 144), *"Muhammad Tasaweer vs. Hafiz Zulkarnain and 2 others"* (PLD 2009 Supreme Court 53) and *"Rahimullah Jan vs. Kashif and another"* (PLD 2008 Supreme Court 298).

12. It is further noteworthy that as per prosecution case, the motive behind the occurrence was that the complainant earlier lodged FIR No. 377/2001 under Section 377, PPC against Sajjad Hussain, co-accused and as the complainant alongwith Muhammad Anwar (deceased) was prosecuting the said case, therefore, the accused persons committed the occurrence. As mentioned earlier, the complainant party/legal heirs of the deceased have already effected a compromise with Sajjad Hussain, co-accused against whom the motive was alleged and he has been acquitted in this case on the basis of compromise. No motive was alleged against Asif (appellant).

13. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant (Asif) beyond the shadow of doubt.

14. In the light of above discussion, I *accept* Criminal Appeal No. 224-J of 2009 to the extent of Asif (appellant), also set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Bhalwal District Sargodha *vide* impugned judgment dated 17.06.2009 and *acquit* him of the charges under Sections 302(b)/34, PPC by extending him the benefit of doubt. Asif (appellant) is in custody, he be released forthwith, if not required in any other case.

(A.A.K.) Appeal accepted.

Before Malik Shahzad Ahmad Khan and Mirza Viqas Rauf, JJ

RIZWAN HASSAN---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 236319-J of 2018, heard on 19th February, 2020.

Explosive Substances Act (VI of 1908)---

----Ss. 4 & 5---Pakistan Arms Ordinance (XX of 1965), S. 13---Anti-Terrorism Act (XXVII of 1997), S. 7---Qanun-e-Shahadat (10 of 1984), Art. 121---Attempt to cause explosion or for making or keeping explosive with intent to endanger life or property---Possessing explosives under suspicious circumstances, unlicensed possession of arms, act of terrorism---Appreciation of evidence---Accused was alleged to have been found in possession of .30 bore pistol and a hand grenade, which was defused on the spot---Evidence of recovery witnesses had remained unshaken during cross-examination and nothing favourable to the accused was brought on record---Prosecution case was corroborated by the report of Bomb Disposal Commander and positive report of Forensic Laboratory---Safe custody of the parcels of defused hand grenade and pistol was proved beyond any shadow of doubt---Burden to prove defence plea under Art. 121 of the Qanun-e-Shahadat, 1984 was upon the accused but no witness was produced to prove that he was abducted by the police prior to registration of FIR---High Court observed that since the prosecution had failed to prove that the accused was a member of proscribed organization and was a previous convict in any other such like case, therefore, his sentences were reduced to the one, which he had already undergone---Appeal was dismissed accordingly.

Nasir Mehboob Tiwana for Appellant.

Jam Khalid Fareed, Assistant Advocate General and Muhammad Moeen Ali, Deputy Prosecutor General for the State.

Date of hearing: 19th February, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.236319-J of 2018, filed by Rizwan Hassan (appellant) against his convictions and sentences awarded to him by the learned District and Sessions Judge/Judge, Anti-Terrorism Court, Faisalabad vide judgment dated 20.07.2018.

2. Rizwan Hassan (appellant) was tried in case FIR No.09/2018 dated 28.02.2018, registered at police station CTD, Faisalabad in respect of offences under sections 4/5 of the Explosive Substances Act read with section 13 of the Arms Ordinance XX of 1965 and section 7 of the Anti-Terrorism Act 1997. After conclusion of the trial, the learned trial Court vide its judgment dated 20.07.2018, has convicted and sentenced the appellant as under: -

> Under section 5 of the Explosive Substances Act to five (05) years rigorous imprisonment.
>
> Under section 13 of the Arms Ordinance XX of 1965 to three years rigorous imprisonment with fine of Rs.50,000/- and in default thereof to further undergo three months' simple imprisonment.
>
> Both the sentences of imprisonment were ordered to run concurrently and benefit of section 382-B, Cr.P.C. was also extended to the appellant.

3. Brief facts of the case as given by the complainant Liaqat Ali, S.I. (PW-5), are that on 28.02.2018, at about 3.00 p.m., he (complainant) along with Muhammad Shahid 720/Corporal, Muhammad Asim 465/Corporal, Asif Abbas 493/Corporal and other members of the operation team was present in front of Central Jail, Jaranwala Road, Faisalabad in connection with official duty. On spy information that an activist of proscribed organization "Tehreek-e-Jaffaria Pakistan" having small bag in his hand was standing near Punjtan Town Stop, Jaranwala Road, Faisalabad, after constituting a raiding party, a raid was conducted at the abovementioned place at 3.35 p.m. On seeing the police party, the appellant tried

to slip away but he was apprehended by the raiding party, who disclosed his name as Rizwan Hassan (appellant). On search of the appellant, one pistol 30 bore along with magazine and six bullets were recovered from the fold of his Shalwar, whereas a wallet containing an amount of Rs.3500/-, and identity card was recovered from the back pocket of the pent of the appellant. The bag, which the appellant was holding in his right hand was found suspicious, whereupon Bomb Disposal Squad was called. On checking of bag by the Bomb Disposal Squad, a hand grenade, wrapped in a piece of cloth was recovered, which was defused by the Bomb Disposal Squad and handed over to Liaqat Ali, S.I. (complainant). The appellant did not produce any licence or permit for keeping the hand grenade in his custody. Two separate sealed parcels i.e., one containing pistol 30 bore along with magazine etc and the other containing defused hand grenade were prepared and the same were taken into possession by the Investigating Office.

4. The appellant was arrested by the Counter Terrorism Department and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant to which he pleaded not guilty and claimed trial. In order to prove its case the prosecution produced seven witnesses during the trial. The statement of the appellant under section 342, Cr.P.C. was recorded, wherein he refuted the allegations levelled against him and professed his innocence.

5. The learned trial Court vide its judgment dated 20.07.2018, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the prosecution; that in fact the appellant was arrested and kept in illegal confinement by the police of police station Shahzad Town, Islamabad, whereupon the father of the petitioner lodged FIR No.22/2018, dated 30.01.2018, offence under section 365, P.P.C., registered at police station Shahzad Town, Islamabad and in order to justify its illegal action, the police of police station Shahzad Town, Islamabad, handed over the appellant to CTD, Faisalabad, whereupon the instant false case

has been lodged against the appellant; that there are material contradictions in the prosecution evidence; that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

7. On the other hand learned Law Officer has supported the impugned judgment of conviction and sentence of the appellant while contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, he was rightly convicted and sentenced by the learned trial Court; that the appellant could not establish any mala fide on the part of the prosecution for his false involvement in this case; that there is no substance in this appeal, therefore, the same may be dismissed.

8. I have heard the arguments of learned counsel for the appellant, as well as, the learned Law Officer and have also gone through the evidence available on the record with their able assistance.

9. The detail of the prosecution case as set forth in FIR (Ex.PA/I) has already been given in Para No.3 of this judgment, therefore, there is no need to repeat the same.

10. In order to prove its case the prosecution has produced the recovery witnesses namely Liaqat Ali SI (PW-5) and Muhammad Asim 465/Corporal (PW-6). Both the abovementioned witnesses have stated that on 28.02.2018, they along with other officials of Counter Terrorism Department of Faisalabad were present in front of Central Jail, Jaranwala Road, Faisalabad. On the basis of spy information that an activist of proscribed organization "Tehreek-e-Jaffaria Pakistan" having small bag in his hand was standing near Punjtan Town Stop, Jaranwala Road, Faisalabad, they conducted a raid at the abovementioned place, where the appellant was found present there. They further stated that on seeing the officials of Counter Terrorism Department, the appellant tried to slip away but he (appellant) was over-powered by them. They added that on search of the appellant, one pistol 30 bore along with magazine and six bullets were recovered from the fold of his Shalwar, whereas a wallet containing an amount of Rs.3500/-, and

identity card was recovered from the back pocket of the pent of the appellant. They further deposed that the bag, which the appellant was holding in his right hand was found suspicious, whereupon Bomb Disposal Squad was called and on checking of bag by the Bomb Disposal Squad, a hand grenade, wrapped in a piece of cloth was recovered, which was defused by the Bomb Disposal Squad and handed over to Liaqat Ali SI (PW-5). The appellant did not produce any licence or permit to keep the hand grenade in his custody. Two separate sealed parcels i.e., one containing pistol 30 bore along with six live bullets and the other containing defused hand grenade were prepared and the same were taken into possession vide memo (Fx.PD). Both the abovementioned recovery witnesses were cross-examined at length by the learned defence counsel but their evidence could not be shaken and nothing favourable to the appellant could be brought on the record. They remained consistent on all material aspects of the case. Their evidence is trustworthy and confidence inspiring.

11. The prosecution case against the appellant is further corroborated by the report of Bomb Disposal Commander, Civil Defence Office, Faisalabad (Ex.PC), the relevant portion of which reads as under:-

> Hand Grenade thoroughly checked under mentioned writing observed on hand grenade
>
> P. F engraved on its body
>
> No.36 MM and 44 Digits engraved on its base plug.
>
> This type of hand grenade can kill up-to 30 yard and it can injured up-to 100 yard

Whereas the report of Punjab Forensic Science Agency (Ex.PF), also corroborates the case of the prosecution against the appellant, the relevant portion of which reads as under:--

> Conclusion:-
>
> The item P1 pistol was examined and .found to be in mechanical operating condition with safety features functioning properly.

12. The safe custody of recovered defused hand grenade and pistol 30 bore along with magazine containing six bullets has been proved through the evidence of Liaqat Ali SI (PW-5), who stated that on 28.02.2018, he handed over the case property to the Investigating Officer namely Abdul Majeed Inspector (PW-7), whereas, Abdul Majeed Inspector (PW-7), stated that he received the case property from Liaqat Ali SI (PW-5) on 28.02.2018 and on the same day he handed over the same to Irfan Mehmood 5114/C (PW-2). Irfan Mehmood 5114/C (PW-2), stated that on 28.02.2018, he received sealed parcels said to contain defused hand grenade and pistol 30 bore along with magazine etc from Abdul Majeed Inspector (PW-7). He further stated that on 06.03.2018, he handed over the sealed parcel said to contain defused hand grenade to Muhammad Asim 465/Corporal (PW-6), for its onwards transmission to the office of Bomb Disposal Squad and on 07.03.2018, he handed over the sealed parcel said to contain pistol 30 bore along with magazine to Muhammad Asim 465/Corporal (PW-6) for its onwards transmission to the office of Punjab Forensic Science Agency, Lahore. Muhammad Asim 465/Corporal (PW-6) stated in his examination-in-chief that after receiving two sealed parcels of defused hand grenade and pistol 30 bore along with magazine etc on 06.03.2018 and 07.03.2018, respectively, he deposited the said parcels in the concerned offices on the same days intact i.e., 06.03.2018 and 07.03.2018, respectively. The abovementioned prosecution witnesses were also cross-examined at length by the learned defence counsel but their evidence remained consistent and straight-forward. Keeping in view the evidence of the above-mentioned production witnesses safe custody of the parcels of defused hand grenade and pistol 30 bore along with magazine has also been proved in this case beyond the shadow of any doubt.

13. Insofar as defence plea taken by the appellant that he was earlier abducted by the police of police station Shahzad Town, Islamabad and in order to save its skin he (appellant) was handed over to the Counter Terrorism Department of Faisalabad by the police of police station Shahzad Town, Islamabad, whereupon the present false FIR was lodged against him, is concerned, we have noted that the appellant took a specific defence plea, therefore, under Article 121 of the

Qanun-e-Shahadat Order, 1984, the burden was upon the appellant to prove the said plea but except producing in evidence rupt Mark "A" and FIR No.22/2018, dated 30.01.2018, offence under section 365, P.P.C., registered at police station Shahzad Town, Islamabad as Mark "B", the appellant did not produce any other evidence to prove the said plea. No witness was produced by the appellant to prove that he was abducted by anyone prior to the registration of present case. Even the appellant himself did not bother to appear in the witness box as envisaged under section 340(2), Cr.P.C. We are, therefore, of the view that the appellant could not prove his abovementioned defence plea.

14. Having considered all the pros and cons of this case, we have come to this irresistible conclusion that the prosecution has proved its case against Rizwan Hassan appellant beyond the shadow of any doubt through the above mentioned confidence inspiring and reliable evidence.

15. Insofar as the question with regard to quantum of sentence of the appellant is concerned, we have noted some mitigating circumstances in favour of the appellant. Firstly the appellant was also charged for offence under section 7 of the Anti-Terrorism Act, 1997, with the allegation that he was a member of the proscribed organization "Tehreek-e-Jaffaria Pakistan" but the learned trial Court after appreciating the evidence available on the record has acquitted the appellant from the said charge, secondly there is nothing on the record to show that the appellant is a previous convict in any other such like case.

16. As per record the appellant was arrested in this case on 28.02.2018 and he is behind the bars since his arrest and as such he has already undergone a period of almost two years of his imprisonment. In the light of above discussion, the convictions of Rizwan Hassan (appellant) under sections 5 of the Explosive Substances Act and 13 of the Arms Ordinance XX of 1965, awarded by the learned trial Court are maintained and upheld but his sentences for the said offences are reduced to the one, which he has already undergone. The sentence of fine awarded by the learned trial Court and sentence in default thereof is maintained and upheld.

17. Consequently, with the above said modification in the sentence of Rizwan Hassan (appellant), Criminal Appeal No.236319-J of 2018 filed by Rizwan Hassan (appellant) is hereby dismissed.

SA/R-17/L **Sentence reduced.**

----S. 497---Penal Code (XLV of 1860), Ss. 324, 148, 149, 337-A(ii), 337-F(i), 337-F(ii) & 337-L---Attempt to commit qatl-i-amd, rioting armed with deadly weapon, common object, shajjah-i-mudihah, damiyah, mutalahimah---Bail, grant of---Case of cross-versions---Scope---Allegation against accused was that he and co-accused, while armed with different weapons launched an attack upon the complainant party and caused injuries to prosecution witnesses---Accused was assigned the role of making a fire shot at the chest of eye-witness and inflicting butt blow of rifle on the head of another---Present was a case of cross-versions and the accused was also injured---Accused was medically examined on the day of occurrence and as per medico legal report, there was no possibility of fabrication of his injuries---Accused was medically examined through police---Complainant party had not challenged the medico legal report before any higher forum---Members of both the parties were injured during the occurrence, therefore, irrespective of their injuries, it was not determinable at bail stage, as to who started the occurrence---Petition for grant of bail was allowed, in circumstances.

Hamza Ali Hamza and others v. The State 2010 SCMR 1219 rel.

Syed Darbar Ali Shah and others v. The State 2015 SCMR 879; Abdul Hameed v. Zahid Hussain alias Papu Chaman Patiwala and others 2011 SCMR 606; Khalid Mahmood and another v. Muhammad Kashif Rasool and others 2013 SCMR 1415 and Saqib and others v. The State and others 2020 SCMR 677 ref.

(b) Criminal Procedure Code (V of 1898)---

----S. 497---Bail---Case of cross-versions---Scope---Nature of injuries is not relevant at bail stage, in a case of cross-versions.

Malik Muhammad Akbar Awan for the Petitioner.

Imdad Hussain Chatha, Deputy Prosecutor General with Muhammad Ashraf S.I. for the State.

Aftab Ahmed Qureshi for the Complainant.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---Through the instant petition, Muhammad Ashraf petitioner seeks post arrest bail in case FIR No.53/2020, dated 20.02.2020, under sections 324/148/149/337-A(ii)/ 337-F(i)/337-F(iii)/337L(2), P.P.C., registered 'at police station Saddar Bhalwal, District Sargodha.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 20.02.2020, at about 7.30 a.m., the petitioner along with his co-accused while armed with different weapons launched an attack upon the complainant party and caused injuries to Sultan, Nawaz, Muhammad Noor and Saif PWs. The petitioner has been assigned the role of making a fire shot at the chest of Sultan PW and inflicted butt blow of rifle on the head of Nawaz PW.

5(sic). I have noted that it is a case of cross versions. The occurrence in this case took place on 20.02.2020, at about 7.30 a.m. The petitioner was also medically examined on the day of occurrence i.e., 20.02.2020, at about 11.30 p.m. As per

medico legal report, there were as many as three injuries on the body of the petitioner. Medical Officer in the relevant column of the medico legal report of the petitioner has categorically mentioned that there was no possibility of fabrication of his injuries. It is further noteworthy that the petitioner was got medically examined through Fiaz Ahmad 51/C, i.e., through police. Learned counsel for the complainant along with the complainant, present before the Court has conceded on instructions that the complainant party did not challenge the medico legal report of the petitioner before any higher forum. Although learned counsel for the complainant has argued that the injuries of the petitioner were simple in nature, whereas the injuries sustained by the complainant party are grievous but it is by now well settled that nature of injuries is not relevant at bail stage, in a case of cross versions. It is prima facie established in this case that members of both the parties were injured during the occurrence, therefore, irrespective of the nature of their injuries, it is not determinable at bail stage that as to who started the occurrence. In such like situation, the accused is entitled to the relief of bail. Reference in this context may be made to the case reported as "Hamza Ali Hamza and others v. The State" (2010 SCMR 1219), where injuries of the accused party of the said case were minor in nature and injuries of the complainant party were grievous but bail was granted to the accused on the ground that it is difficult to ascertain at the stage of bail that as to who was the aggressor. As it is a case of cross versions, therefore, it will be determined by the learned trial Court after recording of evidence that as to who was the aggressor and who was aggressed upon and as such a case for grant of post arrest bail is made out in favour of the petitioner. Reference in this context may also be made to the cases reported as "Syed Darbar Ali Shah and others v. The State" (2015 SCMR 879). "Abdul Hameed v. Zahid Hussain alias Papu Chaman Patiwala and others" (2011 SCMR 606), "Khalid Mahmood and another v. Muhammad Kashif Rasool and others" (2013 SCMR 1415) and "Saqib and others v. The State and others" (2020 SCMR 677).

5. Keeping in view all the aforementioned facts, the instant petition is allowed and the petitioner is admitted to post-arrest bail subject to his furnishing bail

bonds in the sum of Rs. 2,00,000/- (Rupees two hundred Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

SA/M-132/L **Bail granted.**

Before Malik Shahzad Ahmad Khan, J

MUHAMMAD AFZAL---Petitioner

Versus

The STATE and another---Respondents

Criminal Miscellaneous No.66251-B of 2020, decided on 16th December, 2020.

(a) Criminal Procedure Code (V of 1898)---

----S.497---Penal Code (XLV of 1860), Ss.506, 186, 109 & 34---Prevention of Corruption Act (II of 1947), S.5---Criminal intimidation, obstructing public servant in discharge of public functions, abetment, common intention, criminal breach of trust by public servant---Bail, refusal of---Third bail petition had been filed on the ground that the complainant had made a statement before FIA authorities that he was not present at the spot at the time of occurrence---Record showed that no application for grant of post-arrest bail on the said fresh ground had been moved by the petitioner before the court of first instance after dismissal of his second post arrest bail petition by that Court---Even otherwise there were also other prosecution witnesses apart from the complainant, therefore, mere obliging statement of one prosecution witness was of no avail to the petitioner---Even otherwise petitioner had not placed on the record any statement of the complainant wherein he stated that he was not present at the spot at the time of occurrence---Allegation against the petitioner was that he along with his co-accused was caught red handed while committing theft of electricity for the cotton factory---Although the offences mentioned in the FIR did not fall within the ambit of prohibitory clause of S.497, Cr.P.C., but accused could not claim bail as a matter of right if his case did not fall within the ambit of prohibitory clause of S.497, Cr.P.C---In the present case, petitioner and co-accused committed theft of electricity and as such he and co-

accused caused colossal loss to the Govt. Exchequer---Complainant also alleged that when he along with the other staff of Electric Supply Company tried to remove the electricity meter, the petitioner and co-accused started quarrelling with them and also gave them abuses as well as threats---Case of petitioner, therefore, fell under exceptional circumstances---Petition for bail was dismissed in limine.

Muhammad Siddique v. Imtiaz Begum and 2 others 2002 SCMR 442 and Haji Muhammad Nazir and others v. The State 2008 SCMR 807 rel.

(b) Criminal Procedure Code (V of 1898)---

----S.497---Bail, refusal of---Exceptional circumstances---Scope---Even in the cases which did not fall within the ambit of prohibitory clause of S.497, Cr.P.C., the concession of bail might be declined to an accused if his case fell under exceptional circumstances.

Malik Muhammad Rafi Ullah for Petitioner.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---The petitioner, namely Muhammad Afzal, though the instant petition seeks post arrest bail in case FIR No.C/52/2020, dated 01.06.2020, registered at P.S FIA Sargodha District Sargodha offences under Sections 462-K/H/I, 506/186/109/34, P.P.C. and 5(2)47, PCA.

2. Heard.

3. This is third post arrest bail petition filed by the petitioner before this Court. First bail application of the petitioner was disposed of vide order, dated 03.06.2020, on the ground that the investigation stood transferred to the FIA authorities, therefore, the petitioner should first file post-arrest bail petition before the Special Court (Central), Faisalabad. Second post arrest bail petition filed by the petitioner before this Court bearing Crl. Misc. No.39840-B of 2020 was dismissed as having

been withdrawn at the very outset vide order, dated 22.09.2020. The instant third petition has been filed before this Court on the ground that the complainant has made a statement before FIA authorities that he was not present at the spot at the time of occurrence. No application for grant of post-arrest bail on the above mentioned fresh ground has been moved by the petitioner before the Court of first instance after dismissal of his second post arrest bail petition by this Court on 22.09.2020. Even otherwise there are also other prosecution witnesses, namely Ghulam Ahmad, Ziaullah Khan, Ali Abbas and Saleem apart from the complainant, therefore, mere obliging statement of one prosecution witness is of no avail to the petitioner. Even otherwise learned counsel for the petitioner has not placed on the record any statement of the complainant wherein he stated that he was not present at the spot at the time of occurrence. The allegation against the petitioner is that he along with his co-accused was caught red handed while committing theft of electricity for the cotton factory situated at Musa Wali Piplan District Mianwali. Although the offences mentioned in the FIR do not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. but it is by now well settled that an accused cannot claim bail as a matter of right if his case does not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. Reliance in this respect may be placed on the cases of "Muhammad Siddique v. Imtiaz Begum and 02 others" (2002 SCMR 442) and "Haji Muhammad Nazir and others v. The State" (2008 SCMR 807). It is also by now well settled that even in the cases which do not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. the concession of bail may be declined to an accused if his case falls under exceptional circumstances. In the instant case, the petitioner along with his co-accused committed theft of electricity and as such he along with his co-accused caused colossal loss to the Govt. exchequer. The complainant also alleged that when he along with the other staff of FESCO Sub Division Liaquatabad tried to remove the electricity meter, the petitioner and his co-accused started quarreling with them and also gave them abuses, as well as, threats. The case of petitioner, therefore, falls under exceptional circumstances. Under the circumstances, I am not inclined to exercise my discretion

in favour of the petitioner, therefore, the instant petition is hereby dismissed in limine.

JK/M-30/L **Petition dismissed.**

[Lahore]

Before Malik Shahzad Ahmad Khan, J

GHAFFAR alias KALI---Appellant

Versus

The STATE and others---Respondents

Criminal Appeal No.615-J of 2014, heard on 9th June, 2021.

(a) Penal Code (XLV of 1860)---

----Ss. 376 & 496-A---Rape, enticing or taking away or detaining with criminal intent a woman---Appreciation of evidence---Benefit of doubt---Accused were charged for snatching cash and gold ornaments from the sisters of the complainant and thereafter abducted one of his sisters/victim---Incident took place due to matrimonial dispute---Record showed that accused was not named in the FIR and he along with three additional accused was implicated in the case on the basis of statement of the alleged abductee (victim), recorded under S.164, Cr.P.C.---In her statement, the victim stated that after her abduction by the accused etc. she was taken to a house where accused and three co-accused committed rape with her, turn by turn---Three other accused who were tried in the case had been acquitted by the Trial Court---Remaining accused persons mentioned in the FIR were not tried in the case because they were declared proclaimed offenders---Neither any motorcycle nor any car or weapon of offence had been recovered from the possession of the accused---Likewise, neither any gold ornament nor any cash amount or mobile phone set through which the complainant party was allegedly threatened by the co-accused had been recovered from the possession of the accused---Appeal was allowed in circumstances and case was remanded with the direction that Trial Court would provide opportunity to the accused to hire the services of a private counsel of his own choice or to appoint a counsel on State expenses.

(b) Penal Code (XLV of 1860)---

----Ss.376 & 496-A---Rape, enticing or taking away or detaining with criminal intent a woman---Appreciation of evidence---Medical evidence---Scope---Accused were charged for snatching cash and gold ornaments from the sisters of the complainant and thereafter abducted one of his sisters/victim---No DNA test report had been brought on the record by the prosecution though in the Medico Legal Report of victim it was categorically mentioned that vaginal swabs taken in the case had been sent to the office of Forensic Science Agency for DNA test---In-spite of all the said facts, the accused had been convicted and sentenced by the Trial Court---Victim was not cross-examined by the defence and right of the accused to cross-examine the said victim and other prosecution witnesses was closed---Appeal was allowed, in circumstances and the case was remanded with the direction that Trial Court would provide opportunity to the accused to hire the services of a private counsel of his own choice or to appoint a counsel on State expenses.

(c) Penal Code (XLV of 1860)---

----Ss. 376 & 496-A---Rape, enticing or taking away or detaining with criminal intent a woman---Appreciation of evidence---Closing of right of cross-examination---Effect---Accused were charged for snatching cash and gold ornaments from the sisters of the complainant and thereafter abducted one of his sisters/victim---Perusal of the record showed that an advocate submitted his Power of Attorney on behalf of accused and acquitted co-accused---Perusal of order of the Trial Court further showed that said counsel made a statement before the court on behalf of co-accused persons that he did not want to cross-examine the prosecution witnesses---Further mentioned in the said order of the Trial Court that counsel for accused and co-accused, since acquitted, did not appear before the court on the said date due to the strike of the Lawyers, meaning thereby that there was some misunderstanding about the appointment of the counsel in the case on behalf of the accused because Power of Attorney of said Advocate showed that he was also appointed as counsel on behalf of the accused---Cross-examination on the prosecution witnesses on behalf of accused and co-accused, since acquitted, was reserved on the said date by the Trial Court---Orders of Trial Court showed that right of cross-examination of the accused on the prosecution witnesses was closed by the Trial Court on the ground that accused had not yet appointed his counsel in the case---Evident from the perusal

of record that trial of the accused had been conducted and concluded in blatant and flagrant violation of rule on the subject---High Court observed that if the accused was unable to hire the services of a counsel in the case which was a Sessions trial or counsel appointed by him refused to represent him or to cross-examine the prosecution witnesses on his behalf, then it was duty of the court to provide him a counsel at the State expense---Appeal was allowed, in circumstances and the case was remanded with the direction that Trial Court would provide opportunity to the accused to hire the services of a private counsel of his own choice or to appoint a counsel on State expenses.

(d) Qanun-e-Shahadat (10 of 1984)---

----Art.133---Cross-examination---Scope---Court could not come to just and fair decision of the case unless the credibility of a witness was tested on the touchstone of cross-examination---Cross-examination of the prosecution witnesses was very valuable right of the accused.

Ghulam Rasool Shah and another v. The State 2011 SCMR 735; Syed Saeed Muhammad Shah and another v. The State 1993 SCMR 550 and Abdul Ghafoor v. The State 2011 SCMR 23 ref.

Ghulam Rasool Shah and another v. The State 2011 SCMR 735; Abdul Ghafoor v. The State 2011 SCMR 23 and Syed Saeed Muhammad Shah and another v. The State 1993 SCMR 550 rel.

Faheem Altaf Raja for Appellant.

Ch. Muhammad Ishaq, Additional Prosecutor General for the State.

Date of hearing: 9th June, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.----This judgment shall dispose of Criminal Appeal No.615-J of 2014, filed by Ghaffar alias Kali (appellant) against his conviction and sentence recorded by the learned Additional Sessions Judge, Chunian District Kasur vide impugned judgment dated 21.10.2014.

2. Ghaffar alias Kali (appellant) along with his co-accused, namely, Jahangir, Iftikhar and Zulfiqar was tried in case FIR No.171 dated 26.04.2011 offences under sections

496-A and 376, P.P.C. registered at Police Station Changa Manga District Kasur. After conclusion of the trial, the learned trial Court vide its judgment dated 21.10.2014, has convicted and sentenced the appellant as under: -

> Under section 376, P.P.C. to rigorous imprisonment for 25 years and fine of Rs.100,000/-. In case of non-payment of fine, to undergo further six months simple imprisonment.

However, vide the same impugned judgment, Iftikhar alias Papu Shah, Zulfiqar and Jahangir (co-accused), were acquitted by the learned trial Court while extending them the benefit of doubt.

3. Brief facts of the case as narrated in complaint (Ex.PB), on the basis of which the formal FIR (Ex.PC), was chalked out are that Amanat Ali complainant (PW-4), was resident of Old Rehmanpura, Changa Manga. About 1-½ months ago, the complainant got contracted Nikah of his sister with one Muhammad Ramzan but the rukhsati had not taken place. Accused persons, namely, Jahangir etc. (named in the FIR) were annoyed from the said Nikah. On 25.04.2011, at about 1.00 P.M., the complainant was not present in his house, however, sisters of the complainant namely Mst. Zubaida (alleged victim) and Mst. Abida Bibi (PW-9), were present there. In the meanwhile Jahangir son of Muhammad Ilyas (co-accused since P.O), while armed with pistol, Arif (co-accused since P.O) while armed with pistol, Muhammad Jahangir son of Amir (co-accused since acquitted) while armed with gun, Sughra Bibi (co-accused since P.O) and Allah Rakhi (co-accused since P.O) along with two unknown accused while armed with firearms came to the house of the complainant and entered into the said house after knocking the door. Mst. Abida Bibi (PW-9) tried to make noise but the accused persons threatened her and wrapped 'dupatta' around her neck. The accused persons also tortured Mst. Zubaida Bibi (alleged victim/PW-5). Both the sisters of the complainant were taken to a room of the complainant's house where they searched an iron box and robbed 03-Tolas gold ornaments and cash amount of Rs.50,000/- from the said box. The accused persons also snatched 02-Tolas gold ornaments from Mst. Zubaida Bibi (alleged victim). The accused persons thereafter abducted Mst. Zubaida Bibi at gun point. Muhammad Ramzan (PW since given-up) and Malik Muhammad Anwar (PW-10), attracted to the spot and saw the accused persons while abducting Mst. Zubaida Bibi (alleged victim) in a car.

Initially the FIR was lodged under section 496-A, PPC but subsequently on 27.04.2011, on the basis of statement of Mst. Zubaida Bibi (alleged victim) recorded under section 164 Cr.P.C, beside addition of further accused persons in this case, namely, Ghaffar alias Kali (appellant), Iftikhar (accused since acquitted), Zulfiqar (accused since acquitted) and Mansha (accused since P.O), offence under section 376, P.P.C., was also added in this case.

4. The appellant was arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 03.07.2012, to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced eleven witnesses. Prosecution also produced documentary evidence in the shape of Ex.PA to Ex.PO. The statements of the appellant and his co-accused under section 342, Cr.P.C, were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

5. The learned trial Court vide its judgment dated 21.10.2014, found the appellant guilty, convicted and sentenced him as mentioned and detailed above, hence the instant appeal.

6. As per police report, the complainant of the case, namely, Amanat Ali had died and notice of this case has duly been served on his real brother, namely, Liaqat Ali who had been pursuing the instant case but despite repeated calls no one appeared on behalf of the complainant before this Court today. Even otherwise, it is a State case and the learned Additional Prosecutor General for the State is ready to argue the same, therefore, I proceed to decide the instant appeal after hearing arguments of learned defence counsel for the appellant, learned Additional Prosecutor General for the State and perusal of the record.

7. It is contended by learned defence counsel for the appellant that offence under section 376, P.P.C. was punishable with death and the same was triable by the Sessions Court but neither the appellant was offered by the learned trial Court to cross-examine the prosecution witnesses nor defence counsel at the State expenses was provided to the appellant as required under Rule 1, Part C, Volume 3, Chapter 24 of the High Court Rules and Orders; that the right of cross-examination on the

prosecution witnesses was a very valuable right of the accused/ appellant in order to test the credibility of the said witnesses but fair opportunity to cross-examine the prosecution witnesses has not been provided to the appellant/accused; that the appellant was not named in the FIR and accused person, namely, Jahangir son of Muhammad Ameer nominated in the FIR, as well as, Iftikhar and Zufliqar, accused persons implicated in this case through the statement of the alleged victim, namely, Mst. Zubaida Bibi (PW.5) recorded under section 164, Cr.P.C., have been acquitted by the learned trial Court vide impugned judgment on the basis of same prosecution evidence which has rightly been disbelieved by the learned trial Court but the appellant has been convicted and sentenced mainly due to the reason that he did not cross-examine the prosecution witnesses; that the prosecution evidence was highly doubtful and untrustworthy but the same has wrongly been relied upon by the learned trial Court; that neither any car or motorcycle nor any gold ornament or cash, mobile set or weapon has been recovered from the possession of the appellant; that no DNA test report has been produced in the prosecution evidence to connect the appellant with the alleged offence; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted while setting aside the impugned judgment. In support of his contentions, learned defence counsel for the appellant has placed reliance on the judgments reported as "Ghulam Rasool Shah and another v. The State" (2011 SCMR 735), "Syed Saeed Muhammad Shah and another v. The State" (1993 SCMR 550) and "Abdul Ghafoor v. The State" (2011 SCMR 23).

8. On the other hand, the learned Additional Prosecutor General has supported the impugned judgment on the ground that the prosecution has proved its case against the appellant beyond the shadow of any doubt; that the evidence of prosecution witnesses is trustworthy and reliable; that the prosecution case against the appellant is supported by the medical evidence according to which the hymen of the victim, namely, Mst. Zubaida Bibi (PW.5) was found to be ruptured; that the appellant could not establish any mala fide on the part of the prosecution witnesses for his false involvement in the instant case; that there is no substance in the this appeal, therefore, the same may be dismissed.

9. Arguments heard and record perused.

10. The detail of the prosecution case has already been given in paragraph No.3 of this judgment, therefore, there is no need to repeat the same.

11. I have noted that FIR was initially lodged under section 496-A, P.P.C. against Jahangir son of Ilyas, Arif, Jahangir son of Muhammad Ameer, Mst. Sughran Bibi and Mst. Allah Rakhi, co-accused alongwith two unknown accused persons, with the allegation that on 25.04.2011 at about 1:00 P.M. (Noon), the above mentioned accused persons forcibly abducted sister of the complainant, namely, Mst. Zubaida Bibi (PW.5) at gun point while boarding her in a vehicle. It was further alleged that the accused persons also robbed total five tolas gold ornament and cash amount of Rs.50,000/- from the house of the complainant at the time of occurrence. Consequently, FIR (Ex.PC) was lodged against the above mentioned Jahangir accused persons etc. Ghaffar alias Kali (appellant) was not named in the FIR. He alongwith three additional accused was implicated in this case on the basis of statement of the alleged abductee, namely, Mst. Zubaida Bibi (PW.5) recorded under section 164, Cr.P.C. wherein she stated that after her abduction by the above-referred Jahangir accused etc. she was taken to a house situated in village Lakhan-ke near Sarai Chimba, where Ghaffar alias Kali (appellant), Zulfiqar Dogar (co-accused since acquitted), Iftikhar alias Pappu Shah (co-accused since acquitted) and Mansha Dogar (co-accused since P.O.) committed rape with her, turn by turn. It is noteworthy that three other accused tried in this case, namely, Jahangir son of Muhammad Ameer, Zulfiqar Dogar and Iftikhar alias Pappu Shah have been acquitted by the learned trial Court. The remaining accused persons mentioned in the FIR (except Jahangir son of Muhammad Ameer) were not tried in this case because they were declared proclaimed offenders in this case. It is true that neither any motorcycle nor any car or weapon of offence has been recovered from the possession of the appellant. Likewise, it is also true that neither any gold ornament nor any cash amount or mobile phone set through which the complainant party was allegedly threatened by the co-accused has been recovered from the possession of the appellant. The argument of learned counsel for the appellant is also correct that no DNA test report has been brought on the record by the prosecution though the Medical Officer in the MLR of Mst. Zubaida Bibi (PW.5) categorically mentioned that vaginal swabs taken in this case had been sent to the office of Punjab Forensic Science Agency, Lahore for DNA test. In-spite of all the above mentioned facts, the appellant has been convicted and sentenced by

the learned trial Court because statement of Mst. Zubaida Bibi (alleged victim/PW.5) was not cross-examined by the appellant or his learned counsel and right of the appellant to cross-examine the said Mst. Zubaida Bibi (PW.5) and other prosecution witnesses was closed. The perusal of the record shows that on 27.09.2012, Ch. Muhammad Sajid Wains Advocate submitted his Power of Attorney on behalf of Ghaffar alias Kali (appellant) and Iftikhar alias Pappu Shah (co-accused since acquitted). Perusal of order dated 07.03.2013 of the learned trial Court further shows that said learned counsel made a statement before the Court on behalf of Iftikhar alias Pappu Shah and Zulfiqar Ali, co-accused that he does not want to cross-examine the prosecution witnesses, namely, Amanat Ali (PW.4) and Mst. Zubaida Bibi (PW.5). It is further mentioned in the above-referred order of the learned trial Court that learned counsel for Ghaffar alias Kali (appellant) and Jahangir (co-accused since acquitted) did not appear before the Court on the said date due to the strike of the Lawyers, which means that there was some misunderstanding about the appointment of the counsel in this case on behalf of the appellant because Power of Attorney of above-referred Ch. Muhammad Sajid Wains Advocate shows that he was also appointed as counsel on behalf of the appellant. However, cross-examination on the above mentioned prosecution witnesses on behalf of Ghaffar alias Kali (appellant) and Jahangir (co-accused since acquitted) was reserved on the said date by the learned trial Court. It is further noteworthy from the perusal of the orders dated 16.09.2014 and 22.09.2014 that right of cross-examination of the appellant on the prosecution witnesses, namely, Mst. Abida Bibi (PW.9) and Malik Muhammad Anwar (PW.10), as well as, on Amanat Ali (PW.4), Mst. Zubaida Bibi (PW.5) and Niamat Ali (PW.11) was closed by the learned trial Court on the above mentioned dates, respectively on the ground that Ghaffar alias Kali (appellant) had not yet appointed his counsel in this case. The above mentioned orders dated 16.09.2014 and 22.09.2014 read as under:-

"16-09-2014 Present	Learned DDPP for state Accused Ghaffar under police custody. Accused Zulfiqar, Iftikhar with their learned counsel Muhammad Sajad Veins, Adv. Accused Jahangir on bail without his learned counsel. PWs Abida Bibi and Malik Muhammad Anwar are present. Learned counsel for complainant Pir Mansha Bodla, Adv.

Evidence of PW-9 and PW-10 has been recorded and completed by closing right of cross examination of accused Jahangir and Ghaffar as accused Ghaffar did not yet appoint his learned counsel whereas accused Jahangir showed his inability to produce his defence counsel. No other PW is present. Now to come up for remaining prosecution evidence on 19.09.2014. Remaining PW/I.O. be summoned by SHO concerned."

"22-09-2014 Present	Learned DDPP for state Accused Ghaffar under police custody. Accused Zulfiqar, Iftikhar with their learned counsel Muhammad Sajad Veins, Adv. Accused Jahangir on bail without his learned counsel. PWs Abida Bibi and Malik Muhammad Anwar are present. Learned counsel for complainant.

Evidence of PW-11 has been recorded and completed by closing right of cross examination of accused Jahangir and Ghaffar as accused Ghaffar did not yet appoint his learned counsel whereas accused Jahangir showed his inability to produce his defence counsel. Similarly, their right of cross examination on PW-4 and PW-5 has also been closed due to above said reason. No other PW is left to be examined. Now to come up for closing the prosecution evidence and statements of accused under section 342 of Cr.P.C. on 24.09.2014."

It is evident from the perusal of the above mentioned orders of the learned trial Court that the right to cross-examine the prosecution witnesses of the appellant was closed merely on the ground that he (appellant) had not yet appointed his counsel in this case. Offence under section 376, P.P.C. is punishable with death or imprisonment for life and the same is triable by the Sessions Court. Under Rule 1, Part C, Volume 3, Chapter 24 of the High Court Rules and Orders, if an accused is unrepresented in a Sessions case or he cannot afford to engage a counsel, the Sessions Judge/Additional Sessions Judge is bound to make arrangement to employ a counsel at government expense for the said accused. The above mentioned rule reads as under:-

*[1. Presiding Officer to report whether accused can afford to engage counsel. If the accused is unrepresented in a Sessions case and cannot afford to engage a counsel, the Sessions Judge shall make arrangement to employ a

counsel at Government expense. Counsel in such cases should be appointed well in time to enable him to study the documents mentioned in section 265-C of the Code of Criminal Procedure."

It is, therefore, evident from the perusal of record that trial of the appellant has been conducted and concluded in blatant and flagrant violation of above-referred rule on the subject. If, the appellant was unable to hire the services of a counsel in this case which was a Sessions trial or counsel appointed by him refused to represent him or to cross-examine the prosecution witnesses on his behalf, then it was duty of the Court to provide him a counsel at the State expenses. Moreover, it is by now well settled that a Court cannot come to just and fair decision of the case unless the credibility of a witness is tested on the touchstone of cross-examination. Cross-examination of the prosecution witnesses is very valuable right of the accused. In the case of "Ghulam Rasool Shah and another v. The State" (2011 SCMR 735), the Hon'ble Supreme Court was pleased to observe that credibility of a prosecution witness cannot be tested unless he is subjected to cross-examination. It was further held that even the cross-examination conducted by an accused himself cannot be considered to be substitute of cross-examination conducted by a counsel. The relevant part of the said judgment is reproduced hereunder for ready reference:-

> 10. Notwithstanding the afore-stated observation, we are of the view that in a case of capital punishment a Court cannot come to a just decision unless the credibility of the witness is tested on the touchstone of cross-examination. Injustice is likely to occur in a case where cross-examination on the witnesses was not conducted either by the counsel provided at State expenses on account of unwillingness of the accused or by the accused themselves; Even, the cross-examination conducted by the accused himself has not been considered to be substitute of cross-examination conducted by a counsel."

Likewise, in the case of "Abdul Ghafoor v. The State" (2011 SCMR 23), the Hon'ble Supreme Court of Pakistan set aside the judgment of learned trial Court, as well as, of the High Court and remitted the case to the Sessions Court while providing opportunity to the accused/appellant of cross-examination on the prosecution witnesses on the ground that if, the counsel engaged by the appellant sought too many adjournments even then it was duty of the learned trial Court to provide defence

counsel at State expenses to the accused or could have given last opportunity to the accused to make arrangement to hire the services of another counsel. The relevant part of the said judgment reads as under:-

> "7. With immense respect to the learned Judges of the High Court, we are persuaded to hold that it is the primary responsibility of the court seized of a matter to ensure that the truth is discovered and the accused are brought to justice. If the learned trial Court found that the counsel engaged by the appellant had sought too many adjournments, even then he was not appearing, the court could either have directed that a defence counsel be provided to the appellant at State expense or could have given last opportunity to the appellant to make alternate arrangements failing which the court would proceed to decide the matter. This course was not adopted by the learned trial Court and instead on 2-12-1999 gave a total surprise to the appellant by asking him to cross-examine those witnesses for which obviously neither the appellant had the requisite expertise nor he was prepared to do so. In these circumstances and in view of the fair concession given by the State, we find that the procedure adopted by the learned trial Court is reflective of miscarriage of justice and the appellant be provided one opportunity to have the afore-referred witnesses cross-examined. Consequently, this appeal succeeds on this short ground."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case of "Syed Saeed Muhammad Shah and another v. The State" (1993 SCMR 550).

12. In the light of above discussion, this appeal is allowed and the impugned judgment dated 21.10.2014 passed by the learned Additional Sessions Judge, Chunian District Kasur is hereby set aside. The case is remanded to the learned District & Sessions Judge, Kasur who shall either proceed with the matter himself or entrust the same to any other Additional Sessions Judge of his district. The appellant shall be treated as under-trial prisoner. The learned trial Court shall provide opportunity to the appellant to hire the services of a private counsel of his own choice and in case of refusal of the appellant to hire a private counsel then the appellant shall be given the choice to choose a defence counsel from the list of defence counsel maintained by the learned Sessions Judge, Kasur. The learned private counsel or defence counsel appointed at State expense to represent the appellant in this case, shall be provided three

opportunities to cross-examine the prosecution witnesses. As this is an old matter which pertains to the year 2011 and the appellant is behind the bars from the last more than nine years and five months, therefore, the learned trial Court shall decide the matter within a period of thirty (30) days from the date of receipt of attested copy of this judgment. The learned trial Court shall decide the case afresh on its own merits without being influenced by any observation made by this Court in the instant judgment or by any observation made in the impugned judgment dated 21.10.2014 passed by learned Additional Sessions Judge, Chunian.

13. The instant appeal is allowed in the above mentioned terms.

JK/G-16/L **Appeal allowed.**

Waqas Anwar, Deputy Prosecutor General and Fiaz, SI along with record for the State.

Respondent No. 2 present in person along with Amir Raza Bhatti, Advocate.

Date of hearing: 3rd June, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---The State through Prosecutor General Punjab has filed the instant petition against order dated 09.05.2020, passed by Duty Magistrate 1st Class, Karor Lal Esan, whereby the request of the Investigating Officer in case FIR No.220/2020, dated 08.05.2020, under section 9(c) of the Control of Narcotic Substances Act, 1997, Police Station Karor, District Layyah for judicial remand of Zafar Abbas (accused-respondent No.2), was turned down and the said respondent was discharged from the abovementioned case. Vide the impugned order, it was further directed that the recovered amount of Rs.4500/- (alleged sale proceed of narcotics), personal mobile phone and GLI car bearing registration No.LE-5842, be also handed over to respondent No.2.

2. Arguments heard. Record perused.

3. As per brief facts of the present case, FIR No.220/2020, dated 08.05.2020, under section 9(c) of the Control of Narcotic Substances Act, 1997 (hereinafter to be referred as the Act, 1997), was registered against Zafar Abbas (accused-respondent No.2), at Police Station Karor, District Layyah with the allegation that on 08.05.2020, at 9.30 a.m, Nazeer Ahmad ASI (complainant) along with other police officials of Police Station Karor was present near the railway crossing

situated at Layyah Road, Karor. In the meanwhile, he received a spy information that a notorious drug peddler namely Zafar Abbas (accused-respondent No.2), was coming in his GLI car bearing registration No.LE-5824, from Laskaniwala road towards Railway crossing situated at Layyah Road, Karor. On the abovementioned information, the police party installed a barricade at the above, mentioned road. In the meanwhile a car bearing registration No. LE-5824, driven by Zafar Abbas (accused-respondent No.2), came from the side of Laskaniwala road. On seeing the police party, Zafar Abbas (accused-respondent No.2), tried to turn back his car but he was apprehended by the police party. On checking the abovemeutioned car, 3800-grams Charas (in the form of four big pieces), wrapped in polythene bags, was recovered from beneath the driving seat of the said car. Sample parcel of 190-grams Charas and a parcel of remaining Charas were prepared. On personal search of Zafar Abbas (accused-respondent No.2), an amount of Rs.4500/- (alleged sale proceed of narcotics) and a mobile phone Nokia were also recovered, which were taken into possession vide recovery memo, hence the abovementioned FIR.

On 09.05.2020, Zafar Abbas (accused-respondent No.2), was produced before Duty Magistrate Ist Class, Karor Lal Esan and the Investigating Officer made request for judicial remand of the accused-respondent No. 2. The Duty Magistrate 1st Class, Karor Lal Esan instead of granting judicial remand of Zafar Abbas (accused-respondent No. 2), discharged the said accused-respondent No. 2 in the abovementioned case vide impugned order dated 09.05.2020, which reads as under:-

"ORDER

Present: Accused Zafar Abbas in custody.

Rana Javed Akhtar learned counsel for the accused.

I.O. Nazir Ahmad along-with record.

I.O. requested for judicial remand of the accused namely Zafar Abbas. Accused have been heard.

2. Arguments advanced by the learned counsel for the accused. Record perused.

3. After perusing the record it appears that the police has registered the FIR under section 9(c) of C.N.S.A., 1997 on information upon suspicion without mentioning the name of informer. The accused has been arrested by the mobile police at Phatak Layyah road Karor. The mobile police team did not give any statement before the I.O. regarding the source of information having Charas in his own personal car. The accused is the farmer having land 10 Acer and also has his house in city Karor as well as in village Chak No.100-B/TDA. The accused was driving the car GLI-LE-5824 moving towards his house. The mobile team has not mentioned the source as well as information relating the possession of the huge quantity of Charas by the accused in his own personal car. Moreover, the complainant of FIR who is the police official has not mentioned the purpose of possessing huge quantity of Charas in his own vehicle. Learned counsel for the accused has provided certified copy of previous trial case FIR No.637/18 of the accused in which the accused was acquitted on merit. The accused remained in judicial lockup for about 07 months without any proof of possessing of NARCOTIC SUBSTANCE in previous case. Neither the police has not got any evidence from locality or any other person through which it can be ascertained that the accused run the business of NARCOTIC SUBSTANCE. The accused having three child (sons) is a peaceful citizen and earn his livelihood by the agriculture. This the harvest season of the wheat crops, the accused time and again makes his movement on his personal car from village to city. The recovery memo has been prepared by Nazir Ahmad ASI after initial interrogation and put the accused before Muhammad Sharif ASI. Being complainant Nazir Ahmad ASI cannot initially interrogate the matter which is clear violation of section 103, Cr.P.C. Investigating Officer further mentioned in police Zemni No.1 and serial No.7 that no one is ready to give evidence against the accused relating to commission of offence. The FIR registered by the police is highly doubtful having no authentic source of information

relating to the commission of offence. An innocent person cannot be kept in judicial custody mere on suspicion and allegation. There is no incriminating material available on the record which connect the accused with the commission of offence. Therefore, the request of I.O. for judicial remand is hereby turned down and the accused person is hereby discharged, he be released forthwith if not required in any other case. The recovered amount i.e. Rs. 4500/-, personal mobile phone and the vehicle car GLI No.LE 5842 is handed over to the accused without any delay."

4. The Duty Magistrate 1st Class, Karor Lal Esan has passed the impugned order mainly on two grounds amongst others that the name of the informer (spy), who gave information to the police regarding transportation of narcotics by the accused (respondent No.2), has not been mentioned in the FIR and on the ground that the police did not record statement of any person of the locality to ascertain that accused-respondent No.2, runs the business of narcotic substances and as such violation of section 103, Cr.P.C, has been committed in this case. Insofar as the ground mentioned in the impugned order that the name of informer (spy) has not been mentioned in the FIR, is concerned, in this respect, we may refer here Article 8 of the Qanun-e-Shahadat Order, 1984, which reads as under:-

> "8. Information as to commission of offences:---No Magistrate or police-officer shall be compelled to say whence he got any information as to the commission of any offence, and no Revenue-officer shall be compelled to say whence he got any information as to the commission of any offence against the public revenue."
>
> (bold and underlining supplied for emphasis)

It is, therefore, evident from the perusal of the abovementioned provision of law that the complainant (Nazeer Ahmad ASI), was legally not bound to mention the name of informer (spy) in the FIR and he had legal protection to keep secret the name of informer (spy). Likewise, the provision of section 103, Cr.P.C., is not applicable in the cases registered under the Act, 1997 as envisaged under section 25 of the Act ibid, which reads as under;-

"25. Mode of making searches and arrest.---The provision of the Code of Criminal Procedure, 1898, except those of section 103, shall mutatis mutandis, apply to all searches and arrests in so far as they are not inconsistent with the provisions of sections 20, 21, 22 and 23 to all warrants issued and arrests and searches made under these sections."

(bold and underlining supplied for emphasis)

It is clear from the perusal of the abovementioned provision of the Act, 1997 that association of private witnesses at the time of recovery of narcotics or recording the statement of any person of the locality to ascertain that as to whether or not, an accused runs the business of narcotic substances was not mandatory in the case in hand. Moreover, it is by now well settled that in the cases registered under the Act ibid, the police officials are as good witnesses as private/public witnesses. In the case of "Muhammad Hanif v. The State" (2003 SCMR 1237), the august Supreme Court of Pakistan observed as under:-

"4.....The police officials are equally good witnesses and could be relied if their testimony remains unshattered during cross-examination. In this regard reference can be made to Muhammad Naeem v. State (1992 SCMR 1617), Muhammad v. State (PLD 1981 SC 635)."

The same view was reiterated by the Hon'ble Supreme Court of Pakistan in the judgments reported as "Surraya Bibi v. The State" (2008 SCMR 825) and "Salah-ud-Din v. The State" (2010 SCMR 1962).

5. The next ground mentioned in the impugned order is that Nazeer Ahmad ASI being the complainant of the case has prepared the recovery memo, which shows that he initially investigated the case and then handed over Zafar Abbas (accused-respondent No.2), to Muhammad Sharif ASI/Investigating Officer of this case, which is clear violation of law. The said ground mentioned in the impugned order has also no blessing of the law of the country on the subject. Nazeer Ahmad ASI is the complainant of this case, who along with other police officials apprehended Zafar Abbas (accused-respondent No.2) and recovered 3800-grams Charas from the car driven by the said respondent, therefore, he has not committed any illegality, if he had prepared the recovery memo of the recovered Charas in this

case. Even otherwise, there is no legal bar that a complainant of the case registered under the Act, 1997, cannot be the Investigating Officer of the said case. It is by now well settled that functioning of a police officer in a case of Narcotic, in his dual capacity as a complainant and as an Investigating Officer is neither illegal nor unlawful, so long as it does not prejudice the case of the accused person. The question of prejudice (if any), can only be proved at the time of trial and an accused cannot be discharged on the above-referred ground without recording evidence by the trial Court. In the case of "Zafar v. The State" (2008 SCMR 1254), the apex Court of the country was pleased to observe as under:-

> "11. So far as the objection of the learned counsel for the appellant that the Investigating Officer is the complainant and the witness of the occurrence and recovery, the matter has been dealt with by this Court in the case of State through Advocate-General Sindh v. Bashir- and others PLD 1997 SC 408, wherein it is observed that a Police Officer is not prohibited under the law to be complainant if he is a witness to the commission of an offence and also to be an Investigating Officer, so long as it does not in any way prejudice the accused person....."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the judgment reported as "State through Advocate-General, Sindh v. Bashir and others" (PLD 1997 Supreme Court 408).

6. The finding in the impugned order that the Mobile Police Team did not give any statement before the Investigating Officer regarding possession of Charas by the accused (respondent No.2), in his car, is also against the record because it is not the case of the Prosecution that any Mobile Police Team played any role in this case. Learned counsel for accused-respondent No.2, has argued that it was the complainant and other police officials, who have been mentioned as Mobile Police Team in the impugned order because it was stated in the FIR that the official vehicle bearing registration No.LYG-19 was in the use of the complainant party. If it is so, then we have noted that the statements of the police officials (mobile team) mentioned in the FIR namely Muhammad Imran 854/c and Pervaiz Akhtar 577/c, have duly been recorded in this case under section 161, Cr.P.C. Both the abovementioned prosecution witnesses namely Muhammad Imran 854/c

and Pervaiz Akhtar 577/c, have also been cited as witnesses in the recovery memo and as such the abovementioned observation in the impugned order that Mobile Police Team did not give any statement before the Investigating Officer regarding possession of Charas by the accused (respondent No.2), in his car, is also against the record.

7. Learned counsel for accused-respondent No.2, next argued that as the complainant Nazeer Ahmad is an Assistant Sub-Inspector of police, therefore, he was not authorized to arrest Zafar Abbas (accused-respondent No.2) and lodge the above-referred FIR as provided under section 21 of the Act, 1997 and this fact was also considered by the Duty Magistrate, while passing the impugned order. The said argument of learned counsel for accused-respondent No.2, has no force because the provisions of section 21 of the Act, 1997, are not mandatory and they are only directory in nature, therefore, arrest of the accused by Nazeer Ahmad ASI, recovery of narcotics by him from the possession of accused-respondent No.2 and lodging of FIR on the complaint of said police official, do not vitiate the prosecution case. Reference in this context may be made to the judgments reported as "Muhammad Akram v. The State" (2007 SCMR 1671), "The State v. Abdali Shah" (2009 SCMR 291) and "Zafar v. The State" (2008 SCMR 1254).

8. The next ground mentioned in the impugned order is that learned counsel for the accused-respondent No.2, has provided certified copy of previous trial of the accused-respondent No.2, in case FIR No.637/2018, in which he was acquitted on merits and he remained in judicial lockup for about seven months in the said case without any proof of possession of narcotic substance. The said ground is also not a valid ground for discharge of the accused-respondent No.2, in the instant case because every criminal case has to be decided on the basis of its own peculiar facts and acquittal of an accused in an earlier case does not mean that he has to be discharged in all subsequent cases, irrespective of the merits of the said cases. Moreover, as per police record, the petitioner is involved in eleven other criminal cases of similar nature and he is also a previous convict in one other case i.e., FIR No.18/2010, dated 29.10.2010, under section 9(c) of the Act, 1997, registered at Police Station ANF, Mianwali. Zalar Abbas (accused-respondent No.2), present before the Court though claimed that he was acquitted in appeal in the above-

referred case but he has frankly conceded that he is a previous convict in another case registered under section 9(c) of the Act, 1997 and the said conviction was not challenged by him. It is, therefore, evident that the Duty Magistrate, Karor Lal Esan has passed the impugned order against the record of the present case.

9. The reason mentioned in the impugned order that no incriminating material was available on the record to connect Zafar Abbas (accused-respondent No.2), with the commission of offence, is also against the record. As mentioned earlier, incriminating material in the shape of complaint/evidence of Nazeer Ahmad ASI (complainant), as well as, statements of recovery witnesses namely Muhammad Imran 854/c and Pervaiz Akhtar 577/c, recorded under section 161, Cr.P.C. along with recovery of 3800-grams Charas is available on the record, which is prima facie sufficient material to connect the accused-respondent No.2, with the alleged offence.

10. The other observation made in the impugned order for the discharge of the accused, is that the accused is a farmer having 10- acres of land and he also owns houses in City Karor, as well as, in Chak No.100-B/TDA and he also owns a personal car. In this respect, it is observed that the ownership oi agricultural land/houses or a car does not give a license to any person to possess or transport narcotic and as such the said ground mentioned in the impugned order for discharge of accused/respondent No. 2, is also fanciful and absurd. It appears that Duty Magistrate, Karor Lal Esan was of the belief that the provisions of the Act 1997 are only applicable on the homeless/landless/carless and poor People.

11. It is also noteworthy that an accused can be discharged in a criminal case, when no evidence is available against him on the record or when the evidence available on the record is deficient, whereas in the instant case, as mentioned earlier, the evidence of Nazeer Ahmad ASI (complainant), as well as, evidence of recovery witnesses namely Muhammad Imran 854/c and Pervaiz Akhtar 577/c along with recovery of 3800-grams Charas is available on the record against Zafar Abbas (accused-respondent No.2).

12. In the impugned order dated 09.05.2020, a direction has also been passed for handing over of cash amount of Rs.4500/- (alleged sale proceed of narcotics),

personal mobile phone and GLI car bearing registration No.LE-5824 to the accused-respondent No.2. The said direction has been passed without assigning any valid reason and as such the same is also not sustainable in the eye of law.

13. It is, therefore, evident that the Duty Magistrate, Karor Lal Esan has passed the impugned order through colorful exercise of his powers. It appears that the impugned order has been passed on the basis of extraneous reasons. The impugned order is patently illegally and void, which has been passed against the abovementioned basic provisions of law and the same is also against the dictums laid down in the judgments of the superior Courts of the country on the subject. In the light of above discussion, the instant petition filed by the State is allowed and impugned order dated 09.05.2020, passed by Duty Magistrate 1st Class, Karor Lal Esan is hereby set-aside. The request for grant of judicial remand of respondent No.2, made by the Investigating Officer of the case in hand shall be deemed to be pending before the concerned Magistrate. Zafar Abbas (accused-respondent No.2), is present before the Court. He is directed to be taken into custody. Fiaz SI, who is the present Investigating Officer of this case shall produce Zafar Abbas (accused/respondent No.2), before the concerned Magistrate (Judicial Magistrate of the Area or Duty Magistrate other than Mr. Ikram Ullah Khan, Judicial Magistrate 1st Class, Karor Lal Esan) for grant of judicial remand and the Magistrate concerned shall pass an order in this respect in accordance with the law. Cash amount of Rs.4500/- (alleged sale proceed of narcotics), mobile phone of accused and GLI car bearing registration No.LE-5824, if already have been handed over to accused/respondent No.2, then the same shall be recovered from the said respondent, however, the fate of the above-mentioned cash/mobile phone/car shall be determined by the learned trial Court in accordance with the law without being influenced by any observation made in the instant order.

14. We may mention here that a separate confidential note has been written in this case for perused of the Hon'ble Chief Justice and Administrative Committee of the Court.

MH/S-35/L **Case remanded.**

2021 P Cr. L J Note 25

[Lahore (Multan Bench)]

Before Malik Shahzad Ahmad Khan and Sadiq Mahmud Khurram, JJ

KHADIM HUSSAIN---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 1113 and Criminal Miscellaneous No. 1 of 2019, decided on 6th February, 2020.

Criminal Procedure Code (V of 1898)---

----Ss. 426 & 497---Control of Narcotic Substances Act (XXV of 1997), S. 9(c)---Possession of narcotics---Suspension of sentence pending appeal---Bail, grant of---Scope---Accused was alleged to have been found in possession of 1250 grams of charas---Accused had already served one year, three months and seventeen days out of his sentence of four years and six months---Remaining portion of sentence to be undergone by accused was short---Appeal filed by accused had not been decided despite lapse of four months and sixteen days---No prospect of early hearing of appeal existed---Accused, if not released on bail during pendency of appeal, was likely to serve his entire sentence---Sentence awarded to the accused was suspended and he was admitted to bail, in circumstances.

Abdul Hameed v. Muhammad Abdullah 1999 SCMR 2589 ref.

Prince Rehan Iftikhar Sheikh for Appellant.

Muhammad Ali Shahab, Deputy Prosecutor General for the State.

ORDER

Criminal Misc. No. 1 of 2019

Khadim Hussain son of Talib Hussain, petitioner/appellant by way of the instant petition has sought for suspension of his sentence and release on bail during the pendency of his appeal.

2. The petitioner was tried in case FIR No.295 of 2018 dated 10.12.2018 registered at Police Station Ghaziabad, District Sahiwal in respect of an offence under section 9(c) of the Control of Narcotic Substances Act, 1997, and vide judgment dated 20.08.2019, passed by the learned Additional Sessions Judge/

Judge Special Court, CNSA, 1997, Chichawatni, the petitioner has been convicted and sentenced as under:-

> Under section 9(c) of CNSA, 1997 to Rigorous imprisonment for 04 years and 6 months with fine of Rs.20,000/- and in default thereof to suffer simple imprisonment for 05 months. The benefit available under section 382-B of Cr.P.C. was also extended.

3. We heard the learned counsel for the parties and perused the record.

4. As per the prosecution case, Charas weighing 1250-grams was recovered from the possession of the petitioner. According to the report of Superintendent, Central Jail, Sahiwal, the petitioner has already served one year, three months and seventeen days of his sentence out of the sentence of imprisonment passed by the learned trial Court being four years and six months. The remaining portion of sentence to be undergone by the petitioner is short. The impugned judgment was passed on 20.08.2019 and as such a period of four months and sixteen days has already elapsed from the date of impugned judgment but the appeal filed by the appellant could not be decided, so far. The petitioner has filed this appeal against his conviction and sentence which pertains to the year 2019 and there is no prospect of early hearing of the same in the near future. In case, the petitioner is not released on bail during the pendency of his appeal, there is every likelihood that, before the decision of his appeal, he would have undergone his entire sentence. Furthermore, it would certainly be impossible to compensate the petitioner for his detention in jail if ultimately he is acquitted, after having served out his entire sentence. On the contrary, in case of his release during the pendency of his appeal, the position would be different because in the event of dismissal of his appeal by this Court, he would be arrested for serving his remaining sentence. It will amount to awarding the petitioner punishment in advance. In this respect, we respectfully refer here the case of "Abdul Hameed v. Muhammad Abdullah" (1999 SCMR 2589).

5. In the light of above discussion, this criminal miscellaneous petition is allowed, the sentence of the petitioner is suspended and the petitioner namely Khadim Hussain son of Talib Hussain, is admitted to bail subject to his furnishing bail bonds in the sum of Rs.200,000/- (Rupees Two hundred thousand only) with one surety in the like amount to the satisfaction of the Deputy Registrar (Judicial) of this Court. The petitioner is directed to appear before the Court on each and every date of hearing of this case.

SA/K-4/L **Bail granted.**

2021 P Cr. L J Note 27

[Lahore]

Before Malik Shahzad Ahmad Khan, J

SAQIB ALI---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 671 and Criminal Revision No. 839 of 2016, heard on 10th June, 2020.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b), 363, 364-A & 201---Qatl-i-amd, kidnapping, kidnapping or abducting a person under the age of ten years, causing disappearance of evidence of offence, or giving false information to screen offender---Appreciation of evidence--- Benefit of doubt---Ocular and medical evidence--Contradictions---Scope---Accused was charged for abducting two minor sons of the complainant and thereafter committed their murders---Ocular account of the occurrence had been furnished by one witness, who had seen accused and co-accused while throwing two minor boys in the canal---Said witness stated that a girl was also sitting in the car along with accused and co-accused at the time of occurrence-Said witness had admitted during his cross-examination that his statement was recorded by the police on 22.01.2010---If said witness had witnessed the occurrence of a heinous crime and seen the accused and co-accused while throwing two boys in the canal on 16.11.2009, then as to why he remained mum till 22.01.2010 i.e. for a period of two months and six days from the date of occurrence---Said witness had also stated in his examination-in-chief that on the next day of occurrence, he visited Police Station in connection with personal affair where he identified all the accused persons of that case but even then he did not make statement regarding the above stated fact to the police on the said day and made his statement before the police for the first time on 22.01.2010---No plausible explanation had been given by the said witness for remaining mum for such a long period---Statement of said witness was in conflict with the medical evidence produced by the prosecution in that case---Medical Officer, who conducted post-mortem examination on the dead body of one minor/deceased stated the time that

elapsed between the injuries and death as immediate and the time that elapsed between the death and post-mortem examination as six to twelve days; meaning thereby that the death of minor deceased took place between 26.11.2009 to 02.12.2009 whereas according to the statement of witness, deceased was thrown in the canal by accused and co-accused on 16.11.2009 and as such there was difference of ten days regarding the date of death as given by witness and the Medical Officer---Moreover, said witness did not state that he had seen accused and his co-accused while throwing dead bodies of the minors in the canal rather he stated that he had seen the accused and co-accused while throwing two children in the canal---- Statement of witness showed that he had seen the accused and co-accused while throwing two children in the canal and not their dead bodies---On the other hand, according to the medical evidence, there were five injuries on the body of minor deceased which were ante mortem and bones under injuries were also found to be fractured, meaning thereby that minor deceased was murdered before throwing his dead body in the canal but witness did not state that the accused and his co-accused threw the dead body of any minor in the canal or the minors were thrown in injured condition in the canal and as such the evidence of said witness was in conflict with the medical evidence of the prosecution---Ocular evidence produced by the prosecution, in circumstances through sole witness was not worthy of reliance---Appeal against conviction was allowed, in circumstances.

(b) Criminal trial---

----Circumstantial evidence---Scope---Circumstances should be linked with each other and should form such a continuous chain that its one end touched the dead body and other to the neck of the accused---If any link in the chain was missing then its benefit must go to the accused.

Ch. Barkat Ali v. Major Karam Elahi Zia and another 1992 SCMR 1047; Sarfraz Khan v. The State 1996 SCMR 188; Asadullah and another v. The State 1999 SCMR 1034 and Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 363, 364-A & 201---Qatl-i-amd, kidnapping, kidnapping or abducting a person under the age of ten years, causing disappearance of evidence of offence, or giving false information to screen offender---Appreciation of

evidence---Last seen evidence---Scope---Accused was charged for abducting two minor sons of the complainant and thereafter committed their murders---Last seen evidence was produced by the prosecution through two witnesses---Both the said witnesses stated that on 16.11.2009, accused brought one minor boy to the house of one of the witnesses, so that he played with goats and thereafter the accused left his house, however, after sometime, accused came back and took the minor boy with him---Other witness stated that on 16.11.2009, he lastly seen accused in the company of a minor boy to whom he later on recognized with the help of his snaps as deceased son of complainant but he made statement before police on 02.01.2010---Circumstances suggested that there was delay of one month and seventeen days in making the statement of witness before the police---Evidently, one of the witnesses was himself interrogated in that case as a suspect and he was under police custody when he made statement against the accused on 02.01.2010---To rely upon the evidence of last seen produced by the prosecution through said two witnesses could not be relied---Appeal against conviction was allowed, in circumstances.

(d) Qanun-e-Shahadat (10 of 1984)---

----Art. 140---Cross-examination---Non-conducting of cross-examination on the statement of witness---Scope---Statement of a witness, which was not subjected to cross-examination, was inadmissible in evidence and was of no legal effect.

Pir Mazharul Haq and others v. The State through Chief Ehtesab Commissioner, Islamabad PLD 2005 SC 63 and Jan Sher Khan v. The State 2013 MLD 1554 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 363, 364-A & 201---Qatl-i-amd, kidnapping, kidnapping or abducting a person under the age of ten years, causing disappearance of evidence of offence, or giving false information to screen offender---Appreciation of evidence---Recovery of shoes and feeder of deceased minor on the pointation of accused---Reliance---Scope---Accused was charged for abducting two minor sons of the complainant and thereafter committed their murders---In the present case, recovery of shoes and feeder belonging to deceased child was effected, but said articles were not mentioned by the complainant in his complaint---Complainant had alleged in the complaint that his minor son was wearing trouser suite of sky

blue colour and pink jacket---Although, the said clothes have been shown recovered in the recovery memo but the recovery witness, while appearing in the witness box, did not state that any such garments of deceased were recovered on the pointation of the accused---Recoveries of shoes and feeder of deceased on the pointation of the accused, in circumstances, were inconsequential for the prosecution---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b), 363, 364-A & 201---Qati-i-amd, kidnapping, kidnapping or abducting a person under the age of ten years, causing disappearance of evidence of offence, or giving false information to screen offender---Appreciation of evidence---Motive not proved---Effect---Accused was charged for abducting two minor sons of the complainant and thereafter committed their murders---Prosecution evidence qua the motive had been produced through complainant, who stated that accused was posing himself as a fake 'Peer' (Saint) and accused used to entice his family members, therefore, complainant forbade him from doing so; due to the said grudge, the accused committed murder of two minor sons of the complainant---Prosecution case was that the complainant who forbade accused from posing himself as a fake 'Peer' and enticing away his family members and it was not the prosecution case that the minor children of the complainant, aged about five years and aged about three years, ever forbade the accused from posing himself as a fake 'Peer'---If the motive of the prosecution was presumed to be correct then it was complainant who should have been the prime target of accused because even, according to the prosecution case itself, the accused had no grudge against the minors, therefore, there was no reason with the accused to commit their murder---Complainant also stated in his examination-in-chief that his family members were enticed by the accused while posing himself as a fake 'Peer' but he did not name any such person who was enticed away by the accused---No family member of the complainant appeared during the course of investigation or before the Trial Court in support of the motive alleged by the complainant---Motive as alleged by the prosecution, in circumstances, had not been proved---Appeal against conviction was allowed, in circumstances.

(g) Criminal trial---

----Medical evidence---Scope---Medical evidence tells about the probable time of death, the kind of injuries, kind of weapon used in the occurrence but it would not identify the assailant.

Muhammad Tasawar v. Hafiz Zulkarnain and 2 others PLD 2009 SC 53; Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 and Mursal Kazmi alias Qamar Shah and another v. The State 2009 SCMR 1410 rel.

(h) Criminal trial---

----Benefit of doubt---Principle---A single circumstance creating reasonable doubt regarding the prosecution case would be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345; Muhammad Akram v. The State 2009 SCMR 230 and Muhammad Mansha v. The State 2018 SCMR 772 rel.

M. Asad Manzoor Butt for Appellant (in Criminal Appeal No. 671 of 2015 as well as Respondent in Criminal Revision No. 839 of 2016).

Ms. Tahira Parveen, District Public Prosecutor for the State.

Rana Arif Mehmood for the Complainant (in Criminal Appeal No. 671 of 2015 as well as Petitioner in Criminal Revision No. 839 of 2016).

Date of hearing: 10th June, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.671 of 2016, filed by Saqib Ali (appellant) against his conviction and sentence, as well as Criminal Revision No.839 of 2016, filed by Muhammad Azam Butt petitioner/complainant for enhancement of sentence awarded to Saqib Ali (respondent of said criminal revision), from imprisonment for life to death, as both these matters have arisen out of the same judgment dated 09.03.2016, passed by learned Additional Sessions Judge, Lahore.

2. Saqib Ali (appellant) along with his co-accused was tried in case FIR No.905/2009 dated 17.11.2009, registered at Police Station Ghazi Abad, Lahore in respect of offences under sections 302/363/364-A/201, P.P.C. After conclusion of the trial, the learned trial Court vide its impugned judgment dated 09.03.2016, has convicted and sentenced the appellant as under: -

Under section 364-A, P.P.C. to imprisonment for life.

Under section 302(b), P.P.C. to imprisonment for life. The appellant was also directed to pay compensation of Rs.1,00,000/- (Rupees one hundred thousand only), to the legal heirs of Hashir (deceased), as provided under section 544-A, Cr.P.C. and in case of default to further undergo six months simple imprisonment.

Benefit of section 382-B, Cr.P.C. was also extended to the appellant. Both the sentences of imprisonment were ordered to run concurrently.

Through the same impugned judgment, the appellant was acquitted from the charges under sections 364-A, 302(b) and 201 of P.P.C. regarding the abduction and murder of Muhammad Ahmad (minor deceased) and disappearance of evidence to the extent of said deceased whereas, co-accused of the appellant, namely, Atif Zaman, Iftikhar Alam and Mst. Ayesha were acquitted from all the charges.

3. Brief facts of the case as given by Muhammad Azam Butt (complainant/PW-5) in his complaint Ex.PA, on the basis of which formal FIR Ex.PA/1 was chalked out, are that the complainant was employed in the Daily Express News. On 16.11.2009, at about 6.00 p.m. (evening), the children of the complainant namely Muhammad Ahmed aged about 5 years, Muhammad Hashir aged about 3, were playing with the brother-in-law of the complainant namely Saqib Ashrafi alias Saqib Ali (appellant), who came to the house of the complainant and stayed there for about 2 to 3 hours and thereafter he (appellant) left the said house. After half an hour from the departure of the appellant, the above mentioned children of the complainant also disappeared from his house. The complainant expressed his suspicion that his children had been abducted by Saqib Ashrafi alias Saqib Ali (appellant) because he (appellant) used to pose himself as a fake "Peer" and entice the family members of the complainant, therefore, the complainant forbade the appellant from doing so and posing himself as a fake "Peer", due to which he (appellant) abducted the children of the complainant, hence the abovementioned FIR.

Initially the FIR was lodged under section 363, P.P.C. On 02.12.2009, the dead body of an unknown minor was found in a canal situated within the area of Police Station Satto Katla, Lahore whereupon FIR No.1420/2009, under section 302,

P.P.C., was lodged at police station Satto Katla against unknown accused persons. Later on, the dead body of abovementioned unknown minor was identified to be that of Muhammad Hashir (minor son of the complainant), therefore, offences under sections 302/201, P.P.C., were added in the instant case.

4. The appellant was arrested in this case by the police on 15.12.2009 and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced sixteen witnesses during the trial. The statement of the appellant under section 342, Cr.P.C. was recorded, wherein he refuted the allegations levelled against him and professed his innocence.

5. The learned trial Court vide its judgment dated 09.03.2016, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has falsely been implicated in this case by the complainant being in league with the local police; that the evidence of Muhammad Yaqoob, PW.3 who allegedly saw the appellant and his co-accused while throwing two minor boys in the canal, is not worthy of reliance because the said witness appeared before the police with considerable delay of two months and six days from the date of occurrence; that the circumstantial evidence produced by the prosecution is very weak thus, the same is not worthy of reliance; that the dead body of Muhammad Ahmad, deceased has not been recovered in this case and the appellant has been acquitted from the charges of abduction and murder of Muhammad Ahmad, deceased; that insofar as the murder of Muhammad Hashir, deceased is concerned, according to his postmortem examination report, there were five injuries on his body but no weapon of offence has been recovered from the possession of the appellant; that the alleged recoveries of last worn clothes of the minor deceased, namely, Muhammad Ahmad and Muhammad Hashir were not stained with blood and the said recoveries were also rightly disbelieved by the learned trial Court; that the evidence of last seen produced by the prosecution through Roheel Ahmad, PW.11 and Atif Mehmood, PW.12 is not worthy of

reliance because they made their statements before the police with the delay of one month and seventeen days from the occurrence; that the prosecution evidence regarding the alleged pointation of the place of occurrence by the appellant is also inconsequential because nothing incriminating was recovered from the said place; that the motive alleged by the prosecution has also not been proved through any reliable evidence and the same has rightly been discarded by the learned trial Court; that the prosecution evidence has been disbelieved by the learned trial Court against Mst. Ayesha, Atif Zaman and Iftikhar Alam, co-accused, therefore, the same evidence cannot be believed against the appellant without independent corroboration which is very much lacking in this case; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charges.

7. On the other hand, it is argued by the learned District Public Prosecutor assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of any doubt; that the co-accused of the appellant, namely, Mst. Ayesha, Atif Zaman and Iftikhar Alam were not nominated in the FIR or by the prosecution witnesses of last seen evidence, namely, Roheel Ahmad, PW.11 and Atif Mehmood, PW.12, therefore, their case is distinguishable from the case of Saqib Ali, appellant and as such the acquittal of the said co-accused is of no avail to the appellant; that convincing and reliable prosecution evidence is available on the record against the appellant in the shape of statement of Muhammad Yaqoob, PW.3, who saw the appellant and his co-accused while throwing the minor boys in the canal; that there is evidence of lastly seeing alive the minor sons of the complainant in the company of the appellant which was produced by the prosecution through Roheel Ahmad, PW.11 and Atif Mehmood, PW.12; that last worn clothes and articles of both the deceased boys were recovered on the pointation of the appellant and the recoveries of the said clothes/articles have been proved by the prosecution through Abdul Basit PW.4; that Muhammad Azam Butt, complainant/PW.5 also proved the motive alleged in this case that the appellant used to pose himself as a fake 'Peer' and he was forbidden by the complainant, therefore, due to the said grudge, he (appellant) committed the murder of his (complainant's) two minor sons; that the prosecution witnesses stood the test of lengthy cross-examination but their evidence could not

be shaken; that there is no substance in this appeal, therefore, the same may be dismissed. Learned counsel for the complainant while arguing Crl. Revision No.839 of 2016, contends that Saqib Ali, respondent (appellant in Crl. Appeal No.671 of 2016) has wrongly been awarded lesser punishment by the learned trial Court whereas there was no mitigating circumstance in his favour, therefore, he may be awarded capital punishment.

8. Arguments heard and record perused.

9. The detail of the prosecution case as set forth in the FIR (Ex.PA/1) and in the complaint (Ex.PA) has already been given in paragraph No.3 of this judgment, therefore, there is no need to repeat the same.

10. As mentioned earlier, all the accused including Saqib Ali, appellant have been acquitted from the charges of abduction and murder of Muhammad Ahmad, minor deceased, however, Saqib Ali, appellant has been convicted and sentenced only for the abduction and murder of Muhammad Hashir, deceased, as mentioned and detailed above.

11. I have noted that the prosecution has produced two types of evidence in this case. The prosecution produced ocular account of the occurrence through Muhammad Yaqoob, PW.3 and at the same time, the prosecution has also produced circumstantial evidence in this case through Abdul Basit (PW.4), Muhammad Azam (PW.5), Roheel Ahmad (PW.11) and Atif Mehmood (PW.12). It is, therefore, evident that the complainant party of this case was not sure that as to whether they (complainant party) should produce direct evidence in the shape of ocular account or to produce circumstantial evidence in this case against the accused persons. Insofar as the ocular account of the prosecution is concerned, I have noted that the prosecution has produced Muhammad Yaqoob, PW.3 who had seen Saqib Ali, appellant and his co-accused while throwing two minor boys in the canal.

Ocular account/Evidence regarding throwing two minor boys in the canal by the appellant and his co-accused.

The prosecution produced its ocular account through Muhammad Yaqoob, PW.3. He stated that on 16.11.2009, he was proceeding from cavalry ground to Harbanspura, Lahore along with his friend Tariq Hussain and when they were

crossing Harbanspura Bridge, they saw Saqib Ali, appellant, Atif Zaman and Iftikhar Alam, co-accused while throwing two minor boys in the canal. He further stated that a girl was also sitting in the car along with Saqib Ali, appellant and his co-accused at the time of occurrence. Muhammad Yaqoob, PW.3 admitted during his cross-examination that his statement was recorded by the police on 22.01.2010. It is not understandable that if Muhammad Yaqoob, PW.3 had witnessed the occurrence of a heinous crime and seen Saqib Ali, appellant and his co-accused while throwing two minor boys in the canal on 16.11.2009 then as to why he remained mum till 22.01.2010 i.e. for a period of two months and six days from the date of occurrence. Muhammad Yaqoob, PW.3 also stated in his examination-in-chief that on the next day of occurrence, he visited Police Station Ghazi Abad in connection with personal affair where he identified all the accused persons of this case but even then he did not make statement regarding the above mentioned fact to the police on the said day and made his statement before the police for the first time on 22.01.2010. No plausible explanation has been given by the said witness for remaining mum for such a long period. It is also noteworthy that the statement of Muhammad Yaqoob, PW.3 is in conflict with the medical evidence produced by the prosecution in this case. Dr. Liaqat Ali, APMO (PW.10) conducted postmortem examination on the dead body of Muhammad Hashir, deceased on 08.12.2009. According to his opinion the time that elapsed between the injuries and death was immediate and the time that elapsed between the death and postmortem examination was six to twelve days meaning thereby that the death of Muhammad Hashir, deceased took place between 26.11.2009 to 02.12.2009 whereas according to the statement of Muhammad Yaqoob, PW.3, Muhammad Hashir, deceased was thrown in the canal by Saqib Ali, appellant and his co-accused on 16.11.2009 and as such there is difference of ten days regarding the date of death as given by Muhammad Yaqoob, PW.3 and the Medical Officer (PW.16).

12. Moreover, Muhammad Yaqoob, PW.3 did not state that he saw Saqib Ali, appellant and his co-accused while throwing dead bodies of the minors in the canal rather he stated that he saw the appellant and his co-accused while throwing two children in the canal. His examination-in-chief in this respect reads as under:-

"Stated that on 16.11.2009, I was proceeding to obtain an installment from cavalry ground to Harbanspura at about 10:00/11:00 p.m. along with Tariq Hussain, my friend. When we were crossing Harbanspura Bridge, we saw a vehicle in which a girl was sitting, we saw Saqib, Atif and Iftikhar accused present in the Court throwing two children in the canal. Next day I visited Police Station Ghazi Abad in connection with a personal affair, there was a panchait and there we found out that panchait was regarding missing of two children who allegedly were thrown in the canal. There I identified all the three accused present in the Court. I prior to that did not have any acquaintance with complainant of the case and I told him what I saw the preceding night."

(Bold and underlining supplied for emphasis).

It is, therefore, evident from the statement of Muhammad Yaqoob, PW.3 that he saw the appellant and his co-accused while throwing two children in the canal and not their dead bodies. On the other hand, according to the medical evidence furnished by Dr. Liaqat Ali, APMO, PW.10, there were five injuries on the body of Muhammad Hashir, deceased which were ante mortem and bones under injuries Nos.1 to 4 were also found to be fractured meaning thereby that Muhammad Hashir, deceased was murdered before throwing his dead body in the canal but as mentioned earlier Muhammad Yaqoob, PW.3 did not state that the appellant and his co-accused threw the dead body of any minor in the canal or the minors were thrown in injured condition in the canal and as such the evidence of Muhammad Yaqoob, PW.3 is in conflict with the medical evidence of the prosecution. Under the circumstances, the ocular evidence produced by the prosecution through Muhammad Yaqoob, PW.3 is not worthy of reliance and the same has rightly been disbelieved by the learned trial Court in paragraph No.26 of the impugned judgment.

13. Insofar as the circumstantial evidence produced in this case is concerned, it is by now well settled that in a case of circumstantial evidence, utmost care and caution is required for reaching at a just decision of the case. In such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused but if any link in the chain is missing then its benefit must go to the

accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as 'Ch. Barkat Ali v. Major Karam Elahi Zia and another' (1992 SCMR 1047), 'Sarfraz Khan v. The State' (1996 SCMR 188) and 'Asadullah and another v. The State' (1999 SCMR 1034). In the case of Ch. Barkat Ali (supra), the august Supreme Court of Pakistan, at page 1055, observed as under:-

> '…Law relating to circumstantial evidence that proved circumstances must be incompatible with any reasonable hypothesis of the innocence of the accused. See 'Siraj v. The Crown' (PLD 1956 FC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the accused.'

In the case of Sarfraz Khan (supra), the august Supreme Court of Pakistan, at page 192, held as under:-

> 7….It is well settled that circumstantial evidence should be so inter-connected that it forms such a continuous chain that its one end touches the dead body and other to the neck of the accused thereby excluding all the hypothesis of his innocence.'

Further reliance in this context is placed on the case of 'Altaf Hussain v. Fakhar Hussain and another' (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as under:-

> '7….Needless to emphasise that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the body of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain.'

14. Keeping in view the parameters, laid down in the abovementioned judgments, I proceed to discuss separately, every piece of the prosecution circumstantial evidence produced in this case.

15. The prosecution circumstantial evidence is based on the following pieces of evidence:

i) Last seen evidence;

ii) Recoveries of last worn clothes and other articles of both the deceased;

iii) Pointation of the place of occurrence by the appellant;

iv) Motive;

v) Medical evidence.

i) Last seen evidence:

It is noteworthy that Muhammad Azam Butt, complainant (PW.5) while lodging the FIR did not level the allegation that he saw the appellant while taking away his two minor sons (Muhammad Ahmad and Muhammad Hashir) out of his house. He only alleged that on 16.11.2009 at about 6:00 P.M., Saqib Ali, appellant, who was his (complainant's) brother-in-law came to his (complainant's) house and kept on playing with his above-mentioned sons. He (complainant) further stated that Saqib Ali, appellant remained in his house for 2/3 hours and thereafter, he left his house. After half an hour from the departure of the appellant from the complainant's house, the minor sons of the complainant also disappeared from the said house. The complainant expressed his suspicion that his sons were abducted by Saqib Ali, appellant. It is, therefore, evident that the complainant had not seen the appellant while taking away his minor sons from his house. The last seen evidence was produced by the prosecution through Roheel Ahmad, PW.11 and Atif Mehmood, PW.12. Both the above mentioned witnesses stated that on 16.11.2009, Saqib Ali, appellant brought one minor boy to the house of Roheel Ahmad, PW.11 so that he may play with his goats and thereafter the appellant left the above mentioned house, however, after sometime, Saqib Ali, appellant came back to the said house and took the minor boy with him.

Insofar as the evidence of Roheel Ahmad, PW.11 is concerned, I have noted that cross-examination on the said prosecution witness on behalf of Saqib Ali, appellant was reserved on 06.07.2013. He appeared before the learned trial Court on some subsequent dates of hearing but thereafter he statedly left for Saudi Arabia, therefore, his statement could not be subjected to cross-examination. His bail-able warrants of arrest were repeatedly issued by the learned trial Court and eventually his non-bail-able warrants of arrest were issued vide order dated 15.04.2015 but he did not appear before the Court for cross-examination. There is no order of the learned trial Court to close the right of cross-examination of

Saqib Ali, appellant on Roheel Ahmad, PW.11. It is by now well settled that the statement of a witness which is not subjected to cross-examination is inadmissible in evidence and the same is of no legal effect, therefore, no benefit could be extended to the prosecution on the basis of examination-in-chief recorded in this case of Roheel Ahmad, PW.11. Reference in this respect is made to the cases reported as "Pir Mazharul Haq and others v. The State through Chief Ehtesab Commissioner, Islamabad" (PLD 2005 Supreme Court 63) and "Jan Sher Khan v. The State" (2013 MLD 1554).

Insofar as the evidence of Atif Mehmood, PW.12 is concerned, I have noted that the said witness stated that on 16.11.2009, he lastly saw Saqib Ali, appellant in the company of a minor boy to whom he later on recognized with the help of his snaps as Muhammad Hashir (deceased) but he made statement before CIA Police on 02.01.2010. There is delay of one month and seventeen days in making the statement of above mentioned prosecution witness before the police. Learned counsel for the complainant argued that Atif Mehmood, PW.12 was not known to the complainant and he was resident of the locality of the appellant, therefore, he had no information regarding the abduction or murder of minor sons of the complainant and as such the above mentioned delay in making the statement by Atif Mehmood, PW.12 before CIA Police is not fatal to the prosecution case. There is no substance in the above mentioned argument of learned counsel for the complainant because I have noted that Atif Mehmood, PW.12 has admitted during his cross-examination that his affidavit Ex.DD bears his signature. The perusal of affidavit Ex.DD shows that the same was sworn by Atif Mehmood, PW.12. In the said affidavit, Atif Mehmood, PW.12 deposed that Saqib Ali, appellant is absolutely innocent. Atif Mehmood, PW.12 further deposed in the said affidavit that Muhammad Azam Butt, complainant had lodged a false and fabricated case against Saqib Ali, appellant regarding abduction of his two sons. The backside of affidavit Ex.DD shows that the same was issued on 19.11.2009. The perusal of the above mentioned affidavit shows that Atif Mehmood, PW.12 was in the knowledge of the occurrence on 19.11.2009 but he made statement regarding last seen evidence before CIA police for the first time on 02.01.2010. Although, it is next argued by learned counsel for the complainant that Atif Mehmood, PW.12 has explained that affidavit Ex.DD was got executed from him under the pressure of "Mohallahdars" but the fact remains that the present occurrence was in the

knowledge of Atif Mehmood, PW.12 on 19.11.2009 but he remained silent for a period of one month and thirteen days from the date of swearing of his affidavit Ex.DD and made his statement before the police for the first time regarding last seen evidence on 02.01.2010. He did not give any reason for remaining mum for such a long period. Learned counsel for the appellant next argued that Muhammad Azam Butt, complainant (PW.5) was a journalist by profession and he was working in the daily Express News and 'Express News Channel', therefore, under his pressure, Atif Mehmood, PW.12 was arrested in this case as a suspect who gave false evidence of last seen against the appellant under the pressure of the police and the complainant. The said contention of learned counsel for the appellant is supported by the statement made by Atif Mehmood, PW.12 during his cross-examination who candidly conceded that on 02.01.2010 (the date when statement of the said witness was recorded by the CIA police), he (PW.12) was in police custody and being interrogated in this case. The relevant part of his statement reads as under:-

> "It is correct that on 02.01.2010, I was in police custody and being interrogated in this case. My 'Behnoi' Tariq constable came at CIA staff only to inquire why I was arrested. I was not guilty, therefore, I was released. It is incorrect to suggest that said Tariq was a Guarantor that I shall depose in the Court according to the desire of police. It is incorrect to suggest that to own the guarantee of my 'Behnoi' Tariq, I deposed falsely."

It is, therefore, evident that Atif Mehmood, PW.12 was himself interrogated in this case as a suspect and he was under police custody when he made statement against the appellant on 02.01.2010. I am, therefore, of the view that it is not safe to rely upon the above mentioned evidence of last seen produced by the prosecution through Roheel Ahmad, PW.11 and Atif Mehmood, PW.12.

ii) Recoveries of last worn clothes and other articles of both the deceased.

Abdul Basit, PW.4 is the witness of recovery of last worn clothes of Muhammad Ahmad and Muhammad Hashir, deceased on the pointation of Saqib Ali, appellant. He stated that on 28.12.2009, Saqib Ali, appellant led to the recovery of pent (P-1), shirt (P-2), Jogger (P-3), high neck T-shirt blue colour (P-4) belonging to Muhammad Ahmad, deceased and also got recovered shoes (P-5)

and feeder (P-6) belonging to Muhammad Hashir, deceased which were taken into possession vide recovery memo Ex.PC. As mentioned earlier, according to the evidence of Dr. Liaqat Ali, APMO (PW.10), there were five injuries on the body of Muhammad Hashir, deceased and bones under injuries Nos.1 to 4 were also found to be broken meaning thereby that multiple grievous injuries were inflicted on the body of Muhammad Hashir, deceased before his death which must have resulted into profused bleeding but neither in the statement of Abdul Basit, PW.4 nor in the recovery memo Ex.PC, it is mentioned that any of the above mentioned recovered clothes/articles was stained with blood. It is also noteworthy that the appellant has been acquitted from the charges of abduction and murder of Muhammad Ahmad, deceased by the learned trial Court and no appeal has been filed by the State or the complainant against the acquittal of the appellant from the said charges, therefore, the recovery of pent (P-1), shirt (P-2), Jogger (P-3), high neck T-shirt blue colour (P-4) belonging to Muhammad Ahmad, deceased allegedly recovered on the pointation of Saqib Ali (appellant), is of no avail to the prosecution.

Insofar as the recovery of shoes (P-5) and feeder (P-6) belonging to Muhammad Hashir, deceased is concerned, the said articles were not mentioned by the complainant in his complaint Ex.PA. In complaint Ex.PA, the complainant alleged that his minor son Muhammad Hashir, deceased was wearing trouser suite of sky blue colour and pink jacket and although the said clothes have been shown to be recovered in the recovery memo Ex.PC but the recovery witness, namely, Abdul Basit (PW.4) while appearing in the witness box did not state that any sky blue colour trouser suit or pink jacket of Muhammad Hashir, deceased were recovered on the pointation of the appellant.

In the light of above, the recoveries of shoes (P-5) and feeder (P-6) of Muhammad Hashir deceased on the pointation of the appellant are inconsequential for the prosecution. The learned trial Court has also rightly disbelieved the prosecution evidence qua the recovery of last worn clothes/articles of the deceased on the pointation of the appellant in Paragraph No.29 of the impugned judgment.

iii) Pointation of place of occurrence by the appellant.

Abdul Basit, PW.4 stated that on 28.12.2009, Saqib Ali, appellant pointed out the place of occurrence of throwing Muhammad Ahmad and Muhammad Hashir, deceased in the canal but no incriminating material had been recovered on account of the said pointation, therefore, the above mentioned piece of evidence is not sufficient to convict the appellant.

iv) Motive

The prosecution evidence qua the motive has been produced through Muhammad Azam Butt, complainant (PW.5). He stated that Saqib Ali, appellant was posing himself as a fake 'Peer' (Saint) and he (appellant) used to entice his (complainant's) family members, therefore, he (complainant) forbade him from doing do and due to the said grudge, the appellant committed murder of two minor sons of the complainant. It is noteworthy that as per prosecution case, it was Muhammad Azam Butt, complainant who forbade Saqib Ali, appellant from posing himself as a fake 'Peer' and enticing away his family members. It is not the prosecution case that the minor children of the complainant, namely, Muhammad Ahmad, aged about five years and Muhammad Hashir, aged about three years, ever forbade the appellant from posing himself as a fake 'Peer'. If, for the sake of arguments the motive of the prosecution is presumed to be correct then it was Muhammad Azam Butt, complainant (PW.5) who should have been the prime target of Saqib Ali, appellant because even, according to the prosecution case itself, the appellant had no grudge against the minors Muhammad Hashir and Muhammad Ahmad, therefore, there was no reason with the appellant to commit their murder. It is further noteworthy that Muhammad Azam Butt, complainant (PW.5) also stated in his examination-in-chief that his family members were enticed by the appellant while posing himself as a fake 'Peer' but he did not name any such person who was enticed away by the appellant. No family member of the complainant appeared during the course of investigation or before the learned trial Court in support of the above mentioned motive alleged by the complainant. In the light of above, I hold that the motive alleged by the prosecution has not been proved in this case and the same was rightly disbelieved by the learned trial Court in paragraph No.25 of the impugned judgment.

v) Medical evidence

The medical evidence in this case was produced by Dr. Liaqat Ali, APMO (PW.10), who conducted postmortem examination on the dead body of Muhammad Hashir, deceased on 08.12.2009. He noted five injuries on the body of Muhammad Hashir, deceased and it was further observed that there were fractures of bones under injuries Nos.1 to 4. According to his opinion, the above mentioned injuries were ante mortem and injuries Nos.1 to 4 were sufficient to cause death in the ordinary course of nature. The time that elapsed between the injuries and death was immediate and the time that elapsed between the death and postmortem examination was six to twelve days meaning thereby that death of Muhammad Hashir, deceased took place between 26.11.2009 to 02.12.2009. According to his opinion, the injuries were inflicted on the body of Muhammad Hashir, deceased by blunt means. As noted in Para No. 12(ii) of this judgment, there was conflict between the medical evidence and the ocular account of the prosecution produced through Muhammad Yaqoob, PW.3. It is further noteworthy that according to the opinion of the Medical Officer, the injuries on the body of Muhammad Hashir, deceased were caused by blunt means but no weapon has been recovered from the possession of the appellant. It is therefore, evident that the medical evidence has not supported the prosecution case. Moreover, it is by now well settled that medical evidence is a type of evidence which tells about the probable time of death, the kind of injuries, kind of weapon used in the occurrence but it would not identify the assailant. Reliance in this respect may be placed on the judgments reported as 'Muhammad Tasaweer v Hafiz Zulkarnain and 2 others' (PLD 2009 SC 53), 'Altaf Hussain v. Fakhar Hussain and another' (2008 SCMR 1103) and 'Mursal Kazmi alias Qamar Shah and another v. The State' (2009 SCMR 1410).

16. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution evidence is full of doubts. It is by now well settled that if there is a single circumstance which creates reasonable doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the truthfulness of the prosecution story.

In the case of, 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

"5……..The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of "Muhammad Akram v. The State" (2009 SCMR 230), at page 236, observed as under:-

"13……..It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

In the case of, "Muhammad Mansha v. The State" (2018 SCMR 772), the Hon'ble Supreme Court of Pakistan, at page 778, was pleased to observe as under:-

"4……..Needless to mention that while giving the benefit of doubt to an accused it is not necessary that there should be many circumstances creating doubt. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of such doubt, not as a matter of grace and concession, but as a matter of right. It is based on the maxima, "it is better that ten guilty persons be acquitted rather than one innocent person be convicted."

17. In the light of above discussion, I accept Criminal Appeal No.671 of 2016 filed by Saqib Ali (appellant), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Lahore vide impugned judgment dated 09.03.2016 and acquit him of the charges under sections 302(b) and 364-A, P.P.C.

by extending him the benefit of doubt. Saqib Ali (appellant) is in custody, he be released forthwith, if not required in any other case.

18. Insofar the criminal revision i.e., Crl. Revision No.839 of 2016, filed by Muhammad Azam Butt (complainant) for enhancement of sentence, awarded by the learned trial Court against Saqib Ali (appellant) from imprisonment for life to death is concerned, I have already disbelieved the prosecution evidence due to the reasons mentioned in paragraphs Nos.11 to 17 of this judgment and Saqib Ali (appellant) has been acquitted by this Court due to the reasons, mentioned therein, therefore, this criminal revision being devoid of any force is hereby dismissed.

JK/S-39/L **Appeal allowed.**

2021 Y L R Note 1

[Lahore]

Before Malik Shahzad Ahmad Khan, J

Mst. SHAUKAT BIBI and another---Appellants

Versus

The STATE and another---Respondents

Criminal Appeals Nos. 13978-J, 16609 and Criminal Revision No. 17261 of 2020, decided on 10th July, 2020.

(a) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Benefit of doubt--- Chance witnesses--- Non-availability of justification for presence at the place of occurrence---Scope--- Accused, two ladies, were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Motive behind the occurrence was that the accused lady firstly separated her husband/ deceased from his parents and started living separately and she thereafter wanted to shift to other city but deceased was not ready for that and due to the said grudge, the accused and her sister/co-accused, since acquitted, committed his murder---Ocular account of the prosecution was produced through two brothers of the deceased---Occurrence took place in the house of accused and her deceased husband at the odd hours of night---Both the said eye-witnesses were admittedly not residents of the house where the occurrence took place and they were living in a separate house which was situated at a distance of 10-minutes from the house of occurrence---Presence of the said eye-witnesses at the spot at the relevant time was not natural---Eye-witnesses were to justify their presence in the house of the occurrence at the odd hours of night through some cogent reason---In order to justify their presence at the spot at the relevant time, both the eye-witnesses stated that on the night of occurrence, they received information regarding a quarrel which took place between the accused and her deceased husband whereupon they reached the house of occurrence---Both the said eye-witnesses did not disclose that as to how and through whom they received the information regarding the quarrel---Complainant had conceded that he was not informed about the said quarrel by his deceased brother---Other eye-witness had stated that information regarding the quarrel was received by his brother/

complainant whereupon, he along with the complainant proceeded to the house of deceased---Statements of the eye-witnesses showed that brother of complainant/ eye-witness received information about the alleged quarrel between the accused and the deceased through complainant whereas, complainant did not disclose throughout the investigation the name or phone number of the person through whom he received the said information---Both the eye-witnesses, therefore, could not justify the reason given by them for their presence in the house of the occurrence at the odd hours of night; thus, they were chance witnesses and as such their evidence was not free from doubt---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Sufyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Unnatural conduct of eye-witnesses---Scope---Accused were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Record showed that conduct of the eye-witnesses was highly unnatural---. Evidence of the said eye-witnesses transpired that the complainant party was comprising of three male adult members, deceased, complainant and eye-witness, whereas, the accused party was comprising of only two female members, accused and her sister/co-accused, since acquitted---Accused were carrying dandas (clubs) and they were not armed with any lethal weapon like pistol or gun etc. to terrify the prosecution eye-witnesses from saving their brother/ deceased, when he was allegedly attacked by the accused and her sister---Eye-witness had stated during his cross-examination that at the time of infliction of first blow of danda by accused at the deceased he and his brother/complainant were standing at a distance of only seven feet from the accused---Said fact was not understandable that if the eye-witnesses, who were real brothers of deceased, were present at the time of occurrence, then as to why they did not interfere to rescue their brother when they were standing at a distance of only seven feet from the accused at the time of infliction of fist danda blow to

the deceased---Eye-witnesses allowed the accused and her sister/co-accused, since acquitted, to inflict second blow and then repeated blows on the body of the deceased and they kept on standing as silent spectators--Even eye-witnesses did not try to apprehend accused or her sister/co-accused (since acquitted)---Both the eye-witnesses, in circumstances, were not present at the spot at the relevant time and had not witnessed the occurrence---Evidence of eye-witnesses did not appeal to a prudent mind because if the accused and her sister had made a plan to commit the murder of deceased inside their house at the odd hours of night (2:30 a.m.) then they did not have to wait till the arrival of witnesses to start the occurrence, so that the said witnesses might give evidence against them before the police/court---Prosecution story did not appeal to common sense and the same was highly doubtful---Appeal against conviction was allowed, in circumstances.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315; Zafar v. The State and others 2018 SCMR 326 and Irshad Ahmed v. The State 2011 SCMR 1190 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Material contradictions in the statements of witnesses--- Scope--- Accused were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Material contradictions existed in the statements of the prosecution eye-witnesses---Complainant stated that after witnessing the occurrence, he filed a crime report in the police station on the same day whereas the same was got registered on the next day---On the other hand, eye-witness had stated during his cross-examination that they (prosecution witnesses) did not inform the police about the occurrence on the day of occurrence and straightaway escorted the injured to hospital---Said witness further stated that the police was not informed at any hospital---Furthermore, complainant stated that there was no chaddar (bed sheet) on the cot where deceased was lying at the time of occurrence whereas, eye-witness stated during his cross-examination that there was a chaddar (bed sheet) lying on the cot of his brother---No blood-stained chaddar had been recovered in that case by the police---Such contradictory statements of the prosecution eye-witnesses were not worthy of reliance---Mala fide of the prosecution in that case was also evident

from the facts that both the prosecution eye-witnesses stated in the first part of their examination-in-chief that after the occurrence, the accused and her co-accused washed the place of occurrence in order to screen themselves off from the offence but even then both the eye-witnesses stated in the later part of their examination-in-chief that blood was recovered from the spot which was taken into possession through cotton vide recovery memo---Trial Court had acquitted the accused and her co-accused from the charges under Ss.201/34, P.P.C. and the complainant or the State had not challenged the acquittal of the accused from the said charges through filing any appeal---Appeal against conviction was allowed, in circumstances.

(d) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qanun-e-Shahadat (10 of 1984), Art. 129(g)---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Withholding material evidence---Accused were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Accused and deceased along with their children were living in a rented house where the occurrence took place---Widow of landlord, her daughter-in-law and her sons were also living in the same house at the time of occurrence and that fact was candidly conceded by complainant during his cross-examination---Said widow of landlord, her daughter-in-law and her sons were the natural witnesses of the occurrence being residents of the same house where the occurrence took place but they were not produced as witnesses in the case by the prosecution---Although, the complainant made an excuse that the said witnesses did not attract to the spot at the time of occurrence---Said excuse given by the complainant was not convincing because it was not probable that if the occurrence of the murder of a person had taken place in a house which attracted the said prosecution eye-witnesses to the spot who were living in a house situated at the distance of ten minutes from the said house then the persons living in the same house would not attract to the spot at the time of occurrence---Admittedly six daughters and one son were born from the wedlock of the accused and deceased, who were also living in the house of occurrence and they were natural eye-witnesses of the occurrence but none of them was produced in the witness box to support the prosecution story---Witnesses first took deceased to the Tehsil Hospital, wherefrom he was referred to the Civil Hospital, wherefrom he was

referred to the General Hospital---Deceased was first medically examined at the said hospitals but none from the said hospitals was produced in the witness box by the prosecution to establish that deceased was taken to the said hospitals by the said prosecution eye-witnesses---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

Lal Khan v. The State 2006 SCMR 1846; Muhammad Rafique and others v. The State and others 2010 SCMR 385 and Riaz Ahmed v. The State 2010 SCMR 846 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Criminal Procedure Code (V of 1898), S. 342---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Defence plea---Scope---Accused, two ladies were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Claim of the accused was that in-fact deceased died due to a road accident and she also produced in her defence evidence the document Mark "A" issued by the Senior Registrar Neurosurgery Department of the General Hospital, which showed that the words "RTA" (road traffic accident) were written in the said document---Accused alleged that it was not understandable that if both the eye-witnesses accompanied deceased to the General Hospital then as to why they imparted information to the concerned staff of the said hospital regarding sustaining of injuries by deceased due to a road accident---Even the accused did not move any application before the Trial Court for summoning of any Medical Officer or staff member of the General Hospital, to prove the document Mark "A", therefore, the said document was of no avail to the accused---However, if the document Mark "A" was taken out of consideration even then, the fact remained that it was duty of the prosecution to prove its case and produce the Medical Officers or record of Tehsil Hospital, Civil Hospital or General Hospital but no Medical Officer or record from the said hospitals was produced---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Recovery of weapon of offence on the pointation of accused--- Reliance--- Scope--- Accused ladies, were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Record showed that danda was allegedly recovered on the pointation of the accused from the roof of the house---Prosecution witness conceded during his cross-examination that at the time of recovery of danda doors of the said house were unbolted---Danda was recovered from the roof of a house which was jointly possessed by the accused and the family members of the landlord and as such the place of recovery was not under exclusive possession of the accused---Such recovery was inconsequential---Appeal against conviction was allowed, in circumstances.

(g) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Delay in sending the crime weapon for analysis---Scope---Accused, ladies, were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Record showed that danda was deposited in the office of Chemical Examiner after one month and four days of the occurrence but even then the report regarding presence of human blood on the said danda was positive---Admittedly, blood disintegrated within a period of 3 to 4 weeks from the occurrence but the presence of human blood on danda after one month and four days from the occurrence showed the mala fides of the prosecution---Recovery of danda on the pointation of the accused was inconsequential, in circumstances---Appeal against conviction was allowed, in circumstances.

Faisal Mehmood v. The State 2016 SCMR 2138 and Muhammad Jamil v. Muhammad Akram and others 2009 SCMR 120 rel.

(h) Penal Code (XLV of 1860)---

----Ss. 302, 201 & 34---Qatl-i-amd, causing disappearance of evidence of offence, common intention---Appreciation of evidence---Motive was not proved---Scope---Accused, ladies, were charged for committing murder of brother of complainant by giving repeated danda (club) blows---Motive behind the occurrence was that firstly

accused separated her husband/deceased from his parents and they started living separately in a rented house and thereafter she intended to shift deceased to other city but the deceased was not ready for the said purpose---Complainant and his brother/eye-witness while appearing in the witness box before the Trial Court also introduced a new motive and made dishonest improvements in their statements in respect of the motive part of the prosecution case by stating that deceased restrained accused from allowing two persons to come to his house as they had illicit relationship with co-accused and daughter of the accused and the deceased---Said motive of illicit relationship was not mentioned in the FIR---First motive alleged by the prosecution which was mentioned in the FIR did not appeal to a prudent mind because according to the prosecution's own case, deceased separated himself from his parents on the asking of the accused, therefore, it did not appeal to common sense that deceased would refuse his wife/accused to shift to other city on her asking---If deceased could leave his parents then he could also leave his village on the asking of the accused---Even otherwise, it did not appeal to sense that merely on the refusal of the deceased from shifting to other city, the accused and her sister would commit his murder---Moreover, it was not understandable that as to why co-accused (his sister-in-law) would commit the murder of deceased for the said reason---Admittedly, there was no litigation between the parties prior to the occurrence and the spouses were living together till the day of occurrence---Motive alleged by the prosecution could not be proved, in circumstances; however, it was duty of the prosecution to prove its case against the accused beyond the shadow of any doubt and it could not take benefit from any weakness in the defence of the accused---Appeal against conviction was allowed, in circumstances.

(i) Criminal Procedure Code (V of 1898)---

----S. 342---Examination of accused---Scope---Statement of an accused was to be accepted or rejected as a whole and it was not legally permissible to accept incriminating part of the statement of an accused and disbelieve the exculpatory part of the said statement.

Muhammad Asghar v. The State PLD 2009 SC 513; Sultan Khan v. Sher Khan and others PLD 1991 SC 520 and Ghulam Qadir v. Esab Khan and others 1991 SCMR 61 rel.

(j) Criminal trial---

----Benefit of doubt---Principle---If there was a single circumstance which created reasonable doubt regarding the prosecution case, the same would be sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345; Muhammad Akram v. The State 2009 SCMR 230 and Muhammad Mansha v. The State 2018 SCMR 772 rel.

Irfan Ghaus Ghumman for Appellant as well as for Respondent (in Criminal Revision No. 17261 of 2020).

Ms. Umm-ul-Baneen, Deputy District Public Prosecutor for the State.

Sadaqat Mehmood Butt for the Complainant as well as for Appellant (in Criminal Appeal No. 16609 of 2020 and for Petitioner in Criminal Revision No. 17261 of 2020).

Date of hearing: 10th July, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.13978-J of 2020, filed by Mst. Shaukat Bibi (appellant) against her conviction and sentence, as well as, Criminal Appeal No.16609 of 2020, filed by Ansar Iqbal, complainant against acquittal of Mst. Samina Bibi, accused (respondent No.2 of said appeal) and Criminal Revision No.17261 of 2020, filed by Ansar Iqbal (complainant) for enhancement of sentence awarded to Mst. Shaukat Bibi (respondent No.1 of said criminal revision), from imprisonment for life to death, as all these matters have arisen out of the same judgment dated 14.02.2020, passed by learned Additional Sessions Judge, Daska.

2. Mst. Shaukat Bibi (appellant) along with her co-accused, namely, Mst. Samina Bibi was tried in case FIR No.592 dated 24.07.2019, registered at Police Station City Daska, District Sialkot in respect of offences under sections 302/ 34/201, P.P.C. After conclusion of the trial, the learned trial Court vide its impugned judgment dated 14.02.2020, has convicted and sentenced the appellant as under:--

Under section 302(b), P.P.C. to imprisonment for life.

Benefit of section 382-B, Cr.P.C was also extended to the appellant.

Through the same impugned judgment, Mst. Shaukat Bibi, appellant was however, acquitted from the charges under sections 201, 34, P.P.C. whereas, co-accused of the appellant, namely, Mst. Samina Bibi (respondent No.1 of Crl. Appeal No.16609/2020) was acquitted from all the charges under sections 302(b), 34 and 201 of P.P.C.

3. Brief facts of the case as given by Ansar Iqbal (complainant/PW-5) in his complaint Ex. PD, on the basis of which formal FIR Ex.PA was chalked out, are that on 23.07.2019, real brother of the complainant, namely, Muhammad Amjad (deceased) was present in his rented house situated in Village Bharokey along with his children, wife (Mst. Shaukat Bibi, appellant), and sister-in-law Mst. Samina Bibi (co-accused since acquitted). At about 2:30 A.M. (night), the complainant received an information about a quarrel between his brother Muhammad Amjad (deceased) and his wife Mst. Shaukat Bibi (appellant). On this information, the complainant along with his other brother, namely, Shahzad (PW.6) reached in the house of his brother (Muhammad Amjad deceased). They saw that Muhammad Amjad (deceased) was sitting on a cot and within their view, Mst. Shaukat Bibi (appellant) gave first blow of "Danda" (club) on the head of Muhammad Amjad (deceased) which resulted into bleeding. Mst. Shaukat Bibi (appellant) then gave second blow of 'Danda' (club) on the head of Muhammad Amjad (deceased) whereupon he fell down. Mst. Shaukat Bibi (appellant) and Mst. Samina Bibi (co-accused since acquitted) thereafter gave repeated 'Danda' (club) blows which landed on the head and different parts of the body of Muhammad Amjad (deceased). Ansar Iqbal (complainant/ PW.5) and Shahzad (PW.6) took Muhammad Amjad (deceased) to the Civil Hospital, Daska in injured condition from-where he was referred to the Civil Hospital, Gujranwala and then to the General Hospital, Lahore where Muhammad Amjad succumbed to the injuries. It was further alleged in the FIR that the accused persons along with children, mobile phone and SIM left the above mentioned house for Chawinda City after washing the place of occurrence for screening themselves off from the offence.

Motive behind the occurrence was that Mst. Shaukat Bibi (appellant) firstly separated her husband Muhammad Amjad (deceased) from his parents and started living separately. She (appellant) thereafter wanted to shift to Chawinda City but Muhammad Amjad (deceased) was not ready for this and due to the said grudge,

the appellant and her sister Mst. Samina Bibi (co-accused since acquitted) committed his murder.

4. The appellant was arrested in this case by the police on 27.07.2019 and after completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and her co-accused on 25.10.2019 to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced thirteen witnesses during the trial. The statement of the appellant under section 342, Cr.P.C. was recorded, wherein she refuted the allegations levelled against her and professed her innocence. While answering to a question that why this case against you and why the PWs have deposed against you, the appellant replied as under:--

> "The occurrence did not take place as set out by the prosecution. All the PWs are interested closely related and are inimical towards me. PW.5, PW.6 and PW.7 are real brothers, whereas, PW.8 is Mamoon Zad of complainant, whereas, PW. 12 is Behnoi of complainant and PW. 9 is friend of complainant.
>
> I was married with the deceased since 18/19 years and from our wedlock, 06 daughters and one son were born. During this period, there was no quarrel and difference between us about any aspect. My deceased husband used to work of cooking in marriages and other functions etc., and he had an independent shop/business at Daska. On 15.07.2019, I was admitted in Civil Hospital Daska and 16.07.2019, I gave birth to a daughter there and I was discharged on the same date. My real sister Samina Bibi, co-accused had come there to care me and she was with me in my house.
>
> In fact, on the day of occurrence, my husband (deceased) took my daughter Maryam Bibi, student of 7th Class out of house and at evening time, my daughter Maryam Bibi told me that while coming to the house along with deceased during crossing the road of canal bridge Bharoke, he fell down on the road and a vehicle while passing smashed his head and consequently he received serious head injury, and her uncle Ansar Iqbal (complainant), brother of deceased attracted there and took him to a hospital for treatment, and she also complained serious pain in her abdomen and she

was also taken to Sajid Hospital Daska and during ultrasound, it was found that she was pregnant. Upon her reaching at home, I inquired about the matter and she deposed that my deceased husband used to commit sexual intercourse with her by extending threats of dire consequences on gun point. Thereafter due to that injury, the deceased expired. The complainant while joining hands with the PWs and local police while converting an accident into murder case, involved me, my real sister co-accused Samina Bibi, my father, my brothers and other relatives in this case so that we could not be able to pursue the case and to grab the property of my deceased husband. During the course of investigation, my daughter Maryam Bibi appeared before the police and narrated the above said version. No independent witness of locality as well as inmate of the house came forward to support the prosecution version. It is pertinent to mention here that I was unable to move frequently in those days as I had given birth to a daughter. I and my sister Samina Bibi, co-accused, had never committed any offence, rather no offence was committed in my house. I along with my sister have been falsely roped in this false case for ulterior motive. The local police only arrested us and sent to lock up and they did not conduct investigation and recorded our version correctly while joining hands with the complainant party."

The daughter of the appellant, namely, Maryam Bibi appeared in the defence of the appellant and got recorded her examination-in-chief as DW.1. Her cross-examination was reserved on 15.01.2020 on the request of learned DDPP and learned counsel for the complainant but thereafter, she admittedly died, therefore, she could not be cross-examined. No other witness was produced by the appellant or Mst. Samina Bibi (co-accused since acquitted) in their defence, however, they produced application moved by Ansar Iqbal (complainant) for registration of FIR as Ex.DA and certificate issued by the Senior Registrar, Department of Neurosurgery General Hospital, Lahore as Mark "A" and closed their defence evidence.

5. The learned trial Court vide its judgment dated 14.02.2020, found the appellant guilty, convicted and sentenced her as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and in order grab the property of Muhammad Amjad (deceased), Ansar Iqbal (complainant/PW.5) and Shahzad (PW.6) who are real brothers of the deceased, have falsely implicated the appellant in this case; that the prosecution eye-witnesses could not give any valid reason for their presence in the house of occurrence at the odd hours of night, therefore, their evidence is not worthy of reliance; that there are material contradictions in the statements of the prosecution eye-witnesses and their evidence has wrongly been believed by the learned trial Court; that the conduct of the prosecution eye-witnesses is highly unnatural because according to their evidence, they along with Muhammad Amjad (deceased) were comprising of three male adult members but they did not apprehend the appellant and her sister who were two female members and were not carrying any lethal weapon at the time of occurrence; that the recovery of 'Danda' (P3) was planted against the appellant in order to strengthen weak prosecution case and the said recovery has rightly been disbelieved by the learned trial Court in Para No.15(b) of the impugned judgment; that motive of the prosecution case has also not been proved in this case through any reliable evidence and even otherwise, it does not appeal to a prudent mind that only on account of refusal to shift to Chawinda City by the deceased, the appellant along with her sister would commit the murder of her husband; that the prosecution witnesses also made dishonest improvements in their statements in respect of the motive part of the occurrence by stating before the learned trial Court that Muhammad Amjad (deceased) restrained the appellant from allowing Shahzaman alias Kala and Kashif alias Kashi to come to his house as they had illicit relationship with Mst. Samina Bibi (co-accused since acquitted) and with daughter of the appellant, namely, Maryam Bibi, whereas no such motive was mentioned in the FIR; that even the motive evidence of the prosecution has been disbelieved by the learned trial Court in Paras. Nos.14(a)(e) and 28 of the impugned judgment; that in-fact Muhammad Amjad (deceased) died due to a road accident and this fact has duly been proved through the report of Senior Registrar of Neurosurgery Department of General Hospital Lahore, which was produced in defence evidence as Mark "A"; that in the said document (Mark "A"), the words R.T.A. (Road traffic accident) have been written and if the prosecution witnesses accompanied the deceased to the hospital then why did they give the information to the concerned staff of the hospital that the deceased

sustained injuries due to a road accident and the said fact has created further doubt in the prosecution case; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

7. On the other hand, it is argued by the learned Deputy District Public Prosecutor assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of any doubt; that ocular account of the prosecution was produced through Ansar Iqbal (complainant/PW.5) and Shahzad (PW.6) who stood the test of lengthy cross-examination but their evidence could not be shaken; that their evidence is fully supported by the medical evidence produced through Dr. Irfan Ikram (PW.4) and postmortem report of the deceased Ex.PC; that motive of the prosecution story was also proved in this case through reliable and confidence inspiring evidence of Ansar Iqbal (complainant/PW.5) and Shahzad (PW.6); that the prosecution case was further corroborated by the recovery of bloodstained 'Danda' (P-3) on the pointation of the appellant; that the appellant took a specific plea in her statement recorded under section 342, Cr.P.C. that her husband Muhammad Amjad (deceased) died due to a road accident but she did not produce any evidence in support of her above mentioned plea, therefore, she was rightly convicted and sentenced by the learned trial Court; that the appellant also levelled allegation of rape of her daughter, namely, Mst. Maryam Bibi against her husband Muhammad Amjad (deceased) but even the said allegation was not proved by the appellant, thus, an adverse inference was rightly drawn against the appellant by the learned trial Court. While arguing Criminal Revision No.17261 of 2020 for enhancement of sentence of Mst. Shaukat Bibi (convict) it is argued by learned counsel for the complainant that there was no mitigating circumstance in this case, therefore, Mst. Shaukat Bibi may be awarded the normal penalty of death. Insofar as, Criminal Appeal No.16609 of 2020, filed against acquittal of Mst. Samina Bibi (co-accused) is concerned, it is contended by learned counsel for the complainant that learned trial Court has wrongly acquitted the above mentioned accused vide the impugned judgment whereas ample evidence was available against her in the shape of ocular account produced by the prosecution through Ansar Iqbal, complainant (PW. 5), Shahzad (PW. 6) and medical evidence of Dr. Irfan Ikram (PW. 4), therefore, said Mst. Samina Bibi, co-accused may also be convicted and sentenced in accordance with the law.

8. Arguments heard and record perused.

9. The detail of the prosecution case as set forth in the FIR (Ex.PA) and in the complaint (Ex.PD), has already been given in paragraph No.3 of this judgment, therefore, there is no need to repeat the same.

10. The ocular account of the prosecution was produced through Ansar Iqbal, complainant (PW. 5) and Shahzad (PW. 6). It is noteworthy that as per prosecution case, the occurrence in this case took place in the house of Mst. Shaukat Bibi (appellant) and her husband Muhammad Amjad (deceased) at the odd hours of night i.e. on 23.07.2019 at 2:30 A.M. Both the above mentioned eye-witnesses are admittedly not residents of the house where the occurrence took place and they were living in a separate house which was situated at a distance of 10-minutes from the house of occurrence, as stated by Shahzad (PW.6). The presence of the above mentioned eye-witnesses at the spot at the relevant time was not natural. It was, therefore, mandatory for the above mentioned eye-witnesses to justify their presence in the house of the occurrence at the odd hours of night through some cogent reason. In order to justify their presence at the spot at the relevant time, both the above mentioned eye-witnesses stated that on the night of occurrence, they received information regarding a quarrel which took place between the appellant and her husband Muhammad Amjad (deceased) whereupon they reached in the house of occurrence. Both the above mentioned eye-witnesses did not disclose that as to how and through whom they received the information regarding the above mentioned quarrel. Ansar Iqbal (complainant/PW.5) has conceded during his cross-examination that he had not mentioned the name of the person who informed him regarding the quarrel between the appellant and the deceased. He further conceded that he did not mention the contact number of the informer and throughout the investigation, he never disclosed the name and number of said person. He also conceded that he was not informed about the above mentioned quarrel by his deceased brother. The relevant parts of his statement read as under:

> "It is correct that I have not mentioned the name of the person, who informed me about the quarrel between my brother and his wife. It is correct that I have also not mentioned the contact number of said informer. Throughout the investigation, I never disclosed the name and number of the person, who informed me about the quarrel."

"My brother (victim) did not apprise me through telephone about the quarrel. On getting information about quarrel telephonically, I did not reciprocated through telephone to our deceased brother to know the situation."

Shahzad (PW.6) stated that information regarding the above mentioned quarrel was received by his brother Ansar Iqbal (complainant/PW.5) whereupon, he along with the complainant proceeded to the house of Muhammad Amjad (deceased). Relevant part of his statement in this respect is reproduced here-under:-

"Stated that during the intervening night of 22nd and 23rd of July, 2019, my real brother Muhammad Amjad was present at rented house situated in Bharokay along with his children, wife and sister-in-law ( ) Mst. Samina Bibi. At about 02:30 a.m. my brother Ansar Iqbal got an information that my brother Amjad had quarrel with his wife Mst. Shaukat Bibi (present in the Court), whereupon, I along with my brother Ansar Iqbal rushed to the house of my brother Amjad....."

It is, therefore, evident from the perusal of statements of the above mentioned eye-witnesses that Shahzad (PW.6) received information about the alleged quarrel between the appellant and the deceased through Ansar Iqbal (complainant/PW.5) whereas, Ansar Iqbal, complainant did not disclose throughout the investigation, the name or phone number of the person through whom he received the above referred information. Both the above mentioned eye-witnesses, therefore, could not justify the reason given by them for their presence in the house of the occurrence at the odd hours of night. They are therefore, chance witnesses and as such their evidence is not free from doubt. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

"14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily,

is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the Apex Court of the country was pleased to observe as under:-

"……..He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In these circumstances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:-
-

"……Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence……."

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove the reason of their presence at the spot at the time of occurrence, therefore, their very presence in the house of occurrence at the relevant time becomes doubtful.

11. It is further noteworthy that conduct of the above mentioned eye-witnesses is highly unnatural. According to the evidence of the said eye-witnesses, the complainant party was comprising of three male adult members (Muhammad Amjad deceased, Ansar Iqbal complainant/ PW.5 and Shahzad/PW.6), whereas, the accused party was comprising of only two female members, namely, Mst. Shaukat

Bibi (appellant) and her sister Mst. Samina Bibi (co-accused since acquitted). The appellant and Mst. Samina Bibi (co-accused) were carrying 'Dandas' (clubs) and they were not armed with any lethal weapon like pistol or gun etc., to terrify the prosecution eye-witnesses from saving their brother Muhammad Amjad (deceased), when he was allegedly attacked by the appellant and her sister. Shahzad (PW.6) stated during his cross-examination that at the time of infliction of first blow of 'Danda' by Mst. Shaukat Bibi (appellant) at the deceased, he and his brother Ansar Iqbal (complainant) were standing at a distance of only seven feet from the appellant. The relevant part of his statement in this respect reads as under:--

> "At the time of conducting of first blow by accused Shaukat Bibi, we were standing at the distance of about 7ft."

Likewise, Ansar Iqbal complainant (PW.5) stated in this respect as under:--

> "We were at the distance of about 6/7 ft from the injured,...."

It is not understandable that if the above mentioned eye-witnesses, who were real brothers of Muhammad Amjad (deceased), were present at the time of occurrence, then as to why they did not interfere to rescue their brother when they were standing at a distance of only 7-feet from the appellant at the time of infliction of fist 'Danda' blow to the deceased. They allowed the appellant and her sister Mst. Samina Bibi (co-accused since acquitted) to inflict second blow and then repeated blows on the body of the deceased and they kept on standing as silent spectators. Even they did not try to apprehend Mst. Shaukat Bibi (appellant) or Mst. Samina Bibi (co-accused since acquitted) after the occurrence.

I may refer here the case of "Liaquat Ali v. The State" (2008 SCMR 95), wherein at Para No.5-A of the judgment, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:-

> "Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P.W.7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat

> Ali had threatened them therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaquat Ali was not armed with a firearm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful."

Similar view was reiterated by the august Supreme Court of Pakistan in the cases of "Pathan v. The State" (2015 SCMR 315) and "Zafar v. The State and others" (2018 SCMR 326). Under the circumstances, it cannot be safely held that both the above mentioned eye-witnesses were present at the spot at the relevant time and they had witnessed the occurrence.

It is also noteworthy that the evidence of above mentioned eye-witnesses does not appeal to a prudent mind because if the appellant and her sister had made a plan to commit the murder of Muhammad Amjad (deceased) inside their house at the odd hours of night (2:30 A.M.) then they did not have to wait till the arrival of above mentioned witnesses to start the occurrence, so that the said witness may give evidence against them before the police/Court. In the case of "Irshad Ahmed v. The State" (2011 SCMR 1190), at Page No.1193, the august Supreme Court of Pakistan has observed as under:-

> "Mukhtar Ahmed complainant (P.W.1) was the father of Shehzad Ahmed deceased whereas Shaukat Ali (P.W.2) was a brother of the complainant and a paternal uncle of the deceased. The occurrence in this case had taken place far away from the houses of the said witnesses and they had statedly seen the occurrence when they were in search of the deceased. We have found it to be quite strange that if the appellant had to murder the deceased then he did not have to wait for arrival of the said witnesses for starting infliction of injuries upon the deceased. It is also noticeable that despite their claimed presence at the scene of the crime at the relevant time the said eye-witnesses had not tried to stop the appellant from inflicting injuries upon the deceased especially when the appellant was not armed with any firearm to ward the said eye-witnesses off or to keep them away."
>
> (Bold and underlining is supplied for emphasis)

I am, therefore, of the considered view that the prosecution story does not appeal to common sense and the same is highly doubtful.

12. I have further noted that there are material contradictions in the statements of the prosecution eye-witnesses. Ansar Iqbal (PW.5) stated that after witnessing the occurrence, he filed a crime report in the police station on the same day whereas the occurrence in this case took place on 23.07.2019 at 2:30 A.M. and the FIR was lodged on 24.07.2019 at 11:40 A.M. On the other hand Shahzad (PW.6) stated during his cross-examination that they (PWs) did not inform the police about the occurrence on the day of occurrence and straightaway escorted the injured to THQ Hospital, Daska. He further stated that the police was not informed even at THQ Hospital, Daska, at Civil Hospital, Gujranwala or even at General Hospital, Lahore. Furthermore, Ansar Iqbal complainant (PW.5) stated that there was no 'Chaddar' (bed sheet) on the cot where Muhammad Amjad (deceased) was lying at the time of occurrence whereas, Shahzad (PW.6) stated during his cross-examination that there was a 'Chaddar' (bed sheet) lying on the cot of his brother. It is also noteworthy that no bloodstained 'Chaddar' has been recovered in this case by the police. The relevant parts of the contradictory statements of the prosecution eye-witnesses are reproduced hereunder for ready reference:-

Ansar Iqbal, complainant (PW.5)

(i) "After witnessing the occur-rence, I filed crime report in the Police Station on the same day. The police came to the place of occurrence on the same day. On that day, police did not accompany us to Hospital for the purpose of medical examination of injured person. Volunteered that we ourselves shifted the injured to THQ, Daska."

(Bold and underlining is supplied for emphasis)

(ii) "No bed-sheet or any other cloth was lying on the cot, whereon, my brother was lying at the time of occurrence, however, the cot was blood stained. Police did not seize the said cot, from the place of occurrence."

Shahzad (PW.6)

(i) "We did not inform the police about the occurrence and straightaway escorted the injured to THQ, Daska. We also did not apprise the police even at THQ, Daska. I was with my injured brother, when he was shifted to Gujranwala. We did not inform the police, even at Gujranwala Hospital.

Then we were referred to Lahore. We also did not apprise the police even at Lahore.

(Bold and underlining is supplied for emphasis)

"Death of my brother happened at about 11:30 p.m. on 23.07.2019. Police also came to the place of occurrence on 24.07.2019 and prepared un-scaled site plan on our pointation."

(ii) "There was Chaddar lying on the cot of my brother."

The above mentioned contradictory statements of the prosecution eye-witnesses are not worthy of reliance.

13. The mala fide of the prosecution in this case is also evident from the facts that both the above mentioned prosecution eye-witnesses (PW.5 and PW.6) stated in the first part of their examination-in-chief that after the occurrence, the appellant and her co-accused washed the place of occurrence in order screen themselves off from the offence but even then both the above mentioned eye-witnesses stated in the later part of their examination-in-chief that blood was recovered from the spot which was taken into possession through cotton vide recovery memo Ex. PE. It is further noteworthy that the learned trial Court has acquitted the appellant and her co-accused from the charges under sections 201/34, P.P.C. and the complainant or the State has not challenged the acquittal of the appellant from the above mentioned charges through filing any appeal.

14. I have also noted that as per prosecution case, Mst. Shaukat Bibi (appellant) and Muhammad Amjad (deceased) along with their children were living in a rented house of one Mansab Ali where the occurrence took place. The widow of said Mansab Ali namely, Mst. Khalida Bibi, her daughter-in-law namely, Yasmi n and her sons were also living in the same house at the time of occurrence and this fact is candidly conceded by Ansar Iqbal (PW.5) during his cross-examination. The relevant part of his statement in this respect reads as under:-

"My deceased brother was living in the house of another person owned by Mansab Ali son of Muhammad Ali. It is correct that widow of said Mansab namely Khalida, her daughter in law (Bahoo) Yasmin and her sons

were living in the same house, at the relevant time. None from said Khalida Bibi, Yasmin and her sons, attracted to the place of occurrence at that time."

The afore-mentioned Mst. Khalida Bibi, Mst. Yasmin and sons of the above mentioned Mansab Ali were the natural witnesses of the occurrence being residents of the same house where the occurrence took place but they were not produced as witnesses in this case by the prosecution. Although, the complainant made an excuse that the above mentioned witnesses did not attract to the spot at the time of occurrence but the above mentioned excuse given by the complainant is not convincing because it is not probable that if the occurrence of the murder of a person has taken place in a house which attracted the above mentioned prosecution eye-witnesses to the spot who were living in a house situated at the distance of 10-minutes from the said house then the persons living in the same house would not attract to the spot at the time of occurrence. It is further noteworthy that from the wedlock of the appellant and Muhammad Amjad (deceased) 06-daughters and one son were admittedly born who were also living in the house of occurrence and they were natural eye-witnesses of the occurrence but none from them was produced in the witness box to support the prosecution story, rather daughter of the appellant and Muhammad Amjad (deceased) namely, Maryam Bibi, aged about 14-years appeared in the witness box as (DW.1) and got recorded her examination-in-chief in favour of the version of the appellant. It is true that she later-on died therefore, her statement could not be subjected to cross-examination and as such the same cannot be read in evidence but the fact remains that none from the house of occurrence or children of the deceased was produced in the witness box by the prosecution to support the prosecution story though they were natural eye-witnesses of the occurrence being inmates of the house where the occurrence allegedly took place. I have also noted that as per prosecution case, the above mentioned prosecution eye-witnesses first took Muhammad Amjad (deceased) to THQ Hospital, Daska wherefrom he was referred to the Civil Hospital, Gujranwala wherefrom he was referred to the General Hospital, Lahore. Muhammad Amjad (deceased) was first medically examined at the above mentioned hospitals but none from the said hospitals was produced in the witness box by the prosecution to establish that Muhammad Amjad (deceased) was taken to the above mentioned hospitals by the aforementioned prosecution eye-witnesses. I have further noted that it was claim of the appellant that in-fact Muhammad Amjad (deceased) died due to

a road accident and she (appellant) also produced in her defence evidence the document Mark "A" issued by the Senior Registrar Neurosurgery Department of the General Hospital, Lahore which shows that the words "RTA" (road traffic accident) were written in the said document. Learned counsel for the appellant argued that it is not understandable that if both the above mentioned eye-witnesses accompanied Muhammad Amjad (deceased) to the General Hospital, Lahore then as to why they imparted information to the concerned staff of the said hospital regarding sustaining of injuries by Muhammad Amjad (deceased) due to a road accident. In this respect, it is noteworthy that even the appellant did not move any application before the learned trial Court for summoning of any Medical Officer or staff member of the General Hospital, Lahore to prove the document Mark "A", therefore, the said document is of no avail to the appellant. However, if the document Mark "A" is taken out of consideration even then, the fact remains that it was duty of the prosecution to prove its case and produce the Medical Officers or record of THQ Hospital Daska, Civil Hospital Gujranwala or General Hospital Lahore but no Medical Officer or record from the above mentioned hospitals was produced in the prosecution evidence. The prosecution could have established from the above referred evidence that the deceased was accompanied to the aforementioned hospitals by the above mentioned prosecution eye-witnesses. The said evidence could have also established the presence of the said witnesses at the spot at the relevant time but the needful was not done by the prosecution. Under the circumstances, the prosecution has not proved beyond the shadow of doubt that the above mentioned witnesses accompanied the deceased to the above mentioned hospitals and as such their very presence at the spot at the relevant time is doubtful. It is also established from the above mentioned facts that the prosecution has withheld the best evidence in this case as it did not produce in the prosecution evidence any member of the family of the above mentioned Mst. Khalida Bibi or any son/daughter of the deceased who were admittedly residing in the same house where the occurrence took place and as such they were natural eye-witnesses of the occurrence. Likewise, neither any Medical Officer nor any record from the above mentioned hospitals was produced in the prosecution evidence, therefore, an adverse inference under Article 129(g) of the Qanun-e-Shahadat Order, 1984 can validly be drawn against the prosecution that had any inmate of the house of occurrence or any Medical Officer or record from the above referred hospitals been

produced in evidence then the same would not have favoured the prosecution case. Reliance in this respect may be placed on the case reported as "Lal Khan v. The State" (2006 SCMR 1846). Relevant para No.7 of the said judgment is reproduced hereunder for ready reference:-

Para No.7

> "There is no plausible explanation on the record that for what reason Mst. Noor Bibi did not disclose the story of murder of deceased till the registration of case after five days of the occurrence and why no other inmate of the house was examined in confirmation of her statement. The prosecution is certainly not required to produce a number of witnesses as the quality and not the quantity of the evidence is the rule but non-production of most natural and material witnesses of occurrence, would strongly lead to an inference of prosecutional misconduct which would not only be considered a source of undue advantage for prosecution but also an act of suppression of material facts causing prejudice to the accused. The act of withholding of most natural and a material witness of the occurrence would create an impression that the witness if would have been brought into witness-box, he might not have supported the prosecution and in such eventuality the prosecution must not be in a position to avoid the consequence."
>
> (Bold and underlining is supplied for emphasis)

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the judgments reported as "Muhammad Rafique and others v. The State and others" (2010 SCMR 385) and "Riaz Ahmed v. The State" (2010 SCMR 846).

15. The prosecution has also produced the evidence of recovery of 'Danda' (P-3) against the appellant. Sajjad Ahmad (PW.12) appeared in the witness box to prove the said recovery on the pointation of the appellant. As mentioned earlier, the complainant Ansar Iqbal (PW.5) has categorically admitted during his cross-examination that Muhammad Amjad (deceased) was living in the house of one Mansab Ali at the time of occurrence where other family members of said Mansab Ali, namely, Mst. Khalida Bibi, Mst. Yasmin Bibi and sons of Mansab Ali were also living at the relevant time. 'Danda' (P-3) was allegedly recovered on the pointation of the appellant from the roof of the above mentioned house. Sajjad

Ahmad (PW.12) conceded during his cross-examination that at the time of recovery of 'Danda' (P-3), doors of the above mentioned house were unbolted. The above referred 'Danda' was recovered from the roof of a house which was jointly possessed by the appellant and the family members of the above mentioned Mansab Ali and as such the place of recovery was not under exclusive possession of the appellant. It is further noteworthy that the occurrence in this case took place on 23.07.2019 but 'Danda' (P-3) was deposited in the office of Chemical Examiner on 27.08.2019 i.e. after one month and four days of the occurrence but even then the report regarding presence of human blood on the said 'Danda' is positive. It is by now well settled that blood disintegrates within a period of 3 to 4 weeks from the occurrence but the presence of human blood on 'Danda' (P-3) after one month and four days from the occurrence shows the mala fides of the prosecution in this case. I may refer here the case of "Faisal Mehmood v. The State" (2016 SCMR 2138), wherein at Page No.2142 the Apex Court of the country observed as under:--

> "Another piece of evidence relied upon by the prosecution was recovery of a blood-stained hatchet at the instance of the appellant during the investigation but even this piece of evidence is not free from serious doubts. According to the Memorandum of Recovery the alleged recovery had been effected from a cattleshed of the complainant which showed that the same had not been recovered from an exclusive custody of the appellant. The provisions of section 103, Cr.P.C. had clearly been violated in the matter of the said recovery. The report of the Chemical Examiner showing the recovered hatchet to be stained with blood is dated 20.12.2002 whereas the report of the Serologist showing the origin of the blood available on the recovered hatchet to be human blood is dated 25.05.2004. It was scientifically impossible to detect the origin of the blood after about two years of the occurrence because human blood disintegrates in a period of about three weeks."
>
> (Bold and underlining is supplied for emphasis)

Similar view was taken by the august Supreme Court of Pakistan in the case of "Muhammad Jamil v. Muhammad Akram and others" (2009 SCMR 120).

Under the above circumstances, recovery of 'Danda' (P-3) on the pointation of the appellant is inconsequential and the same has rightly been disbelieved by the learned trial Court in Para No.15 (b) of the impugned judgment.

16. According to the prosecution case as set forth in the FIR (Ex. PA), motive behind the occurrence was that firstly Mst. Shaukat Bibi (appellant) separated her husband, namely, Muhammad Amjad (deceased) from his parents and they started living separately in a rented house and thereafter she (appellant) intended to shift Muhammad Amjad (deceased) to Chawinda City but the deceased was not ready for the said purpose. Ansar Iqbal (complainant/PW.5) and Shahzad (PW.6) while appearing in the witness box before the learned trial Court also introduced a new motive and made dishonest improvements in their statements in respect of the motive part of the prosecution case by stating that Muhammad Amjad (deceased) restrained Mst. Shaukat Bibi (appellant) from allowing Shah Zaman alias Kala and Kashif alias Kashi to come to his house as they had illicit relationship with Mst. Samina Bibi (co-accused) and Mst. Maryam Bibi (daughter of the appellant and the deceased). The above mentioned motive of illicit relationship was not mentioned in the FIR.

The first motive alleged by the prosecution which was also mentioned in the FIR, does not appeal to a prudent mind because according to the prosecution's own case, Muhammad Amjad (deceased) separated from his parents on the asking of the appellant, therefore, it does not appeal to common sense that he would refuse his wife (Mst. Shaukat Bibi, appellant) to shift to Chawi nda City on her asking. If he can leave his parents then he can also leave his village on the asking of the appellant. Even otherwise, it does not appeal to sense that merely on the refusal of the deceased from shifting to Chawinda City, the appellant and her sister would commit his murder. Furthermore, it is not understandable that as to why Mst. Samina Bibi (co-accused since acquitted) would commit the murder of Muhammad Amjad (deceased) for the above mentioned reason. It is also noteworthy that Ansar Iqbal, complainant (PW.5) frankly conceded during his cross-examination that during the subsistence of marriage between the appellant and the deceased for a period of 15/16 years, no litigation of any sort ever occurred between the spouses. The relevant part of his statement reads as under:-

"My deceased brother and accused Shaukat Bibi were married about 15/16 years ago. During this period, no litigation of any sort ever occurred between the spouses i.e. my deceased brother and his wife Mst. Shaukat Bibi (accused)."

It is, therefore, an admitted fact that there was no litigation between the parties prior to the occurrence and the spouses were living together till the day of occurrence. In the light of above discussion, I have come to this conclusion that the motive alleged by the prosecution could not be proved in this case and the same has rightly been disbelieved by the learned trial Court in Paras Nos.14(a)(e) and 28 of the impugned judgment.

17. Now, coming to the arguments of learned Deputy District Public Prosecutor and learned counsel for the complainant that Mst. Shaukat Bibi (appellant) has taken a specific plea in her statement recorded under section 342, Cr.P.C. that her husband Muhammad Amjad (deceased) died due to a road accident but she did not produce any evidence in support of her above mentioned plea and as such she was rightly convicted and sentenced by the learned trial Court. It is further argued that Mst. Shaukat Bibi (appellant) also took this plea in her above mentioned statement that Muhammad Amjad (deceased) committed rape with his daughter Mst. Maryam Bibi, therefore, an adverse inference was rightly drawn by the learned trial Court against the appellant that on account of above mentioned grudge of rape by the deceased with Mst. Maryam Bibi, the appellant committed his murder.

There is no substance in the above mentioned arguments of learned Law Officer and learned counsel for the complainant because it was duty of the prosecution to prove its case against the appellant beyond the shadow of any doubt and the prosecution cannot take benefit from any weakness in the defence of the appellant. The prosecution has to stand on its own legs. Moreover, it was never the case of the prosecution that on the grudge of rape by Muhammad Amjad (deceased) with his daughter (Mst. Maryam Bibi), the occurrence was committed by the appellant. None of the prosecution witnesses stated that the appellant committed the murder of her husband due to the above mentioned reason, therefore, the appellant cannot be convicted and sentenced merely on the basis of surmises and conjectures.

Insofar as the statement of Mst. Shaukat Bibi (appellant) recorded under section 342, Cr.P.C. is concerned, the same has already been reproduced in Para No.4 of

this judgment. In her said statement, although the appellant stated that her daughter namely, Maryam Bibi told her that she was raped by her father (Muhammad Amjad, deceased) but the appellant did not confess that she committed the murder of her husband due to the above mentioned grudge, rather she stated that her husband died due to a road accident. I have already disbelieved the prosecution evidence due to the reasons mentioned in Paragraphs Nos.10 to 14 of this judgment, therefore, statement of the appellant recorded under section 342, Cr.P.C. is to be accepted or rejected in toto. It is by now well settled that after rejection of prosecution evidence, the statement of an accused is to be accepted or rejected as a whole and it is not legally permissible to accept incriminating part of the statement of an accused and disbelieve the exculpatory part of the said statement. Reliance in this respect may be placed upon the judgments reported as "Muhammad Asghar v. The State" (PLD 2008 Supreme Court 513), "Sultan Khan v. Sher Khan and others" (PLD 1991 Supreme Court 520) and "Ghulam Qadir v. Esab Khan and others" (1991 SCMR 61). If the statement of the appellant recorded under section 342, Cr.P.C. is accepted in toto then she cannot be convicted on the basis of said statement.

In the light of above, there is no substance in the above mentioned arguments of learned Deputy District Public Prosecutor and learned counsel for the complainant.

18. I have considered all the aspects of this case and has come to this irresistible conclusion that the prosecution evidence is full of doubts. It is by now well settled that if there is a single circumstance which creates reasonable doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the truthfulness of the prosecution story.

In the case of, "Tariq Pervez v. The State" (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> "5.….The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."

The Hon'ble Supreme Court of Pakistan reiterated the same principle in the case of "Muhammad Akram v. The State" (2009 SCMR 230).

Likewise, in the case of, "Muhammad Mansha v. The State" (2018 SCMR 772), the Hon'ble Supreme Court of Pakistan, at page 778, was pleased to observe as under:-

> "4.……Needless to mention that while giving the benefit of doubt to an accused it is not necessary that there should be many circumstances creating doubt. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of such doubt, not as a matter of grace and concession, but as a matter of right. It is based on the maxima, "it is better that ten guilty persons be acquitted rather than one innocent person be convicted."

19. In the light of above discussion, I accept Criminal Appeal No.13978-J of 2020 filed by Mst. Shaukat Bibi (appellant), set aside her conviction and sentence recorded by the learned Additional Sessions Judge, Daska vide impugned judgment dated 14.02.2020 and acquit her of the charge under section 302(b), P.P.C. by extending her the benefit of doubt. Mst. Shaukat Bibi (appellant) is in custody, she be released forthwith, if not required in any other case.

20. As I have already disbelieved the prosecution evidence due to the reasons mentioned in Paras Nos.10 to 16 of this judgment, therefore, Criminal Appeal No.16609 of 2020, filed by the complainant against acquittal of Mst. Samina Bibi (co-accused) as well as, Crl. Revision No.17261 of 2020, filed by the complainant for enhancement of sentence, awarded by the learned trial Court against Mst. Shaukat Bibi (appellant) from imprisonment for life to death, are also hereby dismissed.

JK/S-44/L **Order accordingly.**

2021 Y L R 23

[Lahore]

Before Malik Shahzad Ahmad Khan and Ch. Mushtaq Ahmad, JJ

RIAZ AHMAD---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 11595 of 2019, decided on 12th October, 2020.

(a) Control of Narcotic Substances Act (XXV of 1997)---

----Ss. 9(c) & 36---Control of Narcotic Substances (Government Analysts) Rules, 2001, R. 6---Possession of narcotics---Reports of Government Analysts---Report of test---Non-mentioning of full protocols---Effect---Accused was alleged to have been found in possession of 1110 grams of opium---Report of Forensic Laboratory did not contain the details of the protocols and the test applied at the time of analysis of sample of narcotic---Report failing to describe the details of the full protocols and the tests applied was inconclusive, unreliable, suspicious and untrustworthy and did not meet the evidentiary presumption attached to report of the Government Analyst under S.36(2) of Control of Narcotic Substances Act, 1997---Single circumstance creating reasonable doubt was sufficient to cast doubt about the veracity of prosecution case and the benefit of doubt had to be extended in favour of the accused not as a matter of grace and concession but as a matter of right---Appeal against conviction was allowed, in circumstances.

The State through Regional Director ANF v. Imam Bakhsh and others 2018 SCMR 2039 and Khair-ul-Bashar v. The State 2019 SCMR 930 rel.

Tariq Pervez v. The State 1995 SCMR 1345; Akhtar Ali and others v. The State 2008 SCMR 6 and Muhammad Zaman v. The State and others 2014 SCMR 749 ref.

(b) Control of Narcotic Substances Act (XXV of 1997)---

----S. 9---Possession of narcotics---Scope---Provisions of Control of Narcotic Substances Act, 1997, provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused.

(d) Control of Narcotic Substances (Government Analysts) Rules, 2001---

----R.6---Report of result of test---Scope---Rule 6 of the Control of Narcotic Substances (Government Analyst) Rules, 2001, makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/analysis by the laboratory.

Saleem Ullah Khan Balouch for Appellant.

Waqas Anwar, Deputy Prosecutor General for the State.

Date of hearing: 12th October, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This appeal is directed against judgment dated 30.11.2018, passed by the learned Additional Sessions Judge, Pindi Bhattian, whereby, in case FIR No.135 dated 02.03.2017, registered at Police Station Jalalpur Bhattian under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Riaz Ahmad, appellant and sentenced him as under:

> Under Section 9(c) of Control of Narcotic Substances Act, 1997 to four years R.I with fine of Rs.8,000/- and in default of payment thereof the appellant was directed to further undergo S.I. for four months and fifteen days.
>
> The benefit of section 382-B, Cr.P.C. was also extended to the appellant.

2. Briefly, the accusation levelled in the FIR against the appellant is that on 02.03.2017 at 3:50 p.m., Muhammad Yaqoob, SI (complainant/PW-1), along with other police officials, on spy information, conducted a raid and apprehended Riaz Ahmad (appellant). During search of the appellant opium weighing 1110-grams was recovered from the shopper bag caught by the appellant in his right hand. The above mentioned recovered opium was sealed into a separate parcel and the same was sent for Chemical Analysis. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 31.03.2017, to which he pleaded not

guilty so the prosecution was directed to produce its evidence. The prosecution produced six witnesses to prove its case. The learned Additional Sessions Judge, Pindi Bhattian, after recording the statement of the appellant under section 342 Cr.P.C. and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PD); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well settled that since the provisions of The Control of Narcotic Substances Act, 1997, provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of "Muhammad Hashim v. The State" (PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of "Ameer Zeb v. The State" (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the above mentioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of sample of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:

Item No. Description of Evidence

01. One sealed parcel containing approximately 1110 gram(s) of suspected Opium.

Tests Performed on Received Item(s) of Evidence

1. Top-Load Balance was used for weighing.
2. Chemical Spot Tests were used for Presumptive Testing.
3. Gas Chromatograph-Mass spectrometry was used for confirmation.

Results and Conclusion:-

Item # 01 1115.6 gram(s) of blackish brown resinous material in sealed parcel contains Opium.

Undisputedly, it is settled by now that any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under section 36(2) of the Act ibid. In the report Ex.PE, it is simply mentioned that certain tests were conducted and contraband material recovered in this case was found to be Opium instead of mentioning the details of tests applied on the samples and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

8. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency, Lahore is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of "The State through Regional Director ANF v. Imam Bakhsh and others" (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:--

16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, i.e., control of production, processing and trafficking of narcotic drugs

and psychotropic substances, as conviction cannot be sustained on a Report that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis in the shape of the protocols applied for the test become fundamental and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give details of the full protocols of the test applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already emphasized the importance of protocols in Ikramullah's case (supra)".

The above said view has been further fortified in the recent case law titled as "Khair-ul-Bashar v. The State" (2019 SCMR 930). We have also requisitioned the attested copy of FIR in case of "Khair-ul-Bashar" (supra) i.e., FIR No.18, dated 15.01.2016, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of "Khair-ul-Bashar" (supra) is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of "Khair-ul-Bashar" (supra) has not been relied upon by the august Supreme Court of Pakistan, therefore, report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

9. Learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the above mentioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but we have noted that the august Supreme Court of Pakistan in the case of "Khair-ul-Bashar" (supra), acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore. Even otherwise, it is by now well settled that a single circumstance creating reasonable doubt would be sufficient to

cast doubt about the veracity of prosecution case and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right. Reliance in this regard is placed upon the cases of "Tariq Pervez v. The State" (1995 SCMR 1345), "Akhtar Ali and others v. The State" (2008 SCMR 06) and "Muhammad Zaman v. The State and others" (2014 SCMR 749).

10. In the light of above discussion, the instant appeal (Crl. Appeal No.11595 of 2019), is allowed, impugned judgment dated 30.11.2018, passed by the learned Additional Sessions Judge, Pindi Bhattian is hereby set aside and Riaz Ahmad (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

SA/R-19/L **Appeal allowed.**

Before Malik Shahzad Ahmad Khan , J

Syed SAQLAIN SHAH---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 2227 of 2014 and Criminal Revision No. 24 of 2015, heard on 17th November, 2020.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt----Failure of prosecution to collect Call Data Record---Effect---Accused were charged for committing murder of brother of the complainant by firing---Motive behind the occurrence was that lady co-accused, since acquitted wanted to marry with deceased but the complainant's family members did not agree with the proposal and got contracted marriage of deceased at some other place and due to the said grudge, the accused persons, in furtherance of their common object committed the murder of deceased---In order to prove its ocular account, the prosecution had produced two eye-witnesses including complainant---Occurrence took place near Petrol Station situated at G.T. Road---Both the said eye-witnesses were not residents of the place of Occurrence---Complainant stated that on the day of occurrence, deceased received a phone call and on inquiry of complainant, deceased informed that lady co-accused had called him and he was going to meet her---On the said information, the complainant suspected something wrong and followed his brother/deceased---No telephone number of lady co-accused had been mentioned in the FIR or in the statement of any prosecution witnesses recorded by the police or by the Trial Court---Likewise, no phone number of deceased had been mentioned in the FIR or in the evidence of any prosecution witnesses recorded by the police or by the Trial Court---No call data record of the phone numbers of the deceased and lady co-accused had been collected in that case by the police to support the said story of the complainant---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt---- Dishonest improvement made by eye-witness---Effect---Accused were charged for committing murder of brother of the complainant by firing---In the present case, although eye-witness made dishonest improvement during his cross-examination that he told the Investigating Officer that he along with another person went to the place of occurrence to see a plot in a housing scheme but he conceded that the said reason was not mentioned in his statements recorded under S.161, Cr.P.C. or even in his examination-in-chief---Evidently said witness made dishonest improvement during his cross-examination by giving another reason for his presence at the spot at the relevant time by stating for the first time in the court that he went to the place of occurrence to see a plot in a housing scheme---Witness could not give any valid reason for not getting petrol from petrol station situated near his house---Said fact did not appeal to a prudent mind that instead of getting petrol from the petrol stations situated near his house, in his own town, he would go all the way to another town situated at a distance of 15-kilometres just to get petrol for his motorcycle---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142; Sufyan Nawaz and another v. The State and others 2020 SCMR 192 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt---- Non-availability of justification for the presence of eye-witnesses at the spot--- Chance witnesses--- Scope---Accused were charged for committing murder of brother of the complainant by firing---Record showed that both the eye-witnesses could not justify the reason given by them for their presence at the spot at the time of occurrence---Prosecution eye-witnesses were chance witnesses and they could not prove the reason of their presence at the spot at the time of occurrence, therefore, their very presence at the spot at the relevant time become doubtful---

Circumstances established that the prosecution had failed to prove its case beyond shadow of doubt---Appeal against conviction was allowed, in circumstances.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt---- Delay of about more than twenty four hours in conducting the post-mortem--- Scope---Accused were charged for committing murder of brother of the complainant by firing---Record showed that the occurrence took place at 9:00 a.m. but as per statement of Medical Officer the post-mortem examination on the body of deceased was conducted at 9:15 a.m. with the delay of more than 24-hours from the occurrence---Although, complainant stated during his cross-examination that the said delay in conducting the postmortem examination on the body of deceased had occurred due to non-availability of the Medical Officer but no such statement had been made by Medical Officer that, no Medical Officer was available in the concerned mortuary---Said witness rather stated that the dead body was brought at about 12:15 p.m. without police papers and police papers were brought next day at 9:15 a.m. and then he conducted the post-mortem examination on the body of the deceased---Said delay in conducting the postmortem examination on the body of the deceased was suggestive of the fact that the prosecution eye-witnesses were not present at the spot at the relevant time and the said delay was consumed in procuring the attendance of fake eye-witnesses---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt--- Appeal against conviction was allowed, in circumstances.

Zafar v. The State and others 2018 SCMR 326 and Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt---- Motive not proved---Effect---Accused were charged for committing murder of brother of the complainant by firing---Prosecution case was that the motive behind the occurrence was that family members of lady co-accused wanted to marry her with deceased but the family members of the complainant party did not agree with the said proposal and due to the said reason, the accused and co-accused (since acquitted) committed the murder of deceased---Complainant conceded that

deceased was already married prior to the occurrence---Complainant also conceded that lady co-accused was already married prior to the occurrence with accused---Said witness further conceded that no particular date, time, month and year of the alleged marriage offer made by lady co-accused or her family members with the deceased had been mentioned in the FIR---Witness also conceded that he did not produce any elder of his family regarding the offer and refusal of marriage proposal given by lady co-accused with the deceased during the investigation of that case---Motive was alleged against lady co-accused and she had been acquitted by the Trial Court and appeal filed against her acquittal had already been dismissed by the Court due to non-prosecution and restoration application filed by the complainant had also been dismissed being time barred---Motive was alleged against lady co-accused and no motive whatsoever had been alleged by the prosecution against the accused---Keeping in view all the said facts, the prosecution could not prove any motive against the accused---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt----Recovery of crime empties and weapon of offence---Reliance---Scope---Accused were charged for committing murder of brother of the complainant by firing---Record showed that the empties recovered from the spot and the pistol were deposited together in the office of Forensic Science Agency on 08.07.2014 by Police Constable---As the empties and pistol were deposited together in the office of Forensic Science Agency, which meant that empties and pistol remained together at the police station---Under the circumstances, possibility could not be ruled out that fake empties were prepared from pistol allegedly recovered on the pointation of the accused and the same were sent to the office of Forensic Science Agency, for their comparison with the said pistol---Witness, who deposited the empties and pistol with the Office of Forensic Science Agency had not been produced in the witness box by the prosecution---Recovery of pistol on the pointation of the accused and positive report of the Forensic Science Agency was of no avail to the prosecution---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Mushtaq and 3 others v. The State PLD 2009 SC 1 and Jehangir v. Nazar Farid and another 2002 SCMR 1986 rel.

(g) Penal Code (XLV of 1860)---

----Ss. 302(b), 148 & 149---Qatl-i-amd, rioting, rioting armed with deadly weapon, unlawful assembly---Appreciation of evidence---Benefit of doubt----Accused were charged for committing murder of brother of the complainant by firing---Record showed that the accused and co-accused were assigned a joint role of making fire shots at deceased which landed on the different parts of his body, however, the co-accused had been acquitted by the Trial Court vide the impugned judgment, whereas accused had been convicted and sentenced on the basis of same prosecution evidence---If the same prosecution evidence was disbelieved qua one accused then the said evidence could not be believed against the other accused without independent corroboration which was very much lacking in the case---Trial Court distinguished the case of the accused with the case of co-accused on the ground that accused was declared guilty during the police investigation whereas co-accused was declared innocent on the ground that no weapon was recovered from her possession whereas pistol had been recovered from the possession of the accused---Police opinion/ finding regarding innocence of accused became irrelevant after recording of evidence of the parties by the Trial Court---Opinion of the police was inadmissible in evidence---Case of the accused could not be distinguished from the case of co-accused on the basis of police opinion---Case of the accused was not distinguishable from the case of co-accused and as such, the prosecution evidence which had been disbelieved against co-accused could not be believed against the accused without independent corroboration which was very much lacking in the case, therefore, the accused was also entitled to acquittal from the charge---Circumstances established that the prosecution had failed to prove its case beyond the shadow of doubt---Appeal against conviction was allowed, in circumstances.

Muhammad Ahmad (Mahmood Ahmed) and another v. The State 2010 SCMR 660; Muhammad Akram v. The State 2012 SCMR 440; Akhtar Ali and others v. The State 2008 SCMR 6; Muhammad Ali v. The State 2015 SCMR 137 and Ulfat Hussain v. The State 2018 SCMR 313 rel.

Ch. Imran Raza Chadhar and Ch. Qasim Raza Chadhar for Appellant as well as Respondent No.1 (in Criminal Revision No.24 of 2015).

Ch. Muhammad Ishaq, Additional Prosecutor General for the State.

Sajid Hussain Butt for the Complainant as well as Petitioner (in Criminal Revision No.24 of 2015).

Date of hearing: 17th November, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.2227 of 2014, filed by Syed Saqlain Shah (appellant) against his conviction and sentence, as well as Criminal Revision No.24 of 2015, filed by Imran Haider petitioner/ complainant for enhancement of sentence from imprisonment for life to death awarded to Syed Saqlain Shah (respondent No.1 of the said criminal revision), as both these matters have arisen out of the same judgment dated 28.11.2014, passed by learned Additional Sessions Judge, Ferozewala.

2. Syed Saqlain Shah (appellant) along with Muhammad Saleem alias Kali Gujar (co-accused since acquitted), Syed Raza Shah (co-accused since acquitted) and Mst. Umm-i-Naila alias Laila (co-accused since acquitted) was tried in case FIR No.1130/2010 dated 16.12.2010, registered at Police Station Ferozewala District Sheikhupura in respect of offences under sections 302/148/149, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 28.11.2014, has convicted and sentenced the appellant as under:-

> Under section 302(b), P.P.C. to imprisonment for life. The appellant was also directed to pay an amount of Rs.2,00,000/- (Rupees two hundred thousand only), as compensation to the legal heirs of Kamran Haider (deceased) under section 544-A, Cr.P.C and in case of default to further undergo six months simple imprisonment.
>
> Benefit of section 382-B, Cr.P.C was also extended to the appellant.

However, vide the same impugned judgment Muhammad Saleem alias Kali Gujjar, Syed Raza Shah and Mst. Umm-i-Naila alias Laila (co-accused) were acquitted by the learned trial Court while extending them the benefit of doubt.

3. Brief facts of the case as given by the complainant Imran Haider (PW-7) in the FIR (Ex.PG/1) are that on 16.12.2010, at about 9.00 a.m., his brother namely Kamran Haider (deceased) received a call on his mobile phone. On the query of

the complainant, Kamran Haider (deceased) told that Mst. Umm-i-Naila alias Laila (co-accused since acquitted) had called him for meeting. The complainant suspected something wrong, therefore, he (complainant) along with his younger brother Farhan Haider followed Kamran Haider (deceased) on their motorcycle. Kamran Haider (deceased) proceeded towards Gujranwal a on G .T. road on his motorcycle Honda-CG-125 (black colour) bearing registration No.LEV-09/ 4030 and when he reached on G.T. Road Total Petrol Pump near Rice Farm, Kala Shah Kaku, Saqlain Shah (appellant), Kali Gujjar (co-accused since acquitted), Mst. Umm-i-Naila alias Laila (co-accused since acquitted), Raza Ali Shah (co-accused since acquitted) and Riaz Shah (co-accused since P.O), along with one unknown accused person emerged at the spot and intercepted him. Saqlain Shah (appellant) and Muhammad Saleem alias Kali Gujjar (co-accused since acquitted) thereafter, made indiscriminate firing with their respective pistols at Kamran Haider (deceased), which landed on the different parts of his body, who after sustaining serious injuries fell down on the ground. Upon seeing the whole occurrence, the complainant along with Farhan Haider (PW) stepped forward on which, the accused persons while making firing and raising 'Lalkaras' fled away from the spot while saying that they had taken the revenge of their insult. The occurrence was also witnessed by Abdul Rehman (given up PW), Durrab Hussain (PW.8) and Ahmad Subhani (given up PW). Kamran Haider succumbed to the injuries at the spot, hence the abovementioned FIR.

The motive behind the occurrence was that Umm-i-Naila alias Laila (co-accused since acquitted) wanted to marry with Kamran Haider (deceased) and family members of said co-accused also visited the complainant's house for 2/3 times for the said purpose but the complainant's family members did not agree with the proposal. The complainant's family got contracted marriage of Kamran Haider deceased at some other place and due to the said grudge, the accused persons, in furtherance of their common object, committed the murder of Kamran Haider (deceased).

4. The appellant was arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 26.10.2011 to which they pleaded not guilty and claimed trial. In

order to prove its case the prosecution produced ten witnesses. Aftab Ahmad, DSP and Abdul Aziz, 982/C were examined as Court witnesses (CW.1 and CW.2, respectively). Prosecution also produced documentary evidence in the shape of Ex.PA to Ex.PT during the trial. The statements of the appellant and his co-accused under section 342, Cr.P.C were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

5. The learned trial Court vide the impugned judgment dated 28.11.2014, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and he has wrongly been convicted and sentenced by the learned trial Court; that both the eye-witnesses of the prosecution are chance witnesses because their houses were situated at the distances of 10/15-KMs and 20/25-KMs from the place of occurrence; that the prosecution eye-witnesses could not justify their presence at the spot at the relevant time through any cogent reason, therefore, their evidence is not worthy of reliance; that there is a delay of 24-hours in conducting postmortem examination of Kamran Haider (deceased) which also shows that the prosecution witnesses were not present at the spot at the time of occurrence; that the motive alleged against the appellant has also not been proved in this case by the prosecution and the same has rightly been disbelieved by the learned trial Court; that the recovery of weapon of offence and positive report of the Punjab Forensic Science Agency, Lahore (Ex.PT) is of no avail to the complainant party because the empties and pistol were deposited together in the office of Punjab Forensic Science Agency, Lahore; that the witness, namely, Shahzada Qeqous (837/C) who deposited the pistol and empties in the office of Punjab Forensic Science Agency, Lahore, did not appear in the witness box; that the appellant and Muhammad Saleem alias Kali Gujjar, co-accused were attributed a joint role of firing at the deceased but the said Muhammad Saleem alias Kali Gujjar, co-accused has been acquitted by the learned trial Court and criminal appeal filed against his acquittal i.e. Crl. Appeal No.39 of 2015, has also been dismissed by this Court vide order dated 20.11.2019, therefore, the prosecution evidence which has been disbelieved against the above mentioned co-accused, cannot be believed against the appellant without independent corroboration, which is very much lacking in this case; that the

prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

7. On the other hand, it is argued by the learned Additional Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, he was rightly convicted and sentenced by the learned trial Court; that the prosecution eye-witnesses were cross-examined at length but their evidence could not be shaken; that the occurrence in this case took place in the broad daylight and as such there was no chance of any misidentification of the appellant; that the appellant along with Muhammad Saleem alias Kali Gujjar, co-accused was given specific role of making fire shots at Kamran Haider, deceased and the said role is fully supported by the medical evidence; that the prosecution case against the appellant has further been corroborated by the recovery of pistol (P-5) from the possession of the appellant and the positive report of Punjab Forensic Science Agency, Lahore (Ex. PT); that motive against the appellant has also been proved by the trustworthy and reliable prosecution evidence and the same was wrongly disbelieved by the learned trial Court; that the acquittal of Muhammad Saleem alias Kali Gujjar, co-accused is of no avail to the appellant because the said co-accused was declared innocent by the police and nothing incriminating was recovered from his possession whereas the appellant was found guilty by the police and pistol (P-5) has also been recovered from his possession and as such his case is distinguishable from the case of Muhammad Saleem alias Kali Gujjar, co-accused (since acquitted), therefore, his criminal appeal may be dismissed. While arguing Criminal Revision No.24 of 2015 for enhancement of sentence of Syed Saqlain Shah (convict), it is argued by learned counsel for the complainant that there was no mitigating circumstance in this case, therefore, Syed Saqlain Shah may be awarded the normal penalty of death.

8. Arguments heard and record perused.

9. The detail of the prosecution case as set forth in the FIR (Ex.PG/1) and in the complaint (Ex. PG), has already been given in paragraph No.3 of this judgment, therefore, there is no need to repeat the same.

10. In order to prove its ocular account, the prosecution has produced in the witness box Imran Haider, complainant (PW.7) and Durrab Hussain (PW.8). The occurrence in this case took place near Total Petrol Pump situated at G.T. Road Kala Shah Kaku. Both the above mentioned eye-witnesses are not residents of the place of occurrence. Imran Haider, complainant (PW.7) has stated during his cross-examination that Durrab Hussain (PW.8) is resident of Wandala Dayal Shah Ferozewala which was situated at a distance of 20/25-KMs from the place of occurrence. He further stated that he himself was resident of Ferozewala and distance between Ferozewala and the place of occurrence was about 15-KMs. In order to justify his presence at the spot at the relevant time, Imran Haider, complainant (PW.7) stated that on the day of occurrence, Kamran Haider, deceased received a phone call and on inquiry of Imran Haider, complainant (PW.7), he (deceased) informed that Mst. Umm-i-Naila alias Laila, co-accused had called him and he was going to meet her. On the said information, the complainant suspected something wrong and followed his brother Kamran Haider, deceased. No telephone number of Mst. Umm-i-Naila alias Laila, co-accused has been mentioned in the FIR (Ex.PG/1) or in the statement of any prosecution witness recorded by the police or by the learned trial Court. Likewise, no phone number of Kamran Haider (deceased) has been mentioned in the FIR or in the evidence of any prosecution witness recorded by the police or by the learned trial Court. Furthermore, no call data record of the phone numbers of the deceased and Mst. Umm-i-Naila alias Laila, co-accused has been collected in this case by the police to support the above mentioned story of the complainant that he suspected something wrong due to phone call of Mst. Umm-i-Naila alias Laila, co-accused, therefore, he followed his brother, namely, Kamran Haider (deceased) on the day of occurrence and reached at the spot where he witnessed the occurrence. Similarly, Durrab Hussain (PW.8) has made this excuse for establishing his presence at the spot at the relevant time that he came to the spot which was situated in another town at a distance of 15-KMs from his town, in order to get petrol for his motorcycle but he conceded during his cross-examination that many other petrol pumps were situated near his house. He did not mention any valid reason for not getting petrol from the petrol pump situated near his house and for travelling all the way to another town which was situated

at 15/20-KMs from his town to get the petrol for his motorcycle. The relevant part of his statement during cross-examination reads as under:-

> "It is correct that I have no house, business place or business concern near the place of occurrence. It is correct that in my statement under section 161, Cr.P.C Ex.DB and in examination in chief, the only purpose was mentioned i.e., getting petrol from the petrol pump. The witness volunteered that I mentioned before the I.O that I along with Ahmad Subhani went there to see the plot in a SA garden but the I.O. did not record said portion of my statement. It is incorrect to suggest that my volunteered portion is dishonest improvement just to extent undue favour to the complainant party. It is correct that in my statements under section 161, Cr.P.C. Ex.DB and Ex.DC and in my examination in chief that fact has not been mentioned. The witness volunteered that I had disclosed that fact to the I.O. It is incorrect to suggest that my volunteered portion is incorrect and false. It is correct that there is PSO petrol located at Match factory just to near my house. It is correct that petrol can also be obtained from PSO petrol pump. It is correct that there is another PSO petrol pump from the first PSO petrol pump which is near Ferozewala bus stop. I cannot say that there is an Attock petrol pump at Rana Town bus stop. It is incorrect to suggest that I am suppressing this fact with mala fide. There might be a shell Sitara petrol pump near Toll plaza Kala Shah Kaku. It is correct that from all of the aforementioned petrol pumps petrol could be obtained. There might be seven petrol pumps on the opposite side of road."

Although, Durrab Hussain (PW.8) made dishonest improvement during his cross-examination that he told the investigating officer that he along with Ahmad Subhani went to the place of occurrence to see a plot in S.A. Garden Housing Scheme but he conceded that the said reason was not mentioned in his statements recorded under section 161, Cr.P.C. Ex.DB or Ex.DC or even in his examination-inchief. It is, therefore, evident that Durrab Hussain (PW.8) made dishonest improvement during his cross-examination by giving another reason for his presence at the spot at the relevant time by stating for the first time in the Court that he went to the place of occurrence to see a plot in S.A. Garden Housing Scheme. He could not give any valid reason for not getting petrol from petrol

pumps situated near his house. It does not appeal to a prudent mind that instead of getting petrol from the petrol pumps situated near his house, in his own town, he would go all the way to another town situated at a distance of 15-KMs just to get petrol for his motorcycle. Both the above mentioned eye-witnesses could not justify the reason given by them for their presence at the spot at the time of occurrence. They are therefore, chance witnesses and as such their evidence is not free from doubt. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Likewise, in the case of "Sufyan Nawaz and another v. The State and others" (2020 SCMR 192) at Para No.5, the Apex Court of the country was pleased to observe as under:-

> "…….He admitted that in his statement before police, he had not assigned any reason for coming to village on the day of occurrence. In these circumstances, complainant Muhammad Arshad (PW.7) is, by all means, a chance witness and his presence at the spot at the relevant time is not free from doubt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:--

> "…….. Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence……"

As the above mentioned prosecution eye-witnesses are chance witnesses and they could not prove the reason of their presence at the spot at the time of occurrence, therefore, their very presence at the spot at the relevant time becomes doubtful.

11. It is further noteworthy that as per prosecution case, the occurrence in this case took place on 16.12.2010 at 9:00 A.M. but as per statement of Dr. Khalid Bashir (PW.4), the postmortem examination on the body of Kamran Haider deceased was conducted on 17.12.2010 at 9:15 A.M. i.e. with the delay of more than 24-hours from the occurrence. Although, Imran Haider, complainant (PW. 7) stated during his cross-examination that the above mentioned delay in conducting the postmortem examination on the body of deceased had occurred due to non-availability of the Medical Officer but no such statement has been made by Dr. Khalid Bashir (PW.4) that on 16.12.2010, no Medical Officer was available in the concerned mortuary. The said witness rather stated that the dead body was brought on 16.12.2010 at about 12:15 P.M. without police papers and police papers were brought on 17.12.2010 at 9:15 A.M . and then he conducted the postmortem examination on the body of the deceased. The above mentioned delay in conducting the postmortem examination on the body of the deceased is suggestive of the fact that the prosecution eye-witnesses were not present at the spot at the relevant time and the said delay was consumed in procuring the attendance of fake eye-witnesses. In the case of "Zafar v. The State and others" (2018 SCMR 326), the Hon'ble Supreme Court observed that delay of 11-hours in conducting the postmortem examination shows that prosecution eye-witnesses were not present at the spot at the time of occurrence, therefore, the said delay was utilized for showing fake eye-witnesses in the police papers. Likewise, in the case of "Muhammad Ilyas v. Muhammad Abid alias Billa and others" (2017 SCMR 54), the Apex Court of the Country was pleased to observe that delay of nine-hours in

conducting postmortem examination suggests that prosecution eye-witnesses were not present at the spot at the time of occurrence, therefore, the said delay was used in procuring the attendance of fake eye-witnesses. I am, therefore, of the considered view that the prosecution eye-witnesses were not present at the spot at the time of occurrence which resulted in the delay of postmortem examination of the deceased.

12. As per prosecution case, the motive behind the occurrence was that family members of Mst. Umm-i-Nail a alias Laila, co-accused wanted to marry her with Kamran Haider, deceased and for the said purpose, her family members visited the house of the complainant party 2/3 times but the family members of the complainant party did not agree with the said proposal and due to the above mentioned reason, the appellant and his co-accused committed the murder of Kamran Haider, deceased. I have noted that Imran Haider, complainant (PW.7) conceded that Kamran Haider, deceased was already married prior to the occurrence. He also conceded that even Mst. Umm-i-Naila alias Laila, co-accused was also married prior to the occurrence with Syed Saqlain Shah, appellant. He further conceded that no particular date, time, month and year of the alleged marriage offer made by Mst. Umm-i-Naila alias Laila, co-accused or her family members with the deceased has been mentioned in the FIR. He also conceded that he did not produce any elder of his family regarding the offer and refusal of marriage proposal given by Mst. Umm-i-Naila alias Laila, co-accused with the deceased during the investigation of this case. It is further noteworthy that the motive was alleged against Mst. Umm-i-Naila alias Laila, co-accused and she has been acquitted by the learned trial Court and appeal filed against her acquittal i.e. Crl. Appeal No.39 of 2015 has already been dismissed by this Court vide order dated 20.11.2019 due to non-prosecution and restoration application filed by the complainant has also been dismissed being time barred vide order dated 09.06.2020. The motive was alleged against Mst. Umm-i-Naila alias Laila, co-accused and no motive whatsoever has been alleged by the prosecution against the appellant. Keeping in view all the above mentioned facts, the prosecution could not prove any motive against the appellant and the same was rightly disbelieved by the learned trial Court in Para No.32 of the impugned judgment.

13. Insofar as the recovery of pistol (P-5) from the possession of the appellant and positive report of the Punjab Forensic Science Agency, Lahore (Ex. PT) is

concerned, I have noted that as per report of the Punjab Forensic Science Agency, Lahore, the empties recovered from the spot and pistol (P-5) were deposited together in the office of Punjab Forensic Science Agency, Lahore on 08.07.2014 by Shahzada Qeqous (837/C). As the empties and pistol (P-5) were deposited together in the office of Punjab Forensic Science Agency, Lahore, therefore, it means that empties and pistol (P-5) remained together at the police station. Under the circumstances, possibility cannot be ruled out that fake empties were prepared from pistol (P-5) allegedly recovered on the pointation of the appellant and the same were sent to the office of Punjab Forensic Science Agency, Lahore for their comparison with the said pistol. Although, it is argued by the learned Additional Prosecutor General assisted by learned counsel for the complainant that Mukhtar Ahmad, 983/C (PW.1), Mukhtar Ahmad, ASI (PW.6), and Ali Ashraf, S.I (PW.9) have stated that empties were sent to the office of Punjab Forensic Science Agency, Lahore on 14.01.2011 whereas the pistol was recovered on the pointation of the appellant on 06.02.2011 and the same was sent to the office of Punjab Forensic Science Agency, Lahore on 22.02.2011 but the above mentioned oral evidence of the prosecution has been excluded by the documentary evidence i.e. report of the Punjab Forensic Science Agency, Lahore (Ex.PT) which shows that the empties and pistol (P-5) were deposited together in the above mentioned office. The said report has been produced in evidence and relied upon by the prosecution itself. The Apex Court of the Country in the case of "Mushtaq and 3 others v. The State" (PLD 2008 Supreme Court 1) disbelieved the prosecution evidence qua the recovery of firearm weapon and positive report of Punjab Forensic Science Agency, Lahore, when empties and firearm were deposited together in the office of Punjab Forensic Science Agency, Lahore.

Likewise, in the case of "Jehangir v. Nazar Farid and another" (2002 SCMR 1986), recovery of weapon of offence and positive report of Punjab Forensic Science Agency, Lahore were disbelieved on the ground that empties and rifle were kept together at the police station, therefore, possibility of preparation of fake empties cannot be ruled out under the circumstances. It is further noteworthy that as per report of the Punjab Forensic Science Agency, Lahore (Ex. PT), the empties and pistol were deposited in the said office by Shahzada Qeqous (837/C) but the said witness has not been produced in the witness box by the prosecution. Under the circumstances, the recovery of pistol (P-5) on the pointation of the

appellant and positive report of the Punjab Forensic Science Agency, Lahore (Ex.PT) are of no avail to the prosecution.

14. It is further important to note that as per prosecution evidence, Syed Saqlain Shah (appellant) and Muhammad Saleem alias Kali Gujjar, co-accused were assigned a joint role of making fire shots at Kamran Haider, deceased which landed on the different parts of his body. The above mentioned Muhammad Saleem alias Kali Gujjar, co-accused has been acquitted by the learned trial Court vide the impugned judgment dated 28.11.2014 whereas Syed Saqlain Shah (appellant) has been convicted and sentenced on the basis of same prosecution evidence. Criminal Appeal No.39 of 2015 filed against the acquittal of said co-accused has already been dismissed by this Court vide order dated 20.11.2019 due to non-prosecution and restoration application filed by the complainant has also been dismissed being time barred vide order dated 09.06.2020. It is by now well settled that if the same prosecution evidence is disbelieved qua one accused then the said evidence cannot be believed against the other accused without independent corroboration which is very much lacking in this case. The learned trial Court distinguished the case of the appellant with the case of Muhammad Saleem alias Kali Gujjar, co-accused on the ground that appellant was declared guilty during the police investigation whereas Muhammad Saleem alias Kali Gujjar, co-accused was declared innocent and on the ground that no weapon was recovered from the possession of Muhammad Saleem alias Kali Gujjar, co-accused whereas pistol (P-5) has been recovered from the possession of the appellant. Insofar as the police opinion regarding the innocence or guilt of an accused is concerned, it is by now well settled that police opinion/ finding becomes irrelevant after recording of evidence of the parties by the learned trial Court. It is further noteworthy that opinion of the police is inadmissible in evidence. Reference in this context may be made to the case of "Muhammad Ahmad (Mahmood Ahmed) and another v. The State" (2010 SCMR 660) wherein at page No.676 the Hon'ble Supreme Court of Pakistan was pleased to observe as under:-

> "……..It may be mentioned here, for the benefit and guidance of all concerned, that determination of guilt or innocence of the accused persons was the exclusive domain of only the Courts of law established for the purpose and the said sovereign power of the Courts could never be

> permitted to be exercised by the employees of the Police department or by anyone else for that matter. If the tendency of allowing such-like impressions of the Investigating Officer to creep into the evidence was not curbed then the same could lead to disastrous consequences. If an accused person could be let off or acquitted only because the Investigating Officer was of the opinion that such an accused person was innocent then why could not, on the same principle, another accused person be hanged to death only because the Investigating Officer had opined about his guilt….."

It is, therefore, evident that the case of the appellant cannot be distinguished from the case of Muhammad Saleem alias Kali Gujjar, co-accused on the basis of police opinion.

Insofar as the recovery of weapon of offence from the possession of the appellant is concerned, even on the said ground the case of the appellant is not distinguishable from the case of Muhammad Saleem alias Kali Gujjar, co-accused because the recovery of pistol (P-5) on the pointation of the appellant and positive report of the Punjab Forensic Science Agency, Lahore (Ex. PT) have already been disbelieved due to the reasons mentioned in Paragraph No.13 of this judgment. Learned Additional Prosecutor General assisted by learned counsel for the complainant next argued that motive was alleged against the appellant and the same was not alleged against the above mentioned co-accused, therefore, case of the appellant is distinguishable from the case of Muhammad Saleem alias Kali Gujjar, co-accused but the motive alleged by the prosecution has also been disbelieved by the learned trial Court, as well as, by this Court on account of reasons mentioned in Paragraph No.12 of this judgment. Under the circumstances, the case of the appellant is not distinguishable from the case of Muhammad Saleem alias Kali Gujjar, co-accused and as such, the prosecution evidence which has been disbelieved against Muhammad Saleem alias Kali Gujjar, co-accused cannot be believed against the appellant without independent corroboration which is very much lacking in this case, therefore, the appellant is also entitled to the acquittal from the charge. In the case of Muhammad Akram v. The State" (2012 SCMR 440) the Apex Court of the Country at Page-446 was pleased to observe as under:-

"…… Since the same set of evidence has been disbelieved qua the involvement of Muhammad Aslam, as such, the same evidence cannot be relied upon in order to convict the appellant on a capital charge as the statements of both the eye-witnesses do not find any corroboration from any piece of independent evidence…."

Similar view was taken by the august Supreme Court of Pakistan in the cases reported as "Akhtar Ali and others v. The State" (2008 SMCR 6), "Muhammad Ali v. The State" (2015 SCMR 137) and "Ulfat Husain v. The State" (2018 SCMR 313) .

15. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt.

16. In the light of above discussion, I accept Criminal Appeal No.2227 of 2014 filed by Syed Saqlain Shah (appellant), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Ferozwala, District Sheikhupura vide impugned judgment dated 28.11.2014 and acquit him of the charge under section 302(b) P.P.C. by extending him the benefit of doubt. Syed Saqlain Shah (appellant) is in custody, he be released forthwith, if not required in any other case.

17. Insofar the criminal revision i.e., Crl. Revision No.24 of 2015, filed by Imran Haider (complainant) for enhancement of sentence, awarded by the learned trial Court against Syed Saqlain Shah (appellant) from imprisonment for life to death is concerned, I have already disbelieved the prosecution evidence due to the reasons mentioned in paragraphs Nos.10 to 15 of this judgment and Syed Saqlain Shah (appellant) has been acquitted from the charge, therefore, this criminal revision being devoid of any force is hereby dismissed.

JK/S-71/L **Appeal allowed.**

The STATE and another---Respondents

Criminal Miscellaneous No. 1 of 2021 and Criminal Miscellaneous No. 1191-B of 2021, decided on 28th January, 2021.

Criminal Procedure Code (V of 1898)---

----S. 498---Penal Code (XLV of 1860), Ss. 302, 324, 109 & 34---Qatl-i-amd, attempt to commit qatl-i-amd, abetment, common intention---Pre-arrest bail, grant of---Further enquiry---Accused was declared to be innocent by Investigating Officer--- Effect---Allegation against accused was that he was present at the time of occurrence being armed with firearm in order to protect his co-accused while they committed murder of two persons and caused injuries to others---Accused was not assigned the role of causing any injury on the person of the deceased or prosecution witnesses---Mere presence of accused at the spot by itself was not sufficient to refuse the relief of pre-arrest bail---Investigating Officer had concluded that the accused was not present at the spot at the time of occurrence rather he was present in the house of co-accused and the co-accused had left his house for committing the occurrence but the accused had remained present in his house---Case of prosecution against the accused was one of further inquiry because it would be determined by the Trial Court after recording of evidence that as to whether the story narrated by the complainant in the FIR was true or findings of the Investigating Officer were correct and as such, a case for grant of pre-arrest bail was made out in favour of the accused---Possibility of mala fide involvement of the accused by the complainant could not be ruled out, in circumstances---Petition for grant of pre-arrest bail was allowed, in circumstances. [Paras. 4, 5 & 6 of the judgment]

Muhammad Shakeel v. The State and others PLD 2014 SC 458; Muhammad Murad and others v. The State and others 2009 SCMR 348; Subeh Sadiq alias Saabo alias Kalu

v. The State and others 2011 SCMR 1543; Syed Darbar Ali Shah and others v. The State 2015 SCMR 879 and Nadeem v. The State and another 2016 SCMR 1619 ref.

Malik Matee Ullah with Petitioner.

Ch. Muhammad Ishaq, Addl. Prosecutor General for the State.

Athar Yar Khan Awan for the Complainant.

Anwar, Assistant Sub-Inspector.

ORDER

Crl. Misc. No. 01 of 2021.

MALIK SHAHZAD AHMAD KHAN, J.---This is an application for placing certain documents on the record, the same is allowed subject to all just and legal exceptions. C.M. stands disposed of.

Main Case. (Cr1. Misc. No. 1191-B of 2021).

2. The petitioner, namely, Fida Hussain through the instant petition seeks pre-arrest bail in case FIR No. 338 dated 19.11.2020 registered at Police Station Piplan District Mianwali offences under sections 302/324/109/34 of P.P.C.

3. Arguments heard. Record perused.

4. As per brief allegations levelled in the FIR, on 19.11.2020, a quarrel took place on mobile phone between the petitioner and Muhammad Saleem deceased over installation of a volley ball net in the house of one Sher Azam. Co-accused of the petitioner thereafter, committed the murder of abovementioned Muhammad Saleem and Muhammad Ijaz and caused injuries to Muhammad Ishaq and Sanwal Saleem PWs. As per contents of the FIR, the petitioner also remained at the spot at the time of occurrence while armed with firearm in order to protect his co-accused. Hence, the abovementioned FIR.

5. The petitioner has not been assigned the role of causing any injury on the body of abovementioned two deceased persons or on the body of any prosecution witness. Mere presence of the petitioner at the spot by itself is not sufficient to refuse the relief of pre-arrest bail to him. As per contents of the FIR, the petitioner was only present while armed

with firearm at the spot at the time of occurrence and had the petitioner any intention to commit the murder of abovementioned deceased persons or cause injury to any member of the complainant party then he could have used his firearm weapon at the time of occurrence therefore, question of vicarious liability of the petitioner requires further probe and inquiry. Reliance in this respect may be placed on the cases of 'Muhammad Shakeel v. The State and others' (PLD 2014 Supreme Court 458), 'Muhammad Murad and others v. The State and others' (2009 SCMR 348) and 'Subeh Sadiq alias Saabo alias Kalu v. The State and others' (2011 SCMR 1543). Although it is argued by learned counsel for the complainant that mobile phone data of the petitioner and Muhammad Saleem deceased has been collected in this case which shows that the petitioner made a telephone call to Muhammad Saleem deceased prior to the occurrence on mobile phone but admittedly, no recording of the mobile phone is available in this case to establish that any quarrel took place between the petitioner and Muhammad Saleem deceased prior to the occurrence. The petitioner and the complainant are closely related to each other and admittedly, the petitioner is maternal uncle of the complainant, as well as, Muhammad Saleem deceased therefore, mere availability of call data regarding making of any call by the petitioner to Muhammad Saleem deceased by itself is not sufficient to support the allegation of quarrel levelled against the petitioner by the complainant. It is further noteworthy that the Investigating Officer vide zimni No. 27 dated 27.12.2020, has concluded that the petitioner was not present at the spot at the time of occurrence rather he was in the house of Mohsin co-accused and Mohsin co-accused left his house for the occurrence but the petitioner remained present in his house. The abovementioned police finding is in conflict with the story narrated by the complainant in the FIR therefore, case of the prosecution against the petitioner is one of further inquiry because it will be determined by the learned trial Court after recording of evidence that as to whether the story narrated by the complainant in the FIR is true of findings of the I.O. are correct and as such, a case for grant of pre-arrest bail is made out in favour of the petitioner. Reliance in this respect may be placed on the cases of 'Syed Darbar Ali Shah and others v. The State' (2015 SCMR 879) and Nadeem v. The State and another' (2016 SCMR 1619). Possibility of mala fide involvement of the petitioner in this case by the complainant by using the wider net cannot be ruled out at this stage.

6. In the light of above, this petition is allowed and interim pre-arrest bail already granted to the petitioner is confirmed subject to his furnishing the bail bonds in the sum of Rs.500,000/- (Rupees five hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

SA/F-2/L **Bail granted.**

Before Malik Shahzad Ahmad Khan, J

WAHEED KHAN---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 1036 and Criminal Revision No.724 of 2013, heard on 10th March, 2021.

(a) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property--- Appreciation of evidence---Benefit of doubt---Accused was charged that he along with co-accused murdered the brother of the complainant after committing dacoity---Statements of the eye-witnesses revealed that they remained mum for a period of eight days after the occurrence and even after attending funeral ceremony of deceased they remained mum for a period of four days---Said witnesses did not give any plausible reason for remaining silent during the said period---Said delay in making statements before the police by the prosecution eye-witnesses had created serious doubt regarding the truthfulness of their evidence---Appeal against conviction was allowed, in circumstances.

Muhammad Safdar Bhatti v. The State 1987 SCMR 1215 and Muhammad Sharifan Bibi v. Muhammad Yasin and others 2012 SCMR 82 rel.

(b) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qanun-e-Shahadat (10 of 1984), Art. 22---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property---Appreciation of evidence---Test identification parade---Scope---Accused was charged that he along with co-accused murdered the brother of the complainant after committing dacoity---Record showed that eye-witnesses claimed that they identified the accused during the identification parade, however, the accused was nominated in the case through the statements of witnesses of last seen evidence whereas the identification parade of the accused was held after sixteen days under the circumstances, identification of the accused through identification parade after his nomination in the case was highly doubtful and unreliable---If direct evidence of eye-

witnesses was available with the prosecution then why the circumstantial evidence was also produced in the case---Such fact showed that the prosecution itself was doubtful about the credibility of evidence of eye-witnesses, therefore, it chose to produce circumstantial evidence in the case---Appeal against conviction was allowed, in circumstances.

Amanat Ali alias Amanti v. The State 2013 YLR 1959; The State v. Mukhtar Ahmad and 5 others 2015 MLD 1840 and Naseeb Ullah v. The State 2012 YLR 2570 rel.

(c) Criminal trial---

----Circumstantial evidence---Scope---Every circumstance should be linked with each other and it should form such a continuous chain that its one end touched the dead body and other to the neck of the accused---If any link in the chain was missing then its benefit must go to the accused.

Ch. Barkat Ali v. Major Karam Elahi Zia and another 1992 SCMR 1047; Sarfraz Khan v. The State 1996 SCMR 188; Asadullah and another v. The State 1999 SCMR 1034 and Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 rel.

(d) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property---Appreciation of evidence---Last seen evidence---Scope---Accused was charged that he along with his co-accused murdered the brother of the complainant after committing dacoity---Record showed that in-spite of reaching in the house of the complainant at 5:30 am/fajr time, both the prosecution witnesses did not inform the police that they had lastly seen the deceased in the company of the accused and his co-accused rather both the said witnesses and the complainant remained busy in talking with each other about the occurrence in the house of the complainant and made their statements before the police---Police station was situated at the distance of only 2/3 kilometres from the house of the complainant---Circumstances showed that there was every possibility of deliberations and concoctions and the evidence of the prosecution witnesses of last seen evidence was not free from doubt---Delay in making statements by the prosecution witnesses before the police without any valid reason had created serious doubt regarding the truthfulness of their evidence---Prosecution's last seen evidence, in circumstances, was untrustworthy

and the same had rightly been disbelieved by the Trial Court---Appeal against conviction was allowed, in circumstances.

(e) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property---Appreciation of evidence---Statement of witness of last seen evidence---Scope---Accused was charged that he along with co-accused murdered the brother of the complainant after committing dacoity---Record showed that the Trial Court convicted and sentenced the accused on the basis of last seen evidence of Police Constable---Insofar as the evidence of last seen produced by the said prosecution witness was concerned, it was noteworthy that said witness stated that he was on duty when he stopped Shahzor "Dala" (Vehicle)---Said witness further stated that on presentation of I.D. Card by accused, who was present in the vehicle, he permitted the accused and co-accused to proceed ahead---Said witness next stated that a driver was also present in the said vehicle---Statement of said witness was of no avail to the prosecution because he did not name the driver of the said vehicle---Said witness did not state during his entire statement that deceased was driving the said vehicle at the relevant time, therefore, it could not be held on the basis of mere guesswork that it was deceased who was seen by the said witness in the company of the accused on the day of occurrence---Said vehicle had not been recovered from the possession of the accused or his co-accused during the investigation of that case---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property---Appreciation of evidence---Motive was not proved---Scope---Accused was charged that he along with co-accused murdered the brother of the complainant after committing dacoity---Prosecution evidence qua motive and recovery of Rs.21,500/- were interconnected---Allegedly, during the investigation of the case, it transpired that the accused and his co-accused committed the murder of deceased as they snatched the vehicle from the deceased and sold the said vehicle to co-accused (since acquitted), however, the said vehicle had not been recovered from the possession of the accused or co-accused during the investigation of the case---According to the prosecution case, the amount in question was recovered from the

possession of the accused as the same was sale proceed of the vehicle of the deceased which was sold by the accused and co-accused to the acquitted accused---Evidence produced by the prosecution in that respect had already been held to be highly doubtful and unreliable---Said vehicle had not been recovered from the possession of the accused or the co-accused---No documentary proof regarding sale/ purchase of the vehicle in question by the accused and his co-accused to the acquitted co-accused had been produced in evidence by the prosecution---Not believable that acquitted co-accused would purchase vehicle from the accused and his co-accused without any documentation---None of the prosecution witnesses mentioned in their statements recorded by the Trial Court any specific identification marks, denominations or the numbers of the currency notes which were handed over by co-accused to other co-accused---Prosecution evidence revealed that the amount in question was handed over by co-accused to other co-accused and the said amount was not handed over to the accused---Accused was merely present at the relevant time---Motive alleged by the prosecution could not be proved in the case and alleged recovery of the amount from the possession of the accused was inconsequential--- Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

(g) Penal Code (XLV of 1860)---

----Ss. 302, 392, 397 & 411---Qatl-i-amd, robbery or dacoity with attempt to cause death, dishonestly receiving stolen property---Appreciation of evidence---Recovery of weapon of offence from the possession of accused---Reliance---Scope---Accused was charged that he along with co-accused murdered the brother of the complainant after committing dacoity---Record showed that a pistol was recovered from the possession of the accused---Admittedly, the said pistol was not used during the occurrence because as per prosecution case and medical evidence, the death of deceased was caused by asphyxia due to strangulation---Alleged recovery of pistol from the possession of the accused, in circumstances, was of no avail to the prosecution---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against convic-tion was allowed, in circumstances.

(h) Criminal trial---

----Medical evidence---Scope---Medical evidence is a type of supporting evidence, which may confirm the prosecution version with regard to receipt of

injury, nature of the injury, kind of weapon used in the occurrence but it will not identify the assailant.

Muhammad Tasaweer v. Hafiz Zulkarnain and 2 others PLD 2009 SC 53; Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 and Mursal Kazmi alias Qamar Shah and another v. The State 2009 SCMR 1410 rel.

Muhammad Mumtaz Faridi for Appellant.

Ch. Muhammad Ishaq, Additional Prosecutor General for the State.

Syed Tahir Abbas for the Complainant.

Date of hearing: 10th March, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.1036 of 2013, filed by Waheed Khan (appellant) against his convictions and sentences, as well as Criminal Revision No. 724 of 2013, filed by Tariq Mehmood complainant for enhancement of sentence awarded to Waheed Khan (respondent No.1 of said criminal revision) from imprisonment for life to death sentence, as both these matters have arisen out of the same judgment dated 26.06.2013, passed by learned Additional Sessions Judge, Mianwali.

2. Waheed Khan (appellant) along with his co-accused was tried in case FIR No.383/2010 dated 09.10.2010, registered at Police Station City Mianwali in respect of offences under sections 302/ 392/397/411, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 26.06.2013, has convicted and sentenced the appellant as under: -

> Under section 302(b), P.P.C. to imprisonment for life. The appellant was also directed to deposit an amount of Rs.1,00,000/- (Rupees one hundred thousand only), as compensation to the legal heirs of Asif Mehmood (deceased) as envisaged under section 544-A, Cr.P.C. and in case of default to further undergo six months simple imprisonment.
>
> Under section 364, P.P.C. to ten years with fine of Rs.25,000/- and in case of default to further undergo one month simple imprisonment.
>
> Under section 392, P.P.C. to three years with fine of Rs.25,000/- and in case of default to further undergo one month simple imprisonment.

Benefit of section 382-B, Cr.P.C was also extended to the appellant and all the sentences awarded to the appellant were ordered to run concurrently.

(It is pertinent to mention here that the nature of sentences i.e. rigorous or simple imprisonment, awarded to the appellant for offences under sections 364 and 392, P.P.C. has not been mentioned in the impugned judgment of the learned trial Court.)

However, vide the same impugned judgment, Khan Ameer Khan, Amanullah Khan and Qudratullah Khan (co-accused), were acquitted by the learned trial Court while extending them the benefit of doubt.

3. Brief facts of the case as given by the complainant Tariq Mehmood (PW-16) in his complaint Ex.PS on the basis of which, the formal FIR Ex.PS/1 was chalked out, are that he (complainant) was employee of Irrigation department. Asif Mehmood (deceased) was his younger brother, who was driver of Shahzor "Dala" bearing registration No.SGS-1333. On 05.10.2010, at about 4.00 p.m., Asif Mehmood (deceased) told one Ghulam Abbas, who was also a driver of "Dala" bearing registration No.SGP-2165, that he (Asif Mehmood deceased) along with the companions of one Nazeer alias Jeera was going to village Blot Sharif in order to get vegetables. Asif Mehmood deceased did not return back to his house on that day. On 09.10.2010, the complainant along with Raza Muhammad (PW-13) and Attaullah (PW since given-up) went to village Blot Sharif in search of Asif Mehmood (deceased) and in the way, they came to know that dead body of an unknown person was present in Nala Umarwala near Chasma Barrage. The complainant along with the PWs reached at the abovementioned place and identified the dead body Asif Mehmood deceased. They (PWs) shifted the dead body to the Civil Hospital, Mainwali on "Dala". There was also a rope around the neck of the deceased and no shirt was present on the dead body rather the same was lying near the dead body. The complainant further alleged that the unknown accused committed the murder of his brother while strangulating his neck.

Initially the FIR was lodged against the unknown accused but subsequently, on the basis of statements of the witnesses of last seen evidence, namely, Muhammad Imran (PW-4), Muhammad Nawaz (PW-5), Ghulam Hassan, 2265/C (PW.12), the appellant along with Khan Ameer Khan, Amanullah Khan and Qudratullah Khan (co-accused since acquitted) was implicated in this case. The prosecution subsequently also introduced the evidence of eye-witnesses in this case through

Raza Muhammad (PW.13) and Dost Muhammad (PW.14), as well as, evidence of identification of the appellant and his co-accused during the identification parade through the above-referred eye-witnesses.

4. The appellant was arrested in this case by the police on 21.10.2010 and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant to which he pleaded not guilty and claimed trial. In order to prove its case the prosecution produced twenty two witnesses. Prosecution also produced documentary evidence in the shape of Ex.PA to Ex. PZ. The statement of the appellant under section 342 Cr.P.C, was recorded, wherein he refuted the allegations levelled against him and professed his innocence, however, no defence evidence was produced by the appellant in this case.

5. The learned trial Court vide impugned judgment dated 26.06.2013, found the appellant guilty, convicted and sentenced him as mentioned and detailed above.

6. It is contended by learned counsel for the appellant that statements of Raza Muhammad (PW. 13) and Dost Muhammad (PW. 14) who were subsequently introduced by the prosecution as eye-witnesses of the occurrence, are not trustworthy because the said witnesses remained mum for a period of eight days after the occurrence and for a period of four days after attending funeral ceremony of Asif Mehmood (deceased); that apart from the evidence of above mentioned eye-witnesses, the prosecution case is based upon very weak type of circumstantial evidence which is not worthy of reliance; that the prosecution witnesses of last seen evidence also made their statements before the police with considerable delay and as such their evidence is highly doubtful; that the learned trial Court has rightly disbelieved the statements of the alleged eye-witnesses of the occurrence, as well as, witnesses of last seen evidence in Paragraphs No. 18 to 28 of the impugned judgment but the appellant has been convicted and sentenced on the basis of evidence of Ghulam Hassan, 2265/C (PW.12) who was also the witness of last seen evidence; that the above mentioned witness did not state that he saw the appellant in the company of Asif Mehmood (deceased) and he only stated that he saw the appellant in the company of a driver of "Dala" bearing registration No. SGS-1333 but he did not disclose the name of the said driver; that even the above mentioned "Dala" (carry van) was not recovered from the possession of the appellant or his co-accused; that no motive could be proved against the appellant by the prosecution witnesses and alleged recovery of

Rs.21,500/- from the possession of the appellant is inconsequential because there was no allegation that any cash amount was snatched by the accused persons from the deceased; that there is no evidence of extrajudicial confession or evidence of "Wajtaker" against the appellant or his co-accused; that the prosecution could not prove its case against the appellant beyond the shadow of doubt, therefore, this appeal may be accepted and the appellant may be acquitted from the charge.

7. On the other hand, it is argued by learned Additional Prosecutor General for the State assisted by learned counsel for the complainant that the prosecution has proved its case against the appellant beyond the shadow of any doubt through reliable and trustworthy circumstantial evidence, as well as, evidence of eye-witnesses, namely, Raza Muhammad (PW.13) and Dost Muhammad (PW.14), therefore, he was rightly convicted and sentenced by the learned trial Court; that the appellant was also identified by Raza Muhammad (PW.13) and Dost Muhammad (PW.14) during the identification parade; that the prosecution case against the appellant is further proved through the statements of prosecution witnesses of last seen evidence, namely, Muhammad Imran (PW.4), Muhammad Nawaz (PW.5) and Ghulam Hassan, 2265/C (PW.12); that the motive of snatching of vehicle of the deceased by the appellant and his co-accused and sale of the said vehicle to Khan Ameer Khan, co-accused (since acquitted) was also proved through reliable evidence of Pervaiz Iqbal (PW.17) and Nematullah (PW.22); that the prosecution case against the appellant is also corroborated by the recovery of Rs.21,500/- from the possession of the appellant which was sale proceed of "Dala" snatched from the deceased; that the appellant could not establish any mala fide against the prosecution witnesses for his false involvement in this case; that there is no substance in the appeal of Waheed Khan (appellant), therefore, the same may be dismissed. Insofar as Crl. Revision No. 724 of 2013 is concerned, learned counsel for the complainant has argued that there was no mitigating circumstance in this case, therefore, normal penalty of death may be awarded to the convict.

8. Arguments heard and record perused.

9. The detail of the prosecution case has already been given in paragraph No.3 of this judgment, therefore, there is no need to repeat the same.

10. The prosecution case is based upon the following two types of evidence:

A) Direct evidence of eye-witnesses and identification of the appellant and his co-accused during identification parade through the eye-witnesses.

B) Circumstantial Evidence.

First of all, I take up the evidence of eye-witnesses and identification of the appellant by said witnesses in identification parade.

A) Evidence of eye-witnesses and I.D. Parade

11. Insofar as the prosecution evidence of eye-witnesses of the occurrence produced through Raza Muhammad (PW.13) and Dost Muhammad (PW.14) is concerned, I have noted that both the above mentioned prosecution witnesses stated that on 05.10.2010 at 8:30 P.M., they were coming back towards their village after paying "salam" at the Shrine of Bolt Sharif and when they reached on the eastern "Patri" of canal Umarwala, they saw three unknown accused persons who were giving beating to a person and they (accused) had also put a rope around his neck. The above mentioned prosecution eye-witnesses further stated that within their view, the said three unknown accused persons threw the body of the above mentioned person in the canal and thereafter went away while boarding on a Shahzor "Dala". They also stated that they did not intervene as they were threatened by the above mentioned unknown accused persons. They further stated that later on, they identified the appellant and his co-accused during the identification parade held on 28.10.2010.

It is evident from the perusal of the statement made by Raza Muhammad (PW.13) during his cross-examination that Asif Mehmood (deceased) was 'Bhanja' as well as, 'Damad' of the said witness. Relevant part of his statement in this respect reads as under:--

> "After offering Janaza prayer of Asif Mehmood deceased when I was in graveyard I came to know from the participants of Janaza prayer about the name of the deceased. (This portion of the statement of witness read over to witness, he stated that he did not state so rather he stated that as deceased Asif Mehmood was my Bhanja and Damad and he has already knowledge of the name of deceased."

Raza Muhammad (PW.13) claimed that he along with Dost Muhammad (PW.14) had seen three unknown accused persons while giving beating to a person on the night of occurrence i.e. on 05.10.2010 at 8:30 P.M. and also identified the said unknown accused persons with the help of their features and ages in the light of his motorcycle but surprisingly he could not identify his own 'Damad' and nephew, namely, Asif Mehmood (deceased) at that time. He did not state that he also identified that it was Asif Mehmood (deceased) who was being beaten by the

unknown accused persons and his dead body was thrown in the canal. He simply stated that he saw the accused persons while beating a person, and throwing his body in the canal. It is further noteworthy that Raza Muhammad (PW.13) and Dost Muhammad (PW.14) saw the occurrence of a heinous crime of murder on 05.10.2010 but they made their statements before the police for the first time on 13.10.2010 i.e. with the delay of eight (08) days from the occurrence. Both the above mentioned prosecution eye-witnesses stated that they also attended funeral ceremony of Asif Mehmood (deceased) on 09.10.2010 but even then they remained mum till 13.10.2010 i.e. for a period of four days even after attending funeral ceremony of the deceased and did not make the statements before the police. Relevant parts of the statements of the above mentioned prosecution eye-witnesses in this respect are reproduced hereunder for ready reference:-

Raza Muhammad (PW.13)

"On 09.10.2010 we came to the funeral prayer of Asif Mehmood deceased and we told Tariq Mehmood that we had seen the Dala and killing of Asif Mehmood on 05.10.2010 and we went to the P.S. on 13.10.2010 where I made my statement before Abdul Ghafoor SI."

Dost Muhammad (PW.14)

"On 09.10.2010 we went to perform funeral ceremony of Asif Mehmood deceased of this case where we told Tariq Mehmood complainant about what we had seen on 05.10.2010 at the Patri canal Umarwala. I made my statement to the IO on 13.10.2010."

It is evident from the perusal of the statements of the above mentioned eye-witnesses that they remained mum for a period of eight (08) days after the occurrence and even after attending funeral ceremony of Asif Mehmood (deceased), they remained mum for a period of four days. They did not give any plausible reason for remaining silent during the above mentioned period. The said delay in making statements before the police by the above mentioned prosecution eye-witnesses has created serious doubt regarding the truthfulness of their evidence. Reliance in this respect may be placed upon the judgments reported as "Muhammad Safdar Bhatti v. The State" (1987 SCMR 1215) and "Muhammad Sharifan Bibi v. Muhammad Yasin and others" (2012 SCMR 82).

It is true that both the above mentioned prosecution witnesses claimed that they identified the appellant during the identification parade but it is noteworthy that the appellant was nominated in this case through the statements of witnesses of

last seen evidence, namely, Muhammad Imran (PW.4) and Muhammad Nawaz (PW.5) on 12.10.2010, whereas the identification parade of the appellant was held on 28.10.2010. Under the circumstances, identification of the appellant through identification parade after his nomination in this case is highly doubtful and unreliable. Reference in this context may be made to the judgments reported as "Amanat Ali alias Amanti v. The State" (2013 YLR 1959), "The State v. Mukhtar Ahmad and 5 others" (2015 MLD 1840) and "Naseeb Ullah v. The State" (2012 YLR 2570).

Moreover, it is not understandable that if direct evidence of eye-witnesses was available with the prosecution then as to why the circumstantial evidence was also produced in this case. It shows that the prosecution itself was doubtful about the credibility of evidence of above mentioned eye-witnesses, therefore, it also chose to produce circumstantial evidence in this case. I have further noted that the evidence of the above mentioned prosecution eye-witnesses, namely, Raza Muhammad (PW.13) and Dost Muhammad (PW.14) has also been disbelieved by the learned trial Court in paragraph No.24 of the impugned judgment. I am, therefore, of the view that the evidence of the above mentioned prosecution eye-witnesses and evidence of identification of the appellant during the identification parade held on 28.10.2010 through the above-referred eye-witnesses are not worthy of reliance.

B) Circumstantial Evidence

12. Insofar as the circumstantial evidence produced in this case by the prosecution is concerned, it is settled by now that in such like cases every circumstance should be linked with each other and it should form such a continuous chain that its one end touches the dead body and other to the neck of the accused. But if any link in the chain is missing then its benefit must go to the accused. In this regard, guidance has been sought from the judgments of the Apex Court of the country reported as 'Ch. Barkat Ali v. Major Karam Elahi Zia and another' (1992 SCMR 1047), 'Sarfraz Khan v. The State' (1996 SCMR 188) and 'Asadullah and another v. The State' (1999 SCMR 1034). In the case of Ch. Barkat Ali (supra), the august Supreme Court of Pakistan, at page 1055, observed as under:-

> "...Law relating to circumstantial evidence that proved circum-stances must be incompatible with any reasonable hypothesis of the innocence of the accused. See 'Siraj v. The Crown' (PLD 1956 FC 123). In a case of circumstantial evidence, the rule is that no link in the chain should be

broken and that the circumstances should be such as cannot be explained away on any hypothesis other than the guilt of the accused.'

In the case of Sarfraz Khan (supra), the august Supreme Court of Pakistan, at page 192, held as under:-

> 7....It is well settled that circumstantial evidence should be so inter-connected that it forms such a continuous chain that its one end touches the dead body and other to the neck of the accused thereby excluding all the hypothesis of his innocence.'

Further reliance in this context is placed on the case of "Altaf Hussain v. Fakhar Hussain and another" (2008 SCMR 1103) wherein, at page 1105 it was held by the Hon'ble Supreme Court as under:-

> '7 .... Needless to emphasis that all the pieces of evidence should be so linked that it should give the picture of a complete chain, one corner of which should touch the body of the deceased and other corner to the neck of the accused. Failure of one link will destroy the entire chain.'

Seeking guidance from the above-referred judgments of the apex Court of the Country, I proceed to discuss separately, every piece of circumstantial evidence produced in this case by the prosecution. It is noteworthy that the circumstantial evidence of the prosecution is based upon the following pieces of evidence:-

1) Last seen evidence.
2) Motive and recovery of Rs.21,500/- from the appellant.
3) Recovery of pistol.
4) Medical evidence.

Last seen evidence.

13. Last seen evidence of the prosecution has been produced through Muhammad Imran (PW.4), Muhammad Nawaz (PW.5), Ghulam Hassan, 2265/C (PW.12). I have noted that Muhammad Imran (PW.4) and Muhammad Nawaz (PW.5) stated that on 05.10.2010 at 4:30 P.M. they saw Asif Mehmood (deceased) in the company of appellant and his co-accused at Kundian Filling Station situated at Chashma Barrage road. They further stated that on 10.10.2010, they came to know that Asif Mehmood (deceased) had been murdered, whereupon they proceeded to Mianwali and reached there on 11.10.2010 whereafter they informed the complainant. They next stated that they made their statements before the police

on 12.10.2010. Muhammad Imran (PW.4) during his examination-in-chief stated that he along with other PW went to the house of the complainant for giving information on 11.10.2010 at 11:00 P.M. but during his cross-examination, he stated that they (PWs) reached the house of the complainant on 11.10.2010 at 5:30 A.M. He further stated during his cross-examination that police station was situated only at a distance of 2/3 kilometers from the residence of the complainant but even then they made their statements before the police on 12.10.2010 i.e. on the next day. Both the above mentioned prosecution witnesses also stated during their cross-examination that they remained busy in conversation with each other regarding the facts of occurrence after reaching the house of the complainant on 11.10.2010. The relevant parts of the statements of Muhammad Imran (PW.4) and Muhammad Nawaz (PW.5) read as under:-

Muhammad Imran (PW. 4) (examination-in-chief);

"On 10.10.2010 we came to know that Muhammad Asif has died and his dead body was recovered. On receiving this information we left our oil tanker at Mahmood Koat and came back to Mianwali on a car and went to the house of Tariq Mahmood complainant. We reached Mianwali on 11.10.2010 and informed complainant at 11:00 p.m. that we saw Asif deceased in the company of Waheed, Qudrat Ullah and Aman Ullah. I recorded my statement before the police on 12.10.2010."

Relevant parts of the statement of Muhammad Imran (PW.4) made during his cross-examination, read as under:-

"We went to the house of complainant for giving information on 11.10.2010 at 5:30 a.m."

…….

"P.S. is at the distance of 2/3 kms from the residence of complainant. I have not made statement before the police on 11.10.2010. Before making statement before the police I remained in the house of complainant for night. We remained busy in conversation with each other regarding the facts of the occurrence. I went to police for making statement on 12.10.2010."

Muhammad Nawaz (PW.5) (examination in chief) "On 10.10.2010 we came to know that Asif has died. We received this information when we were at Mahmood Koat. Muhammad Imran handed over his oil tanker to driver and I along with him left for Mianwali on a car and reached Mianwali early in the morning on 11.10.2010. We remained busy in Qul ceremony of the deceased and later on we informed complainant this fact after performing Qull Sharif. I recorded my statement before the police on 12.10.2010."

Relevant part of the statement of Muhammad Nawaz (PW.5) made during his cross-examination, reads as under:-

"We reached the house of complainant on 11.10.2010 at Fajr time. About 100 persons were present at the house of complainant at that time. We talked about the occurrence after Qull on that day. Qull ended at about 8:00 a.m. I made statement before the police on 12.10.2010. We remained busy in talking with each in the house of complainant about the facts of occurrence."

It is, therefore, evident from the perusal of above mentioned evidence that in-spite of reaching in the house of the complainant on 11.10.2010 at 5:30 A.M./ Fajr time, both the above mentioned prosecution witnesses did not inform the police that they had lastly seen Asif Mehmood (deceased) in the company of the appellant and his co-accused on 05.10.2010, rather both the above mentioned witnesses and the complainant remained busy in talking with each other about the occurrence in the house of the complainant and made their statements before the police on 12.10.2010. The police station was situated at the distance of only 2/3 K.Ms from the house of the complainant. Under the circumstances, there was every possibility of deliberations and concoctions and the evidence of the above mentioned prosecution witnesses of last seen evidence is not free from doubt.

The delay in making statements by the above mentioned prosecution witnesses before the police without any valid reason has created serious doubt regarding the truthfulness of their evidence. In the light of above, the prosecution's last seen evidence produced through Muhammad Imran (PW.4) and Muhammad Nawaz (PW.5) is untrustworthy and the same has rightly been disbelieved by the trial Court in Paragraphs Nos.18 to 20 of the impugned judgment.

It is however, noteworthy that the learned trial Court convicted and sentenced the appellant on the basis of last seen evidence of Ghulam Hassan 2265/C

(PW.12). Insofar as the evidence of last seen produced by the prosecution through Ghulam Hassan, 2265/C (PW.12) is concerned, it is noteworthy that Ghulam Hassan 2265/C (PW. 12) stated that on 05.10.2010, he was on duty at Check Post, Eastern Head Chashma when he stopped Shahzor "Dala" bearing Registration No.SGS-1333 coming from Mianwali side. He further stated that on presentation of I. D. Card by Waheed Khan, Constable/appellant, who was present in the above mentioned Shahzor "Dala", he permitted the appellant and his co-accused to proceed ahead. He next stated that a driver was also present in the above-referred Shahzor "Dala". The statement of Ghulam Hassan, 2265/C (PW.12) is of no avail to the prosecution because he did not name the driver of the above mentioned vehicle. He did not state during his entire statement that Asif Mehmood (deceased) was driving the above-referred vehicle at the relevant time, therefore, it cannot be held on the basis of mere guesswork that it was Asif Mehmood (deceased) who was seen by the said witness in the company of the appellant on the day of occurrence. It is further noteworthy that Shahzor "Dala" bearing registration No.SGS-1333 has not been recovered from the possession of the appellant or his co-accused during the investigation of this case.

Keeping in view all the above mentioned facts, the prosecution's last seen evidence is not worthy of reliance.

Motive and Recovery of Rs.21,500/-

14. Prosecution evidence qua motive and recovery of Rs.21,500/- are interconnected, therefore, I proceed to discuss these pieces of evidence together. The learned Additional Prosecutor General for the State assisted by learned counsel for the complainant has argued that during the investigation of this case, it transpired that the appellant and his co-accused committed the murder of Asif Mehmood (deceased) as they snatched Shahzor "Dala" bearing Registration No.SGS-1333 from the deceased and sold the said vehicle to Khan Ameer Khan, co-accused (since acquitted) but as mentioned earlier, the above mentioned vehicle has not been recovered from the possession of the appellant or his co-accused during the investigation of this case. The prosecution has produced the evidence of alleged motive through Pervaiz Iqbal (PW.17) and Nematullah (PW.22). Both the above mentioned prosecution witnesses stated that on 05.10.2010, they both were taking tea at a hotel situated at Adda Blot Sharif, where they saw that Khan Ameer Khan, co-accused (since acquitted) gave Rs.85,000/- to Qudrat Ullah, co-accused (since acquitted) whereupon Qudrat Ullah, co-accused (since acquitted) delivered key of Shahzor "Dala" bearing

registration No.SGS-1333 of the deceased to Khan Ameer Khan (co-accused since acquitted). They further stated that Waheed Khan (appellant) was also present along with his above mentioned co-accused at that time. Pervaiz Iqbal (PW.17) stated in his cross-examination that information regarding murder of Asif Mehmood (deceased) was received by him on 09.10.2010 and even his 'Beithak' was used for the funeral ceremony of Asif Mehmood (deceased) but he made his statement before the police on 14.10.2010. Relevant parts of the statement of Pervaiz Iqbal (PW.17) read as under:-

> "On 09.10.2010 information of murder of Asif Mehmood, deceased was received to me. Information was furnished to me by my family members. My family members including women of my family and my brothers might be attended funeral ceremonies of Asif Mehmood deceased. It is correct that my Baithak was being used in the funeral ceremony of Asif Mehmood deceased."
>
> "On 14.10.2010 I and Naimatullah PW went to Tariq Mehmood complainant and during talk we told the complainant that on 05.10.2010 accused Waheed Khan etc. were selling a Shahzor Dala No.SGS-1333 to Khan Ameer Khan accused then the complainant told us that Shahzor Dala SGS-1333 was sold to Khan Ameer Khan by Waheed Khan, Qudratullah Khan and Amanullah Khan accused and it was the same Dala on which my deceased brother was a driver."

The statement of Nematullah (PW.22) is also on the same lines except that Nematullah (PW.22) stated that he received the information regarding the murder of Asif Mehmood (deceased) on 14.10.2010. It is, therefore, evident from the perusal of the statements of the above mentioned prosecution witnesses that Pervaiz Iqbal (PW.17) received the information of the murder of Asif Mehmood (deceased) on 09.10.2010 and even 'Baithak' of the said witness was used for funeral ceremony of the deceased but he did not make statement before the police till 14.10.2010 i.e. for a period of five days. Nematullah (PW.22) was a conductor at the wagon of Pervaiz Iqbal (PW.17). It is not probable that if, Pervaiz Iqbal (PW.17) had received the information regarding the murder of Asif Mehmood (deceased) on 09.10.2010 and his 'Baithak' was also used for the funeral ceremony of Asif Mehmood (deceased) then Nematullah (PW.22) would not get the information regarding the murder of Asif Mehmood (deceased) till 14.10.2010. The delay in making statements before the police by the above mentioned

prosecution witnesses without any valid reason has also made their statements highly doubtful and un-reliable.

15. Insofar as the recovery of Rs.21,500/- from the possession of the appellant is concerned, it is noteworthy that according to the prosecution case, the above mentioned amount was recovered from the possession of the appellant as the same was sale proceed of the vehicle of the deceased i.e. Shahzor "Dala" SGS-1333 which was sold by the appellant and co-accused to Khan Ameer Khan, co-accused (since acquitted). The evidence produced by the prosecution in this respect through Pervaiz Iqbal (PW.17) and Nematullah (PW.22) has already been held to be highly doubtful and unreliable due to the reasons mentioned in Paragraph No.14 above. As mentioned earlier, the above-referred vehicle has not been recovered from the possession of the appellant or the above mentioned Khan Ameer Khan, co-accused. No documentary proof regarding sale/purchase of the vehicle in question by the appellant and his co-accused to the above mentioned Khan Ameer Khan, co-accused has been produced in evidence by the prosecution. It is not believable that Khan Ameer Khan, co-accused (since acquitted) would purchase vehicle from the appellant and his co-accused without any documentation. None of the prosecution witnesses mentioned in their statements recorded by the learned trial Court any specific identification marks, denominations or the numbers of the currency notes which were handed over by Khan Ameer Khan, co-accused to Qudrat Ullah, co-accused. Moreover, as per prosecution evidence, the amount of Rs.85,000/- was handed over by Khan Ameer Khan, co-accused to Qudrat Ullah, co-accused and the said amount was not handed over to the appellant. The appellant was merely present at the relevant time. In the light of above discussion, the motive alleged by the prosecution could not be proved in this case and alleged recovery of Rs.21,500/- from the possession of the appellant is inconsequential.

Recovery of Pistol

16. Insofar as the recovery of pistol (P-10) from the possession of the appellant is concerned, it is an admitted fact that the said pistol was not used during the occurrence because as per prosecution case and medical evidence, the death of Asif Mehmood (deceased) was caused by asphyxia due to strangulation. In the light of above, the alleged recovery of pistol (P-10) from the possession of the appellant is of no avail to the prosecution.

Medical evidence

17. Insofar as the medical evidence of the prosecution is concerned, it is by now well settled that medical evidence is a type of supporting evidence, which may confirm the prosecution version with regard to receipt of injury, nature of the injury, kind of weapon used in the occurrence but it would not identify the assailant. Reference in this context may be made to the cases of "Muhammad Tasaweer v. Hafiz Zulkarnain and 2 others" (PLD 2009 Supreme Court 53), "Altaf Hussain v. Fakhar Hussain and another" (2008 SCMR 1103) and "Mursal Kazmi alias Qamar Shah and another v. The State" (2009 SCMR 1410).

18. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant (Waheed Khan) beyond the shadow of doubt.

19. In the light of above discussion, I accept Criminal Appeal No.1036 of 2013 filed by the appellant (Waheed Khan), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Mianwali vide impugned judgment dated 26.06.2013 and acquit him of all the charges by extending him the benefit of doubt. Waheed Khan (appellant) is in custody, he be released forthwith, if not required in any other case.

20. Insofar as Criminal Revision No.724 of 2013 filed by the complainant is concerned, I have already disbelieved the prosecution evidence for the reasons recorded in paragraphs Nos.11 to 16 of this judgment, consequently, the appellant has been acquitted from the charge by giving him the benefit of doubt, therefore, the instant criminal revision without any substance, is hereby dismissed.

JK/W-1/L **Order accordingly.**

2021 Y L R Note 145

[Lahore]

Before Malik Shahzad Ahmad Khan, J

MUHAMMAD AZAM and another---Appellants

Versus

The STATE and another---Respondents

Criminal Appeal No. 586-J and Criminal Revision No. 1087 of 2014, heard on 2nd March, 2021.

(a) Penal Code (XLV of 1860)---

----S. 302(c)---Qatl-i-amd---Appreciation of evidence---Sentence, modification of---Delay of four hours and thirty five minutes in lodging the FIR---Effect---Accused was charged for committing murder of his wife and her paramour---Motive behind the occurrence was that the accused had suspicion of illicit relations of deceased with his wife, due to that grudge, the accused committed the murders on the abetment of his brother---Record showed that the occurrence in the case took place on 08.07.2011 at 02.00 a.m.(night) and the FIR was lodged on 08.07.2011 at 06.35 a.m. i.e. with the delay of 04 hours and 35 minutes from the occurrence---Post-mortem on the dead body of deceased lady was conducted on 08.07.2011 at 10.00 a.m. and on the dead body of male deceased on 08.07.2011 at 11.05 a.m.---As such, there was delay of 08 & 09 hours, respectively, in conducting the post-mortem examination on the dead bodies of the deceased persons---None of the witnesses went to the police station to lodge the FIR and they kept on waiting till 05.30 a.m. for the arrival of Investigating Officer at the spot---Statement of complainant was recorded by Investigating Officer at the spot therefore, a presumption could validly be drawn that FIR was lodged after due deliberation and concoction---Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Allah Bachaya and another v. The State PLD 2008 SC 349 and Muhammad Nawaz and another v. The State 2009 PCr.LJ 506 rel.

(b) Penal Code (XLV of 1860)---

----S. 302(c)---Qatl-i-amd---Appreciation of evidence--- Sentence, modification of---Chance witnesses---Scope---Accused was charged for committing murder of

his wife and her paramour---Record showed that prosecution's eye-witnesses were residents of a place situated at a distance of 3/4 kilometres away from the place of occurrence---Occurrence took place at odd hours of night i.e. 02.00 a.m.---Prosecution eye-witnesses were, therefore, chance witnesses because ordinarily they were not expected to be present at the place of occurrence at the relevant time---Said eye-witnesses in order to justify their presence at the spot at the time of occurrence had stated that they were irrigating their land at that time---No khasra number, khatooni number or khata number of the land, which was owned or cultivated by the prosecution eye-witnesses had been mentioned in the FIR or in the statements of the said witnesses---Investigating Officer had admitted that the prosecution eye-witnesses did not produce any proof of their ownership or cultivation during the investigation of the case---Eye-witnesses had stated during their cross-examination that they had no 'kassi' with them at the relevant time to justify the reason of irrigation of land, as claimed by the prosecution eye-witnesses---Said witnesses did not explain that any other tool was with them through which they were irrigating the land at the time of occurrence---Other eye-witness had also admitted in their cross-examination that accused had the turn of water from 09.00 p.m. up to 08.00 a.m. on the day of occurrence, which had further negated the reason given by the prosecution eye-witnesses for their presence at the spot at the time of occurrence---No document of wara-bandi or any other record to establish the reason of presence of the prosecution eye-witnesses at the time of occurrence had been produced in the prosecution evidence---Complainant was specifically asked during cross-examination that accused had the turn of water from 09.30 p.m. up to 08:00 a.m. on the relevant day but he did not answer the same and stated that he did not know about it, whereas, according to his examination-in-chief, he was present at the spot at the relevant night in order to irrigate his land---As the eye-witnesses were residents of a place situated at a distance of 3/4 kilometres away from the place of occurrence and they could not establish the reason of their presence at the spot at the odd hours of night (02:00 a.m.) when the occurrence took place therefore, they were chance witnesses and their evidence was not worthy of reliance, thus, the same had rightly been disbelieved by the Trial Court---Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to

fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Mst. Sughra Begum and another v. Qaiser Pervez and others 2015 SCMR 1142 and Muhammad Irshad v. Allah Ditta and others 2017 SCMR 142 rel.

(c) Penal Code (XLV of 1860)---

----S. 302(c)--- Qatl-i-amd--- Appreciation of evidence--- Sentence, modification of---Unnatural conduct of eye-witnesses---Scope---Accused was charged for committing murder of his wife and her paramour---Record showed that conduct of the prosecution's eye-witnesses was highly unnatural---According to the prosecution case, accused was alone, whereas, the complainant party comprised of four persons at the time of first occurrence of murder of deceased, whereas, the complainant party comprised of five persons at the time of second occurrence of the murder of lady deceased---As per post-mortem reports, there were four injuries on the body of deceased and two injuries on the body of lady deceased---Accused was not armed with any formidable weapon like pistol or rifle and he was only armed with kassi--- Prosecution eye-witnesses were 'Chachazad' (paternal cousins) of deceased, whereas, given up witness was paternal cousin of the mother of deceased---Likewise, eye-witness and given up witness were real brother and father of lady deceased, respectively---Said eye-witnesses had seen the occurrence like silent spectators and they did not try to save deceased persons at the time of occurrence---Said witnesses did not try to apprehend accused at that time---Conduct of the prosecution eye-witnesses was highly unnatural which made their testimony as untrustworthy and unreliable--- Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S. 302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Liaqat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(d) Penal Code (XLV of 1860)---

----S. 302(c)--- Qatl-i-amd--- Apprecia-tion of evidence---Sentence, modification of---Motive was not proved---Scope---Accused was charged for committing murder of his wife and her paramour---Motive behind the occurrence was that the accused suspected illicit relations between deceased and his deceased wife---None

of the prosecution witnesses stated that they saw the deceased persons in any objectionable condition during their life time---Witnesses did not state that they ever heard the accused while expressing his said suspicion---No litigation was pending between the accused and lady deceased during her life time, in such circumstances, the motive part of the prosecution had not been proved in the case and the same had rightly been disbelieved by the Trial Court---Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

(e) Penal Code (XLV of 1860)---

----S. 302(c)---Qatl-i-amd---Appreciation of evidence--- Sentence, modification of---Recovery of weapon of offence from the possession of accused--- Scope---Reliance--- Accused was charged for committing murder of his wife and her paramour---Kassi (alleged weapon of offence) was recovered from the possession of accused---Recovery memo., had not mentioned that said 'kassi' was stained with blood---No report of Chemical Examiner or the Serologist to establish that the 'kassi' was stained with human blood therefore, the alleged recovery of 'kassi' from the possession of the accused was inconsequential---Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

(f) Penal Code (XLV of 1860)---

----S. 302(c)--- Qatl-i-amd--- Apprecia-tion of evidence---Sentence, modification of---Night time occurrence---Source of light---Scope---Accused was charged for committing murder of his wife and her paramour---As per prosecution case, the occurrence was seen and the accused was identified by the prosecution eye-witnesses with the help of emergency light---No emergency light had been taken into possession in the case by the Investigating Officer---Moreover, there was nothing on record to show that in the night of occurrence, there was moon light---Identification of the accused in the darkness of night was not free from doubt, in circumstances---Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S. 302(c), P.P.C., was altered

from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Zahir Yousaf and another v. The State and another 2017 SCMR 2002 rel.

(g) Penal Code (XLV of 1860)---

----S. 302(c)---Criminal Procedure Code (V of 1898), S. 342---Qatl-i-amd---Appreciation of evidence---Examination of accused--- Scope--- Accused was charged for committing murder of his wife and her paramour---Record showed that the prosecution evidence was not worthy of reliance and the same had rightly been disbelieved by the Trial Court---Accused had been convicted and sentenced by the Trial Court on the basis of his statement recorded under S.342, Cr.P.C., wherein, he stated that he had seen his deceased wife with his deceased paramour while committing zina with each other whereupon he committed their murder under sudden and grave provocation---Accused therefore had rightly been convicted by the Trial Court for the offence under S.302(c), P.P.C., instead of the charge under S. 302(b), P.P.C.--- Circumstances established that the prosecution evidence was not worthy of reliance---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Ali Muhammd v. Ali Muhammad and another PLD 1996 SC 274; Ali Ahmad and another v. The State and others PLD 2020 SC 201 and Raza and another v. The State and 2 others PLD 2020 SC 523 rel.

(h) Criminal Procedure Code (V of 1898)---

----S. 342---Examination of accused---Scope---If prosecution evidence was disbelieved then statement of accused was to be accepted or rejected in toto---Legally, it was not possible to accept the inculpatory part of the statement of the accused person and reject the exculpatory part of the same statement.

Muhammd Asghar v. The State PLD 2008 SC 513 rel.

(i) Penal Code (XLV of 1860)---

----S. 302(c)--- Qatl-i-amd--- Apprecia-tion of evidence--- Sentence, modification in---Mitigating circumstances---Scope---Accused was charged for committing murder of his wife and her paramour---In the present case, there were some mitigating circumstances in favour of the accused---Firstly: the motive alleged by the prosecution could not be proved; secondly, recovery of weapon of offence i.e. 'kassi' had also been disbelieved and thirdly, the accused made a fair statement

before the Trial Court that he committed the occurrence under grave and sudden provocation and he did not conceal the real facts from the court---Keeping in view all the said facts, sentence of imprisonment for life on two counts for the offence under S.302(c), P.P.C., as awarded by the Trial Court was quite harsh and the sentence of fourteen years imprisonment on two counts would meet the ends of justice---Quantum of sentence under S.302(c), P.P.C., was altered from imprisonment for life on two counts to fourteen years---Appeal against conviction was dismissed with said modification in sentence.

Shabbir Hussain for Appellants.

Ch. Muhammad Mustafa, Deputy Prosecutor General for the State.

Mian Muhammad Waheed Akhtar for the Complainant.

Date of hearing: 2nd March, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Crl. Appeal No. 586-J of 2014 titled 'Muhammad Azam v. The State and another', filed by the appellant, namely, Muhammad Azam, against his conviction and sentence, as well as, Criminal Revision No. 1087 of 2014 titled 'Muhammad Akram v. Muhammad Azam and 3 others' filed by Muhammad Akram complainant for enhancement of the sentence of Muhammad Azam appellant. The appellant along with Muhammad Aslam (co-accused since acquitted) was tried by the learned Addl. Sessions Judge, Sargodha in case FIR No. 363 dated 08.07.2011 registered at Police Station Sillanwali, District Sargodha offences under sections 302/109 of P.P.C. and after conclusion of the trial, the learned trial Court vide judgment dated 12.11.2014, has convicted and sentenced the appellant as under:-

> Under section 302(c) of P.P.C. to imprisonment for life on two counts for committing the murders of Muhammad Asif deceased and Mst. Shamim Bibi deceased.
>
> The benefit of section 382-B of Cr.P.C. was extended to the appellant. Muhammad Aslam co-accused was however, acquitted of the charges vide the same judgment.

2. Brief facts of the case as given by the complainant Muhammad Akram (PW-4), in his complaint (Ex.PJ), on the basis of which the formal FIR (Ex.PJ/1) was chalked out, are that on 08.07.2011 at about 02:00 a.m. (night), Muhammad Akram complainant (PW-4) and his paternal cousin, namely, Muhammad Asif

(deceased) were irrigating the land situated in Chak No. 147/148/N and emergency light was on. Muhammad Asif (deceased) was lying on a cot in the adjacent field. In the meanwhile, Muhammad Azam (appellant) while armed with 'kassi' came there and raised a 'lalkara' to Muhammad Asif (deceased) that he (appellant) would not let him (Muhammad Asif deceased) alive and thereafter gave 'kassi' blows to Muhammad Asif (deceased) which hit at his neck, face, head and different parts of his body. On hue and cry of the complainant, Sher Muhammad (given-up PW) and Noor Muhammad (PW-3), who were present in nearby area, attracted to the spot and witnessed the occurrence. Muhammad Azam (appellant) ran towards his 'Dera'. The complainant and other eye-witnesses attended Muhammad Asif (deceased) who succumbed to the aforementioned injuries at the spot. The complainant along with aforementioned PWs chased Muhammad Azam (appellant) to his 'Dera', where electric lights were on. Mst. Shamim (deceased), who was wife of Muhammad Azam (appellant) and Allah Yar (given up PW) were sleeping in the 'Dera' of Muhammad Azam (appellant). The appellant, on reaching his 'Dera', gave 'kassi' blows to his wife, namely, Mst. Shamim (deceased) which hit at her neck, face, head and different parts of her body. On hue and cry of the complainant party, Umar Hayat (PW-5), who was present in nearby area, attracted to the spot and he also witnessed the occurrence. Muhammad Azam (appellant) raised 'lalkara' that if any body would come forward then he shall be done to death. The appellant thereafter, fled away from the spot. Allah Yar etc attended Mst. Shamim (deceased) but she succumbed to the injuries at the spot.

Motive behind the occurrence was that Muhammad Azam (appellant) had suspicion of illicit relations of Muhammad Asif (deceased) with his wife Mst. Shamim (deceased) and due to this grudge, the appellant committed the occurrence on the abetment of his (appellant's) brother, namely, Muhammad Aslam (co-accused since acquitted).

3. The appellant was arrested in this case by the police on 16.07.2011 and after completion of investigation the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant, as well as, his co-accused, namely, Muhammad Aslam (since acquitted), on 06.04.2012, to which they pleaded not guilty and claimed trial. In

order to prove its case the prosecution produced thirteen witnesses. Prosecution also produced documentary evidence in the shape of Ex.PA to Ex.PU. The statements of the appellant and Muhammad Aslam co-accused since acquitted under section 342, Cr.P.C, were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

4. The learned trial Court vide its judgment dated 12.11.2014, found the appellant guilty to the extent of offence under section 302(c) of P.P.C., convicted and sentenced him as mentioned and detailed above however, Muhammad Aslam co-accused was acquitted from the charges hence, the abovementioned appeal and revision before this Court.

5. It is contended by learned counsel for the appellant that the prosecution eye-witnesses are chance witnesses because their residences were situated at a distance of 3/4 kilometers away from the place of occurrence and they could not justify their presence at the spot at the relevant time; that there is a delay of four hours in lodging the FIR, whereas, there is delay of 8 and 9 hours in conducting the postmortem examinations on the dead bodies of Muhammad Asif deceased and Mst. Shamim deceased respectively, which delay has created serious doubt regarding the truthfulness of the prosecution story; that as per prosecution case, the appellant was armed with 'kassi' which was not a formidable weapon but the prosecution eye-witnesses did not try to apprehend the appellant or to save the lives of the deceased persons and as such, the conduct of the prosecution eye-witnesses is highly unnatural which makes their evidence untrustworthy; that occurrence took place on 08.07.2011 at 02:00 a.m. (night) and the prosecution eye-witnesses claimed that they saw the occurrence with the help of emergency light but no such light has been taken into possession by the Investigating Officer vide any recovery memo; that there is conflict between the ocular account and the medical evidence of the prosecution because as per prosecution case, the appellant inflicted three specific injuries along with other injuries on the body of Mst. Shamim deceased but according to the postmortem report of Mst. Shamim deceased, there were only two injuries on her body; that likewise, the role attributed to the appellant of inflicting 'kassi' blow on the head of Muhammad Asif deceased apart from other injuries has not been supported by the medical evidence because as per postmortem report, there was no injury on his head; that the prosecution could not prove the motive, as alleged against the appellant, and

the learned trial Court rightly disbelieved the motive part of the prosecution case in para No. 24 of the impugned judgment; that the alleged recovery of 'kassi' (P-1) from the possession of the appellant was not stained with blood and there is no report of Chemical Examiner or the Serologist to establish that the abovementioned 'kassi' (P-1) was stained with human blood therefore, the alleged recovery of 'kassi' (P-1) on the pointation of the appellant is inconsequential; that the prosecution evidence has been disbelieved by the learned trial Court however, the appellant has been convicted and sentenced on the basis of his statement recorded under section 342 of Cr.P.C. and if the said statement is taken in its entirety then no offence is made out against the appellant. In the alternative, it is argued by learned counsel for the appellant that even otherwise, the charge under section 302(b) of P.P.C. could not be proved in this case and the sentence of imprisonment for life, awarded to the appellant by the learned trial Court under section 302(c) of P.P.C., is quite harsh and the same is liable to be reduced substantially.

6. On the other hand, it is argued by the learned Deputy Prosecutor General for the State assisted by learned counsel for the complainant that the occurrence in this case took place on 08.07.2011 at 02:00 a.m. (night) and the FIR was promptly lodged on 08.07.2011 at 06:35 a.m. which rules out the possibility of any concoction or deliberation; that the place of occurrence was at a distance of 10-1/2 kilometers away from the police station and keeping in view the distance between the place of occurrence and police station, as well as, the time of occurrence, there was no deliberate or conscious delay in reporting the matter to the police; that the prosecution's eye-witnesses have given plausible explanation for their presence at the spot at the relevant time by stating that they were irrigating their land at the time of occurrence therefore, their presence at the spot at the time of occurrence was quite natural and probable; that the prosecution's eye-witnesses have given plausible explanation for not apprehending the appellant at the spot by stating that the appellant was armed with 'kassi' and he extended threats of life to them therefore, they (PWs) could not apprehend him at the time of occurrence; that the prosecution's eye-witnesses identified the appellant with the help of emergency light and as the appellant was earlier known to the prosecution eye-witnesses therefore, there was no chance of his mis-identification; that the prosecution eye-witnesses stood the test of lengthy cross-

examination but their evidence could not be shaken; that the motive alleged by the prosecution has also been proved in this case through reliable evidence of prosecution witnesses but the same has wrongly been disbelieved by the learned trial Court; that the recovery of 'kassi' (P-1) from the possession of the appellant has further corroborated the prosecution case against the appellant; that there is no substance in the appeal filed by Muhammad Azam (appellant) therefore, the same may be dismissed. Insofar as Crl. Revision No. 1087 of 2014 is concerned, learned counsel for the complainant contends that the appellant committed cold blooded murder of two innocent persons therefore, sentence awarded to the appellant may be enhanced and he may be awarded normal penalty of death on two counts.

7. Arguments heard. Record perused.

8. I have noted that the learned trial Court after disbelieving the prosecution evidence did not award any punishment to the appellant for the charge under section 302(b) of P.P.C. however, the appellant has been convicted and sentenced for offence under section 302(c) of P.P.C. on the basis of his statement recorded under section 342 of Cr.P.C, wherein the appellant stated that on the night of occurrence, he had seen his wife (Mst. Shamim deceased) and Muhammad Asif deceased while committing zina with each other at his 'Dera' when he (appellant) came back with 'kassi' to his 'Dera' after irrigating his land therefore, under sudden and grave provocation, he (appellant) gave them injuries with 'kassi'. Although no specific order has been passed by the learned trial Court regarding the acquittal of the appellant from the charge under section 302(b) of P.P.C. but non-conviction of the appellant for the said charge means that he has been acquitted from the abovementioned charge. Reference in this context may be made to the cases of 'Muhammad Arshad and others v. The State' (1998 SCMR 2146) and Shera and 6 others v. The Crown' (PLD 1954 Federal Court 141). It is further noteworthy that the complainant has not filed any appeal against the indirect acquittal of the appellant form the charge under section 302(b) of P.P.C. and he has only filed a criminal revision for enhancement of sentence of the appellant. Acquittal of the appellant from the charge under section 302(b) of P.P.C. cannot be converted into his conviction under the said charge in revisional jurisdiction as envisaged under section 439(4)(a) of Cr.P.C. It is therefore, evident that acquittal of the appellant from the charge under section 302(b) of P.P.C. cannot be disturbed by this Court

on the basis of Crl. Revision No. 1087 of 2014, filed by the complainant.

9. I have also noted that the occurrence in this case took place on 08.07.2011 at 02:00 a.m. (night) and the FIR was lodged on 08.07.2011 at 06:35 a.m. i.e. with the delay of 04 hours and 35 minutes from the occurrence. Postmortem on the dead body of Mst. Shamim Bibi deceased was conducted on 08.07.2011 at 10:00 a.m. and on the dead body of Muhammad Asif deceased on 08.07.2011 at 11:05 a.m., and as such, there is delay of 08 and 09 hours, respectively, in conducting the postmortem examination on the dead bodies of the deceased persons. It is further noteworthy that none of the PWs went to the police station to lodge the FIR and they kept on waiting till 05:30 a.m., for the arrival of Muhammad Boota, Sub-Inspector/I.O. (PW-11) at the spot. Statement of Muhammad Akram complainant (PW-4) was recorded by Muhammad Boota S.I/I.O (P W-11) at the spot therefore, a presumption can validly be drawn that FIR was lodged after due deliberation and concoction. Reference in this context may be made to the cases of 'Allah Bachaya and another v. The State' (PLD 2008 Supreme Court 349) and 'Muhammad Nawaz and another v. The State' (2009 PCr.LJ 506).

10. It is further noteworthy that prosecution's eye-witnesses were residents of a place situated at a distance of 3/4 kilometers away from the place of occurrence. The occurrence took place at odd hours of night i.e. 02:00 a.m. The prosecution eye-witnesses were therefore, chance witnesses because ordinarily they were not expected to be present at the place of occurrence (agricultural fields and 'Dera' of the appellant), at the relevant time. The abovementioned eye-witnesses in order to justify their presence at the spot at the time of occurrence have stated that they were irrigating their land at that time. No Khasra number, Khatooni number or Khata number of the land, which was owned or cultivated by the prosecution eye-witnesses have been mentioned in the FIR or in the statements of the abovementioned witnesses. Muhammad Boota, Sub-Inspector/I.O. (PW-11) has admitted that the prosecution eye-witnesses did not produce any proof of their ownership or cultivation during the investigation of this case. Noor Muhammad (PW-3) has stated during his cross-examination that they had no 'kassi' with them at the relevant time to justify the reason of irrigation of land, as claimed by the prosecution eye-witnesses. He did not explain that any other tool was with them (PWs) through which they were irrigating the land at the time of occurrence. Umar Hayat (PW-5) has also admitted in his cross-examination that Muhammad Azam

appellant had the turn of water from 09:00 p.m., up to 08:00 a.m., on the day of occurrence which has further negated the reason given by the prosecution eye-witnesses for their presence at the spot at the time of occurrence. No document of Wara-bandi or any other record to establish the reason of presence of the prosecution eye-witnesses at the time of occurrence, has been produced in the prosecution evidence. It is further noteworthy that Muhammad Akram complainant (PW-4) was specifically asked during cross-examination that Muhammad Azam appellant had the turn of water from 09:30 p.m., up to 08:00 a.m., on the relevant day but he did not answer the same and stated that he did not know about it, whereas, according to his examination-in-chief, he was present at the spot at the relevant night in order to irrigate his land. As the prosecution eye-witnesses were residents of a place situated at a distance of 3/4 kilometers away from the place of occurrence and they could not establish the reason of their presence at the spot at the odd hours of night (02:00 a.m.) when the occurrence took place therefore, they are chance witnesses and their evidence is not worthy of reliance thus, the same has rightly been disbelieved by the learned trial Court. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Qaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:--

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:-

> " ....Muhammad Irshad comp-lainant (PW-8) and Rab Nawaz (PW-9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence....."

11. It is further noteworthy that conduct of the prosecution's eye-witnesses is highly unnatural. According to the prosecution case, Muhammad Azam appellant was alone, whereas, the complainant party was comprising of four persons, namely, Noor Muhammad (PW-3), Muhammad Akram complainant (PW-4), Sher Muhammad (given up PW) and Muhammad Asif deceased at the time of first occurrence of murder of Muhammad Asif (deceased), whereas, the complainant party was comprising of five persons, namely, Allah Yar (given up PW), Umar Hayat (PW-5), Noor Muhammad (PW-3), Muhammad Akram complainant (PW-4) and Sher Muhammad (given up PW) at the time of second occurrence of the murder of Mst. Shamim (deceased). As per postmortem reports, there were four (04) injuries on the body of Muhammad Asif deceased and two (02) injuries on the body of Mst. Shamim deceased. The appellant was not armed with any formidable weapon like pistol or rifle and he was only armed with 'kassi'. Prosecution eye-witnesses, namely, Muhammad Akram complainant (PW-4) and Noor Muhammad (PW-3) were 'Chachazad' (paternal cousins) of Muhammad Asif deceased, whereas, Sher Muhammad (given up PW) was paternal cousin of the mother of Muhammad Asif (deceased). Likewise, Umar Hayat (PW-5) and Allah Yar (given up PW) were real brother and father of Mst. Shamim (deceased), respectively. The said eye-witnesses saw the occurrence like silent spectators and they did not try to save Muhammad Asif deceased or Mst. Shamim deceased at the time of occurrence. They did not try to apprehend Muhammad Azam appellant at that time. The conduct of the prosecution eye-witnesses is highly unnatural which makes their testimony as untrustworthy and unreliable. The Hon'ble Supreme Court of Pakistan in the case of "Liaquat Ali v. The State" (2008 SCMR 95) at Para No.7, observed regarding conduct of the witnesses of ocular account as under:-

> "2. The prosecution story briefly stated is that on the fateful day

at about 8.00 a.m. complainant Shameer (P.W.7) was going to the "Lumberdar" (Revenue Officer) to pay "Abyana" and at that time his cousin namely Fazil deceased was going ahead of him at some distance. Suddenly within his view Liaquat Ali appellant armed with a knife appeared and raised a Lalkara that Fazil would not be spared and thereafter gave him successive knife blows on various parts of his body. On hue and cries raised, Muhammad Siddique (P.W-8), Ranjha and Musa (not produced) were attracted to the spot. They tried to rescue Fazil but on being threatened by Liaquat they were unable to protect Fazil deceased and within their view he succumbed to the injuries and died.....

3. ..

4. ..

5. ..

5-A. Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P. W. 7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them, therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaqat Ali was not armed with a firearm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful ."

Likewise, in the case of "Pathan v. The State" (2015 SCMR 315) at Para No.4, the Apex Court of the country was pleased to observe as under:-

"..... The appellant was armed only with scissors not a formidable weapon of destruction. The complainant is the son of the deceased while Baradi and the other PW Muhammad Yousaf are also related to the deceased. The causing of such large number of injuries one after another to the deceased with scissors must have consumed

reasonable time due to the pause in between the first injury and the last one but all the three PWs including the son with a strong stature and built remain as silent spectators. They did not react or showed any response when the accused was causing the injuries. No man on the earth would believe that a close relative would remain silent spectator in a situation like this because their intervention was very natural to rescue the deceased but they did nothing nor attempted to chase the accused and apprehend him at the spot."

Similar view was taken in the case of "Zafar v. The State and others" (2018 SCMR 326).

12. As per prosecution case, the motive behind the occurrence was that the appellant suspected illicit relations between Muhammad Asif deceased and Mst. Shamim deceased. None of the prosecution witnesses stated that they saw the deceased persons in any objectionable condition during their life time. They did not state that they ever heard the appellant while expressing his abovementioned suspicion. No litigation was pending between the appellant and Mst. Shumim deceased during her life time. In the light of above, the motive part of the prosecution has not been proved in this case and the same has rightly been disbelieved by the learned trial Court in para. No.24 of the impugned judgment.

13. Insofar as the recovery of 'kassi' (P-1) from the possession of the appellant is concerned, it is noteworthy that in the recovery memo (Ex.PK), it has not been mentioned that the said 'kassi' was stained with blood. There is no report of Chemical Examiner or the Serologist to establish that the abovementioned 'kaasi' was stained with human blood therefore, the alleged recovery of 'kassi' (P-1) from the possession of the appellant is inconsequential.

14. As per prosecution case, the occurrence was seen and the appellant was identified by the prosecution eye-witnesses with the help of emergency light but no emergency light has been taken into possession in this case by the Investigating Officer. Moreover, there was nothing on record to show that on the night of occurrence, there was light of moon. Under the circumstances, the identification of the appellant in the darkness of night is not free from doubt, as observed by the Hon'ble Supreme Court of Pakistan the case of 'Zahir Yousaf and another v. The State and another' (2017 SCMR 2002).

15. I have therefore, come to this irresistible conclusion that the prosecution

evidence is not worthy of reliance and the same has rightly been disbelieved by the learned trial Court. It is however, noteworthy that the appellant has been convicted and sentenced by the learned trial Court on the basis of his statement recorded under section 342 of Cr.P.C, wherein, while answering to a question that have you anything else to say, the appellant replied as under:--

> "I am innocent. I had seen my wife and Muhammad Asif deceased committing zina with each other at my dera when I came back with 'kassi' to my dera after irrigating my land and, under sudden and grave provocation, I gave them injuries with 'kassi'."

It is by now well settled that if prosecution evidence is disbelieved then statement of the accused is to be accepted or rejected in toto. It is legally not possible to accept the inculpatory part of the statement of accused person and to reject the exculpatory part of the same statement. Reference in this context may be made to the case of 'Muhammad Asghar v. The State' (PLD 2008 SC 513). The relevant paragraph of the said judgment at page 520 is reproduced hereunder for ready reference:-

> 'It is settled law by now that a statement of an accused recorded under section 342, Cr.P.C. is to be read in its entirety, is to be accepted or rejected as a whole and reliance should not be placed on that portion of the statement which goes against the accused person. Reference can be made to the case of 'Shabbir Ahmad v. The State' PLD 1995 SC 343 and 'The State v. Muhammad Hanif and 5 others' 1992 SCMR 2047. It has been held by this Court in the judgment reported as 'Waqar Ahmad v. Shaukat Ali and others' 2006 SCMR 1139, that prosecution is bound to establish its own case independently instead of depending upon the weakness of the defence, and the assertion of the accused in his statement under section 342, Cr.P.C. was not sufficient to establish the prosecution case regarding guilt of the accused and such statement of the accused could be accepted in toto in the absence of any other prosecution evidence. In the case in hand, the High Court should have either accepted appellant's statement in its entirety or rejected it altogether, but it had misdirected itself while choosing a portion of the statement, which went against the appellant, and convicting him.'
>
> If statement of the accused is accepted in toto then the present case falls

within the ambit of section 302(c) of P.P.C. because the appellant has categorically mentioned in his above-referred statement that he saw his wife Mst. Shamim deceased and Muhammad Asif deceased while committing zina with each other whereupon he committed their murder under sudden and grave provocation. I am therefore, of the considered view that the appellant has rightly been convicted by the learned trial Court for the offence under section 302(c) of P.P.C. instead of the charge under section 302(b) of P.P.C. Reliance in this context may be placed on the cases of Ali Muhammad v. Ali Muhammad and another' (PLD 1996 Supreme Court 274), 'Ali Ahmad and another v. The State and others' (PLD 2020 Supreme Court 201) and 'Raza and another v. The State and 2 others' (PLD 2020 Supreme Court 523).

16. Insofar as the quantum of sentence of the appellant is concerned, I have noted that the appellant has been awarded the maximum punishment by the learned trial Court for the offence under section 302(c) of P.P.C. but there are some mitigating circumstances in favour of the appellant. Firstly, the motive alleged by the prosecution could not be proved in this case and the same has already been disbelieved by the learned trial Court, as well as, by this Court due to the reasons mentioned in para No. 12 of this judgment. Secondly, recovery of weapon of offence i.e. 'kassi' (P-1) has also been disbelieved by this Court on the grounds mentioned in para No. 13 of this judgment. Thirdly, the appellant made a fair statement before the learned trial Court that he committed the occurrence under grave and sudden provocation and he did not conceal the real facts from the Court. Keeping in view all the aforementioned facts, I am of the view that sentence of imprisonment for life on two counts for the offence under section 302(c) of P.P.C., as awarded by the learned trial Court, is quite harsh and the sentence of 14 years Rigorous Imprisonment on two counts would meet the ends of justice therefore, the appeal filed by Muhammad Azam appellant is hereby, dismissed however, quantum of his sentence under section 302(c) of P.P.C. is altered from imprisonment for life on two counts to 14 years R.I. on two counts. The sentences of the appellant shall run concurrently. Findings of the learned trial Court whereby the compensation to the legal heirs of both the deceased under section 544-A of Cr.P.C. was not awarded, are however, upheld and maintained. Benefit of section 382-B of Cr.P.C. is also granted to the appellant.

17. Insofar as Crl. Revision No. 1087 of 2014, filed by Muhammad Akram

complainant for enhancement of sentence awarded by the learned trial Court to Muhammad Azam (respondent No.1 of the said Crl. Revision) is concerned, I have already concluded in the preceding paragraphs of this judgment that the sentence awarded to the appellant by the learned trial Court is quite harsh and the same has been reduced accordingly. Under the circumstances, the instant petition i.e. Criminal Revision No. 1087 of 2014 has no merits and the same is hereby dismissed.

JK/M-56/L **Order accordingly.**

Before Malik Shahzad Ahmad Khan and Ali Baqar Najafi, JJ

AMEER AMAN ULLAH---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 8151 of 2019, heard on 24th June, 2020.

(a) Control of Narcotic Substances Act (XXV of 1997)---

----S. 9(c)---Possession of narcotics---Appreciation of evidence---Benefit of doubt---Scope---Accused was alleged to have been found in possession of 1500 grams of charas---Report of Forensic Laboratory did not give the details of full protocols and the test applied at the time of analysis of sample of narcotics rather it simply mentioned that certain tests were conducted and contraband material recovered in the case was charas---Appeal was allowed and the impugned judgment was set aside, in circumstances.

The State through Regional Director ANF v. Imam Bakhsh and others 2018 SCMR 2039 and Khair-ul-Bashar v. The State 2019 SCMR 930 rel.

(b) Control of Narcotic Substances Act (XXV of 1997)---

----S. 9---Possession of narcotics---Scope---Provisions of the Control of Narcotic Substances Act, 1997, provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused.

Muhammad Hashim v. The State PLD 2004 SC 856 and Ameer Zeb v. The State PLD 2012 SC 380 ref.

(c) Control of Narcotic Substances Act (XXV of 1997)---

----S. 36---Report of Government Analyst---Scope---Any report failing to describe therein the details of full protocols and the tests applied would be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary presumption attached to a report of the Government Analyst under S.36(2) of the Control of Narcotic Substances Act, 1997.

(d) Criminal trial---

----Benefit of doubt---Scope---Single circumstance creating reasonable doubt would be sufficient to cast doubt about veracity of prosecution case and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right.

Tariq Pervez v. The State 1995 SCMR 1345; Akhtar Ali and others v. The State 2008 SCMR 6 and Muhammad Zaman v. The State and others 2014 SCMR 749 ref.

Mian Muhammad Awais Mazhar for Appellant.

Waqas Anwar, Deputy Prosecutor General for the State.

Date of hearing: 24th June, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This appeal is directed against judgment dated 31.01.2019 passed by the learned Additional Sessions Judge/ Judge Special Court (CNS), Mianwali, whereby, in case FIR No. 335 dated 17.09.2018, registered at Police Station Sadar District Mianwali, under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Ameer Aman Ullah appellant and sentenced him as under:

> Under section 9(c) of Control of Narcotic Substances Act, 1997 to 04 years and 06 months S.I. with fine of Rs.20,000/- and in default of payment thereof the appellant was directed to further undergo S.I. for five months. The benefit of section 382-B, Cr.P.C. was also extended to the appellant.

2. Briefly, the accusation levelled in the FIR (Ex.PC) against the appellant Ameer Aman Ullah is that on 17.09.2018 at 05:30 p.m., Ghulam Mustafa ASI (complainant/PW-1), along with other police officials was present near the Dairy Farm of Zaka Ullah Khan and in the meanwhile, the appellant who was pedestrian and was trying to escape from the spot, was intercepted by the police on suspicion and during his search, 1500-grams Charas Garda-numa was recovered from a shopper bag caught by the appellant in his right hand. Out of the recovered Charas one sample parcel weighing 75-grams was separated for Chemical Analysis. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 05.11.2018, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced four witnesses to prove its case. The learned Additional Sessions Judge/Judge Special Court (CNS), Mianwali after recording the statement of the appellant under section 342, Cr.P.C.

and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PE); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well settled that since the provisions of The Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of "Muhammad Hashim v. The State"(PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of "Ameer Zeb v. The State"(PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the abovementioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of sample of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:--

Item No. Description of Evidence

01. One sealed parcel said to contain 75 gram (s) of suspected Charas.

Tests Performed on Received Item(s) of Evidence

1. Analytical Balance was used for weighing.
2. Chemical Spot test(s) was/were used for presumptive testing.
3. Gas chromatograph-mass spectro-metry was used for confirmation.

Results and Conclusion:-

Items # 01

having net weight 72.93 gram(s) of dark brown resinous material in sealed parcel contains Charas.

Undisputedly, it is settled by now that any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under section 36(2) of the Act ibid. In the report (Ex.PE) it is simply mentioned that certain tests were conducted and contraband material recovered in this case was found to be Charas instead of mentioning the details of tests applied on the samples and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules, makes it imperative on an analyst to mention result of sample analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

8. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of "The State through Regional Director ANF v. Imam Bakhsh and others" (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:--

> 16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, i.e., control of production, processing and trafficking of narcotic drugs and psychotropic substances, as conviction cannot be sustained on a Report that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis in the shape of the protocols applied for the test become fundamental

and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give details of the full protocols of the test applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already emphasized the importance of protocols in Ikramullah's case (supra)".

The above said view has been further fortified in the recent case law titled as "Khair-ul-Bashar v. The State" (2019 SCMR 930). We have also recquisitioned the attested copy of FIR in case of "Khair-ul-Bashar" supra i.e., FIR No.18, dated 15.01.2016, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of "Khair-ul-Bashar" supra is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of "Khair-ul-Bashar" supra has not been relied upon by the august Supreme Court of Pakistan, therefore, the identical report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

9. Learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the abovementioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but we have noted that the August Supreme Court of Pakistan in the case of "Khair-ul-Bashar" supra, acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore. Even otherwise, it is by now well settled that a single circumstance creating reasonable doubt would be sufficient to cast doubt about the veracity of prosecution case and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right. Reliance in this regard is placed upon the cases of "Tariq Pervez v. The State" (1995 SCMR 1345),"Akhtar Ali and others v. The State" (2008 SCMR 06) and "Muhammad Zaman v. The State and others"(2014 SCMR 749).

10. In the light of above discussion, the instant appeal (Crl. Appeal No. 8151 of 2019), is allowed, impugned judgment dated 31.01.2019, passed by the learned Additional Sessions Judge/Judge Special Court (CNS), Mianwali is hereby set aside and Ameer Aman Ullah (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

SA/A-79/L **Appeal allowed.**

2021 Y L R 1933

[Lahore]

Before Malik Shahzad Ahmad Khan, J

NASIR ABBAS and another---Appellants

Versus

The STATE---Respondent

Criminal Appeal No. 257189-J of 2018, heard on 11th February, 2021.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of two hours and forty five minutes in lodging the FIR---Effect---Prosecution case was that the accused/wife of the deceased and her paramour committed the murder of son of the complainant---Record showed that the occurrence in the case took place on 07.05.2017 at 08:30 p.m.---Relevant column of the FIR showed that the FIR was lodged on 07.05.2017 at 11.15 p.m., however, it was noteworthy that post-mortem examination on the dead body of the deceased was conducted with the delay of twelve hours from the time of alleged occurrence---Medical Officer stated during his examination-in-chief that the dead body was received in the dead house on 07.05.2017 at 11.00 p.m. and he received police papers on 08.05.2017 at 07.45 a.m., under the circumstances, it was evident that there was no delay on the part of the Medical Officer to conduct post-mortem examination on the dead-body of the deceased because the police papers were handed over to him with a considerable delay of about eleven hours from the time of occurrence---Said delay in conducting the post-mortem examination was suggestive of the fact that no eye-witness was present at the spot at the relevant time and the said delay had been consumed in procuring the attendance of eye-witnesses---Said delay of twelve hours in conducting post-mortem examination on the dead body of the deceased clearly showed that the FIR was not lodged at the given time---Said delay coupled with other facts had created doubt in the prosecution story---Appeal against conviction was allowed, in circumstances.

Khalid alias Khalidi and 2 others v. The State 2012 SCMR 327; Muhammad Ilyas v. Muhammad Abid alias Billa and others 2017 SCMR 54; Zafar v. The State and others 2018 SCMR 326; Muhammad Ashraf v. The State 2012 SCMR 419 and Irshad Ahmed v. The State 2011 SCMR 1190 rel.

(**b) Penal Code (XLV of 1860)**---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Non-availability of justification for the presence of eye-witnesses at the spot---Chance witnesses--- Scope---Prosecution case was that the accused/wife of the deceased and her paramour committed the murder of son of the complainant---Motive behind the occurrence was that the wife of the deceased had developed illicit relations with co-accused, due to which a dispute arose between deceased and his wife/accused and because of the said grudge, accused persons committed the murder of the deceased---Ocular account of the prosecution had been furnished by complainant/father and brother of the deceased---Occurrence took place in the house of lady accused, who was wife of the deceased---Eye-witnesses were residing 35-kilometres away from the place of occurrence---Eye-witnesses being residents of a different city were chance witnesses because in the normal course of nature, they were supposed to be present in their house situated 35-kilometers away from the spot. where the occurrence took place---In order to justify their presence at the spot, both the eye-witnesses stated that on the day of occurrence, deceased made a phone call to his father/complainant, whereupon eye-witnesses came to the house, where the occurrence took place, however, it was noteworthy that the prosecution evidence in that respect was self-contradictory because complainant stated in his examination-in-chief that he received telephone call from his son/deceased on the day of occurrence whereupon he along with other witnesses reached at the spot and witnessed the occurrence but during his cross-examination, he stated that deceased made telephone call two days prior to the occurrence---Neither any telephone number of the complainant nor any telephone number of deceased had been brought on the record during entire prosecution evidence---No call data of the telephone numbers of the complainant and the deceased had been produced in prosecution evidence to establish the reason of presence of prosecution eye-witnesses at the spot at the time of occurrence---According to the prosecution's own case,

deceased contracted love marriage with accused without the consent of the complainant party, due to which the complainant party was unhappy with deceased---Evidently, the complainant party was unhappy with deceased, who was living in the house of his mother-in-law, therefore, it was mandatory for the prosecution to establish through any independent evidence like call data of phone numbers of the complainant and deceased that in fact any call was received by the complainant from the deceased on the day of occurrence to justify the reason of presence of the prosecution eye-witnesses at the time of occurrence in a different city but no such evidence had been produced by the prosecution, therefore, the prosecution eye-witnesses were chance witnesses and they could not justify their presence at the spot at the relevant time---Appeal against conviction was allowed, in circumstances.

(c) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Contradictions in statements of eye-witnesses---Effect---Prosecution case was that the accused/wife of the deceased and her paramour committed the murder of son of the complainant---Record showed that there were material contradictions in the statements of the prosecution eye-witnesses---Complainant stated that mother of lady accused was living in the house, where the occurrence took place but she was not present in the said house at the time of occurrence, whereas brother of deceased/eye-witness stated that mother of lady accused was present in the house at the time of occurrence---According to prosecution case co-accused was holding a "Churri" in his hand at the time of occurrence but both the accused committed murder of deceased with the help of 'Roras'(pieces of bricks)---Circumstances suggested that it was not understandable that if co-accused was carrying a "Churri"at the time of occurrence then as to why he did not use the said Churri"and instead committed the murder of deceased with the help of a 'Rora'(piece of brick)---As per prosecution case co-accused merely put the"Churri" on the neck of deceased and lady accused inflicted blows of 'Roras' (pieces of bricks) on the head of deceased and thereafter co-accused took a 'Rora' (piece of brick) from lady accused and inflicted a blow on the head of deceased---"Churri"' was not used by accused persons to commit the occurrence--- Complainant party comprised of four adult male members including

deceased, whereas the accused party comprised of only two persons out of whom one was a female---Eye-witness stated during his cross-examination that the accused persons threw away "Churri" and 'Rora' (piece of brick) on the spot, which were later on taken into possession by the police from the place of occurrence---No allegation in the FIR or in the statement of complainant that there were two 'Churries', one in the hand of co-accused and the other beneath the bed of deceased as stated during his cross-examination by other eye-witness---Circumstances established that the prosecution had failed to prove its case against the accused beyond any shadow of doubt---Appeal against conviction was allowed, in circumstances.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Un-natural conduct of eye-witnesses---Scope---Prosecution case was that the accused/ wife of the deceased and her paramour committed the murder of son of the complainant---Evidence of eye-witness revealed that 'Churri' and 'Rora' (piece of brick), which were statedly in possession of the accused persons were thrown at the spot---Meaning thereby that the accused persons became empty handed after throwing their weapons of offence at the spot---If the accused persons threw away 'Churri' and 'Rora' (piece of brick) at the spot, then why the complainant party, which comprised of three male adult members at that time, did not try to apprehend the accused persons---Even one of the accused being a female was not apprehended at the spot by the prosecution eye-witnesses---According to the post-mortem report of the deceased, there were as many as thirteen (13) injuries on his body---All the said injuries were caused by blunt weapon---Infliction of large number of injuries on the deceased must have consumed reasonable time but the prosecution eye-witnesses neither tried to rescue their real son/brother at the time of occurrence nor they tried to apprehend the accused persons even when they threw away "Churri" and 'Rora' (piece of brick) at the spot and they became empty handed---Prosecution witnesses had seen the entire occurrence like silent spectators---Said conduct of the prosecution eye-witnesses was highly un-natural, therefore, their evidence was not worthy of reliance---Appeal against conviction was allowed, in circumstances.

Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315 and Zafar v. The State and others 2018 SCMR 326 rel.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Weapons of offence were recovered from the accused persons---Reliance---Scope---Prosecution case was that the accused/wife of the deceased and her paramour committed the murder of son of the complainant---Record showed that the prosecution evidence against the accused persons regarding recoveries of 'Churri' and 'Rora'(piece of brick) from accused persons was also highly contradictory and unreliable---Investigating Officer stated that the blood stained 'Rora' (piece of brick) was recovered on the pointation of lady accused whereas Churri and 'Rora' (piece of brick) were recovered on the pointation of co-accused---According to the statement of eye-witness "Churri" and 'Rora' (piece of brick) were thrown away by the accused at the spot on the day of occurrence and the same were taken into possession by the police from the spot on the same day---Recovery of Churri and Rora (piece of brick) from co-accused and Rora (piece of brick) from lady accused was not worthy of reliancem, in circumstances--- Appeal against conviction was allowed, in circumstances.

(f) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention--- Appreciation of evidence---Motive was not proved---Scope---Prosecution case was that the accused/wife of the deceased and her paramour committed the murder of son of the complainant---Motive behind the occurrence was that the wife of the deceased had developed illicit relations with co-accused, due to which a dispute arose between deceased and his wife/accused and because of the said grudge, accused persons committed the murder of the deceased---Allegedly, the complainant party was unhappy on account of love marriage of deceased with lady accused, therefore, deceased along with his wife/lady accused was living in the house of his mother-in-law, whereas the prosecution witnesses were residents of a different city and as such there was no chance for the prosecution witnesses to see the accused persons in any objectionable condition so that it might be presumed that there was any illicit relationship between them---None from the prosecution witnesses stated that he had seen the accused persons in any objectionable condition---Motive as alleged

by the prosecution could not be proved---Appeal against conviction was allowed, in circumstances.

(g) Criminal trial---

----Medical evidence---Scope---Medical evidence is a type of supporting evidence, which may confirm the prosecution version with regard to receipt of injury, nature of the injury, kind of weapon used in the occurrence but it will not identify the assailant.

Muhammad Tasaweer v. Hafiz Zulkarnain and 2 others PLD 2009 SC 53; Altaf Hussain v. Fakhar Hussain and another 2008 SCMR 1103 and Mursal Kazmi alias Qamar Shah and another v. The State 2009 SCMR 1410 rel.

(h) Criminal trial---

----Benefit of doubt---Principle---If there was a single circumstance which created reasonable doubt regarding the prosecution case, the same would be sufficient to give benefit of doubt to the accused.

Tariq Parvaiz v. The State 1995 SCMR 1345; Muhammad Akram v. The State 2009 SCMR 230 and Muhammad Mansha v. The State 2018 SCMR 772 rel.

Ch. Rab Nawaz and Tasawar Hussain Chadhar for Appellants.

Ms. Maida Sobia, Deputy Prosecutor General for the State.

Malik Shahid Iqbal Awan for the Complainant.

Date of hearing: 11th February, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No.257189-J of 2018, filed by Nasir Abbas and Mst. Gul Fishan (appellants), against their convictions and sentences recorded vide impugned judgment dated 02.10.2018, passed by learned Additional Sessions Judge, Bhalwal.

2. Nasir Abbas and Mst. Gul Fishan (appellants), were tried in case FIR No.287 dated 07.05.2017, registered at Police Station City Bhalwal, District Sargodha, in respect of offences under sections 302/34, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 02.10.2018, has convicted and sentenced Nasir Abbas and Mst. Gul Fishan (appellants) as under:--

Nasir Abbas:-

Under sections 302(b)/34, P.P.C. to imprisonment for life as tazir. He was also ordered to pay Rs.5,00,000/- (rupees five hundred thousand only) to the legal heirs of Shehar Yar (deceased) as compensation under section 544-A of Cr.P.C. and in default thereof to suffer simple imprisonment for six months.

Gul Fishan:-

Under sections 302(b)/34, P.P.C. to imprisonment for life as tazir. She was also ordered to pay Rs.5,00,000/- (rupees five hundred thousand only) to the legal heirs of Shehar Yar (deceased) as compensation under section 544-A of Cr.P.C. and in default thereof to suffer simple imprisonment for six months.

Benefit of section 382-B, Cr.P.C. was also extended to the appellants.

3. Brief facts of the case as given by the complainant Muhammad Riaz (PW-8), in his Fard Bayan (Ex.PD/1), on the basis of which the formal FIR (Ex.PD) was chalked out, are that about two years earlier, the son of the complainant namely Shehar-Yar (deceased) aged about 19/20 years contracted love marriage with Mst. Gul Fishan (appellant) and on the insistence of his wife namely Mst. Gul Fishan (appellant), he started living at Ashraf Colony, Bhalwal. The son of the complainant often used to make contact with the complainant through telephone. About 11/2 months prior to the occurrence, Mst. Gul Fishan (appellant) developed illicit relations with Nasir Abbas (appellant) and when it came into the knowledge of Shehar-Yar (deceased), a dispute arose between the spouses, which fact was told by Shehar-Yar (deceased) to the complainant. On 07.05.2017, the complainant along with his sons namely Muhammad Shahbaz (PW since given-up) and Zeeshan (PW-9), reached at Ashraf Colony, Bhalwal, at 8.30 p.m., in order to meet Shehar-Yar (deceased) and his wife Mst. Gul Fishan (appellant). The main door of the house was open and the bulbs of the courtyard and room were lit. The complainant along with PWs reached at the door of a room of the abovementioned house where they saw that Nasir Abbas (appellant) had put a "Churri" on the neck of Shehar-Yar (deceased) and with his left hand, the said appellant had pressed the face of the deceased, whereas Mst. Gul Fishan (appellant) was repeatedly causing injuries on the head of Shehar-Yar (deceased) with the help of 'Roras' (pieces of bricks). The complainant party tried to apprehend the appellants but Nasir Abbas (appellant) while wielding "Churri"' threatened that if anybody would try to come near, his fate shall be just like the fate of Shehar-Yar

(deceased). Due to fear, the complainant party did not step forward. Thereafter Nasir Abbas (appellant) took a 'Rora' (piece of brick) from Mst. Gul Fishan (appellant) and made a lethal blow on the head of Shehar-Yar (deceased) while pointing "Churri" towards the complainant party with his other hand. Shehar-Yar (deceased) succumbed to the injuries at the spot, whereas the appellants decamped from the place of occurrence.

The motive behind the occurrence was that about 1-1/2 months prior to the occurrence, Mst. Gul Fishan and Nasir Abbas (appellants) had developed illicit relationship with each other due to which a dispute arose between Shehar-Yar (deceased) and Mst. Gul Fishan (appellant) and because of the said grudge, the appellants committed the murder of Shehar-Yar (deceased).

4. The appellants were arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellants on 25.10.2017, to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced twelve witnesses. Prosecution also produced documentary evidence in the shape of Ex.PA to Ex.PL. The statements of the appellants under section 342, Cr.P.C, were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

5. The learned trial Court vide its judgment dated 02.10.2018, found the appellants guilty, convicted and sentenced them as mentioned and detailed above, hence the instant appeal.

6. It is contended by learned counsel for the appellants that the appellants are absolutely innocent and they have falsely been implicated in this case by the complainant being in league with the local police; that the prosecution eye-witnesses have admitted that they were annoyed with Shehar-Yar (deceased), due to his love marriage with Mst. Gul Fishan (appellant) and they also admitted that they were residents of a city, which was situated at a distance of 35 kilometers away from the place of occurrence, therefore, their presence at the spot at the relevant time was neither probable nor natural; that the prosecution eye-witnesses were chance witnesses and they could not establish the reason of their presence at the spot at the time of occurrence through any plausible/independent evidence, therefore, their

evidence is not worthy of reliance; that there is delay of about 12 hours in conducting postmortem examination on the dead body of the deceased, which has further created doubt in the prosecution case; that there is nothing on the record to show that Mst. Gul Fishan (appellant) had any litigation with Shehar-Yar (deceased), prior to the occurrence, therefore, the motive as alleged by the prosecution could not be proved in this case; that the alleged recoveries of "Churri" and "Roras" (pieces of bricks), from the appellants have been planted against them by the prosecution because Zeeshan (PW-9), has himself admitted that the appellants threw away "Churri" and "Rora" (piece of brick), at the spot, at the time of occurrence but even then the said recoveries have been shown to be effected on the pointation of the appellants at a later stage of the case; that the prosecution has miserably failed to prove its case against the appellants beyond the shadow of doubt, therefore, the appeal filed by the appellants may be accepted and the appellants may be acquitted from the charges.

7. On the other hand, learned Deputy Prosecutor General assisted by learned counsel for the complainant contends that the prosecution has fully proved its case against the appellants beyond the shadow of any doubt, therefore, they were rightly found guilty by the learned trial Court; that the appellants could not establish any mala fide on the part of the prosecution for their false involvement in this case; that the roles attributed to the appellants of inflicting 'Rora' blows on the head and body of Shehar-Yar (deceased), have fully been supported by the medical evidence; that the prosecution eye-witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that presence of the prosecution eye-witnesses in the house of their son/brother at the time of occurrence is quite natural and probable; that the prosecution case against the appellants has further been corroborated by the recoveries of blood stained "Churri" and "Roras" (pieces of bricks), on the pointation of the appellants, as well as, through the report of Punjab Forensic Science Agency, Lahore (Ex.PL), which shows that "Churri" and "Roras" (pieces of bricks) recovered from the possession of the appellants were found to be stained with human blood; that minor contradictions in the prosecution evidence regarding the above-mentioned recoveries are immaterial because the statement of Zeeshan (PW-9), was recorded with a considerable delay from the date of occurrence, therefore, no benefit could be extended to the appellants on the basis of minor variation in his statement qua the recoveries of weapons of offence; that there is no substance in this appeal, therefore, the same may be dismissed.

8. I have heard the arguments of learned counsel for the parties, as well as, the learned Deputy Prosecutor General and have also gone through the evidence available on the record with their able assistance.

9. The detail of the prosecution case as set forth in the complainant (Ex.PD/1) on the basis of which the formal FIR (Ex.PD) was chalked out has already been given in Para No.3 of this judgment, therefore, there is no need to repeat the same.

10. As per prosecution case, the occurrence in this case took place on the 07.05.2017 at 08:30 p.m. Relevant column of the FIR (Ex.PD) shows that the FIR was statedly lodged on 07.05.2017 at 11.15 p.m., however, it is noteworthy that postmortem examination on the dead body of Shehar-Yar (deceased) was conducted on 08.05.2017 at 08:30 a.m. i.e. with the delay of twelve hours from the time of alleged occurrence. Dr. Muhammad Imtiaz (PW-5) stated during his examination-in-chief that the dead body was received in the dead house on 07.05.2017 at 11.00 p.m. and he received police papers on 08.05.2017 at 07.45 a.m. Relevant part of his statement in this respect reads as under:-

> "Dead body was received in dead house on 07.05.2017 at 11.00 p.m and I received relevant police papers at about 07.45 a.m. on 08.05.2017. I conducted autopsy at 08.30 a.m. on 08.05.2017"

He further stated during his cross-examination that a Doctor remains on duty round the clock in the Tehsil Headquarter Hospital, Bhalwal. Relevant part of his statement in this respect reads as under:-

> "A doctor remains at duty in THQ Hospital, Bhalwal round the clock".

Under the circumstances, it is evident that there was no delay on the part of the Medical Officer to conduct postmortem examination on the dead-body of the deceased because the police papers were handed over to him with a considerable delay of about eleven (11) hours from the time of occurrence and thereafter, postmortem examination on the dead body of Shehar-Yar (deceased) was conducted. The abovementioned delay in conducting the postmortem examination on the dead body of Shehar-Yar (deceased) is suggestive of the fact that no eye-witness was present at the spot at the relevant time and the abovementioned delay has been consumed in procuring the attendance of fake eye-witnesses. In the case of "Khalid alias Khalidi and 2 others v. The State" (2012 SCMR 327), it was observed by the Hon'ble Supreme Court of Pakistan that delay of ten hours in conducting post-mortem

examination on the dead body of the deceased clearly shows that the FIR was not lodged at the given time and it was concluded that the said delay coupled with other facts has created doubt in the prosecution story. Relevant part of the judgment at page No.332 reads as under:-

> ".... …. ….. ….. The incident in the instant case took place at 2.00 a.m., FIR was recorded at 4/5 a.m, Dr. Muhammad Pervaiz medically examined the injured persons at 4.00 a.m. but conducted the postmortem examination of the deceased at 3.00 p.m i.e., after about ten hours which fact clearly shows that the FIR was not lodged at the given time ....."

Likewise, in the case of 'Muhammad Ilyas v. Muhammad Abid alias Billa and others' (2017 SCMR 54), the Apex Court of the country was pleased to observe that delay of 09 hours in conducting the postmortem examination suggests that the prosecution eye-witnesses were not present at the spot at the time of occurrence therefore, the said delay was used in procuring the attendance of fake eye-witnesses. Relevant part of the judgment at page No. 55 reads as under:-

> "2. After hearing the learned counsel for the petitioner and going through the record of the case with his assistance we have observed that in the Inquest Report no time of death had been recorded which indicated that till preparation of the Inquest Report the FIR had not been registered. Post-mortem Examination of the dead body of Muhammad Shahbaz deceased had been conducted after nine hours of the incident which again was a factor pointing towards a possibility that lime had been consumed by the local police and the complainant party in procuring and planting eye-witnesses and cooking up a story for the prosecution. ..."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the cases of 'Zafar v. The State and others' (2018 SCMR 326), "Muhammad Ashraf v. The State" (2012 SCMR 419) and Irshad Ahmed v. The State' (2011 SCMR 1190).

11. The ocular account of the prosecution has been furnished by Muhammad Riaz complainant (PW-8) and Zeeshan (PW-9). The occurrence in this case took place in the house of Mst. Gul Fishan (appellant), who was wife of Shehar-Yar (deceased), which was situated at Ashraf Colony, Bhalwal. Muhammad Riaz complainant (PW-8), is father and Zeeshan (PW-9), is brother of Shehar-Yar (deceased). Both the abovementioned prosecution eye-witnesses were residents of Reman Pura, Sargodha.

Muhammad Riaz complainant (PW-8), has admitted that he, as well as, Zeeshan (PW-9), were residents of Reman Pura, Sargodha, which was situated at a distance of 35-Kilometers away from Ashraf Colony, Bhalwal, where the occurrence took place. Relevant part of his statement in this respect reads as under:-

> "It is correct that Shehbaz and Zeeshan PWs are my real sons. Latif PW is my neighbourer while Ikram PW is my nephew. We all abovementioned reside in Reman Pura, Sargodha at a distance of 35 kilometers away from Bhalwal"

The abovementioned prosecution eye-witnesses being residents of a different city are chance witnesses because in the normal course of nature, they were supposed to be present in their house situated at Reman Pura, Sargodha, which was 35-kilometers away from Ashraf Colony, Bhalwal, where the occurrence took place. In order to justify their presence at the spot, both the abovementioned eye-witnesses stated that on the day of occurrence i.e., on 07.05.2017, Shehar-Yar (deceased) made a phone call to his father Muhammad Riaz complainant (PW-8), whereupon they (PWs) came to the house, where the occurrence took place. However, it is noteworthy that the prosecution evidence in this respect is self-contradictory because Muhammad Riaz complainant (PW-9), stated in his examination-in-chief that he received telephone call from his son namely Shehar-Yar (deceased) on 07.05.2017, whereupon he along with other PWs reached at the spot and witnessed the occurrence but during his cross-examination, he stated that Shehar Yar (deceased) made telephone call two days prior to the occurrence. Relevant parts of his statement read as under:-

> Statement during examination-in-chief.
>
> "After receiving telephonic call from my son, on 07.05.2017, I along with Muhammad Shehbaz and Zeeshan came at the house of my son Shehar Yar deceased in Ashraf Colony, Bhalwal at about 08.30 p.m"
>
> Statement during cross-examination.
>
> "Shehar Yar deceased made a telephonic call two days prior of this occurrence"

It is further noteworthy that neither any telephone number of the complainant nor any telephone number of Shehar-Yar (deceased) has been brought on the record during entire prosecution evidence. Moreover, no call data of the telephone numbers of the

complainant and the deceased has been produced in prosecution evidence to establish the abovementioned reason of presence of prosecution eye-witnesses at the spot at the time of occurrence. I have also noted that even according to the prosecution's own case, Shehar-Yar (deceased) contracted love marriage with Mst. Gul Fishan (appellant), without the consent of the complainant party, due to which the complainant party was unhappy with Shehar-Yar (deceased). The statements made by Muhammad Riaz complainant (PW-8) and Zeeshan (PW-9), in this respect are reproduced hereunder:-

> Statement of Muhammad Riaz complainant (PW-8).
>
> "Shehar Yar deceased and Gul Fishan accused entered into wedlock on the basis of love marriage without our consent".
>
> Statement of Zeeshan (PW-9).
>
> Shehar Yar entered into a love marriage against our consent and due to this reason we were unhappy with him".

In the light of above, it is evident that the complainant party was unhappy with Shehar-Yar (deceased), who was living in the house of his mother-in-law at Ashraf Colony, Bhalwal, therefore, it was mandatory for the prosecution to establish through any independent evidence like call data of phone numbers of the complainant and Sheher-Yar (deceased) that in fact any call was received by the complainant from the deceased, on the day of occurrence to justify the abovementioned reason of presence of the prosecution eye-witnesses at the time of occurrence in a different city but no such evidence has been produced by the prosecution, therefore, I am of the view that the prosecution eye-witnesses are chance witnesses and they could not justify their presence at the spot at the relevant time. The Hon'ble Supreme Court of Pakistan in the case of "Mst. Sughra Begum and another v. Oaiser Pervez and others" (2015 SCMR 1142) at Para No.14, observed regarding the chance witnesses as under:-

> "14. A chance witness, in legal parlance is the one who claims that he was present on the crime spot at the fateful time, albeit, his presence there was a sheer chance as in the ordinary course of business, place of residence and normal course of events, he was not supposed to be present on the spot but at a place where he resides, carries on business or runs day to day life affairs. It is in this context that the testimony of chance witness, ordinarily, is not accepted unless justifiable reasons are shown to establish his presence at the

crime scene at the relevant time. In normal course, the presumption under the law would operate about his absence from the crime spot. True that in rare cases, the testimony of chance witness may be relied upon, provided some convincing explanations appealing to prudent mind for his presence on the crime spot are put forth, when the occurrence took place otherwise, his testimony would fall within the category of suspect evidence and cannot be accepted without a pinch of salt."

Similar view was taken in the case of "Muhammad Irshad v. Allah Ditta and others" (2017 SCMR 142). Relevant part of the said judgment at Para No.2 reads as under:-

"..... ...Muhammad Irshad complainant (PW8) and Rab Nawaz (PW9) were chance witnesses and the stated reason for their presence with the deceased at the relevant time had never been established before the trial court through any independent evidence ...."

I have also noted that there are material contradictions in the statements of the prosecution eye-witnesses. Muhammad Riaz complainant (PW-8), stated that mother of Mst. Gul Fishan (appellant) was living in the house, where the occurrence took place but she was not present in the said house at the time of occurrence, whereas Zeeshan (PW-8), stated that mother of Gul Fishan (appellant) was present in the house at the time of occurrence. Relevant parts of statements of the abovementioned prosecution eye-witnesses in this respect are reproduced hereunder for ready reference:-

Statement of Muhammad Riaz complainant (PW-8).

"Gul Fishan accused along with her mother were residing jointly in a house which is the place of occurrence. The mother of Gul Fishan accused was not present in the house at that time".

Statement of Zeeshan (PW-9).

"The mother of Gul Fishan accused was also residing with them. The mother of Gul Fishan accused was present in this house at the time of occurrence".

12. It is further noteworthy that the prosecution story does not appeal to a prudent mind and even the conduct of the prosecution eye-witnesses is highly un-natural. According to the prosecution case Nasir Abbas appellant was holding a "Churri" in

his hand at the time of occurrence but both the appellants committed murder of Shehar-Yar (deceased) with the help of 'Roras' (pieces of bricks). It is not understandable that if Nasir Abbas appellant was carrying a "Churri" at the time of occurrence then as to why he did not use the said "Churri" and instead committed the murder of Shehar-Yar (deceased) with the help of a 'Rora' (piece of brick). As per prosecution case Nasir Abbas (appellant) merely put the "Churri" on the neck of Shehar-Yar (deceased) and Mst. Gul Fishan (appellant) inflicted blows of Roras' (pieces of bricks) on the head of Shehar-Yar (deceased) and thereafter Nasir Abbas (appellant) took a 'Rora' (piece of brick) from Mst. Gul Fishan (appellant) and inflicted a blow on the head of Shehar-Yar (deceased). However, "Churri" was surprisingly not used by Nasir Abbas appellant or Mst. Gul Fishan (appellant) to commit the occurrence. It is not understandable that as to why Nasir Abbas appellant did not use "Churri" at the time of occurrence to commit the murder of Shehar-Yar (deceased) though he allegedly used the said "Churri" to threaten the PWs. It is further noteworthy that the complainant party was comprising of four adult male members namely Muhammad Riaz complainant (PW-8), Zeeshan (PW-9), Muhammad Shehbaz (PW since given-up) and Shehar-Yar (deceased), whereas the accused party was comprising of only two persons namely Nasir Abbas (appellant) and Mst. Gul Fishan (appellant), out of whom one was a female. Zeeshan (PW-9), stated during his cross-examination that the accused persons threw away "Churri" and 'Rora' (piece of brick) on the spot, which were later on taken into possession by the police from the place of occurrence. Relevant part of his statement reads as under:

> "The accused persons thrown away "Churri" and "Roras" in our presence. The police himself took into possession "Churri" and "Roras" allegedly used by the accused from the place of occurrence in our presence. There were two Churries one was in the hand of accused Nasir Abbas, the other was lying beneath the bed on which Shehar Yar was murdered. The "Rora" was also lying on the floor beneath the bed. The police recovered one "Churri" and one "Rora" in our presence"

There is no allegation in the FIR (Ex.PD) or in the statement of Muhammad Riaz complainant (PW-8) that there were two 'Churries', one in the hand of Nasir Abbas (appellant) and the other beneath the bed of Shehar-Yar (deceased) as stated during his cross-examination by Zeeshan (PW-9). However, it is evident from the perusal of evidence of Zeeshan (PW-9) that 'Churri' and 'Rora' (piece of brick), which were

statedly in possession of the appellants were thrown at the spot, meaning thereby that the appellants became empty handed after throwing their weapons of offence at the spot. It is, therefore, not understandable that if the appellants threw away 'Churri' and 'Rora' (piece of brick) at the spot, then as to why the complainant party, which was still comprising of three male adult members at that time, did not try to apprehend the appellants. Even Mst. Gul Fishan appellant being a female was not apprehended at the spot by the abovementioned prosecution eye-witnesses. It is also noteworthy that according to the postmortem report of the deceased, there were as many as thirteen (13) injuries on his body. All the said injuries were caused by blunt weapon. The infliction of large number of injuries on the deceased must have consumed reasonable time but the prosecution eye-witnesses neither tried to rescue their real son/brother at the time of occurrence nor they tried to apprehend the appellants even when they (appellants) threw away "Churri" and 'Rora' (piece of brick) at the spot and they became empty handed. They (prosecution witnesses) saw the entire occurrence like silent spectators. The abovementioned conduct of the prosecution eye-witnesses is highly un-natural, therefore, their evidence is not worthy of reliance. The Hon'ble Supreme Court of Pakistan in the case of "Liaquat Ali v. The State" (2008 SCMR 95) at Para No.7, observed regarding conduct of the witnesses of ocular account as under:-

-

> "2. The prosecution story briefly stated is that on the fateful day at about 8.00 a.m. complainant Shameer (P. W. 7) was going to the "Lumberdar" (Revenue Officer) to pay "Abyana" and at that time his cousin namely Fazil deceased was going ahead of him at some distance. Suddenly within his view Liaquat Ali appellant armed with a knife appeared and raised a Lalkara that Fazil would not be spared and thereafter gave him successive knife blows on various parts of his body. On hue and cries raised, Muhammad Siddique (P. W.8), Ranjha and Musa (not produced) were attracted to the spot. They tried to rescue Fazil but on being threatened by Liaquat they were unable to protect Fazil deceased and within their view he succumbed to the injuries and died .....……..

> 5. ……..

5-A. Having heard learned counsel for the parties and having gone through the evidence on record, we note that although P. W. 7 who is first cousin and brother-in-law of Fazil deceased claims to have seen the occurrence from a distance of 30 ft. (as given in cross-examination) and two other witnesses namely Musa and Ranjha were also attracted to the spot but none rescued Fazil deceased and appellant had a free hand to inflict as many as 9 injuries on his person. The explanation given by these witnesses that since Liaquat Ali had threatened them, therefore, they could not go near Fazil deceased to rescue him is repellant to common sense as Liaqat Ali was not armed with a fire-arm which could have scared the witnesses away. He was a single alleged assailant and if the witnesses were there at the spot they could have easily overpowered him. This makes their presence at the spot doubtful. …

Likewise, in the case of "Pathan v. The State" (2015 SCMR 315) at Para No.4, the Apex Court of the country was pleased to observe as under:-

".....The appellant was armed only with scissors not a formidable weapon of destruction. The complainant is the son of the deceased while Baradi and the other PW Muhammad Yousaf are also related to the deceased. The causing of such large number of injuries one after another to the deceased with scissors must have consumed reasonable time due to the pause in between the first injury and the last one but all the three PWs including the son with a strong stature and built remain as silent spectators. They did not react or showed any response when the accused was causing the injuries. No man on the earth would believe that a close relative would remain silent spectator in a situation like this because their intervention was very natural to rescue the deceased but they did nothing nor attempted to chase the accused and apprehend him at the spot. "

Similar view was taken in the case of "Zafar v. The State and others" (2018 SCMR 326).

13. The prosecution evidence against the appellants regarding recoveries of 'Churri' and 'Rora' (piece of brick) from Nasir Abbas appellant and 'Rora' (piece of brick) from Mst. Gul Fishan appellant is also highly contradictory and unreliable. As per statement of Khalid Hayat SI (PW-11), the blood stained 'Rora' (piece of brick) was

recovered on the pointation of Mst. Gul Fishan appellant on 13.05.2017, whereas 'Churri' and 'Rora' (piece of brick) were recovered on the pointation of Nasir Abbas appellant on 21.05.2017 but as mentioned earlier, according to the statement of Zeeshan (PW-9), "Churri" and 'Rora' (piece of brick) were thrown away by the appellants at the spot on the day of occurrence i.e., on 07.05.2017 and the same were taken into possession by the police from the spot on the said day. Relevant part of the statement of Zeeshan (PW-9), in this respect has already been reproduced in paragraph No.12, above. Under the circumstances, the prosecution evidence qua recovery of "Churri" and 'Rora' (piece of brick) from Nasir Abbas appellant and 'Rora' (piece of brick) from Mst. Gul Fishan appellant is not worthy of reliance.

14. According to the prosecution case, the motive behind the occurrence was that about 11/2 months prior to the occurrence Mst. Gul Fishan and Nasir Abbas appellants had established illicit relations with each other due to which a dispute arose between Shehar-Yar (deceased) and Mst. Gul Fishan appellant and because of the said grudge, the appellants committed the murder of Shehar-Yar (deceased). Admittedly Mst. Gul Fishan appellant was living with Shehar-Yar (deceased) till the date of occurrence. Muhammad Riaz complainant (PW-8) and Zeeshan (PW-9), did not mention the date, time and place of the quarrel, which allegedly took place between Shehar-Yar (deceased) and Mst. Gul Fishan appellant on account of the abovementioned reason. Muhammad Riaz complainant (PW-8), has conceded during his cross-examination that no litigation was pending between Shehar-Yar (deceased) and Mst. Gul Fishan appellant in any Court prior to the occurrence. Relevant part of his statement in this respect reads as under:-

> "No dispute prior to this occurrence was pending in any Court between Gul Fishan accused and Shehar Yar deceased"

As mentioned earlier, the complainant party was unhappy on account of love marriage of Shehar-Yar (deceased) with Mst. Gul Fishan appellant, therefore, Shehar-Yar (deceased) along with Mst. Gul Fishan appellant was living in the house of his mother-in-law in city Bhalwal, whereas the prosecution witnesses were residents of Sargodha City which is a different city and as such there was no chance for the prosecution witnesses to see the appellants in any objectionable condition so that it may be presumed that there was any illicit relationship between them. None from the prosecution witnesses stated that he had seen the appellants in any objectionable

condition. I am, therefore, of the view that the motive as alleged by the prosecution could not be proved in this case.

15. Insofar as the medical evidence of the prosecution is concerned, it is by now well settled that medical evidence is a type of supporting evidence, which may confirm the prosecution version with regard to receipt of injury, nature of the injury, kind of weapon used in the occurrence but it would not identify the assailant. Reference in this context may be made to the cases of 'Muhammad Tasaweer v. Hafiz Zulkarnain and 2 others' (PLD 2009 SC 53), 'Altaf Hussain v. Fakhar Hussain and another' (2008 SCMR 1103) and 'Mursal Kazmi alias Qamar Shah and another v. The State' (2009 SCMR 1410).

16. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution evidence is full of doubts. It is by now well settled that if there is a single circumstance which creates reasonable doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the truthfulness of the prosecution story. In 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

> "5. The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."

The apex Court of the country while reiterating the same principle in the case of "Muhammad Akram v. The State" (2009 SCMR 230), at page 236, observed as under:--

> "13…. ….It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the

guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case reported as "Muhammad Mansha v. The State" (2018 SCMR 772).

17. In the light of above discussion, I accept Criminal Appeal No.257189-J of 2018 filed by Nasir Abbas and Mst. Gul Fishan (appellants), set aside their convictions and sentences recorded by the learned Additional Sessions Judge, Bhalwal, District Sargodha vide impugned judgment dated 02.10.2018 and acquit them of the charge under sections 302(b)/ 34, P.P.C. by extending them the benefit of doubt. Nasir Abbas and Mst. Gul Fishan (appellants) are in custody, they be released forthwith, if not required in any other case.

JK/N-7/L **Appeal allowed.**

(d) Control of Narcotic Substances Act (XXV of 1997)---

----S. 36--- Control of Narcotic Substances (Government Analysts) Rules, 2001, R. 6---Report of Government Analyst---Report of test or analysis---Scope---Any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary presumption attached to a report of the Government Analyst under S.36(2) of Control of Narcotic Substances Act, 1997.

Nasir Mehboob Tiwana for Appellant.

Muhammd Arshad Ali Farooqi, Deputy Prosecutor General for the State.

Date of hearing: 11th March, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This appeal is directed against judgment dated 13.09.2018, passed by the learned Additional Sessions Judge/Judge Special Court CNS, Shahpur, District Sargodha, whereby, in case FIR No.65/2015 dated 14.03.2015, registered at Police Station Shahpur Sadar, District Sargodha, under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Mazhar Abbas appellant and sentenced him as under:

> Under section 9(c) of Control of Narcotic Substances Act, 1997 to four years and six months R.I. with fine of Rs. 20,000 and in default of payment thereof the appellant was directed to further undergo SI for five months. The benefit of section 382-B, Cr.P.C. was also extended to the appellant.

2. Briefly, the accusation levelled in the FIR against the appellant is that on 14.03.2015, Muhammad Yar S.I. (complainant/PW-4), along with other police officials was present at Bangla Hussain Shah in connection with patrolling. On the basis of spy information, a raid was conducted at Garden of Bahadar Hargan, wherefrom Mazhar Abbas (appellant) was apprehended by the police party. On checking, Charas weighing 1050 grams was recovered from the shopping bag, which the appellant was holding in his right hand. A separate sample parcel of Charas weighing 10-grams, for Chemical Analysis, was prepared. The appellant was interrogated and challaned to face the trial. The charge was framed against the

appellant on 16.05.2015, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced five witnesses to prove its case. The learned Additional Sessions Judge/Judge Special Court CNS, Shahpur, District Sargodha, after recording the statement of the appellant under section 342, Cr.P.C. and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PE); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well-settled that since the provisions of The Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of "Muhammad Hashim v. The State" PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of "Ameer Zeb v. The State" (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the abovementioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of' sample of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:-

> Item No. Description of Evidence
>
> 1. One scaled parcel containing approximately 10 grams of suspected Charas.

Tests Performed on Received Item(s) of Evidence

> 1. Analytical Balance was used for weighing.
>
> 2. Chemical Spot Tests were used for Presumptive Testing.
>
> 3. Gas Chromatograph - Mass Spectrometry was used for confirmation.

Results and Conclusion:-

> Item # 01 09.84 grams of dark brown resinous material in sealed parcel contain Charas.
>
> Undisputedly, it is settled by now that any report failing, to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under section 36(2) of the Act ibid. In the report Ex.PE, it is simply mentioned that certain tests were conducted and contraband material recovered in this case was found to be Charas instead of mentioning the details of tests applied on the samples and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

8. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of "The State through Regional Director ANF v. Imam Bakhsh and others" (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:-

> 16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, i.e., control of production, processing and trafficking of narcotic drugs and psychotropic substances, as conviction cannot be sustained on a Report

that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis in the shape of the protocols applied for the test become fundamental and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give details of the full protocols of the test applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already, emphasized the importance of protocols in Ikramullah's case (supra),'.

The above said view has been further fortified in the recent case law titled as "Khair-ul-Bashar v. The State" (2019 SCMR 930). We have also requisitioned the attested copy of FIR in case of "Khair-u1-Bashar" supra i.e., FIR No.18, dated 15.01.2016, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of "Khair-ul-Bashar" supra is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of "Khair-ul-Bashar" supra has not been relied upon by the august Supreme Court of Pakistan, therefore, the identical report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

9. Learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the abovementioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but we have noted that the august Supreme Court of Pakistan in the case of "Khair-ul- Bashar" supra, acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/ full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore. Even otherwise, it is by now well settled that a single circumstance creating reasonable doubt would be sufficient to cast doubt about the veracity of prosecution case and the benefit of said doubt has to

be extended in favour of the accused not as a matter of grace or concession but as a matter or right. Reliance in this regard is placed upon the cases of "Tariq Parvez v. The State 1995 SCMR 1345, Akhtar Ali and others v. The State" (2008 SCMR 6) and "Muhammad Zaman v. The State and others" (2014 SCMR 749).

10. In the light of above discussion, the instant appeal (Cr. Appeal No.238458 of 2018), is allowed, impugned judgment dated 13.09.2018, passed by the learned Additional Sessions Judge/Judge Special Court CNS, Shahpur, District Sargodha is hereby set aside and Mazhar Abbas (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

Before Malik Shahzad Ahmad Khan and Muhammad Tariq Abbasi, JJ

QALANDAR SHAH---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 1161 of 2019, heard on 13th January, 2021.

Control of Narcotic Substances Act (XXV of 1997)---

----S. 9(c)---Possession of narcotics---Appreciation of evidence---Preparation of consolidated sample---Effect---Accused was alleged to have been found in possession of 1160 grams of charas---Recovered contraband consisted of pieces, however, a consolidated sample parcel was prepared and no separate sample parcel of each piece was prepared---Prosecution could not bring on record the exact weight of each piece, therefore, consolidated sample parcel of charas weighing 66.25 grams, which was sent to the Forensic Laboratory, could not be considered as a representative sample of the whole contraband material so recovered---Prosecution could not prove its case beyond shadow of doubt against the accused to the extent of recovery of 1160 grams of charas, however, the prosecution had proved its case against the accused beyond the shadow of doubt to the extent of recovery of 66.25 grams of charas, which was sent to the office of Chemical Examiner for analysis---Safe transmission of the sample parcel to the office of Forensic Laboratory was also proved by the prosecution---Conviction of the accused was converted from Ss.9(a) 9(b) & 9(c) of Control of Narcotic Substances Act, 1997---Appeal against conviction with the modification in sentence was dismissed, in circumstances.

Ameer Zeb v. The State PLD 2012 SC 380 and Ghulam Murtaza and another v. The State PLD 2009 Lah. 362 ref.

Ch. Nazir Hussain and Muhammad Ashraf Sagoo for Appellant.

Irfan Zia, Deputy Prosecutor General for the State.

Date of hearing: 13th January, 2021.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This appeal is directed against judgment dated 17.10.2018, passed by the learned Sessions Judge, Bhakkar, whereby, in case FIR No.130/2018 dated 29.06.2018, registered at Police Station City Darya Khan, District Bhakkar, under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted the appellant and sentenced him as under:-

> Under section 9(c) of Control of Narcotic Substances Act, 1997 to our years and six months RI with fine of Rs.20,000/- and in default of payment thereof the appellant was directed to further undergo S.I for 05 months. The benefit of section 382-B, Cr.P.C. was also extended to the appellant.

2. Learned counsel for the appellant does not press this appeal on merits however, he seeks reduction in the sentence of the appellant in the light of the judgment of the Hon'ble Supreme Court of Pakistan in the case reported as 'Amer Zeb v. The State' (PLD 2012 Supreme Court 380).

3. On the other hand, this appeal has been opposed by learned Deputy Prosecutor General on the ground that the prosecution has proved its case against the appellant beyond the shadow of doubt therefore, he was rightly convicted and sentenced by the learned trial Court.

4. Arguments heard. Record perused.

5. Briefly, the accusation levelled in the FIR against the appellant is that on 29.06.2018, Ghulam Shabbir, S.I. (complainant/PW-3) along with other police officials, was present at Chungi No.5, Punjgirain Road, Darya Khan. On the basis of spy information, a raid was conducted at the corner of Qabristan situated near Dahantal Shah, wherefrom Qalandar Shah (appellant), was apprehended by the police. On search of the shopper, which the appellant was holding in his hand, Charas weighing 1160-grams was recovered. A separate sample parcel of Charas weighing 58-grams, for Chemical Analysis, was prepared.

6. As learned counsel for the appellant does not press this appeal on merits and he has only prayed for reduction in the sentence of the appellant in the light of the judgment passed by the Hon'ble Supreme Court of Pakistan in the case of 'Ameer Zeb v. The State' (PLD 2012 Supreme Court 380), therefore, we have straightaway noted that although the prosecution witnesses stated that the recovered contraband material was consisted of one piece but during cross-examination of Ghulam Shabbir, S.I. (complainant/PW-3), the parcel of recovered contraband material was de-sealed in the Court and it was noted as under:-

> "At this stage, learned defence counsel requested that he wants to de-seal the parcel. The request is genuine. Allowed accordingly. The case property is available before the Court. The complainant of the case identified the same as sealed at the place of recovery. The parcel is de-sealed and smell of Charas is oozing. The Charas consists of one big piece in rectangular shape and others are small pieces i.e. 03 pieces are in size 04 inches in length with the width of 1/2 inch while other 6/7 small pieces of the same width"

It is, therefore, evident that the recovered contraband material was consisting of pieces, however, a consolidated sample parcel was prepared and no separate sample parcel of each piece was prepared. It has not been brought on the record that what was the exact weight of each piece, therefore, consolidated sample parcel of Charas weighing 66.25-grams, which was sent to the office of Punjab Forensic Science Agency, Lahore, cannot be considered as a representative sample of the whole contraband material recovered in this case. Reliance in this respect is placed on the judgment passed by the Hon'ble Supreme Court of Pakistan in the case of 'Ameer Zeb v. The State' (PLD 2012 Supreme Court 380). We are therefore, of the view that the prosecution could not prove its case beyond the shadow of doubt against the appellant to the extent of recovery of 1160-grams of Charas, however, the prosecution has proved its case against the appellant beyond the shadow of any doubt to the extent of recovery of 66.25-grams of Charas, which was sent to the office of PFSA/Chemical Examiner for analysis through the evidence of recovery witnesses Ghulam Shabbir SI (PW-3) and Muhammad Bilal 54/C (PW-4) coupled with the positive report of Punjab Forensic Science Agency, Lahore (Ex.PD). The safe transmission of the sample

parcel to the office of Punjab Forensic Science Agency, Lahore is also proved by the prosecution through Qayyum Nawaz 716/MHC (PW-2), Ghulam Shabbir, S.I. (PW-3) and Qaisar Abbas, S.I. (PW-5). Consequently conviction of the appellant is converted from section 9(c) to section 9(a) of CNSA, 1997 and keeping in view the sentencing policy settled by this Court in the case of 'Ghulam Murtaza and another v. The State' (PLD 2009 Lahore 362), the appellant is convicted for the recovery of 66.25-grams of Charas and is sentenced to rigorous imprisonment for one year R.I. with fine of Rs.7000/- and in default thereof, to further undergo simple imprisonment for three months. Benefit of Section 382-B of Cr.P.C. is extended to the appellant.

7. With the abovementioned modification in the conviction and sentence of the appellant, the instant appeal is hereby dismissed. As per report, furnished by the Superintendent, District Jail, Bhakkar dated 16.11.2019, Qalandar Shah appellant has already served out one year, ten months and twenty eight days of his imprisonment, therefore, if the appellant is not required in any other case, then he be released forthwith.

SA/Q-3/L **Sentence reduced.**

Present: **MALIK SHAHZAD AHMAD KHAN, J.**

HAKIM ALI--Petitioner

versus

Mst. **KAUSAR, and 2 others--Respondents**

W.P. No. 9350 of 2011, decided on 23.12.2011.

Constitution of Pakistan, 1973--

----Art. 199--West Pakistan Family Courts, Rules, 1965, R. 6 r/w S. 7(2) of West Pakistan Family Courts, Act, (of 1964)--Fixation of interim maintenance allowance--Jurisdiction--Maintainability--Challenge to--Under Rule 6 of West Pakistan Family Court Rules, 1965 read with Section 7(2) of West Pakistan Family Courts Act, 1964, a suit for recovery of maintenance allowance can be filed before a Family Court, where wife resides--As plaintiffs have claimed that they are living in Lahore, therefore, issue of jurisdiction has rightly been decided by Judge Family Court, Lahore--So far as quantum of interim maintenance allowance of minor at rate of Rs. 2500/- per-month is concerned, Judge Family Court has rightly fixed same while keeping in view status of parties--Petitioner has challenged interim order of Judge Family Court, Lahore, which is always subject to final decision of case--High Court cannot go into disputed questions of fact and cannot determine status of parties in its Constitutional jurisdiction, therefore, instant writ petition, which has been filed against an interim order, is not maintainable--Petition dismissed. [Para 5 & 6] A, B, C & D

PLD 2005 SC 22 *ref.*

Mr. Atif Mehmood Chaudhry, Advocate for Petitioner.

Mr. Muhammad Zaman Bhutta, Advocate for Respondents No. 1 and 2.

Date of hearing: 23.12.2011.

ORDER

This petition has been filed to challenge the order dated 16.03.2011, whereby, interim maintenance allowance at the rate of Rs. 2500/- per-month of minor/Respondent No. 2 has been fixed, as well as, against the order dated 18.04.2011, whereby, preliminary objection taken by the petitioner/defendant regarding jurisdiction of the Court was decided in favour of the Plaintiffs/Respondents No. 1 and 2, passed by the learned Judge Family Court, Lahore.

2. It is contended by the learned counsel for the petitioner/ defendant that the petitioner is resident of Sahiwal, therefore, under Rule 6 of the West Pakistan Family Courts Rules, 1965, the learned Judge Family Court, Lahore has no jurisdiction to entertain the suit filed by the Plaintiffs/Respondents No. 1 and 2; that it was admitted in the plaint by Plaintiff No. 1 that she was ousted from the house of the petitioner, therefore, her plaint has illegally been entertained by the above-mentioned Court at

Lahore; that the quantum of interim maintenance allowance of minor at the rate of Rs. 2500/- per-month is beyond the means of the petitioner; that the said interim maintenance allowance has been fixed without keeping in view the status of the parties, therefore, the above-mentioned impugned orders may be set-aside.

3. On the other hand, this petition has been opposed by the learned counsel appearing on behalf of Respondents No. 1 and 2 on the grounds that the plaintiffs have been living at Lahore, therefore, under Rule 6 of the West Pakistan Family Courts Rules, 1965, the learned Judge Family Court, Lahore, has the jurisdiction to entertain the suit of the plaintiffs; that a specific ground was taken by the plaintiffs/ Respondents No. 1 and 2 in Para 10 of their plaint that they were living at Lahore, and there is no specific denial by the petitioner in his written-statement to the above-mentioned fact; that the interim maintenance allowance was fixed by the Courts below while keeping in view the status of the parties, because the petitioner/defendant has himself admitted in his written-statement that there were gold, ornaments weighing 13 tolas and a sum of Rs. 1,00,000/- in his house, which were, allegedly taken away by plaintiff/Respondent No. 1 at the time of desertion; that the instant writ petition has been filed against an interim order, which is not maintainable, therefore, the same may be dismissed.

4. Arguments heard and record.

5. Under Rule 6 of the West Pakistan Family Court Rules, 1965 read with Section 7(2) of the West Pakistan Family Courts Act, 1964, a suit for recovery of maintenance allowance can be filed before a Family Court, where wife resides. As the plaintiffs have claimed that they are living in Lahore, therefore, the issue of jurisdiction has rightly been decided by the learned Judge Family Court, Lahore. Reference in this context may be made to the case of *Muhammad Iqbal through Special Attorney Faiz Sultan vs. Parveen Iqbal* (PLD 2005 Supreme Court 22).

So far as the quantum of interim maintenance allowance of minor at the rate of Rs. 2500/- per-month is concerned, the learned Judge Family Court has rightly fixed the same while keeping in view the status of the parties. The petitioner/defendant has mentioned in Para No. 3 of his written-statement that there were gold ornaments weighing 13 tolas and a sum of Rs. 1,00,000/- in his house, which were allegedly stolen by plaintiff/Respondent No. 1 at the time of desertion. So, keeping in view the present state of inflation and price hike, the above-mentioned interim maintenance allowance cannot be declared to be exorbitant or excessive.

6. The petitioner has challenged interim order of the learned Judge Family Court, Lahore, which is always subject to final decision of the case. This Court cannot go into disputed questions of fact and cannot determine the status of the parties in its Constitutional jurisdiction, therefore, instant writ petition, which has been filed against an interim order, is not maintainable and the same is, hereby, ***dismissed.***

(Y.A.) **Petition dismissed.**

STATE and another--Respondents

Crl. A. No. 185329 of 2018, heard on 14.10.2020.

Control of Narcotic Substances Act, 1997 (XXV of 1997)--

----S. 9(c)--Conviction and sentence--Challenge to--Benefit of doubt--Recovery of charas--It is by now well settled that since provisions of Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and benefit of any doubt in prosecution case must be extended to accused--Harder sentence, stricter standard of proof--Seeking guidance from abovementioned judgments of august Supreme Court of Pakistan, we proceed to decide instant case--Although he stated that on 03.08.2015, one sealed parcel said to contain Charas weighing 1430-grams was handed over to him and he kept same in Mall-Khana of police station for safe custody but said prosecution witness did not mention name of person, who handed over to him parcel of contraband material--Safe custody of parcel of case property has not been proved in this case, which has created serious doubt in prosecution case--Undisputedly, it is settled by now that any report failing to describe in it, details of full protocols and tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet evidentiary presumption attached to a Report of Government Analyst under Section 36(2) of Act ibid--In report it is simply mentioned that certain tests were conducted and contraband material recovered in this case found to be Charas instead of mentioning details of tests applied on recovered material and their protocols as required by law--evidentiary value of above said report has been evaluated by us in light of Control of Narcotic Substances (Government Analysts) Rules, 2001--Rule 6 of said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in report issued for test/Analysis by Laboratory--Above said view has been further fortified in recent case law titled as *"Khair-ul-Bashar vs. State"* (2019 SCMR 930)--Court have also requisitioned attested copy of FIR in case of "Khair-ul-Basher" supra *i.e.*, FIR No. 18, dated 15.01.2016, offence under Section 9(c) of Control of Narcotic Substances Act, 1997, registered at police station Westridge, District Rawalpindi, as well as, attested copy of report of Punjab Forensic Science Agency,

Lahore, exhibited as in said case before concerned trial Court--report of Punjab Forensic Science Agency, Lahore, produced in evidence in case of "Khair-ul-Basher" supra is identical with report of Punjab Forensic Science Agency, Lahore, produced in evidence of present case before learned trial Court--As identical report in case of "Khair-ul-Basher" supra has not been relied upon by august Supreme Court of Pakistan, therefore, identical report of Punjab Forensic Science Agency produced in evidence of this case by prosecution is also not worthy of reliance--Although learned Deputy Prosecutor General has argued that appellant cannot be acquitted on abovementioned sole ground of non-mentioning of protocols/full details of test applied, in report of Punjab Forensic Science Agency, Lahore but as mentioned earlier, prosecution has also failed to prove safe custody of parcel of case property--Even otherwise, august Supreme Court of Pakistan in case of *"Khair-ul-Bashar" supra,* acquitted accused of said case on abovementioned sole ground of non-mentioning of protocols/full details of tests applied in report of Punjab Forensic Science Agency, Lahore. [Pp. 231, 232, 233 & 234] A, B, C, D & E

M/s. Naila Mushtaq Ahmed Dhoon, Advocate and *M. Mushtaq Ahmed Dhoon,* Advocate for Appellant.

Mr. Muhammad Waqas Anwar, Deputy Prosecutor General for State.

Date of hearing: 14.10.2020.

JUDGMENT

Malik Shahzad Ahmad Khan J.--This appeal is directed against judgment dated 26.02.2018, passed by the learned Additional Sessions Judge/Special Judge CNSA Court, Sialkot, whereby, in case F.I.R No. 671/2015 dated 03.08.2015, registered at Police Station Muradpur, District Sialkot, under Section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Muhammad Shahzad *alias* Billa appellant and sentenced him as under:

> ***Under Section 9(c) of Control of Narcotic Substances Act 1997--****to four years and six months R.I with fine of Rs. 20,000/- and in default of payment thereof the appellant was directed to further undergo S.I for five months. The benefit of Section 382-B, Cr.P.C. was also extended to the appellant.*

2. Briefly, the accusation levelled in the FIR against the appellant is that on 03.08.2015, Ghulam Murtaza ASI (complainant/PW-2), along with other police officials was present at Pulli Palkhu Naala, Head Marala Road, Sialkot. In the meanwhile, a person came from the side of Maachi Khokhar, who on seeing the police party tried to turn back but he was

overpowered by the police. The said person disclosed his name as Muhammad Shahzad *alias* Billa (appellant). On checking, 1430-grams Charas was recovered from the shopping bag, which the appellant was holding in his right hand. A parcel of whole the recovered Charas was prepared for Chemical Analysis. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 06.10.2015, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced seven witnesses to prove its case. The learned Additional Sessions Judge/Special Judge CNSA Court, Sialkot, after recording the statement of the appellant under Section 342 Cr.P.C and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment, the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that there are material contradictions in the statements of the prosecution witnesses, which have not been properly appreciated by the learned trial Court while passing the impugned judgment; that the safe custody of parcel of case property could not be established in this case; that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PE); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well settled that since the provisions of The Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of

"Muhammad Hashim vs. The State" (PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of *"Ameer Zeb vs. The State"* (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the abovementioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have noted that Mehmood Ahmad 785/MHC, appeared in the witness box as PW-1. Although he stated that on 03.08.2015, one sealed parcel said to contain Charas weighing 1430-grams was handed over to him and he kept the same in the Mall-Khana of police station for safe custody but the said prosecution witness did not mention the name of the person, who handed over to him the parcel of contraband material. Keeping in view the abovementioned facts, the safe custody of parcel of case property has not been proved in this case, which has created serious doubt in the prosecution case. Reliance in this respect is placed on the judgments passed by the August Supreme Court of Pakistan in the cases reported as *"Amjad Ali vs. The State"* (2012 SCMR 577) and *"Ikramullah and others vs. The State"* (2015 SCMR 1002).

8. We have further observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:

Item No. **Description of Evidence**

01. One sealed parcel containing approximately 1430-grams of suspected Charas.

Tests Performed on Received Item(s) of Evidence

1. Top Load Balance was used for weighing.
2. Chemical Spot Tests were used for Presumptive testing.
3. Gas Chromatograph-Mass spectrometry was used for confirmation.

Results and Conclusion:-

Items #01 1404 grams of blackish brown resinous material in sealed parcel contains **Charas**.

Undisputedly, it is settled by now that any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under Section 36(2) of the Act ibid. In the report Ex.PE, it is simply mentioned that certain tests were conducted and contraband material recovered in this case found to be Charas instead of mentioning the details of tests applied on the recovered material and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

9. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of *"The State through Resional Director ANF vs. Imam Bakhsh and others"* (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:

> *16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, i.e., control of production, processing and trafficking of narcotic drugs and psychotropic substances, as conviction cannot be sustained on a Report that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under Section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis in the shape of the protocols applied for the test become fundamental and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give details of the full protocols of the test applied will be irxonclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under Section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already emphasized the importance of protocols in Ikramullah's case (supra)".*

The above said view has been further fortified in the recent case law titled as *"Khair-ul-Bashar vs. The State"* (2019 SCMR 930). We have also requisitioned the attested copy of FIR in case of "Khair-ul-Basher" supra *i.e.*, FIR No. 18, dated 15.01.2016, offence under Section 9(c) of the Control of Narcotic Substances Act, 1997, registered

at police station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of "Khair-ul-Basher" supra is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of "Khair-ul-Basher" supra has not been relied upon by the august Supreme Court of Pakistan, therefore, the identical report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

10. Although learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the abovementioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but as mentioned earlier, the prosecution has also failed to prove the safe custody of parcel of case property. Even otherwise, the august Supreme Court of Pakistan in the case of *"Khair-ul-Bashar" supra,* acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore.

11. It is by now well settled that a single circumstance creating reasonable doubt would be sufficient to cast doubt about the veracity of prosecution case and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right. Reliance in this regard is placed upon the cases of *"Tariq Pervez vs. The State"* (1995 SCMR 1345), *"Akhtar All and others vs. The State"* (2008 SCMR 06) and *"Muhammad Zaman vs. The State and others"* (2014 SCMR 749).

12. In the light of above discussion, the instant appeal **(Crl. Appeal No. 185329 of 2018)**, is allowed, impugned judgment dated 26.02.2018, passed by the learned Additional Sessions Judge/Special Judge CNSA Court, Sialkot is hereby set aside and Muhammad Shahzad *alias* Billa (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

(A.A.K.) **Appeal allowed.**

Crl. Misc. No. 1729-B of 2021, decided on 28.1.2021.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Pakistan Penal Code, (XLV of 1860), S. 489-F--Bail after arrest, grant of--Allegation of--Dishonoured of cheque--Entire prosecution case is based on documentary, evidence (dishonoured cheque and bank slip), which is already in possession of prosecution and as such there is no chance of tampering with same, therefore, in such circumstances no useful purpose will be served by keeping petitioner behind bars--Concluded by Investigating Officer that there was no *lain-dain* between petitioner and complainant--Abovementioned police findings are against story narrated by complainant in FIR according to which an amount of Rs. 55,00,000/- was handed over by complainant to petitioner and same was still outstanding against him--Furthermore, punishment provided for offence under Section 489-F, PPC is imprisonment, which may extend to three years--Offence mentioned in FIR does not fall within ambit of prohibitory clause of Section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception--Petition was allowed. [P. 359] A & B

2009 SCMR 1488 & PLD 2017 SC 733 *ref.*

Raja Tasawar Iqbal, Advocate for Petitioner.

Ch. Muhammad Ishaq, Additional Prosecutor General for Respondent.

Nemo for Complainant.

Date of hearing: 28.1.2021.

ORDER

Through the instant petition, the petitioner seeks post-arrest bail in case FIR No. 347/2020 dated 29.07.2020, offence under Section 489-F, PPC registered at police station Sajid Shaheed, District Sargodha.

2. On the previous date of hearing Nusrat Ali complainant appeared before the Court and sought an adjournment in order to hire the services of a learned counsel in this case but today no one is present of his behalf, despite repeated calls. Even otherwise,

it is a State case and learned Additional Prosecutor General is ready to argue the same, therefore, I proceed to decide the instant petition after hearing arguments of learned counsel for the petitioner, as well as, learned Additional Prosecutor General and perusal of the record.

3. Arguments decided. Record perused.

4. As per brief allegations levelled in the FIR, cheque amounting to Rs. 55,00,000/-, issued by the petitioner to the complainant, was dishonoured on presentation by the concerned bank, hence the abovementioned FIR.

5. The entire prosecution case is based on documentary, evidence (dishonoured cheque and bank slip), which is already in possession of the prosecution and as such there is no chance of tampering with the same, therefore, in such circumstances no useful purpose will be served by keeping the petitioner behind the bars. Reference in this respect may be made to the case of *Saeed Ahmad v. The State* (1996 SCMR 1132). Moreover, as per police investigation recorded *vide* Zimnee No. 05, dated 28.08.2020, only an amount of Rs. 6,00,000/-, was obtained by the petitioner on loan from the brother of the complainant namely Muhammad Ashraf and in this respect a cheque was handed over by the petitioner to the abovementioned Muhammad Ashraf, who after writing Rs. 55,00,000/-, in the said cheque got the same dishonoured and lodged th instant FIR through his brother namely Nusrat Ali complainant. It is further concluded by the Investigating Officer that there was no *lain-dain* between the petitioner and Nusrat Ali complainant. The abovementioned police findings are against the story narrated by the complainant in the FIR according to which an amount of Rs. 55,00,000/- was handed over by the complainant to the petitioner and the same was still outstanding against him. Furthermore, the punishment provided for the offence under Section 489-F, PPC is imprisonment, which may extend to three years. The offence mentioned in the FIR does not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. Thus, keeping in view the law laid down in the cases of *Zafar Iqbal v. Muhammad Anwar and others* (2009 SCMR 1488) & *"Muhammad Tanveer v. The State and another"* (PLD 2017 Supreme Court 733), ordaining that where a case falls within non-prohibitory clause, the concession of granting bail must favorably be considered and should only be declined in exceptional cases, the instant petition is allowed and the petitioner is admitted to post-arrest bail subject to his furnishing bail bonds in the sum of Rs. 2,00,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Petition allowed.**

Crl. Misc. No. 11003-B of 2020, decided on 11.3.2020.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Pakistan Penal Code, (XLV of 1860), Ss. 324, 337-F(v), 148 & 149--Pre-arrest bail, confirmed--Cross-version case--No possibility of fabrication of injury--Determination--Abscondance of accused--Entitlement for relief--Medical officer in relevant columns of medico legal reports of accused of cross-version case has categorically mentioned that there was no possibility of fabrication of any injury of injured--As it is a case of cross-versions therefore, it will be determined by trial Court after recording of evidence that as to who was aggressor and who was aggressed upon and as such, a case for grant of pre-arrest bail is made out accused remained absconder in this case, therefore, he is not entitled to extraordinary relief of pre-arrest bail but it is by now well settled that mere abscondance of an accused does not disentitle him from relief of bail if otherwise he is entitled to said concession on merits--Petition allowed. [P. 416] A & B

2010 SCMR 1219, 2015 SCMR 879, 1991 SCMR 322, 2009 SCMR 299 and PLD 2012 SC 222 *ref.*

Mr. Muhammad Ijrar Haider, Advocate with Petitioner.

Ms. Maida Sobial, Deputy Prosecutor General for State.

Mehar Muhammad Iqbal, Advocate for Complainant.

Date of hearing: 11.3.2020.

ORDER

The petitioner Syed Nasir Ali through the instant petition seeks pre-arrest bail in cross-version of case FIR No. 453 dated 29.06.2017 registered at P.S. City Depalpur District Okara cross-version offences under Sections 324/337-F(v)/148/149 of PPC.

2. Arguments heard. Record perused.

3. As per brief allegations leveled in the cross-version of the aforementioned FIR, on 28.06.2017 at 03:00 p.m, Tanveer Aslam (complainant of cross-version case) along with PWs was going to his house on car and when they reached near Shell Patrol Pump of Meer Amanullah at Kasur Road, Muhammad Asif co-accused stopped the car of the complainant and raised 'lalkara' to teach a lesson for getting stay order against them (accused party), upon which, Mohsin Tariq co-accused made a fire shot

with pistol 30 bore at Tanveer Aslam (complainant of cross-version) but luckily the complainant escaped. The second fire shot of aforementioned co-accused was missed. In the meanwhile Nasir Ali (petitioner) inflicted 'sota' blow which hit at the left wrist of the complainant. Sajid co-accused inflicted 'sota' blow which landed on the back side of right shoulder of the complainant due to which the complainant fell down. On the instigation of the petitioner, Nadeem co-accused inflicted 'sota' blow which landed at the middle of left arm of the complainant. Thereafter, all the accused persons inflicted 'sota' blows at different parts of the body of Tanveer Aslam hence, the instant cross-version.

4. It is a case of cross-versions. The occurrence in this case took place on 28.06.2017 at 03:00p.m. Four members of the accused party of cross-version, namely, Syed Nasir Ali (petitioner), Syed Aftab Ali, Mohsin Tariq and Muhammad Shahbaz were also injured during the occurrence and they were medically examined on the same day *i.e*. on 28.6.2017 at 04:15 p.m. As per medico legal report of Syed Nasir (petitioner), there were 09 injuries on his body, which were declared to be punishable under Sections 337-A(i) & 337-F(i) of PPC. According to medico legal reports of Syed Aftab, Shahbaz and Mohsin Tariq, there were 02, 06 & 05 injuries, respectively, on the bodies of abovementioned members of the accused party of cross-version case. Medical Officer in the relevant columns of the medico legal reports of the abovementioned accused of cross-version case (injured of the State case) has categorically mentioned that there was no possibility of fabrication of any injury of the aforementioned injured. As it is a case of cross-versions therefore, it will be determined by the learned trial Court after recording of evidence that as to who was the aggressor and who was aggressed upon and as such, a case for grant of pre-arrest bail is made out in favour of the petitioner, as observed by the Hon'ble Supreme Court of Pakistan in the cases of *'Hamza Ali Hamza and others vs. The State'* (2010 SCMR 1219) & *'Syed Darbar Ali Shah and others vs. The State'* (2015 SCMR 879). Although it has been argued by learned DPG for the State assisted by learned counsel for the complainant that the petitioner remained absconder in this case, therefore, he is not entitled to the extraordinary relief of pre-arrest bail but it is by now well settled that mere abscondance of an accused does not disentitle him from the relief of bail if otherwise he is entitled to the said concession on merits. Reference in this context may be made to the cases reported as *'The State vs. Malik Mukhtar Ahmad Awan'* (1991 SCMR 322), *'Mitho Pitafi vs. The State'* (2009 SCMR 299) and *'Qamar alias Mitho vs. The State and others'* (PLD 2012 Supreme Court 222).

5. In the light of above, this petition is allowed and interim pre-arrest bail already granted to the petitioner is confirmed subject to his furnishing the fresh bail bonds in the sum of Rs. 200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

Crl. Misc. No. 69483-B of 2020, decided on 11.3.2021.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Pakistan Penal Code, (XLV of 1860), Ss. 302/365/147/149--Post-arrest bail, dismissal of--Accused engaged his counsel after seven months from framing of charge and he (petitioner) himself sought adjournments to engage his counsel--As petitioner sought adjournments on crucial dates, when prosecution witnesses appeared before Court, therefore, he is not entitled to relief of post arrest bail on ground of delay--Although petitioner has argued that if period of adjournments sought by petitioner is excluded from consideration, even then a period of more than two years has elapsed from date of arrest of petitioner but there is no substance for petitioner because petitioner is unable to cite a single judgment, where PWs repeatedly appeared before Court and adjournments were sought on said date by accused and even then bail was granted to said accused after excluding period of his detention--Bail was dismissed. [Pp. 746 & 747] A & B

PLJ 1998 SC 1214.

Mr. Azam Nazir Tarar, Advocate for Petitioner.

Ch. Muhammad Ishaq, Additional Prosecutor General for State.

Syed Afzal Shah Bukhari, Advocate for Complainant.

Date of hearing: 11.3.2021.

ORDER

Through the instant petition, Umar petitioner seeks post arrest bail in case FIR No. 1319/2018, dated 26.06.2018, offences under Sections 302/365/147/149, PPC, registered at police station Kahna, Lahore.

2. Learned counsel for the petitioner submits that he will not argue the instant bail petition on merits as the same may prejudice the case of either party and will advance his arguments only to the extent of ground taken by the petitioner regarding delay in conclusion of his trial.

3. Arguments heard. Record perused.

4. I have noted that the petitioner was arrested in this case on 30.08.2018 and report under Section 173, Cr.P.C. was submitted before the learned trial Court on 20.02.2019, whereas charge was framed against the petitioner on 22.03.2019. It is evident from the perusal of attested copy of order sheet of the learned trial Court that on 06.04.2019, the complainant along with his PWs was present but the case was adjourned on the request of the accused/petitioner as he wanted to hire the services of a learned counsel in this case. On 22.04.2019, although the complainant was directed to produce his private witnesses but even on the said date, a request was made by the accused/petitioner to adjourn the case in order to engage his defence counsel. On 04.05.2019, the complainant was present and he was directed to produce his private witnesses but even on the said date, the accused persons (including the petitioner) also made a request to adjourn the case as they wanted to engage their defence counsel, however, the learned trial Court clarified that if the accused persons (including the petitioner) would not engage their counsel till the next date, then defence counsel on state expenses will be provided. On 21.05.2019, the complainant along with PWs namely Shakeel, Muhammad Amjad, Muhammad Bashir, Naveed Ahmad and Muhammad Yasin was present and they were ready to record their evidence but the accused persons (including the petitioner), submitted that they have not engage their counsel and requested for an adjournment, however, the learned trial Court repeated direction that in case the accused persons (including the petitioner) do not engage their counsel till the next date, then the defence counsel at state expenses will be provided in this case. On 27.6.2019, the complainant along with PWs namely Shakeel, Muhammad Amjad, Muhammad Bashir and Naveed Ahmed was present before the Court but the case was adjourned due to the strike of lawyers (including the lawyer of the petitioner). On 10.08.2019, the complainant was directed to produce his witnesses but at the same time, the accused persons (including the petitioner) were directed to ensure the presence of their counsel on the next date. On 28.08.2019, the complainant along with PWs Naveed, Rasheed and Amjad was present before the Court and

they were ready to record their evidence but the accused persons (including the petitioner) made request for an adjournment, therefore, the case was adjourned and it was noted by the learned trial Court in order dated 28.08.2019, that till the date, the accused persons had not engage their counsel and number of opportunities had already been obtained by them to engage a counsel, whereas the prosecution witnesses are appearing before the Court regularly, therefore, absolute last and final opportunity was granted to the accused persons (including the petitioner) to engage their counsel till the next date of hearing, otherwise, defence counsel at state expenses shall be provided to the accused persons. On 4.9.2019, the complainant along with the PWs namely Shakeel, Muhammad Amjad, Muhammad Bashir and Naveed Ahmad was present and they were ready to record their evidence but due to non-availability of learned defence counsel, the case was adjourned and it was noted in the said order that the accused persons namely Muhammad Usman (co-accused), Muhammad Umar (petitioner) and Muhammad Talha (co-accused) had not engaged their counsel and they were directed to ensure the presence of their counsel on the next date. On 18.9.2019, examination- in-chief of two PWs was recorded, whereas examination-in-chief of the complainant was partially recorded and on raising legal objections by learned defence counsel, his remaining examination-in-chief was reserved, however, the learned trial Court in order dated 18.09.2019, observed that accused persons namely Muhammad Usman (co-accused), Muhammad Umar (petitioner) and Muhammad Talha (co- accused) had not engaged their counsel and they were directed to engage their counsel till the next date of hearing. On 04.01.2020, the complainant along with PWs namely Bashir and Naveed was present but the case was adjourned on the joint request of learned vice counsel for the parties. On 20.10.2020, the complainant along with PW Naveed was present but the case was adjourned due to strike of lawyers (including the lawyer of the petitioner). On 04.11.2020, the complainant along with Muhammad Bashir and Muhammad Amjad was present but the case was again adjourned due to strike of lawyers (including the lawyer of the petitioner). On 19.12.2020, the complainant along with PWs namely Muhammad Bashir, Muhammad Amjad and Naveed Ahmad was present but due to non-availability of learned defence counsel, the case was adjourned. It is, therefore, evident from the perusal of attested copy of order sheet of the learned trial Court that the petitioner engaged his counsel in this case on 17.10.2019 i.e., after seven months from the framing of charge and he (petitioner) himself sought adjournments from the

learned trial Court to engage his counsel. As the petitioner sought adjournments on the crucial dates, when the prosecution witnesses appeared before the Court, therefore, he is not entitled to the relief of post arrest bail on the ground of delay in conclusion of his trial as observed by the August Supreme Court of Pakistan in the case of *"Abdur Rashid vs. State"* (PLJ 1998 SC 1241). Although learned counsel for the petitioner has argued that if the period of adjournments sought by the petitioner is excluded from consideration, even then a period of more than two years has elapsed from the date of arrest of the petitioner but there is no substance in the abovementioned argument of learned counsel for the petitioner because learned counsel for the petitioner is unable to cite a single judgment, where the prosecution witnesses repeatedly appeared before the Court and adjournments were sought on the said date by the accused and even then the bail was granted to the said accused after excluding the period of his detention.

5. In the light of above discussion, there is no substance in the present petition, hence the same is hereby dismissed.

(A.A.K.) **Bail dismissed.**

1997 SCMR 412, 2012 SCMR 573 *ref.*

Mr. Azhar Abbas Thaheem, Advocate for Petitioner.

Ch. Muhammad Ishaq, Deputy Prosecutor General for State.

Nemo for Complainant.

Date of hearing: 8.2.2021

ORDER

The petitioner, namely, Sunny Abbas through the instant petition seeks post arrest bail in case FIR No. 2421 dated 27.11.2019 registered at P.S. South Cantt District Lahore offences under Sections 392/411 of PPC.

2. As per police report, the complainant has been served with the notice of this case but no one appeared on his behalf despite repeated calls. Even otherwise, it is a State case and learned Addl. Prosecutor General for the State is ready to argue the same therefore, I proceed to decide the instant petition after hearing the arguments of learned counsel for-the petitioner, learned Addl. Prosecutor General for the State and perusing the record.

3. Arguments heard. Record perused.

4. This is 3rd post arrest bail petition filed by the petitioner before this Court. Earlier 1st post arrest bail petition of the petitioner bearing, Crl. Misc. No. 31826-B of 2020 was dismissed due to non-prosecution *vide* order dated 15.07.2020, whereas, 2nd post arrest bail petition of the petitioner bearing Crl. Misc. No. 56707-B of 2020 was dismissed as having not been pressed after arguing the case at some length *vide* order dated 17.12.2020. The instant 3rd post arrest bail petition has been filed by the petitioner on the fresh ground of delay in conclusion of the trial. I have noted that as per police

record, the petitioner has been arrested in this case on 19.12.2019. Report under Section 173 of Cr.P.C was furnished before the learned trial Court on 04.03.2020 & charge was framed against the petitioner on 19.10.2020. Learned counsel for the petitioner has produced before the Court today an attested copy of the complete order sheet of the learned trial Court. Perusal of the attested copy of the order sheet of the learned trial Court shows that neither the complainant nor the prosecution witnesses appeared before the learned trial Court on a single date of hearing of this case despite issuance of bailable & non-bailable warrants of arrest against them. Case was adjourned before the learned trial Court on account of leave of the learned Presiding Officer, due to non-production of the accused persons from jail due to the situation created by COVID-19 or on account of non-appearance of the complainant and the prosecution witnesses before the learned trial Court. It is also noteworthy that the complainant has been served with the notice of the instant bail petition and despite the service, he did not bother to appear before this Court which shows his lack of interest in the prosecution of the present case. The petitioner cannot be kept behind the bars for an indefinite period without any fault on his part. The petitioner has therefore, earned statutory right to be released on bail as envisaged under the 3rd provision of Section 497(1)(a) of Cr.P.C. Although learned Addl. Prosecutor General has argued that the petitioner is involved in four other criminal cases but he has conceded on instructions that there is no record of previous conviction of the petitioner in any other case. Moreover, it is by now well settled that mere involvement of an accused in some other criminal cases is not sufficient to refuse him bail if otherwise he is entitled to the said relief on merits. Reliance in this respect may be placed on the cases reported as *'Muhammad Rafique vs. The State'* (1997 SCMR 412) &*'Jamal-ud-Din alias Zubair Khan vs. The State'* (2012 SCMR 573). There is nothing on the record to show that the petitioner is previously convicted offender for an offence punishable with death or imprisonment for life or he is hardened, desperate or dangerous criminal or he is accused of an act of terrorism punishable with death or imprisonment for life. As the petitioner has earned statutory right under the aforementioned provision of law therefore, this petition is **allowed** and the petitioner is admitted to bail after arrest subject to his furnishing the bail bonds in

the sum of Rs. 200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Petition allowed.**

W.P. No. 16823 of 2017, heard on 16.11.2017.

Constitution of Pakistan, 1973--

----Art. 199--Criminal Procedure Code, (V of 1898), Ss. 22-A & 22-B--Application for registration of case--Accepted--Purchase of wheat and rice--Submission of report by SHO--Receiving of amount by respondent--Non-disclosing of fact in petition for registration of case by respondent--Rendation of accounts--Challenge to--Respondent No. 3 is present in this Court alongwith his counsel--He has admitted before Court that he has already received an amount of Rs. 2,61,000/- from petitioner--His said admission is in conflict with story narrated by him in his petition under Section 22-A/B, Cr.P.C. because in said petition he did not disclose that he has already received amount from petitioner--It is a case if rendition of accounts or above mentioned respondent can file a suit for recovery of outstanding amount against above mentioned cheque which is a proper remedy for above mentioned respondent--Petition allowed. [P. 466] A

Mr. Zabi Ullah Nagra, Advocate for Petitioner.

Ch. Iftikhar Iqbal Ahmad, AAG for State.

Mr. Shahid Iqbal Qureshi, Advocate for Respondent No. 3.

Date of hearing. 16.11.2017.

JUDGMENT

This petition has been filed against the order dated 18.4.2017 passed by learned *ex-officio* Justice of Peace, Gujranwala, whereby, petition under Section 22-A/B, Cr.P.C. filed by Muhammad Afzal (Respondent No. 3) was allowed with the direction to the concerned SHO to record the statement of Respondent No. 3 under Section 154, Cr.P.C. and proceed in the matter in accordance with the law.

2. As per brief facts of the 0resent case, Muhammad Afzal (Respondent No. 3) filed a petition under Section 22-A/B, Cr.P.C. with the allegation that he sold rice and wheat to the petitioner of the value of Rs. 6,15,000/- and for payment of the said amount the petitioner handed over a cheque to him which was dishonored on its presentation by the concerned bank, therefore, an order for registration of FIR may be passed against the petitioner. The said petition filed by respondent No. 3 has been accepted *vide* the above mentioned impugned order passed by the learned *ex-officio* Justice of Peace, Gujranwala; hence the present petition before this Court.

3. It is contended by learned counsel for the petitioner that Respondent No. 3 alongwith his learned counsel appeared before the learned *ex-officio* Justice of Peace, Gujranwala and admitted that he has received an amount of Rs. 2,61,000/- from the petitioner and in the light of said admission it was a case of rendition of accounts and no offence under Section 489-F, PPC is made out in this case; that even the local police has reported in its report before the learned *ex-officio* Justice of Peace, Gujranwala that Respondent No. 3 has already received an amount of Rs. 2,61,000/- from the petitioner and only an amount of Rs. 3,54,000/- was outstanding against the petitioner and as such it is a case of civil nature regarding rendition of accounts, therefore, the impugned order is not sustainable in the eye of law.

4. On the other hand this petition has been opposed by learned counsel for Respondent No. 3 on the grounds that the cheque issued by the petitioner of the value of Rs. 6,51,000/- was dishonored on its presentation by the concerned bank, therefore, ingredients of offence under Section 489-F, PPC were fully attracted in this case and as such the impugned order was rightly passed against the petitioner by the

learned *ex-officio* Justice of Peace, Gujranwala; that the petitioner has raised disputed questions of facts in this petition which cannot be resolved in constitutional jurisdiction; that the signatures on the disputed cheque have been admitted by the petitioner; that there is no substance in this petition, therefore, the same may be dismissed.

5. Arguments heard and record perused.

6. It is claim of Respondent No. 3 that the petitioner purchased rice and wheat from him of the value of Rs. 6,15,000/- and for the payment of said sale consideration the petitioner handed over the cheque in question of the above mentioned value to him which was dishonored on its presentation by the concerned bank. On the other hand, it is claim of the petitioner that Respondent No. 3 has already received the disputed amount from him and he has *mala fidely* moved application under Section 22-A/B, Cr.P.C. for registration of case against him and got the impugned order issued. I have noted that the SHO of police station Qila Dedar Singh, District Gujranwala in its report submitted before the learned *ex-officio* Justice of Peace, Gujranwala has reported that Muhammad Afzal (Respondent No. 3) has admitted that he has already received an amount of Rs. 2,61,000/- from the petitioner against the above mentioned cheque and only an amount of Rs. 3,54,000/- is outstanding against the petitioner. Muhammad Afzal (Respondent No. 3) is present in this Court alongwith his learned counsel. He has admitted before the Court that he has already received an amount of Rs. 2,61,000/- from the petitioner. His said admission is in conflict with the story narrated by him in his petition under Section 22-A/B, Cr.P.C. because in the said petition he did not disclose that he has already received the above mentioned amount from the petitioner. In the light of above, it is a case of rendition of accounts or the above mentioned respondent can file a suit under Order XXXVII, C.P.C, for the recovery of outstanding amount against the above mentioned cheque which is a proper remedy for the above mentioned respondent. Under the circumstances, the learned *ex-officio* Justice of Peace, Gujranwala was not obliged to pass the impugned order against the petitioner. Resultantly, this petition is ***allowed*** and the impugned

order dated 18.04.2017 passed by the learned *ex-officio* Justice of Peace, Gujranwala is hereby ***set aside.***

(Y.A.) Petition allowed.

Mian Shahid Amin, Advocate for Petitioner.

Mr. Nisar Ahmad Virk, Deputy Prosecutor General for State.

Mr. Ajmal Mehmood, Advocate for Complainant.

Date of hearing: 19.6.2019.

JUDGMENT

Shaukat Ali, petitioner, seeks quashment of FIR No. 1674 dated 25.09.2018 offence under Section 406, PPC registered at Police Station Green Town, Lahore.

2. Arguments heard. Record perused.

3. As per contents of the FIR, Muhammad Ishtiaq Khan (complainant) alleged that he started a joint business of hotel with Shaukat Ali (petitioner) with the name and style of Masooma Grill Station Hotel. The complainant invested an amount of Rs.

500,000/-in the said business through written partnership deed dated 28.09.2017. It was agreed between the parties in the abovementioned partnership deed that after deduction of expenses, profit shall be distributed equally between the parties. However, Shaukat Ali, petitioner did not pay any amount of profit to the complainant. After five days of the execution of the partnership deed between the parties, the petitioner closed his abovementioned hotel and shifted to some other place. Later on, the complainant contacted the petitioner at his house, who, paid an amount of Rs. 200,000/-to the complainant and promised to pay the remaining amount within a period of one month but despite the lapse of six months, the petitioner did not pay the remaining amount to the complainant. The petitioner promised with the complainant that he (petitioner) will keep the remaining amount of the complainant as a 'trust' with him and the complainant may take back the said amount from the petitioner as and when desired by him. Later on, the complainant contacted the petitioner for return of his remaining amount on 27.07.2018 but the petitioner and his co-accused extended threats of life to the complainant. Shakir, co-accused also took out pistol and threatened the complainant that if he will make any demand of money, then, he shall be murdered, hence, the abovementioned FIR.

4. It is evident from the contents of the FIR that the complainant invested an amount of Rs. 500,000/-in the joint business of hotel with the petitioner and in this respect a written partnership deed was also executed between the parties on 28.09.2017. Later on, the hotel of the parties was closed and the petitioner returned an amount of Rs. 200,000/-to the complainant, however, he did not pay the profit of joint business or returned the remaining principal amount to the complainant. It is, therefore, evident that in-fact, it was a case of civil nature regarding recovery of money or rendition of accounts but the complainant has lodged the impugned FIR by merely mentioning a single sentence therein that the petitioner promised with the complainant that he will keep the remaining amount of the complainant as a **'trust'** with him and the same shall be returned to the complainant as and when desired by him. I have noted that a written partnership deed was executed between the parties on 28.09.2017, which is available on the record. There is nowhere mentioned in the said partnership deed that the amount invested by the complainant shall remain as a **'trust'** with the petitioner rather perusal of the contents of the said partnership deed reveals that the abovementioned amount of Rs. 500,000/-was invested by the complainant in a joint business of hotel with the petitioner. In the case of *"Miraj Khan vs. Gul Ahmad and 03 others"* (2000 SCMR 122), the Hon'ble Supreme Court of Pakistan has held that merely mentioning the word **'trust'** in the FIR would not attract the provisions of Section 406 PPC when otherwise, ingredients of the said offence are not made out, from the contents of the FIR.

Resultantly, FIR in the said case was quashed by the Apex Court. It is by now well settled that there is a difference between the **'investment'** and **'entrustment'** as envisaged under Section 405, PPC punishable under Section 406, PPC. This Court in the case of *"Shaukat Ali Sagar vs. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others"* (2006 PCr.L.J 1900), in a similar situation, quashed the FIR registered under Sections 405, 406, 506, PPC. Paragraph No. 2 at Page No. 1901 of the said judgment is reproduced hereunder for ready reference:

> "I have heard the learned counsel for the parties and have gone through the record of this case with their assistance and have straightaway found that the facts alleged in the impugned F.I.R. do not constitute the offences invoked therein. According to the F.I.R. some amount of money was given by the complainant to the petitioner for the purposes of doing business therewith and for giving profit to the complainant therefrom. An offence of criminal breach of trust defined by Section 405, P.P.C. is constituted and the same is punishable under Section 406, P.P.C. if some property is given on trust and the same property is to be returned. In the case in hand it was not the complainant's case that the same currency notes which had been given by him to the petitioner were to be kept by the petitioner by way of a trust and the same currency notes were to be returned to the complainant. It is a settled proposition by now that if some money is given to somebody for the purpose of investment in some business and an equivalent amount of money along with profits over the same are to be returned to the person giving the money in the first instance then such a business transaction does not attract the provisions of Section 405, P.P.C. read with Section 406, P.P.C. because in such a case the same property is not to be returned but what is to be returned is its equivalent property along with profits. In a case of this nature the matter is not of entrustment of property but is simply one of investment of property".

Similarly, in the instant case, it is not claimed by the complainant that the currency notes which he had given to the petitioner, were to be kept by the petitioner by way of **'trust'** and the same currency notes were to be returned to the complainant and as such provisions of Section 405, PPC punishable under Section 406, PPC are not attracted in this case.

5. Although, the police has not leveled offence under Section 506, PPC in this case but the complainant has leveled the allegation that the petitioner and his co-accused extended threats of life to him. No specific time of the threats of life allegedly extended by the petitioner and his co-accused has been mentioned in the

FIR and a vague allegation by only mentioning the date in this respect has been leveled therein. A vague allegation has been leveled by the complainant against the petitioner and his co-accused in respect of the alleged threats of life extended by them. It is by now well settled that no person can be prosecuted and convicted on the basis of vague and unspecific allegations. Under the circumstances, in case of submission of challan in this regard the learned trial Court shall not be able to frame a specific charge in that respect against the petitioner and his co-accused. Reliance in this respect is again placed on the judgment reported as "*Shaukat Ali Sagar vs. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others "* (2006 PCr.L.J 1900).

6. The petitioner has also placed on the record attested copy of suit for rendition of accounts and permanent injunction which has been filed by him against the complainant on 13.10.2018. An attested copy of suit for recovery of Rs. 300,000/- filed by Muhammad Ishtiaq Khan (complainant) against Shaukat Ali (petitioner) and others has also been placed on the record. The said suit has been filed on 05.11.2018. Both the abovementioned suits are pending adjudication before the learned Civil Judge, Lahore. It is evident from the perusal of the impugned FIR that there was a joint business of Hotel of the parties and there is a business dispute between them which is purely of civil nature and as such the parties have rightly filed the abovementioned civil suits against each other for the decision of their disputes by the Civil Court. It appears that by lodging the impugned FIR, the complainant has tried to convert the civil/business dispute into criminal case in order to blackmail and pressurize the petitioner and his co-accused and to get concession(s) in the civil litigation. I am, therefore, of the view that the impugned FIR is liable to be quashed as observed in the abovementioned judgments, as well as, in the judgments reported as *"Muhammad Ali and another vs. Assistant Commissioner, Narowal and another"* (1987 SCMR 795), *"Zulfiqar Ali vs. Station House Officer, Police Station Model Town, Gujranwala and 2 others"* (2014 P.Cr.L.J 487), *"Umair Aslam vs. Station House Officer and 7 others"* (2014 P.Cr.L.J 1305), *"Zahid Jameel vs. SHO, etc."* (2009 Cr.L.J 290) and *"Zahid Jameel vs. SHO, etc."* (2009 Cr.L.J 630).

7. For what has been discussed above, this petition is allowed and impugned FIR No. 1674 dated 25.09.2018, registered at Police Station Green Town, Lahore under Section 406 PPC is hereby quashed. The investigating officer of the said case is directed to make an entry in this regard in the relevant register.

Date of hearing: 4.11.2019.

ORDER

Through the instant petition, Muhammad Shafat petitioners seeks pre-arrest bail in case FIR No. 448/2018, dated 12.11.2018, offences under Sections 324/34, PPC, registered at police station City Joharabad, District Khushab.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, the petitioner along with his co-accused while armed with different fire-arms launched an attack upon the complainant party. Muhammad Shafat petitioner has been assigned the role of making a fire shot of carbine 12. bore, which landed on the right hand, right thigh and above tastical region of Muhammad Asif Aziz (PW).

4. It is a case of cross versions. The occurrence in the State case took place on 12.11.2018 at 11.05 a.m. The petitioner lodged cross version case on the same day *i.e.*, on 12.11.2018, at 1.00 p.m (noon), with the allegation that in fact the complainant party of the State case was aggressor and caused different injuries on his body. Muhammad Shafat petitioner was also Medically examined on the day of occurrence *i.e.*, 12.11.2018 at 1.50 p.m (noon). According to the medico legal report of Muhammad Shafat petitioner, there are as many as seven injuries on his body. The injuries of the petitioners have been declared by the concerned Medical Officer to be punishable under Sections 337-A(ii) 337-F(v)/337-F(vi)/337-L(ii) PPC because the concerned Medical Officer noted factures of different bones of the body of the petitioner. In the relevant column of the medico legal report of Muhammad Shafat petitioner, the Medical officer categorically mentioned that there was no possibility of fabrication of any injury of Muhammad Shafat petitioner. Learned counsel for the complainant has conceded on instructions that the complainant party of the State case has not challenged the medico legal report of the petitioner before the District Standing Medical Board. Moreover, Bashir Ahmad ASI, who is Investigating Officer of this case, as well as, the cross version case submits that he has declared five accused persons of the cross version case as guilty during the investigation of the case. As it is admittedly a case of case versions, therefore, it will be determined by the learned trial Court after-recording of evidence that as to who was the aggressor and who was aggressed upon and as such, case for grant of pre-arrest bail is made out in favour of the petitioner. Reliance in this respect may be placed on the cases of *"Hamza Ali Hamza and others v. The State* (2010 SCMR 1219) and *"Syed Darbar Ali Shah and others vs. The State'* (2015 SCMR 879).

5. In the light of above discussion, the instant petition is ***allowed*** and ad-interim pre-arrest bail already granted to the petitioner is hereby confirmed subject to his furnishing fresh bail bonds in the sum of Rs. 1,00,000/- (Rupees one hundred Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Bail confirmed.**

Criminal Miscellaneous No. 15682-B of 2019, decided on 22nd April, 2019.

Criminal Procedure Code (V of 1898)---

----S. 497---Penal Code (XLV of 1860), Ss. 365-B, 376 & 375---Kidnapping, abducting or inducing woman to compel for marriage, rape---Bail, refusal of---Principle of consistency---Applicability---Scope---Allegation against accused was that he along with another abducted the daughter of complainant on gun point and both accused persons committed rape with her---Accused was named in the FIR with specific role---Allegation against accused was prima facie supported by the medical evidence, according to which the hymen of the alleged victim was old torn---Medical examination of alleged victim was conducted after 10 days of abduction---Forensic Science Agency had reported that no semen was detected on the swabs taken from the vaginal area of the victim and after going through the said report medical officer had opined that no fresh intercourse was taken place but the alleged victim was abducted on 21-11-2018 and she was released from the custody of the accused on 26-11-2018, whereas her medical examination was conducted on 01-12-2018, therefore, non-presence of semen on the swabs taken from the vagina of alleged victim was quite natural---Penetration was sufficient to constitute the offence of rape---Penetration was established from the medico-legal report of the alleged victim---Accused was found guilty during the course of investigation and accused was unable to establish any mala fide on the part of the prosecution for his false involvement in the case---Co-accused had been granted post arrest bail by High Court but no allegation of rape was levelled against him and as such the case of the accused was distinguishable from the case of the co-accused---Accused, in circumstances, could not claim the relief of bail on the principle of consistency---Petition of accused for grant of bail was dismissed.

Akhtar Hussain Bhatti for Petitioner.

Ch. Muhammad Ishaq, Deputy Prosecutor General for the State with Umar Darazi A.S.I.

Ch. Amin Rehmat for the Complainant.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---Through the instant petition, the petitioner Dilawar seeks post arrest bail in case FIR No.893/2018, dated

28.11.2018, offences under sections 365-B/376, P.P.C., registered at police station Factory Area, District Faisalabad.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 21.11.2018, at about 6.00 p.m, the daughter of the complainant namely Mst. Zohara Bibi, was coming back towards her house but she was abducted at gun point by the petitioner and his co-accused, who took her to an unknown place, where the petitioner and Shahzaib co-accused committed rape with her turn by turn. On 26.11.2018, Mst. Saima Bibi co-accused took Mst. Zohara Bibi alleged victim to her house, where the alleged victim namely Mst. Zohara Bibi raised hue and cry, upon which the people of the Mohallah attracted towards the spot and rescued Mst. Zohara Bibi, hence the abovementioned FIR.

4. The petitioner is named in the FIR with the specific role that he along with his co-accused abducted Mst. Zohara Bibi and took her to an unknown placed, where he and Shahzaib co-accused committed rape with her turn by turn. The allegation levelled against the petitioner is prima facie supported by the medical evidence, according to which the hymen of the alleged victim was old torn. It is noteworthy that Mst. Zohara Bibi was abducted on 21.11.2018 and her medical examination was conducted on 01.12.2018. Although as per report of the Punjab Forensic Science Agency, Lahore, no semens were detected on the swabs taken from the vaginal area of the victim and after going through the said report, the Medical Officer has opined that no fresh intercourse has taken place in this case but it is noteworthy that Mst. Zohara Bibi was abducted on 21.11.2018 and she was released from the custody of the accused on 26.11.2018, whereas her medical examination was conducted on 01.12.2018, therefore, non-presence of semens on the swabs taken from her vaginal area was quite natural. Moreover, under section 375, P.P.C., only penetration is sufficient to constitute the offence of rape. The penetration in this case is established from the medico legal report of Mst. Zohara Bibi alleged victim, according to which her hymen was old torn. The petitioner has been found guilty during the course of investigation. The petitioner is unable to establish any mala fide on the part of the prosecution for his false involvement in this case. It is true that the co-accused of the petitioner namely Iftikhar alias Babloo has been granted post arrest bail by this Court vide order dated 07.02.2018, passed in Crl. Misc. No.1314-B of 2019 but no allegation of rape was levelled against the abovementioned co-accused and as such case of the petitioner is distinguishable from the case of the abovementioned co-accused, therefore, the petitioner cannot claim the relief of bail on the principle of consistency.

5. Keeping in view all the aforementioned facts, there is no substance in the present petition, hence the same is hereby dismissed.

SA/D-8/L **Bail declined.**

Before Malik Shahzad Ahmad Khan, J

MUHAMMAD TARIQ---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 2023 of 2011, heard on 5th June, 2020.

(a) Penal Code (XLV of 1860)---

----Ss. 376, 365 & 511---Rape, kidnapping or abducting with intent to secretly and wrongfully confine person, attempt to commit offence---Appreciation of evidence---Benefit of doubt---Enmity with accused---Non-production of victim---Contradictory statements---Un-natural conduct of witnesses---Delay in producing clothes of victim to police---Effect---Prosecution case against accused was that he abducted the daughter of complainant when she reached near his house; took her to his house; tore her clothes with intention to commit rape but the mother of victim while passing through the street saw the victim being abducted; which attracted two persons and the accused fled away from the spot---Admittedly, complainant party had enmity with the accused---No medico legal examination of the victim was produced which could have shown marks of dragging or violence on her body---Victim, although deaf and dumb, was not produced in the witness box---Statements of eye-witnesses were contradictory---Accused, despite being empty handed, was not apprehended by the complainant party even though it consisted of three adult members---Torn 'qameez' of the victim was produced before the police after seventeen days of the occurrence---Admittedly, accused and his brother lived in the house where the occurrence took place and it was not probable that the accused would attempt to commit rape where his family and family of his brother was living---Prosecution had failed to prove its case against the accused beyond reasonable doubt---Appeal against conviction, was allowed, in circumstances.

(b) Criminal trial---

----Witness---Related witness---Scope---Statement of related eye-witness can be relied upon to decide a case but such statement is required to be corroborated by independent evidence and it should be confidence inspiring and trustworthy.

(c) Criminal trial---

----Benefit of doubt---Scope---Single circumstance creating reasonable doubt in the prosecution case is sufficient to give benefit of doubt to the accused.

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Barrister Danyal Ijaz Chadhar for Appellant with the Appellant in person.

Ch. Muhammad Ishaq, Additional Prosecutor-General for the State.

Nemo for the Complainant.

Date of hearing: 5th June, 2020.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of the aforementioned criminal appeal, filed by the appellant, Muhammad Tariq, against his conviction and sentence. The appellant was tried in case FIR No. 128 dated 21.07.2009 registered at Police Station Harnoli District Mianwali offences under sections 376/511/365 of P.P.C. by the learned Addl. Sessions Judge, Piplan and after conclusion of trial, vide judgment dated 28.11.2011, the learned trial Court has convicted and sentenced the appellant as under:-

> Under section 376 of P.P.C. to undergo rigorous imprisonment for seven years with fine of Rs. 30,000/-and in default of payment of fine, the appellant was directed to undergo SI for three months.

The benefit of section 382-B of Cr.P.C. was also extended to the appellant.

2. Brief facts of the case, as given by the complainant Muhammad Siddique (PW-2) in the FIR are that he was resident of Harnoli City and was working at a Petrol Pump situated in Chak No. 19-A/ML District Mianwali. On 21.07.2009 at 11:30 a.m., her daughter, namely, Zahida Bibi aged about 16 years, who was deaf and dumb, was returning home from the house of her uncle, namely, Muhammad Aslam and when she reached near the house of Muhammad Tariq (appellant), the appellant forcibly abducted her and took her to his haveli, where one unknown person was also present. At the time of abduction, mother of Zahida Bibi, namely,

Mst. Safia Bibi was coming in the street after taking medicine, who raised hue and cry upon which Muhammad Ismail (PW-4) and Shahid (given up PW) attracted to the spot. On seeing the PWs, the appellant along with unknown accused fled away from the spot. Accused also torn the clothes of the daughter of the complainant and they had the intention to commit rape with her after her abduction.

3. After completion of the investigation, the challan was submitted before the Court. The learned trial Court framed the charge under section 365-B of P.P.C. against the appellant on 17.12.2009, to which he pleaded not guilty and claimed trial.

4. In order to prove its case, the prosecution produced eight witnesses during the trial. Medical evidence regarding the potency test of the appellant was produced through Dr. Sana Ullah Malik (PW-1). Muhammad Siddique (PW-2) was the complainant of the case, whereas, Mst. Safia Bibi (PW-3) and Muhammad Ismail (PW-4) were the prosecution eye-witnesses. Hamid Ullah S.I (PW-7) and Muhammad Ijaz Ali S.I (PW-8) were the Investigating Officers of this case, whereas, Muhammad Bashir 129-C (PW-5) and Muhammad Ajmal S.I (PW-6) were the formal witnesses. Muhammad Hafeez, Special Education Teacher, Government Deaf and Defective Hearing School, Mianwali was produced as (CW-1).

The prosecution has also produced documentary evidence in the shape of MLR of the appellant (Ex.PA), complaint (Ex.PB), recovery memo of `qameez' of the alleged victim (Ex.PC), non-bailable warrants of arrest of the appellant and report over it (Ex.PD) and (Ex.PD/1), proclamation against the appellant and report over it (Ex.PE) and (Ex.PE/1), rough site plan of the place of occurrence (Ex.PF), application for issuance of non-bailable warrant of arrest of the appellant (Ex.PG), application for issuance of proclamation against the appellant (Ex.PH), and closed the prosecution evidence.

5. The statement of appellant under section 342 of Cr.P.C., was recorded. The appellant refuted all the allegations levelled against him and professed his innocence. While answering to a question that "Why this case against you and why the PWs have deposed against you", the appellant, replied as under:-

> "The complainant is the real father of victim and PW Mst. Safia Bibi is mother of complainant and Mohammad Ismail is a close relative of the

complainant. Due to previous enmity with complainant a false case was registered against me. PWs with mala fide intention deposed against me."

The appellant did not make statement under section 340(2) of Cr.P.C. in disproof of the allegations levelled against him, however, produced certified copy of application under section 133, Cr.P.C. (Ex.DA), copy of challan FIR No. 183 of 2008 of P.S. Harnoli Mark-DA and copy of Crl. Revision titled 'Muhammad Aslam v. Muhammad Afzal and others' Mark-DB in his defence.

6. The learned trial Court vide its judgment dated 28.11.2011, found the appellant Muhammad Tariq, guilty for the offence under section 376 of P.P.C. and convicted and sentenced him as mentioned and detailed above.

7. Learned counsel for the appellant, in support of this appeal, contends that the appellant has falsely been implicated in this case by the complainant due to his previous enmity with cousin of the complainant, namely, Aslam; that Muhammad Siddique (PW-2) has admitted that his cousin had enmity with the appellant; that no medico legal report of the alleged victim, namely, Zahida Bibi has been produced in the Court by the prosecution; that even the alleged victim did not appear in the witness box; that the allegedly torn `qameez' of the alleged victim was produced before the police after seventeen days of the occurrence; that no independent witness appeared before the learned trial Court against the appellant to prove the prosecution case; that evidence of related eye-witnesses is not corroborated by any independent evidence and same is self-contradictory; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of any doubt thus, this appeal be accepted and the appellant may be acquitted from the charge.

8. On the other hand, learned Addl. Prosecutor General has opposed this appeal on the grounds that the prosecution has fully proved its case against the appellant beyond the shadow of any doubt; that evidence of the prosecution eye-witnesses could not be shattered during the process of cross-examination; that prosecution case against the appellant is further supported by the medical evidence of Dr. Sana Ullah Malik (PW-1), who has deposed that the appellant was capable of performing sexual intercourse; that there is no substance in this appeal therefore, the same may be dismissed.

9. Arguments heard. Record Perused.

10. Prosecution case as set forth in the FIR has already been reproduced in para No. 2 of this judgment therefore, there is no need to repeat the same. Muhammad Siddique complainant (PW-2) is father of the alleged victim, namely, Mst. Zahida Bibi. He admitted during his cross-examination that Aslam was his 'chachazaad' and he had enmity with the appellant. Relevant part of his statement reads as under:

> "Aslam is my chachazad. It is correct that Aslam and accused have enmity inter se."

Similarly, Mst. Safia Bibi (PW-3) (mother of the alleged victim) also admitted the abovementioned relationship of Aslam as paternal cousin of her husband and she also admitted that the said Aslam and the appellant had enmity with each other. Relevant part of her statement is reproduced hereunder:-

> "Aslam is "patrair" of my husband. It is correct that said Aslam and accused have enmity with each other."

It is therefore, evident that there was earlier enmity between the appellant and the complainant party. In this case, the prosecution produced eye-witnesses, namely, Mst. Safia Bibi (PW-3) and Muhammad Ismail (PW-4). As mentioned earlier, Mst. Safia Bibi (PW-3) is real mother of the alleged victim, whereas, Muhammad Ismail (PW-4) is paternal nephew of Mst. Safia Bibi. Their inter se relationship was brought on the record during the cross-examination of Mst. Safia Bibi (PW-3), who stated as under:-

> "Shahid PW is my mamuzad whereas Ismaeel PW is my Bhatija."

Although statements of the related eye-witnesses can be relied upon to decide a criminal case but the said statements are required to be corroborated by any independent evidence and the same should be confidence inspiring and trustworthy. I have noted that the alleged victim of this case was Mst. Zahida Bibi and it was case of the prosecution that she was dragged from outside the house of the appellant and was taken inside the said house. She (Mst. Zahida Bibi) offered resistance and her qameez was also torn during the occurrence but no medico legal examination of the alleged victim Mst. Zahida Bibi, which could have shown any marks of dragging or violence on her body, was conducted in this case and she was not medically examined in this case. Even the alleged victim, namely, Mst. Zahida Bibi did not appear in the witness box. It is true that the alleged victim

Mst. Zahida Bibi was deaf and dumb but Muhammad Ijaz Ali, AS1 (PW-8) stated in his examination-in-chief that he recorded the statement of the alleged victim Mst. Zahida Bibi on 02.09.2009 on her nodes translated by her mother. Statement of Muhammad Hafeez, Special Education Teacher was recorded as CW-1 but he stated that the alleged victim was not able to follow his sign language as she was uneducated and not able to understand his sign language. Moreover, the statement of the alleged victim, namely, Mst. Zahida Bibi was not recorded by the learned trial Court with the help of her nodes translated by her mother. It is also noteworthy that there is conflict in the statements of the prosecution eye-witnesses, namely, Mst. Safia Bibi (PW3) and Muhammad Ismail (PW-4). Mst. Safia Bibi (PW-3) stated in her examination-in-chief that when she along with the other eye-witnesses entered into the house of the accused/appellant, only her daughter was present in the said house, whereas, accused/appellant was not present there, whereas, Muhammad Ismail (PW-4) stated in his examination-in-chief that on the day of occurrence, he while following his 'phuphi' (Mst. Safia Bibi PW-3) entered into the house of the accused (appellant) and saw that Tariq accused was running away from the spot. Relevant parts of the statements of the abovementioned prosecution eye-witnesses are reproduced hereunder:-

> Mst. Safia Bibi (PW-3).
>
> "I along with Ismaeel and Shahid PWs entered inside the haveli of the accused and saw that accused was not present in the house and only my daughter was found present in the house of the accused."
>
> Muhammad Ismaeel (PW-4).
>
> "On 21.07.2009, at about 11:30 a.m., I was coming from bazaar and Shahid PW was coming behind me at some distance. When I reached near the house of Aslam, I saw that my Phuphi Safia Bibi was making noise and entering into the house of Tariq accused following my Phuphi. I also entered into the house of accused and saw that Tariq accused was running away and Zahida Bibi was lying on the ground."
>
> (Bold and underlining supplied for emphasis)

It is therefore, evident that there is conflict in the evidence of the abovementioned prosecution eye-witnesses regarding the material aspect of the case. I have also noted that there was no allegation against the appellant that he

was armed with any weapon at the time of occurrence. It is further noteworthy that as per prosecution case, the complainant party was comprising of two male and one female adult members, namely, Mst. Safia Bibi (PW-3), Muhammad Ismail (PW-4) and Shahid (given up PW). The abovementioned PWs were closely related inter se because Mst. Safia Bibi stated during her cross-examination that Shahid (given up PW) was her `mamoonzad', whereas, Muhammad Ismail (PW-4) was her 'bateeja'. It is therefore, not understandable that if the appellant was empty handed and the complainant party was comprising of three adult members then as to why the appellant was not apprehended by them at the time of occurrence, I have also noted that the torn `qameez' of the alleged victim was produced before the police after seventeen days of the occurrence. Hameedullah, Sub-Inspector (PW-7)/Investigating Officer of this case, stated in his examination-in-chief that Muhammad Siddique complainant produced the `qameez' of the alleged victim before him on 07.08.2009, whereas, the occurrence in this case took place on 21.07.2009. No valid reason for production of the torn `qameez' by the complainant to the police with the gross delay of seventeen days has been given by the prosecution. It is further noteworthy that Muhammad Ismail (PW-4) admitted during his cross-examination that at the time of incident, accused and his brother were living in the 'haveli', where the occurrence took place. Relevant part of the statement of Muhammad Ismail (PW-4) reads as under:-

> "At the time of incident, the accused and his brother had not shifted with family and using the place of occurrence as Haveli."

It is therefore, not probable that the appellant would attempt to commit rape with the alleged victim, namely, Zahida Bibi in a `haveli', where his (appellant's) family and family of his brother were also living.

11. I have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled law that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt regarding the truthfulness of the prosecution story. In 'Tariq Pervez v. The State' (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:-

'5. The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of 'Muhammad Akram v. The State' (2009 SCMR 230), at page 236, observed as under:-

"13. ..... It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

12. In the light of above discussion, I am of the view that the prosecution has failed to prove its case against the appellant beyond the shadow of doubt, therefore, the instant appeal bearing Criminal Appeal No. 2023 of 2011 filed by Muhammad Tariq appellant is allowed and his conviction and sentence is hereby set-aside and he is acquitted of the charge by extending him the benefit of doubt. He is on bail. His bail bonds are directed to be released and sureties are discharged from liability.

SA/M-91/L **Appeal allowed.**

Before Malik Shahzad Ahmad Khan, J

MUHAMMAD RIAZ---Petitioner

Versus

The STATE and others---Respondents

Criminal Misc. No. 1 of 2019 in Criminal Appeal No. 05/J of 2016, decided on 13th January, 2020.

Criminal Procedure Code (V of 1898)---

----S. 426---Penal Code (XLV of 1860), Ss. 302 & 34---Qatl-i-amd, common intention---Suspension of sentence---Scope---Petitioner convicted under S. 302(b), P.P.C. and sentenced to life imprisonment had sought suspension of his sentence---Validity---Record showed that petitioner was arrested in the case on 07.11.2014---Impugned judgment was passed on 26.01.2016 whereas petitioner filed the jail appeal on 11.02.2016---Four years had elapsed from the date of passing of the impugned judgment and a period of three years and eleven months from the date of filing of appeal but the main appeal of the petitioner could not be decided so far---Nothing was on the record to suggest that the petitioner contributed towards the delay in the decision of main appeal---Nothing was on record to suggest that the petitioner was a hardened, desperate or dangerous criminal or he was a previously convicted offender for an offence punishable with death or imprisonment for life or was accused of an act of terrorism punishable with death or imprisonment for life---Petitioner had earned the statutory right for suspension of his sentence and grant of bail as provided under subsection 1-A(c) to S. 426, Cr.P.C., in circumstances---Petition was allowed accordingly.

Prince Rehan Iftikhar Sheikh for Petitioner.

Muhammad Shahid Riaz, Additional Prosecutor General for the State.

Aurangzeb Ghumman for the Complainant.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---Muhammad Riaz, petitioner, through the instant petition filed under section 426, Cr.P.C. has sought for suspension of his sentence and release on bail during the pendency of his appeal.

2. The petitioner was tried in case FIR No.516 dated 27.10.2014, offences under sections 302, 34, P.P.C. registered at Police Station Dera Rahim District Sahiwal and vide judgment dated 26.01.2016, passed by the learned Additional Sessions Judge, Sahiwal, the petitioner was convicted under section 302(b), P.P.C. and

sentenced to life imprisonment as Ta'zir with fine of Rs.50,000/-, for committing qatl-i-amd of Shabbir Hussain (deceased). In default of payment of fine, he was directed to further undergo four months' simple imprisonment. The petitioner was directed to pay Rs.50,000/- to the legal heirs of the deceased as required under section 544-A, Cr.P.C. All the sentences were directed to run concurrently. Benefit of section 382-B, Cr.P.C. was also extended to the petitioner.

3. The petitioner seeks suspension of his sentence on the expiry of statutory period provided under section 426(1)(c), Cr.P.C.

4. I have noted that the petitioner was arrested in this case on 07.11.2014. The impugned judgment of conviction of the petitioner was passed on 26.01.2016 whereas the jail appeal was filed by the petitioner before this Court on 11.02.2016 and as such a period of almost four years has already elapsed from the date of passing of the impugned judgment and a period of three years and eleven months from the date of filing of the appeal by the petitioner before this Court has elapsed but the main appeal of the petitioner could not be decided so far. There is nothing on the record to suggest that the petitioner contributed towards the delay in the decision of his main appeal because not a single adjournment has been sought by the petitioner from this Court. The main appeal of the petitioner was firstly taken up on 13.06.2016 and thereafter the same could not be fixed for hearing and as such the delay in decision of the main appeal of the petitioner cannot be attributed to the petitioner. Moreover, there is nothing on the record to suggest that the petitioner is a hardened, desperate or dangerous criminal or he is a previously convicted offender for an offence punishable with death or imprisonment for life or is accused of an act of terrorism punishable with death or imprisonment for life.

5. Keeping in view all the above mentioned facts, the petitioner has earned the statutory right for suspension of his sentence and grant of bail as provided under subsection 1-A(c) to section 426, Cr.P.C.

6. In the light of above discussion, this petition is allowed, the sentence of the petitioner is suspended and the petitioner Muhammad Riaz is admitted to bail subject to his furnishing bail bonds in the sum of Rs.500,000/- (Rupees Five hundred thousand only) with one surety in the like amount to the satisfaction of the Deputy Registrar (Judicial) of this Court. The petitioner is directed to appear before this Court on each and every date of hearing of his main appeal.

JK/M-52/L **Petition allowed.**

2020 Y L R 546

[Lahore (Rawalpindi Bench)]

Before Malik Shahzad Ahmad Khan and Ch. Abdul Aziz, JJ

QURBAN HUSSAIN---Appellant

Versus

The STATE and others---Respondents

Criminal Appeals Nos. 280, 458 and Murder Reference No. 34 of 2014, heard on 24th May, 2018.

(a) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Delay of about two hours in lodging the FIR---Charge against accused was that he along with acquitted accused committed murder of the brother of complainant---Occurrence in the case took place at 11:30 a.m.---Matter was reported to the police by complainant on the same day at 01:15 p.m., whereas, the formal FIR was also lodged on the same day i.e. on 02.08.2011 at 01:35 p.m.---Distance between the place of occurrence and police station was 05 kilometres---Circumstances established that the FIR was promptly lodged and there was no deliberation or conscious delay in reporting the matter to the police.

(b) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Appeal against acquittal--- Broad day-light occurrence---Ocular account supported by medical evidence---Scope---Accused was charged of offence that he along with acquitted accused committed murder of brother of the complainant---Motive behind the occurrence was that accused and deceased had quarrelled with each other---Trial Court, however, vide the same judgement acquitted co-accused extending him the benefit of doubt---Ocular account of the incident had been furnished by two witnesses including complainant---Said witnesses being brother and maternal uncle of the deceased respectively had given plausible reason for their presence at the crime scene at the time of occurrence---Defence had brought the fact on record that the dead body of deceased was taken

to the hospital by the staff of Emergency Service 1122, which showed that the dead body was not brought to the hospital by the eye-witnesses, and it was established that the said eye-witnesses were not present at the crime scene, at the time of occurrence---Record showed that complainant had himself stated during his cross-examination that an unknown person had called rescue team, after the occurrence---Even otherwise, said eye-witnesses were not expected to take themselves the dead body of deceased to the hospital and if the dead body of the deceased was brought to the hospital in the ambulance of the Emergency Service then the same did not negate the presence of the eye-witnesses at the spot at the time of occurrence---Occurrence in the case took place in the broad day-light at 11:30 a.m.---Appellant was earlier known to the eye-witnesses as there was previous enmity between the parties which had been proved on the record through earlier FIR and as such there was no chance of any miss-identification of the appellant---Eye-witnesses were cross-examined at length but their evidence could not be shaken and they corroborated each other on all material aspects of the case and their evidence was confidence inspiring and trustworthy---Medical Officer, who conducted post-mortem examination on the dead body of the deceased, had opined that the time that elapsed between the injury and death was immediate i.e., less than five minutes, whereas the time that elapsed between the death and the post-mortem examination was 6 to 12 hours---Medical Officer conducted post-mortem examination on the dead body of deceased on 02.08.2014 at 07.00 p.m.---As per prosecution evidence, the occurrence in this case took place on 02.08.2011 at 11:30 a.m. and as such the time that elapsed between the death and the post-mortem examination of the deceased as given by the Medical Officer coincided with the time of occurrence, mentioned by the eye-witnesses in the case---Medical evidence had substantially supported the ocular account furnished to the extent of role attributed to the appellant---Circumstances established that the prosecution had fully proved its case against appellant beyond the shadow of any doubt, in circumstances---In the present case, certain mitigating circumstances in favour of the appellant were noted; Firstly, the prosecution implicated co-accused in this case but he was acquitted by the Trial Court, appeal filed against the acquittal of the said co-accused had been dismissed as having been withdrawn; secondly, prosecution evidence had been disbelieved qua the recovery of .30 bore pistol and

motorcycle from the possession of the appellant; thirdly, the appellant had been assigned the role of causing single firearm injury on the body of deceased and he did not cause any other injury on the body of the deceased---Said facts showed that it was not a case of capital punishment therefore, the death sentence awarded to appellant was quite harsh---Conviction of appellant under S. 302(b), P.P.C. awarded by the Trial Court was maintained by the High Court but his sentence was altered from death to imprisonment for life, in circumstances.

Mir Muhammad alias Miro v. The State 2009 SCMR 1188; Ansar Ahmad Khan Barki v. The State and another 1993 SCMR 1660 and Ahmad Nawaz and another v. The State 2011 SCMR 593 rel.

(c) Criminal trial---

----Witness---Improvements in the statements of the eye-witnesses---Scope---Improvements in the statements of the eye-witnesses regarding irrelevant facts were not sufficient to discard their evidence.

(d) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Motive, proof of---Motive for the occurrence was that there existed previous enmity between the accused party and the complainant party---Complainant had stated in his examination-in-chief that about 1½-2 months prior to the occurrence, there was a quarrel between deceased and appellant and other for which criminal case was registered---Complainant had produced in evidence the copy of FIR regarding the occurrence of motive part of the case---Evidence of complainant and witness regarding the motive part of the occurrence was also subjected to lengthy cross-examination but they remained consistent on that point---Although it had been alleged by the appellant that complainant who could have been the prime target of the appellant but he had not been caused any injury by the appellant which showed that in fact the said witness was not present at the spot at the time of occurrence---Contents of FIR about the earlier occurrence which was lodged by the mother of appellant showed that it was deceased who was assigned the role of inflicting hatchet blow on the thumb of real brother of appellant and no injury on the body of any member of the complainant party of the said FIR was

assigned to complainant---Said circumstances showed that deceased was the prime target of the appellant---Motive, as alleged by the prosecution, had also been proved in the case through oral, as well as, documentary evidence i.e. FIR.

(e) Penal Code (XLV of 1860)---

----Ss. 302(b) & 34---Qatl-i-amd, common intention---Appreciation of evidence---Recovery of weapon of offence, empties and motorcycle---Delay in dispatch of recovered weapon---Effect---Accused was charged that he along with acquitted accused committed murder of brother of the deceased---Record showed that 30-bore pistol was recovered from the possession of the appellant---Positive report of the Forensic Science Agency showed that the empties recovered from the sport were found to be fired from recovered pistol---However, it was noteworthy that 04 empties were recovered from the place of occurrence on 02.08.2011 and pistol was recovered from the possession of appellant on 17.10.2011 but as per report of Forensic Science Agency, the empties and pistol were deposited together in the office of Forensic Science Agency on 27.10.2011---Said facts showed that the empties and pistol were kept together at the police station therefore, possibility could not be ruled out that fake empties were prepared from pistol and then the same were sent to the office of Forensic Science Agency for their comparison with the said pistol---Prosecution evidence qua the recovery of pistol and positive report of Forensic Science Agency was not reliable, in circumstances---Although motorcycle had also been shown to be recovered from the possession of appellant which, according to the prosecution case, was used by the appellant for coming to the place of occurrence and for fleeing away from the spot after the occurrence---No registration number of the motorcycle which was used by the accused during the occurrence had been mentioned in the FIR or in the statements of the eye-witnesses recorded by the Trial Court, therefore, the alleged recovery of motorcycle from the possession of appellant was inconsequential.

Ch. Afrasiab Khan for Appellant.

Umar Hayat Gondal, Additional Prosecutor General with Abdul Rehman, Assistant Sub-Indspector for the State.

Barrister Usama Amin Qazi for the Complainant.

Date of hearing: 24th May, 2018.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No 280 of 2014 filed by Qurban Hussain (appellant) against his conviction and sentence, Criminal Appeal No. 458 of 2014, filed by Mst. Ghulam Ruqqia complainant against the acquittal of Liaquat Ali co-accused and Murder Reference No 34 of 2014 sent by the learned trial Court for confirmation or otherwise of the Death sentence of Qurban Hussain (appellant). We propose to dispose of all these matters by this single judgment as these have arisen out of the same judgment dated 02.06.2014, passed by the learned Sessions Judge, Chakwal.

2. Qurban Hussain (appellant) and Liaquat Ali (co-accused since acquitted) were tried in case FIR. No 325 dated 02.08.2011, registered at Police Station Sadar, District Chakwal in respect of the offences under sections 302/34, P.P.C. After conclusion of the trial, the learned trial Court vide its judgment dated 02.06.2014 has convicted and sentenced. Qurban Hussain appellant as under: -

> Under section 302(b), P.P.C. to 'Death' for committing Qatl-i-Amd of Muhammad Zameer (deceased). He was also ordered to pay Rs.1,00,000/- (rupees one hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr.P.C. and in default thereof to suffer simple imprisonment for six months.

The learned trial Court however vide the same judgment acquitted Liaquat Ali co-accused while extending him the benefit of doubt.

3. Brief facts of the case as given by the complainant Muhammad Jahangir (PW-10) in the written application (Ex.PI), on the basis of which the formal FIR Ex.PG) was chalked out are that the complainant was resident of Mauza Ordhwal. On 02.08.2011, he (complainant) along with Ghulam Murtaza (PW-11), Muhammad Zameer son of Sher Khan (given up PW) and his brother Muhammad Zameer (deceased) went to plough their fields situated in village Odharwal near Sargodha Bye-Pass road and after ploughing the fields they were returning to their home, and when at about 11:30 a.m. they reached near the main road of Sargodha Bye-Pass, Qurban Hussain (appellant) and Liaquat Ali (co-accused since acquitted) came

there on their motorcycle and raised lalkara to the brother of the complainant, namely, Muhammad Zameer (deceased) to teach him a lesson for quarrelling. About 02 months prior to the occurrence, Qurban Hussain (appellant) and Muhammad Zameer (deceased) had quarrelled with each other. Qurban Hussain (appellant) then, took out his pistol .30 bore from his fold (of shalwar) and made two consecutive fire shots. Liaquat Ali (co-accused since acquitted) also took out pistol from his fold (of shalwar) and made two fire shots. A fire shot made by Qurban Hussain (appellant) hit at the left eye of Muhammad Zameer (deceased) whereas a fire shot made by Liaquat Ali (co-accused since acquitted) hit at the middle of the hip of Muhammad Zameer (deceased) due to which Muhammad Zameer (deceased) fell on the ground. The complainant and his maternal uncle Ghulam Murtaza (PW-11) and maternal cousin Muhammad Zameer (given up PW) went forward while viewing the occurrence. The accused persons fled away from the spot while giving abuses. It was further alleged in the FIR that Qurban Hussain appellant) and Liaquat Ali (co-accused since acquitted) committed the murder of Muhammad Zameer (deceased). Motive behind the occurrence was a previous quarrel.

4. The appellant Qurban Hussain was arrested by Ijaz Abbas, SI (PW-13) on 07.10.2011. On 17.10.2011, the appellant Qurban Hussain led to the recovery of pistol (P-1), which was taken into possession by Ijaz Abbas SI (PW-13) vide recovery memo Ex.PB. After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused on 24.11.2011, to which they pleaded not guilty and claimed trial.

5. In order to prove its case, the prosecution produced 13 witnesses during the trial. Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) are the witnesses of ocular account.

The medical evidence was furnished by Dr. Muhammad Haleem, (PW-8).

Ahmad Sher, SI (PW-12) and Ijaz Abbas, SI (PW-13) are the investigating officers of this case.

Zafar Mehmood (PW-5) is the witness of recovery of pistol on the pointation of the appellant vide memo Ex. PB.

Hamid Rasheed 525/HC (PW-1), Samand Khan Constable (PW-2), Rehmat Ullah HC (PW-3), Muhammad Safdar Patwari Halqa (PW-4), Tanveer Abid (PW-6), Azmat Ali Constable (PW-7) and Muhammad Hussain Shah, SI (PW-9) are the formal witnesses.

The prosecution also produced documentary evidence in the shape of scaled site plans of the place Of occurrence (Ex.PA) and Exh. PA/1 memo of possession of pistol 30 bore P1 (Ex.PB), memo of possession of last worn clothes of the deceased (Ex.PC), postmortem report of the deceased (Ex.PD), pictorial diagrams (Ex:PD/1 and Ex.PD/2), application for post mortem of the deceased (Exh. PE), inquest report of Muhammad Zameer deceased (Exh. PF), copy of FIR of the instant case (Exh. PG), copy of FIR of the motive occurrence (Exh. PH), application of Muhammad Jahangir (complainant) for registration of FIR (Exh. PI), memo of possession of Honda 125 motorcycle, (Ex.PJ) memo of possession of blood-stained earth (Ex.PK) memo of possession of empties of pistol .30 bore (Ex.PL), memo of possession of Tractor Fiat/480 (Ex.PM), rough site plan without scale of the place of occurrence (Ex.PN), site plan without scale of place of recovery of Honda 125 (EX.PO), site plan without scale of place of pistol 30 bore (Ex.PP) report of Forensic Science Agency, Punjab (Ex.PQ), report of Serologist (Ex.PS), report of Chemical Examiner, Punjab Lahore (Ex.PR) and closed its evidence.

6. The statement of the appellant under Section 342 of Cr.P.C. was recorded. He refuted the allegations levelled against him and professed his innocence. While answering to a question that 'Why this case against you and why the PWs have deposed against you" the appellant replied as under:--

> "I have been falsely involved in this case, in the background of previous enmity and grudge, which the complainant was carrying on account of the registration of criminal case FIR (Exh. PH). In fact, this was an unseen occurrence. The deceased was murdered in a road side dacoity early in the morning on fateful day. Deceased was a well off person and despite of this fact, nothing like valuable article, i.e. mobile phone, watch, money wallet, ring etc were recovered by Investigating Officer or any other person from his

dead body. The story mentioned by the complainant is afterthought and this act was also negated by the documentary evidence which is Exh. DD. The dead body was shifted by Rescue 1122 from the place of occurrence at about 12.20 p.m. which is much prior to alleged story narrated in the FIR and alleged witnesses reached in the hospital at subsequent stage. Since the tracing of unknown culprits was a difficult task for the police, therefore, the police in connivance with the complainant party who were having suspicions and ill-conceived, motives against me. In the background of the aforementioned grudge, falsely involved me in this case through consultation, deliberation and concoction on the part of the police and the prosecution".

The appellant Qurban Hussain neither made statement on oath as envisaged under section 340(2), Cr.P.C. nor produced evidence in his defence.

The learned trial Court vide its judgment dated 02.06.2014 while acquitting Liaquat Ali co-accused, convicted and sentenced the appellant as mentioned and detailed above.

7. It is contended by learned counsel for the appellant that the appellant is absolutely innocent and has falsely been implicated in this case by the complainant party; that the occurrence was unseen which took place at a deserted place in wee hours of the morning and this fact is also established from the time that elapsed between the death and post mortem examination, mentioned by Dr. Muhammad Haleem (PW-8); that there is gross delay of 02 hours and 05 minutes in lodging the FIR whereas, the occurrence took place on a metalled road which was situated at a distance of only 05 kilometers from the police station therefore, the abovementioned delay in lodging the FIR has created serious doubt regarding the truthfulness. of the prosecution story; that eye-witnesses of the prosecution, namely, Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) could not give any plausible reason for their presence at the spot at the relevant time and as such they are chance witnesses therefore, their evidence is not worthy of reliance; that there is only one person required to drive a tractor and plough the fields and as such, there was no need of presence of the eye-witnesses of the prosecution at the crime scene at the relevant time; that the story narrated by the complainant in the FIR is in conflict with the medical evidence because according to

the said story one fire shot made by Liaquat Ali (co-accused since acquitted) on the hip of Muhammad Zameer deceased, was not found by the Medical Officer at the time of postmortem examination of the deceased; that as the prosecution evidence has been disbelieved qua Liaquat Ali co-accused therefore, the same evidence cannot be believed against Qurban Hussain appellant without independent corroboration which is very much lacking in this case; that the prosecution witnesses made dishonest improvements in their statements in order to bring their evidence in line with the prosecution case by stating that Muhammad Zameer deceased alighted from the tractor prior to the occurrence and by mentioning that the motorcycle used during the occurrence by the accused was owned by Qurban Hussain appellant and they-were confronted with their previous statements and dishonest improvements made by them were brought on the record therefore, the evidence of such eye-witnesses is not reliable; that dead body of Muhammad Zameer deceased was not identified by the eye-witnesses of the prosecution, namely, Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) and the same was identified by Tanveer Abid (PW-6) and Niaz Ali (given up PW) which shows that the eye-witnesses were not present at the time of occurrence; that it, has also been brought on the record that the dead body of Muhammad Zameer deceased was taken to the hospital by the staff of Emergency Service "1122" which also negates the presence of eye-witnesses at the spot; that as per evidence of Ghulam Murtaza (PW-11), Muhammad Zameer deceased and Muhammad Jahangir complainant (PW-10) alighted from the tractor in order to beg pardon from the appellant but the blood was also seen on the tractor which further contradicted the evidence of the abovementioned eye-witness; that as per prosecution case in the earlier occurrence of motive, it was Muhammad Jahangir complainant (PW-10) who dragged Qurban Hussain (appellant) by putting a rope around his neck and if the abovementioned eye-witness (Muhammad Jahangir PW-10) was present at the spot at the relevant time then he would have been the prime target of the appellant but Muhammad Jahangir complainant (PW-10) did not receive a single scratch on his body which shows that he was not present at the spot at the time of occurrence; that as per evidence of the prosecution eye-witneses, fire shots made by the appellant and his co-accused also landed on the tractor, driven by Muhammad Zameer deceased but no mark of fire shots on the tractor of the deceased were noted by the Investigating Officer; that pistol (P-1) has allegedly been recovered from the possession of Qurban Hussain appellant but as

per report of the Punjab Forensic Science Agency, Lahore (Ex.PQ) the abovementioned pistol (P-1) along with the empties was deposited together in the office of FSA, on 24.12.2011, therefore, the above-mentioned prosecution evidence qua the recovery of pistol (P-1) and positive report of Punjab Forensic Science Agency, Lahore (Ex.PQ) is of no avail to the prosecution; that the prosecution miserably failed to prove its case against the appellant beyond the shadow of doubt therefore, this appeal may be accepted and the appellant may be acquitted from the charge and the murder reference be answered in the negative.

8. On the other hand, it is argued by learned Additional Prosecutor General assisted by learned counsel for the complainant that the occurrence in this case took place on 02.08.2011 at 11:30 a.m. and the matter was reported to the police by Muhammad Jahangir complainant (PW-10) through written application (Ex.PI), on the same day at 01:15 p.m. and the formal FIR (Ex.PG) was also lodged on the same day at 01:35 p.m. that as the FIR was promptly lodged therefore the same rules out the possibility of any concoction or deliberation; that the occurrence took place in the broadday-light and as the appellant was previously known to the complainant party therefore, there was no chance of any misidentification of the appellant; that acquittal of Liaquat Ali co-accused is of no avail to the appellant because the role attributed to the abovementioned Liaquat Ali co-accused in the FIR of making fire shot on the hip of Muhammad Zameer deceased was not supported by the medical evidence, whereas, the role assigned to Qurban Hussain appellant of making fire shot on the left eye of Muhammad Zameer deceased has fully been supported by the medical evidence; that prosecution case against the appellant is further corroborated by the recovery of .30 bore pistol (P-1) and positive report of Punjab Forensic Science Agency, Lahore (Ex.PQ); that the motorcycle which was used during the occurrence was also recovered from the possession of the appellant; that the motive of previous, enmity between Qurban Hussain appellant and Muhammad Zameer deceased was also proved through documentary evidence i.e. previous FIR Ex.PH and reliable oral evidence of the prosecution; that there is no substance in the appeal filed by Qurban Hussain (appellant); that as Qurban Hussain appellant has committed a heinous offence therefore, there is no mitigating circumstances in this case hence, his appeal may be dismissed, conviction and sentence of the said appellant may

be upheld and maintained and murder reference be answered in the affirmative. Insofar as Criminal Appeal No 458 of 2014, filed by the complainant against the acquittal of Liaquat Ali co-accused is concerned, learned counsel for the complainant does not press the said appeal.

9. We have heard the arguments of learned counsel for the parties and have also gone through the evidence available on the record with their able assistance.

10. Prosecution story, as mentioned in the written application of Muhammad Jahangir complainant (Ex.PI) on the basis of which the formal FIR (Ex.PG) was lodged, has already been reproduced in para No.3 of this judgment therefore there is no need to repeat the same.

11. The occurrence in this case took place on 02.08.2011 at 11:30 a.m. The matter was reported to the police by Muhammad Jahangir complainant (PW-1) through written application (Ex.PI) on the same day at 01:15 p.m., whereas, the formal FIR (Ex.PG) was also lodged on the same day i.e. on 02.08.2011 at 01:35 p.m. The distance between the place of occurrence and police station is 05 kilometers., Keeping in view the time of occurrence, the place of occurrence and its distance from the police station, we are of the view that the FIR was promptly lodged in this case and there was no deliberate or conscious delay in reporting the matter to the police.

12. The ocular account of the prosecution was furnished by Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11). The occurrence in this case took place at Sargodha Bye-Pass Road within the area of village Odharwal Police Station Sadar District Chakwal. Muhammad Jahangir complainant (PW-10) is also resident of village Odharwal, where the occurrence took place. Although Ghulam Murtaza (PW-11) is resident of village Chakora but during cross-examination of Muhammad Jahangir complainant (PW-10), it was brought on the record that his village is situated only at a distance of 01 kilometer from village Odharwal, where the occurrence took place. Both the abovementioned witnesses being brother and maternal uncle of the deceased respectively, have given plausible reason for their presence at the crime scene at the time of occurrence by stating that on the day of occurrence, they along with Muhammad Zameer deceased went to plough their land on a tractor which was being driven by

Muhammad Zameer deceased and after ploughing the land when they were coming back to their home and they reached at Sargodha Bye-Pass Road, they were intercepted by the accused and the occurrence was committed. Tractor, (P-7) of Muhammad Zameer deceased was recovered from the place of occurrence on the day of occurrence i.e. on 02.08.2011 through recovery memo (Ex.PM) and the recovery of the said tractor was also proved through the evidence of Ghulam Murtaza (PW-11). It has been argued by learned counsel for the appellant that this fact has been brought on the record that the dead body of Muhammad Zameer (deceased) was taken to the hospital by the Staff of Emergency Service 1122, which shows that the dead body was not brought to the hospital by the abovementioned eye-witnesses, and it establishes that the said eye-witnesses were not present at the crime scene, at the time of occurrence but I have noted that Muhammad Jahangir (PW-10) has himself stated during his cross-examination that an unknown person had called rescue. 1122, after the occurrence. Even otherwise, the abovementioned eye-witnesses were not expected to take themselves the dead body of Muhammad Zameer (deceased) to the hospital and if the dead body of the deceased was brought to the hospital in the ambulance of the abovementioned Emergency Service, then the same does not negate the presence of the abovementioned eye-witnesses, at, the spot at the time of occurrence. Moreover, the minor contradictions in the statements of the eye-witnesses regarding the fact that the said eye-witnesses have, stated that Muhammad Zameer (deceased) alighted from his tractor, prior to the occurrence, whereas the blood was also seen on the tractor by the Investigating Officer is not sufficient to discard their evidence because both the eye-witnesses have not stated that Muhammad Zameer (deceased) after alighting from his tractor, covered some distance prior to the occurrence and if he was standing near to his tractor, then presence of blood on the tractor is quite natural. The other argument advance by learned counsel for the appellant that one of the eye-witnesses has stated that some fire shots made by the appellant also hit the tractor of the deceased, whereas no mark of bullet was noticed on the tractor by the Investigating Officer, has no substance because the same has no bearing on the material aspects of the case like the time of occurrence, the manner in which the occurrence took place, weapon used by the appellant and the role attributed to the appellant during the occurrence.

Moreover, it is by now well settled that an accused cannot be extended any benefit due to any weakness on the part of the Investigating Officer, which weakness has no bearing on the merits of the case.

The occurrence in this case took place in the broadday-light i.e. on 02.08.2011 at 11:30 a.m. The appellant was earlier known to the abovementioned eye-witnesses as there was previous enmity between the parties which has been proved on the record through earlier FIR (Ex.PH) and as such there was no chance of any mis-identification of the appellant. The aforementioned eye-witnesses were cross-examined at length but their evidence could not be shaken and they corroborated each other on all material aspects of the case. Their evidence is confidence inspiring and trustworthy.

13. The appellant also produced Kamran Rasheed (CW-1) in his defence, who was Incharge, Emergency Office Rescue 1122, Chakwal, who stated that on 02.08.2011, he received a telephone call regarding the presence of a dead body on Sargodha Bhoon Road, whereupon he reached at the spot and found that the dead body of Muhammad Zameer (deceased) was, lying un-attended on the road. During his cross-examination by learned DPP, assisted by learned counsel for the complainant, he conceded that he never joined the investigation of this case as a witness. He further admitted that one Arif Butt was the Station Coordinator in the office of Rescue 1122, Chakwal and after his resignation he was working as Assistant with Ch. Jalil-ur-Rehman, Advocate, who was representing the accused in this case. Although he furnished a report (Ex.DD) regarding the service, provided by the Rescue 1122 for shifting the dead body of Muhammad Zameer (deceased) to the hospital but he conceded during his cross-examination that the said report and entries referred therein were not in his handwriting. In the light of above, the abovementioned defence evidence produced by the appellant was not worthy of reliance and the same was rightly discarded by the learned trial Court.

14. The medical evidence of the prosecution was furnished by Dr. Muhammad Haleem (PW-8). He stated that on 02.08.2011, he conducted postmortem examination on the dead body of Muhammad Zameer deceased and found the following injuries on his body:

INJURIES:

1. A lacerated wound/eye ball "left side" was missing. Color of abrasion found around the wound. All the margins were inverted. It was an entry wound.

2. Evidence of bleeding from both ears was there.

As per opinion of Dr. Muhammad Haleem. (PW-8), the time that elapsed between the injury and death was immediate i.e., less than five minutes, whereas the time that elapsed between the death and the postmortem examination was 6 to 12 hours. As per postmortem report (Ex.PD), Dr. Muhammad Haleem (PW-8), conducted postmortem examination on the dead body of Muhammad Zameer (deceased) on 02.08.2011 at 7.00 p.m. (as stated by Dr. Muhammad Haleem PW-8 in his cross-examination). As per prosecution evidence, the occurrence in this case took place on 02.08.2011 at 11.30 a.m. and as such the time that elapsed between the death and the postmortem examination of the deceased as given by Dr. Muhammad Haleem (PW-10), coincide with the time of occurrence, mentioned by the eye-witnesses in this case. According to the evidence of abovementioned eye-witnesses namely Muhammad Jahangir (PW-10) and Ghulam Murtaza (PW-11) out of the different fire shots made by Qurban Hussain appellant, one fire shot landed on the left eye of Muhammad Zameer deceased. The abovementioned medical evidence has substantially supported the ocular account furnished by Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) to the extent of role attributed to Qurban Hussain appellant.

15. Insofar as the acquittal of Liaquat Ali co-accused is concerned, we have noted that in the FIR, the said co-accused was assigned the role of making a fire shot which landed on middle of the hip of Muhammad Zameer deceased but the abovementioned eye-witnesses at the time of recording of their statements did not assign any injury to the abovementioned co-accused. Moreover, as per medical evidence furnished by Dr. Muhammad Haleem (PW-8), there was no injury on the hip of Muhammad Zameer deceased and as such, the prosecution case as set forth in the FIR (Ex.PG) was not supported by the medical evidence to the extent of Liaqat Ali co-accused (since acquitted), whereas, the same has fully been supported against the appellant by the medical evidence and as such, case of Qurban Hussain appellant is distinguishable from the case of the abovernentioned

acquitted co-accused therefore, acquittal of Liaquat Ali co-accused is of no avail to Qurban Hussain appellant. Conflict between ocular account and medical evidence of the prosecution to the extent of injury attributed to Liaquat Ali co-accused (since acquitted) and discarding of the prosecution evidence of eye-witnesses in respect of the abovementioned co-accused is also of no avail to Qurban Hussain appellant, because the principal of "falsus in uno falsus in omnibus" has no universal application and it is by now well settled that the Courts in our country have to, "sift the grains from the chaff'. As the prosecution case against Liaqat Ali co-accused (since acquitted) was not supported by the medical evidence' whereas, the same has substantially been supported against Qurban Hussain appellant by the medical evidence therefore Qurban Hussain appellant has rightly been convicted and sentenced by the learned trial Court after sitting the grains from the chaff.

16. Learned counsel for the appellant has pointed out certain improvements in the statements of abovementioned eye-witnesses recorded by the learned trial Court regarding alighting of Muhammad Zameer deceased from the tractor prior to the occurrence and about mentioning the ownership of the motorcycle in the name of Qurban Hussain appellant, which was used during the occurrence, etc. but we have noted that the improvements made by the aforementioned eye-witnesses regarding the fact that as to whether the deceased alighted from the tractor prior to the occurrence or not etc are minor in nature and there is no improvement regarding the material aspects of the case, like the manner of occurrence, time of occurrence, weapon used during the occurrence by the appellant etc., therefore, the abovementioned improvements in the statements of the eye-witnesses regarding irrelevant facts are not sufficient to discard their evidence.

17. As per prosecution case, the motive behind the occurrence was that there was a previous enmity between the accused party and the complainant party. Muhammad Jahangir complainant (PW-10) has stated in his examination in chief that about 1½/2 months prior to the occurrence, there was a quarrel between Muhammad Zameer deceased and Qurban Hussain appellant and others for which criminal case was registered at Police Station Sadar District Chakwal. He produced in evidence the copy of FIR as Ex.PH regarding the occurrence of

motive part of the case. Evidence of Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) regarding the motive part of the occurrence was also subjected to lengthy cross-examination but they remained consistent on this point. Although it has been argued by learned counsel for the appellant that Muhammad Jahangir complainant (PW-10) had admitted during his cross-examination that in the motive occurrence it was he (Muhammad Jahangir complainant) who allegedly put a rope around the neck of Qurban Hussain appellant and dragged him on the ground and under the abovementioned circumstances, it was Muhammad Jahangir complainant (PW-10) who could have been the prime target of the appellant but he has not been caused any injury by the appellant which shows that in fact the said witness was not present at the spot at the time of occurrence but we have gone through the contents of FIR (Ex.PH) of the earlier occurrence which was lodged by the mother of Qurban Hussain appellant and the contents of the said FIR show that it was Muhammad Zameer deceased who was assigned the role of inflicting hatchet blow on the thumb of real brother of Qurban Hussain appellant and no injury on the body of any member of the complainant party of the said FIR was assigned to Muhammad Jahangir complainant/PW-10 therefore, under the circumstances, Muhammad Zameer deceased was the prime target of the appellant and as such, there is no force in the abovementioned arguments of learned counsel for the appellant. In the light of above we are of the view that the motive, as alleged by the prosecution has also been proved in this case through oral as well as, documentary evidence i.e. FIR (Ex.P4).

18. Prosecution also produced evidence qua recovery of .30 bore pistol (P-1) from the possession of the appellant and positive report of the Punjab Forensic Science Agency, Lahore (Ex.PQ) according to which the empties recovered from the spot were found to be fired from pistol (P-1). However, it is noteworthy that 04 empties were recovered from the place of occurrence on 02.08.2011 and pistol (P-1) was recovered from the possession of Qurban Hussain appellant on 17.10.2011 but as per report of Punjab Forensic Science Agency (PFSA), Lahore (Ex.PQ), the empties and pistol were deposited together in the office of PFSA on 27.10.2011, which shows that the empties and pistol (P-1) were kept together at the police station therefore, possibility cannot be ruled out that fake empties were prepared

from pistol (P-1), and then the same were sent to the office of PFSA Lahore for their comparison with the said Pistol. Under the circumstances, it is not safe to rely upon the prosecution evidence qua the recovery of pistol (P-1) and positive report of PFSA, Lahore (Ex.PQ). Although motorcycle (P-6) has also been shown to be recovered from the possession of Qurban Hussain appellant which, according to the prosecution case, was used by the appellant for coming to the place of occurrence and for fleeing away from the spot after the occurrence but we have noted that no registration number of the motorcycle which was used by the accused during the occurrence has been mentioned in the FIR (Ex.PG) or in the statements of the abovementioned eye-witnesses, namely, Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11) recorded by the learned trial court, therefore, the alleged recovery of motorcycle from the possession of Qurban Hussain appellant is inconsequential.

19. We have disbelieved, the prosecution evidence qua the recovery of pistol (P-1) and motorcycle (P-6) from the possession of Qurban Hussain appellant however, if the prosecution evidence regarding the recovery of pistol (P-1) and motorcycle (P-6) is taken out of consideration even then the prosecution case is proved against Qurban Hussain appellant through reliable and trustworthy evidence of eye-witnesses namely Muhammad Jahangir complainant (PW-10) and Ghulam Murtaza (PW-11). Both the aforementioned eye-witnesses were cross-examined at length but their evidence could not be shaken. The evidence of abovementioned eye-witnesses is further supported by the medical evidence furnished by Dr. Muhammad Haleem (PW-8), postmortem report of Muhammad Zameer deceased (Ex.PD) and pictorial diagrams (Ex.PD/1 and Ex.PD/2). Prosecution case against Qurban Hussain appellant is further corroborated by the evidence of prosecution witnesses qua the motive part of the occurrence and previous FIR lodged against Muhammad Zameer deceased (Ex.PH). The prosecution evidence in this respect is also consistent and reliable. We are therefore, of the view that the prosecution has fully proved its case against Qurban Hussain appellant beyond the shadow of any doubt.

20. Now coming to the quantum of sentence, we have noted certain mitigating circumstances in favour of the appellant, firstly, the prosecution implicated

Liaquat Ali co-accused in this case but he was acquitted by the learned trial Court and Crl. Appeal No. 458 of 2014, filed against the acquittal of the abovementioned co-accused, has been dismissed today by this Court as having been withdrawn by learned counsel for the complainant, secondly we have disbelieved the prosecution evidence qua the recovery of .30 bore pistol (P-1) and motorcycle (P-6) from the possession of the appellant due to the reasons mentioned in para No. 17 of this judgment thirdly, the appellant has been assigned the role of causing single firearm injury on the body of Muhammad Zameer deceased and he did not cause any other injury on the body of the deceased. Keeping in view, all the abovementioned facts, we are of the view that it is not a case of capital punishment therefore, in our view the death sentence awarded to Qurban Hussain appellant is quite harsh. It is well-recognized principle by now that accused is entitled for the benefit of doubt as an extenuating circumstance while deciding his question of sentence, as well. In this regard we respectfully refer the case of 'Mir Muhammad alias Miro v. The State' (2009 SCMR 1188) wherein Hon'ble Supreme Court has held as under:--

> "It will not be out of place to emphasize that in criminal cases, the question of quantum of sentence requires utmost care and caution on the part of the Courts, as such decisions restrict the life and liberties of the people. Indeed the accused persons are also entitled to extenuating benefit of doubt to the extent of quantum of sentence"

In another case Ansar Ahmad Khan Barki v. The State and another (1993 SCMR 1660), Hon'ble Supreme Court of Pakistan has held that the prosecution is bound by law to exclude all possible extenuating circumstances in order to bring the charge home to the accused for awarding him the normal penalty of death. We are convinced that Qurban Hussain appellant in the peculiar circumstances of this case deserves the benefit of doubt to the extent of his sentence, one out of two provided under section 302(b) of P.P.C.

While treating it a case of mitigation, we have fortified our views by a judgment of the Hon'ble Supreme Court of Pakistan reported in the case of Ahmad Nawaz and another v. The State [2011 SCMR 593] wherein at page 604, the Hon'ble Apex Court of the country, has been pleased to lay emphasis as under:-

The recent trend of the courts with regard to the awarding of penalty is evident from several precedents. In the case of 'Iftikhar-ul-Hassan v. Israr Bashir and another' (PLD 2007 SC 111), it was held that 'this is settled law that provisions of sections 306 to 308, P.P.C. attracts only in the cases of Qatl-i-Amd liable to Qisas under section 302(a), P.P.C. and not in the cases in which sentence for Qatl-i-amd has been awarded as Tazir under section 302(b), P.P.C. The difference of punishment for Qatl-i-amd as Qisas and Tazir provided under sections 302(a) and 302(b), P.P.C. respectively is that in a case of Qisas, Court has no discretion in the matter of sentence whereas in case of Tazir Court may award either of the sentence provided under section 302(b), P.P.C. and exercise of this discretion in the case of sentence of Tazir would depend upon the facts and circumstances of the case. There is no cavil to the proposition that an offender is absolved from sentence of death by way of qisas if he is minor at the time of occurrence but in a case in which qisas is not enforceable, the Court in a case of Qatl-i-Amd, keeping in view the circumstances of the case, award the offender the punishment of death or imprisonment for life by way of Tazir. The proposition has also been discussed in 'Ghulam Muretaza v. State' (2004 SCMR 4), 'Faqir Ullah v. Khalil-uz-Zaman (1999 SCMR 2203), 'Muhammad Akram v. State' (2003 SCMR 855) and 'Abdul Salam v. State' (2000 SCMR 338). The Court while maintaining the conviction under section 302(b), P.P.C. awarded him sentence of life imprisonment under the same provision and also granted him the benefit, of section 382-B of Cr.P.C. In Muhammad Riaz and another v. The State (2007 SCMR 1413) while considering the penalty for an act of commission of Qatl-i-Amd it was observed that "No doubt, normal penalty for an act of commission of Qatl-i-Amd provided under law is death, but since life imprisonment also being a legal sentence for such offence must be kept in mind wherever the facts and circumstances warrant mitigation of sentence, because no hard and fast rule can be applied in each and every case."

(In Iftikhar Ahmad Khan v. Asghar Khan and another (2009 SCMR 502) it has been noted that:-)

"In other words, the law has conferred discretion upon the Court to withhold the penalty of death and to award the punishment of imprisonment for life, if the outlook of a particular case requires that course" (underlining, italic and bold supplied)."

21. In the light of above discussion, the conviction of Qurban Hussain appellant under section 302(b), P.P.C. awarded by the learned trial court is maintained but his sentence is altered from death to imprisonment for life. The compensation awarded by the learned trial Court against appellant and sentence, in default thereof are maintained and upheld. The benefit of section 382-B, Cr.P.C. is also extended to him.

22. Consequently, with the above said modification in the sentence of Qurban Hussain appellant, Criminal Appeal No 280 of 2014 filed by Qurban Hussain appellant is, hereby dismissed. Criminal Appeal No 458 of 2014 filed by the complainant against the acquittal of Liaquat Ali co-accused is hereby dismissed as having been withdrawn. Murder Reference (M.R. No 34 of 2014) is answered in the negative and death sentence of Qurban Hussain appellant is not confirmed.

JK/Q-5/L **Sentence reduced.**

2020 Y L R 1571

[Lahore]

Before Malik Shahzad Ahmad Khan and Mirza Viqas Rauf, JJ

Mian MUHAMMAD SHAHBAZ SHARIF---Petitioner

Versus

NATIONAL ACCOUNTABILITY BUREAU and others---Respondents

Writ Petition No. 4052 of 2019, decided on 21st February, 2019.

(a) Criminal Procedure Code (V of 1898)---

----S. 497---Bail---Tentative assessment of evidence--- Scope--- Deeper appreciation of evidence cannot be undertaken at bail stage, but bail petition cannot be decided in vacuum and tentative assessment of evidence/ documents is permissible.

Muhammad Hanif v. Manzoor and others 1982 SCMR 153 and Adrees Ahmad and others v. Zafar Ali and another 2010 SCMR 64 ref.

Awal Khan and 7 others v. The State through AG-KPK and another 2017 SCMR 538 and Zaigham Ashraf v. The State and others 2016 SCMR 18 rel.

(b) National Accountability Ordinance (XVIII of 1999)---

----S. 9(b)---Constitution of Pakistan, Arts. 199 & 184(3)---Bail, grant of---Jurisdiction of High Courts and the Supreme Court---Scope---Bail can be granted to an accused in a suitable case by the Supreme Court and the High Courts despite the bar contained under S. 9(b), National Accountability Ordinance, 1999.

Khan Asfandyar Wali and others v. Federation of Pakistan through Cabinet Division, Islamabad and others PLD 2001 SC 607; Haji Ghulam Ali v. The State through A.G., N.W.F.P. Peshawar and another 2003 SCMR 597 and Himesh Khan v. The National Accountability Bureau (NAB) Lahore and others 2015 SCMR 1092 ref.

(c) National Accountability Ordinance (XVIII of 1999)---

----S. 9---Constitution of Pakistan, Art. 199---Corruption and corrupt practices---Bail, grant of---Discriminatory treatment---Mala fide---Further inquiry---Scope---Allegation against accused was that he, being Chief Minister, on a self-managed request of a Member of the Provincial Assembly (MPA) approved for construction of a sullage carrier under the garb of a public utility scheme, whereas, the actual motive

behind its approval was to provide an effluent disposal mechanism to the mill owned by his son---Circle patwari had categorically mentioned that a pond measuring 86 kanals and 2 marlas was located in the revenue estate where the mill was situated---Validity---No complaint against the industrial effluent of the mill was ever filed against its management---Accused had no special need to construct a sullage carrier for the disposal of industrial effluent---Provincial Cabinet had also approved the said scheme and had released funds accordingly---Site plan of the scheme showed that the sullage was constructed for the benefit of public at large and not only for the benefit of the mill---Sullage carrier scheme was owned by the provincial government and the son of accused had been paying rent for its usage---Prosecution had not alleged that funds were not utilized on the scheme---Procedural irregularity, if any, in the exercise of jurisdiction did not amount to misuse of authority---Case of accused was one of further inquiry---Petition for grant of post-arrest bail was allowed, in circumstances.

The State v. Syed Muzafar Hussain Shah 1998 MLD 118 and Sarwar and others v. The State and others 2014 SCMR 1762 ref.

Tallat Ishaq v. National Account-ability Bureau through Chairman, and others PLD 2019 SC 112; C.P. No.1542 of 2016 dated 26.08.2016 and C.P. No.1618 of 2016 dated 03.08.2016 distinguished.

Muhammad Saeed Mehdi v. The State and 2 others 2002 SCMR 282; The State v. Anwar Saif Ullah Khan PLD 2016 SC 276 and Anwar Saifullah Khan v. The State and 4 others PLD 2000 Lah. 564 rel.

(d) National Accountability Ordinance (XVIII of 1999)---

---S. 9(b)---Constitution of Pakistan, Art.199---Bail, grant of---Scope---Tentative assessment---Scope---Where a court, from tentative assessment of evidence, comes to the conclusion that sufficient material is not available on record to establish the charges of the prosecution or that the case is one of further inquiry, it can grant bail to the accused.

Muhammad Saeed Mehdi v. The State and 2 others 2002 SCMR 282; The State v. Anwar Saif Ullah Khan PLD 2016 SC 276 and Anwar Saifullah Khan v. The State and 4 others PLD 2000 Lah. 564 rel.

Muhammad Amjad Pervaiz, Azam Nazeer Tarar, Muhammad Aurangzeb and Muhammad Nawaz Ch. for Petitioner.

Muhammad Akram Qureshi along with Syed Faisal Raza Bukhari, Ahsan Rasool Chatha, Yasir Siddique Mughal, Special Prosecutors for NAB along with Aftab Ahmad, Additional Director, Muhammad Ammad Ashiq, Deputy Director and Usman Iftikhar, Assistant Director, NAB for Respondents.

ORDER

The petitioner Mian Muhammad Shahbaz Sharif, through the instant constitutional petition seeks post arrest bail in Investigation authorized vide letter No. 1(61)HQ / 958 / NAB-L dated 07.12.2018, in Ramzan Sugar Mills Scam.

2. According to the prosecution's case, a complaint was received by the NAB/respondent wherein it was alleged that embezzlement has been committed in the public grant issued by the Government of Punjab, amounting to Rs.360-million, in 2015 for drainage scheme of the local bodies in District Chiniot. The said public grant had been misused and utilized for the construction of 9/10-KM's long waste water course for Ramzan Sugar Mills Limited, Chiniot, fraudulently showing it a drainage scheme of the local "Abadies". It was also alleged in the abovementioned complaint that Ramzan Sugar Mills Limited, Chiniot belongs to the Chief Minister Punjab (Mian Muhammad Shahbaz Sharif/petitioner) and his sons and due to the said reason, the concerned Government departments completed the project under the disguise of drainage scheme for the local "Abadies" whereas the actual object behind the said scheme was to save the expenses of Ramzan Sugar Mills Limited, Chiniot. On receipt of the abovementioned complaint, an inquiry was authorized by the competent authority vide letter No.1(09)HQ/1969-NAB-L on 04.07.2018, on the allegations of corruption and corrupt practices. The said inquiry was later on converted into investigation vide letter No.DY.305/ 2017/ L-III/ MW-1/ NABHQ dated 28.11.2018 and subsequently the investigation was authorized against Mian Muhammad Shahbaz Sharif (petitioner), Muhammad Hamza Shahbaz Sharif, co-accused, C.E.O. of Ramzan Sugar Mills Limited, Chiniot, as well as, against the Government functionaries and others vide letter No.1(61) HQ/958/NAB-L on 07.12.2018. During the investigation, it revealed that the petitioner being the then Chief Minister of Punjab, misused his authority in order to provide illegal pecuniary advantage to Ramzan Sugar Mills Limited, Chiniot, and his son Muhammad Hamza Shahbaz Sharif (co-accused) being the C.E.O/Director of the said mills at that time. The petitioner vide directive dated 21.05.2014, approved the execution of a scheme

for construction of a sullage carrier from Village Daruta and other allied "Abadies" to the seepage drain Bhawana and this was malafidely done in order to provide effluent drainage to Ramzan Sugar Mills Limited, which should have been arranged at the cost of the mills itself. As per investigation, the abovementioned act of the petitioner caused a loss of Rs.213-million to the national exchequer. It is further concluded during the investigation that it was the responsibility of the management of Ramzan Sugar Mills to make arrangements for disposal of industrial effluent of the mills, however, no such arrangement was made and eventually, the sullage carrier was constructed at the expense of the public exchequer for the personal benefit of the son of the petitioner. It was further found during the investigation that the petitioner managed an application through the then MPA PP-74, namely, Moulana Muhammad Rehmat Ullah in collusion with his son Muhammad Hamza Shahbaz Sharif, co-accused wherein the route/alignment of the sullage carrier was designed in such a way that Ramzan Sugar Mills Limited, Chiniot was included in it, without mentioning the same in the above application. The petitioner issued a directive dated 21.05.2014 on a self-managed request of Moulana Muhammad Rehmat Ullah, the then MPA PP-74, whereby he approved the execution of the scheme for construction of the above referred sullage carrier. Funds were arranged for the abovementioned project through re-appropriation of funds and supplementary grants for speedy execution of the scheme. As per NAB/respondent, Muhammad Hamza Shahbaz Sharif (co-accused) was the Chief Executive of Ramzan Sugar Mills Limited, Chiniot at the time of approval and execution of the scheme for the construction of the above said sullage carrier, therefore, he was the beneficiary of the directive issued by the petitioner.

The petitioner was arrested on 10.11.2018 by the NAB/ respondent in this case on account of the abovementioned allegations, he is now on judicial remand, hence, the present constitutional petition before this Court for grant of post arrest bail to the petitioner.

3. It is contended by learned counsel for the petitioner that the petitioner is absolutely innocent and he has mlafidely, been arrested in this case due to political victimization; that Ramzan Sugar Mills Limited, Chiniot was established in the year 1990 and since then there was no complaint against the said mills from any corner regarding its industrial effluent; that the prosecution's own witness, namely, Ameer Khan who is a Circle Patwari of the area and whose statement has been relied upon by the NAB/

respondent himself, has categorically stated that a pond comprising 86-Kanals and 02-marlas in the land of Ramzan Sugar Mills Limited, Chiniot is present for dumping the industrial effluent of the milks; that even in the application form for establishment of the abovementioned mills in the year 1990, it was mentioned in Clause-9 that the industrial effluent shall be discharged in the 'saim nala' situated near the site and the said application has duly been approved by the concerned authority where-after the mills in question were established and approval for establishment of the mills on the abovementioned application form shows that the 'saim nala' was also situated near the mills and as such, the petitioner's son had no problem with the dumping of industrial effluent of his mills, as he had himself constructed a pond over the land measuring 86-Kanals and 02-marlas and because of the availability of the 'saim nala' nearby the mills; that the construction of the sullage carrier was approved on the application of MPA of the area, namely, Moulana Muhammad Rehmat Ullah who made a written request in this respect; that feasibility reports of the scheme in question and all other proceedings were approved strictly in accordance with the law by the cabinet and budget of the said scheme was finally approved by the Provincial Assembly of Punjab; that apart from the abovementioned scheme, many other schemes for construction of sewerage system were also approved in the same district during the same period but the NAB did not raise any objection against any other scheme and objection against the scheme in question has mala fidely been raised only on the ground that the sugar mills of the son of the petitioner are also situated in the area where the said scheme was executed; that there is absolutely no allegation that the funds allocated for the abovementioned scheme were misappropriated by the petitioner or his any other family member or friend; that similarly it is not a case of the NAB/respondent that funds allocated for the abovementioned scheme were not used for the construction of said scheme; that the scheme in question is not owned by the petitioner or his son and the said scheme is still owned by the Government; that son of the petitioner has been paying Government expenses for using the sullage carrier in question through a written agreement in this respect with the Government and even the sitting Government has executed an agreement in this respect with Ramzan Sugar Mills Limited, Chiniot; that it was Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74) on whose application, the abovementioned project was approved and without conceding if, for the sake of arguments, it is presumed that any illegality, corruption or corrupt practice was committed in this case then the said

Moulana Rehmat Ullah, Ex-MPA (PP-74) should have been made an accused in this case but instead of making him an accused, he has been made a prosecution witness in this case by the NAB authorities which speaks of their mala fides; that the scheme in. question was bona-fidely approved by the petitioner in the welfare of the "Abadies" of the area; that as per site plan of the above referred scheme, there are as many as seven villages and a godown of the food department of the Government of Punjab which are being benefited through the abovementioned scheme; that the NAB has arrested the petitioner in this case without any legal justification; that the present case against the petitioner is based on mala fides and the same is one of further inquiry, therefore, the petitioner may be directed to be released on post arrest bail. 1n order to embellish his arguments, learned counsel for the petitioner has placed reliance on the judgments, reported as "The State v. Syed Muzafar Hussain Shah" (1998 MLD 118) and "Sarwar and others v. The State and others" (2014 SCMR 1762).

4. On the other hand, it is contended by the learned Special Prosecutor for NAB that as the petitioner is involved in corruption and corrupt practices, therefore, he has rightly been arrested in this case by the NAB/respondent; that Ramzan Sugar Mills Limited, Chiniot is owned by the real son of the petitioner, namely, Muhammad Hamza Shahbaz Sharif (co-accused) who was the C.E.O./Director of Ramzan Sugar Mills at the relevant time, therefore, the petitioner managed to get an application from Moulana Muhammad Rehmat Ullah, the then MPA (PP-74) and thereafter he approved a scheme for the construction of a sullage carrier near the abovementioned mills of his son at the expense of the Government exchequer, in order to benefit his son and as such the petitioner by misusing his authority is guilty of corruption and corrupt practices; that the sullage carrier from village Daruta to the seepage drain of Bhowana was constructed with the cost of Rs.213-million of the Government exchequer and the main object of the abovementioned scheme was to provide illegal benefit to the mills of son of the petitioner; that the management of Ramzan Sugar Mills at the time of submitting their application for establishment of the Mills and issuance of N.O.C. for the said mills undertook to make arrangements for discharge of the waste of the mills but they did not fulfill their abovementioned obligation and finally the above sullage carrier was constructed for the discharge of industrial effluent of the mills at the expense of Government exchequer; the learned Special Prosecutor for NAB while referring to the site plan and different other documents

which he produced before the Court during his arguments contends that after village Daruta, the route of the sullage carrier was turned towards Ramzan Sugar Mills in order to give undue advantage to the said mills; that funds were arranged for the abovementioned scheme through different measures like re-appropriation of funds and supplementary grants which clearly shows that the petitioner had special focus on the speedy execution of the abovementioned scheme in order to give undue advantage to his son; that in-fact there was no need for the construction of the abovementioned project and a managed application was received by the petitioner through MPA of the area in order to give the impression that the said scheme was approved for the benefit of local population; that huge amount of Rs.213-million from the Government exchequer has been used by the petitioner for the benefit of his son; that in the cases registered under the provisions of National Accountability Ordinance, 1999, the scope of bail is very limited and bail can only be granted to an accused if he is seriously ill or if he is behind the bars for a very long period/several years, whereas the above grounds of hardship are not available to the present petitioner; that offence falls within the ambit of prohibitory clause of section 497, Cr.P.C; that the arguments advanced by learned counsel for the petitioner require deeper appreciation of evidence which exercise cannot be undertaken at bail stage; that there is no substance in this petition, hence, the same may be dismissed, In support of his contentions, learned Special Prosecutor for the NAB has placed reliance on the judgments reported as "Tallat Ishaq v. National Accountability Bureau through Chairman, and others" (PLD 2019 Supreme Court 112) and un-reported judgments of the Hon'b1e Supreme Court of Pakistan passed in C.P. No.1542 of 2016 dated 26.08.2016 and C.P. No.1618/2016 dated 03.08.2016.

5. Arguments heard, Record perused.

6. We are fully conscious of the fact that the exercise of deeper appreciation of evidence cannot be undertaken at bail stage but at the same time, it is by now well settled that a bail petition cannot be decided in vacuum and tentative assessment of evidence/documents is permissible at bail stage. We may refer here the judgment passed in the case of "Awal Khan and 7 others v. The State through AG-KPK and another" (2017 SCMR 538) wherein at Paragraph No.8, the Hon'ble Supreme Court of Pakistan has observed as under:-

> "In a situation like this, this Court in the cases of:--

(1) Khan Mir v. Amal Sherin (1989 SCMR 1987)

(2) Muhammad Hanif v. Manzoor and 2 others (NLR 1981 SC 367)

(3) Syed Khalid Hussain Shah v. The State (2014 SCMR 12) held that when the medical evidence is in conflict with the ocular account then, benefit of doubt at bail stage must go to the accused. In the case of Muhammad Hanif v. Manzoor (supra), it was held as follows:-

"It is true that at the stage of deciding the question of bail, the Court does not enter upon a detailed appreciation and examination of evidence, but it is also clear that the question cannot be decided in vacuum and the Court has to look at the material available when the bail is applied for. Now, in the present case, result of medico-legal examination of the deceased was available and the learned Judge of High Court could not have refused to look at it."

(underlining and bold is supplied for emphasis)

The august Supreme Court of Pakistan in the case of "Zaigham Ashrat v. The State and others" (2016 SCMR 18) at Para-9, was pleased to observe as under:-

"To curtail the liberty of a person is a serious step in law, therefore, the Judges shall apply judicial mind with deep thought for reaching at a .fair and proper conclusion albeit tentatively however, this exercise shall not to be carried out in vacuum or in a flimsy and casual manner as that will defeat the ends af justice……."

Similar view was taken in the cases of "Muhammad Hanif v. Manzoor and others" (1982 SCMR 53) and "Adrees Ahmad and others v. Zafar Ali and another" (2010 SCMR 64).

Moreover, it is by now well settled that despite the bar contained under section 9(b) of the National Accountability Ordinance, 1999, bail can be granted to an accused in a suitable case, by the Supreme Court of Pakistan and the High Court, while exercising jurisdiction under Article 184(3) or under Article 199 of the Constitution of the Islamic Republic of Pakistan, 1973, respectively as observed by the Hon'ble Supreme Court of Pakistan in the cases of "Khan Asfandyar Wali and others v. Federation of Pakistan through Cabinet Division, Islamabad and others" (PLD 2001 Supreme Court 607), "Haji Ghulam Ali v. The State through A.G., N.W.F.P.

Peshawar and another" (2003 SCMR 597) and "Himesh Khan v. The National Accountability Bureau (NAB) Lahore and others" (2015 SCMR 1092).

We have further noted that the learned Special Prosecutor for NAB has himself referred and produced different documents before the Court during his arguments and at the same time, he argued that the documents produced by the learned counsel for the petitioner may not be looked into as the same will amount to deeper appreciation of evidence. As different documents have been produced by the learned Special Prosecutor for NAB in support of his arguments, therefore, it would be unfair if we do not tentatively look into the said documents to appreciate and answer the arguments advanced by him. Likewise, after tentative assessment of the documents produced before the Court by the learned Special Prosecutor for NAB, it would be unjust, if we do not tentatively look at and appreciate the documents produced before the Court by learned counsel for the petitioner. Even otherwise, it is not understandable that if the NAB has a strong case on merits against the petitioner then as to why it is afraid of tentative assessment of the evidence/record of this case. We, therefore, proceed to decide the instant petition after tentative appreciation of the record/evidence of this case.

7. As mentioned earlier, the main allegation levelled by the NAB against the petitioner is that he (petitioner) being the then Chief Minister Punjab, issued a directive dated 21.05.2014, on a self-managed request/application of Moulana Muhammad Rehmat Ullah, the then MPA (PP-74) and through the abovementioned directive, he approved execution of construction of a sullage carrier from village Daruta and other allied "Abadies" to the seepage drain Bhowana, under the garb of a public utility scheme, whereas, the actual motive behind the approval of the said scheme was to provide an effluent disposal mechanism to Ramzan Sugar Mills Limited, Chiniot owned by the son of the petitioner, namely, Muhammad Hamza Shahbaz Sharif (co-accused). It is further alleged by the NAB that through the abovementioned scheme, the petitioner provided undue monetary benefit of Rs.213-million to his son at the expense of the Government exchequer and as such he committed corruption and corrupt practices. We have noted that Ramzan Sugar Mills Limited, Chiniot was established in the year 1990 and from the date of its establishment till the date of abovementioned directive dated 21.05.2014, issued by the petitioner, there was no complaint whatsoever before any forum regarding the

industrial effluent of Ramzan Sugar Mills. During the abovementioned period of 24-years, the petitioner and his other family members were arrested by a Military Dictator in the year 1999 and they remained behind the bars for a considerable period but even during the rule of 10-years of the said Military Dictator, no complaint whatsoever against Ramzan Sugar Mills was lodged before any authority. The NAB has itself recorded the statement of Circle Patwari, namely, Ameer Khan as a prosecution witness in this case. In his statement, the Circle Patwari has categorically mentioned that in the concerned revenue record (Register Haq daran-e-zameen for the year 1993-94), a pond measuring 10-marlas is situated in Khata No.125 of the concerned revenue estate (where Ramzan Sugar Mills limited, Chiniot is situated). He further stated that a pond measuring 40- kanals 02-marlas was situated in Khata No.140 and the same has been mentioned in the revenue record (Register Haq daran-e-zameen for the year 1997-98). Similarly, a pond measuring 86-Kanals 02-marlas was mentioned in Khata No.146 in the concerned revenue record ((Register Haq daran--e-zameen for the year 2001-02). Same was the situation in the concerned revenue record for the year 2005-06 wherein a pond measuring 86-Kanals 02-marlas was mentioned in Khata No.151. He further stated that in the revenue record for the year 2009-10, a pond was also shown in Khata No.151, land measuring 68-kanals 06-marlas. The abovementioned statement of Circle Patwari and the fact that there was no complaint whatsoever against the industrial effluent of Ramzan Sugar Mills Limited, Chiniot for a period of 24-years have prima facie established that the management of Ramzan Sugar Mills Limited, Chiniot has adequately made arrangements for disposal of the industrial waste of the said mills and there was no special need of the petitioner to construct a sullage carrier for the disposal of industrial effluent of the mills of his son at the expense of Government exchequer. It is also noteworthy that directive dated 21.05.2014, was not passed on any application moved by the son of the petitioner but the same was issued on the written request of Moulana Muhammad Rehmat Ullah, the then MPA (PP-74). The abovementioned Moulana Muhammad Rehmat Ullah made a written request at his letter pad for the construction of a sullage carrier from village Daruta to the villages Jamia Abad, Thatha Fateh Ali Saghar etc. The abovementioned request of the concerned MPA was approved by the petitioner being the then Chief Minister. The Provincial Cabinet also approved the said scheme along with different other schemes of District Chiniot and also approved the release of funds for the said scheme, in its meeting held on 20.05.2015. The

documents regarding approval of the abovementioned scheme along with other schemes by the Cabinet have duly been produced before the Court by learned counsel for the petitioner. Even the budget wherein the expenses to be incurred on the scheme in question were mentioned, was placed before the Provincial Assembly of the Punjab and the said budget was also approved on 12.06.2015. The proceedings regarding the approval and execution of the scheme in question were prima facie carried out in accordance with the law. Even the approval of supplementary grants and re-appropriation of funds are permissible under the relevant rules i.e. the Punjab Delegation of Financial Powers Rules, 2006 (Amended Rules 2016). There is no allegation against the petitioner that he misappropriated the funds allocated for the abovementioned scheme or received any kickbacks from the Contractor who was awarded contract for the construction of the said scheme. Similarly, there is absolutely no allegation that the funds allocated for the abovementioned scheme were not utilized/spent on the said scheme or contract of the said scheme was awarded at an exorbitant rate.

8. The main grievance of the NAB is that as the mills of the son of the petitioner were also situated in the area where the scheme in question was executed, therefore, it should be presumed that the said scheme was not meant welfare the were of the local population rather the same was constructed to provide benefit only to the mills of son of the petitioner. We have noted that apart from the scheme in question i.e. sullage carrier scheme from village Daruta and other allied Abadies to the seepage drain Bhowana, many other schemes for construction of sewerage system in the same district i.e. District Chiniot were also approved during the same period (2015 to 2018). We have further noted from the documents placed on the record by learned counsel for the petitioner that approval of the abovementioned scheme has been mentioned at Serial No.1145 in the relevant document i.e. in the Mid Term Development Program 2015-18, whereas, at Serial No.1146 of the said document, approval for construction of sewerage schemes for Mohallah Fateh Abad, Usman-Abad, Rasheeda Abad, Paris Road, Moazzam Shah, Shahbaal Shah, Bhowana, Rajan, Maqsood Abad etc. of District Chiniot against a sum of Rs. 199.694 million was also approved. Similarly, approval of construction of two other sewerage schemes in the village Karak etc. of District Chiniot and Mouza Jhang District Chiniot of different amounts of funds were also approved during the same period for the same district and approval of the said schemes have been mentioned at Serial Nos.1512 and 1513 of

the abovementioned document. Apart from the approval for construction of the abovementioned sewerage schemes in the same district during the same period, many other development schemes were also approved for the same district (District Chiniot) during the same period. The NAB did not raise any objection against the other development works and construction of other sewerage schemes and the objection has been raised by the NAB only against the construction of sullage carrier from village Daruta to the seepage drain Bhowana of District Chiniot. The said objection has been raised merely on the ground that as the mills of the son of the petitioner were also situated on the route of the said sullage carrier, therefore, in the said area, no development work should have been carried out and if any development work is carried out then it should be presumed that the same was not for the benefit of the people of local area rather the same was executed only for the benefit of the son of the petitioner. If, the above reason of the NAB is allowed to prevail then it will amount to give a license and unlettered/unlimited powers to the NAB to file a reference against any member of the parliament on the execution of any development scheme, like construction of a road, or execution of gas, electricity, water supply scheme etc. in his area, on the ground that the said scheme was actually executed by the said member of the parliament for his own benefit instead of the benefit of the local population because his house/ property or house/property of his any relative or house/property of any of his friend (supporter) is situated near or around the development scheme executed in his area. This will create chaos in the country and the members of the parliament shall not be able to carry out any development work in their area/constituency and if they do so, they will remain under constant threat of the NAB, who may file a reference against them on the basis of above ground/ allegation. We have a lot of respect for the members of the parliament of our country irrespective of their party affiliations, except the members of parliament who, are virtually involved in corruption and corrupt practices or in any other crime. The members of parliament are true representatives of the great Pakistani nation. Our liking for the honest Members of Parliament and Politicians is quite natural because the founders of our motherland were also politicians. We therefore, cannot leave the Members of the Parliament of our country at the mercy of the NAB by declaring that as the property of a Member Parliament or his relative or friend is situated in the area where a development scheme was executed, therefore, it should be presumed that the said scheme was executed only for the benefit of the said Member Parliament and not

for the benefit of the local population. At the same time, we do not say that the NAB should not proceed against any Member Parliament or Politician, if he is involved in corruption or corrupt practices but our only concern is that it should not reflect from the case that any individual has been victimized by the NAB. There should be some prima facie case/evidence/material against him and the case should not be based merely on speculations and imaginations. We are therefore, not inclined to encourage the abovementioned practice of the NAB.

9. We have also noted from the site plan of the abovementioned scheme produced before the Court by the learned Special Prosecutor for NAB that the scheme/project in question starts from Village Daruta and apart from Ramzan Sugar Mills, a godown of the Food Department of the Government of Punjab and different villages like Dinpur Colony, Khizar Hayat village, Qamaryki colony, Adda Jamiabad, Bhutto colony, Chah Kamaryki, Khan ka Kot, Morian Wala Abadi and Mustafabad Colony are also situated on the sides of the abovementioned sullage carrier. It is, therefore, evident that the sullage carrier in question has not been constructed only for the benefit of Ramzan Sugar Mills, rather the public at large of the abovementioned villages is also being benefited from the said scheme. Even, it is evident from the report and parawise comments furnished by the NAB/ respondent and evidence of the NAB itself that Ramzan Sugar Mills is not the sole beneficiary of the abovementioned sullage carrier though the NAB/respondent has tried to establish that the major discharge of effluent in the sullage carrier is of the Ramzan Sugar, Mills. It is also evident from the statement of Ghulam Shabbir Shah (PW), Sub-Engineer, Public Health Engineering Department, Sub-Division Bhowana District Chiniot that apart from the water discharge of Ramzan Sugar Mills, there was discharge of local "Abadies", as well as, discharge of godown of the Food Department in the abovementioned sullage carrier which has clearly established that Ramzan Sugar Mills is not the sole beneficiary of the abovementioned scheme. It is true that after its start from the village Daruta, a turn of about 50-Yards has been given to the sullage carrier across the Jhang Road towards the Ramzan Sugar Mills but the fact remains that the site plan of the scheme with the abovementioned turn has duly been approved by the competent authority. Moreover, apart from Ramzan Sugar Mills, the godown of the Food Department of the Government of Punjab and majority of the villages like village Khizar Hayat, Adda Jamiabad, Qamary Ki colony, Bhutto colony, Chah Kamary ki, Khan ka Kot, Morian wala Abadi and Mustafa Abad colony are also

benefited due to the abovementioned turn in the route of the sullage carrier. It is further noteworthy that except from the villages Daruta and Dinpur, all remaining villages on the route of the abovementioned sullage carrier are situated on the south western side of the Jhang Road and turn in the route of the sullage carrier was also given towards the south western side of the abovementioned route, therefore, it is clear that the turn in the route of sullage carrier was given to benefit the maximum population of the area.

10. It is also an admitted fact that the sullage carrier scheme from village Daruta to the seepage drain Bhowana is owned by the Government of Punjab. Neither the petitioner nor his son is owner of the said scheme. The son of the petitioner, Muhammad Hamza Shahbaz Sharif, co-accused has been paying annual rent to the Government for the use of the abovementioned sullage carrier and in this respect annual agreements have repeatedly been executed between the Government and son of the petitioner. Even, the sitting Government executed an agreement with the son of the petitioner on 15.09.2018 and received an amounts of Rs.52,500/- on 26.09.2018, as fee for use of the said sullage carrier.

11. We have further noted some other important aspects of this case. It is the case of NAB that the scheme in question has not been constructed for the public benefit rather the same has been constructed only for the benefit of Ramzan Sugar Mills owned by the son of the petitioner and approval of the said scheme through the directive dated 21.05.2014 of the petitioner which was issued on a self-managed request/application of Moulana Muhammad Rehmat Ullah, the then MPA (PP-74), meaning thereby, it was abovementioned Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74), who played pivotal role by moving a fake application for the construction of the above mentioned scheme. Moreover, the said scheme was for the benefit of son of the petitioner, namely, Muhammad Hamza Shahbaz Sharif (co-accused). Under the circumstances according to the NAB case, Mian Muhammad Shahbaz Sharif (petitioner), Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74) and Muhammad Hamza Shahbaz Sharif (co-accused) were sailing in the same boat being main characters of the instant NAB case but we are surprised to note that the abovementioned Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74) has been made a prosecution witness in this case instead of an accused. If, the aim of the NAB was to only punish the petitioner then the NAB could have first made the

abovementioned mover of the scheme (Moulana Muhammad Rehmat Ullah) an accused and then an approver in this case which is now a common practice of the NAB. The other person who was also sailing in the same boat is Muhammad Hamza Shahbaz Sharif (co-accused) but despite the authorization of inquiry in this case on 04.07.2018 and subsequent authorization of investigation and lapse of more than seven months, the NAB authorities have not decided till-today to arrest him. He (Muhammad Hamza Shahbaz Sharif, co-accused) earlier moved a petition i.e. Writ Petition No.246619 of 2018 before this Court for grant of pre-arrest bail in this case wherein the learned Special Prosecutor for NAB appeared before the Court on 20.11.2018 and made a categorical statement that till that time neither the NAB was inclined to arrest him nor any warrant of his arrest had been issued by the competent authority. In the light of above as the NAB was not inclined to arrest Muhammad Hamza Shahbaz Sharif (co-accused) at that time, therefore, his pre-arrest bail petition was disposed of as having become infructuous vide order dated 20.11.2018 with the direction to the NAB authorities that if they find any ground for arrest of the said co-accused then the same would be communicated to him, so that he may have sufficient time of at least ten days, for approaching the Court of competent jurisdiction. Even today, we have repeatedly asked the learned Special Prosecutor for the NAB, as well as, Additional Director NAB and Deputy Director NAB, Lahore present before the Court that as to whether at present the NAB is inclined to arrest the said co-accused, the learned Special Prosecutor for the NAB, as well as, Additional Director NAB and Deputy Director NAB, Lahore did not state that they were inclined to arrest him rather they stated that as the abovementioned co-accused has been cooperating with the investigating officer, therefore, it was not deemed appropriate to arrest him. The learned Special Prosecutor for the NAB has further conceded that till-today the competent authority has not issued any warrant of arrest against the abovementioned co-accused which means that till-today the NAB authorities are not inclined to arrest the abovementioned co-accused, who, according to the NAB, was the sole beneficiary in this case. The entire prosecution case is based on documentary evidence which is already in possession of the prosecution. Even, the oral statements of the witnesses have also been recorded in this case but it is not understandable that what else is required by the NAB to take decision that as to whether Muhammad Hamza Shahbaz Sharif (co-accused) is to be arrested in this case or not. The conduct of the NAB authorities prima facie shows that they are satisfied that arrest of Muhammad Hamza

Shahbaz Sharif (co-accused) is not required in this case because the entire prosecution case is before them and prima facie nothing else is required to be collected in this case. Under the circumstances, the discriminatory treatment of the NAB/respondent in respect of three persons involved in this case, who, according to NAB's own case were sailing in the same boat, is not understandable.

12. As mentioned earlier, according to NAB's case, Mian Muhammad Shahbaz Sharif (petitioner) Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74) and Muhammad Hamza Shahbaz Sharif (co-accused) were sailing in the same boat but the NAB authorities instead of arraying Moulana Muhammad Rehmat Ullah, Ex-MPA (PP-74) as an accused in this case, has made him a prosecution witness, Till-today the NAB is not inclined to arrest Muhammad Hamza Shahbaz Sharif, co-accused (who, according to NAB's own case was the main beneficiary in this case but on the other hand the NAB has vehemently been opposing the release of the petitioner on bail. The abovementioned discriminatory treatment of the NAB authorities and pick and choose made by them regarding the different persons allegedly involved in this case and standing on the same pedestal, is not understandable for us. The said acts of the NAB/respondent speak loudly about the mala fides of the NAB against the petitioner. We may clarify here that we have given the abovementioned observations in order to show the mala fides of the NAB/ respondents and it is expected that the said observations shall not be made an excuse for the arrest of Muhammad Hamza Shahbaz Sharif (co-accused) by the NAB/respondent and decision of the NAB not to arrest him may be a right decision, while keeping in view the attending circumstances of the case.

13. We have also noted that the NAB has recorded the statements of some witnesses under section 161, Cr.P.C. wherein they stated that due to the industrial waste of Ramzan Sugar Mills Limited, the water of the area became polluted which resulted into the spreading of hepatitis-C and other diseases in the area whereupon they contacted the local MPA, namely, Moulana Muhammad Rehmat Ullah and consequently the abovementioned sullage carrier was constructed in the area but according to the said witnesses the said sullage carrier has been providing benefit only to the Ramzan Sugar Mills. It is not understandable that as to why the NAB authorities instead of taking a report from the Health Department of the area regarding spreading of the diseases as alleged by the prosecution witnesses of this case, namely,

Habib Ullah, Ghulam Martaza, Ghulam Hussain and Muhammad Sufyan, has recorded statements of the said witnesses, who, were simply laymen and no statement of any medical expert or employees of the Health Department has been recorded to establish that the abovementioned disease actually spread in the area. Moulana Muhammad Rehmat Ullah, Ex-MPA (PW) also stated that he moved an application to the petitioner for construction of a sullage carrier because the water of the area became contaminated due to the industrial waste of Ramzan Sugar Mills but we have noted that no such allegation about the industrial waste of Ramzan Sugar Mills has been mentioned in the written application of the abovementioned prosecution witness which he moved at the relevant time for the approval of the above-referred scheme. No other application containing receipt of the Chief Minister Secretariat has been placed on the record to support the abovementioned allegation of Moulana Muhammad Rehmat Ullah (PW). None of the abovementioned prosecution witnesses ever moved any application before any competent authority regarding the industrial effluent of Ramzan Sugar Mills and they made their abovementioned statements for the first time before the NAB authorities on 27.09.2018 and 14.11.2018 i.e. after the delay of two months twenty three days and four months and seven days, respectively, from the date of authorization of the inquiry in this case on 04.07.2018, though Ramzan Sugar Mills Limited, Chiniot was admittedly operating in the area from the last twenty four years. Prima facie, the above statements of the PWs are not sufficient to make an excuse for dismissal of this petition.

14. At the cost of repetition, it is observed that there is no allegation that the funds allocated for the abovementioned scheme were not utilized/ spent on the said scheme. It is also evident from the perusal of the record that the public at large of the area is being benefited from the said scheme. Moreover, there is nothing on the record that the petitioner received any kickbacks or commission in awarding the contract of construction for the above referred scheme. Under the circumstances, it is a fit case for grant of post arrest bail to the petitioner. We may refer here the case of "Muhammad Saeed Mehdi v. The State and 2 others" (2002 SCMR 282) wherein at Page Nos.285 and 288, it was observed as under:-

> Page-285 "Allegations against the petitioner are that in November/ December, 1993 while holding the office of Chairman, Capital Development Authority, he sanctioned an amount of Rs.0.6 million to the Environment

Directorate, CDA for landscaping near Gate No.3 of the Prime Minister's House, Islamabad in breach of procedure and without following the rules on the subject."

……
…..

Page-288 "7. As regards the nature of accusation against the petitioners, the truth or otherwise of such allegations can only be determined at the trial by the Court after deep analysis of the evidence that may be adduced by the parties. Without going deeper into the merits of the prosecution case, it may suffice to observe that prima facie the petitioner does not appear to be guilty of misuse of official position or misappropriation of public funds to his own use or in order to cause monetary loss of public funds or to obtain illegal gain for himself or for any of his relatives or friends. It is not the case of the prosecution that the amount sanctioned by him was not actually spent on the works for which it was approved."

If, for the sake of arguments, it is presumed that there was any procedural irregularity in the exercise of jurisdiction by the petitioner, even then the same may not amount to the misuse of authority so as to constitute an offence under section 9(a)(vi) of the National Accountability Ordinance, 1999. We may refer here the case of "The State v. Anwar Saif Ullah Khan" (PLD 2016 Supreme Court 276). The relevant part of the said judgment is reproduced hereunder:-

"It is also apparent from the same precedent cases that a mere procedural irregularity in the exercise of jurisdiction may not amount to misuse of authority so as to constitute an offence under section 9(a)(vi) of the National Accountability Ordinance, 1999 and that a charge of misuse of authority under that law may be attracted where there is a wrong and improper exercise of authority for a purpose not intended by the law, where a person in authority acts in disregard of the law with the conscious knowledge that his act is without the authority of law, where there is a conscious misuse of authority for an illegal gain or an undue benefit and where the act is done with intent to obtain or give some advantage inconsistent with the law....".

Reliance in this respect may also be placed on the case of "Anwar Saifullah Khan v. The State and 4 others" (PLD 2000 Lahore 564) wherein the learned Full Bench of this Court with majority decision, granted post arrest bail to the petitioner of the said case inter-alia on the ground that the main allegation against him was of the misuse of his political powers and as the massive documentary evidence was to be recorded in the said case to prove the above allegation, therefore, the petitioner of the said case was found entitled to the relief of post arrest bail. The relevant part of the abovementioned judgment of this Court at Page-584 reads as under:-

> "This is a case of misuse of political power. The accusations against him flow from a massive documentary evidence. The petitioner naturally needs an occasion to see these documents, prepare his defence and face the trial. This entitles him prima facie, the concession of post-arrest bail. Seeing from the above perspective, we are clear in our mind that he has a prima facie case calling for exercise of our jurisdiction to order his pre-trial release. This will enable him to prepare his defence."

15. The argument of the learned Special Prosecutor for the NAB that bail can only be granted in the NAB cases on the ground of extreme illness or if an accused is behind the bars for several years without any progress in his trial, has no substance. If, from the tentative assessment of the evidence, a Court comes to the conclusion that sufficient material is-not available on the record to establish the charges of the prosecution against him or if it is a case of further inquiry, even then, bail can be granted to the accused in NAB case as observed in the cases of "Muhammad Saeed Mehdi v. The State and 2 others" (2002 SCMR 282) and "Anwar Saifullah Khan v. The State and 4 others" PLD 2000 Lahore 564). We are afraid that we cannot dismiss this bail petition merely on the abovementioned hyper technical ground.

16. The judgments cited by the learned Special Prosecutor for NAB are distinguishable on their own facts.

17. Considering all the above-mentioned facts, we are of the considered view that it is a case of further inquiry and a case for grant of post arrest bail in favour of the petitioner is made out.

18. In the light of above discussion, this petition is allowed and the petitioner namely Mian Muhammad Shahbaz Sharif is admitted to post arrest bail subject to his

furnishing bail bonds in the sum of Rs.10,000,000/- (Rupees Ten Million Only) with one surety in the like amount to the satisfaction of learned trial Court.

19. The above detailed reasons be read as part and parcel of our short order of even date which is reproduced hereunder:-

> "We have heard the learned counsel for the parties at length and perused the record.
>
> 2. For the reasons to be recorded later on, this petition is allowed and the petitioner namely Mian Muhammad Shahbaz Sharif is admitted to post arrest bail in Investigation in Ramzan Sugar Mills Scam authorized vide letter No.1(61)HQ/958/NAB-L dated 7.12.2018, subject to his furnishing bail bonds in the sum of Rs.10 million (Ten million), with one surety in the like amount to the satisfaction of learned trial Court."

2020 Y L R 1970

[Lahore (Multan Bench)]

Before Malik Shahzad Ahmad Khan and Sadiq Mahmud Khurram, JJ

MUHAMMAD SHAHBAZ alias CHAMMA TINDA---Appellant

Versus

The STATE---Respondent

Criminal Appeal No. 476-J of 2018 and C.M. No. 1 of 2020, decided on 3rd February, 2020.

Criminal Procedure Code (V of 1898)---

----S. 426---Control of Narcotic Substances Act (XXV of 1997), S. 9(c)---Possession of narcotics---Suspension of sentence pending appeal---Bail, grant of---Violation of policy of awarding sentence to accused---Scope---Petitioner sought suspension of his sentence and release on bail during pendency of appeal---Petitioner was behind the bars since the date of his arrest and as such he had already served a period of two years and ten months out of his sentence of six years---No prospect of decision of the main appeal in the near future existed---Possibility could not be ruled out that the petitioner might serve out his entire sentence before the decision of his main appeal on merits and in such eventuality, purpose of filing of appeal would become infructuous---Sentence awarded by the Trial Court was against the policy of awarding sentence, according to which in case of recovery of charas exceeding 1 kg and upto 2 kg, an accused had to be convicted and sentenced to four years and six months rigorous imprisonment---Quantum of sentence awarded by Trial Court required serious re-consideration---Petition was allowed.

Ghulam Murtaza and another v. The State PLD 2009 Lah. 362 and Ameer Zeb v. The State PLD 2012 SC 380 ref.

Prince Rehan Iftikhar Sheikh for Petitioner.

Adnan Latif, Deputy Prosecutor General on behalf of the State.

ORDER

C.M. No. 1 of 2020.

Muhammad Shahbaz alias Chamma Tinda petitioner-appellant by way of the instant petition has sought for suspension of his sentence and release on bail during the pendency of his appeal.

2. The petitioner was tried in case FIR No.151/2017, dated 01.04.2017, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station City Burewala, District Vehari and vide judgment dated 28.03.2018, passed

by the learned Additional Sessions Judge, Burewala, the petitioner has been convicted and sentenced as under:-

> Under section 9(c) of CNSA, 1997 to rigorous imprisonment for six years with fine of Rs.20,000/- and in default thereof to suffer simple imprisonment for five months.
>
> Benefit of section 382(b), Cr.P.C. was also extended to the petitioner.

3. Arguments heard. Record perused.

4. As per prosecution case, on 01.04.2017, the petitioner was apprehended by the police and Charas weighing 1350 grams was recovered from his possession. It is evident from paragraph No.1 of impugned judgment dated 28.03.2018, passed by the learned trial Court that the petitioner was arrested in this case on 01.04.2017. Paragraph No.13 of the impugned judgment further reveals that the petitioner was under custody at the time of announcement of the said judgment. The petitioner is behind the bars since the date of his arrest i.e., 01.04.2017 and as such he has already undergone a period of two years and ten months of his imprisonment. There is no prospect of early decision of the main appeal of the petitioner in the near future as the same pertains to the year 2018, therefore, possibility cannot be ruled out that the petitioner may serve out his entire sentence before the decision of his main appeal on merits. In that eventuality, purpose of filing of appeal by the petitioner before this Court shall become infructuous.

5. It is further noteworthy that the sentence awarded by the learned trial Court to the petitioner on recovery of 1350-grams Charas, is against the sentencing policy, settled by this Court in the case of "Ghulam Murtaza and another v. The State" (PLD 2009 Lahore 362) and affirmed by the Hon'ble Supreme Court of Pakistan, in the case of "Ameer Zeb v. The State" (PLD 2012 Supreme Court 380), according to which in the case of recovery of Charas exceeding 1 K.G and unto 2 K.G, an accused is to be convicted and sentenced to four years and six months rigorous imprisonment with fine of Rs.20,000/- and in default to further undergo five months simple imprisonment. The quantum of sentence awarded by the learned trial Court to the petitioner also requires serious reconsideration.

6. In the light of above discussion, this miscellaneous petition is allowed, the sentence of the petitioner Muhammad Shehbaz alias Chamma Tinda is suspended and the petitioner is admitted to bail subject to his furnishing bail bonds in the sum of Rs.2,00,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the Deputy Registrar (Judicial) of this Court. The petitioner is directed to appear before this Court on each and every date of hearing of his appeal.

SA/M-53/L **Sentence suspended.**

Before Malik Shahzad Ahmad Khan and Raja Shahid Mahmood Abbasi, JJ

The STATE through Deputy Director (Law)---Petitioner

Versus

SARDAR MUHAMMAD alias SARDARA GUJJAR and others---Respondents

Criminal Appeal No.667 of 2010, decided on 1st June, 2020.

(a) Control of Narcotic Substances Act (XXV of 1997)---

----S. 19---Forfeiture of assets---Pre-condition---If accused of offence punishable under Control of Narcotic Substances Act, 1997, is sentenced to imprisonment for a term exceeding three years only then Court can order that his assets derivable from trafficking in narcotics substances be forfeited.

(b) Control of Narcotic Substances Act (XXV of 1997)---

----Ss. 9 (c), 14, 15, 19, 37 & 48---Forfeiture of assets, refusal of---Acquittal---Accused was acquitted by Trial Court and the Court declined to forfeit his assets on the ground that his son and brother were involved in drug trafficking---Validity---Accused was tried for charges under Ss.9, 14 & 15 of Control of Narcotic Substances Act, 1997, along with other charges but he was not convicted and sentenced by Trial Court for the charge under S.9(c) of Control of Narcotic Substances Act, 1997, nor for abetment of the offence, as envisaged under S.15 of Control of Narcotic Substances Act, 1997---Accused was acquitted by Trial Court from all charges therefore, provisions of S. 37 of Control of Narcotic Substances Act, 1997, were not attracted against him---Authorities filed appeal malafidely against accused only on the ground that his son and brother were also accused in the case---High Court declined to interfere in the order passed by Trial Court as no illegality or material irregularity was pointed out in the order---Appeal was dismissed in circumstances.

Kashif Javed, Special Prosecutor for A.N.F.

Naveed Afzal Basra for Respondent No.5.

ORDER

This appeal has been filed against order dated 17.03.2010 passed by the learned Judge, Special Court CNS, Lahore, whereby application filed by Muhammad Amjad Ali (respondent No.5) for release of his forfeited property was accepted.

2. As per brief facts of the present case, Muhammad Amjad Ali (respondent No.5) was an accused in case FIR No. 18 dated 15.05.1995 registered at Police Station PNCB District Lahore offences under Articles 3 and 4 of Prohibition (Enforcement of Hadd) Order, 1979 read with Sections 9/14/15 of the Control of Narcotic Substances Act, 1997 and Sections 324/332 and 353 of P.P.C. In the aforementioned case, Muhammad Amjad Ali (respondent No.5) has admittedly been acquitted by the learned trial Court vide judgment dated 27.07.2001. After acquittal, Muhammad Amjad Ali (respondent No.5) filed above-referred application for release of his freezed property i.e. bank account No. 100-5058-5, UBL, Renala Khurd Branch, as well as, his share in properties mentioned at serial Nos. 1, 9 and 10 of application bearing No. M.A.24/ 2012.2004. The abovementioned application of respondent No.5 was accepted vide impugned order dated 17.03.2010. Hence, the instant appeal before this Court.

3. Arguments heard. Record perused.

4. It is an admitted fact that Muhammad Amjad Ali (respondent No.5) was an accused in the abovementioned case FIR No. 18 of 1995 of Police Station P.N.C.B. District Lahore but he has been acquitted in the said case by the learned trial Court vide judgment dated 27.07.2001. No appeal against his acquittal has been filed before any forum by the State. In the light of above, there was no justification to forfeit/freeze the property of Muhammad Amjad Ali (respondent No. 5), mentioned in his above-referred application. In this respect, Sections 19 and 37 of the Control of Narcotic Substances Act, 1997 are relevant. Sections 19 and 37 of the Act ibid read as under:

> "19. Forfeiture of assets of an Offender.---Notwithstanding any-thing contained in section 13, where the Special Court finds a person guilty of an offence punishable under this Act and is sentenced to imprisonment for a term exceeding three years, the Court shall also order that his assets derivable from trafficking in narcotics substances shall stand forfeited to the Federal Government unless it is satisfied, for which the burden of proof shall rest on the accused, that they or any part thereof have not been so acquired.

(Bold and underlining supplied for emphasis).

37. Freezing of assets etc.---(1) Where the Special Court trying an offence punishable under this Act is satisfied that there appear reasonable grounds for believing that the accused has committed such an offence, it may order the freezing of the assets of the accused, his relatives and associates.

(2) Where in the opinion of the Director-General of an officer authorized under section 21 an offence is being or has been committed, he may freeze the assets of such accused and within seven days of the freezing shall place before the Court the material on the basis of which the freezing was made and further continuation of the freezing or otherwise shall be decided by the Court.

(3) The said officer shall trace, identify and freeze the assets during the investigation or trial for the purpose of forfeiture by the Special Court:

Provided that the Director General, or as the case may be, the officer freezing any asset shall, within three days, inform the Special Court about such freezing and the Special Court shall, after notice to the person whose assets have been frozen, by an order in writing, confirm, rescind or vary such freezing."

It is therefore, evident from the perusal of abovementioned provisions of law that if an accused of offence punishable under the Act supra is sentenced to imprisonment for a term exceeding 03 years, only then a Court can order that his assets derivable from trafficking in narcotics substances be forfeited, whereas, in the instant case, respondent No. 5 has been acquitted by the learned trial Court. Insofar as Section 37 of the Act ibid is concerned, although under the said provision of law, a Court can pass an order for freezing of the assets of an accused, his relatives and associates and learned Special Prosecutor for A.N.F has argued that father and two brothers of Muhammad Amjad Ali (respondent No.5), namely, Sardar Muhammad alias Sardara, Muhammad Asghar and Muhammad Ashraf, respectively, have been convicted and sentenced by the learned Judge, Special Court CNS, Lahore vide judgment dated 27.07.2001 therefore, assets of respondent No.5 being their relative, can validly be forfeited under the abovementioned provisions of law but there is no substance in the abovementioned argument of learned Special Prosecutor for ANF because in this case, Muhammad Amjad Ali

(respondent No.5) himself was an accused and he was tried for charges under Sections 9, 14 and 15 of CNSA, 1997 along with other charges but he has not been convicted and sentenced by the learned trial Court for the charge under Section 9-C of the Act ibid or for abetment of the said offence, as envisaged under Section 15 of the Act ibid rather, as mentioned earlier, he has been acquitted by the learned trial Court from all charges therefore, provisions of Section 37 of the Act supra are not attracted in this case against respondent No.5. It appears that the instant appeal has malafidely been filed by the State against Muhammad Amjad Ali (respondent No. 5) only on the ground that he is relative (son/ brother) of the abovementioned rest of the accused of this case. No illegality or material irregularity in the impugned order dated 17.03.2010 has been pointed out by learned Special Prosecutor for ANF.

5. In the light of above discussion, there is no substance in this appeal therefore, the same is hereby dismissed.

MH/S-36/L **Appeal dismissed.**

MUHAMMAD RIZWAN---Petitioner

Versus

The STATE and another---Respondents

Criminal Miscellaneous No. 14016-B of 2019, decided on 11th April, 2019.

(a) Criminal Procedure Code (V of 1898)---

----S. 497---Penal Code (XLV of 1860), Ss. 302, 109, 148, 149 & 34---Qatl-i-amd, abetment, rioting, armed with deadly weapon, common object, common intention---Bail, grant of---Scope---Prosecution case against accused was that he along with others murdered the brother of complainant---Accused was attributed the role of making a single fire shot on the right upper arm of the deceased---Prosecution had alleged that two empties, recovered from the spot, had matched with the pistol recovered from the possession of accused---Empties were sent to the Forensic Laboratory after four days of the occurrence---Deceased was an employee of the police department, therefore, possibility could not be ruled out that after the arrest of accused, fake empties were prepared and sent to the Forensic Laboratory---Recovery was only corroborative piece of evidence---Motive was attributed to other co-accused persons, as such, the accused had no motive to take part in the occurrence---Bail was allowed, in circumstances.

(b) Criminal trial---

----Recovery of weapon--- Scope---Recovery is only a corroborative piece of evidence.

Naseem Ullah Khan Niazi for Petitioner.

Ch. Muhammad Ishaq, D.P.G. for the State.

Syed Imdad Hussain Hamdani for the Complainant.

Rehmat, Sub-Inspector.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---The petitioner Muhammad Rizwan through the instant petition seeks post arrest bail in case FIR No. 268 dated 05.07.2018 registered at Police Station City Jauharabad District Khushab offences under Sections 302/109/148/149/34 of P.P.C.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 05.07.2018 at about 11:00 a.m., the complainant along with PWs and his brother namely Ahmad Iqbal deceased, who was a police employee, went to Madina Hotel in order to take their lunch and when they reached in the street of Masjid Lari Adda near Madina Hotel, the petitioner and his

five co-accused emerged at the spot while riding on three motorcycles while armed with different weapons. As per contents of the FIR, the petitioner and his five co-accused made one fire shot each on the body of Ahmad Iqbal deceased and thereafter, they fled away from the spot. Motive behind the occurrence was an earlier FIR No. 35 dated 07.03.2018 offences under Sections 324/34/109 of P.P.C. registered at Police Station Sadar Jauharabad; wherein, Tasawar Elahi, Zafar and Ehsan Elahi co-accused were challaned and due to the said grudge, murder of Ahmad Iqbal was committed.

4. I have noted that there is one deceased in this case and for the murder of one person, the complainant has implicated, as many as, six accused while attributing one firearm injury to each of them on the body of the deceased. The complainant also implicated four accused persons in this case with the role of abetment and as such, for the murder of one deceased, the complainant has implicated, as many as, ten accused persons in this case. Fatal firearm injuries on the person of Ahmad Iqbal deceased have been assigned to other co-accused and the petitioner has been attributed the role of making a single fire shot which landed on the right upper arm of the deceased (injury No.3, in the postmortem report). According to the final opinion of the Medical Officer, the said injury was not the cause of death of Ahmad Iqbal deceased and injuries Nos. 4, 5 and 6, attributed to co-accused, were the cause of his death. Learned DPG assisted by learned counsel for the complainant has argued that as per report of the Punjab Forensic Science Agency, two empties recovered from the spot have matched with the pistol recovered from the possession of the petitioner but I have noted that as per contents of the FIR, the deceased was a police employee who was posted in D.C. House, Khushab at the time of occurrence. The occurrence in this case took place on 05.07.2018. The petitioner was arrested in this case on 06.07.2018 and the empties were sent to the Forensic Science Agency on 09.07.2018. As mentioned earlier, the deceased was an employee of the police department (Head constable) therefore, possibility cannot be ruled out that after the arrest of the petitioner on 06.07.2018, fake empties were prepared in this case and sent to the Punjab Forensic Science Agency for their comparison on 09.07.2018, with the pistol, which has shown to be recovered from the possession of the petitioner on 15.07.2018. Even otherwise, recovery is only a corroborative piece of evidence. Moreover, motive of registration of earlier FIR No. 35 of 2018 was against Tasawar Elahi, Zafar and Ehsan Elahi co-accused, who were challaned in the said case and as such, the petitioner has no motive to take part in the occurrence.

5. Keeping in view all the aforementioned facts, the instant petition is allowed and the petitioner is admitted to post arrest bail subject to his furnishing the bail bonds in the sum of Rs.200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

SA/M-100/L **Bail granted.**

MUHAMMAD NADEEM---Appellant

Versus

The STATE and another---Respondents

Criminal Appeal No. 60 and C.M. No. 1 of 2019, decided on 30th January, 2020.

Criminal Procedure Code (V of 1898)---

----S. 426--- Control of Narcotic Substances Act (XXV of 1997), S. 9(c)--- Possession of narcotics---Suspension of sentence---Petitioner was convicted and sentenced to imprisonment for four years and six months with fine of Rs.20,000/-, and benefit of S.382-B, Cr.P.C., was also extended to him---Perusal of jail report showed that the un-expired period of sentence of the petitioner was 02 years, 07 months and 22 days---Appeal was filed by the petitioner in the year 2019 but the same could not be decided so far due to heavy backlog---Possibility could not be ruled out that the petitioner might serve out his remaining sentence before the decision of his main appeal on merits, which would amount to awarding punishment to the petitioner in advance---Petition was allowed and sentence of petitioner was suspended and he was admitted to bail, in circumstances.

Prince Rehan Iftikhar Sheikh for Petitioner.

Muhammad Ali Shahab, Deputy Prosecutor General for the State.

ORDER

Muhammad Nadeem petitioner-appellant by way of the instant petition has sought for suspension of his sentence and release on bail during the pendency of his appeal.

2. The petitioner was tried in case FIR No.262 dated 16.07.2018, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at Police Station City Chichawatni District Sahiwal and vide judgment dated 21.01.2019, passed by the learned Additional Sessions Judge, Chichawatni, the petitioner has been convicted and sentenced as under:-

Under section 9(c) of CNSA, 1997 to imprisonment for four years and six months with fine of Rs.20,000/- and in default thereof to suffer simple imprisonment for five months.

Benefit of section 382-B, Cr.P.C. was also extended to the petitioner/appellant.

3. Arguments heard. Record perused.

4. As per prosecution case, Charas weighing 1440-grams was recovered from the possession of the petitioner. It is evident from the perusal of the impugned judgment of the learned trial court dated 21.01.2019 that the petitioner was arrested in this case on 16.07.2018. As per paragraph No.20 of the judgment, the petitioner was in custody at the time of pronouncement of the impugned judgment passed by the learned trial court and as such the petitioner is behind the bars since the date of his arrest i.e. 16.07.2018. This Court vide order dated 29.04.2019, requisitioned a report from the Superintendent, Central Jail, Sahiwal. As per report dated 20.05.2019, the petitioner has already undergone one year one month and twenty eight days of the sentence of his imprisonment and un-expired portion of imprisonment of the petitioner was three years, four months and two days. A further period of 08 months and 10 days has elapsed from the date of issuance of the above referred report meaning thereby the un-expired period of sentence of the petitioner is 02 years, 07 months and 22 days. Although, the main appeal was filed by the petitioner in the year 2019 but the same could not be decided so far due to heavy backlog, therefore, possibility cannot be ruled out that the petitioner may serve out his remaining sentence before the decision of his main criminal appeal on merits. It will amount to awarding the petitioner punishment in advance. In this respect, we respectfully refer here the case of Abdul Hameed v. Muhammad Ahdullah (1999 SCMR 2589).

5. In the light of above discussion, this miscellaneous petition is allowed, the sentence of the petitioner is suspended and the petitioner Muhammad Nadeem is admitted to bail subject to his furnishing bail bonds in the sum of Rs.200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the Deputy Registrar (Judicial) of this Court. The petitioner is directed to appear before this Court on each and every date of hearing of this case.

FESCO--Appellant

versus

LIAQAT ALI and another--Respondents

Crl. A. No. 983 of 2016, decided on 10.5.2017.

Criminal Procedure Code, 1898 (V of 1898)--

----Ss. 249-A & 417--Electricity Act, 1910, S. 39-A--Appeal against acquittal--Allegation--FIR was lodged against respondent that he was stealing electricity, connecting wire with main cable and tampering with meter--Allegation against respondent was that he was stealing electricity while connecting wire to the main cable and tampering with the meter. The meter was admittedly not in the name of respondent--Although it has been argued by counsel for the appellant that the said meter was in the name of the father of above mentioned respondent but there is no eyewitness ad seen respondent while tampering with the meter or Stealing the electricity. No evidence was collected by the prosecution to establish that the premises wherein the tampered electricity meter was installed was in the name or occupation of respondent--Though the allegation of tampering the electricity meter was levelled against respondent but no tool, whereby, the meter was tampered with or theft of electricity was committed has been recovered from the possession of above mentioned respondent during the investigation of this case. It is noteworthy that charge was framed against respondent on 05.11.2015 and prosecution was granted repeated adjournments (five opportunities) to lead evidence but not a single witness was produced by the prosecution. Trial Court has rightly invoked the provisions of Section 249-A, Cr.P.C. and acquitted respondent vide the above mentioned impugned order.

[Para 5] A

Ch. Muhammad Shahid Iqbal, Advocate for Appellant.

Date of hearing: 10.5.2017

ORDER

The instant appeal has been filed against the acquittal of Respondent No. 1 in case F.I.R. No. 506/2014 dated 15.12.2014, offence under Section 39-A of the Electricity Act, 1910, Police Station Rajana, District Toba Tek Singh *vide* order dated 16.03.2016 passed by learned Senior Civil Judge/ Magistrate Section 30, Toba Tek Singh.

2. As per brief facts of the present case, the above mentioned F.I.R. was lodged against Respondent No. 1 with the allegation that the said respondent was stealing electricity while connecting wire with the main cable and tampering with the meter. The police investigated the case and submitted challan against Respondent No. 1. The charge was framed against Respondent No. 1 to wtiich he pleaded not guilty and claimed trial. During the pendency of trial, Respondent No. 1 was acquitted by the learned trial Court *vide* order dated 16.03.2016 by invoking the provisions of Section 249-A, Cr.P.C.

3. It is contended by learned counsel for the appellant that sufficient opportunity was not provided to the prosecution to prove its case and the provision of Section 249-A, Cr.P.C. has wrongly been invoked by the learned trial Court in a hasty manner; that sufficient material was available on the record against Respondent No. 1 to prove the case of prosecution; that the tampered meter was also handed over by the complainant to the I.O. through Receipt No. 8112 dated 19.05.2015; that the impugned order is result of misreading and non-reading of record, therefore, the same may be set aside and the case may be remanded back to the learned trial Court to decide the same afresh after providing opportunity to the appellant/complainant to produce evidence;

4. Heard. Record perused.

5. The allegation against Respondent No. 1 was that he was stealing electricity while connecting wire to the main cable and tampering with the meter. The meter was admittedly not in the name of Respondent No. 1. Although it has been argued by learned counsel for the appellant that the said meter was in the name of the father of above mentioned respondent but there is no eyewitness who had seen Respondent No. 1 while tampering with the meter or stealing the electricity. No evidence was collected by the prosecution to establish that the premises wherein the tampered electricity meter was installed was in the name or occupation of Respondent No. 1. Though the allegation of tampering the electricity meter was levelled against Respondent No. 1 but no tool, whereby, the meter was tampered with or theft of electricity was committed has been recovered from the possession of above mentioned respondent during the investigation of this case. It is noteworthy that charge was framed against Respondent No. 1 on 05.11.2015 and prosecution was granted repeated adjournments (five opportunities) to lead evidence but not a single witness was produced by the prosecution. Keeping in view all the aforementioned facts, the learned trial Court has rightly invoked the provisions of Section 249-A, Cr.P.C. and acquitted Respondent No. 1 *vide* the above mentioned impugned order.

6. In the light of above discussion, there is no substance in this appeal; hence the same is hereby ***dismissed***.

(A.A.K.) **Appeal dismissed.**

MUHAMMAD QASIM--Appellant

versus

STATE & another --Respondents

Crl. A. No. 707 of 2016, decided on 9.5.2017.

Pakistan Penal Code, 1860 (XLV of 1860)--

----Ss. 324, 302, 147, 148 & 149--Conviction and sentence--Challenge to--Attempt to murder--According to the FIR, Shazzil Hassan son of Safeer Ali was murdered in this case, whereas Mst. Bakhat Bibi wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz, Mst. Bakhat Bibi wife of Muhammad Mumtaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz sustained injuries during the occurrence--The role of causing murder of Shazzil Hassan was attributed to Tariq Mehmood (co-accused), who has already been acquitted from the charge under Section 302 PPC for causing murder of Shazzil Hassan, on the basis of compromise vide judgment dated 02.03.2016, passed by Additional Sessions Judge, Faisalabad--The role assigned to Muhammad Qasim (appellant) is that he (appellant) along with Tariq Mahmood (co-accused) and Iftikhar Ahmad (co-accused), while armec with fire; arms, attempted to commit Qatl-i-Amd of wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz and thereby caused injuries on different parts of their bodies--As the complainant, as well as, other injured prosecution witnesses of the case namely Mst. Bakhat Bibi, Mst. Sahib Bibi and Mst. Shabana Bibi, who were duly identifier by Qaiser Younas Inspector/Investigating Officer of this case have effected a compromise with the appellant (Muhammad Qasim) and they have no objection on the acceptance of this appeal and acquittal of the appellant from the case, therefore, while keeping in view their statements, as well as, their sworn affidavits (Mark "A" to Mark "D") and the fact that the offences under

Sections 324/33 7A(i)/337F(iii) PPC, in which the appellant has been convicted and sentenced by the trial Court, are Compoundable. [Para 8] A

Hafiz Allah Yar Sipra, Advocate for Appellant.

Mr. Nisar Ahmad Virk, Deputy District Public Prosecutor with Qaiser Younis Inspector/Investigating Officer for State.

Mr. Muhammad Mumtaz (complainant) in person along with injured ladies of the case namely Mst. Sahib Bibi wife Muhammad Riaz, Mst. Shabana Bibi daughter of Muhammad Mumtaz and Mst. Bakhat Bibi wife of Siraj Din for Complainant.

Date of hearing: 9.5.2017.

JUDGMENT

This criminal appeal has been filed by Muhammad Qasim (appellant) against his conviction and sentence. Muhammad Qasim (appellant) along with 05 other co-accused was tried in case FIR No. 103/2011 dated 17.03.2011, offences under Sections 302/324/147/148/149, PPC, registered at Police Station Sahianwala, District Faisalabad. After conclusion of the trial, the learned trial Court vide its judgment dated 02.03.2016, has convicted and sentenced the appellant as under:--

> *Under Section 324, PPC to rigorous imprisonment for seven years with fine of Rs. 10,000/- and in default thereof to further undergo three months simple imprisonment for making attempt to commit the murder of Mst. Sahib Bibi wife of Muhammad Riaz (sister of the complainant Muhammad Mumtaz), Mst. Shabana Bibi daughter of Muhammad Mumtaz and Mst. Bakhat Bibi wife of Siraj Din.*
>
> *Under Section 337F(iii), PPC to rigorous imprisonment for one year along with payment of Daman Rs.25,000/- to Mst. Bakhat Bibi (injured).*
>
> *Under Section 337A(i) PPC to rigorous imprisonment for six months alongwith payment of Daman Rs.20,000/- to list. Bakhat Bibi (injured).*

Benefit of Section 382-B Cr.P.C was also extended to the appellant and sentences of imprisonment awarded to the appellant were ordered to run concurrently.

2. Brief allegations levelled in the FIR (Ex.PQ), lodged by the complainant Muhammad Mumtaz (PW-11) are that on 16.03.2011 at 7.45 p.m, the appellant along with his 05 other co-accused, while armed with fire-arms, launched an attack upon the complainant party and Tariq Mehmood (co-accused) committed the murder of Shazzil Hassan and caused injuries to Sofeer Ali (PW) and Sahib Bibi (PW) wife of Muhammad Riaz. Muhammad Qasim (appellant) caused injuries to Mst. Bakhat Bibi wife of Siraj Din. Muhammad Qasim (appellant) along with Tariq Mehmood (co-accused) and Iftikhar Ahmad (co-accused) also caused injuries to Mst. Sahib Bibi wife of Muhammad Riaz, Mst. Bakhat Bibi wife of Muhammad Mumtaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz.

3. After completion of investigation, the challan was prepared and submitted before the learned trial Court. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant and his co-accused, to which they pleaded not guilty and claimed trial. The statements of the appellant and his co-accused under Section 342, Cr.P.C. were recorded. The appellant refuted the allegations levelled against him and professed his innocence. The learned trial Court vide its judgment dated 02.03.2016, found Muhammad Qasim (appellant) guilty and convicted and sentenced him as mentioned and detailed above.

It is pertinent to mention here that vide the same judgment dated 02.03.2016, the learned trial Court acquitted Tariq Mehmood (co-accused) from the charge under Section 302, PPC for causing murder of Shazzil Hassan, on the basis of compromise, however, he (Tariq Mehmood) was convicted by the learned trial Court under Section 337-F(vi), PPC and was sentenced to rigorous imprisonment for two years with Daman Rs.50,000/- for causing injury to Mst. Sahib Bibi wife of Muhammad Riaz. The learned trial Court *vide* the same judgment dated 02.03.2016, acquitted Muhammad Azam (co-accused) and Arif Hassan (co-accused), whereas convicted

Iftikhar Ahmad (co-accused) under Section 337-F(iii) and sentenced him to one year rigorous imprisonment with Daman Rs. 25,000/- for causing injury to Shabana Bibi daughter of Muhammad Mumtaz, while. Manzoor Ahmad (co-accused) was convicted by the learned trial Court under Section 337F(i), PPC and was. sentenced to three months rigorous imprisonment with Daman Rs.10,000/- for causing injury to Mst. Bakhat Bibi wife of Muhammad Mumtaz.

4. At the very outset, learned counsel for the appellant submits that the appellant was convicted and sentenced under Section 324, PPG read with Sections 337A(i)/337F(iii), PPC for making an attempt to commit Qal-i-Amd and causing injuries to Mst. Bakhat Bibi wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz. Adds that the complainant, as well as, the above-mentioned injured prosecution witnesses of this case have effected a compromise with the appellant and they have no objection on the acceptance of this appeal and acquittal of the appellant in this case. Further submits that as the abovementioned offences are compoundable, therefore, the appellant may be acquitted from the charges under Sections 324/337A(i)/337F(iii), PPC.

5. Mst. Bakhat Bibi wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz are present in the Court along with Muhammad Mumtaz (complainant) and they are duly identified by Qaiser Younis Inspector (Investigating Officer of this case). All the above-mentioned injured prosecution witnesses, as well as, the complainant of this case have stated one by one that they have effected a compromise with Muhammad Qasim (appellant) and they have forgiven him. They add that they have no objection if the instant appeal is accepted and the appellant is acquitted in this case by setting aside the impugned judgment dated 02.03.2016, passed by learned Additional Sessions Judge, Faisalabad. The complainant, as well as, the abovementioned injured prosecution witnesses have also placed on the record their affidavits Mark "A", Mark "B", Mark "C" and Mark "D" respectively, in respect of the compromise with the appellant and verify the contents of their affidavits. ,

6. Learned Deputy Prosecutor General submits that as the offences, in which the appellant has been convicted and sentenced by the learned trial Court are compoundable, therefore, he has no objection on the acceptance of this appeal and acquittal of the appellant from the charges.

7. Heard. Record perused.

8. I have noted that according to the FIR, Shazzil Hassan son of Safeer Ali was murdered in this case, whereas Mst. Bakhat Bibi wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz, Mst. Bakhat Bibi wife of Muhammad Mumtaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz sustained injuries during the occurrence. The role of causing murder of Shazzil Hassan was attributed to Tariq Mehmood (co-accused), who has already been acquitted from the charge under Section 302, PPC for causing murder of Shazzil Hassan, on the basis of compromise vide judgment dated 02.03.2016, passed by learned Additional Sessions Judge, Faisalabad. The role assigned to Muhammad Qasim (appellant) is that he (appellant) along with Tariq Mahmood (co-accused) and Iftikhar Ahmad (co-accused), while armec with fire-arms, attempted to commit Qatl-i-Amd of Mst. Bakhat Bibi wife of Siraj Din, Mst. Sahib Bibi wife of Muhammad Riaz and Mst. Shabana Bibi daughter of Muhammad Mumtaz and thereby caused injuries on different parts of their bodies. As the complainant, as well as, other injured prosecution witnesses of the case namely Mst. Bakhat Bibi, Mst. Sahib Bibi and Mst. Shabana Bibi, who were duly identifier by Qaiser Younas Inspector/Investigating Officer of this case have effected a compromise with the appellant (Muhammad Qasim) and they have no objection on the acceptance of this appeal and acquittal of the appellant from the case, therefore, while keeping in view their statements, as well as, their sworn affidavits (Mark "A" to Mark "D") and the fact that the offences under Sections 324/337-A(i)/337-F(iii), PPC, in which the appellant has been convicted and sentenced by the learned trial Court, are. compoundable, **I <u>accept</u> Criminal Appeal No. 707 of 2016** filed by Muhammad Qasim (appellant), set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Faisalabad vide impugned judgment dated 02.03.2016

and acquit him of the charges under Sections 324/337A(i)/337F(iii), PPC PPC on the basis of compromise. Muhammad Qasim (appellant) is in custody, he be released forthwith, if not required in any other case.

(A.A.K.) **Appeal accepted.**

Ch. Waqas Azeem, Advocate for Respondents. No. 7 & 8.

Mr. Amjad Ali Chatha, Additional Advocate General for State.

Date of hearing: 8.3.2018.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This Intra Court Appeal has been filed against the impugned order dated 02.02.2017 passed in writ petition No. 26175 of 2015 by the learned Single Judge in Chamber of this Court whereby the constitutional petition filed by the petitioner against the order dated 21.08.2015 of the Regional Police Officer, Sheikhupura Region, regarding the change of investigation of case FIR No. 563 dated 17.06.2014 registered for offence under Section 406 of Pakistan Penal Code, 1860, with Police Station B-Division, District Sheikhupura, was dismissed.

2. As per brief facts of the present case, the appellant is complainant of the above mentioned criminal case. The accused party of the said case filed an application for

the change of investigation. The District Standing Board dismissed the said application and thereafter the accused/Respondents No. 7 & 8 filed an application for change of investigation of the above mentioned case before the Regional Police Officer, Sheikhupura Region. The said application of the mentioned respondents was accepted vide above mentioned order dated 21.08.2015. The appellant/complainant challenged the above mentioned order passed by the Regional Police Officer, Sheikhupura Region through writ petition No. 26175 of 2015 but the same stands dismissed in the above mentioned terms vide impugned order dated 02.02.2017 hence, the present Intra Court Appeal before this Court.

3. Arguments heard and record perused.

4. We have noted that while passing the impugned order the appellant was not heard and the same was passed in his absence. It is nowhere mentioned in the impugned order that the name of the learned counsel for the petitioner was printed in the cause list issued the relevant date and as such the appellant has been condemned unheard. It is also noteworthy that challan in the above mentioned case was submitted before the learned trial Court on 06.11.2014 and the learned trial Court on 08.06.2015 framed the charge in the said case and thereafter the above mentioned order dated 21.08.2015 regarding the change of investigation was passed by the Regional Police Officer, Sheikhupura Region/Respondent No. 1. As the case was pending adjudication before the learned trial Court and the learned trial Court after framing of charge had already taken the cognizance in this case, therefore, the above mentioned respondent had no authority to change the investigation of the case. Reliance in this regard may be placed on *'Qari Muhammad Rafique v. Addl. Inspector General of Police (Inv). Punjab & others'* (2014 SCMR 1499) and *Muhammad Nasir Cheema v. Mazhar Javaid & others'* (PLD 2007 Supreme Court 31). In the light of above discussion, the instant appeal is accepted, impugned order dated 02.02.2017 passed in Writ Petition No. 26175 of 2015 by the learned Single Judge in chamber of this Court, as well as, order dated 21.08.2015 passed by the Regional Police Officer, Sheikhupura Region, for change of investigation in the above mentioned case are hereby declared null and *void* and the same are hereby set aside. It is however, clarified that any of the observations made in this order would not influence the case of either party before the learned trial Court.

Transfer Appln. No. 57896 of 2020, decided on 24.11.2020.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 526--Transfer application of pre-arrest bail petitions--Illegal harassment--Respondent No. 4 was advocate--Bogus zimnees--Pendency of pre-arrest bail petitions more than two months--I have, noted that an inquiry report of Naseer Ahmad Khan, Inspector/SHO, police station Cantt, District Okara conducted in an earlier case *i.e.*, registered at police station City Depalpur has been annexed with present petition--Last paragraph of said inquiry report shows that abovementioned Muhammad Tanveer Aslam, who is beneficiary of above-referred case caused illegal harassment to Muhammad Asif petitioner of present case, who was accused in abovementioned earlier case *i.e.*,--It is also mentioned in inquiry report that Muhammad Tanveer Aslam Respondent No. 4 and his brother Naveed Aslam etc being in league with local police got recorded bogus zimnees and got declared Muhammad Asif Ali petitioner as a proclaimed offender--Said SHO further reported/recommended for initiation of departmental proceedings against concerned police officials of police station Cantt, District Okara--Counsel for petitioner has produced before Court a copy of licence of advocate in name of Muhammad Tanveer Aslam (Respondent No. 4)--Said licence has been issued by Punjab Bar Council--It is *prima facie* established that Respondent No. 4, is an advocate by profession--It is further noteworthy that pre-arrest bail petitions of Muhammad Tanveer Aslam (Respondent No. 4) and his co-accused are pending adjudication in abovementioned Court since September, 2020 and despite lapse of more than two months, same could not be decided, which *prima facie* shows that Muhammad Tanveer Aslam (Respondent No. 4), along with his companions has not been allowing,

local Court to decide abovementioned pre-arrest bail petitions--Petition was allowed.

[Pp. 663 & 664] A, B & C

Mr. Muhammad Ijrar Haider, Advocate for Petitioner.

Ms. Maida Sobia, Deputy Prosecutor General for State.

Mr. Muhammad Jamil Ashraf Chauhan, Advocate for Respondent No. 4.

Date of hearing: 24.11.2020.

ORDER

Instant petition has been filed by the petitioner for transfer of pre-arrest bail petitions of Respondents No2 to 5, titled *"Sarfraz and 2 others vs. The State" and "Zafar Iqbal alias Zafari vs. The State",* pending in the Court of Mr. Alam Sher, learned Additional Sessions Judge, Depalpur, District Okara to any other Court of competent jurisdiction out of District Okara.

2. ***Heard.*** This transfer petition has been filed by the petitioner on the ground that Muhammad Tanvir Aslam (Respondent No. 4), is an advocate by profession and he being in league with the members of the local Bar Association has made it impossible for the petitioner/complainant to prosecute his case before the abovementioned Court, therefore, the above-referred pre- arrest bail petitions may be transferred from the said Court.

3. Learned counsel for Respondent No. 4, though controverted the contentions of learned counsel for the petitioner/complainant by stating that no harassment or pressure has been caused against the petitioner by Respondent No. 4 but I have noted that an inquiry report of Naseer Ahmad Khan, Inspector/SHO, police station Cantt, District Okara conducted in an earlier case *i.e.*, FIR No. 453/2017, registered at police station City Depalpur has been annexed with the present petition. The last paragraph of the said inquiry report shows that the abovementioned Muhammad Tanveer Aslam, who is beneficiary of the above-referred case caused illegal harassment to Muhammad Asif petitioner of the present case, who was accused in the abovementioned earlier case *i.e.*, FIR No. 453/2017. It is also mentioned in the inquiry report that Muhammad Tanveer

Aslam Respondent No. 4 and his brother Naveed Aslam etc being in league with the local police got recorded bogus zimnees and got declared Muhammad Asif Ali petitioner as a proclaimed offender. The said SHO further reported/recommended for initiation of departmental proceedings against the concerned police officials of police station Cantt, District Okara.

4. Learned counsel for Respondent No. 4, after arguing the case at some length denied the fact that Muhammad Tanveer Aslam (Respondent No. 4), is an advocate by profession and he submitted that if any proof is produced before the Court that the abovementioned respondent is an advocate by profession then he will not oppose the instant transfer application.

5. At this juncture, learned counsel for the petitioner has produced before the Court a copy of licence of advocate in the name of Muhammad Tanveer Aslam (Respondent No. 4). The said licence has been issued by the Punjab Bar Council.

6. In the light of above, it is *prima facie* established that Respondent No. 4, is an advocate by profession. It is further noteworthy that the pre-arrest bail petitions of Muhammad Tanveer Aslam (Respondent No. 4) and his co-accused are pending adjudication in the abovementioned Court since September, 2020 and despite the lapse of more than two months, the same could not be decided, which prima facie shows that Muhammad Tanveer Aslam (Respondent No. 4), along with his companions has not been allowing the local Court to decide the abovementioned pre-arrest bail petitions.

7. Keeping in view all the abovementioned facts, this petition is allowed. Consequently the pre-arrest bail petitions of Respondents No. 2 to 5, titled *"Sarfraz and 2 others vs. The State"* and *"Zafar Iqbal alias Zafari vs. The State",* pending in the Court of Mr. Alam Sher, learned Additional Sessions Judge, Depalpur, District Okara are hereby withdrawn from the said Court and the same stands "transferred to the Sessions Court, Sahiwal. The learned Sessions Judge, Sahiwal may hear the! above-referred bail 'petitions himself or entrust the same to any other Court of competent jurisdiction. Parties are directed to appear before the learned Sessions Judge, Sahiwal on 1.12.2020 at 9.00 a.m. The transferee Court shall decide the said bail petitions within a period of

one week from 1.12.2020. The bail petitions shall be decided, on way or the other, on their own merits, without being influenced by any observation made in this order.

(Y.A.) **Petition allowed.**

STATE and another--Respondents

Crl. Misc. No. 70540-B of 2019, decided on 5.12.2019.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Pakistan Penal Code, (XLV of 1860), Ss. 302, 324, 148 & 149--Post-arrest bail, dismissal of--Attempted to change water course of agricultural lands--As per contents of FIR, co-accused had been attributed role of causing one firearm injury each on chest of (deceased) and injuries were available on chest of deceased petitioner also caused injury on backside of chest of prosecution witness--Such role is also prima facie supported by medical evidence--Accused had been declared innocent during first investigation but in second investigation conducted instant case, petitioner has been found guilty--Kalashnikov was recovered from possession of petitioner--Accused remained an absconder for a period of almost one year as he was arrested after one year whereas occurrence took place on 25.04.2018--No convincing or valid reason was given by first investigating officer to declare accused innocent--FIR was promptly lodged and there are statements of PWs recorded under Section 161, Cr.P.C. which have prima facie been supported by medical evidence, therefore, under circumstances, *ipsi dixit* of first investigating officer is not binding upon Court--Offence mentioned in FIR *i.e*. Section 302, PPC falls within ambit of prohibitory clause of Section 497, Cr.P.C--Accused miserably failed to point out any *mala-fide* on part of prosecution for false involvement of accused, therefore, accused is not entitled for relief of post arrest bail. [P. 757] A

Mr. Tahir Hameed Bhatti, Advocate for Petitioner.

Ch. Muhammad Ishaq, Deputy Prosecutor General for Respondent.

Rai Ashfaq Ahmad Kharal, Advocate for Complainant.

Date of hearing: 5.12.2019.

ORDER

Khurram, petitioner, through the instant petition, seeks post arrest Jbail in case FIR No. 414 dated 25.04.2018 registered under Sections 302, 324, 148, 149, PPC at Police Station Ferozewala District Sheikhupura.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 25.04.2018, at about 4:00 P.M. petitioner alongwith his co-accused, attempted to change the watercourse towards their agricultural lands without having their turn on the said day whereupon, *Mst.* Rehana Bibi, mother of the complainant forbade them and thereafter the accused party went away from the spot. After that at about 5:30 P.M., the petitioner alongwith his co-accused, while armed with different weapons, again came at the spot and having the grudge of above mentioned quarrel with the mother of the complainant, launched a murderous assault upon the complainant party. In the incident Zubair, brother of the complainant was murdered at the hands of the assailants whereas Awais Ali and *Mst.* Rehana Bibi (PWs) sustained injuries, hence, the above mentioned FIR.

4. The petitioner is named in the FIR with the specific role that he alongwith his co-accused, while armed with Kalashnikov and different weapons, came to the spot and caused murder of Zubair (deceased) and also caused injuries to Awais Ali and *Mst.* Rehana Bibi (PWs). The petitioner has been assigned a specific role of causing firearm injury on the chest of Zubair (deceased). He has also been assigned the role

of causing firearm injury on the backside of the chest of Awais Ali (PW). The role attributed to the petitioner is prima facie supported by the medical evidence according to which there were two entry wounds on the chest of the deceased *i.e*. Injuries No. 8 and 14 whereas there was an entry wound on the backside of the chest of Awais Ali (PW). Although, it is argued by learned counsel for the petitioner that the petitioner, as well as, Nasrullah, co-accused have been assigned the role of causing injuries on the chest of the deceased and it is not clear that who, out of the above mentioned two accused persons, caused injury on the chest of the deceased, but I have noted that as per contents of the FIR, Khurram (petitioner), as well as, Nasrullah, co-accused have been attributed the role of causing one firearm injury each on the chest of Zubair (deceased) and the said injuries are available on the chest of the deceased as Injuries No. 8 and 14. Apart from the above mentioned injuries on the body of the deceased, the petitioner also caused injury on the backside of the chest of Awais Ali (PW). The said role is also prima facie supported by the medical evidence. Although, learned counsel for the petitioner contended that the petitioner has been declared innocent during the first investigation but in the second investigation conducted in this case, the petitioner has been found guilty. Kalashnikov has been recovered from the possession of the petitioner. The petitioner remained an absconder in this case for a period of almost one year as he was arrested on 10.04.2019 whereas the occurrence took place on 25.04.2018. No convincing or valid reason has been given by the first Investigating Officer to declare the petitioner innocent. The FIR was promptly lodged and there are statements of the prosecution eye-witnesses recorded under Section 161, Cr.P.C. which have prima facie been supported by the medical evidence, therefore, under the circumstances, *ipsi dixit* of the first Investigating Officer is not binding upon the Court. The offence mentioned in the FIR *i.e*. Section 302, PPC falls within the ambit of prohibitory clause of Section 497, Cr.P.C. Learned counsel for the petitioner miserably failed to point out any *mala-fide* on the part of the prosecution for false involvement of the petitioner in this case, therefore, the petitioner is not entitled for the relief of post arrest bail.

5. In the light of above discussion, there is no substance in this bail petition, therefore, the same is hereby dismissed.

(A.A.K.) **Bail dismissed.**

Crl. Misc. No. 2750-B of 2019, decided on 24.1.2019.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497(2)--Prohibition (Enforcement of Hadd Order), 1979, Ss. 3 & 4--Bail after arrest, grant of--Further inquiry--Illicit liquor was recovered--Accused was not driver of vehicle wherefrom illicit liquor was recovered--Driver of tanker managed to flee away from spot--There is nothing on record to establish that petitioner was owner of vehicle rather petitioner is admittedly not owner of vehicle--There was no evidence against accused that he sold liquor to any customer and only statement of accused had been mentioned in FIR that he was going to sell liquor to co-accused--Statement was recorded by police when petitioner was in police custody and as such same is not admissible in evidence--Accused had already been granted bail by ASJ and this fact has frankly been conceded by before Court--Driver of tanker who ran away from spot has subsequently been found to be co-accused and he has also been granted bail by A.S.J.--Moreover, offences mentioned in FIR do not fall within ambit of prohibitory clause of Section 497 of Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception--No exceptional ground has been pointed out by DPG to refuse bail to accused. [Pp. 758 & 759] A

Rai Ashfaq Ahmad Kharal, Advocate for Petitioner.

Mr. Nisar Ahmad Virk, DPG. for Respondents.

Date of hearing: 24.1.2019.

ORDER

The petitioner Akbar Ali through the instant petition seeks post-arrest bail in case FIR No. 2177 dated 19.09.2018 registered at P.S. Shahdra District Lahore offences under Sections 3 & 4 of the Prohibition (Enforcement of Hadd) Order, 1979.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 19.09.2018 at 11:35 a.m, a tanker bearing Registration No. X.A/741 was intercepted by the police. Two persons were present in the said tanker who attempted to run away from the spot however, one person was apprehended by the police who disclosed his name as Akbar Ali (petitioner), whereas, driver of the abovementioned tanker managed to flee away from the place of occurrence. On checking, 28,000/- liters of illicit alcohol was recovered from the abovementioned tanker.

4. As per contents of the FIR, the petitioner was not the driver of the abovementioned tanker wherefrom the illicit liquor was recovered. Perusal of the contents of the FIR discloses that the driver of the tanker managed to flee away from the spot. There is nothing on the record to establish that the petitioner was owner of the abovementioned tanker rather the petitioner is admittedly not owner of the abovementioned tanker. There is no evidence against the petitioner that he sold the liquor to any customer and only the statement of the petitioner has been mentioned in the FIR that he was going to sell the abovementioned liquor to Siddique and Asim Akmal co-accused. The said statement was recorded by the police when the petitioner was in police custody and as such the same is not admissible in evidence. Moreover, the abovementioned Siddique and Asif Akmal have already been granted bail by the learned Addl. Sessions Judge, Lahore and this fact has frankly been conceded by Jamshaid, Sub-Inspector, present before the Court. It is also conceded by Jamshaid Sub Inspector that the driver of the tanker who ran away from the spot has subsequently been found to be Muhammad Khalid co-accused and he has also been granted bail by the learned Addl. Sessions Judge, Lahore. Moreover, the offences mentioned in the FIR do not fall within the ambit of Prohibitory Clause of Section 497 of Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. Learned DPG has conceded on instructions that the petitioner is not involved in any other criminal case. No exceptional ground has been pointed out by the learned DPG to refuse bail to the petitioner.

5. Keeping in views all the aforementioned facts, case of the prosecution against the petitioner is one of further inquiry therefore, this petition is **allowed** and the petitioner Akbar Ali is admitted to post arrest bail subject to his furnishing the bail bonds in the sum of Rs. 100,000/- *(Rupees one hundred thousand only)* with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Bail allowed.**

Crl. Misc. No. 7188-B of 2019, decided on 21.2.2019.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Pakistan Penal Code, (XLV of 1860), Ss. 324/448/148/149 & 511--Pre-arrest bail, confirmed--Accused made firing on complainant, luckily fire missed and they extended threats of life to complainant--Story narrated in FIR does not appeal to a prudent mind because according to story, as many as, 05 nominated and 3/4 unknown accused *i.e*. total 8/9 accused, who were armed with different firearms weapons like Kalashnikov, repeater guns made fire shots on complainant but complainant did not receive a single injury on his body, though fire shots made by accused landed on tyres of tractor of complainant--Even the tractor was not taken into possession on day of occurrence and same was taken into possession with delay of 09 days from occurrence--Due to civil litigation, accused falsely implicated by complainant--As no body has been injured during occurrence and story narrated in FIR does not appeal to common sense and there is previous litigation between parties, therefore, possibility of *mala fide* involvement of accused by complainant cannot be ruled out at such stage. [P. 778] A

Rai Ashfaq Ahmad Kharal, for Petitioners.

Mr. Nisar Ahmad Virk, DPG for State.

Nemo for Complainant.

Date of hearing: 21.2.2019.

ORDER

The petitioners Zeshan Ali and Muhammad Imran *alias* Umair through the instant petition seek pre-arrest bail in case FIR No. 815 dated 20.12.2018 registered at P.S. Bhikhi District Sheikhupura offences under Sections 324/448/148/149/511 of PPC.

2. As per police report, the complainant has duly been served with the notice of this case but no one appeared on his behalf despite repeated calls. Even otherwise, it is a

State case and learned DPG is ready to argue the same therefore, I proceed to decide the same after hearing the arguments of learned counsel for the petitioners, learned DPG and perusal of the record.

3. Arguments heard. Record perused.

4. As per brief allegations levelled in the FIR, 20.12.2018 at 10:00 a.m. the petitioners along with their co-accused while armed with different weapons launched an attack on the complainant and made firing on him but luckily the fire shots did not hit the complainant however, the fire shots made by the petitioners landed on the tyre of the tractor of the complainant. The petitioners and their co-accused also extended threats of life to the complainant party hence, the abovementioned FIR.

5. The story narrated in the FIR does not appeal to a prudent mind because according to the said story, as many as, 05 nominated and 3/4 unknown accused *i.e*. total 8/9 accused, who were armed with different firearms weapons like Kalashnikov, Repeater guns etc. made fire shots on the complainant but the complainant did not receive a single injury on his body, though the fire shots made by the petitioner landed on the tyres of the tractor of the complainant. Even the said tractor was not taken into possession on the day of occurrence *i.e*. 20.12.2018 and the same was taken into possession on 29.12.2018 *i.e*. with the delay of 09 days from the occurrence. Learned counsel for the petitioners has placed on record an earlier suit filed by Bilal Ahmad, brother of Zeshan Petitioner No. 1 against Muhammad Shafique complainant which suit was filed on 20.08.2015 wherein interim stay was granted by the learned Civil Judge Class-III, Sheikhupura on 20.08.2015. He submits that due to the abovementioned civil litigation, the petitioners have falsely been implicated in this case by the complainant. As no body has been injured during the occurrence and the story narrated in the FIR does not appeal to common sense and there is previous litigation between the parties therefore, possibility of *mala fide* involvement of the petitioners in this case by the complainant cannot be ruled out at this stage.

5-A. In the light of above, this petition is **allowed** and interim pre-arrest bail already granted to the petitioners is confirmed subject to their furnishing the fresh bail bonds in the sum of Rs. 50,000/-(Rupees fifty thousand only) each with one surety each in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Bail allowed.**

Mr. Muhammad Tariq Nadeem, Advocate for Appellants.

Mr. Muhammad Ali Shahab, Deputy Prosecutor General for State.

Mr. Abdul Sami Chaudhry, Advocate for Complainant.

Date of hearing: 27.1.2020.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This judgment shall dispose of Criminal Appeal No. 216 of 2016, filed by Muhammad Sajjad (Shujaat Waseem) appellant against his conviction and sentence, PSLA No. 47 of 2016, filed by Muhammad Yasin petitioner/complainant against the acquittal of Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad ldrees and Muhammad Shahid (Respondents No. 2 to 6 of PSLA No. 47/2016) and Murder Reference No. 48 of 2016, sent by the learned trial Court for confirmation or otherwise of the Death sentence awarded to Muhammad Sajjad (Shujaat Waseem) appellant. We propose to dispose of all these matters by this single judgment as the same have arisen out of the same judgment dated 28.01.2016, passed by the learned Additional Sessions Judge, Dunyapur, District Lodhran.

2. Muhammad Sajjad (Shujaat Waseem) appellant along with Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (accused since acquitted/Respondents No. 2 to 6 of PSLA No. 47/2016)), was tried in private complaint filed by Muhammad Yasin (complainant), under Sections 302/337A(i)/148/ 149/337A(ii) (added later-on), PPC, Police Station Sadar Dunyapur, District Lodhran. After conclusion of the trial, the learned trial Court *vide* its judgment dated 28.01.2016, has convicted and sentenced Muhammad Sajjad (Shujaat Waseem) appellant as under:

> *Under Section 302(b), PPC to 'Death' for committing Qalt-i-Amd of Muhammad Waseem (deceased). He was also ordered to pay Rs. 2,00,000/- (rupees two hundred thousand only) to the legal heirs of the deceased as compensation under Section 544-A of Cr.P.C. and in default thereof to further undergo simple imprisonment up to six months.*

However *vide* the same judgment, accused Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid were acquitted of the charges.

3. Initially Muhammad Yasin Complainant (PW-2) got registered case FIR No. 251/2012 dated 24.05.2012 offences under Sections 302/148/149, PPC and 337A(ii) (added later-on), at Police Station Sadar Dunyapur, District Lodhran against Muhammad Sajjad (Shujaat Waseem) appellant, Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (accused since acquitted). Feeling dissatisfied with the proceedings and investigation of the police, private complaint was filed by the complainant. After recording the cursory statements of the complainant, as well as, PWs the learned Additional Sessions Judge, Dunyapur, District Lodhran summoned the accused persons nominated in the private complaint to face trial.

4. Brief facts of the case as given by the complainant Muhammad Yasin (PW-2), in his private complaint are that he (complainant) was resident of Chak No. 356/W.B, Tehsil Dunyapur, District Lodhran and was a cultivator by profession. On 24.05.2012 at about 6.00 p.m. the complainant along with his son namely Muhammad Ishtiaq (PW-3), was cutting fodder in his Ahatta, whereas Muhammad Waseem (deceased), had gone to the nearby pond, so that his cattle may drink water. In the meanwhile, the accused persons namely Muhammad Sajjad (appellant) while armed with dagger, Muhammad Rafique (accused since acquitted) while armed with hatchet, Muhammad Ayaz (accused since acquitted), while armed with Sota, Muhammad Shahid (accused since acquitted), while armed with Sota, Muhammad Ijaz (accused since acquitted), while empty handed and Muhammad Idress (accused since acquitted), while empty handed came at the pond. Muhammad Ayaz (accused since acquitted) raised lalkara to teach a lesson to Muhammad Waseem (deceased) for beating him. Muhammad Idrees and Muhammad Ijaz (accused since acquitted), caught hold Muhammad Waseem (deceased) from his arms, whereupon Muhammad Sajjad (appellant), inflicted a dagger blow, which landed at the right flank of Muhammad Waseem (deceased). Second dagger blow inflicted by Muhammad Sajjad (appellant), landed on the left thigh near inguinal area of Muhammad Waseem (deceased). *Mst.* Nasreen Bibi (PW-4), came forward to rescue Muhammad Waseem (deceased), whereupon the accused persons left Muhammad Waseem (deceased) and Muhammad Rafique (accused since acquitted), inflicted a hatchet blow, which landed on the back side of the head of *Mst.* Nasreen Bibi (PW-4). Muhammad Waseem (deceased), ran towards the Ahatta of Muhammad Akmal PW, whereupon Muhammad Ayaz and Muhammad Shahid (accused since acquitted),

inflicted Sota blows to him, due to which Muhammad Waseem (deceased), fell in the Ahatta of Muhammad Akmal (given-up PW). On hearing hue and cry, the complainant along with Muhammad Ishtiaq (PW-3), reached at the spot and witnessed the occurrence. The accused persons fled away from the spot along with their weapons. Muhammad Waseem succumbed to the injuries at the spot.

Muhammad Yasin Complainant (PW-2), further alleged in his private complaint that the motive behind the occurrence was that a few days earlier, Muhammad Ayaz (accused since acquitted), had entered into the house of the complainant to steal pigeons, whereupon the said Muhammad Ayaz was beaten by Muhammad Waseem (deceased).

It was added by the complainant in his private complaint that local police being in league with the accused party and without any legal justification, declared Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (accused since acquitted), as innocent, which necessitated the filing of the abovementioned private complaint.

5. The appellant Muhammad Sajjad (Shujaat Waseem) was arrested in this case on 18.03.2013, by Muhammad Khalid Goraya SI (PW-11), whereas Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique and Muhammad Shahid (accused since acquitted), were arrested in this case on 05.07.2012, by Bashir Ahmad SI (CW-1). On 24.03.2013, Muhammad Sajjad (Shujaat Waseem) appellant, disclosed and then led to the recovery of dagger P-3, which was taken into possession by Muhammad Khalid Goraya SI (PW-11), *vide* recovery memo. Ex.PD.

6. As mentioned earlier, being dissatisfied with the proceedings and investigation of the police, complainant Muhammad Yasin (PW-2), instituted a private complaint. After institution of private complaint the cursory statements of the complainant Muhammad Yasin (PW-2) and other PWs were recorded. The appellant along with other accused mentioned in the private complaint were summoned by the learned trial Court to face the trial. The learned trial Court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellant, as well as, against Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (co-accused since acquitted) on 07.05.2013, to which they pleaded not guilty and claimed trial.

7. In order to prove its case, the prosecution produced twelve witnesses during the trial. Muhammad Yasin complainant (PW-2), Muhammad Ishtiaq (PW-3) and *Mst.* Nasreen Bibi (PW-4) are the witnesses of ocular account. Muhammad Ishtiaq (PW-3), also furnished the evidence qua the recovery of dagger P-3, at the instance of Muhammad Sajjad (Shujaat Waseem) appellant, whereas Dr. Irfan-ul-Haq (PW-6) and Dr. Shamas Shoukat (PW-10), furnished the medical evidence.

Muhammad Khalid Goraiya SI (PW-11), partially investigated the case.

Muhammad Akram (PW-1), Muhammad Asghar 226/C (PW-5), Muhammad Rafique 79/HC, Muzafar Hussain 08/H.C (PW-8), Muhammad Naveed 367/C (PW-9) and Sheraz Latcef SI (PW-12), are formal witnesses.

Two Court witnesses were also examined in this case. Bashir Ahmad SI (CW-1), is the second Investigating Officer of the case, whefeas Naseem Abbas 05/HC (CW-2), is a formal witness.

The prosecution also produced documentary evidence in the shape of memo. of possession of blood-stained clothes relating to Muhammad Waseem deceased (Ex.PA), complaint (Ex.PB), memo. of possession of blood-stained earth (Ex.PC), memo. of possession of blood-stained dagger P-3, at the instance of Muhammad Sajjad (Shujaat Waseem) appellant (Ex.PD), inquest report (Ex.PE), application for post-mortem examination (Ex.PF), injury statement of *Mst.* Nasreen Bibi injured (Ex.PG), rough site-plan of the place of occurrence (Ex.PH), scaled site-plan of the place of occurrence in duplicate (Ex.PJ/1 and Ex.PJ/2), post-mortem report of Muhammad Waseem deceased (Ex.PK), F.I.R (Ex.PL), medico legal report of *Mst.* Nasrcen Bibi injured (Ex.PM), site-plan of the place of recovery of dagger P-3 (Ex.PN), report of Punjab Forensic Science Agency, Lahore (Ex.PO), report of Chemical Examiner (Ex.PP) and closed its evidence.

8. The statements of Muhammad Sajjad (Shujaat Waseem) appellant, Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (co-accused since acquitted), under Section 342 of, Cr.P.C. were recorded. They refuted the allegations levelled against them and professed their innocence. While answering to a question that *'Why this case against you and why the PWs have deposed against*

you the appellant and his co-accused (since acquitted), gave identical answers. The answer of the appellant is reproduced as under:

> *"PW-2, PW-3 and PW-4 are close relatives inter-se, PW-3 Muhammad Ishtiaq is son of complainant Yasin, PW-4 Nasreen Bibi is daughter of complainant who are partisan. In year 2005, a land dispute arose between the complainant and my paternal uncle Muhammad Idrees (co-accused) filed a civil suit against complainant and his sons Muhammad Ishfaq, Muhammad Ishtiaq PW-3 and Muhammad Arshad. We favoured Muhammad Idrees in this case".*
>
> *Similarly, on 17.06.2005, the complainant and his son Muhammad Ishfaq, Muhammad Ishtiaq (PW-3) and Muhammad Arshad trespassed the house of my paternal uncle Muhammad Idrees and injured my cousin Shujaat Waseem. On this, a criminal case FIR No. 240/2015, under Section 452, 337AII/34, PPC was got registered at P.S Sadar Dunyapur on 28.06.2005 against complainant and his sons. We also favoured Muhammad Idrees and pursued the case along with him, due to this reason, complainant parly has a grudge against us.*
>
> *Similarly other PWs are public servants and they have deposed against me in connivance with the complainant party."*

Muhammad Sajjad (Shujaat Waseem) appellant, Muhammad Ejaz, Muhammad Ayaz, Muhammad Rafique, Muhammad Idrees and Muhammad Shahid (accused since acquitted), did not opt to make statements on oath in terms of Section 340(2) of Cr.P.C., however, in defence evidence, they produced attested copy of plaint titled *"Muhammad Idrees vs. Yaseen etc",* suit for permanent injunction along with order dated 24.02.2006 (Ex.DE), attested copy of FIR No. 240/2005, Police Station Saddar Dunyapur (Ex.DF), copy of identity card of Muhammad Sajjad (Shujaat Waseem) appellant (Ex.DG).

The learned trial Court *vide* its judgment dated 28.01.2016, found Muhammad Sajjad (Shujaat Waseem) appellant (appellant) guilty, convicted and sentenced him as mentioned and detailed above.

9. Learned counsel for the appellant contends that the appellant is absolutely innocent and has falsely been implicated in this case by the complainant being in-league with the local police; that the occurrence was unseen and fake prosecution eye-witnesses have been planted in this case; that according to the prosecution case, Muhammad Waseem deceased died in the Ahatta of Muhammad Akmal PW but the Investigating Officer of this case namely Bashir Ahmed SI (CW-1), has categorically stated that Muhammad Akmal PW had informed the elders of Muhammad Waseem deceased regarding the occurrence, which has proved that the complainant and other eye-witnesses were not present at the spot, at the time of occurrence; that there is delay of more than 14 hours in conducting post-mortem examination of Muhammad Waseem (deceased), which further shows that the prosecution eye-witnesses were not present at the time of occurrence the abovementioned delay in the post-mortem examination has been consumed to procure the attendance of fake eye-witnesses; that the cause of death of the deceased is Injury No. 2, which was on the right upper thigh (inguinal area) of Muhammad Waseem (deceased) but the said injury has not been attributed to the appellant by any prosecution eye-witness while making statement before the learned trial Court, whereas regarding the remaining injuries, there are material contradictions in the statements of the prosecution eye-witnesses, which further shows that they were not present at the spot at the relevant time; that the recovery of dagger P3 has been planted against the appellant and positive report of Punjab Forensic Science Agency, Lahore in respect of the presence of blood on the said dagger is highly doubtful because the occurrence in this case took place on 24.05.2012, whereas the dagger has been allegedly recovered from the possession of the appellant on 24.03.2013 *i.e.*, after ten months from the occurrence whereas, the blood disintegrates within a period of 3 to 4 weeks; that the prosecution has failed to prove the motive alleged against the appellant because no FIR was lodged against Ayaz co-accused, when he statedly entered the house of Muhammad Waseem deceased in order to steal his pigeons; that even otherwise, no specific date and time of the occurrence of motive has been mentioned by the prosecution eye-witnesses; that the impugned judgment of conviction and sentence of the appellant is result of misreading and non-reading of evidence, available on the record of the present case,

therefore, he (appellant) may be acquitted from the charge and Murder Reference be answered in the negative.

10. On the other hand, learned Deputy Prosecutor General, for the State, assisted by learned counsel for the complainant has argued that the occurrence in this case took place on 24.05.2012 at 6.00 p.m. and FIR was promptly lodged on 24.05.2012 at 7.10 p.m. and as such the promptness of the FIR rules out the possibility of any deliberation or concoction; that the appellant and his co-accused were named in the promptly lodged FIR with their specific roles; that the roles attributed to the appellant and his co-accused were prima facie supported by the medical evidence, furnished by Dr. Irfan-ul-Haq (PW-6) and Dr. Shamsa Shoukat (PW-10); that as the Medical Officers are usually not available at the night time at Tehsil Headquarter Hospitals, therefore, the minor delay in conducting the post-mortem examination on the body of Muhammad Waseem deceased is not relevant in this case; that the prosecution eye-witnesses stood the test of lengthy cross-examination but their evidence could not be shaken; that the prosecution case against the appellant is further corroborated by the recovery of dagger P3, on the pointation of the appellant and the positive report of Punjab Forensic Science Agency, Lahore (Ex.PO); that motive of previous quarrel between Muhammad Waseem deceased and Muhammad Ayaz co-accused is also proved in this case through reliable and trustworthy evidence of the prosecution witnesses; that there is no substance in the appeal filed by the appellant, therefore, the same may be dismissed and conviction and sentence of the appellant, as awarded by the learned trial Court may be upheld and maintained and Murder Reference be answered in the affirmative.

Insofar as the criminal PSLA No. 47 of 2016, Filed by the complainant against the acquittal of Muhammad Ejaz Respondent No. 2, Muhammad Ayaz Respondent No. 3, Muhammad Rafique Respondent No. 4, Muhammad Idrees Respondent No. 5 and Muhammad Shahid Respondent No. 6, is concerned, it is contended by learned counsel for the complainant that Respondents No. 2 to 6, were specifically named in a promptly lodged FIR, with the specific roles that Muhammad Ejaz Respondent No. 2 and Muhammad Idrees Respondent No. 5, caught hold Muhammad Waseem deceased from his arms, whereupon Muhammad Sajjad (Shujaat Waseem) appellant inflicted dagger blows on his body. Muhammad Ayaz Respondent No. 3 and Muhammad Shahid

Respondent No. 6, also inflicted Sota blows on the body of Muhammad Waseem deceased, whereas Muhammad Rafique Respondent No. 4, inflicted a hatchet blow, which landed on the back side of the head of *Mst.* Nasreen Bibi PW-4; that the injuries attributed to Muhammad Ayaz Respondent No. 3, Muhammad Rafique Respondent No. 4 and Muhammad Shahid Respondent No. 6, are fully supported by the medical evidence; that the abovementioned respondents have wrongly been acquitted by the learned trial Court *vide* impugned judgment; that although the abovementioned respondents were declared innocent by the police and no weapon was recovered from their possession but opinion of the police was not binding on the Court and mere non-recovery of weapon of offence by itself is not sufficient to acquit the abovementioned respondents; that the impugned judgment of the learned trial Court to the extent of acquittal of abovementioned respondents is against the law and facts of the present case, therefore, the same may be set aside and the above-mentioned respondents be convicted and sentenced in accordance with the law.

11. We have heard the arguments of learned counsel for the parties, as well as, learned Deputy Prosecutor General for the State and have also gone through the evidence available on the record with their able assistance.

12. First of all we take up the argument of learned counsel for the appellant that as Bashir Ahmad SI/Investigating Officer (CW-1), has admitted during his cross-examination that it was Muhammad Akmal Lumberdar/PW, who informed the elders of Muhammad Waseem deceased about the occurrence and the said admission has established that the prosecution eye-witness namely Muhammad Yasin (PW-2), Muhammad Ishtaiq (PW-3) and *Mst.* Nasreen Bibi (PW-4), were not present at the spot at the time of occurrence and the occurrence was unseen. It is true that Bashir Ahmad SI/Investigating Officer (CW-1), admitted during his cross-examination as under:

> *"It is correct to suggest that Akmal Lubardar got recorded his statement that he informed the elders of the deceased Waseem about his injuries. It is correct to suggest that he also got recorded that he informed to the elders of deceased that after receiving the injuries, Waseem fell down in his Ihata and died there. It is correct to suggest that he also got recorded, that Idrees was at some distance from the pond at that time. It is correct to suggest that according to my investigation said Akmal informed the elders of the deceased*

telephonically. It is correct to suggest that according to my finding in police Diary No. 25, the deceased Waseem fell in the Ihata of Akmal, who informed his elders telephonically. It is correct to suggest that Muhammad Akmal is the same witness, who also identified the dead body at the time of post-mortem."

It is also true that as per site-plan Ex.PJ, the dead body of Muhammad Waseem deceased was present inside the *Ahatta* of the abovementioned Muhammad Akmal PW and even in the FIR (Ex.PL), it was so mentioned that during the occurrence Muhammad Waseem deceased ran towards the *Ahatta* of Muhammad Akmal PW. It is also correct that the said Muhammad Akmal PW has been given up by the prosecution but it is by now well settled that it is the quality of evidence and not the quantity which weighs with the Courts to decide any case. The prosecution produced three eye-witnesses in this case to prove its case, therefore, non-appearance of Muhammad Akmal PW in the witness box is not fatal to the prosecution case. Moreover, the abovementioned statement of Bashir Ahmad SI/Investigating Officer (CW-1), is of no help to the appellant because the above-referred Muhammad Akmal PW was not produced in the witness box as a defence witness by the appellant. It is also by now well settled that after recording evidence by the learned trial Court, the opinion of the Investigating Officer becomes irrelevant. Reference in this respect may be made to the case of *"Muhammad Ahmad (Mahmood Ahmad) and another vs. The State"* (2010 SCMR 660). We are, therefore, of the view that there is no substance in the above-mentioned argument of learned counsel for the appellant.

13. Insofar as the prosecution evidence in this case is concerned, we have noted that the occurrence in this case took place on 24.05.2012 at 6.00 p.m and the FIR was statedly lodged on the same day at 7.00 p.m, however, the post-mortem examination on the dead body of Muhammad Waseem deceased was conducted on 25.05.2012 at 8.00 a.m, *i.e.*, with the delay of about 14 hours from the occurrence. Dr. Irfan-ul-Haq (PW-6), has categorically stated in his examination-in-chief that the dead body of Muhammad Waseem deceased was brought by the police on 24.05.2012, at 11.50 p.m. He further stated that the complete police papers were received on 25.05.2012 at 7.50 a.m and thereafter he conducted post-mortem examination of the deceased on 25.05.2012 at 8.00 a.m, meaning thereby that the police papers remained incomplete for a period of

about fourteen hours after the occurrence and as such the said delay of about fourteen hours in conducting post-mortem examination on the dead body of Muhammad Waseem deceased has created serious doubt regarding presence of the prosecution eye-witnesses at the spot at the relevant time. The abovementioned delay in conducting post-mortem examination and delivery of police papers to Dr. Irfan-ul-Haq (PW-6), is suggestive of the fact that the prosecution eye-witnesses were not present at the spot at the relevant time and the said delay has been consumed in procuring the attendance of fake eye-witnesses in this case. We may refer here the case of *"Irshad Ahmad versus The Slate"* (2011 SCMR 1190) wherein it was observed that the post-mortem examination of the deadbody had been conducted with a noticeable delay and such delay is generally suggestive of a real possibility that time had been consumed by the police in procuring and planting eye-witnesses and in cooking up a story for the prosecution before preparing police papers necessary for getting a post-mortem examination of the deadbody conducted. Similarly, in the case of *Khalid alias Khalidi and two others vs. The State* (2012 SCMR 327), the Hon'ble Supreme Court of Pakistan considered the delay of 10/11 hours from the occurrence in conducting the post-mortem examination on the deadbody of deceased, to be an adverse fact against the prosecution case and it was held that it shows that the FIR was not lodged at the given time.

Similar view was taken by the Apex Court of the country in the cases reported as *"Muhammad Ashraf vs. The State"* (2012 SCMR 419), *"Muhammad Ilyas vs. Muhammad Abid alias Billa and others"* (2017 SCMR 54) and *"Zafar vs. The State and others"* (2018 SCMR 326).

It is further noteworthy that according to the statement of Dr. Irfan-ul-Haq (PW-6), both the eyes of Muhammad Waseern deceased were half open, at the time of his post-mortem examination. Similarly according to column No. 8, of the inquest report (Ex.PE), eyes and mouth of Muhammad Waseem deceased were semi-open, which shows that the prosecution eye-witnesses namely Muhammad Yasin (PW-2) Muhammad Ishtiaq (PW-3) and *Mst.* Nasreen Bibi (PW-4), who were father, brother and sister of Muhammad Waseem deceased, respectively, were not present at the spot at the time of occurrence because it is a common observation in our society that when close relatives are present at the spot, at the time of occurrence, they first of all close the mouth and eyes of the deceased. Thus, the abovementioned fact has established

that the abovementioned prosecution eye-witnesses were not present at the spot at the time of occurrence.

We have further observed that there are glaring contradictions between the ocular account and the medical evidence of the prosecution regarding the number of injuries sustained by Muhammad Waseem deceased. As per evidence of Dr. Irfan-ul-Haq (PW-6), there were total nine injuries on the body of the deceased and the cause of death of Muhammad Waseem deceased was Injury No. 2, which was an incised wound on antro-medial side of left thigh but while appearing in the witness box, none of the prosecution witness has attributed the said injury to Muhammad Sajjad (Shujaat Waseem) appellant or to any other accused. Although the prosecution eye-witnesses attributed the injuries on the chest and below abdomen of Muhammad Waseem (deceased) to the appellant but even, in respect of the said injuries, there are material contradictions/conflicts/improvements in the prosecution evidence. Muhammad Yasin complainant (PW-2), did not mention in the FIR that any injury on the chest of the deceased was inflicted by the appellant or by any other accused. Although while appearing in the witness box, the complainant assigned the said injury to the appellant but he was confronted with his previous statement (Ex.DA) and the improvement made by him in this respect was duly on the record, which is reproduced hereunder:

> *"I did not got recorded in my statement Ex.DA that my son was stabbed upon chest"*

Although Muhammad Ishtaiq (PW-3), stated that the appellant inflicted injuries with the help of dagger on the left side of the chest and below the abdomen of Muhammad Waseem deceased but the injured eye-witness of the occurrence namely *Mst.* Nasrcen Bibi (PW-4), assigned only one injury to the appellant, which was inflicted on the left side of the chest of Muhammad Waseem deceased and she did not state that any injury below the abdomen or on the left thigh of Muhammad Waseem deceased was caused by the appellant, or by any other accused. It is, therefore, evident that there are glaring contradictions in the statements of the prosecution eye-witnesses regarding the number and seat of injuries inflicted by the appellant on the body of Muhammad Waseem deceased. As mentioned earlier not a single prosecution eye-witness while appearing in the witness box has assigned any injury to Muhammad Sajjad (Shujaat

Waseem) appellant, on the left thigh of the deceased, which according to the evidence of Dr. Irfan-ul-Haq (PW-6), was the cause of death of the deceased.

14. We have further noted that according to the prosecution case as described in the FIR. (Ex.PL), on the day of occurrence, Muhammad Yasin complainant (PW-2) along with his son Muhammad lshtiaq (PW-3), was busy at his house for cutting fodder, whereas his son namely Muhammad Waseem deceased was busy in drinking water to his cattle from the nearby pond and in the meanwhile, the occurrence took place. According to the prosecution case, Muhammad Waseem deceased was injured by the appellant and his co-accused near the said pond and after sustaining dagger injuries on his flank and on the left side of his thigh near the inguinal area, Muhammad Waseem deceased ran from the said place situated near the pond towards the Ahatta of Muhammad Akmal PW, wherefrom his dead body was recovered. We have noted that the house of Muhammad Yasin complainant (PW-2), Muhammad Ishtiaq (PW-3) and *Mst.* Nasreen Bibi (PW-4), has not been shown in the site-plan (Ex.PJ). It is not understandable that if the house of Muhammad Yasin complainant (PW-2), was situated near the pond, where the occurrence initially took place, then as to why Muhammad Waseem deceased instead of running towards his own house, ran towards the Ahatta of abovementioned Muhammad Akmal (given up PW) wherefrom his dead body was recovered. No blood-stained earth was recovered near the pond, where the first part of the occurrence took place and Muhammad Waseem deceased allegedly received injuries on his body. The blood-stained earth was only collected from inside the Ahatta of Muhammad Akmal (given-up PW). No trail of blood from the place nearby pond, where the occurrence first took place, to the Ahatta of Muhammad Akmal PW has been shown in the site-plan (Ex.PJ) or mentioned by Bashir Ahmad SI/Investigating Officer (CW-1). As per site-plan (Ex.PJ), the distance between Point No. 1, where Muhammad Waseem (deceased) first received dagger blows and Point No. 2, wherefrom his dead body was recovered inside the Ahatta of Muhammad Akmal (given-up PW), is 370 feet. It is highly improbable that a man after receiving dagger blows on his flank and inguinal area (left upper thigh) which according to the evidence of Dr. Irfan-ul-Haq (PW-6), cut femoral vessels, would cover the abovementioned distance by running. Keeping in view all the aforementioned facts, the evidence of the prosecution eye-witnesses is not worthy of reliance. Reference in this context may be made to the cases reported as *"Ibrahim and 3 others vs. The*

State" (1974 PCr.LJ 119), *"Muhammad Din and others vs. The State"* (2001 YLR 1467) and *"Muhammad Asif vs. The State"* (2005 YLR 2359).

15. According to the prosecution case as described in the FIR (Ex.PL), the motive behind the occurrence was that some time prior to the occurrence, Ayaz co-accused entered the house of the complainant party in order to steal pigeons, whereupon Muhammad Waseem deceased gave beating to him and due to the said grudge, the accused party committed his murder. We have noted that no specific date and time of the occurrence of the motive was alleged in the FIR. Muhammad Yasin complainant (PW-2), while entering in the witness box before the learned trial Court made dishonest improvements in his previous statement by stating that motive part of the occurrence took place about four months prior to the main occurrence. He was duly confronted with his previous statement (Ex.DA) and the dishonest improvements made by him in this respect were brought on the record. The relevant part of his statement reads as under:

> *"I got written in my statement Ex.DA that four months before the occurrence, the accused Ayaz came in my house for theft of pigeons. Confronted with Ex. DA, where word four is not mentioned rather word few is mentioned. It is incorrect to suggest that after the occurrence and upon the information of the murder, the women of family of accused. Rajique etc. and ours quarreled, we did not got registered any FIR against accused Ayaz for theft of pigeons"*

It is further evident from the perusal of the statement of the complainant that no FIR was got registered by the complainant party regarding the occurrence of the motive part of this case. We have further noted that the Investigating Officer Bashir Ahmad SI (CW-1), has candidly conceded during his cross-examination that the motive of stealing of pigeons was not established in this case by the prosecution. Relevant part of his statement reads as under:

> *"It is correct to suggest that motive of stealing the pigeons as mentioned in the FIR was not established during the investigation"*

We are, therefore, of the view that the motive as alleged by the prosecution has not been proved in this case.

16. Now coming towards the recovery of dagger P3, on the pointation of the appellant and positive report of Punjab Forensic Science Agency, Lahore (Ex.PO), we have noted that the occurrence in this case took place on 24.05.2012, whereas the dagger P3, was statedly recovered from the possession of the appellant on 24.03.2013 *i.e.*, after ten months from the occurrence. It is by now well settled that blood disintegrates within a period of three to four weeks after the occurrence, therefore, the presence of human blood on the dagger P3, statedly recovered on the pointation of Muhammad Sajjad (Shujaat Waseem) appellant, after a period of ten months is highly doubtful. Reference in this context may be made to the cases of *Muhammad Jamil vs. Muhammad Akram and others* (2009 SCMR 120) and *"Faisal Mehmood vs. The State"* (2016 SCMR 2138). Under the circumstances, the alleged recovery of dagger P-3, on the pointation of the appellant and report of Punjab Forensic Science Agency, Lahore (Ex.PO), are inconsequential.

17. We have considered all the aspects of this case and have come to this irresistible conclusion that the prosecution could not prove its case against the appellant beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubts about the prosecution story. In *'Tariq Pervez versus The State'* (1995 SCMR 1345), the Hon'ble Supreme Court of Pakistan, at page 1347, was pleased to observe as under:

> *'5 .... The concept of benefit of doubt to an accused person is deep-rooted in our country. For giving him benefit of doubt, it is not necessary that there should be many circumstances creating doubts. If there is a circumstance which creates reasonable doubt in a prudent mind about the guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right.'*

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of *'Muhammad Akram versus The State'* (2009 SCMR 230), at page 236, observed as under:

> *"13 ..... It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace.*

It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled, to the benefit of doubt not as a matter of grace and concession but as a matter of right."

18. In the light of above discussion, we are of the view that the prosecution has failed to prove its case, against the appellant beyond the shadow of doubt, therefore, we **accept Criminal Appeal No. 216 of 2016,** filed by Muhammad Sajjad (Shujaat Waseem) appellant, set aside his conviction and sentence recorded by the learned Additional Sessions Judge, Dunyapur, District Lodhran *vide* judgment dated 28.01.2016 and acquit him of the charge by extending him the benefit of doubt. Muhammad Sajjad (Shujaat Waseem) appellant is in custody, he be released forthwith, if not required in any other case.

19. **Murder Reference No. 48 of 2016** is answered in the **NEGATIVE** and the sentence of death of Muhammad Sajjad (Shujaat Waseem) convict is **NOT CONFIRMED.**

20. Insofar as the criminal **PSLA No. 47 of 2016,** filed by the complainant against the acquittal of Muhammad Ejaz Respondent No. 2, Muhammad Ayaz Respondent No. 3, Muhammad Rafique Respondent No. 4, Muhammad Idrees Respondent No. 5 and Muhammad Shahid Respondent No. 6, is concerned, we have already disbelieved the prosecution evidence produced through the eye-witnesses namely Muhammad Yasin (PW-2), Muhammad Ishtiaq (PW-3) and *Mst.* Nasreen Bibi (PW-4) due to the reasons mentioned in Paragraphs No. 12 to 16, of this judgment. We have also noted that Muhammad Ejaz Respondent No. 2 and Muhammad Idrees Respondent No. 5, have only been attributed the role of catching hold of Muhammad Waseem deceased from his arms and no injury to any member of the complainant party whatsoever has been attributed to the said respondents. We have further noted that Muhammad Rafique Respondent No. 4, had been attributed the role of inflicting a hatchet blow, which landed on the back side of the head of *Mst.* Nasreen Bibi PW-4, whereas Muhammad Ayaz Respondent No. 3 and Muhammad Shahid Respondent No. 6, allegedly inflicted *Sota* blows on the body of Muhammad Waseem deceased. In this respect, the learned

trial Court has rightly concluded that according to the statement of Dr. Shamsa Shoukat (PW-10), injury on the head of *Mst.* Nasreen Bibi (PW-4) was a superficial wound and the said wound cannot be caused by a hatchet blow, which is a heavy weapon. Similarly it was rightly concluded by the learned trial Court that Dr. Irfan-ul-Haq (PW-6), had stated that Injuries No. 3 to 7 and 9, on the body of Muhammad Waseem deceased (attributed to Respondents No. 3 to 6) may be caused due to falling of the deceased on a hard surface. Keeping in view all the aforementioned facts, coupled with the fact that no weapon of offence was recovered from the abovementioned respondents, the learned trial Court extended to the abovementioned respondents the benefit of doubt. It is by now well settled that if an accused is acquitted by a Court of competent jurisdiction then he enjoys double presumption of innocence in his favour and very strong and exceptional grounds are required to interfere with the judgment of acquittal of an accused passed by a Court of competent jurisdiction but no such ground has been pointed out by learned counsel for the petitioner/ complainant.

21. In the light of above discussion, there is no substance in **PSLA No. 47 of 2016,** hence the same is hereby ***dismissed.***

(A.A.K.) **Order accordingly.**

PLJ 2020 Cr.C. (Lahore) 967

Present: **MALIK SHAHZAD AHMAD KHAN, J.**

Syed **MUHAMMAD MUSTAFA--Petitioner**

versus

STATE and another--Respondents

Crl. Misc. No. 59882-B of 2019, decided on 28.11.2019.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Pakistan Penal Code, (XLV of 1860), Ss. 447, 511, 337-H(ii), 337-F(v), 342, 452, 506-B, 148 & 149--Bail before arrest, confirmed--Cross-version--Armed with different weapon and trespassed into house--Further inquiry--According to medico legal report there were as many as five injuries on his body, which were punishable under Sections-337A(i)/337F(i)/337L(ii), PPC--According to medico legal report of co-accused, there were three injuries on his body--According to medical legal report of co-accused, there were four injuries on his body, which were declared to be punishable under Sections 37F(i)/337L(ii), PPC--As it is a case of cross versions, therefore, it will be determined by trial Court after recording of evidence that as to who was aggressor and who was aggressed upon and as such, a case for grant of pre-arrest bail is made out in favour of petitioner. [P. 969] A

Petitioner in person.

Ms. Tahira Parveen, District Public Prosecutor for State.

Mr. Munir Hussain Bhatti, Advocate for Complainant.

Date of hearing: 28.11.2019.

ORDER

Through the instant petition, the petitioner seeks pre-arrest bail in case FIR No. 357/2019, dated 19.08.2019, offences under Sections 447/511/337H(ii)/337F(v)/342/452/506-B/148/149, PPC, registered at Police Station Shergarh, District Okara.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on 19.08.2019, at about 3.00 p.m, the petitioner along with his co-accused while armed with different weapons launched an attack upon the complainant party and trespassed into the house of Syeda Bibi Jugnu Mohsin in order to take possession of the said house. The petitioner Syed Muhammad Mustafa raised a lalkara and thereafter broke different articles of the house of the complainant. The petitioner then inflicted a butt blow of his pistol, which landed on the right thumb of Muhammad Imran PW. Irfan co-accused inflicted a butt blow of pump action gun, which landed on the back side of the chest of Muhammad Imran PW, where after all the accused persons gave several *Sota* blows on the body of

Muhammad Imran PW. The injury attributed to the petitioner on the right thumb of Muhammad Imran PW was declared to be punishable under Section 337F(v), PPC, hence the abovementioned FIR.

4. I have noted that it is a case of cross versions and three members of the accused side namely Syed Muhammad Mustafa petitioner, Irfan Ali co-accused and Saif Ahmad Shah were also injured during the occurrence. As mentioned earlier, the occurrence in this case took place on 19.08.2019, at about 3.00 p.m. Syed Muhammad Mustafa petitioner was medically examined on the same day *i.e*., 19.08.2019 at 5.40 p.m. Irfan Ali co-accused was medically examined on, the same day *i.e*., 19.08.2019, at about 6.50 p.m, whereas Saif Ahmad Shah was also medically examined on the same day *i.e*., 19.08.2019, at about 7.20 p.m. According to the medico legal report of Syed Muhammad Mustafa petitioner, there were as many as five injuries on his body, which were punishable under sections 337A(i)/337F(i)/337L(ii), PPC. According to the medico legal report of Irfan Ali co-accused, there were three injuries on his body. According to the medical legal report of Saif Ahmad Shah co-accused, there were four injuries on his body, which were declared to be punishable under Sections 3.37F(i)/337L(ii), PPC. In the relevant columns of the medico legal reports of the petitioner, as well as, Irfan Ali co-accused and Saif Ahmad Shah, the Medical Officer has categorically mentioned that there was no possibility of fabrication of their injuries. As it is a case of cross versions, therefore, it will be determined by the learned trial Court after recording of evidence that as to who was the aggressor and who was aggressed upon and as such, a case for grant of pre-arrest bail is made out in favour of the petitioner. Reliance in this respect may be placed on the cases of *"Raima Ali Hamza and others vs. The State"* (2010 SCMR 1219) and *"Syed Darbar Ali Shah and others vs. The State"* (2015 SCMR 879). Even learned counsel for the complainant submits that he has no objection on the confirmation of pre-arrest bail of the petitioner.

5. In the light of above discussion, the instant petition is ***allowed*** and ad-interim pre-arrest bail already granted to the petitioner is hereby confirmed subject to his furnishing fresh bail bonds in the sum of Rs. 50,000/- (*Rupees fifty Thousand only*) with one surety in the like amount to the satisfaction of the learned trial Court.

(S.A.Q.) **Petition allowed.**

Crl. Misc. No. 12782-B of 2020, decided on 9.3.2020.

Pakistan Penal Code, 1860 (XLV of 1860)--

----Ss. 357/337(ii)/337-F(v)337-A(ii)/148/149--Allegation of trespassed into house of complainant and injured--Specific Role was attributed supported by medical evidence--Non-bailable offence--Recovery of case property--Petitioner has been assigned a specific role of committing house trespass and inflicting 'danda' blow which landed on right arm of *Mst.* "Y" role attributed to petitioner is, prima facie, supported by medical evidence--Injury attributed to petitioner has been declared by concerned Medical Officer to be punishable under Section 337 F(v) of PPC, which is a non-bailable offence--Recovery of weapon of offence is still to be affected from possession of petitioner--petitioner is unable to establish any malafidean part of complainant for his false involvement in this case--Petition dismissed. [P. 1267] A

Ch. Adeel Ali, Advocate with Petitioner.

Ms. Maida Sobia, Deputy Prosecutor General for State.

Mr. Munir Hussain Bhatti, Advocate for Complainant.

Date of hearing: 9.3.2020.

ORDER

The petitioner Muhammad Zaman through the instant petition seeks pre-arrest bail in case FIR No. 46 dated 18.01.2020 registered at P.S. Bhikhi District Sheikhupura offences under Sections 354/337 L(ii)/337 F(v)/337 A(ii)/148/ 149 of PPC.

2. Arguments heard. Record perused.

3. As per brief allegations leveled in the FIR, on 10.01.2020 at 03:30 p.m, the petitioner along with his co-accused while armed with different weapons trespassed into the house of the complainant party and caused injuries to *Mst.* Salan Bibi and *Mst.* Yasmeen PWs. Hence, the abovementioned FIR.

4. The petitioner has been assigned a specific role of committing the house trespass and inflicting 'danda' blow which landed on the right arm of *Mst.* Yasmeen Bibi. The role attributed to the petitioner is, *prima facie,* supported by the medical evidence. The injury attributed to the petitioner has been declared by the concerned Medical Officer to be punishable under Section 337 F(v) of PPC, which is a non-bailable offence. Recovery of weapon of offence is still to be affected from the possession of the petitioner. The petitioner is unable to establish any *mala fide* on the part of the complainant for his false involvement in this case.

5. In the light of above discussion, there is no substance in this petition therefore, the same is hereby dismissed. Interim pre-arrest bail already granted to the petitioner is hereby recalled and withdrawn.

(S.A.B.) **Petition dismissed.**

Ch. Anees-ur-Rehman, Advocate for Petitioners.

Mr. Imdad Hussain Chatha, Deputy Prosecutor-General for Respondent.

Syed Afzal Shah Bukhari, Advocate for Complainant.

Date of hearing: 31.8.2020.

ORDER

The petitioners *Mst.* Bushra Bibi and Muhammad Zahid through instant petition seek post arrest bail in case FIR No. 137, dated 28.03.2020, registered at P.S. Saddar Pattoki, District Kasur offence under Sections 302/34 of PPC.

2. Arguments heard and record perused.

3. As per contents of the FIR on 27.03.2020 *Mst.* Bushra Bibi petitioner No. 1 called the son of the complainant, namely Ansar Ali, in her house. He went to the said house at about 08:30 p.m. Ansar Ali became sick in the house of *Mst.* Bushra Bibi petitioner No. 1. The said petitioner informed to the paternal cousin of the complainant, namely Mehmood that Ansar Ali was not fleeing well, who reached in the house of the above mentioned petitioner at ll:38 p.m. Mehmood and Muhammad Imran (PWs) took Ansar Ali to the Civil Hospital Pattoki and also informed the complainant on the telephone. Ansar Ali was referred from Civil Hospital Pattoki to Jinnah Hospital but he died on the way to the said hospital. The complainant further alleged that he had strong suspicion against both the petitioners, who are mother and son inter se" that they had administered some poisonous material to Ansar Ali deceased due to which he had died.

4. It is noteworthy that no motive whatsoever has been alleged in the FIR that as to why the petitioners, who are mother and son would administer poisonous material to Ansar Ali deceased. Even no motive has been alleged against the petitioners till today through any supplementary statement of the complainant. There is no eye-witness of the occurrence. The police has not recorded any statement of any witness till today, who had seen both the petitioners while administering poisonous material to Ansar Ali deceased. No crockery, cup or glass has been recovered from the house of the petitioners through which any intoxicated material was administered to Ansar Ali deceased. Although as per

police record a phial and mobile phone of the deceased containing his vomiting were recovered from the house of the petitioner but the learned DPG has conceded on instructions that as per report of PFSA no poisonous material was detected in the phial recovered from the house of the petitioners. He has further conceded on instructions that vomiting material on the mobile phone of Ansar Ali deceased allegedly recovered from the house of the petitioners was also not sent to the PFSA in order to determine that as to whether the said vomiting material on mobile phone contained any poisonous material or not. I have also noted that the occurrence in this case took place on 27.03.2020 at 08:30 p.m. but the FIR has been lodged on 28.03.2020 at 07:00 a.m. It is next contended by learned DPG assisted by learned counsel for the complainant there there is call data of the petitioners and the deceased which shows that on the day of occurrence the petitioners made telephone calls to the deceased but the learned DPG has conceded on instructions that no proof of ownership of the relevant SIMS in the name of the petitioners or in the name of the deceased has been collected by the Investigating Officer of this case. Under the circumstances, the evidentiary value of the above mentioned call data shall be determined by the learned trail Court after recording of evidence. Reliance in this respect may be place on the case reported as *"Azeem Khan and another vs. Mujahid Khan and others"* (2016 SCMR 274). Although it is further argued by the learned DPG assisted by learned counsel for the complainant that as per statements of prosecution witnesses, namely Mehmood and Muhammad Imran, the deceased was lastly shifted from the house of the petitioners to the hospital, therefore, it is for the petitioners to explain the death of Ansar Ali deceased. There is no substance in the above mentioned argument of the learned DPG assisted by learned counsel for the complainant because it is by now well settled that mere recovery of dead body from the house of the accused is not sufficient to hold him guilty. Reference in this respect may be placed on the judgments reported as *"Nazir Ahmad vs. The State"* (2018 SCMR 787), *"Asad Khan vs. The State"* (PLD 2017 Supreme Court 681), *"Nazeer Ahmed vs. The State"* (2016 SCMR 1628), *"Muhammad Jamshaid and another vs. The State and others"* (2016 SCMR 1019) and *"Abdul Majeed vs. The State"*(201l SCMR 941). The facts of the judgment cited by learned counsel for' the complainant reported as *"Muhammad Faiz alias Bhoora vs. The State and another"* (2015 SCMR 655) are distinguishable from the facts of the present case. Moreover, as per prosecution's own case, Ansar Ali was

shifted alive from the house of the petitioners and his dead body was not recovered from the house of the petitioners. No poison or any other incriminating material has been recovered on the pointation of the petitioners. As mentioned earlier, prima facie, there is neither any motive, nor any other convincing direct or circumstantial evidence available on the record against the petitioners, except the suspicion expressed by the complainant and the above mentioned weak type of circumstantial evidence which requires further probe. Keeping in view all the above mentioned facts, the prosecution case against the petitioners is one of further inquiry, therefore, the instant petition is accepted and the petitioners are admitted to post arrest bail subject to their furnishing the bail bonds in the sum of Rs. 500,000/- (*Rupees five hundred thousand only)* each with one surety each in the like amount to the satisfaction of the learned trial Court.

5. It is, however, clarified that if the petitioners will not cooperate during the pendency of their trial with the learned trial Court then the complainant shall be at liberty to file the petition for cancellation of bail. It is further clarified that the observations made in this order are tentative in nature and shall not cause any prejudice to the case of either party during the trial or at the time of final adjudication of the case.

[P. 1626] D & E

2018 SCMR 2039 and 2019 SCMR 930.

Mr. Akhtar Saeed Bhatti, Advocate for Appellant.

Mr. Muhammad Waqas Anwar, Deputy Prosecutor General for State.

Date of hearing: 16.9.2020.

JUDGMENT

Malik Shahzad Ahmad Khan, J.--This appeal is directed against judgment dated 26.03.2018, passed by the learned Additional Sessions Judge, Tandlianwala, whereby, in case F.I.R No. 288/2017 dated 18.05.2017, registered at Police Station City Tandlianwala, District Faisalabad, under section 9(c) of the Control of Narcotic Substances Act, 1997, the learned trial Court convicted Javed Iqbal appellant and sentenced him as under:

> ***Under Section 9(c) of Control of Narcotic Substances Act 1997*** *to four years and six months R.I with fine of Rs. 20,000/- and in default of payment thereof the appellant was directed to further undergo S.I for five months. The benefit of section 382-B, Cr.P.C. was also extended to the appellant.*

2. Briefly, the accusation levelled in the FIR against the appellant is that on 18.05.2017, Nosher Ali SI (complainant/PW-1), along with other police officials was present at Sabzi Mondi Chowk. On the basis of spy information, a police barricade was installed and after some time, three persons came from the side of railway station, who on seeing the police party started running, out of whom, one person was over-powered by the police party, whose name was disclosed as Javed Iqbal (appellant). On checking, 1070-grams Charas, wrapped in polythene shopper was recovered, which the appellant was holding in his right hand. A separate sample parcel of Charas weighing 55-grams for Chemical Analysis, I was prepared. The appellant was interrogated and challaned to face the trial. The charge was framed against the appellant on 21.6.2017, to which he pleaded not guilty so the prosecution was directed to produce its evidence. The prosecution produced three witnesses to prove its case. The learned Additional Sessions Judge, Tandlianwala, after recording the statement

of the appellant under section 342 Cr.P.C. and hearing the arguments, passed the impugned judgment, whereby, the appellant was convicted and sentenced as mentioned and detailed above.

3. Feeling aggrieved of the impugned judgment the instant appeal has been preferred by the appellant.

4. Learned counsel for the appellant in support of this appeal contends that full protocols were not mentioned by the office of Punjab Forensic Science Agency while preparing the report (Ex.PE); that the prosecution has miserably failed to prove its case against the appellant beyond the shadow of doubt, therefore, the appellant may be acquitted from the charge while setting aside the impugned judgment.

5. On the other hand, the learned Deputy Prosecutor General has supported the impugned judgment of the learned trial Court by contending that the prosecution has proved its case against the appellant beyond the shadow of any doubt, therefore, the appellant was rightly convicted and sentenced by the learned trial Court; that the appellant cannot be acquitted on the sole ground that full protocols have not been mentioned in the report of Punjab Forensic Science Agency; that there is no substance in the present, appeal, therefore, the same may be dismissed.

6. Arguments heard. Record perused.

7. It is by now well settled that since the provisions of the Control of Narcotic Substances Act, 1997 provide stringent punishments, therefore, their proof has to be construed strictly and the benefit of any doubt in the prosecution case must be extended to the accused. Reference in this respect may be made to the case of *"Muhammad Hashim v. The State"* (PLD 2004 Supreme Court 856). Dealing with the same proposition, the Hon'ble Supreme Court of Pakistan held in the case of *"Ameer Zeb v. The State"* (PLD 2012 Supreme Court 380) that harder the sentence, stricter the standard of proof. Seeking guidance from the abovementioned judgments of the august Supreme Court of Pakistan, we proceed to decide the instant case. We have observed that the report of Punjab Forensic Science Agency (Ex.PE), tendered in evidence by the prosecution in this case does not give the details of the full protocols and the test applied at the time of analysis of sample of narcotics allegedly recovered from the possession of the appellant.

Relevant/operative part of the report of the Punjab Forensic Science Agency tendered in evidence by the prosecution as (Ex.PE), reads as under:

Item No.	**Description of Evidence**
	01. One sealed parcel containing approximately 55 gram (s) of suspected Charas.

Tests Performed on Received Item(s) of Evidence

1. Analytical Balance was used for weighing.
2. Chemical Spot Tests were used for Presumptive Testing.
3. Gas Chromatograph Mass Spectrometry was used for confirmation.

Results and Conclusion:-

Items #01 58.53 gram (s) of blackish brown resinous material in sealed parcel contains Charts.

Undisputedly, it is settled by now that any report failing to describe in it, the details of the full protocols and the tests applied will be inconclusive, unreliable suspicious and untrustworthy and will not meet the evidentiary presumption attached to a Report of the Government Analyst under section 36(2) of the Act *ibid*. In the report Ex.PE, it is simply mentioned that certain tests were conducted and contraband material recovered in this case found to be Charas instead of mentioning the details of tests applied on the samples and their protocols as required by law. The evidentiary value of above said report has been evaluated by us in the light of Control of Narcotic Substances (Government Analysts) Rules, 2001. Rule 6 of the said Rules makes it imperative on an analyst to mention result of material analyzed with full protocols applied thereon along with other details in the report issued for test/Analysis by the Laboratory.

8. We also find that the report (Ex.PE), of the Punjab Forensic Science Agency is not in line with the principles enunciated by the august Supreme Court of Pakistan in the case of *"The State through Regional Director ANF vs. Imam Bakhsh and others"* (2018 SCMR 2039). The relevant portion of the said judgment is reproduced as under:

> 16. Non-compliance of Rule 6 can frustrate the purpose and object of the Act, *i.e.*, control of production, processing and trafficking of narcotic drugs and psychotropic substances, as conviction cannot be sustained on a Report that is inconclusive or unreliable. The evidentiary assumption attached to a Report of the Government Analyst under section 36(2) of the Act underlines the statutory significance of the Report, therefore, details of the test and analysis

in the shape of the protocols applied for the test become fundamental and go to the root of the statutory scheme. Rule 6 is, therefore, in the public interest and safeguards the rights of the parties. Any report (Form-II) failing to give details of the full protocols of the test applied will be inconclusive, unreliable, suspicious and untrustworthy and will not meet the evidentiary assumption attached to a Report of the Government Analyst under section 36(2). Resultantly, it will hopelessly fail to support conviction of the accused. This Court has already emphasized the importance of protocols in *Ikramullah's case (supra)".*

The above said view has been further fortified in the recent case law titled as *"Khair-ul-Bashar vs. The State"* (2019 SCMR 930). We have also requisitioned the attested copy of FIR in case of *"Khair-ul-Basher"* supra *i.e.*, FIR No,]8, dated 15.01.2016, offence under section 9(c) of the Control of Narcotic Substances Act, 1997, registered at police station Westridge, District Rawalpindi, as well as, attested copy of the report of the Punjab Forensic Science Agency, Lahore, exhibited as Ex.PH, in the said case before the concerned trial Court. The report of the Punjab Forensic Science Agency, Lahore, produced in evidence as Ex.PH, in the case of "*Khair-ul-Basher*" *supra* is identical with the report of the Punjab Forensic Science Agency, Lahore, produced in the evidence of the present case before the learned trial Court as Ex.PE. As identical report in the case of "*Khair-ul-Basher" supra* has not been relied upon by the august Supreme Court of Pakistan, therefore, the identical report of the Punjab Forensic Science Agency produced in evidence of this case by the prosecution as Ex.PE, is also not worthy of reliance.

9. Learned Deputy Prosecutor General has argued that the appellant cannot be acquitted on the abovementioned sole ground of non-mentioning of protocols/full details of test applied, in the report of the Punjab Forensic Science Agency, Lahore but we have noted that the august Supreme Court of Pakistan in the case of "*Khair-ul-Bashar*" supra, acquitted the accused of the said case on the abovementioned sole ground of non-mentioning of protocols/full details of the tests applied in the report of the Punjab Forensic Science Agency, Lahore. Even otherwise it is by now well settled that a single circumstance creating reasonable doubt would be sufficient to cast doubt about the veracity of prosecution case and the benefit of said doubt has to be extended in favour of the accused not as a matter of grace or concession but as a matter of right. Reliance in this regard is placed upon the cases of "*Tariq Pervez vs. The State*" (1995

SCMR 1345), *"Akhtar Ali and others vs. The State"* (2008 SCMR 06) and *"Muhammad Zaman vs. The State and others"* (2014 SCMR 749).

10. In the light of above discussion, the instant appeal (Crl. Appeal No. 205540-J of 2018), is allowed, impugned judgment dated 26.03.2018, passed by the learned Additional Sessions Judge, Tandlianwala, is hereby set aside and Javed Iqbal (appellant) is acquitted of the charge by extending him the benefit of doubt. The appellant is in custody, he be released forthwith, if not required in any other case.

Date of hearing: 7.4.2020.

ORDER

The petitioner, namely Isba Habib, through the instant petition seeks post arrest bail in case FIR No. 8, dated 11.2.2020, registered at P.S. FIA C.C.R.C, Lahore offences under Sections 20, 21 & 24 of PECA r/w Sections 420/109, PPC.

2. There is yet an-other written request for adjournment on behalf of learned counsel for the complainant. The said request has vehemently been opposed by learned counsel for the petitioner on the ground that there is no valid reason to adjourn this bail petition for indefinite period on the repeated requests of learned counsel for the complainant. I have noted that this post arrest bail petition was filed before this Court on 12.3.2020 and thereafter a number of adjournments have already been granted to the complainant party in this case. On 19.3.2020 learned proxy counsel after filing power of attorney on behalf of the complainant sought an adjournment due to non-availability of learned principal counsel for the complainant and on his request the

case was adjournment for 27.3.2020 with the clear understanding that no further adjournment shall be granted in this case. On 27.3.2020, again a written request for adjournment was made by learned counsel for the complainant. The said request was opposed by learned counsel for the complainant on the ground that on the previous date of hearing *i.e.* 19.3.2020 this case was adjourned on the request of learned proxy counsel for the complainant with the clear understanding that no further adjournment shall be granted in this case. However, in the interest of justice, on the previous date of hearing, *i.e*. 27.3.2020, again the case was adjourned for today's date of hearing *i.e*. 7.4.2020 while giving last and final opportunity to the complainant to make arrangements for arguments in this petition. It was, however, clarified that in case of failure to make arrangement to make arguments on this petition by the complainant, the same shall be decided on the basis of available record. The instant adjournment application has been filed by learned counsel for the complainant, on the ground that due to the prevailing situation created by pandemic coronavirus learned counsel for the complainant is on general adjournment from 28.3.2020 till 12.4.2020 but it is noteworthy that the above mentioned general adjournment is not applicable on the cases fixed by the Court and because the instant case was fixed by the Court, therefore, the said general adjournment is not applicable on the instant petition. Moreover, learned counsel for the complainant did not appear before the Court on 19.3.2020 *i.e*. before the date mentioned in his application for general adjournment.

3. In the light of above, there is substance in the objection of learned counsel for the petitioner and there is no valid reason to keep on adjourning this post arrest bail petition of a female for indefinite period on the repeated requests of learned counsel for the complainant. Even otherwise it is a state case and learned Assistant Attorney-General is ready to argue the same, therefore, written request for adjournment filed by learned counsel for the complainant is hereby turned down and I proceed to decide the instant petition on the basis of available record and after hearing arguments of learned counsel for the petitioner, and learned Assistant Attorney-General.

4. As per brief allegations levelled in the FIR Ibrar Hussain Bukhari (complainant) is an overseas Pakistani residing in Japan and Peru. *Mst.* Isbah Habib Ullah (petitioner) and *Mst.* Treeza Riaz Masih (co-accused) used to come to the house of the

complainant in different gatherings. *Mst.* Treeza Riaz Masih (co-accused) offered a juice to the complainant in one of the gatherings at his house and he (complainant) went senseless. *Mst.* Treeza Riaz Masih (co-accused) deceitfully captured his naked video and later on sent the same to his (complainant's) mobile number from a Dubai number. The said *Mst.* Treeza Riaz Masih (co-accused) along with Muhammad Iftikhar Ali *alias* Joji (co-accused) started to blackmail the complainant that if the complainant would not pay them Rupees Fifty Crore then the objectionable video of the complainant shall be put on the internet and made viral. The complainant further alleged that *Mst.* Isbah Habib Ullah (petitioner) was master mind behind the abovementioned occurrence, who also shared a poster consisting fake allegations and threats against the complainant through her mobile number. The petitioner also threatened the complainant of dire consequences. Eventually a raid was conducted at Office No. 5, 3rd Floor, Shalimar Plaza, Moon Market, Lahore. The petitioner and Muhammad Iftikhar Ali *alias* Joji (co-accused) were present in the above mentioned office. They were apprehended by the FIA Authorities. Two mobile phones were recovered from their possession. The alleged SIM No. 0323-9338366 was found active in the mobile recovered from the petitioner. The objectionable naked videos of the complainant were found stored in the mobiles of the petitioner and Muhammad Iftikhar Ali *alias* Joji (co-accused). Muhammad Iftikhar Ali *alias* Joji (co-accused) confessed before the FIA Authorities that the objectionable videos of the complainant were shared by the petitioner on his mobile phone. The petitioner also disclosed before the raiding party that she shared the above mentioned videos of the complainant with Muhammad Iftikhar Ali *alias* Joji (co-accused) and they used to exploit the image of the complainant. Hence, the above mentioned FIR.

5. Arguments heard. Record perused.

6. The petitioner is a female. The offences mentioned in the FIR do not fall within the ambit of Prohibitory Clause of Section 497 of Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. The learned Assistant Attorney-General has conceded on instructions that no other FIR stands registered against the petitioner. It is further noteworthy that the allegation of giving any intoxicated material at the time of preparing naked videos of the complainant has not been

levelled against the petitioner and the said allegation has been levelled against *Mst.* Treeza Riaz Masih (co-accused). No material which can cause intoxication has been recovered from the possession of the petitioner during the investigation of this case. Similarly the allegation of preparation of naked/objectionable video of the complainant has also not been levelled against the petitioner and the said allegation has been levelled against *Mst.* Treeza Riaz Masih (co-accused). It is further noteworthy that the demand of Rupees Fifty Crore and threat of making viral the video of the complainant in case of non-payment of said amount was also levelled against *Mst.* Treeza Riaz Masih (co-accused) and Muhammad Iftikhar Ali *alias* Joji (co-accused). It was simply mentioned in the FIR that the petitioner extended threats of dire consequences to the complainant but the allegation of making demand of any amount from the complainant has not been levelled against the petitioner. It is further noteworthy that the above referred Muhammad Iftikhar Ali *alias* Joji (co-accused) who statedly demanded amount from the complainant has already been granted post-arrest bail by the learned Judicial Magistrate Section-30, Lahore, *vide* order, dated 06.03.2020 Insofar as the contention of learned Assistant Attorney General as to the confessional statement of the petitioner and Muhammad Iftikhar Ali *alias* Joji (co-accused) before the FIA Authorities while in custody is concerned, it is by now well settled that confession of an accused/co-accused before the police/arresting authorities while in custody is inadmissible in evidence. Reliance in this respect may be placed on the cases of '*Alam Zeb another vs. The State and others*' (PLD 2014 Supreme Court 760) & '*Raja Muhammad Younas vs. The State*' (2013 SCMR 669). As mentioned earlier the offences mentioned in the FIR do not fall within the ambit of prohibitory clause of Section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. No exceptional ground has been pointed but by the learned Assistant Attorney-General to refuse bail to the petitioner, therefore, while keeping in view the law laid down in the cases of '*Zafar Iqbal vs Muhammad Anwar and others'* (2009 SCMR 1488) & '*Muhammad Tanveer vs The State and another*' (PLD 2017 Supreme Court 733) ordaining that where a case falls within the non-prohibitory clause of Section 497 of, Cr.P.C., the concession of granting bail must be favourably considered and should only be declined in exceptional cases, this petition is **allowed** and the petitioner is admitted to post arrest bail subject to his furnishing

the bail bonds in the sum of Rs. 200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Petition allowed.**

2012 SCMR 646, 2013 YLR 370, 2017 YLR Note 78, 2014 SCMR 1349 and 2009 SCMR 120.

Mr. Javed Iqbal Malik, Advocate the Petitioner.

Ch. Muhammad Ishaq, Addl. Prosecutor-General for State.

Date of hearing: 23.10.2020.

ORDER

The petitioner Kamran Khalil through the instant petition seeks pre-arrest bail in case FIR No. 656 dated 11.6.2020 registered at P.S. Ladhey Wala Warraich District Gujranwala offences under Section 354, 337-F(i), 337-F(ii) of PPC.

2. Notice was issued to the complainant but no one appeared on his behalf despite the fact that as per police report he has been intimated through telephone. Even otherwise, it is a State case and learned Addl. Prosecutor General is ready to argue, the same therefore, I proceed to decide the instant petition after hearing the arguments of learned counsel for the petitioner, learned Addl. Prosecutor General for the State and perusing the record.

3. Arguments heard. Record perused.

4. As per brief allegations levelled in the FIR, on 8.6.2020 at 08:00 a.m. *Punchiat* proceedings took place in the house of the petitioner regarding matrimonial dispute of the petitioner with his wife, namely *Mst.* Iqra Begum. During the said *Punchiat*

proceedings a quarrel took place whereupon the petitioner inflicted a *Churri* below, which landed on the left arm of his wife, namely *Mst.* Iqra Begum. Hence, the above mentioned FIR.

5. The injury attributed to the petitioner was declared to be punishable under Section 337-F(ii) of PPC. It is noteworthy that although the occurrence of this case took place on 08.06.2020 at 08:00 a.m. but the alleged injured of this case, namely *Mst.* Iqra Begum, was medically examined on the next date *i.e.* on 09.06.2020 at 02:15 p.m. The petitioner challenged the MLR of *Mst.* Iqra Begum before the District Standing Medical Board and as per report of the District Standing Medical Board the alleged injured was summoned twice for her re-examination on 07.07.2020 and 29.07.2020 but she did not turn up for the above mentioned purpose. The non-appearance of the alleged injured of this case before the District Standing Medical Board speaks of mal afide, which entitles the petitioner to the grant of pre-arrest bail. Reliance in this respect may be placed on the cases reported as *"Muhammad Essa vs. The State and another"* (2012 SCMR 646), *"Muhammad Fayyaz v. The State and another"* (2013 YLR 370) and "*Ghulam Abbas vs. The State and another*" (2017 YLR Note 78). Although it is argued by learned APG that blood stained *Churri* is still to be recovered from the possession of the petitioner but I have noted that occurrence in this case took place on 8.6.2020 and a period of four months and sixteen days has already elapsed from the date of alleged occurrence, therefore, the blood, if any, on the *Churri* expected to be recovered from the possession of the petitioner, must have disintegrated in the meanwhile, therefore, possible recovery of *Churri* from the possession of the petitioner would not serve any useful purpose to the prosecution and as such a case for grant of pre-arrest bail is made out in favour of petitioner. Reference in this context may be made to the cases reported as *'Malik Muhammad Aslam vs. The State & others'* (2014 SCMR 1349) and *'Muhammad Jamil vs. Muhammad Akram and others'* (2009 SCMR 120). Possibility of *mala fide* involvement of the petitioner in this case due to matrimonial dispute cannot be ruled out at this stage. Resultantly, this petition is allowed and interim pre-arrest bail already granted to the petitioner is confirmed subject to his furnishing the fresh bail bonds in

the sum of Rs.100,000/- (*Rupes one hundred thousand only)* with one surety in the like amount to the satisfaction of the learned trial Court.

(A.A.K.) **Bail confirmed.**

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Prevention of Electronic Crimes Act, 2016, Ss. 20, 21 & 24--Pakistan Penal Code, (XLV of 1860), Ss. 420/109--Pre-arrest bail, grant of--Confirmed--Allegation of--Petitioner was a female--Complainant was an overseas Pakistani, petitioner and her co-accused use to come to the house of complainant in different gatherings--Petitioner administered juice to him, whereupon he (complainant) became senseless and thereafter the petitioner captured her naked pictures/videos and shared the same with her co-accused and also sent the same on his (complainant's) mobile phone number--No specific date and time of the alleged occurrence, when the petitioner administered juice to the complainant--It is not understandable that if any juice containing intoxicated material was administered by the petitioner to the complainant then as to why the said act was not noticed by the other family members of the complainant and as to how the petitioner succeeded to record naked photos/videos of the complainant in presence of his family members--No medico legal report is available on the record to establish that any intoxicated material was administered by the petitioner to the complainant--Although in the later part of the FIR, the complainant alleged that mobile phone number 0304-4995242, is owned by the petitioner but no record is available on the FIA authorities to establish that any demand of money was made by the petitioner from the said mobile phone--Even the complainant has not alleged in the FIR that the petitioner made any demand of money from him through the abovementioned mobile phone and he only alleged that his objectionable pictures were shared by the petitioner with her co-accused through the said mobile phone number but in this respected--Complainant has already alleged in the first part of the FIR that his objectionable pictures were sent on his mobile phone number through the above-mentioned mobile phone number (+971554378030) and there is no proof on the record that the said mobile phone number was in the name of the petitioner--It is also evident from the perusal of the contents of the FIR that the complainant has

himself mentioned therein that he was blackmailed by (co-accused), who demanded money from him and who was mastermind behind the occurrence counsel for the petitioner has produced before the Court the copies of FIRs *i.e.*, FIR No. 286/2017, under Section 371, PPC and FIR No. 590/2016, under Section 406, PPC), to establish that the complainant is a blackmailer, who has lodged the abovementioned FIRs against different innocent persons--He further submits that the complainant is himself involved in immoral activities and in order to blackmail the petitioner, he has lodged the instant FIR against the petitioner so that, the petitioner may fulfill his immoral desires--Keeping in view all the aforementioned facts, possibility of *malafide* involvement of the petitioner in this case by the complainant, cannot be ruled out at this stage--Petition was allowed. [Pp. 1753, 1754] A, B, C & D

Mr. Zaheer-ul-Hassan Zahoor, Advocate for Petitioner.

Mr. Muhammad Matloob Sindhu, Assistant Attorney General for State.

Mr. Yasir Javed Malik, Advocate for Complainant.

Date of hearing: 13.10.2020.

ORDER

Through the instant petition, *Mst.* Tareeza Riaz seeks pre-arrest bail in case FIR No. 08/2020, dated 11.02.2020, offences under Sections 20, 21 & 24 of Prevention of Electronic Crimes Act, 2016 read with Sections 420/109, PPC, registered at Police Station FIA C.C.R.C, Lahore.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, Ibrar Hussain Bukhari (complainant) is an overseas Pakistani residing in Japan and Peru. Mst. Tareeza Riaz (petitioner) and Mst. Isbah Habib Ullah (co-accused) used to come to the house of the complainant in different gatherings. *Mst.* Tareeza Riaz (petitioner) offered a juice to the complainant in one of the gatherings at his house and he (complainant) went senseless. *Mst.* Tareeza Riaz (petitioner) deceitfully captured his naked photos/videos and later on sent the same to his (complainant's) mobile number from a Dubai number (+971554378030). The said *Mst.* Tareeza Riaz (petitioner) along with Muhammad Iftikhar Ali *alias* Joji (co-accused) started to blackmail the complainant that if the complainant would not pay them Rupees Fifty Crore then the objectionable video of the complainant shall be put on the internet and made viral. The complainant further alleged that *Mst.* Isbah Habib Ullah (co-accused) was master mind behind the abovementioned occurrence, who also shared a poster

consisting fake allegations and threats against the complainant through her mobile number (0323-9338366). The complainant further alleged that *Mst.* Tareeza Riaz (petitioner) also demanded money from him through different sources in order to blackmail him. Eventually a raid was conducted at Office No. 5, 3rd Floor, Shalimar Plaza, Moon Market, Lahore. *Mst.* Isbah Habib Ullah and Muhammad Iftikhar Ali *alias* Joji (co-accused) were present in the above mentioned office. They were apprehended by the FIA Authorities and two mobile phones were recovered from their possession. On further analysis, it was noticed that the objectionable pictures of the complainant were shared from mobile number of the petitioner *i.e.*, 0304-4995242. The complainant also alleged that he was blackmailed by the petitioner and her co-accused, who demanded money from the complainant. Hence, the above mentioned FIR.

4. The petitioner is a female. All the offence mentioned in the FIR, except the offence under Section 21 of the Prevention of Electronic Crimes Act, 2016, are bailable. Insofar as the offence under Section 21 of the Act *ibid* is concerned, I have noted that Ibrar Hussain Bukhari complainant has mentioned in the FIR that he was permanent resident of Japan and Peru. *Mst.* Tareeza Riaz (petitioner) and *Mst.* Isbah Habib Ullah (co-accused) used to visit his house, situated in Phase-V, DHA, Lahore in different gatherings. He (complainant) alleged that in one of the said gatherings, *Mst.* Tareeza Riaz petitioner administered juice to him, whereupon he (complainant) became senseless and thereafter the petitioner captured her naked pictures/videos and shared the same with her co-accused and also sent the same on his (complainant's) mobile phone number. No specific date and time of the alleged occurrence, when the petitioner administered juice to the complainant, due to which he (complainant) went senseless and the petitioner captured his naked pictures/videos, has been mentioned in the FIR. Ibrar Hussain Bukhari complainant was present before this Court on the previous date of hearing *i.e.*, 06.10.2020 and he submitted before the Court that his other family members were also present in his house at the time of occurrence. Under the circumstances it is not understandable that if any juice containing intoxicated material was administered by the petitioner to the complainant then as to why the said act was not noticed by the other family members of the complainant and as to how the petitioner succeeded to record naked photos/videos of the complainant in presence of his family members. No medico legal report is available on the record to establish that any intoxicated material was administered by the petitioner to the complainant. Although the complainant alleged in the FIR that his objectionable naked pictures were sent to him by the

petitioner from a Dubai number (+971554378030) but absolutely no proof is available on the record of FIA that the said mobile phone was in the name of *Mst.* Tareeza Riaz (petitioner). Although in the later part of the FIR, the complainant alleged that mobile phone number 0304-4995242, is owned by the petitioner but no record is available on the FIA authorities to establish that any demand of money was made by the petitioner from the said mobile phone. Even the complainant has not alleged in the FIR that the petitioner made any demand of money from him through the abovementioned mobile phone and he only alleged that his objectionable pictures were shared by the petitioner with her co-accused through the said mobile phone number but in this respected I have noted that the complainant has already alleged in the first part of the FIR that his objectionable pictures were sent on his mobile phone number through the above-mentioned mobile phone number (+971554378030) and there is no proof on the record that the said mobile phone number was in the name of the petitioner. It is also evident from the perusal of the contents of the FIR that the complainant has himself mentioned therein that he was blackmailed by *Mst.* Isbah Habib Ullah (co-accused), who demanded money from him and who was mastermind behind the occurrence. Learned counsel for the petitioner has produced before the Court the copies of FIRs *i.e.*, FIR No. 286/2017, under Section 371, PPC and FIR No. 590/2016, under Section 406, PPC), to establish that the complainant is a blackmailer, who has lodged the abovementioned FIRs against different innocent persons. He further submits that the complainant is himself involved in immoral activities and in order to blackmail the petitioner, he has lodged the instant FIR against the petitioner so that, the petitioner may fulfill his immoral desires. Keeping in view all the aforementioned facts, possibility of *malafide* involvement of the petitioner in this case by the complainant, cannot be ruled out at this stage.

5. In the light of above discussion, the instant petition is allowed and the interim pre-arrest bail already granted to the petitioner is hereby confirmed subject to her furnishing bail bonds in the sum of Rs. 2,00,000/- (Rupees two hundred thousand only), with one surety in the like amount to the satisfaction of the learned trial Court.

6. It is, however, clarified that the observations made in this order are tentative in nature and shall cause no prejudice to the case of either party at the time of final adjudication of the case before the learned trial Court.

(A.A.K.) **Petition allowed.**

BILAL ANWAR--Petitioner

versus

STATE and another--Respondents

Crl. Misc. No. 72565-B of 2019, decided on 19.12.2019.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Pakistan Penal Code, (XLV of 1860), Ss. 337-F(v), 337-L(2), 147 & 149--Pre-arrest bail, confirmed--Allegation of--"Lalkar"--Petitioner and his co-accused, while armed with different weapons, launched an attack on complainant party--Malik Khalid Farooq, co-accused raised a '*Lalkara*' and inflicted '*sota*' blow which landed on right side of head of Muhammad Arshad Ali (complainant)--Occurrence in this case took place on 30.09.2019 and a period of two months and nineteen days has already elapsed from date of occurrence, therefore, blood, if any, on '*sota*' expected to be recovered from possession of petitioner must have disintegrated in meanwhile, therefore, possible recovery of '*sota*' from possession of petitioner, at this stage, would not serve any useful purpose for case of prosecution and as such a case for grant of pre-arrest bail is made out in favour of petitioner--Possibility of *mala fide* involvement of petitioner in this case by complainant, by using wider net, cannot be ruled out at this stage--Petition was allowed.
[Pp. 506 & 507] A, B & C

2014 SCMR 1349 *ref.* 2011 SCMR 1719.

Rai Ashfaq Ahmad Kharal, Advocate for Petitioner.

Ch. Muhammad Ishaq, Deputy Prosecutor General for State.

Date of hearing: 19.12.2019.

ORDER

Bilal Anwar, petitioner, through the instant petition, seeks pre-arrest bail in case FIR No. 489 dated 14.10.2019 offences under Sections 337-F (V), 337-L(2), 147, 149, PPC registered at Police Station Saddar District Sargodha.

2. As per report furnished by the police, the complainant has duly been served with the notice of this case but no one is present on his behalf despite repeated calls. Even otherwise, it is a State case and the learned Deputy Prosecutor General for the State is ready to argue the same, therefore, I proceed to decide the instant petition after hearing arguments of learned counsel for the petitioner, learned Deputy Prosecutor General for the State and perusal of the record.

3. Arguments heard. Record perused.

4. As per brief allegations leveled in the FIR, on 30.09.2019 at 5:50 P.M., the petitioner and his co-accused, while armed with different weapons, launched an attack on the complainant party. Malik Khalid Farooq, co-accused raised a '*Lalkara*' and inflicted '*sota*' blow which landed on the right side of the head of Muhammad Arshad Ali (complainant). Thereafter, Bilal Anwar, petitioner inflicted a '*sota*' blow which landed on the finger of left hand of Mohib Ali (PW). Sadheer, co-accused then inflicted a '*sota*' blow which landed on the right shoulder of Mohib Ali (PW). Abdul Rehman, co-accused then inflicted a '*sota*' blow which landed near the left armpit of Mohib Ali (PW). Thereafter, all the accused persons gave beating to Mohib Ali (PW) and caused injuries on the different parts of his body.

5. As per medico-legal report of Mohib Ali (PW), there were two injuries on his body. Injury No. 1 on the left little finger was attributed to the petitioner which was declared by the concerned Medical Officer to be punishable under Section 337F(v), PPC, however, the Medical Officer, first kept his opinion pending regarding the possibility of fabrication of injuries and after obtaining X-Ray report, he categorically mentioned in the medico-legal report of Mohib Ali (PW) that possibility of fabrication of the injury on the little finger of Mohib Ali (PW) *i.e.* injury No. 1 attributed to the petitioner cannot be ruled out and he requested the investigating officer to investigate the matter in this respect. The investigating officer *vide* Zimni No. 12 dated 07.12.2019, has concluded that the petitioner reached at the spot after the occurrence and he was empty handed at the time of occurrence. It is further concluded by the investigating officer that the

petitioner tried to pacify the matter and during the said process he only grappled with the complainant party. The above mentioned findings of the investigating officer are in conflict with the story narrated by the complainant in the FIR because as per contents of the FIR, the petitioner was armed with '*sota*' at the time of occurrence and he inflicted the injury on the little finger of Mohib Ali (PW) with the help of said 'sota' but according to the above mentioned police investigation, the petitioner was empty handed at the time of occurrence. According to the police investigation the petitioner was empty handed at the time of occurrence, therefore, it is obvious that nothing is to be recovered from his possession by the police and as such no useful purpose shall be served by sending the petitioner behind the bars and as such a case for grant of pre-arrest bail is made out in favour of the petitioner. Reference in this context may be made to the case of "*Khalid Mehmood and others vs. The State and others*" (2011 SCMR 1719).

6. Although, it is argued by learned Deputy Prosecutor General that bloodstained '*sota*' is still to be recovered from the possession of the petitioner but I have noted that the occurrence in this case took place on 30.09.2019 and a period of two months and nineteen days has already elapsed from the date of occurrence, therefore, blood, if any, on the '*sota*' expected to be recovered from the possession of the petitioner must have disintegrated in the meanwhile, therefore, possible recovery of '*sota*' from the possession of the petitioner, at this stage, would not serve any useful purpose for the case of the prosecution and as such a case for grant of pre-arrest bail is made out in favour of the petitioner as observed by the august Supreme Court of Pakistan in the case of "*Malik Muhammad Aslam vs. The State & others*" (2014 SCMR 1349). B

7. Possibility of *mala fide* involvement of the petitioner in this case by the complainant, by using the wider net, cannot be ruled out at this stage. C

8. For what has been discussed above, this petition is allowed and ad-interim pre-arrest bail already granted to the petitioner by this Court is confirmed subject to his furnishing of bail bonds in the sum of Rs. 50,000/- (Rupees Fifty Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

Petition Allowed.

ORDER

Through the instant petition, the petitioner Moazzam Shafique seeks pre-arrest bail in case FIR No. 485/2018 dated 15.05.2018, offence under Section 489-F, PPC, Police Station Hajipura, District Sialkot.

2. Arguments heard. Record perused.

3. This is second pre-arrest bail petition filed by the petitioner before this Court. Earlier pre-arrest bail petition of the petitioner bearing Crl. Misc. No. 224311-B of 2018, was dismissed due to non-prosecution vide order dated 01.10.2018. As the earlier pre-arrest bail petition filed by the petitioner was not decided on merits, therefore, while relying upon the judgment reported as *"Nazir Ahmad vs. The State and another"* (PLD 2014 SC 241), there is no bar against the filing of the instant second pre-arrest bail petition before this Court and decision of the same on merits.

4. As per brief allegations levelled in the FIR, Muhammad Farooq Butt (complainant) invested an amount of Rs. 11,50,000/- in the business of the petitioner and it was agreed between the parties that the petitioner will pay the profit to the complainant, however, later on neither the petitioner paid the profit to the complainant nor returned the principal amount to him, whereupon the cheque, which was earlier given by the petitioner to the complainant was presented before the bank, however, the same was dishonoured on its presentation. The complainant, thereafter moved an application before the local police against the petitioner. During the inquiry, on the application, moved by the complainant, the petitioner paid cash amount bf Rs. 1,75,000/- to the complainant and for payment of the remaining

amount, he handed over two cheques to the complainant, which were dishonoured on their presentation by the concerned bank.

5. It is evident from the perusal of contents of the FIR that there was business relationship between the parties and the complainant invested an amount of Rs. 11,50,000/- in the business of the petitioner on the condition that the petitioner will pay the profit to the complainant. The petitioner handed over a cheque of Rs. 11,50,000/- to the complainant as guarantee, however, the said cheque could not be en-cashed. It is further evident from the perusal of the contents of the FIR that the cheque, on the basis of which the instant FIR was lodged has been handed over by the petitioner to the complainant during the inquiry conducted by the police. Under the circumstances, possibility cannot be ruled out that the cheque in question has forcibly been obtained from the petitioner under the police pressure as the fact of delivery of cheque in question by the petitioner to the complainant before the police has been mentioned by the complainant himself in the FIR.

6. Moreover, the entire prosecution case is based on documentary evidence, which is already in possession of the prosecution and as such there is no chance of tampering with the same. Nothing is to be recovered from the possession of the petitioner, therefore, no useful purpose shall be served by sending the petitioner behind the bars and as such the case for grant of pre-arrest bail is made out in favour of the petitioner. Reference in this context may be made to the case of *"Khalid Mehmood and others vs. The State and others"* (2011 SCMR 1719).

7. Possibility of *mala fide* involvement of the petitioner in this case by the complainant due to the business dispute between the parties, cannot be ruled out at this stage. Keeping in view the aforementioned facts, the instant petition is ***allowed*** and the ad-interim pre-arrest bail already granted to the petitioner is hereby confirmed subject to his furnishing bail bonds in the sum of Rs. 1,00,000/- (Rupees one hundred Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

8. It is, however, clarified that the observations made in this order are tentative in nature and shall cause no prejudice to the case of either party at the time of final adjudication of the case before the learned trial Court.

(A.A.K.) **Petition Allowed.**

Crl. Misc. No. 224621-B of 2018, decided on 26.9.2018.

Criminal Procedure Code, 1898 (V of 1898)--

----S. 498--Pakistan Penal Code, (XLV of 1860), Ss. 337-F(i), 337-F(v), 148 & 149--Bail before arrest, confirmed--Cross-version--Specific role of inflicting blow of hockey injury was declared to punishable u/S. 337-F(v), PPC--Medico-legal report was challenged--Injured did not attend for re-examination--Validity--Non-appearance of injured, before Medical Board for his re-examination speaks mala-fide of injured which act of prosecution witness entitles petitioner to grant of pre-arrest bail--Occurrence took place on 22.05.2018 and a period of more than four months has already elapsed, therefore, blood, if, any on hockey expected to be recovered from possession of petitioner, must have disintegrated in meanwhile, therefore, possible recovery of hockey from possession of petitioner, at such stage, would not serve any useful purpose for case of prosecution--As it is a case of cross-versions, therefore, possibility of *mala fide* involvement of petitioner by complainant of cross-version, cannot be ruled out, therefore, petition is allowed and *ad-interim* pre-arrest bail already granted to petitioner by High Court is confirmed. [Para 4, 5 & 6] A, B & C

2012 SCMR 646, 2013 YLR 370, 2014 SCMR 1349, 2009 SCMR 120 *rel.*

Mr. Qaisar Mehmood Sr, Advocate for Petitioner.

Mr. Nisar Ahmad Virk, Deputy Prosecutor General for State.

Date of hearing: 26.9.2018.

ORDER

The petitioner, through instant petition, prays for pre-arrest bail in cross-version case recorded under Section 337F(i), 337F(v), 148, 149, PPC in case FIR No. 185 dated 01-06.2018, registered at Police Station Sabz Pir Tehsil Pasrur District Sialkot.

2. Ijaz Ahmad, complainant of the cross-version present in the Court states that due to financial constraints, he is not able to hire the services of a learned counsel. Since, it is a State case, therefore, 1 proceed to decide this petition after hearing the

arguments of learned Deputy Prosecutor General for the State as well as learned counsel for the petitioner.

3. Arguments heard and record perused.

4. As per brief allegations levelled in the cross-version, on 22.05.2018 at about 6:00 PM, the petitioner alongwith his co-accused while armed with different weapons, launched an attack on the complainant party and caused different injuries to Mukhtar, Sajjad (PWs) and Ijaz Ahmad, complainant. The petitioner has been assigned the role of inflicting a blow of hockey on the left hand of Mukhtar Ahmad (PW). The said injury was declared by the concerned Medical Officer to be punishable under Section 337-F(v), PPC. The petitioner challenged the medico-legal report of the first Medical Officer before the District Standing Medical Board of Allama Iqbal Memorial Hospital, Sialkot. According to the report issued by the Medical Superintendent of Allama Iqbal Memorial Hospital, Sialkot dated 27.07.2018, the injured Mukhtar Ahmad, did not attend his office for his re-examination on 20.06.2018, 04.07.2018 and 18.07.2018. The non-appearance of the abovementioned injured, namely, Mukhtar Ahmad before the Medical Board for his re-examination speaks mala-fide of the said injured which act of the said prosecution witness entitles the petitioner to the grant of pre-arrest bail. Reference in this context can be made to the cases of "*Muhammad Essa vs. The State and another*" (2012 SCMR 646) and *"Muhammad Fayyaz vs. The State and another"* (2013 YLR 370).

5. Although, it is argued by the learned Law Officer that the bloodstained hockey is yet to be recovered from the possession of the petitioner but I have noted that the occurrence in this case took place on 22.05.2018 and a period of more than four months has already elapsed, therefore, blood, if, any on the hockey expected to be recovered from the possession of the petitioner, must have disintegrated in the meanwhile, therefore, possible recovery of hockey from the possession of the petitioner, at this stage, would not serve any useful purpose for the case of the prosecution. Reference in this context may be made to the cases reported as *"Malik Muhammad Aslam vs. The State & others"*(2014 SCMR 1349) and *"Muhammad Jamil vs. Muhammad Akram and others"* (2009 SCMR 120).

6. As it is a case of cross-versions, therefore, possibility of *mala fide* involvement of the petitioner in this case by the complainant of the cross-version, cannot be ruled out, therefore, this petition is allowed and *ad-interim* pre-arrest bail already granted to the petitioner by this Court is confirmed subject to his furnishing of bail bonds in the sum of Rs. 50,000/- (Rupees Fifty thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

MUHAMMAD IMRAN---Petitioner

Versus

The STATE and another---Respondents

Criminal Miscellaneous No.239740/B of 2018, decided on 18th October, 2018.

Criminal Procedure Code (V of 1898)---

----S. 498---Penal Code (XLV of 1860), S. 406---Criminal breach of trust---Ad-interim pre-arrest bail, confirmation of---Trust (Amanat)---Scope--- Detail of money allegedly entrusted was not mentioned in the FIR---Effect---Complainant, who had friendly relations with the petitioner, allegedly handed over Rs. 900,000/- to him (petitioner) as trust---Petitioner/accused contended that ingredients of criminal breach of trust were not attracted---Complainant contended that his amount was yet to be recovered from the petitioner---Held, question was when there were so many Banks in the city, then why the complainant handed over the Rs. 900,000/- to the petitioner for keeping the said amount as trust with him---Word 'amanat' (trust) had malafidely been mentioned by the complainant in the FIR, prima facie, in order to make the same a cognizable offence punishable under S.406, P.P.C.---Mere mentioning the word 'amanat'(trust), in the contents of FIR would not attract the provisions of S.405, P.P.C., punishable under S.406, P.P.C., when otherwise ingredients of the said offence were not attracted from the contents of FIR---No specific denomination, identification, marks or number of the currency notes, which were handed over by the complainant to the petitioner, had been mentioned in the FIR, therefore, bail petition could not be dismissed merely on the ground of possible recovery of the amount of the complainant from the petitioner---Possibility of mala fide involvement of the petitioner in the present case by the complainant due to money dispute, could not be ruled out at bail stage---Ad-interim pre-arrest bail already granted to the petitioner was confirmed, in circumstances.

Miraj Khan v. Gul Ahmed and 3 others 2000 SCMR 122 and Shahid Imran v. The State and others 2011 SCMR 1614 ref.

Naveed Inayat Malik for Petitioner.

Nisar Ahmad Virk, Deputy Prosecutor General for the State.

Rana Zia Ullah for the Complainant.

Shahbaz, A.S.I.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---The petitioner Muhammad Imran through the instant petition seeks pre-arrest bail in case FIR No. 551 dated 18.05.2018 registered at Police Station Ichra District Lahore offence under Section 406 of P.P.C.

2. Arguments heard. Record perused.

3. As per brief allegations leveled in the FIR, the complainant had friendly relationship with the petitioner. On 28.02.2018 at 04:00 p.m., the complainant handed over an amount of Rs.900,000/- as trust to the petitioner in presence of the witnesses, namely, Ahsan Mudassar and Khadim and later on, when he (complainant) demanded the abovementioned amount, the petitioner refused to return the same hence, the abovementioned FIR. It is not understandable that when there are so many banks in the city of Lahore then why the complainant handed over the amount of Rs.900,000/- to the petitioner for keeping the said amount as trust with him. Prima facie, it appears that the word 'amanat' (trust) has malafidely been mentioned by the complainant in the FIR in order to make it a cognizable offence punishable under Section 406 of P.P.C. The Hon'ble Supreme Court of Pakistan in the case of Miraj Khan v. Gul Ahmed and 3 others (2000 SCMR 122), has held that by merely mentioning the word 'amanat' (trust), in the contents of the FIR would not attract the provisions of Section 405 of P.P.C. punishable under Section 406 of P.P.C., when otherwise ingredients of the said offence are not attracted from the contents of the FIR. No specific denomination, identification marks or number of the currency notes, which were handed over by the complainant to the petitioner, have been mentioned in the FIR therefore, this petition cannot be dismissed merely on the ground of possible recovery of the amount of the complainant from the petitioner. Reliance in this respect may be placed on the case of "Shahid Imran v. The State and others" (2011 SCMR 1614). Possibility of mala fide involvement of the petitioner in this case by the complainant due to money dispute between the parties cannot be ruled out at this stage therefore, this petition is allowed and interim pre-arrest bail already granted to the petitioner is confirmed subject to his furnishing the bail bonds in the sum of Rs.100,000/- (Rupees one hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

Before Malik Shahzad Ahmad Khan and Mirza Viqas Rauf, JJ

Engineer Raja QAMAR UL ISLAM and others---Petitioners

Versus

NATIONAL ACCOUNTABILITY BUREAU through Chairman and others---Respondents

Writ Petitions Nos. 244287, 242354, 259386, 256528, 257523 of 2018, 3394 and 185 of 2019, decided on 30th January, 2019.

(a) Punjab Procurement Rules, 2014---

----R. 57(2) & (3)---Procurement---Negotiation of bids---Scope---Under R. 57(2) & (3) of Punjab Procurement Rules, 2014, a bid can be negotiated immediately after opening of bids, in case of goods of high technical nature (machinery, its parts, industrial equipment, plants etc.).

(b) National Accountability Ordinance (XVIII of 1999)---

----S. 9(a)(iv)(vi) & (b)---Punjab Procurement Rules, 2014, R. 57(2) & (3)---Constitution of Pakistan, Art. 199---Constitutional petition---Bail, grant of---Procedural irregularities---Negotiation of bids---Petitioners were accused of approving bid for installing water filtration plants allegedly in violation of Punjab Procurement Rules, 2014, by negotiating bids---Validity---No illegality was committed by petitioners in making post-bid changes and negotiations with supplier company, whereby bid price was substantially reduced from Rs.1.14 billion to Rs.989 million---Petitioners only recommended for placing of contract in favour of the supplier company on the basis of negotiated bid for approval of the same by Board of Directors of the Punjab Saaf Pani Company---Final approval was made by all fourteen directors/ex-officio directors of the Company present in the meeting---Prima facie, it was established that NAB authorities mala fidely proceeded against only two directors of the Company---No allegation of receiving any kickback, commission or illegal gratification against petitioners, their relatives or friends was on record---Only allegation against petitioners was that they misused their authority in violation of laws

and rules on the subject punishable under S. 9(a)(vi) of National Accountability Ordinance, 1999, but there was no illegality or violation of rule/law on the subject---Even if there was any procedural irregularity in exercise of authority by petitioners, even the same did not amount to misuse of authority so as to constitute an offence under S. 9(a)(vi) of National Accountability Ordinance, 1999---Truth of allegation levelled against petitioners that they violated certain rules whereby they succeeded to get the bid price of filtration plants reduced from supplier after opening of the bid and as such, they committed an offence punishable under S. 9(a)(vi) of National Accountability Ordinance, 1999, could be determined at trial after recording of evidence---Bail was allowed in circumstances.

ORDER

Through this single order, we proceed to decide the instant petition i.e. Writ Petition No.244287 of 2018 (Engr. Raja Qamar Ul Islam v. National Accountability Bureau and others) as well as Writ Petition No.242354 of 2018 (Waseem Ajmal v.

Chairman NAB and others), Writ Petition No.259386 of 2018 (Muhammad Younas v. Director General NAB and others), Writ Petition No.3394 of 2019 (Muhammad Moeen-Ud-Din v. Director General NAB and others), Writ Petition No.256528 of 2018 (Maj. (R) Adnan Aftab Khan v. Director General NAB and others), Writ Petition No.257523 of 2018 (Syed Masoud Ul Hassan Kazmi v. National Accountability Bureau and others) and Writ Petition No.185 of 2019 (Zahoor Ahmed Dogar v. National Accountability Bureau and others), as in all these petitions, common questions of law and facts are involved and all these petitions have arisen out of the same NAB Reference No.93 of 2018. In all the said petitions, the petitioners have prayed for their release on post arrest bail in the above NAB, reference.

2. The allegations against Engineer Raja Qamar Ul Islam, petitioner (accused No. 1 in the reference) have been mentioned in Para-11 of the reference and the same read as under:-

"That the accused No.1, being convener of Procurement Committee, willfully failed to exercise his authority and ensure due diligence in award of contract to Messrs KSB Pumps. He being convener/member Procurement Committee misused his authority and accepted allegedly negotiated bid price of KSB Pumps under garb of rationalization and malafidely and dishonestly recommended for approval of award of contract to KSB Pumps for installation of water filtration plants on the basis of unapproved Engineering Cost Estimates prepared at exorbitant rate. He also dishonestly recommended for approval from Board of Directors (BoD) regarding unsolicited proposal submitted by contractor KSB Pumps after opening of Bids in violation of Punjab Procurement Rules, 2014 and laid the basis of issuance of illegal addendum of 36x grid-based water filtration plants in violation of Punjab Procurement Rules, 2014 and thus has committed a culpable act under section 9 of the N.A.O., 1999."

3. The allegations against Waseem Ajmal/petitioner (accused No.2 in the reference) have been mentioned in Para-12 of the reference and the same read as under:-

"That the accused No.2, being Chief Executive Officer PSPC (South) dishonestly and malafidely made post bid changes in violation of Punjab Procurement Rules, 2014, illegally got approved and signed addendum of 36x additional water filtration plants to the original contract in order to give undue benefit to the Contractor, KSB

Pumps at the cost of Public Exchequer. He malafidely caused loss of amounting Rs.10.855 Million to the National Exchequer by illegally approving variation order No.5 submitted by Contractor, KSB Pumps for application of weather shield paint at external walls of plant rooms at exorbitantly higher rates. He willfully failed to exercise his authority in preparation of Engineering Cost Estimates, seeking approval of technical sanction from Competent Authority and initiation of re-tender for installation of 36x additional water filtration plants in Bahawalpur Region, thus he misused his position and authority."

4. The allegations against Zahoor Ahmad Dogar/petitioner (accused No.4 in the reference) have been mentioned in Para-14 of the reference and the same read as under:-

"That accused No.4 recommended award of contracts to KSB Pumps without getting approval Engineering Cost Estimates. Moreover, the accused No.4 attended 9th Meeting of Procurement Committee held on 08-05-2015, in which award of contract to KSB Pumps at an illegally negotiated bid price of Rs.989 Million was recommended to Board of Directors for approval, he therefore, has acted in a manner contrary to law.

5. The allegations against Major (Retd.) Adnan Aftab Khan, Syed Masoud Ul Hassan Kazmi, Muhammad Moeen-ud-Din and Muhammad Younas, petitioners (accused Nos.15, 16, 17 and 18 respectively in the reference) have been mentioned in Paras Nos.23 and 24 of the reference and the same read as under:-

"That the accused Nos.13 to 18 willfully failed to exercise their authority in preventing loss to the State Exchequer amounting Rs.40.385 Million on account of defective/substandard civil works executed in installation of water filtration plants in Tehsils of Bahawalpur region."

That accused Nos.2, 19 and 20 on the recommendation of accused No.15 caused loss in the National Exchequer to the tune of Rs. 10.855 Million by approving exorbitant rate or weather shield paint through variation order No.5 instead of distemper .....)"

6. All the petitioners were holding different posts in the Punjab Saaf Pani Company (PSPC) South at the relevant time. The company (PSPC) was established to provide, affordable hygienic good quality safe drinking water to the people living in semi-rural

and peri-urban areas of the province of Punjab. The petitioners were arrested by the NAB authorities on account of alleged different irregularities/illegalities committed by them in awarding of contract to KSB Pumps for installation of water filtration plants in Bahawalpur Region and due to the defective/substandard civil works in installation of water filtration plants in the above region.

7. All the petitioners have been sent to the judicial lockup and thereafter they filed the abovementioned petitions before this Court for grant of post-arrest bail.

8. Learned counsel for the petitioners contends that the petitioners are absolutely innocent and they have falsely been implicated in this case; that there is no allegation against the petitioners that any of them received any illegal gratification, kickback, commission or bribe; that no illegality has been committed in awarding the contract to KSB Pumps as the said company was the lowest bidder; that amount of bid furnished by KSB Pumps was reduced from Rs. 1.14 billion to Rs.995 million and the same was subsequently further reduced with the hectic efforts of Waseem Sajjad, petitioner who was the Chief Executive Officer of PSPC and Engr. Qamar-ul-Islam Raja (petitioner) who was convener/member Procurement Committee of PSPC at the relevant time; that all the rules and regulations on the subject were strictly followed by the petitioners and all the decisions were taken unanimously by the Board of Directors of the Company; that out of twenty members of the Board of Directors of the Company who approved contract in favour of KSB Pumps, only two Directors, namely, Engineer Qamar-Ul-Islam Raja and Waseem Ajmal (petitioners) have been made accused in this case which speaks of malafidies of the NAB; that there is no allegation that any of the petitioners received any kickback, bribery or illegal gratification; that the petitioners have been made scapegoats in this case by the NAB authorities; that the co-accused of the petitioners, namely, Nasir Qadir Bhadal, Ex-Chief Procurement Officer/Ex-Chief Financial Officer, Punjab Saaf Pani Company (South), Muhammad Waris Malik, Ex-Manager Projects and Capital Works-2 Punjab Saaf Pani Company (South), Muhammad Saleem Akhtar, Ex-Procurement and Contract Specialist, Engineering Consultancy Services of Punjab (Pvt.) Ltd., Khalid Nadeem Bukhari, Ex-Director/Deputy Secretary Housing and Urban Development and Public Health and Engineering Department and Muhammad Masud Akhtar, Ex-Managing Director KSB Pumps have already been granted post arrest bails by this

Court vide orders dated 26.09.2018 in Writ Petition No.226785 of 2018, order dated 19.07.2018 in Writ Petition No.212612 of 2018, order dated 19.07.2018 in Writ Petition No.221652 of 2018, order dated 19.07.2018 in Writ Petition No.220635 of 2018, order dated 19.07.2018 in Writ Petition No.220599 of 2018 respectively, whereas the case of the present petitioners is at par, rather the same is at better footing as compared to the case of abovementioned co-accused, therefore, the present petitioners are also entitled to the relief of post arrest bail; that at the time of decision of the abovementioned bail petitions of the co-accused, this Court has categorically observed that total plants installed in different Tehsils and Districts of Bahawalpur and Multan Divisions have been functioning properly, therefore, the question of defective/substandard installation of plants does not arise in this case; that keeping in view the abovementioned facts, these petitions may be accepted, and the petitioners may be released on post-arrest bail.

9. On the other hand, it is contended by the learned Special Prosecutor for NAB that during the course of inquiry/investigation conducted by the NAB, it was found that PSPC (South) awarded contract for installation of 84-water filtration plants at exorbitant rates in Bahawalpur and Multan Divisions; that the contract was awarded to KSB Pumps without approval of engineering cost estimates and technical sanctions; that Waseem Ajmal (petitioner) and Engr. Qamar-ul-Islam Raja (petitioner) made post bid changes in the bid amount which were violative of the Punjab Procurement Rules, 2014; that moreover the solar plants were illegally removed from the projects and area of the plants was also illegally reduced from 15-marlas to 5-marlas by the petitioners, without any approval of the Board of Directors of PSPC; that even the mode of construction of plant rooms was changed from concrete to pre-fabricated construction; that Tehsil Dunyapur was not included in the priority list of Tehsils but even in the said Tehsil water filtration plants were installed by the petitioners; that NAB has now obtained fresh reports regarding the quality of the surface water and the engineering cost or quality of water at Lahore and Bahawalpur which has established that filtration plants were installed in Bahawalpur region at a very high cost; that although, the abovementioned co-accused of the petitioners have been granted post-arrest bails by this Court but the NAB has already challenged their bail granting orders before the Hon'ble Supreme Court of Pakistan;

that the petitioners have committed very heinous offences, therefore, their petitions may be dismissed.

10. Arguments heard. Record perused.

11. We have noted that co-accused of the petitioners, namely, Nasir Qadir Bhadal, Ex-Chief Procurement Officer/Ex-Chief Financial Officer, Punjab Saaf Pani Company (South), Muhammad Waris Malik, Ex-Manager Projects and Capital Works-2 Punjab Saaf Pani Company (South), Muhammad Saleem Akhtar, Ex-Procurement and Contract Specialist, Engineering Consultancy Services of Punjab (Pvt.) Ltd., Khalid Nadeem Bukhari, Ex-Director/Deputy Secretary Housing and Urban Development and Public Health and Engineering Department and Muhammad Masud Akhtar, Ex-Managing Director KSB Pumps have already been granted post arrest bails by this Court on merits vide orders dated 26.09.2018 in Writ Petition No.226785 of 2018, order dated 19.07.2018 in Writ Petition No.212612 of 2018, order dated 19.07.2018 in Writ Petition No.221652 of 2018, order dated 19.07.2018 in Writ Petition No.220635 of 2018, order dated 19.07.2018 in Writ Petition No.220599 of 2018, respectively. The case of the present petitioners is at par with the case of abovementioned co-accused, who, have already been granted post-arrest bails by this Court, therefore, the petitioners are also entitled to the grant of post-arrest bails on the principle of consistency. Reliance in this context may be placed on the cases of "Muhammad Daud and another v. The State and another" (2008 SCMR 173), "Muhammad Fazal alias Bodi v. The State" (1979 SCMR 9) and "Fazil Khaliq alias Hafiz v. The State through Advocate-General, N.W.F.P. Peshawar and another" (1996 SCMR 364). The Ex-Managing Director of KSB Pumps, namely, Muhammad Masud Akhtar who could be the main beneficiary in this case has already been granted post-arrest bail by this Court, therefore, the petitioners cannot be denied the relief of post-arrest bail on the ground that they illegally awarded contract for installation of filtration plants to the abovementioned co-accused.

12. We have also noted that there is absolutely no allegation against the petitioners that they received any commission, kickbacks, illegal gratification while awarding contract in question to KSB Pumps. There is nothing on the record that a single penny was paid to the petitioners or transferred in their accounts or in the accounts of their relatives or friends. Similarly, there is no allegation that any moveable or immovable

property was transferred in the names of the petitioners, their relatives or their friends. The main allegation against the petitioners is that through post-bid negotiations they reduced the bid price of the contract from Rs.1.14 billion to Rs.989 millions through negotiations with KSB Pumps in order to adjust the bid price with engineering cost estimates of Rs.995 millions. There is no dispute that KSB Pumps was the lowest bidder in this case who furnished bid of Rs. 1.14 billion however, the petitioners immediately after the opening or the bid, through post-bid negotiations got reduced the bid price from Rs.1.14 billion to Rs.989 millions. The engineering cost estimate of the project was admittedly Rs.995 million. It is also an admitted fact that under the relevant rules, the petitioners/Board of Directors of PSPC were authorized to award contract at 4.5% higher amount than the amount mentioned in engineering cost estimate. Under Rule 57(2) and (3) of the Punjab Procurement Rules, 2014, it has been provided that in case of goods of high technical nature (machinery, its parts, industrial equipment, plants etc.) a bid cab be negotiated immediately after the opening of the bids. The abovementioned Rule 57 is hereby reproduced as under:-

"(1) Save as otherwise provided in these rules, a procuring agency shall not negotiate with any of the bidders.

(2) In case of goods of highly technical nature, (he procuring agency shall ensure that the bidders submit the revised financial bids immediately after opening of the financial bids in the same manner as the earlier financial bids were submitted and the procuring agency shall not allow extra time for submission of revised financial bids by the bidders.

(3) In this rule, the expression goods of highly technical nature means all goods including machinery, its parts and micro-components, industrial, scientific or electronic equipment, plant and tools which are sophisticated in nature costing more than fifty million rupees and procured by adopting the two stage-two envelope procurement procedures."

Keeping in view the abovementioned provision of law, the petitioners did not commit any illegality in negotiating the price of bid with KSB Pumps and reduction of the same immediately after the opening of the bids. It is also noteworthy that KSB Pumps further offered to Board of Directors, PSPC (South) that if the numbers of plants is increased from 84 to 102 plants, then the company will charge 20% less price of all

the plants. The said offer of the company was placed before the Board of Directors of PSPC (South) and all the Directors unanimously accepted the said offer, consequently, the price of the plants was reduced. Prima facie, all the proceedings in this case were taken in accordance with the law and rules on the subject and the contract was awarded after acceptance of the negotiated bid of KSB Pumps and even the contract was signed with prior approval of the Board of Directors of PSPC (South). There is nothing on the record to suggest that in any meeting of the Board of Directors of PSPC (South), the quorum was not complete. Recommendations for award of contract to the contractor (KSB Pumps) at negotiated price of Rs.989 million instead of Rs.1.14 billion, addition of 36-filtration plants and installation of the said plants, removal of solar plants from some of the projects, reduction of the area of plants from 15-marlas to 2-marlas and change in the mode of construction from concrete to prefabricated plant rooms etc., all these matters were done with the prior approval in writing of the Board of Directors of PSPC (South). Prima facie, there is no violation of any law or rule on the subject. The perusal of minutes of 23rd meeting of the Board of Directors of PSPC (South) held on 18th May, 2016 has established that as many as 09-directors of the Company including C.E.O./Director, namely, Waseem Ajmal Chaudhry (petitioner) participated in the said meeting along with five ex-officio Directors. The perusal of the minutes of the said meeting further reveals that quorum was complete and all the Directors of the Board unanimously approved the installation of 116-plants inclusive of additional 36-plants. It was further approved unanimously that additional 36-plants shall be installed without solar system. It was also decided unanimously in the said meeting that the plants shall be built of pre-fabricated material at approximately plot size of 2-Marlas. The copy of the minutes of 23rd meeting of the Board of Directors of PSPC (South) is available in Writ Petition No.242354 of 2018 and the said report has fully belied the allegations levelled against the petitioners by the NAB/respondents. It is also noteworthy that the proceedings in this case regarding the award of the contract to KSB Pumps, installation of additional plants, removal of solar system and reduction in the plot size etc., all these matters were approved in the meeting of the Board of Directors comprising of 09-Directors including C.E.O. of the PSPC, as well as 05-Ex-officio Directors but surprisingly only two Directors, out of the abovementioned fourteen Directors/ Ex-officio Directors, have been made accused in this case, for the reasons

best known to the NAB/respondents. The learned Special Prosecutor for NAB has tried to distinguish the case of Engr. Raja Qamar Ul Islam and Waseem Ajmal (petitioners) from the remaining Directors of PSPC, by stating that Engr. Raja Qamar Ul Islam was convener of the Procurement Committee and he, as well as, Waseem Ajmal (petitioner) being C.E.O. made post-bid changes in violation of the Punjab Procurement Rules, 2014 and recommended the same for approval by the Board of Directors and as such, their case is distinguishable from the remaining Directors of PSPC (South) Company, hence, they (remaining Directors) were not made accused in this case. There is no force in the said argument of learned Special Prosecutor for the NAB because firstly, as mentioned earlier, no illegality has been committed by the abovementioned petitioners in making post-bid changes and negotiations with KSB Pumps whereby the bid price was substantially reduced from Rs.1.14 billion to Rs.989 millions and secondly, the said petitioners only recommended for placing of the contract in favour of KSB Pumps on the bails of negotiated bid for approval of the same by the Board of Directors of PSPC but the final approval was made by all the 14-Directors/Ex-officio Directors of the Company present in 23rd meeting dated 18th May, 2016. Under the circumstances, it is prima facie established that the NAB authorities have malafidely proceeded only against two Directors of the Company, namely, Engr. Raja Qamar Ul Islam and Waseem Ajmal (petitioners). Although, it is argued by the learned Special Prosecutor for NAB that installation of plants in Tehsil Dunyapur was illegal because the said Tehsil was not included in the priority list of Tehsils but admittedly District Lodhran is included in the priority list whereas Dunyapur is Tehsil of the abovementioned District i.e. District Lodhran, therefore, in our view, apparently, no crime has been committed by the petitioners if they have installed filtration plants in Tehsil Dunyapur which was part of District Lodhran. We are unable to understand the allegation of prosecution that the price of the plants could not be further reduced so as to make compatible with the engineering cost estimates when there was no compromise with the quality of filtration plants. No laboratory report has been procured before the Court to establish that the plants installed by KSB Pumps were providing low quality/quantity of water from the installed plants. We have further noted that at the time of decision of the earlier bail petitions in the instant case, this Court has observed that as per record the total plants installed in Hasilpur, Minchap Abad, Bahawalnagar and Rahim Yar Khan are well functioning without any

interruption. It was further noted that the prosecution has not denied that the water filtration plants were installed as it was specifically required by PSPC. It was further admitted by the prosecution at the time of decision of earlier bail petitions that services are being provided till today at the sites of installed plants. Under the circumstances, there is no force in the allegations levelled against the petitioners, namely, Muhammad Masud Akhtar, Major (Retd.) Adnan Aftab Khan, Syed Masoud Ul Hassan Kazmi, Muhammad Moeen-ud-Din and Muhammad Younas that they willfully failed to exercise their authority in preventing loss to the State exchequer on account of defective/substandard civil works executed in installation of water filtration plants in Bahawalpur Region.

Although, the learned Special Prosecutor for NAB has argued that now the NAB has obtained a fresh report regarding the quality of surface water and the engineering cost quality of the water at Lahore and Bahawalpur which shows that the quality of surface water at Lahore and Bahawalpur is equal and the same establishes that the plants have been installed at exorbitant rate in Bahawalpur as compared to the plants installed at Lahore. In this respect, we have again noted that the abovementioned ground has already been addressed in the earlier bail granting orders of this Court wherein it was noted that the quality of the surface water and the engineering cost quality of the water at Lahore is different than in Bahawalpur, therefore, no benefit can now be extended to the NAB on the basis of any fresh report in this respect.

13. As mentioned earlier, there is no allegation of receiving any kickback, commission or illegal gratification against the petitioners, their relatives or friends. The only allegation against the petitioners is that they misused their authority in violation of law and rules on the subject punishable under section 9(a)(vi) of the National Accountability Ordinance, 1999 but as mentioned earlier we are unable to notice any material illegality or violation of any rule/law on the subject. If, for the sake of arguments, it is presumed that there was any procedural irregularity in the exercise of jurisdiction by the petitioners, even then the same may not amount to the misuse of authority so as to constitute an offence under section 9(a)(vi) of the National Accountability Ordinance, 1999. We may refer here the case of "The State v. Anwar Saif Ullah Khan" (PLD 2016 Supreme Court 276). The relevant part of the said judgment is reproduced hereunder:-

"It is also apparent from the same precedent cases that a mere procedural irregularity in the exercise of jurisdiction may not amount to misuse of authority so as to constitute an offence under section 9(a)(vi) of the National Accountability Ordinance, 1999 and that a charge of misuse of authority under that law may be attracted where there is a wrong and improper exercise of authority for a purpose not intended by the law, where a person in authority acts in disregard of the law with the conscious knowledge that his act is without the authority of law, where there is a conscious misuse of authority for an illegal gain or an undue benefit and where the act is done with intent to obtain or give some advantage inconsistent with the law....."

14. It is also noteworthy that there is no allegation against the petitioners that filtration plants were not installed in the light of contract awarded in this case to KSB Pumps or the same were not operational. Under the circumstances, truth of allegations levelled against the petitioners that they violated certain rules whereby they succeeded to get the bid price of filtration plants reduced from KSB Pumps after opening of the bid and as such, they committed an offence punishable under section 9(a)(vi) of the National Accountability Ordinance, 1999, can be determined at trial after recording of evidence and at present, a case for grant of post-arrest bail is made out in favour of the petitioners. Reference in this context may be made to the case of "Muhammad Saeed Mehdi v. The State and 2 others" (2002 SCMR 282) wherein at Pages-285 and 288, it was observed as under:-

Page-285 "Allegations against the petitioner are that in November/December, 1993 while holding the office of Chairman, Capital Development Authority, he sanctioned an amount of Rs.0.6 million to the Environment Directorate, CDA for landscaping near Gate No.3 of the Prime Minister's House, Islamabad in breach of procedure and without following the rules on the subject."

.....

.....

Page-288 "7. As regards the nature of accusation against the petitioners, the truth or otherwise of such allegations can only be determined at the trial by the Court after deep analysis of the evidence that may be adduced by the parties. Without going deeper into the merits of the prosecution case, it may suffice to observe that prima

facie the petitioner does not appear to be guilty of misuse of official position or misappropriation of public funds to his own use or in order to cause monetary loss of public funds or to obtain illegal gain for himself or for any of his relatives or friends. It is not the case of the prosecution that the amount sanctioned by him was not actually spent on the works for which it was approved.".

It is also noteworthy that the prosecution case is based on massive documentary evidence. The recording of the said evidence would definitely take considerable time. As mentioned earlier, there is no allegation that the petitioners took any pecuniary benefit in this case, and the allegation against the petitioners is that they misused their authority/official power and the said allegation needs to be proved at trial after recording of massive documentary evidence, therefore, their prayers for grant of post arrest bail can favourably be considered. Reliance in this respect may also be placed on the case of "Anwar Saifullah Khan v. The State and 4 others" (PLD 2000 Lahore 564) wherein the learned Full Bench of this Court with majority decision, granted post arrest bail to the petitioner of the said case inter alia on the ground that the main allegation against him was of the misuse of the political powers and as the massive documentary evidence was to be recorded in the said case to prove the above allegation, therefore, the petitioner of the said case was found entitled to the relief of post-arrest bail. The relevant part of the abovementioned judgment of this Court at Page-584 reads as under:-

"This is a case of misuse of political power. The accusations against him flow from a massive documentary evidence. The petitioner, naturally, needs an occasion to see these documents, prepare his defence and face the trial. This entitles him prima facie, the concession of post-arrest bail. Seeing from the above perspective, we are clear in our mind that he has a prima facie case calling for exercise of our jurisdiction to order his pre-trial release. This will enable him to prepare his defence.

The argument of learned Special Prosecutor for NAB that the NAB has already filed petitions against the earlier orders of this Court regarding grant of post arrest bails to the co-accused of the petitioners, is no ground to refuse bail to the petitioners when admittedly the post arrest bail granted to the abovementioned co-accused of the petitioners have not been cancelled so far by the Hon'ble Supreme Court of Pakistan. Even, the leave to file appeal has not been admittedly granted in any of the said

petitions filed by the NAB before the Hon'ble Supreme Court, despite the lapse of more than six months from date of order of the Court (dated 19.07.2018) whereby post-arrest bail was granted to co-accused, namely, Nasir Qadir Bhadal, Muhammad Waris Malik, Muhammad Saleem Akhtar, Khalid Nadeem Bukhari and Muhammad Masud Akhtar. We have also noted that post-arrest bail petitions of Waseem Ajmal (petitioner) and Engr. Raja Qamar Ul Islam (petitioner) have been pending before this Court since 15.10.2018 and 23.10.2018 respectively and despite the lapse of period of 3/3-1/2 months and the same could not be decided during the said period. These petitions cannot be kept pending for an indefinite period before this Court.

15. Keeping in view all the abovementioned facts, these petitions are allowed and the petitioners are admitted to post arrest bail subject to their furnishing of bail bonds in the sum of Rs.1,000,000/- (Rupees One million only) each with two sureties each in the like amount to the satisfaction of the learned trial Court.

MH/Q-1/L **Bail allowed.**

SHOUKAT ALI---Petitioner

Versus

The STATE and others---Respondents

Writ Petition No. 17081-Q of 2019, decided on 19th June, 2019.

(a) Penal Code (XLV of 1860)---

----Ss. 405 & 406---Constitution of Pakistan, Art. 199---Constitutional petition--- Quashing of FIR--- Criminal breach of trust---Civil litigation---Scope---Petitioner sought quashing of FIR wherein complainant had claimed that he had invested a certain sum of amount in the joint business with the petitioner and in that respect a written partnership deed was also executed between the parties---Business of the parties was, later on, closed and the petitioner returned partial amount to the complainant, however, he did not pay the profit of joint business or returned the remaining principal amount to the complainant---Validity---Present case was of civil nature regarding recovery of money or rendition of accounts but the complainant had lodged FIR by merely mentioning a single sentence therein that the petitioner had promised to keep the remaining amount of the complainant as a trust with him and the same would be returned as and when desired by complainant---Nowhere in the partnership deed was mentioned that amount invested by the complainant would remain as a trust---Provisions of S. 405, P.P.C. punishable under S. 406, P.P.C. were not attracted to the case---First Information Report was quashed.

Miraj Khan v. Gul Ahmad and 3 others 2000 SCMR 122; Muhammad Ali and another v. Assistant Commissioner, Narowal and another 1987 SMR 795; Zulfiqar Ali v. Station House Officer, Police Station Model Town, Gujranwala and 2 others 2013 PCr.LJ 487; Umair Aslam v. Station House

Officer and 7 others 2014 PCr.LJ 1305 and Zahid Jameel v. SHO and others 2008 YLR 2695 ref.

Shaukat Ali Sagar v. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others 2006 PCr.LJ 1900 rel.

(b) Penal Code (XLV of 1860)---

----S. 506---Constitution of Pakistan, Art. 199---Constitutional petition---Quashing of FIR--- Criminal intimidation--- Vague allegations---Non-mentioning of exact time---Effect---Petitioner sought quashing of FIR (first information report) wherein complainant had levelled the allegation that petitioner and his co-accused extended threats of life---Validity---No specific time of threats of life allegedly extended by the petitioner and his co-accused had been mentioned in the FIR and a vague allegation by only mentioning the date in that respect had been levelled therein---No person could be prosecuted and convicted on the basis of vague and non-specific allegations---Trial Court would not be able to frame a specific charge in that respect against the petitioner and co-accused---First Information Report was quashed.

Shaukat Ali Sagar v. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others 2006 PCr.LJ 1900 rel.

Mian Shahid Amin for Petitioner along with Petitioner in person.

Nisar Ahmad Virk, Deputy Prosecutor-General for the State.

Ajmal Mehmood for the Complainant.

Date of hearing: 19th June, 2019.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---Shaukat Ali, petitioner, seeks quashment of FIR No.1674 dated 25.09.2018 offence under section 406, P.P.C. registered at Police Station Green Town, Lahore.

2. Arguments heard. Record perused.

3. As per contents of the FIR, Muhammad Ishtiaq Khan (complainant) alleged that he started a joint business of hotel with Shaukat All (petitioner) with the name and style of Masooma Grill Station Hotel. The complainant invested an amount of Rs.500,000/- in the said business through written partnership deed dated 28.09.2017. It was agreed between the parties in the abovementioned partnership deed that after deduction of expenses, profit shall be distributed equally between the parties. However, Shaukat Ali, petitioner did not pay any amount of profit to the complainant. After five days of the execution of the partnership deed between the parties, the petitioner closed his abovementioned hotel shifted to some other place. Later on, the complainant contacted the petitioner at his house, who, paid an amount of Rs.200,000/- to the complainant and promised to pay the remaining amount within a period of one month but despite the lapse of six months, the petitioner did not pay the remaining amount to the complainant. The petitioner promised with the complainant that he (petitioner) will keep the remaining amount of the complainant as a `trust' with him and the complainant may take back the said amount from the petitioner as and when desired by him. Later on, the complainant contacted the petitioner for return of his remaining amount on 27.07.2018 but the petitioner and his co-accused extended threats of life to the complainant. Shakir, co-accused also took out pistol and threatened the complainant that if he will make any demand of money, then, he shall be murdered, hence, the abovementioned FIR.

4. It is evident from the contents of the FIR that the complainant invested an amount of Rs.500,000/- in the joint business of hotel with, the petitioner and in this respect a written partnership deed was also executed between the parties on 28.09.2017. Later on, the hotel of the parties was closed and the petitioner returned an amount of Rs.200,000/- to the complainant, however, he did not pay the profit of joint business or returned the remaining principal amount to the complainant. It is, therefore, evident that in-fact, it was a case of civil nature regarding recovery of money or rendition of accounts but the complainant has lodged the impugned FIR by

merely mentioning a single sentence therein that the petitioner promised with the complainant that he will keep the remaining amount of the complainant as a 'trust' with him and the same shall be returned to the complainant as and when desired by him. I have noted that a written partnership deed was executed between the parties on 28.09.2017, which is available on the record. There is nowhere mentioned in the said partnership deed that the amount invested by the complainant shall remain as a 'trust' with the petitioner rather perusal of the contents of the said partnership deed reveals that the abovementioned amount of Rs.500,000/- was invested by the complainant in a joint business of hotel with the petitioner. In the case of "Miraj Khan v. Gul Ahmad and 3 others" (2000 SCMR 122), the Hon'ble Supreme Court of Pakistan has held that merely mentioning the word 'trust' in the FIR would not attract the provisions of section 406, P.P.C. when otherwise, ingredients of the said offence are not made out, from the contents of the FIR. Resultantly, FIR in the said case was quashed by the apex Court. It is by now well settled that there is a difference between the 'investment' and 'entrustment' as envisaged under section 405, P.P.C. punishable under section 406, P.P.C. This Court in the case of "Shaukat Ali Sagar v. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others" (2006 PCr.LJ 1900), in a similar situation, quashed the FIR registered under sections 405, 406, 506, P.P.C. Paragraph No.2 at Page No. 1901 of the said judgment is reproduced hereunder for ready reference:-

> "I have heard the learned counsel for the parties and have gone through the record of this case with their assistance and have straightaway found that the facts alleged in the impugned FIR do not constitute the offences invoked therein. According to the FIR some amount of money was given by the complainant to the petitioner for the purposes of doing business therewith and for giving profit to the complainant therefrom. An offence of criminal breach of trust defined by section 405, P.P.C. is constituted and the same is punishable under section 406, P.P.C. if some property is given on

> trust and the same property is to be returned. In the case in hand it was not the complainant's case that the same currency notes which had been given by him to the petitioner were to be kept by the petitioner by way of a trust and the same currency notes were to be returned to the complainant. It is a settled proposition by now that if some money is given to somebody for the purpose of investment in some business and an equivalent amount of money along with profits over the same are to be returned to the person giving the money in the first instance then such a business transaction does not attract the provisions of section 405, P.P.C. read with section 406, P.P.C. because in such a case the same property is not to be returned but what is to be returned is its equivalent property along with profits. In a case of this nature the matter is not of entrustment of property but is simply one of investment of property".

Similarly, in the instant case, it is not claimed by the complainant that the currency notes which he had given to the petitioner, were to be kept by the petitioner by way of 'trust' and the same currency notes were to be returned to the complainant and as such provisions of section 405, P.P.C. punishable under section 406, P.P.C. are not attracted in this case.

5. Although, the police has not leveled offence under section 506, P.P.C. in this case but the complainant has leveled the allegation that the petitioner and his co-accused extended threats of life to him. No specific time of the threats of life allegedly extended by the petitioner and his co-accused has been mentioned in the FIR and a vague allegation by only mentioning the date in this respect has been leveled therein. A vague allegation has been leveled by the complainant against the petitioner and his co-accused in respect of the alleged threats of life extended by them. It is by now well settled that no person can be prosecuted and convicted on the basis of vague and unspecific allegations. Under the circumstances, in case of submission of challan in this regard the learned trial Court shall not be able to frame a specific charge in that respect against the petitioner and his co-accused. Reliance in this respect is again placed on the judgment reported as

"Shaukat Ali Sagar v. Station House Officer, Police Station Batala Colony, Faisalabad and 5 others" (2006 PCr.LJ 1900).

6. The petitioner has also placed on the record attested copy of suit for rendition of accounts and permanent injunction which has been filed by him against the complainant on 13.10.2018. An attested copy of suit for recovery of Rs.300,000/- filed by Muhammad Ishtiaq Khan (complainant) against Shaukat Ali (petitioner) and others has also been placed on the record. The said suit has been filed on 05.11.2018. Both the abovementioned suits are pending adjudication before the learned Civil Judge, Lahore. It is evident from the perusal of the impugned FIR that there was a joint business of Hotel of the parties and there is a business dispute between them which is purely of civil nature and as such the parties have rightly filed the abovementioned civil suits against each other for the decision of their disputes by the Civil Court. It appears that by lodging the impugned FIR, the complainant has tried to convert the civil/business dispute into criminal case in order to blackmail and pressurize the petitioner and his co-accused and to get concession(s) in the civil litigation. I am, therefore, of the view that the impugned FIR is liable to be quashed as observed in the abovementioned judgments, as well as, in the judgments reported as "Muhammad Ali and another v. Assistant Commissioner, Narowal and another" (1987 SCMR 795), "Zulfiqar Ali v. Station House Officer, Police Station Model Town Gujranwala and 2 others" (2014 PCr.LJ 487), "Umair Aslam v. Station House Officer and 7 others" (2014 PCr.LJ 1305), and "Zahid Jameel v. SHO and others." (2008 YLR 2695).

7. For what has been discussed above, this petition is allowed and impugned FIR No.1674 dated 25.09.2018, registered at Police Station Green Town, Lahore under section 406, P.P.C. is hereby quashed. The investigating officer of the said case is directed in make entry in this regard in the relevant register.

P L D 2019 Lahore 565

Before Malik Shahzad Ahmad Khan and Mirza Viqas Rauf, JJ

Mrs. IFRAH MURTAZA and another---Petitioners

Versus

GOVERNMENT OF PAKISTAN and others---Respondents

Writ Petition No.251566 of 2018, heard on 24th April, 2019.

(a) National Accountability Ordinance (XVIII of 1999)---

----S. 24---Constitution of Pakistan, Art. 199(1)(b)(i)---Writ of Habeas Corpus and quo-warranto---Scope---Locus standi---Detention in foreign country---Petitioner invoked jurisdiction of High Court under Art.199 of the Constitution on grounds that her husband was illegally detained in Dubai, United Arab Emirates by Interpol on basis of illegal orders and warrants of arrest issued against him by National Accountability Bureau authorities as well as by Accountability Court---Authorities objected to petition on plea that same was not maintainable---Validity---At time of filing of petition before High Court, Detenu was in restrained custody in Dubai, United Arab Emirates at the time of filing of petition before the High Court on account of red notices/warrants of arrest issued against him therefore, petition was filed by his wife---Petition having been filed in nature of Habeas Corpus therefore, same was validly filed by wife of detenu---Constitutional petition under Art.199 of the Constitution in matter of Habeas Corpus or petition of writ of Quo Warranto could be filed by any person and it was not necessary that such person should be an "aggrieved person"---Constitutional petition was maintainable in circumstances.

Bugum Nusrat Bhutto v. Chief of Army Staff and Federation of Pakistan PLD 1977 SC 657 rel.

(b) Constitution of Pakistan---

----Art. 199(1)(b)(i)---Constitutional petition---Writ of Habeas Corpus---Scope---Release of detenue---Effect---Merely on account of release of detenue from custody petition does not become infructuous---High Court can see as to whether order on basis of which detenue was kept in confinement was issued in accordance with law or not.

Malik Ghulam Jilani v. (1) The Government of West Pakistan through the Home Secretary, Lahore and (2) The Deputy Commissioner, Lahore PLD 1967 SC 373; Zafar Iqbal v. The Province of Sindh and 2 others PLD 1973 Kar. 316 and Ali Ahmed v. Muhammad Yakoob Almani, Deputy Supreintendent of Police, Qasimabad Hyderabad and 5 others PLD 1999 Kar. 134 rel.

(c) National Accountability Ordinance (XVIII of 1999)---

----S. 24---Constitution of Pakistan, Art. 199(1)(b)(i)---Constitutional petition---Territorial jurisdiction---Maintainability---Petitioner assailed detention of her husband in a foreign country on basis of arrest warrants issued by National Accountability Bureau (NAB) in Pakistan---Objection raised by NAB was that "aggrieved person" was not in Pakistan therefore petition was not maintainable in Pakistan---Validity---Proceedings against husband of petitioner on account of which he was eventually arrested were initiated by NAB in Pakistan---Different orders were passed against husband of petitioner by Accountability Court in Pakistan in execution whereof husband of petitioner was first declared proclaimed offender, then his perpetual warrants of arrest were issued on basis of which his red notices were issues by Interpol and he was arrested in a foreign country thus cause of action had arisen in Pakistan---Constitutional petition was maintainable in circumstances.

Human Right Case No.1356 of 2009 decided on 8th October, 2010 PLD 2011 SC 17 and Suo Motu Case for Recovery of Minor Kids of Mst. Tahira Jabeen 2010 SCMR 1804 rel.

(d) National Accountability Ordinance (XVIII of 1999)---

----S. 24---Criminal Procedure Code (V of 1898), S. 87---Constitution of Pakistan, Art. 199---Constitutional petition---Arrest in foreign country---Mala fide---Proof---Petitioner assailed detention of her husband in a foreign country on basis of arrest warrants issued by National Accountability Bureau (NAB) and perpetual warrants of arrest issued by Accountability Court---Validity---National Accountability Bureau under S.24(a) of National Accountability Ordinance, 1999 could arrest any person at any stage of inquiry or investigation---Bureau had issued notice to husband of petitioner for his appearance before NAB on 25-04-2018 along with relevant documents in order to record his statement but two days prior to such date of arrest warrants were issued on 23-04-2018 by Chairman NAB; as such it showed

that NAB was out to arrest husband of petitioner right from beginning without providing him opportunity of hearing and without producing evidence in his defence---Such acts of NAB were not bona fide---No evidence was taken by Accountability Court to satisfy itself that husband of petitioner had absconded---Without taking any evidence in such regard application under S. 87, Cr.P.C. moved by NAB was allowed by Accountability Court without passing any order on order sheet of court rather same was passed on last page of such application---Such order passed by Accountability Court was "non-speaking order" and court did not apply its own mind before passing the same---High Court in exercise of Constitutional jurisdiction set aside perpetual warrants of arrest issued by Accountability Court and also set aside red notices issued against husband of petitioner---High Court declared proceedings of extradition of husband of petitioner on basis of such order/warrants as illegal and void, consequently same were also set aside and directed to remove name of husband of petitioner from the Exit Control List---Constitutional petition was allowed accordingly.

Muhammad Younus Khan and 12 others v. Government of N.-W.F.P. through Secretry, Forest and Agriculture, Peshawar and others 1993 SCMR 618; Faisal Jameel v. The State 2007 MLD 355; The Federal Government through Secretary Interior, Government of Pakistan v. Ms. Ayyan Ali and others 2017 SCMR 1179; Rafique v. Federation of Pakistan through Secretary, Ministry of Interior Islamabad and 2 others 2018 MLD 579 ref.

Rahim Bakhsh and another v. The State PLD 2018 Bal. 8 and Nizam ud Din v. The State 1991 PCr.L.J.229 rel.

(e) National Accountability Ordinance (XVIII of 1999)---

----S. 17(c)---Criminal Procedure Code (V of 1898), Preamble---Provisions of Cr.P.C., dispensing with---Principle---Before dispensing with any provision of Criminal Procedure Code, 1898 Accountability Court has to give reasons for doing so---Dispensation of any provision of Criminal Procedure Code, 1898 does not mean that court adopt capricious, illegal and arbitrary procedure.

Noor Muhammad Khatti and others v. The State 2005 PCr.LJ 1889 and Sohail Zia Butt v. The State 2011 PCr.LJ 2 rel.

(f) Exit from Pakistan (Control) Ordinance (XLVI of 1981)---

----S. 2---Constitution of Pakistan, Art. 15---Placing name on Exit Control List---Principle---Inquiry, pendency of---Right of movement---Petitioner assailed placing name of her husband on Exit Control List---Validity---Right of movement of person was his Fundamental Right and same was guaranteed to him by the Constitution---Such right was infringed by Government without any valid reason and purportedly on grounds that inquiry was pending before NAB---Memorandum issued by Government for putting the name of husband of petitioner on Exit Control List was not sustainable in eyes of law.

Sohail Latif and 2 others v. Federation of Pakistan through Seretary, Ministry of Interior, Government of Pakistan, Islamabad and 2 others PLD 2008 Lah. 341 and Javed Khan v. Pakistan through Secretary Interior and 6 others 2017 YLR 2109 rel.

(g) Exit from Pakistan (Control) Ordinance (XLVI of 1981)---

----S. 2---Exit Control List---Condemned unheard---Effect---Where order of putting name of a person on Exit Control List is passed without providing opportunity of hearing to him and without application of its own independent mind by Government and such order is a non-speaking order---High Court directed to remove the name of said person from Exit Control List.

Tanveer Hussain Manji and 3 others v. Federation of Pakistan through Secretary Intrior and 3 others 2016 CLC 1534 rel.

Asad Manzoor Butt and Hafiz Nauman for Petitioners.

Mian Tariq Shafique Bhandara, Deputy Attorney General for Pakistan for Respondents.

Syed Faisal Raza Bukhari, Special Prosecutor for NAB.

Date of hearing: 24th April, 2019.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This petition has been filed on the ground that hasband of Mrs. Ifra Murtaza petitioner No.1, namely, Murtaza Amjad/petitioner No.2 has illegally been detained in Dubai (U.A.E) by the Interpol on the basis of red notices/warrants of arrest issued against him on account of alleged illegal proceedings conducted against Murtaza Amjad by the N.A.B, Lahore, as well as, in pursuance of wrong decisions passed by the Accountability Court, Lahore.

2. As no power of attorney of Murtaza Amjad petitioner No.2 is available on the record and as this constitutional petition in the nature of habeas corpus has been filed by Mrs. Irfah Murtaza petitioner No.I regarding stated illegal detention of her husband, namely, Murtaza Amjad (petitioner No.2) therefore, Mrs. lrfah Murtaza petitioner No.1 shall, hereinafter, be called as 'the petitioner' and Murtaza Amjad petitioner No.2 shall hereinafter be called as 'the detenu'.,

3. This constitutional petition under Article 199 of the constitution of Islamic Republic of Pakistan was filed when the detenu Murtaza Amjad was detained by the Interpol/C.I.D (Investigation), Dubai U.A.E and thereafter he was under restricted custody. It is claim of the petitioner that Murtaza Amjad detenu is absolutely innocent and he has falsely been implicated in the N.A.B inquiry which was subsequently upgraded to N.A.B Investigation i.e., Investigation No.1(9)HQ/1835-NAB-L. It is further averred in this petition that right from the beginning the proceedings of the N.A.B against Murtaza Amjad detenu were based on mala fides because the date for appearance of Murtaza Amjad before the N.A.B in the call up notice dated 18.04.2018, issued by the N.A.B under Section 19 of the National Accountability Ordinance, 1999, was fixed for 25.04.2018 but two days earlier to the abovementioned date, the N.A.B issued warrant of arrest of the detenu on 23.04.2018 which speaks of mala fides of the N.A.B/respondent. Similarly, subsequent proceedings initiated against the detenu for issuance of proclamation and declaring the detenu a proclaimed offender, as well as, regarding the attachment of his property have also been carried out in violation of the law on the subject and as such, the same are not sustainable in the eye of law. It is further averred in this petition that the order regarding the placement of the name of Murtaza Amjad detenu in the Exit Control List (E.C.L) is also an illegal order, which has been passed by respondent No.1 in a mechanical manner therefore, order dated 12.09.2018 of the learned Accountability Court, Lahore, whereby Murtaza Amjad detenu has been declared a proclaimed offender, order dated 27.09.2018 of the learned Accountability Court, Lahore whereby perpetual warrant of arrest of the detenu were issued, order dated 14.11.2018 of the Accountability Court whereby application filed by the petitioner for recalling of the abovementioned orders dated 12.09.2018 and 27.09.2018 was dismissed and order/warrant of arrest dated 23.04.2018 issued by the Chairman N.A.B for the

arrest of Murtaza Amjad detenu and memorandums issued by respondent No.1 dated 14.06.2018 and 20.11.2018 whereby the name of Murtaza Amjad detenu was placed on the E.C.L and proceedings initiated by the N.A.B through respondents Nos. 1, 4 and 5, Interpol Crime Police and Ministry of Interior for the execution of red notices and warrants of arrest dated 23.04.2018 and 12.09.2018, due to which, Murtaza Amjad detenu has been illegally detained in U.A.E and proceedings of extradition of the detenu, as well as, the abovementioned order dated 14.11.2018 passed by the learned Accountability Court, Lahore may be declared to be illegal and void as the same have been passed without lawful authority, jurisdiction and of no legal consequences and resultantly, the same may be set aside.

4. On the other hand, as per case of the N.A.B, parents of Murtaza Amjad detenu were owners of various projects of Eden Housing and Developers Ltd. Murtaza Amjad detenu later on also became a Director of Eden Housing and Developers Ltd. On 11.01.2018, N.A.B initiated an inquiry against the owners/management of Eden Housing and Developers Ltd because statedly different complaints were received from the general public against the abovementioned Housing Schemes. Chairman N.A.B delegated powers to the D.G, N.A.B, Lahore to authorize inquiry. The N.A.B Lahore, statedly issued different Call Up Notices against Murtaza Amjad detenu under Section 19 of the N.A.B Ordinance, 1999 and on account of his non-appearance, his warrants of arrest were also issued. As warrants of arrest of Murtaza Amjad detenu could not be executed at his local address, because he was residing in Canada therefore, proceedings under Section 87 of Cr.P.C were initiated against him. Proclamation as envisaged under Section 87 of Cr.P.C was issued against him by the Accountability Court, Lahore and as he did not appear before the said Court, therefore, he was declared a proclaimed offender. Proceedings for attachment of his moveable and immoveable properties were initiated. His name was put on the E.C.L. by respondent No.1 and his red notices/warrants of arrest were also issued in order to arrest him through the Interpol. Consequently, Murtaza Amjad detenu was arrested in Dubai, U.A.E through Interpol/C.I.D, Dubai and he was kept under restrained custody in Dubai (U.A.E) due to the red notices/warrants of arrest issued against him, whereupon, wife of the detenu, namely, Mrs. Ifrah Murtaza (petitioner) has filed the instant

constitutional petition before this Court which is not maintainable and the same is liable to be dismissed being meritless.

5. It is contended by learned counsel for the petitioner that Murtaza Amjad detenu is absolutely innocent and he has malafidely been implicated in this case by the N.A.B; that proceedings initiated by the N.A.B/respondent against Murtaza Amjad detenu are based upon ulterior motives; that mala fides of the N.A.B are apparent from the fact that vide Call Up Notice under Section 19 of N.A.O, 1999 dated 18.04.2018, Murtaza Amjad detenu was asked to appear before the N.A.B, Lahore on 25.04.2018 in order to produce document/evidence (in his defence) but before the said date i.e. 25.04.2018, the Chairman, N.A.B issued warrant of arrest of Murtaza Amjad detenu on 23.04.2018 meaning thereby that the N.A.B was out to arrest the detenu even before giving him an opportunity of hearing and to produce evidence in his defence; that mala fides against the detenu are also apparent from the fact that the respondent/N.A.B filed an application under Section 87 of Cr.P.C for issuance of proclamation against Murtaza Amjad detenu and the learned Accountability Court No. V, Lahore without recording any evidence as envisaged under the abovementioned provision of law (Section 87 of Cr.P.C), straightaway allowed the said application vide order dated 26.06.2018; that the learned Accountability Court did not bother to pass order dated 26.06.2018 on any order sheet of the Court rather the said order was written on the last page of the application submitted by the N.A.B; that order dated 26.06.2018 of the learned Accountability Court No. V, Lahore is a non-speaking order and the same is not sustainable in the eye of law; that order for issuance of proclamation under Section 87 of Cr.P.C was passed against Murtaza Amjad detenu on 26.06.2018 but, the proclamation was issued on 13.07.2018 wherein the date of appearance of the detenu before the Accountability Court No. V, Lahore was fixed for 26.07.2018 and as such, period of thirty days has not been provided to the detenu as envisaged under Section 87 of Cr.P.C; that although the Accountability Court can dispense with any provision of the Code of Criminal Procedure, 1898, as provided under Section 17(c) of the N.A.O, 1999 but for this purpose, the Accountability Court was bound to record its reasons for doing so but no reason whatsoever has been mentioned in the impugned orders for dispensation of provisions of the Code ibid; that the petitioner filed an application

before the Accountability Court No.V, Lahore for recalling of order dated 12.09.2018 whereby the detenu was declared a proclaimed offender and order dated 27.09.2018 whereby perpetual warrants of arrest of the detenu were issued, while pointing out the abovementioned illegalities in the earlier orders of the Accountability Court but the said application of the petitioner has illegally been dismissed vide the impugned order dated 14.11.2018 of the learned Accountability Court, Lahore; that name of Murtaza Amjad detenu has been put on the E.C.L by the Ministry of Interior, Government of Pakistan, Islamabad (respondent No.1) without application of its own independent mind and merely on the recommendation of N.A.B, Lahore and the detenu was not given any opportunity of hearing before putting his name on the E.C.L and as such, the orders of putting the name of Murtaza Amjad detenu on the E.C.L are also not sustainable in the eye of law; that the impugned orders have been passed in clear violation of the law/rules on the subject and the same are tainted with mala fides therefore, the same may be declared as illegal and void and consequently, the said orders may be set-aside.

6. On the other hand, this petition has been opposed by the learned Deputy Attorney General for Pakistan, as well as, by the learned Special Prosecutor for N.A.B on the grounds that the instant petition is not maintainable because Mrs. Ifrah Murtaza (petitioner) cannot file the instant petition regarding the orders issued against her husband, namely, Murtaza Amjad because the detenu is not in Pakistan and the petitioner Mrs. Ifrah Murtaza is not an aggrieved person in this case; that initially Murtaza Amjad was arrested by the Interpol at Dubai, U.A.E, on account of red notices/warrants of arrest issued against him, in pursuance of the impugned orders but later on, Murtaza Amjad detenu has been released by the Interpol/authorities at Dubai therefore, on account of release of Murtaza Amjad detenu, this petition has become infructuous. Insofar as, the merits of the case are concerned, it is comended that Murtaza Amjad detenu has rightly been implicated in this case by the N.A.B as there was ample evidence against him which connects him with the alleged offence; that repeatedly Call Up Notices were issued against Murtaza Amjad detenu by the N.A.B, Lahore but he did not appear before the N.A.B authorities, whereupon, his warrants of arrest were also issued by the Chairman, N.A.B and thereafter, proceedings under Section 87 of Cr.P,C were

initiated against him; that after completion of all codal formalities, Murtaza Amjad (detenu) was declared a proclaimed offender in this case by the Accountability Court No.V, Lahore and proceedings for attachment of his moveable/ immoveable properties were initiated; that as Murtaza Amjad detenu is an accused in the abovementioned case of N.A.B. therefore, the N.A.B. recommended for putting his name on E.C.L and the Ministry of Interior, Government of Pakistan, Islamabad (respondent No.1) has rightly put his name on the E.C.L and in this respect, the detenu has alternate remedy of filing a review petition under Section 3 of the Exit from Pakistan (Control) Ordinance, 1981 before respondent No.1; that there is no substance in this petition therefore, the same may be dismissed.

7. Arguments heard. Record perused.

8. First of all we take up the preliminary objection raised by learned Deputy Attorney General for Pakistan, as well as, by the learned Special Prosecutor for N.A.B regarding the maintainability of the instant constitutional petition on the ground that as Murtaza Amjad detenu was not in Pakistan at the time of his arrest in Dubai U.A.E, as well as, at the time of filing of this constitutional petition therefore, this petition is not maintainable and on the ground that as the impugned orders have been passed against Murtaza Amjad detenu therefore, the impugned orders can only be challenged by him and not by his wife (Mrs. Irfah Murtaza petitioner). The next objection regarding the maintainability of this petition is that as Murtaza Amjad detenu has subsequently, been released by the Interpol and authorities at Dubai (U.A.E) therefore, on account of his release from custody, this petition has become infructuous.

We have noted that this petition has been filed by Mrs. Irfah Murtaza petitioner on the ground that her husband, namely, Murtaza Amjad (detenu) has illegally been detained at Dubai, U.A.E by the Interpol on the basis of illegal orders and warrants of arrest issued against him by the N.A.B authorities, as well as, by the Accountability Court No. V, Lahore. At the time of filing of this petition, Murtaza Amjad detenu was admittedly in restrained custody in Dubai on account of red notices/warrants of arrest issued against him (as this fact has been admitted by the respondents in their report and parawise comments) therefore, this petition has been filed by his wife, namely, Mrs. Ifrah Murtaza (petitioner). As the instant

petition has been filed in the nature of habeas corpus therefore, we are of the view that this petition has validly been filed by the wife of Murtaza Amjad detenu. It is by now well settled that a constitutional petition under Article 199 of the Constitution of the Islamic Republic of Pakistan, 1973, in a matter of habeas corpus, or petitions of writ of quo-warranto can be filed by any person and it is not necessary that the said person should be an aggrieved person. The Hon'ble Supreme Court of Pakistan in the case of 'Begum Nusrat Bhutto v. Chief of Army Staff and Federation of Pakistan' (PLD 1977 Supreme Court 657) at page No. 675 was pleased to observe as under:-

> "Clause (1)(c) of Article 199 does indeed contemplate that an application for the enforcement of Fundamental Rights has to be made by an aggrieved person. Now, it is true that in the case before us the petitioner is not alleging any contravention of her own Fundamental Rights, but she has moved the present petition in two capacities, as wife of one of the detenus and as Acting Chairman of the Pakistan People's Party, to which all the detenus belong. In the circumstances, it is difficult to agree with Mr. Brohi that Begum Nusrat Bhutto is not an aggrieved person within the meaning of Article 199. In more or less similar circumstances in Manzoor Elahi v. State (1) this Court entertained, a petition under Article 184(3) of the Constitution although it was not moved by the detenu himself but by his brother. I consider, therefore, that both the preliminary objections raised as to the maintainability of the petition have no merit."

It is also true that subsquent to the filing of this constitutional petition, Murtaza Amjad detenu has been released from the custody by the Interpol/concerned authorities at Dubain, U.A.E, statedly on the ground that no convincing evidence/material was produced against him and this fact has been brought on the record by the learned counsel for the petitioner by placing on the record through C.M. No.01 of 2019, letter dated 26.12.2018, issued by the Technical Office of the Attorney General, Government of U.A.E. which is in Arabic language and English translation is attached therewith. This fact has also been frankly conceded by the learned Deputy Attorney General for Pakistan, as well as, by ihe learned Special Prosecutor for N.A.B that Murtaza Amjad detenu has subsequently been released from the custody by the concerned authorities in U.A.E. Now the

question for determination before this Court is that as to whether this petition has become infructuous, merely, on account of release of the detenu from the custody and as to whether this Court cannot see the legality of the impugned orders on account of which the detenu was arrested and kept in confinement for several weeks. In this respect, in our humble view, this petition has not become infructuous merely on account of the release of the detenu from the custody and we can see that as to whether the impugned orders on the basis of which the detenue was kept in confinement were issued in accordance with the law or not. In this respect, the reliance is placed on the case of 'Malik Ghulam Jilani v. (1) The Government of West Pakistan, through the Home Secretary, Lahore and (2) The Deputy Commissioner, Lahore' (PLD 1967 Supreme Court 373). In the said case, question regarding the illegality or otherwise of detention orders of three persons, namely, Malik Ghulam Jillani, Sardar Shaukat Hayat Khan and Nawabzada Nasrullah Khan came under discussion before the Hon'ble Supreme Court of Pakistan. The objection raised before the Hon'ble Supreme Court of Pakistan was that as the detenus had been released from the custody therefore, their appeals had become infructuous, The Hon'ble Supreme Court of Pakistan held that though the detenus were already released from the custody but even then the Court can determine the legality of the orders whereby they were kept in confinement. Relevant part of the said judgment at page 400 reads as under:-

> "It remains to mention that during the course of the hearing of these appeals all the three detenus were released by the Provincial Government. In the ordinary course, such release would have had the effect of causing the appeals to abate, but in these cases, learned counsel urged that since in each case the detention had exceeded a period of nine months, the detenus had thereby incurred disqualification in respect of their right to stand for elections to representative offices, by the effect of section 53 of the Electoral College Act and section 106 of the National and Provincial Assemblies (Elections) Act. Each of them was a politician of standing and was gravely prejudiced by this result in respect of his future political career and each of them was therefore, interested to establish that his detention was illegal. The court was therefore asked to record a decision as to the legality of the detention order of the 16th February, 1966.

..... I would hold that the detention of Nawahzada Nasrullah Khan under the Deputy Commissioner's order of the 16th February 1966, was illegal, but as to Sardar Shaukat Hayat Khan and Malik Ghulam Jilani, I would hold that the detentions were made in accordance with the law and under lawful authority. The two appeals relating to Nawabzada Nasrullah Khan should accordingly be allowed and since his detention was bad ab initio, he should have his costs in the appeal filed by himself. The appeals relating to Sardar Shaukat Hayat Khan and Malik Ghulam Jilani should be dismissed with no order as to costs."

Moreover, we daily appoint Bailiffs in different petitions of habeas corpus, for the recovery of the alleged detenus from the custody of the police and though in the case of illegal detention of any person by the police, Bailiff takes the custody of the said person and releases him with the direction to appear before the Court on the next date but even then the Courts determine the question of legality of detention of a person by the police and if it is established that the detention of any person was illegal then orders of imposition of fines, departmental actions and even registration of FIRs are passed by the Courts against the delinquent police officials, inspite of the fact that the detenu had already been released from the custody. Reference in this context may also be made to the cases of `Zafar Iqbal v. The Province of Sindh and 2 others' (PLD 1973 Karachi 316) and A1i Ahmed v. Muhammad Yakoob Almani, Deputy Suprintendent of Police, Qasimabad, Hyderabad and 5 others' (PLD 1999 Karachi 134).

9. Now coming to the last objection regarding the maintainability of this petition that as Murtaza Amjad detenu was not in Pakistan at the time of filing of this petition therefore, this petition is not maintainable. In this respect, we have noted that the proceedings against the detenu, on account of which he was eventually arrested, were initiated by the D.G, NAB, Lahore. Different orders were passed against the detenu by the learned Accountability Court No. V, Lahore in execution whereof, the detenu was first delared a proclaimed offender then his perpetual warrants of arrest were issued on the basis of which his red notices were issued by the Interpol and he was arrested in Dubai, U.A.E. It is therefore, evident that the cause of action has arisen in this case at Lahore, Pakistan, therefore, the instant petition is maintainable before this Court. We have noted that in different cases,

the Hon'ble Supreme Court of Pakistan entertained petitions in the matter of habeas corpus, though the detenus of the said cases were out of the country. In the case of 'Human Right Case No. 1356 of 2009 decided on 8th October, 2010 PLD 2011 SC 17, the Hon'ble Supreme Court of Pakistan has categorically held that while exercising the jurisdiction under Article 199 the Constitution of Islamic Republic of Pakistan, 1973, the question of illegal/improper detention of a person in a foreign country can validly be decided by the High Courts in Pakistan. Relevant part of the said judgment at page No.107 reads as under:-

> "5. This Court do experience variety of the cases where violation of fundamental rights of the citizens are noticed and the efforts are made to grant them relief but the more painful cases in this behalf belong to the category where police authorities show their inability to extradite the minors from outside the country; may be for some strong reasons in exceptional cases but ordinarily the lower Courts enjoying equal jurisdiction for enforcing the orders i.e., to make direction for bringing back the minors from outside the country either under section 491, P.P.C. or under Article 199 of the Constitution, if the matter is brought before learned Sessions Judges or the High Courts respectively, despite exercising jurisdiction the result are not achieved for not any other reason except that the law enforcing agencies abstain from involving itself fully with the commitment in effecting recovery of the minors.",

Similarly in the case of 'Suo Motu Case for Recovery of Minor Kids of Mst.Tahira Jabeen' (2010 SCMR 1804), the question of illegal/improper detention of a minor was decided, though the said minor was in a foreign country at the relevant time and eventually he was brought back to Pakistan and handed over to his mother. It is therefore, clear that if the cause of action has arisen in Pakistan then inspite of the presence of the detenu in a foreign country, this Court can validly entertain and decide a constitutional petition filed in the matter of habeas corpus, in order to determine the legality or otherwise of his detention. Moreover, it is not understandable that when the N.A.B, Lahore can get arrested Murtaza Amjad detenu in a foreign county on the basis of orders issued from Lahore, Pakistan then why this constitutional petition in the nature of habeas corpus cannot be filed at Lahore, Pakistan. If the abovementioned objection of the learned

Law Officers is accepted to be correct then the N.A.B may get any person arrested in a foreign country through Interpol, on the basis of orders issued by the N.A.B/Courts in Pakistan and the said person may languish in the jail of foreign country for indefinite time or for several years or he may even die there, but this Court would be unable to see the legality of orders of his detention, issued by the N.A.B/Courts in Pakistan, merely on the ground that the detenu is not ih Pakistan. We are therefore, of the view that there is no substance in the abovementioned objections of the learned Law Officers and the instant petition is maintainable before this Court.

10. Now coming to the merits of this case, we have noted that first Call Up Notice under Section 19 of the N.A.O, 1999 was issued against Murtaza Amjad detenu on 04.04.2018.The last Call Up Notice under Section 19 of the Ordinance ibid was issued against Murtaza Amjad detenu on 18.04.2018. In the said second Call Up Notice, the date of appearance of the detenu before the N.A.B, Lahore was fixed for 25.04.2018 but two days prior to the abovementioned date i.e. on 23.04.2018, the Chairman N.A.B issued warrants of arrest against Murtaza Amjad detenu. It is not understandable that when the N.A.B. itself issued Call Up Notice to the detenu to explain his position and provide information/evidence to the N.A.B in his defence and date for the said purpose was fixed for 25.04.2018, then as to why two days prior to the said date, the Chairman N.A.B issued warrants of arrest of the detenu on 23.04.2018. It is true that under Section 24(a) of the N.A.O, 1999, the N.A.B can arrest any person at any stage of the inquiry or investigation but in the instant case, as mentioned earlier, the D.G, Investigation N.A.B, Lahore, issued notice dated 18.04.2018 to the detenu for his appearance before the N.A.B, Lahore on 25.04.2018 along with relevant document in order to record his statement (in his defence) but two days prior to the abovementioned date, the Chairman N.A.B, issued warrant of arrest of the detenu on 23.04.2018. This shows that the N.A.B was out to arrest the detenu right from the beginning without providing him opportunity of hearing and to produce evidence in his defence. The abovementioned acts of the N.A.B/respondent speak volumes against the bona fides of the N.A.B because on the one hand, the detenu was called through Call Up Notice to appear before the N.A.B along with document/evidence (in his

defence) on 25.04.2018 and on the other hand, despite the said date fixed by the N.A.B itself, warrant of arrest of the detenu was issued on 23.04.2018.

11. We have further noted that application for issuance of proclamation as envisaged under Section 87 of Cr.P.C was moved by the N.A.B before the Accountability Court No. V, Lahore and the said application was allowed on 26.06.2018 without recording of any evidence, as required under Section 87 of Cr.P.C. The said provision of the Code of Criminal Procedure, 1898 reads as under:-

> "Section 87. Proclamation for persons absconding. (1) If any Court is satisfied after taking evidence that any person against whom a warrant has been issued by it has absconded or is concealing himself so that such warrant cannot be executed, such Court may publish a written proclamation requiring him to appear at a specified place and at a specified time not less than thirty days from the date of publishing such proclamation.
>
> (2) …….
>
> (3) ……..

As mentioned earlier, no evidence was taken by the learned Accountability Court, Lahore to satisfy itself that Murtaza Amjad detenu has absconded and without taking any evidence in this respect, appliciation under Section 87 of Cr.P.C, moved by the N.A.B, was allowed vide Order dated 26.06.2018. It is also noteworthy that the order dated 26.06.2018 regarding the acceptance of abovementioned application of the N.A.B was not passed by the Accountability Court, Lahore on any order sheet of the Court rather the same was passed on the last page of the said application. The said order reads as under:-

"Allowed on the grounds mentioned in the application."

Perusal of the abovementioned order shows that same is a non-speaking order. It also shows that the learned Accountability Court did not apply its own mind before passing the said order. No independent reasoning for accepting the abovementioned application has been mentioned by the learned Accountability Court. It is further noteworthy from the perusal of the words 'any person against whom a warrant has been issued by it' mentioned in Section 87 of Cr.P.C that before issuance of proclamation, the Court shall "itself" issue warrant against an absconding person, but in this case, proclamation under Section 87 of Cr.P.C has

straightaway been issued by the Accountability Court No.V, Lahore without issuance of any warrant of arrest against the detenu by the Court itself and the same has purportedly been issued on the basis of warrants issued by the Chairman, N.A.B. Perusal of Section 87 of Cr.P.C further reveals that at least thirty days time shall be given in the proclamation for appearance of a person "from the date of publishing of such proclamation" but proclamation issued by the Accountability Court No.V, Lahore reveals that though order for issuance of proclamation against the detenu was passed on 26.06.2018 but the proclamation was issued on 13.07.2018 as the said date of issue i.e. 13.07.2018 is written on the top of the proclamation itself. In the proclamation dated 13.07.2018, the detenu was asked to appear before the Accountability Court on 26.07.2018 and as such the period of thirty days "from the date of publication of proclamation" as envisaged under Section 87 of Cr.P.C was not provided to the detenu which is another patent illegality committed in this case. Resultantly, impugned order dated 26.06.2018 and proceeding under Section 87 of Cr.P.C of the learned Accountability Court No. V, Lahore are not sustainable in the eye of law. Reference in this context may be made to the cases of 'Rahim Bakhsh and another v. The State' (PLD 2018 Balochistan 8) and Nizam-ud-Din v. The State' (1991 PCr.LJ 2229).

It is true that under Section 17(c) of the N.A.O, 1999, the Accountability Court may dispense with the provisions of Code of Criminal Procedure, 1898 but before dispensing with the said provisions, the Accountability Court was obliged to give reasons for doing so but no such reason whatsoever, has been mentioned in the impugned orders by the learned Accountability Court. Section 17 (c) of the N.A.O, 1999 reads as under:-

"17. Provisions of the Code to apply:

(a) ……..

(b) ……..

(c) Notwithstanding anything contained in subsection (a) or subsection (b) or in any law for the time being in force, the [**] Court may, for reasons to be recorded dispense with any provision of the Code and follow such procedure as it may deem fit in the circumstances of the case.

(d) ……

(Bold and underling is supplied for emphasis)

It is therefore, clear that if the Accountability Court is of the view that any provision of the Code of Criminal Procedure, 1898, be dispensed with then before dispensing with the said provision of the Code ibid, the Accountability Court was obliged to record the reasons for doing so but as mentioned earlier, no such reason has been given in the impugned orders of the Accountability Court. It, is by now well settled that dispensation of any provision of the Code of Criminal Procedure, 1898 would not mean that capricious, illegal and arbitrary procedure may be adopted by the Court. In this respect, we may refer here the cases of 'Noor Muhammad Khatti and others v. The State' (2005 PCr.LJ 1889) and 'Sohail Zia Butt v. The State' (2011 PCr.LJ 2), wherein proceedings of the Accountability Courts under Section 87 of Cr.P.C were declared illegal and the same were set-aside on account of violation of the procedure provided under the said provision of law, as well as, due to the violation of Section 17(c) of N.A.O, 1999. In the case of 'Noor Muhammad Khatti and others v. The State' supra, at paras Nos.9 and 10, learned Sindh High Court at Karachi was pleased to observe as under:-

> "9. …….Nevertheless section 17(c) of the Ordinance authorizes the Accountability Court to dispense with the procedure mentioned in the Cr.P.C. including its procedure; of Chapter XXII-A, It further authorises the Court to adopt any procedure as deems fit in the circumstances of the case on the condition that for dispensing with the said procedure the Accountability Court is required to record reasons for doing so. The section 17(c) reads as under:--
>
> "(c) Notwithstanding anything contained in subsection (a) or subsection (b) or in any law for the time being in force, the Accountability Court may, for reasons to be recorded, dispense with any provision of the Code and allow such procedure as it may deem fit in the circumstances of the case."
>
> 10. Dispensation of provisions of Cr.P.C and following any procedure does not mean that the arbitrary and capricious or the procedure against the natural justice should be adopted. The Judge should keep in mind that the procedural law is not merely formalities because it affects the liberty of citizen. The Honourable Federal Court in the case of Abdul Sattar

Molla v. Crown PLD 1953 FC 145, has held that the procedural requirements of Criminal Law are not mere formalities. Underlying the rules of procedure is an all pervading care to ensure, the liberty of the subject and due dipensation of justice." '

(Bold and underlining supplied for emphasis)

We have further noted that the learned Accountability Court No.V, Lahore while issuing proclamation against Murtaza Amjad detenu has mentioned in the said proclamation that a reference has been made before the Accountability Court against the detenu, whereas, the learned Special Prosecutor for N.A.B has frankly conceded that no reference has so far been filed in this case against any person. The mentioning of the fact that a reference has been filed against the detenu before the Accountability Court shows the level of application. of mind by the Accountability Court while passing the impugned orders. It appears that the learned Accountability Court mechanically passed the impugned orders and completed the proceedings under Section 87 of Cr.P.C. against the detenu merely on the wishes of N.A.B and without application of its own independent mind.

12. We have further noted that in pursuance of the abovementioned illegal order dated 26.06.2018, of the learned Accountability Court, Lahore Murtaza Amjad detenu was declared a proclaimed offender vide order dated 12.09.2018 and thereafter, his perpetual warrants of arrest were issued by the Accountability Court vide order dated 27.09.2018. As Murtaza Amjad detenu was in confinement/restricted custody therefore, his wife Mrs. Ifrah Murtaza petitioner filed an application for recalling of the abovementioned orders of the learned Accountability Court dated 12.09.2018 and 27.09.2018 but the said application has been dismissed by the learned Accountability Court vide the impugned order dated 14.11.2018 without looking into the legality of proceedings carried out against Murtaza Amjad detenu. We have further noted that no order regarding issuance of perpetual warrants of arrest of the detenu was passed by the Accountability Court on 12.09.2018 but the record shows that the perpetual warrant of arrest of the detenu was issued on 12.09.2018, without any order of the Court in this respect. The said illegality has been tried to be rectified later on, when on 27.09.2018, the Accountability Court No. V, Lahore passed an order for issuance of perpetual warrants of arrest of the detenu, whereas, his perpetual

warrants were already issued on 12.09.2018. It is also noteworthy that as the basic order dated 26.06.2018 of the Accountability Court No.V Lahore, whereby application for issuance of proclamation under Section 87 of Cr.P.C against Murtaza Amjad detenu was accepted, is illegal because the said order was passed without taking any evidence and as the subsequent proceedings of the even date (26.06.2018), under Section 87 Cr.P.C of the Accountability Court, Lahore are also illegal on account of the reasons mentioned in para No.9 of this judgment therefore, all the superstructure built on the said order/proceedings, is liable to crumble. Reliance in this respect may be placed on the cases of 'Muhammad Younus Khan and 12 others v. Government of N.-W.F.P through Secretary, Forest and Agriculture, Peshawar and others' (1993 SCMR 618) and 'Faisal Jameel v. The State' (2007 MLD 355). Under the circumstances, the abovementioned orders dated 12.09.2018, 27.09.2018 and 14.11.2018 of the Administrative Judge/Judge Accountability Court No. V, Lahore and perpetual warrant of arrest of the detenu dated 12.09.2018 are not sustainable in the eye of law.

13. As mentioned earlier, the Chairman NAB issued warrants of arrest of Murtaza Amjad detenu dated 23.04.2018 and thereafter NAB vide letter No.3-1(1)(283)L-II/NAB/Dy.Dir (RN), dated 14.05.2018, asked Section Officer (FIA), Ministry of Interior, Islamabad for issuance of red notices against Murtaza Amjad detenu and others. In the said letter the NAB mentioned in paragraph No.2 that proclamation order and perpetual warrants of arrest of Murtaza Amjad could not be submitted instantly, however, the same would be furnished at later stage but keeping in view the urgency of the matter, red notices be issued against the detenu. It is, therefore, evident that request for issuance of red notices against the detenu was made by the NAB without obtaining an order of proclamation of the detenu and without obtaining his perpetual warrants of arrest from the concerned Court. The red notices were eventually issued by the Interpol on 20.09.2018 (as mentioned in the report and para-wise comments of the NAB-respondent). We have already declared that the proceedings of declaring Murtaza Amjad as proclaimed offender and issuance of his perpetual warrants of arrest are illegal and void due to the reasons mentioned in the preceding paragraphs Nos.11 and 12, of this judgment, therefore, the red notices dated 20.09.2018, which were issued on the basis of above-referred orders/proceedings are also not sustained in the eye of law.

14. Insofar as, the issue regarding putting the name of Murtaza Amjad detenu on the Exit Control List (E.C.L) is concerned, we have further noted that the Ministry of Interior, Government of Pakistan, Islamabad (respondent No.1) put the name of Murtaza Amjad detenu on the E.C.L vide impugned memorandum No. 12/146/2018-ECL dated 20.11.2018 merely on the recommendation of the N.A.B. We have also noted that initially the name of Murtaza Amjad detenu was put on the E.C.L. vide Memorandum No.12/146/2018-ECL, dated 14.06.2018. In the said memorandum, it was mentioned by respondent No.1 that the name of the detenu has been placed on the E.C.L in compliance of the Supreme Court's order dated 03.06.2018. Against the abovementioned order of respondent No.1, the petitioner was of the view that no order regarding the placement of the name of the detenu was passed by the Hon'ble Supreme Court of Pakistan therefore, she approached the Hon'ble Supreme Court of Pakistan through C.M.A 8502/2018 in C.R.P.NIL/2018 in H.R.C. 18657-P/2018 for review/clarification of the order dated 03.06.2018 passed in HRC No. 18657-P/2018. The Hon'ble Supreme Court of Pakistan vide order dated 04.10.2018 clarified and observed that it was clear from order dated 03.06.2018 that initiation of proceedings for the issuance of red warrants of the persons mentioned therein was an independent action by the N.A.B and the Supreme Court did not direct the same vide the abovementioned order. It was further clarified/observed that the Supreme Court was informed that N.A.B had requested the Interior Ministry to place the names of the owners/directors of the company on the E.C.L and if the names of the said persons mentioned in the order dated 03.06.2018 were placed on the E.C.L. pursuant to the order of the Supreme Court then it shall be deemed that no such order was passed independent of the request of N.A.B however, if the names were put on the E.C.L, on the independent instructions of the N.A.B, then the same shall continue to be effective. It was further made clear by the Hon'ble Supreme Court of Pakistan vide the abovementioned order dated 04.10.2018 that the said Court (honourable Supreme Court) does not in any manner interfere in the proceedings/investigations and the modes and the manners in which the such investigations are conducted by the N.A.B. As the Hon'ble Supreme Court of Pakistan vide the abovementioned order dated 04.10.2018 clarified the situation, as well as, clarified its earlier order dated 03.06.2018 by observing that initiation

of proceedings for issuance of red warrants against the detenu and putting the name of the detenu on E.C.L were independent actions by the N.A.B and the said actions were taken by the concerned authorities on the recommendations of the N.A.B and the Supreme Court did not pass any direction for issuance of red warrants etc against the detenu and others because the Supreme Court does not in any manner interfere in the proceedings/investigations and modes and manners in which such investigations are conducted by the N.A.B therefore, after the abovementioned clarification/observation by the Hon'ble Supreme Court of Pakistan vide order dited 04.10.2018, the Ministry of Interior (respdndent No.1) issued a fresh memorandum i.e. memorandum No.12/146/2018-ECL dated 20.11.2018, wherein it was mentioned that name of the detenue has been placed on the E.C.L on the recommendation of N.A.B. It is therefore, evident that respondent No.1 was itself not sure that on which ground the name of the detenu was to be put on the E.C.L because in first memorandum dated 14.06.2018. it was mentioned that name of the detenu has been put on the E.C.L in compliance of the Supreme Court's order dated 03.06.2018 but when the Hon'ble Supreme Court of Pakistan vide order dated 04.10.2018 clarified the situation in above-referred terms, then respondent No.1 issued a fresh memorandum dated 20.11.2018 wherein it was stated that name of the detenu has been put on the E.C.L on the recommendation of N.A.B. It is therefore, evident that respondent No.1 has itself superseded/set-aside its first memorandum dated 14.06.2018 through its second memorandum dated 20.11.2018. It is further noteworthy that the abovementioned respondent did not bother to apply its own independent mind and memorandums dated 14.06.2018 and 20.11.2018 were mechanically issued against the detenu. No notice was issued by respondent No.1 to Murtaza Amjad detenu in order to provide him an opportunity of hearing before passing the abovementioned impugned memorandums. Respondent No. 1 arbitrarily passed memorandums dated 14.06.2018 and 20.11.2018, whereby the name of Murtaza Amjad detenu was put on the E.C.L. The right of movement of a person, is his fundamental right which is guaranteed to him by the Constitution of the Islamic Republic of Pakistan, 1973 but the said right has been infringed by respondent No.1 without any valid reason and purportedly on the ground that an inquiry is pending against him (Murtaza Amjad detenu) before the N.A.B. Under the circumstances, the

impugned memorandums issued by respondent No.1 for putting the name of Murtaza Amjad detenu on the E.C.L are not sustainable in the eye of law. Reliance in this respect may be placed on the cases of 'Sohail Latif and 2 others v. Federation of Pakistan through Secretary, Ministry of Interior, Government of Pakistan, Islambad and 2 others ' (PLD 2008 Lahore 341) and Javed Khan v. Pakistan through Secretary Interior and 6 others (2017 YLR 2109). In the case of Sohail Latif and 2 others v. Federation of Pakistan through Secretary, Ministry of Interior, Government of Pakistan, Islamabad and 2 others supra, a learned Division Bench of this Court at paras Nos. 13 and 14 has made the following observations:-

" 13. The question whether the right to travel abroad is part of the fundamental right of liberty, has engaged the attention of the apex Court, of the country as well as this Court. In Government of Pakistan and another v. Dada Amir Haider Khan (PLD 1987 SC 504), at page 509, it was held as under:-

"Moreover a citizen's right to travel abroad is an important aspect of the citizen's liberty, and is closely related to the rights of free speech and association. As nations in the world become politically and commercially more dependent upon one and another and foreign policy decisions have come to have greater impact upon the lives of the citizen, the right to travel has become correspondingly more important. Though travel, by private citizens as well as by journalists and Government officials, information necessary to the making of informed decision can be obtained. And, under our constitutional system ultimate responsibility for the making of informed decisions rests in the hands of the peoples."

14. Learned counsel for respondents have raised two objections. Firstly, that the discretion lies with the Federal Government to put the name of any citizen on the Exit Control List without disclosing any ground and secondly, the remedy of review under section 3 of the Ordinance by making a representation is available to the aggrieved persons. Both the questions have been answered by a celebrated judgment of his lordship Faqir Muhammad Khokhar, now the honourable Judge of the Supreme Court of Pakistan, in the case of Wajid Shamsul Hassan v. Federation of Pakistan through Secretary

Ministry of Interior, Islamabad (PLD 1997 Lahore 617), it was held as under:-

"In view of the above discussion, 1 have no doubt in my mind that the right of a citizen travel abroad is a fundamental right guaranteed by Articles 2-A, 4, 9, 15 and 25 of the Constitution of Islamic Republic of Pakistan, 1973. Abridgement of this fundamental right by the State through the legislative or an executive measure has to be tested on the touchstone of the constitutional provisions. The life, liberty or property of a citizen cannot be taken away or adversely affected except in accordance with law. However, the "law", I mean, a valid law which does not come in conflict with any of the provisions of the Constitution and should not be a law which is ex facie discriminatory. Section 2 of the Exit from Pakistan (Control) Ordinance, 1981, does not provide any guideline or reasonable classification for taking the action against a person prohibiting him from travelling abroad. Even the valuable rights of citizens of being heard and of knowing the reasons for such an action have been denied. The provisions of law are therefore, ex facie discriminatory as also capable of being administered in a discriminatory manner. If no reasons are assigned to an aggrieved person the remedy of review under section 3 of the Ordinance by making a representation becomes redundant. A citizen would not be in a position to make any effective representation in the absence of any reason or a speaking order. Prima facie, it may be difficult to sustain the validity of the Ordinance on the touchstone of Articles 2A, 4, 9 and 25 of the Constitution of Islamic Republic of Pakistan, 1973."

Likewise, the Hon'ble Supreme Court of Pakistan in the case of The Federal Government through Secretary Interior, Government of Pakistan v. Ms. Ayyan Ali and others (2017 SCMR 1179) has held that merely this fact that a case stands registered against a person is no ground to put his name on the E.C.L. Similar view was taken in the case of Rafique v. Federation of Pakistan through Secretary, Ministry of Interior, Islamabad and 2 others (2018 MLD 579). Although it is argued by learned Deputy Attorney General for Pakistan that the detenu has the remedy of filing a review petition under Section 3 of the Exit from Pakistan (Control) Ordinance, 1981 before respondent No.1, against the abovementioned

impugned memorandums therefore, this petition is not maintainable but it is by now well settled that where the order of putting the name of a person on the E.C.L is passed, without providing opportunity of hearing to him and without application of its own independent mind by the Ministry of Interior and the said order is a non-speaking order then the power of review under Section 3 of the Ordinance ibid is not available in such case. Reference in this context may be made to the case of 'Tanveer Hussain Manji and 3 others v. Federation of Pakistan through Secretary Interior and 3 others (2016 CLC 1534), wherein at paras Nos. 9 and 10, this Court was pleased to lay emphasis as under:-

"9. (i) …….

(ii) ……..

(iii) ……..

(iv) In the case of Wajid Shamas-ul-Hassan v. Federation of Pakistan PLD 1997 Lahore 617 at 630, it was held inter alia by the learned Lahore High Court that right to travel is one of the most valued and cherished fundamental human right in all civilized societies, perhaps next only in importance to the right to life and personal liberty; the right of a citizen to travel abroad is a fundamental right guaranteed by Articles 2-A, 4, 9, 15 and 25 of the Constitution; abridgement of this fundamental right by the State through the legislative or an executive measure has been tested on the touchstone of the Constitutional provisions; section 2 of the Exit from Pakistan (Control) Ordinance, 1981, does not provide any guidelines or reasonable classification for taking the action against a person prohibiting him from travelling abroad.

(v) In Mian Ayaz Anwar v. Federation of Pakistan, PLD 2010 Lahore 230, it was held inter alia by the learned Lahore High Court that right to travel outside country is a fundamental right and an intrinsic part of the right to liberty which is granted under Article 19 of the Constitution; it was clear from the comments that the Ministry of Interior never applied its mind before placing the name of the petitioner in the cited case on the ECL as the impugned order was a result of the dictation from an agency/authority; and, the discretion excercises under dictation without reasons, was not lawful.

(vi) ……

10. As far as alternative remedy of review under section 3 of the Ordinance is concened, Section 3 envisages filing of representation for review of an order passed under Section 2(1) of the Ordinance. The order under section 2(1) of the Ordinance means a speaking order by giving reasons, however, the perusal of impugned memorandums shows that none of the aforesaid conditions and requirements are fulfilled, therefore, it does not amount to an order for the purpose of review under Ordinance. Even otherwise, the impugned order being passed without giving any prior notice or hearing to the petitioners and the same being also against the fundamental rights of the petitioner as enshrined under Articles 4 and 9 of the Constitution of Islamic Republic of Pakistan, 1973, remedy of review under the Ordinance is illusory and meaningless."

15. In the light of above discussion, this petition is allowed and the impugned orders/proceedings of the Accountability Court No. V, Lahore dated 26.06.2018, whereby application of the N.A.B for initiation of proceeding under Section 87 Cr.P.C against Murtaza Amjad detenu was accepted and proclamation against the detenu was ordered to be published, as well as order dated 12.09.2018 passed by the Accountability Court No.V, Lahore whereby Murtaza Amjad detenu has been declared a proclaimed offender and consequently proceedings for attachment of his moveable and immoveable properties were initiated, order dated 27.09.2018 of the Accountability Court, No.V, Lahore whereby perpetual warrant of arrest of Murtaza Amjad (detenu) has been issued, similarly perpetual warrants of arrest dated 12.09.2018 issued by the Accountability Court, Lahore against Murtaza Amjad detenue, order dated 14.11.2018 of the Accountability Court, Lahore whereby application for recalling of abovementioned orders dated 12.09.2018 and 27.09.2018 was dismissed, Memorandum No. 12/146/2018-ECL dated 14.06.2018 and Memorandum No.12/146/2018-ECL dated 20.11.2018 whereby the name of Murtaza Amjad detenu was put on the Exit Control List (E.C.L) by respondent No.1, proceedings initiated by the N.A.B through respondents Nos. 1, 4 and 6 (D.G. FIA, Head of Central Bureau, Director of Interpol Criminal Police Organization and Ministry of Interior) for execution of red notices/warrants of sarrest of Murtaza Amjad detenu dated 23.04.2018 issued by the Chairman N.A.B, and perpetual warrant of arrest dated 12.09.2018 issued by the Accountability

Court No. V, Lahore against Murtaza Amjad detenu, as well as, red notices dated 20.09.2018 issued against Murtaza Amjad detenue on the basis of abovementioned orders/warrants and the consequent proceedings of Extradition of Murtaza Amjad detenue on the basis of aforementioned impugned orders/warrants, are hereby declared as illegal and void and consequently, the same are hereby set-aside. The name of Murtaza Amjad detenu is directed to be removed from the Exit Control List.

MH/I-12/L **Petition allowed.**

2019 Y L R 415

[Lahore]

Before Malik Shahzad Ahmad Khan, J

NADEEM ASLAM---Petitioner

Versus

The STATE and another---Respondents

Criminal Miscellaneous No.237490-B of 2018, decided on 10th October, 2018.

(a) Criminal Procedure Code (V of 1898)---

----Ss. 403 & 497---Penal Code (XLV of 1860), Ss. 420, 468 & 471---Constitution of Pakistan, Art. 13---Bail, grant of---Double jeopardy, principle of---Applicability---Two FIRs---Accused was arrested by police for committing forgery and using forged "No Objection Certificate" for acquiring a driving license---Accused was earlier convicted and sentenced under Ss. 420, 468 & 471 P.P.C. for preparation of a fake driving license--- Effect--- First Information Report in question was registered for preparation of fake "No Objection Certificate" for same driving license---Second FIR amounted to double jeopardy and was barred under Art. 13 of Constitution read with S. 403, Cr.P.C.---Entire prosecution case was based on documentary evidence and same was already in possession of prosecution---No chance of tampering with evidence existed and no useful purpose would be served by keeping accused behind bars---Offences mentioned in FIR did not fall within ambit of prohibitory clause of S. 497, Cr.P.C. and grant of bail in such like cases was a rule while refusal was an exception---Bail was allowed in circumstances.

Saeed Ahmad v. The State 1996 SCMR 1132; Muhammad Abid Farooq v. The State and another 2015 PCr.LJ 224; Amin v. The State 1998 PCr.LJ 1677; Shamon Jatoi v. The State 1996 PCr.LJ 783; Tariq Bashir and 5 others v. The State PLD 1995 SC 34; Mitho Pitafi v. The State 2009 SCMR 299; Qamar alias Mitho v. (b) Criminal Procedure Code (V of 1898)---

----S. 497(2)---Bail---Case of further inquiry---Previous conviction---Effect---No legal restriction existed on grant of bail to an accused due to his previous conviction for offence punishable with death or imprisonment for life if his case is covered under S. 497(2), Cr.P.C.

Rana Zahid Iqbal for Petitioner.

Nisar Ahmad Virk, Deputy Prosecutor General and Muhammad Yaqoob ASI for the State.

Muhammad Alamgir Khan for the Complainant.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---Through the instant petition, the petitioner Nadeem Aslam seeks post arrest bail in case FIR No.63/2018 dated 28.01.2018, offences under sections 420/ 468/471, P.P.C. registered at Police Station City Arifwala, District Pakpattan.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, the petitioner was an accused in an earlier case FIR No.104/2016, under section 322, P.P.C., registered at Police Station Rang Shah, Arifwala. During the proceedings of bail petition, filed by the petitioner in the abovementioned earlier case, the petitioner produced a driving licence and a no-objection certificate (N.O.C), which were later on found to be fake, therefore, the offences under sections 420/468/47l, P.P.C., were added in the above-mentioned case FIR No.104/2016, for production of a fake deriving licence in the said case, whereas, the instant separate FIR No.63/2018, has also been lodged against the petitioner for production of a fake No-Objection Certificate (N.O.C), along with his driving licence in the abovementioned case FIR No.104/2016.

4. I have noted that on the basis of production of a fake driving licence, the petitioner has already been convicted and sentenced for charges under sections 420/ 468/471, P.P.C., in case FIR No.104/2016, though he was acquitted in the said case from the charge under section 322, P.P.C. vide judgment dated

23.02.2018, passed by the learned Magistrate Section-30, Arifwala. As the petitioner has already been convicted and sentenced under sections 420/468/471, P.P.C. for preparation of a fake driving licence, therefore, prima facie, the instant FIR, which has been lodged against the petitioner, on the basis of preparation of a fake No-Objection Certificate (NOC) for the same driving licence, amounts to double jeopardy, which is barred under Article 13 of the Constitution of the Islamic Republic of Pakistan, 1973, read with section 403 of the Code of Criminal Procedure, 1898.

5. Even otherwise, the entire prosecution case is based on documentary evidence, which is already in possession of the prosecution and as such there is no chance of tampering with the same, therefore, in such circumstances no useful purpose shall be served by keeping the petitioner behind the bars, thus he deserves to be released on post arrest bail. Reference in this respect may be made to the case of Saeed Ahmad v. The State (1996 SCMR 1132).

6. Moreover, the offences mentioned in the FIR do not fall within the ambit of prohibitory clause of section 497, Cr.P.C. and grant of bail in such like cases is a rule while refusal is an exception. The learned Deputy Prosecutor General assisted by learned counsel for the complainant has argued that as mentioned earlier the petitioner is a previous convict for offences under sections 420/468/471, P.P.C., in the above-referred case FIR No.104/2016, therefore, he is not entitled to the relief of bail though the offences mentioned in the instant FIR do not fall within the ambit of prohibitory clause of section 497, Cr.P.C.

Now the crucial question for determination before this Court is that as to whether the previous conviction of an accused creates an absolute bar against the grant of bail to the said accused? In this respect 4th proviso of section 497(1), Cr.P.C. is the relevant provision of law, which is reproduced hereunder for ready reference:--

> "Provided, further that the provisions of the foregoing proviso shall not apply to a previously convicted offender for an offence punishable with

death or imprisonment for life or to a person, who, in the opinion of the Court, is a hardened, desperate or dangerous criminal or is accused of an act of terrorism punishable with death or imprisonment for life "

(underlining and bold supplied for emphasis).

It is evident from perusal of the abovementioned provision of law that the previous conviction of an accused does not create an absolute bar against the relief of bail. The said provision of law has made it clear that in cases falling under third proviso of Section 497(1) Cr.P.C. (i.e., on the ground of delay in the conclusion of trial), the relief of bail shall not be granted to an accused "who is a previously convicted offender for an offence punishable with death or imprisonment for life". The words "previously convicted offender" have been used in the above mentioned provision of law, only in respect of a special category of offenders who have previously been convicted for "offences punishable with death or imprisonment for life" which means that even in the cases falling within the ambit of 3rd proviso of section 497(1), Cr.P.C., the previous conviction of an offender under other offences is not relevant. The petitioner is a previously convicted offender for offences under sections 420/ 468/471, P.P.C., which offences are punishable for imprisonment upto seven (07) years and the same are not punishable with death or imprisonment for life, therefore, previous conviction of the petitioner cannot create any legal bar against the acceptance of his bail petition and release of the petitioner on bail. Reference in this respect may be made to the cases of "Muhammad Abid Farooq v. The State and another" (2015 PCr.LJ 224), "Amin v. The State" (1998 PCr.LJ 1677) and "Shamon Jatoi v. The State" (1996 PCr.LJ 783). In the case of "Amin" supra, at page No.1679, it was observed as under:--

"The trial Court while declining the bail to the applicant has not considered the fourth proviso to section 497, Cr.P.C. in its correct perspective because simplicitor conviction of an accused in any offence would not deprive him of the bail being granted on the ground of delay in conclusion of the trial. In order to bring the case of a person within the four corners of the fourth proviso it is essential that he should be a

previously convicted offender for an offence punishable with death or imprisonment for life. Obviously the applicant was convicted for an offence under section 324, P.P.C., maximum punishment for which is 10 years. Hence, such conviction of the appellant will not come in his way for being released on bail under third proviso".

Similar view was taken in the cases of the "Muhammad Abid Farooq" and "Shamon Jatoi" ibid.

7. Learned Deputy Prosecutor General assisted by learned counsel for the complainant has next argued that the words "hardened, desperate or dangerous criminals" have also been used in the above-mentioned provision of law and as the petitioner is a previously convicted offender, therefore, he can be termed as a hardened, desperate and dangerous criminal, thus, he is not entitled to the relief of post arrest bail. There is no substance in the abovementioned argument because if the intention of the legislature was that a hardened, desperate or dangerous criminal means a person, who is a previously convicted offender, then there was no need to mention separately about the previously convicted offenders and the category of cases, (punishable with death or imprisonment for life) in which he has previously been convicted.

It is also clear from the perusal of section 497, Cr.P.C. that the previous conviction of an offender even for an offence punishable with death or imprisonment for life, would create a bar against the grant of bail to the said offender, if his bail petition is filed under 3rd proviso of the said provision i.e., on the ground of expiry of statutory period mentioned therein and delay in the conclusion of his trial, whereas there is no such restriction on the grant of bail to a previously convicted offender, if his case is covered under the remaining provisions of section 497, Cr.P.C. For example if the case of an accused is one of further inquiry covered under section 497(2), Cr.P.C., then his previous conviction even for offence punishable with death or imprisonment for life would not create any bar against the grant of bail to the said accused. We may take here the example of a case of murder which has been lodged against the accused "A"

and as per contents of the FIR of the said case, only the accused "A" was present at the spot, at the time of occurrence. Single fire arm injury on the body of the deceased is attributed to the said accused. It is not mentioned in the FIR that any other accused was also present at the crime scene, at the time of occurrence. The complainant party of the said case, after three months of the registration of FIR, malafidely implicates another accused "B" in the case with the allegation that he was also present at the spot along with accused "A", at the time of occurrence. No active role during the occurrence has been attributed to the accused "B" and as per improved prosecution version, he was merely present empty handed, at the spot, at the time of occurrence. In the abovementioned situation, it is the fittest case for grant of bail to the accused "B", on the ground of further inquiry as envisaged under section 497(2), Cr.P.C., but the argument is advanced that the accused "B" is a previously convicted offender for offence under section 302(b), P.P.C. and he was awarded life imprisonment in an earlier case, therefore, he is not entitled to the relief of bail. The question arises that as to whether the accused "B" can be refused the relief of bail merely on the ground that he was a previously convicted offender for an offence punishable with imprisonment for life, though his case is one of further inquiry, covered under section 497(2), Cr.P.C. The answer is in the negative because there is no legal restriction on the grant of bail to an accused due to his previous conviction for offence punishable with death or imprisonment for life, if his case is covered under section 497(2), Cr.P.C. Similarly, if an accused for offence under section 489-F, P.P.C., is behind the bars for a period of more than two (02) years and he did not play any role in the delay in the conclusion of his trial. He files a petition for post arrest bail under third proviso of section 497(1), Cr.P.C., on the ground of delay in the conclusion of his trial. His bail petition cannot be dismissed on the ground that he is a previously convicted offender for offence under section 489-F, P.P.C., in an earlier case because he has not been previously convicted for an offence punishable with death or imprisonment for life. In the light of above discussion, I am of the considered view that previous conviction of an accused does not create an absolute bar against the acceptance of his bail petition and the same is only relevant if he is a

previously convicted offender for an offence punishable with death or imprisonment for life and he has filed his bail petition only on the ground of expiry statutory period, mentioned in 3rd proviso of section 497(1), Cr.P.C. However, previous conviction of an accused is not relevant in the bail petitions falling under the other provisions of section 497, Cr.P.C. or if he has filed his bail petition under 3rd proviso of section 497(1), Cr.P.C. and he is not a previously convicted offender for an offence, punishable with death or imprisonment for life. It has lastly been argued by the learned Deputy Prosecutor General assisted by learned counsel for the complainant that in the case of "Tariq Bashir and 5 others v. The State" (PLD 1995 Supreme Court 34), the Hon'ble Supreme Court of Pakistan has observed that a previous convict is not entitled to the relief of bail. It is noteworthy that while delivering the abovementioned judgment in the case of "Tariq Bashir" supra, the Hon'ble Supreme Court of Pakistan has given the following exceptions for refusal of bail to an accused, whose case does not fall within the ambit of prohibitory clause of section 497, Cr.P.C.:--

(a) where there is likelihood of abscondence of the accused;

(b) where there is apprehension of the accused tampering with the prosecution evidence;

(c) where there is danger of the offence being repeated if the accused is released on bail; and

(d) where the accused is a previous convict.

It is most respectfully observed that the above-mentioned judgment of the Hon'ble Supreme Court of Pakistan was delivered on 31.08.1994, whereas the 4th proviso of section 497(1), Cr.P.C., has been enforced on 20.04.2011, through Act VIII of 2011. The said proviso was not available on the statute books, when the judgment in the case of Tariq Bashir ibid, was passed by the Hon'ble Supreme Curt of Pakistan. On 31.08.1994, 3rd and 4th provisos of section 497(1), Cr.P.C. stood omitted through Ordinance LIII of 1994 dated 25.07.1994, therefore, at the time of judgment passed by the Hon'ble Supreme Court of Pakistan in the case of Tariq

Bashir ibid, 3rd and 4th provisos of section 497(1), Cr.P.C., were not available on the statute books. Prior to their omission vide Ordinance LIII of 1994, dated 25.07.1994, 3rd and 4th provisos of section 497(1), C.P.C., were added through Ordinance XXXII of 1983 dated 26.12.1983. 4th proviso of section 497(1), Cr.P.C., added through Ordinance XXXII of 1983, which remained on the statute books till 25.07.1994, is reproduced hereunder:--

> "Provided further that the provisions of the third proviso to this subsection shall not apply to a previously convicted offender or to a person who, in the opinion of the Court, is a hardened, desperate or dangerous criminal."

It is, therefore, evident that at the time of pronouncement of the judgment in the case of Tariq Bashir ibid, 3rd and 4th provisos of section 497(1), Cr.P.C., stood omitted vide Ordinance LIII of 1994, dated 25.07.1994, whereas prior to that the words "for an offence punishable with death or imprisonment for life" were not used in the relevant law, in respect of a previously convicted offender. Earlier under the 4th proviso of section 497(1), Cr.P.C., it was provided that provisions of 3rd proviso of section 497(1), Cr.P.C., shall not apply to a previously convicted offender, without specifying the category of offences, in which the previous conviction was passed against the accused. However, later on through Act XIX of 1994 dated 14.11.1994, 3rd and 4th provisos were again added in section 497(1), Cr.P.C. 4th proviso of section 497(1), Cr.P.C., which was added in a new form through Act XIX of 1994, reads as under:--

> "Provided further that the provisions of the third proviso to this subsection shall not apply to a previously convicted offender for an offence punishable with death or imprisonment for life or to a person who, in the opinion of the Court, is a hardened, desperate or dangerous criminal or involved in terrorism"

8. As it was clarified through the above-mentioned amendment/addition dated 14.11.1994 vide Act XIX of 1994, in section 497(1), Cr.P.C., that previous

conviction of an offender only for offence punishable with death or imprisonment for life shall create bar against the grant of bail to the said accused, on the ground of expiry of statutory period, mentioned in 3rd proviso of section 497(1), Cr.P.C., therefore, in the cases of Amin and Shamon Jatoi supra, which were decided after the abovementioned addition/amendment of 4th proviso of section 497(1), Cr.P.C., it was held that to bring the case of an accused within the four corners of 4th proviso of section 497(1), Cr.P.C, the accused should be a previously convicted offender for offence punishable with death or imprisonment for life and as the accused of the said cases were not previously convicted offenders for offences punishable with death or imprisonment for life, therefore, they were granted post arrest bails in the said cases, despite of their previous convictions for other offences. It may not be out of place to mention here that 3rd and 4th provisos of section 497(1), Cr.P.C., were again omitted vide Ordinance LIV of 2001 dated 10.10.2001, however, as mentioned earlier 3rd and 4th provisos of section 497(1), Cr.P.C., were added again in its present form (as mentioned in paragraph No.6, of this order) vide Act VIII of 2011 dated 20.04.2011.

9. Now the basic law has itself clarified that in what category of cases of previous conviction, the bail of an accused can be declined. Moreover, the Hon'ble Supreme Court of Pakistan in the subsequent judgments reported as "Mitho Pitafi v. The State" (2009 SCMR 299) and "Qamar alias Mitho v. The State and others" (PLD 2012 Supreme Court 222), has already indirectly over ruled the findings given in the case of Tariq Bashir supra that "post arrest bail cannot be granted to an accused, if there is likelihood of his abscondence" and observed that if an accused is entitled to the relief of bail on merits, then the said relief cannot be denied to him merely on the ground of his abscondance. Similarly the other observations given in the case of Tariq Bashir ibid that "the relief of bail cannot be extended to an accused, if there is danger that he will repeat the offence" have also been indirectly over-ruled by the Hon'ble Supreme Court of Pakistan through the subsequent judgments reported as "Jamal-ud-Din alias Zubair Khan v. The State" (2012 SCMR 573) and "Muhammad Rafique v. The State" (1997 SCMR

412), wherein it was held that mere involvement of an accused in some other cases by itself is no ground to refuse bail to him, if he is entitled to the said relief on merits. In the light of above discussion, there is no substance in the argument of learned Deputy Prosecutor General assisted by learned counsel for the complainant that merely on the ground of previous conviction of the present petitioner in the above-mentioned case FIR No.104/2016, he is not entitled to the relief of bail. Moreover, I have already observed that prima facie registration of the instant FIR against the petitioner amounts to double jeopardy.

10. As the offences mentioned in the FIR, do not fall within the ambit of prohibitory clause of section 497, Cr.P.C., therefore, keeping in view the law laid down in the cases of Zafar Iqbal v. Muhammad Anwar and others (2009 SCMR 1488) and "Muhammad Tanveer v. The State and another" (PLD 2017 Supreme Court 733), ordaining that where a case falls within non-prohibitory clause, the concession of granting bail must favorably be considered and should only be declined in exceptional cases and as there is no exceptional ground in this case to refuse bail to the petitioner, therefore, the instant petition is allowed. The petitioner is admitted to post-arrest bail subject to his furnishing bail bonds in the sum of Rs.1,00,000/- (Rupees one hundred Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

MH/N-20/L **Bail allowed.**

Crl. Misc. No. 2159-B of 2016, decided on 10.10.2016.

Punjab Pure Food Ordinance, 1960--

----S. 23--Constitution of special Courts--U/S. 23-L(8) of Ordinance, 1960, if a Special Court is not established in an area, then a Magistrate exercising powers U/S. 30, of Cr.P.C. shall be deemed to be a special Court under Ordinance--The Additional Sessions Judge had jurisdiction to entertain bail before arrest--Case remanded back to Addl. Session Judge for decision afresh on application of pre-arrest bail. [Para 3] A

Mr. Jamshad Iqbal Khakwani, Advocate with Petitioner.

Mr. Khalid Pervaiz Opal, Dy. PG on Court's Call.

Date of hearing: 10.10.2016.

ORDER

The petitioner Muhammad Ahmad @ Shoaib through instant petition seeks pre-arrest bail in case FIR No. 481 dated 15.9.2016 registered at Police Station Sadar Khanpur District Rahim Yar Khan offences under Sections 269/270 of PPC read with Section 23 (C)(D)(E) of Punjab Pure Food Ordinance, 1960.

2. Learned counsel for the petitioner submits that the learned Addl. Sessions Judge, Khanpur has illegally dismissed the application for pre-arrest bail of the petitioner *vide* order dated 6.10.2016 on account of lack of jurisdiction.

3. Learned Deputy Prosecutor General, present in the Court, has informed that no special Court to deal with the cases under Pure Food Ordinance, 1960 has been constituted in the District Rahim Yar Khan. Adds that under Section 23-L(8) of the

Punjab Pure Food Ordinance, 1960, if a special Court is not established in any area then a Magistrate exercising power under Section 30 of the Criminal Procedure Code, 1898, shall be deemed to be a special Court under the Ordinance *ibid* and, as such, the learned Addl. Sessions Judge, Khanpur had the jurisdiction to entertain the bail before arrest of the petitioner.

4. In the light of above, the order dated 6.10.2016 passed by the learned Addl. Sessions Judge, Khanpur is declared to be illegal and void. The case is remanded back to the learned Addl. Sessions Judge, Khanpur for decision afresh on the application of the petitioner for grant of pre-arrest bail on merits after providing opportunity of hearing to the all concerned. In the meanwhile, the petitioner is granted protective pre-arrest bail till 18.10.2016 in order to enable him to approach the Court of learned Addl. Sessions Judge, Khanpur for grant of pre-arrest bail. It is however, clarified that this order shall stand automatically lapsed on the expiry of aforementioned date.

5. This petition stands disposed of.

Crl. Misc. 1 of 2016.

6. Dispensation sought for is allowed subject to all just and legal exceptions. C.M. stands disposed of.

Mian Tariq Shafique Bhandara, Deputy Attorney General for Pakistan.

Date of hearing: 23.1.2019.

ORDER

The petitioner Qaiser Amin Butt/Director of M/s. Paragon City (Pvt.) Ltd. who is in the custody, through the instant petition filed in terms of Article 199 of the Constitution of the Islamic Republic of Pakistan, 1973, prays for his release on post arrest bail in Inquiry No. 1(9)HQ/1832/NAB-L dated 10.1.2018 facing the allegation that he alongwith other co-accused persons Launched Paragon City (Pvt.) Limited Housing Scheme, Lahore in the year 2005 on the basis of fake and forged documents which scheme in the year 2013, was merged into Lahore Development Authority but record of the same was not transferred to LDA. He is also facing the allegation that he with the connivance of his co-accused, cheated and defrauded the public at large and grabbed a sum of Rs. 250 million on the pretext of allotment of plots in Paragon Housing Scheme, Lahore by issuing bogus allotment letters. During the physical remand, it transpired that the petitioner being Director of M/s. Paragon City (Pvt.) Ltd. aided, connived, assisted and abetted Nadeem Zia, co-accused and others in commission of offences of cheating the public at large and misappropriation of funds collected from the general public.

2. Learned counsel for the petitioner submits that the petitioner has made full disclosure of the facts through his statement recorded under Section 164, Cr.P.C., in consequence whereof full pardon has been granted to him by the Chairman, NAB in terms of Section 26(a)(i) of the National Accountability Ordinance, 1999, and he (petitioner) is also committed to remain bound to appear as prosecution witness before the learned Accountability Court, Lahore where the reference would be filed. He further submits that since the reference has yet not been filed, therefore, further incarceration of the petitioner will not serve any useful purpose, particularly when the petitioner is not required for further investigation/inquiry into the matter. Lastly, he submitted that the NAB authority has also no objection on release of the petitioner from the jail, therefore, the petitioner may be granted post arrest bail.

3. On the other hand, the learned Special Prosecutor for NAB assisted by Khawar Ilyas, Director NAB, Lahore submits that since the Chairman, NAB, while exercising powers under Section 26(a)(i) of the National Accountability Ordinance, 1999, has granted full pardon to the petitioner, therefore, he has no objection on acceptance of this petition and release of the petitioner in consequence of the same.

4. Arguments heard. Record perused.

5. From the arguments advanced by learned counsel for the petitioner as well as the learned Law Officers and scanning of the record, it is gathered that Qaiser Amin Butt who is Director of M/s. Paragon Housing Society, Lahore is facing the allegation of aiding/abetting the co-accused Nadeem Zia and others who, in connivance with the petitioner embezzled a huge amount from the general public on the pretext of allotment of plots in the abovementioned housing society, which was not registered in accordance with law with the concerned departments i.e. LDA and TMA Aziz Bhatti Town, Lahore and at the time of merger of the abovementioned Paragon Housing Society into Lahore Development Authority, its documents were not handed over to LDA and the accused persons, allotted so many commercial plots on the basis of fake/forged documents.

6. It has surfaced on record that during the course of investigation, the petitioner requested for tender of pardon under Section 26 of the National Accountability Ordinance, 1999, which request of the petitioner has been accorded by the Chairman, NAB on 05.12.2018 and in consequence of the same statement of the petitioner under Section 164, Cr.P.C. has also been recorded by the learned Judicial Magistrate concerned. As a sequel to the above, the Chairman NAB has granted pardon to the petitioner.

7. The Chairman, NAB is empowered under Section 26 (a) of the National Accountability Ordinance, 1999 to tender a full or conditional pardon to a person with a view to obtain evidence supposed to have been directly or indirectly concerned or privy to any offence, at any stage of inquiry/investigation or trial. This provision contained the word **"Notwithstanding anything contains in the Code"** meaning thereby that being a provision of Special Law, the NAB Ordinance, 1999 shall have a preference over the Code of Criminal Procedure, 1898. The further perusal of this provision shows that it also deals with the effect of accepting such tender of pardon

to a person at the stage of inquiry/investigation or trial and it also stipulates that he would not be tried if had been granted full pardon, otherwise, would be tried partially be awarding a punishment or penalty not higher to the one specified in the law. Section 26 of the National Accountability Ordinance, 1999 is reproduced as under:--

"26. **Tender of Pardon[.. ....]**:

(a) Notwithstanding anything contained in the Code, at any stage of [inquiry, investigation or trial], the Chairman [NAB] may, with a view to obtaining the evidence of any person supposed to have been directly or indirectly concerned in or privy to any offence, tender a full or conditional pardon to such a person on condition of his making a full and true disclosure of the whole of the circumstances within his knowledge relating to the said offence including the names of the persons involved therein whether as principals or abettors or otherwise.

(b) Every person accepting a tender of pardon under sub-section (a) shall be examined [by a Magistrate and shall also be examined] as a witness in the subsequent trial.

(c) Subject to sub-section (d), the person to whom pardon has been granted under this section shall not--

(i) In the case of a full pardon be tried for the offence in respect of which the pardon was granted; and

(ii) In the case of conditional pardon be awarded a punishment of penalty higher or other than that specified in the grant of pardon notwithstanding the punishment or penalty authorized by law.

(d) Where the Chairman NAB certifies that in his opinion, any person who has accepted such tender has, either by willfully concealing anything essential or by giving false evidence through willful or reckless mis-statement, not complied with the condition on which the tender [of pardon] was made, such a person may be tried for the offence in respect of which the pardon was so tendered, or for any other offence of which he appears to have been guilty in connection with the said matter including the offence of giving false evidence, which he knows or ought or know is false.

(e) Any statement made before [a Magistrate] by a person who has accepted a tender of pardon may be given in evidence against him at [the] trial.

It is evident from the perusal of sub-section (c)(i) of Section 26 of the National Accountability Ordinance, 1999, that when an accused is granted full pardon then he shall not be tried for the offences in respect of which pardon was granted. As the full pardon has been granted to the petitioner in this case and he is not to be tried for the offence(s) of this case, therefore, no useful purpose shall be served by keeping the petitioner behind the bars as a punishment. Although, under Section 337, Cr.P.C. it is provided that an accused to be kept in confinement till final decision of the case but Section 3 of the National Accountability Ordinance, 1999 provides that the provisions of the said Ordinance shall override the other laws. As mentioned earlier, the NAB Ordinance, 1999 is a special law and in the light of Section 26(c)(i), no trial of the petitioner is to be conducted in this case. as he has been granted full pardon by the Chairman, NAB, therefore, bar contained in Section 337(3), Cr.P.C. is not applicable to the case of the present petitioner. Even otherwise, the bar under Section 337(3), Cr.P.C. is not absolute and bail may be granted to an approver under Section 561-A, Cr.P.C. in the cases of hardships or injustice as observed in the case of *"Abdul Latif vs. The State"* (PLD 1975 Karachi 159). As the petitioner is not to be tried in this case, therefore, keeping him behind the bars for indefinite period would amount to hardship and injustice.

8. As the Chairman NAB, while exercising his powers bestowed upon him under Section 26(a) read with Section 26(c)(i) of the National Accountability Ordinance, 1999 has granted full pardon to the petitioner which has further been supported by the statement of the petitioner recorded under Section 164, Cr.P.C., therefore, this Court cannot withhold its benefit even at bail stage. In the wake of abovementioned facts, the case of the petitioner squarely falls within the ambit of further inquiry entitling him to the concession of post arrest bail.

9. For what has been discussed above, the petition is hand is allowed and Qaiser Amin Butt, petitioner is admitted to post arrest bail subject to his furnishing bail bonds in the sum of Rs. 1,000,000/- (Rupees One million only) with two sureties in the like amount to the satisfaction of the learned trial Court.

10. However, it is made clear that the petitioner shall surrender his passport with the NAB and his name be placed in the Exit Control List (ECL) forthwith before his release.

(M.M.R.) **Petition allowed.**

Mr. Akhtar Hussain Bhatti, Advocate for Petitioner.

Mr. Nisar Ahmad Virk, DPG for State.

Syed Ali Raza, Advocate for Complainant.

Date of hearing: 25.2.2019.

ORDER

The petitioner Muhammad Iqbal Shah through the instant petition seeks post arrest bail in case FIR No. 20 dated 25.01.2018 registered at P.s: Satgarah District Okara offences under Sections 302/109/148/149 of PPC.

2. Arguments heard. Record perused.

3. As per brief allegations levelled in the FIR, on the intervening night of 24/25.01.2018 at about 01:15 a.m. (night), *Mst.* Sajida Perveen complainant came to see her daughter *Mst.* Sarwar Bibi deceased at her house. At the mid-night, she (complainant) along with the PWs woke up on the report of fire shot and saw that Muhammad Ahsan co-accused while armed with repeater gun, made a fire shot which landed on the head of her daughter, namely, *Mst.* Sarwar Bibi. The second fire shot was made by Muhammad Iqbal petitioner with repeater gun which also landed on the head of *Mst.* Sarwar Bibi deceased. The third fire shot made by Muhammad Saleem co-accused with his Carbine landed on the left flank of *Mst.* Sarwar Bibi deceased who succumbed to the abovementioned injuries at the spot. Motive behind the occurrence was the illicit relationship between the petitioner and one *Mst.* Meraj Bibi, due to which the petitioner and his wife *Mst.* Sarwar Bibi deceased had a rift with each other.

4. I have noted that for the murder of one deceased, namely, *Mst.* Sarwar Bibi, the complainant has implicated, as many as, four nominated and two unknown accused persons *i.e.* total six accused persons in this case. Out of the said six accused persons, three accused persons have been assigned the specific roles of making firearm injuries on the body of *Mst.* Sarwar Bibi deceased. It is noteworthy that the role of making

one fire shot each on the head of *Mst.* Sarwar Bibi deceased was attributed to Muhammad Iqbal Shah petitioner and Muhammad Ahsan co-accused but according to the postmortem report of *Mst.* Sarwar Bibi deceased, there was only one entry wound *i.e.* injury No. 1 on her head. This Court has already granted post arrest bail to the abovementioned co-accused, namely, Muhammad Ahsan *vide* order dated 26.11.2018 in Crl. Misc. No. 235279-B of 2018, inter-alia, on the ground that the prosecution has attributed two injuries with repeater gun at the head of *Mst.* Sarwar Bibi deceased to two accused persons, namely, Muhammad Ahsan co-accused and Muhammad Iqbal Shah petitioner, whereas, there was only one entry wound on the head of the deceased therefore, it is still to be determined in this case during the trial that as to whether the single injury on the head of the deceased was caused by the present petitioner or the abovementioned co-accused, namely, Muhammad Ahsan. The case of the petitioner is at par with the case of abovementioned Muhammad Ahsan co-accused therefore, the petitioner is also entitled to the relief of post arrest bail on the principle of consistency. Although it is argued by the learned DPG assisted by learned counsel for the complainant that according to the police investigation, abovementioned Muhammad Ahsan co-accused had not made any fire shot at the deceased, whereas, the petitioner has been found guilty and 12 bore gun has been recovered from his possession but the fact remains that one injury on the head of the deceased has been assigned to two accused persons therefore, it is difficult to determine at this stage that as to whether the said injury has been caused by the petitioner or the abovementioned co-accused. It is further noteworthy that as per prosecution case four empties were recovered from the spot and according to the report of the Punjab Forensic Science Agency, Lahore, all the said empties were found to be fired from the gun recovered at the instance of Muhammad Saleem co-accused.

5. Keeping in view all the aforementioned facts, prosecution case against the petitioner is one of further inquiry therefore, this petition is **allowed** and the petitioner

is admitted to post arrest bail subject to his furnishing the bail bonds in the sum of Rs. 200,000/- (Rupees two hundred thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(R.A.) Petition allowed.

Crl. Misc. No.22135/B of 2019, decided on 29.4.2019

Criminal Procedure Code, 1898 (V of 1898)--

----S. 497--Pakistan Penal Code, 1860, S. 489-F--Bail grant of--Dishonored of cheque due to insufficient funds--Entire prosecution case is based on documentary evidence (dishonoured cheque and slip), which is already in possession of the prosecution and as such there is no chance of tampering with the same, therefore, in such circumstances no useful purpose shall be served by keeping the petitioner behind the bars--Bail allowed. [P. 1393] A

Rai Zamir-ul-Hassan Kharal Advocate for Petitioner.

Ch. Muhammad Ishaq, Deputy Prosecutor General for State.

Mr. Jalal Tariq Joiya Advocate for Complainant.

Date of hearing : 29.4.2019.

ORDER

Through the instant petition, the petitioner, namely, Muhammad Bashir Ahmad seeks post arrest bail in case FIR No.95 dated 23.2.2019, offence under Section 489-F, PPC, registered at Police Station Mustafa Abad, Kasur.

2. As per brief allegations levelled in the FIR, the petitioner purchased steel sheets for the value of Rs. 10,68,324/- from the complainant and in lieu of the payment of said material, he issued a cheque of the abovementioned amount in the name of the complainant which was presented for encashment but the same was dishonoured due to *'insufficient funds'*, hence, the abovementioned FIR.

3. Arguments heard. Record perused.

4. The entire prosecution case is based on documentary evidence (dishonoured cheque and slip), which is already in possession of the prosecution and as such there is no chance of tampering with the same, therefore, in such circumstances no useful purpose shall be served by keeping the petitioner behind the bars. Reference in this respect may be made to the case of *"Saeed Ahmad V. The State"* (1996 SCMR 1132). Furthermore, the punishment provided for the offence under Section 489-F, PPC is imprisonment, which may extend to three years. The offence mentioned in the FIR does not fall within the ambit of prohibitory clause of Section 497 Cr.P.C and grant of bail in such like cases is a rule while refusal is an exception. Learned Deputy Prosecutor General has not pointed out any exceptional ground to refuse bail to the petitioner. Mere involvement of huge amount is no ground to refuse bail to the petitioner. Reference in this context may be made to the case of *"Riaz Jafar Natiq v. Muhammad Nadeem Dar and others"* (2011 SCMR 1708). Although learned Deputy Prosecutor General assisted by learned counsel for the complainant has argued that the petitioner is involved in some other criminal cases of similar nature but it is by now well settled that mere involvement of an accused in some other cases is by itself no ground to refuse bail to him, if otherwise, he is entitled to the said relief, on merits. Reference in this context may be made to the cases of *"Jamal-ud-Din alias Zubair Khan Vs. The State"* (2012 SCMR 573) & *"Muhammad Rafique Versus The State"* (1997 SCMR 412). Thus, Keeping in view the law laid down in the cases of *"Zafar Iqbal v. Muhammad Anwar and others"* (2009 SCMR 1488) & *"Muhammad Tanveer v. The State and another"* (PLD 2017 Supreme Court 733), ordaining that where a case falls within non-prohibitory clause, the concession of granting bail must favorably be considered and should only be declined in exceptional cases, the instant petition is allowed and the petitioner is admitted to post-arrest bail subject to his furnishing bail bonds in the sum of Rs. 100,000/- (Rupees One Hundred Thousand only) with one surety in the like amount to the satisfaction of the learned trial Court.

(S.A.B.) **Bail allowed.**

Before Malik Shahzad Ahmad Khan, J

Mst. AMNA BIBI and 5 others----Petitioners

Versus

Mst. NASEEM AKHTAR----Respondent

Civil Revision No.646-D of 2012, heard on 16th June, 2017.

Punjab Pre-emption Act (IX of 1991)---

----S. 13---Suit for pre-emption---Talbs, performance of---Attorney of Parda-Nasheen lady/plaintiff to adduce evidence on her behalf---Scope--- Execution of power-of-attorney after making of Talbs---Effect---Plea of plaintiff being a Parda-Nasheen lady was not taken in the plaint and power-of-attorney---Effect---Non-production of concerned postman as a witness---Effect---Defendants contended that Talb-i-Muwathibat was based on personal knowledge which evidence could not be adduced through an attorney so the two courts below had wrongly decreed the suit of the plaintiff---Validity---Plaintiff lady produced her husband as attorney who although mentioned the date and timing of making of Talb-i-Muwathibat by the plaintiff but did not mention the place of making of the said Talb---Plaintiff was duty bound to prove the specific date, time and place of making Talb-i-Muwathibat in order to establish that she made the Talbs in the same Majlis, before its dispersion, where she received information about the sale of property which she failed to do---Plaintiff though produced Registry Clerk and the Postmaster as witnesses but the concerned postman who stately effected the service of notice of Talb-i-Ishhad on the predecessor-in-interest of the defendants had not been produced in the witness box, which was fatal to the case of the plaintiff---Special power-of-attorney, showed that plaintiff had simply mentioned that she was a female, therefore, she had appointed her husband as her attorney to adduce evidence on her behalf and she had nowhere mentioned in the said document that she was Parda-Nasheen, sick or old lady---No such ground was taken by the plaintiff in her plaint, therefore, she could not lead evidence beyond her pleadings---Record revealed that special power-of-attorney was executed in favour of husband of the plaintiff after about two years from the making of Talbs---Husband of the plaintiff being not attorney of the plaintiff at the time of making of Talbs therefore, he could not prove the performance of Talbs, in the case,

on the behalf of the plaintiff---High Court set aside impugned Judgment and decree passed by the two Courts below---Revision was accepted accordingly.

Ms. Raheela Butt for Petitioners.

Nemo for Respondent.

Date of hearing: 16th June, 2017.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.--- This civil revision under section 115 of C.P.C. has been filed against the impugned judgment and decree dated 20.02.2010, passed by learned Civil Judge, Sohawa, whereby the suit for possession through the right of pre-emption, filed by Mst. Naseem Akhtar (respondent/plaintiff), was decreed, as well as, against the impugned judgment and decree dated 30.05.2012, passed by the learned Additional District Judge, Jhelum, whereby the appeal filed by Mst. Amna Bi and 05 others (petitioners/ defendants) against the abovementioned judgment and decree dated 20.02.2010, passed by the learned Civil Judge, Sohawa, was dismissed.

2. As per brief facts of the present case, the respondent/plaintiff Mst. Naseem Akhtar, filed a suit for possession through the right of pre-emption, in respect of the land, fully described in the head-note of the plaint. The predecessor-in-interest of the petitioners/defendants namely Muhammad Shafi contested the said suit by filing his written statement but he died during the pendency of the suit and after his death the petitioners being legal heirs of Muhammad Shafi were impleaded as defendants in

this case. Out of the divergent pleadings of the parties, the learned Civil Judge, Sohawa framed the following issues:-

ISSUES.

1. Whether the suit is mala fide? OPD

2. Whether Rs.50,000/- was bonafidely fixed as sale price of the suit property and actually paid? OPD

3. If issue No.2 is answered in the aegative, what was the market value of the suit property at the time of alleged sale? OPPs -

4. Whether the plaintiff has superior right of pre-emption against the defendant? OPP

5. Whether the plaintiff has fulfilled the requirements of Talbs? OPP

6. Whether the plaintiff is entitled to the decree of possession through pre-emption as prayed for? OPP

7. Relief.

After recording of evidence and hearing arguments of learned counsel for the parties, the learned Civil Judge, Sohawa decreed the suit, filed by the respondent/plaintiff vide the impugned judgment and decree dated 20.02.2010. An appeal was filed by the petitioners/defendants against the said judgment and decree of the learned Civil Judge, Sohawa, which was dismissed by the learned Additional District Judge, Jhelum vide the impugned judgment and decree dated 30.05.2012, hence the present civil revision before this court.

3. On the last date of hearing the instant case was adjourned on the request of learned counsel for the respondent as he wanted to further prepare his case but today despite repeated calls since morning with different intervals, no one has entered appearance on behalf of the respondent. The name of learned counsel for the respondent is duly reflected in the cause list issued for today but there is no intimation regarding any reason of his absence. The court time is about to be over. As it is a civil revision, which pertains to the year 2012 and the same has been printed in the red cause list issued by the office regarding the category of oldest cases and it has specifically been mentioned in the said list that no adjournment will be granted in the "oldest case" category, therefore, the respondent is proceeded against ex-parte and I

proceed to decide the instant civil revision after hearing arguments of learned counsel for the petitioner and perusal of the record.

4. It is contended by learned counsel for the petitioners that the respondent/plaintiff has miserably failed to prove the performance of Talbs in accordance with the law; that respondent/plaintiff herself did not appear in the witness box and as the fact regarding the making of Talb-i-Muwathibat is based upon personal knowledge which cannot be proved through attorney, therefore, the suit filed by the respondent/plaintiff was liable to be dismissed; that the courts below have wrongly held in their impugned judgments that as the respondent/plaintiff was an old Parda Nasheen lady, therefore, she can produce evidence through her attorney because the abovementioned ground was not mentioned in the plaint of the respondent; that the attorney deed (Ex.P3) was executed by the respondent/plaintiff in favour of her husband namely Muhammad Jawan (PW-3) on 13.01.2007, whereas the Talbs in this case were performed in the year 2005 and as the attorney deed (Ex.P3) was not executed by the respondent/plaintiff before the making of Talbs, therefore, no evidence about the performance of Talbs can be produced in this case by the respondent/plaintiff through her attorney; that Muhammad Jawan (PW-3), who was attorney of the respondent/plaintiff appeared in the witness box as PW-3 but he did not mention the place of making of Talb-i-Muwathibat, which is fatal to the case of the respondent/plaintiff; that the respondent/plaintiff did not produce the postman in the witness box in order to establish that the notice of Talb-i-Ishhad was served upon the predecessor-in-interest of the petitioners/defendants and as such the suit of the respondent/plaintiff was liable to be dismissed; that the predecessor-in-interest of the petitioners was also a co-sharer in the suit land and this fact was admitted by the attorney of the respondent/ plaintiff namely Muhammad Jawan (PW-3) during his cross-examination but the Courts below have misread the evidence of the above-mentioned witness while passing the impugned judgments and decrees; that the impugned judgments and decrees have been passed against the law and facts of the present case and the same are result of misreading and non reading of evidence, therefore, the same may be set aside. In support of her contentions, learned counsel for the petitioners has placed reliance on the judgments reported as "Mst. Lalan Bibi and others v. Muhammad Khan and others" (2007 SCMR 1193), "Sh. Sajid Mahmood and others v. Fazal Ahmed and others" (2004 SCMR 86), "Falak Sher Khan and another v. Mir Qalam Khan and another" (1995 CLC 1077), "Mst. Gul Rangeena v.

Khushal Khan" (1999 CLC 831) and "Allah Ditta through L.Rs and others v. Muhammad Anar" (2013 SCMR 866)

5. Arguments heard. Record perused.

6. The pre-emption is a feeble right and the respondent/pre-emptor was bound to prove the performance of Talbs strictly in accordance with the law, as provided under section 13 of the Punjab Pre-emption Act, 1991. I have noted that Muhammad Jawan, who was attorney of the respondent/plaintiff appeared in the witness box as PW-3. Although he has mentioned the date and time of making of Talb-i-Muwathibat by the respondent/plaintiff but he did not mention the place of making of the said Talb. The abuvementioned omission on the part of Muhammad Jawan (PW-3) was fatal to the case of respondent/plaintiff because the respondent/plaintiff was duty bound to prove the specific date, time and place of making of Talb-i-Muwathibat in order to establish that she made the said Talb in the same Majlis, before its dispersion, where she received information about the sale of suit property and as no place about the performance of Talb-i-Muwathibat has been mentioned by the attorney of the respondent/plaintiff i.e., Muhammad Jawan (PW-3) in his statement recorded by the learned trial court, therefore, the suit of the respondent/plaintiff was liable to be dismissed on this score alone. Reference in this respect may be made to the case of "Mian Pir Muhammad and another v. Faqir Muhammad" (PLD 2007 Supreme Court 302).

7. It is also noteworthy that the predecessor-in-interest of the petitioners/defendants, in his written statement, denied the performance of Talbs by the respondent/plaintiff. In the circumstances, the respondent/plaintiff was obliged to prove the performance of Talb-Isahhad in accordance with the law and service of notice of Talb-i-Ishhad on the predecessor-in-interest of the petitioners/defendants. Although the respondent/plaintiff produced in the witness box Muhammad Farooq, Registry Clerk of the Post Office Sohawa as PW-1 and Muhammad Riaz, Branch Postmaster of the post office Gadarriam, Tehsil Sohawa as PW-2, but the concerned postman namely Muhammad Altaf, who statedly effected the service of notice of Talb-i-Ishhad on the predecessor-in-interest of petitioners/ defendants has not been produced in the witness box, which was also fatal to the case of the respondent/ plaintiff but the said fact has not been properly appreciated by the Courts below while passing the impugned judgments and decrees. Reliance in this context may be placed on the case of "Allah Ditta through L.Rs

and others v. Muhammad Anar" (2013 SCMR 866). Relevant part at page 868 of the said judgment reads as under:--

> "As regards, the issuance of notice of Talb-i-Ishhad is concerned, admittedly the postman has not been examined by the respondent pre-emptor in terms of the law laid down in `Muhammad Bashir and others v. Abbas Ali Shah' (2007 SCMR 1105). The argument of the respondent's side that the attorney of the petitioner while appearing as DW-1 has admitted the receipt of the notice and, therefore, the respondent-plaintiff was not obliged to prove the same, suffice it to say that the affirmative onus to prove Talb-i-Ishhad was on the plaintiff and as the petitioner had denied the factum in the written statement, therefore, notwithstanding any subsequent admission of the defendant's 'attorney, it was obligatory on the plaintiff-pre-emptor to have proved the sending of notice by leading affirmative evidence, which undoubtedly required the production and examination of the postman. This vital aspect has also eluded the attention of the two Courts below."

Similar view was taken by the apex court of the country in the cases reported as "Muhammad Bashir and others v. Abbas Ali Shah" (2007 SCMR 1105) and "Bashir Ahmed v. Ghulam Rasool" (2011 SCMR 762).

8. I have also noted that respondent/plaintiff did not appear in the witness box to prove the performance of Talbs and she attempted to prove the performance of Talbs through her husband/attorney namely Muhammad Jawan (PW-3). The learned Courts below accepted the evidence produced by the respondent/plaintiff through her attorney on the ground that the respondent/plaintiff was an old and Parda Nasheen lady, therefore, she can produce evidence through her attorney. Although Muhammad Jawan (PW-3) stated that his wife (respondent/ plaintiff) was a sick and Parda Nasheen lady, therefore, she has appointed him (Muhammad Jawan) as her attorney to adduce evidence in this case on her behalf but in the special power of attorney (Exh.P3), the respondent/plaintiff has simply mentioned that she was a female, therefore, she has appointed her husband namely Muhammad Jawan as her attorney to adduce evidence on her behalf. She has nowhere mentioned in the said document (Exh.P3) that she was a Parda Nasheen, sick or old lady. Moreover, no such ground was taken by the respondent/ plaintiff in her plaint, therefore, she cannot lead evidence out of her pleadings. The evidence produced in this respect by the respondent/ plaintiff which was out of her pleadings has wrongly been relied upon by

the courts below. Reliance in this respect may be placed on the judgments reported as "Province of Punjab through Chief Secretary and 5 others v. Malik Ibrahim and sons and another" (2000 SCMR 1172) and "Binyameen and 3 others v. Chaudhry Hakim and another" (1996 SCMR 336).

9. It is further evident from the perusal of record that Talb-i-Muwathibat was made by the respondent/plaintiff on 10.04.2005, Talb-i-Ishhad was made on 13.04.2005 and Talb-i-Khusumat was performed by her on 18.04.2005, whereas the attorney deed (Exh.P3), in favour of Muhammad Jawan (PW-3) was executed by the respondent/plaintiff on 13.01.2007. Talbs were made in the year 2005, whereas the attorney deed (Ex.P3) in favour of Muhammad Jawan (PW-3) was executed by the respondent/plaintiff in the year 2007 i.e., after about two years from the making of Talbs. It is, therefore, clear that at the time of making of Talbs Muhammad Jawan (PW-3) was not an attorney of the respondent/plaintiff. As Muhammad Jawan (PW-3) was not attorney of the respondent/plaintiff at the time of making of Talbs therefore, he cannot prove the performance of Talbs in this case on behalf of the respondent/plaintiff. I may refer here, the case of "Salma and another v. Manzoor Hussain and another" (1996 CLC 623), wherein at page No.626, this Court has held as under:-

> "Both the pre-emptors did not figure in the witness box to assert and establish this aspect of the matter and an adverse presumption can easily be drawn against them. I pass an order accordingly. The fact of the matter is that both Mst. Salma and Mst. Naziran petitioners/pre-emptors did not make Talb-i-Muwathibat as agitated by them. The statements of the P. Ws in this matter are nothing enough, Talb-i-Muwathibat made by Muhammad Ramzan husband of Mst. Salma and behnoi of Mst. Naziran has no legal force. It is in the cross-examination of the said Muhammad Ramzan that when Talb-i-Muwathibat was made by him he was not the Special Attorney of both the pre-emptors. According to Explanation I to subsection (1) of Section 13 of the Punjab Pre-emption Act, 1991 Talb-i-Mmvathibat means immediate demand by a pre-emptor in the sitting or meeting (Majlis) in which he has come to know of the sale declaring his intention to exercise the right of pre-emption. There is no provision in the Punjab Pre-emption Act, 1991 that a husband or a Behnoi, on behalf of the female pre-emptor is entitled to make Talb-i-Muwathibat. In the eyes of law the person includes a male and a female. In the scheme of Punjab Pre-emption Act, 1991 no distinction has

been made between the male and female in the matter of exercise of right of pre-emption starting from Talb-i-Muwathibat to Talb-i-Khushmat. The women in the country are demanding the equal rights on merits and no exception can be granted/allowed towards the enforcement of any statutory/legal right. As such within the purview of section 13 of the Punjab Pre-emption Act, 1991 it was incumbent upon both Mst. Salma and Mst. Naziran pre-emptors to establish that they made the demand of pre-emption in the sitting or meeting (Majlis) in which they had come to know of the sale. This being the factual and legal position the matter which emerges is that Talb-i-Muwathibat has not been established by both Mst. Salma and Mst. Naziran pre-emptors. (Underlying and bold supplied for emphasis).

Similarly in the cases of "Mst. Salma Bibi v. Manzoor Hussain and others" (1996 SCMR 1067) "Mst. Waziran alias Faiq Elahi v. Abdul Sattar and others" (1996 CLC 682), it was held that the performance of Talbs cannot be proved through an attorney, who was not appointed as an attorney of the plaintiff/pre-emptor, at the time of making of Talbs.

10. The judgment relied upon by the Courts below in this regard in the case of "Muhammad Hanif v. Mst. Munawar Bi alias Munawar Noor" (1999 SCMR 2230), is not helpful to the case of respondent/ plaintiff because the said judgment was passed on the ground that the plaintiff of the said case was a Parda Nasheen old lady, therefore, she had the right to produce evidence through her attorney, whereas, at the cost of repetition, it is observed that neither the ground of old age nor the ground of Parda Nasheen lady was taken by the respondent/plaintiff in her plaint or in her attorney deed (Ex.P3). In the case of Talb-i-Muwathibat, which is a pure act of personal nature, the performance of said Talb can be proved by the pre-emptor himself/herself as the said fact can only be described amicably by the party himself/herself. The bonafidies of a pre-emptor/plaintiff can only be checked when such plaintiff/pre-emptor volunteers as a witness and surrenders to subject himself/herself for cross-examination. The failure of the plaintiff/ respondent to appear personally in the witness box and to depose about the Talb-i-Muwathibat without furnishing any valid reason for her non-appearance is a factum that seriously reacted on the bona fidies and credibility of the respondent/pre-emptor. I may refer here the case of "Falak Sher Khan and another v. Mir Qalam Khan and another" (1995 CLC 1077), where in at page No.1079, it is observed as under:--

"5. Another damaging aspect of the case is that the suit was brought by two pre-emptors namely Mir Qalam and Mir Ghani Shah. The entire evidence qua Talb-e Muwathibat remains confined to Mir Ghani Shah who stands non-suited in the present case leaving ONLY Mir Qalam in the field who has never appeared in Court to allege as to when he made the Talb and when he attained the knowledge of the transaction. The technical argument that it is legal for him to appear through a special attorney, is not valid and appreciable in case of Talb-e-Muwathibat which is a pure act of personal nature and which can be described amicably by the party himself. The bona fides are also checked when such plaintiff volunteers as witness and surrenders to subject himself for cross-examination which, in case of 'Talabs' is lengthy as well as intricate. The failure of Mir Qalam, the only decree-holder to appear personally and to depose about 'Talb-e-Muwathibat', is a factum that seriously tells upon his credibility and bona fides. This factum was not appreciated by the two Courts below in its true perspective. They have fallen into material irregularity.

6. Consequently the revision petition is accepted, the impugned judgments of both the Courts below are set aside and the pre-emption suit of Mir Qalam Khan is hereby dismissed with costs".

Similar view was taken by the Hon'ble Supreme Court of Pakistan in the case of "Mst. Lalan Bibi and others v. Muhammad Khan and others" (2007 SCMR 1193), wherein at page No.1201, the Hon'ble Supreme Court of Pakistan was pleased to observe as under:--

"Plaintiff has made first Talb on 2-9-1994 and second Talb was made on 5-9-1994. Ghulam Hassan was appointed by the plaintiff as his attorney on 12-9-1994. It is an admitted fact that plaintiff late Muhammad Khan did not appear before the trial Court, therefore, making of Talbs in terms of section 13 was not proved and this fact was not considered by all the Courts below in its true perspective. Judgments of all the Courts below are not in consonance with the law laid down by this Court in Mst. Salma Bibi's case 1996 SCMR 1067. The aforesaid proposition of law is also supported by the following judgments--

(i) Salma Bibi's case 1996 CLC 623, (ii) Mst. Wazeeran's case 1996 CLC 682.

The trial Court has decided the case in violation of the dictum laid down by the superior Courts in the foresaid judgments, therefore, trial Court has committed material irregularity. See Kanwal Nain's case PLD 1983 SC 53, Oil and Gas Development Corporation's case PLD 1970 Karachi 332 and Muhammad Hashim's case PLD 1971 SC 793. The First Appellate Court has also committed the same mistake which were not rectified by the learned High Court in the impugned judgment. The conclusions arrived at by all the Courts below that pre-emptor complied with the requirement of Talbs are erroneous, therefore, it was the duty and obligation of the learned High Court to exercise its revisional jurisdiction. See Hakim Muhammad Buta's case PLD 1985 SC 153"

11. Keeping in view all the aforementioned facts, I have come to this conclusion that the respondent/plaintiff has miserably failed to prove that she performed Talbs in accordance with the law, therefore, her suit was wrongly decreed by the learned Civil Judge, Sohawa, District Jhelum vide the impugned judgment and decree dated 20.02.2010 and the appeal filed by the petitioners/defendants has erroneously been dismissed by the learned Additional District Judge, Jhelum vide the impugned judgment and decree dated 30.05.2012.

12. As I have concluded that the respondent/plaintiff failed to prove the performance of Talbs in accordance with the law and her suit has wrongly been decreed which was liable to be dismissed on this sole ground, therefore, there is no need to discuss the findings of the courts below on the remaining issues.

13. In the light of above discussion, this civil revision is accepted, the impugned judgment and decree dated 30.05.2012, passed by the learned Additional District Judge, Jhelum, as well as, the impugned judgment and decree dated 20.02.2010, passed by the learned Civil Judge, Sohawa are hereby, set aside. Resultantly the suit for possession through the right of pre-emption, filed by the respondent/plaintiff stands dismissed.

Before Malik Shahzad Ahmad Khan, J

Syed NAYAB HUSSAIN SHERAZI---Petitioner

Versus

STATION HOUSE OFFICER, POLICE STATION SABZAZAR, LAHORE and 4 others---Respondents

Writ Petition No. 10296 of 2017, decided on 7th April, 2017.

(a) Criminal Procedure Code (V of 1898)

S. 491 Constitution of Pakistan, Art. 199---Penal Code (XLV of 1860), Ss. 361 & 363---Kidnapping from lawful guardianship, kidnapping---Constitutional petition---Prosecution case was that the petitioner, his brother and co-accused forcibly snatched the minors from the custody of their mother/complainant at gun point and took them away---Petitioner, an Advocate by profession, had alleged that he along with another person had malafidely been implicated in the case by the police being in league with the complainant---Complainant had taken self-contradictory stances in her habeas petition and in the FIR---Father of the minors (who was brother of the petitioner) was natural guardian of the minors, therefore, the ingredients of offence as envisaged under S. 363, P.P.C. were not attracted in the case as per exceptions provided under S. 361, P.P.C.---Minors had already been recovered by the police from the custody of brother of petitioner but their recovery had not been shown by the Investigating Officer in the police papers---Contention was that no probability of conviction of the petitioner and his co-accused existed in the present case, therefore, the FIR be quashed---Validity---Record showed that complainant filed habeas corpus petitions but the petitioner and his co-accused failed to produce minors in the lower court---Habeas corpus petition filed before the lower court was withdrawn on the ground that the place of confinement of the minors was not in the knowledge of complainant---Repeated directions for recovery of the minors were issued by the Court in habeas corpus petition to the SHO, SDPO, CCPO and despite the constitution of a special team by the CCPO for the recovery of minors, the minors could not be recovered by the police---First Information Report was registered by the police---Circumstances

suggested that the petitioner and his co-accused concealed the minors at some secret place, after their abduction and even the State with all the resources at its command was unable to recover the minors---Circumstances established that minors had been removed from the custody of the complainant, and they were illegally kept in concealment by the petitioner and his co-accused in order to avoid the legal proceedings initiated by mother of the minors for their custody---Admittedly, brother of the petitioner was father of the minors but that fact alone did not mean that he had a license to forcibly snatch the minors from the custody of their mother at gun point and conceal them at some secret place in order to frustrate the process of law and the court---Father could take the benefit of the exception of S. 361, P.P.C., if he established that he in good faith believed himself to be entitled to the custody of his minor children his act must not be for any unlawful or immoral purpose---Record transpired that petitioner and his brother (father) deliberately avoided to produce the minors before the Court---Petitioner, and his co-accused in circumstances, could not be believed in good faith to be entitled to the custody of minors or that their acts were for any lawful or moral purpose---Petitioner and co-accused, therefore, could not claim any exception on the ground that brother of petitioner was real father of minors---Admittedly, the petitioner was an advocate but said fact did not mean that he was above the law or he could claim any exception in respect of any offence on the basis of his being an advocate---Petitioner had been granted the license of advocate to practice the law and not for taking the law into his own hands and to commit crime---Record transpired that there was no contradiction between the story narrated by the complainant in her habeas corpus petition and the story narrated by her in the FIR---Allegedly, minors had been recovered from the possession of the brother of the petitioner, however, their recovery had not been shown in the relevant papers by the police---Said ground related to the disputed question of facts which could not be decided in the Constitutional jurisdiction---If the petitioner was not satisfied with the investigation of the case, he could file application for transfer of investigation before the concerned authorities---No substance, having been found in the Constitutional petition, same was dismissed in limine.

----Ss. 154 & 173---Penal Code (XLV of 1860), S. 363---Constitution of Pakistan, Art. 199---Constitutional petition---Kidnapping---Partial quashment of FIR---Scope---Partial quashment of the FIR was not permissible under the law.

Director-General, Anti-Corruption Establishment, Lahore and others v. Muhammad Akram Khan and others PLD 2013 SC 401 rel.

N.A. Butt for Petitioner.

ORDER

MALIK SHAHZAD AHMAD KHAN, J.---Through this petition the petitioner seeks quashment of FIR No. 368/2017 dated 16.03.2017 registered under section 363, P.P.C. at Police Station Sabzazar, Lahore.

2. As per brief allegations levelled in the impugned FIR, Syeda Laila Zainab (complainant) was married with the brother of the petitioner namely Kamyab Hussain alias Kake Shah. Two children namely Mehtab Hussain, aged about 4-1/2 years and Taieed Fatima, aged about 3 years were born from the said wedlock. On 23.01.2017 at 04.00 p.m., the complainant came out of the house of her in-laws in order to go to the house of her mother. In the meanwhile, the petitioner, his brother namely Kamyab Hussain alias Kake Shah and other co-accused reached at the spot in a white colour Corolla car, forcibly snatched the minors from the custody of the complainant at gun point and took them away. The complainant thereafter, filed habeas petition in the court of learned Additional Sessions Judge, Lahore, as well as, before the Lahore High Court but as the minors could not be traced out and recovered, therefore, the above mentioned impugned FIR was lodged against the petitioner and his co-accused;

hence the present constitutional petition before this Court for quashment of the said FIR.

3. It is contended by learned counsel for the petitioner that the petitioner is an Advocate by profession and he and his co-accused have malafidely been implicated in this case by the police being in league with the complainant; that the complainant has taken self-contradictory stances in her habeas petition moved before the learned-Additional Sessions Judge, Lahore and in the impugned FIR because in her above mentioned habeas petition, she stated that she herself left her minor children at the house of her husband, whereas, in the impugned FIR she has alleged that the minors were forcibly snatched from her custody by the petitioner and his co-accused; that brother of the petitioner is father of the minors and as such he is natural guardian of the minors, therefore, while keeping in view the exception provided under section 361, P.P.C., the ingredients of offence as envisaged under section 363, P.P.C. are not attracted in this case; that the minors have already been recovered by the police from the custody of brother of the petitioner but their recovery has malafidely not been shown in the police papers by the investigating officer of this case; that there is no probability of conviction of the petitioner and his co-accused in this case, therefore, the impugned FIR may be quashed. In support of his contentions learned counsel for the petitioner has placed reliance on the judgments reported as Amjad Shah v. SHO of Police Station Sukheki and another (2008 YLR 1507), Muhammad Ashraf v. SHO and others (2001 PCr.LJ 31), Abdul Ghafoor v. Mst. Zubaida Bibi (1996 PCr.LJ 1228) and Muhammad Mukhtar v. SHO and 3 others (2008 YLR 2665).

4. Heard. Record perused.

5. As per contents of the impugned FIR about eight years earlier to the registration of the impugned FIR, Sayeda Laila Zainab (complainant) was married with the brother of the petitioner, namely Kamyab Hussain alias Kake Shah. Two children namely Mehtab Hussain aged about 4-1/2 years and Taieed Fatima aged about 3 years were born from the said wedlock. On 23.01.2017 at about 04.00 p.m. when the complainant came out of the house of her in-laws, the petitioner who is brother-in-law of the complainant and Kamyab Hussain alias Kake Shah co-accused, who is husband of the complainant, along with other co-accused forcibly snatched the minors at gun point, from the custody of the complainant. The complainant then went to the

house of her mother and thereafter she filed different habeas petitions before the learned Additional Sessions Judge, Lahore, as well as, before this Court but the petitioner and his co-accused neither produce the minors in the court of learned Additional Sessions Judge, Lahore nor before this Court. The habeas petition filed by the petitioner in the court of learned Additional Sessions Judge, Lahore was withdrawn on the ground that the place of confinement of the minors was not in the knowledge of the complainant/mother. In the habeas petition filed by the complainant before this Court, i.e. Criminal Miscellaneous No. 2151-H of 2017, repeated directions for recovery of the minors were issued by this Court to the SHO of Police Station Sabzazar Lahore, SDPO/DSP Lahore, CCPO Lahore and despite the constitution of a special team by the CCPO, Lahore, for the recovery of above mentioned minors, the minors could not be recovered by the police. Ultimately on 14.03.2017, SP Operations, Lahore personally appeared before this Court and submitted that the special team visited different places to effect the recovery of minors but the minors could not be recovered, therefore, if the complainant would approach the police, then an FIR shall be registered about the abduction of minors. On the above mentioned assurance of SP, Operations, Lahore, the habeas petition filed by the complainant before this Court was disposed of. Subsequently, the impugned FIR was registered by the police at Police Station Sabzazar, Lahore. It is evident from perusal of the record that the petitioner and his co-accused concealed the minors at some secret place, after their abduction and even the State with all the resources at its command was unable to recover the minors. It is, therefore, established in this case that the minors have been removed from the custody of the complainant and they are being illegally kept in concealment by the petitioner and his co-accused in order to avoid the legal proceedings initiated by the mother of the minors (complainant) for their custody. There is no doubt that brother of the petitioner namely Kamyab Hussain alias Kake Shah is father of the minors but this fact alone does not mean that he has a license to forcibly snatch the minors from the custody of their mother at gun point and to conceal them at some secret place in order to frustrate the process of the law and the court. In my humble view, father can take the benefit of the exception of section 361, P.P.C., provided he satisfies two conditions, firstly, if he establishes that he in good faith believed himself to be entitled to the custody of his minor children

and secondly his act must not be for any unlawful or immoral purpose. Section 361, P.P.C. is reproduced hereunder for ready reference:-

> Section 361, P.P.C. **Kidnaping from lawful guardianship.** Whoever takes or entices any minor under fourteen years of age if a male or under sixteen years of age if a female or any person of unsound mind, out of the keeping of the lawful guardian of such minor or person of unsound mind, without the consent of such guardian, said to kidnap such minor or person from lawful guardianship.
>
> **Explanation.** The words lawful guardian in this section include any person lawfully entrusted with the care or custody of such minor or other person.
>
> **Exception.** This section does not extend to the act of any person who in good faith believes himself to be the father of an illegitimate child, or who in good faith believes himself to be entitled to the lawful custody, of such child, unless such act is committed for an immoral or unlawful purpose.

In the instant case, while keeping in view the personal law applicable to both the parties who are admittedly Muslims and the tender ages of the minors, the first right of Hizanat in respect of the minors lies with the complainant, who is their real mother. The complainant was, therefore, lawful guardian of the above mentioned minors. The petitioner and his co-accused forcibly took away the minors from the custody of a lawful guardian. It is also clear from the perusal of the record that despite repeated orders issued by the learned Additional Sessions Judge, Lahore, as well as, by this Court for production of the minors before the court and despite the constitution of a special team for the recovery of minors by the CCPO, Lahore, the minors could not be recovered and the petitioner and his brother deliberately avoided to produce the minors before the court. The petitioner and his co-accused attempted to make the process of the law and the court as infructuous/useless by removing and concealing the minors at some unknown secret place. Under the circumstances it cannot be held by any stretch of imagination that the petitioner and his co-accused believed in good faith to be entitled to the custody of above mentioned minors or their above mentioned acts were for any lawful or moral purpose, therefore, the petitioner and his co-accused cannot claim any exception in this case on the ground that brother of the petitioner namely Kamyab Hussain alias Kake Shah is real father of the minors.

6. If for the sake of arguments, it is presumed that brother of the petitioner, being father of the minors had any legal right to forcibly snatch the minors from their mother at gun point, without adopting legal procedure in this respect and he had any right to keep the minors at some secret place in blatant and flagrant violation of the orders of the courts, even then the petitioner himself and other co-accused had no right to join the above mentioned act of their co-accused Kamyab Hussain alias Kake Shah, regarding forcible snatching of the minors from the custody of their mother (complainant). As the allegation of forcible abduction of the minors has also been levelled against the petitioner himself, his nephew Abbas and two unknown accused persons, apart from the father of the minors, therefore, the impugned FIR cannot be quashed only to the extent of father of the minors because partial quashment of the FIR is not permissible under the law. Reliance in this respect may be placed on the case reported as Director-General, Anti-Corruption Establishment, Lahore and others v. Muhammad Akram Khan and others (PLD 2013 SC 401).

7. There is another important aspect of this case that if the above mentioned practice is allowed to continue, then it will grant a license to every father to decide himself about the custody of his minor children, to forcibly snatch them from their mother and not to produce them before the court for determination of the question of their custody. It will make the provisions of section 491, Cr.P.C. as redundant. It would mean that instead of the Guardian Courts established under the Guardians and Wards Act, 1890, the questions of the interim or permanent custody of the minor children of the parties shall be decided by a father of the minors himself, which has never been the intention of the legislator. If we take another example of a case where a Muslim girl of 15 years of age has attained the age of puberty then she is presumed to be major under her personal law on attaining the age of puberty and can validly contracted marriage, even without or against the consent of her Waali/father. Reference in this respect may be made to the cases of Mst. Bakhshi v. Bashir Ahmad and another (PLD 1970 SC 323), Hafiz Abdul Waheed v. Mrs. Asma Jehangir and another (PLD 2004 SC 219), Muhammad Imtiaz and another v. The State (PLD 1981 FSC 308), Shabbir Hussain alias Papu v. SHO of Police Station Bumbanwala District Sialkot and 3 others (2006 PCr.LJ 1260) and Abdul Ghaffar v. Ishtiaq Ahmad Khan and another (1997 PCr.LJ 1150). In such a situation if a father kidnapes such girl in order to

commit her murder in the name of Ghairat (as it has already happened in so many cases in our society) then considering the above mentioned argument of learned counsel for the petitioner the police cannot lodge an FIR against the accused and protect the life of such girl on the ground that the accused of such case is real father of the minor and offence of kidnapping does not attract against him. This will lead to a disastrous situation in our society, therefore, in my humble view the exception provided to a father under section 361, P.P.C. is only attracted when the act of the father is taken in good faith and the same is not for any immoral or unlawful purpose.

8. It is noteworthy that most of the judgments on the issue in hand have been rendered while keeping in view the findings of this Court in the case of Asghar Ali v. The State (1971 PCr.LJ 982) but I have noted that even in the said judgment this Court has categorically observed in Para No. 5 at page No. 984 of the said judgment that if a father wanted to avoid the proceedings before the Guardian Court and by circumventing the law he wanted to take away the child with him that may be one example of an unlawful purpose. The relevant part of the aforementioned judgment reads as under:-

> ".....The second condition to be satisfied is that he should not have taken the child for an immoral or unlawful purpose. It is agreed that the purpose in taking away the child in this case was not at all immoral. **With regard to the subsidiary question whether it was unlawful, one may consider that if the father wanted to avoid proceedings before a Guardian Court and by circumventing the law he wanted to take away the child, that might be one example of an unlawful purpose.** But in this case, it is not necessary to give any final determination of the question, nor it is necessary to further examine the expression used in the Exception, i.e. unlawful purpose.....".

(Bold and underlining supplied for emphasis)

It is, therefore, evident that even in the above mentioned judgment, this Court observed that if a father takes away the child in order to circumvent the law or to avoid the proceedings before a court then his act would be an example of unlawful purpose.

9. It is also noteworthy that under section 363, P.P.C., no distinction has been laid down between a real father of the minors and an ordinary accused regarding the offence of kidnapping. Section 363, P.P.C. reads as under:-

> Section 363, P.P.C. **Punishments for kidnaping**. **Whoever** kidnaps any person from Pakistan or from lawful guardianship, shall be punished with imprisonment of either description for a term which may extend to seven years, and shall also be liable to fine.

(Bold and underling supplied for emphasis)

The word **"whoever"** used in section 363, P.P.C. has made it clear that there is absolutely no distinction between an ordinary accused and a real father of the minor in respect of the offence of kidnapping. As discussed earlier, the exception provided to a father under section 361, P.P.C. is dependent upon the satisfaction of above mentioned two conditions that firstly a father should establish that he believed himself in good faith to be entitled to the custody of his minor children and secondly his act is not for any immoral or unlawful purpose. The aforementioned conditions are very much lacking in this case and, as noted earlier, while keeping in view the peculiar facts of this case, the petitioner and his co-accused cannot claim any exception in this case or they cannot ask for the quashment of the impugned FIR, on the ground that as the brother of the petitioner is real father of the minors, therefore, provisions of section 363, P.P.C. are not attracted against them. A father cannot be granted a license to play with the lives and custody of the minors according to his own wishes and desires by deliberately avoiding the due process of the law and the courts and while taking the law into his own hands.

10. It is true that the petitioner is an advocate but this fact does not mean that he is above the law or he can claim any exception in respect of any offence on the basis of his being an advocate. He has been granted the license of advocate to practice the law and not for taking the law into his own hands and to commit crimes. The petitioner who claims himself to be a law graduate, instead of adopting the legal procedure for the custody of the minor children of his brother has statedly snatched the minors at gun point from their mother (complainant). The petitioner never advised his brother to produce the minors before the court in order to establish that he (petitioner) believes in the supremacy of law and has any respect for the law of the country, rather the

petitioner and his co-accused while concealing the minors at some unknown place have made it impossible for the courts to decide about the custody of the minors in accordance with the law. Mere this fact that the petitioner is an advocate is by itself no ground to quash the impugned FIR.

11. There is prima facie no contradiction between the story narrated by the complainant in her habeas petition and the story narrated by her in the impugned FIR. In her habeas petition filed before the learned Additional Sessions Judge, Lahore, the complainant has categorically mentioned in Para No. 5 of the said petition that the minors were forcibly snatched from her custody after giving her merciless beating. Similarly in the impugned FIR it was also mentioned that on the day of occurrence the complainant when came out of the house of her in-laws, the minors were forcibly snatched from her custody by the petitioner and his co-accused at gun point. There is no material contradiction between the story narrated by the complainant in her habeas petition and in the story narrated by her in the impugned FIR. Furthermore, the impugned FIR cannot be quashed merely on the basis of above mentioned alleged minor contradiction which does not go to the roots of the case and which has no material effect on the merits of the case.

12. Although learned counsel for the petitioner has taken this ground for quashment of the impugned FIR that the minors have been recovered from the possession of the brother of the petitioner, however, their recovery has not been shown in the relevant papers by the police but the said ground relates to the disputed question of facts of this case which cannot be decided in the constitutional jurisdiction. If the petitioner is not satisfied with the investigation of this case, then he may move an application before the concerned authorities for transfer of investigation of the case. The impugned FIR cannot be quashed on the above mentioned ground.

13. The judgments cited by learned counsel for the petitioner are distinguishable on their own facts. Even in the case of Muhammad Ashraf supra (2001 PCr.LJ 31) cited by learned counsel for the petitioner, in Para No. 7 of the said judgment, this Court has categorically held that if a father takes the child from the custody of his wife for an immoral or unlawful purpose then it would amount to an offence. The relevant part of the said judgment reads as under:-

"..... Father of a child is always a natural guardian along with the mother. He can never be ascribed or attributed the offence of kidnapping of his own child. The exception appended to section 361, P.P.C. even goes to the extent of relieving a person from any criminal liability if he in good faith believes to be father of an illegitimate child, or, who in good faith believes to be entitled to the lawful custody of such child. **The only fetter placed upon the right of a father to the custody of the child is that when he takes the child from the custody of his wife for a purpose recognized in law as immoral or unlawful, in such a circumstance removal of the child, would amount to an offence**. No such allegation is made in the complaint recorded at the instance of respondent No. 2 ....."

(Bold and underling supplied for emphasis)

It is evident from the perusal of aforementioned judgment that if a father removes his own child from the custody of his wife for an unlawful or immoral purpose then the removal of the child by his own father would amount to an offence. At the cost of repetition, in the instant case, the minors have forcibly been removed by the petitioner and his co-accused and they have secretly been concealed at some unknown place for an unlawful purpose, i.e. to avoid the proceedings of habeas petition filed by the mother for the custody of minors and to avoid the process of the law and the court.

In the case of "Abdul Ghafoor" supra (1996 PCr.LJ 1228) referred by learned counsel for the petitioner this Court observed that there was a written Iqrarnama between the father and mother and according to the terms of said document, the child was to remain with the mother till the age of seven years, with the further condition that if the mother would contract second marriage, she will lose the right of custody of the child and as in the said case, the mother contracted second marriage and the minor also crossed the age of seven years, therefore, the father in good faith while believing himself to be entitled to the custody of the minor took his custody, whereas, no such ground is available to the accused of the instant case. Similarly the facts of remaining judgments cited by learned counsel for the petitioner are distinguishable from the facts of the present case. It is also noteworthy that in all the above judgments referred by learned counsel for the petitioner, no order for production of the minors was passed by any court, whereas, in the instant case the petitioner and his co-accused

did not produce the minors before the courts despite issuance of repeated directions in this respect, therefore, as mentioned earlier, the petitioner cannot take any benefit of exception provided under section 361, P.P.C. as he failed to establish that he and his brother acted in good faith or their act was not for any unlawful or immoral purpose. Under the circumstances, the judgments cited by learned counsel for the petitioner are of no avail to the petitioner.

14. In the light of above discussion, there is no substance in this petition; hence the same is hereby ***dismissed in limine.***

15. It is, however, clarified that observations made in this order shall not prejudice the case of either party at the time of final adjudication of the case by the learned trial court.

JK/N-21/L **Petition dismissed.**

2018 P Cr. L J Note 79

[Lahore]

Before Malik Shahzad Ahmad Khan, J

GHULAM MUSTAFA---Petitioner

Versus

NAEEM IQBAL alias MEHNGA and another---Respondents

Criminal Revision No. 327 of 2011, decided on 4th May, 2017.

(a) Penal Code (XLV of 1860)---

----Ss. 302, 109, 148 & 149---Criminal Procedure Code (V of 1898), S. 439---Qatl-i-amd, abetment, rioting armed with deadly weapon, unlawful assembly---Revision petition---Maintainability---Revision petition for enhancement of sentence---Scope---Accused was charged for the murder---Trial Court concluded that deceased received injury due to the accidental act of accused, therefore, he was convicted and sentenced under S. 322, P.P.C. and was held liable to pay Diyat to the legal heirs of deceased---Accused was not convicted and sentenced by the Trial Court for the charge under S. 302, P.P.C.---Validity---Record showed that the impugned judgment did not mention that accused had been acquitted from the charge under S. 302, P.P.C.---Accused having not been convicted and sentenced for the charge under S. 302, P.P.C., it would be deemed that accused was acquitted from the said charge by the Trial Court---If the accused was deemed to be acquitted from the charge under S. 302, P.P.C., his acquittal from the said charge could not be converted into conviction in the revisional jurisdiction as per provision of S. 439(4)(a), Cr.P.C.---Revision petition was not maintainable in circumstances, which was dismissed accordingly. [Para. 8 of the judgment]

Zarin v. The State 1976 SCMR 359; Mushtaq Ahmad v. Secretary, Ministry of Defence through Chief of Air and Army Staff and others PLD 2007 SC 405; Shaukat Ali v. The State PLD 1982 SC 280; Ghulam Murtaza v. The State 1975 SCMR 244; Mst. Zaib un Nisa v. Rehmat and 2 others 2011 PCr.LJ 666; Jeremy Frankel, General Manager, Avari Hotel, Lahore v. The State 2003 PCr.LJ 75; Bashir Ahmad and another v. Fayyaz Ahmad and others 2007 SCMR 445 and Syed Manzoor Hussain Shah v. Syed Agha Hussain Naqvi and another 1983 SCMR 775 ref.

(b) Criminal Procedure Code (V of 1898)---

----Ss. 417(2) & 439(5)---Penal Code (XLV of 1860), Ss. 302, 109, 148 & 149---Qatl-i-amd, abetment, rioting armed with deadly weapon, unlawful assembly---Private complaint---Petition for special leave to appeal against acquittal---Scope---Revision petition---Maintainability---Record showed that the impugned judgment was passed in a private complaint, therefore the petitioner/complainant was supposed to file a petition for special leave to appeal against acquittal of accused from the charge under S. 302, P.P.C.---Remedy of filing an appeal with special leave of the court was provided under S. 417(2), Cr.P.C. against the acquittal of accused from the charge under S. 302, P.P.C.---Revision petition in circumstances was not maintainable under S.439(5), Cr.P.C., which was dismissed accordingly. [Para. 9 of the judgment]

Ch. Walayat Ali for Petitioner.

Nisar Ahmad Virk, Deputy District Public Prosecutor for the State.

Date of hearing: 4th May, 2017.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---The instant criminal revision has been filed for enhancement of sentence of Naeem Iqbal alias Mehnga (respondent No. 1) in case FIR No. 841/2008 dated 23.10.2008 offences under sections 302, 109, 148, 149, P.P.C. Police Station Bhikhi, District Sheikhupura, with the prayer that sentence of 'Diyat' amount awarded to the above mentioned respondent be altered from the charge under section 322, P.P.C. to the charge under section 302, P.P.C. by awarding the said respondent the death sentence.

2. As per brief facts of the present case, the petitioner/complainant Ghulam Mustafa lodged the above mentioned FIR against respondent No.1 with the allegation that on the intervening night of 22/23.10.2008 at 03.00 a.m. his 'Bhatija' (nephew) Shah Muhammad (deceased) was present in his agricultural fields and was irrigating his crop of `Shaftal'. Ghulam Mustafa (complainant), Ghulam Rasool and Muhammad Akram (PWs) were also present at the spot. In the meanwhile, Naeem Iqbal alias Mehnga (respondent No. 1) armed with rifle 44 bore and his co-accused namely Yasir armed with pistol, Sarang Farid armed with pistol and Khalid Sheikh armed with 12 bore gun

emerged at the place of occurrence and raised lalkara. On seeing respondent No. 1 and his co-accused, Shah Muhammad (deceased) started running, whereupon, respondent No.1 and his co-accused chased and encircled him. Naeem Iqbal alias Mehanga respondent No. 1 thereafter, made a fire shot with his rifle which landed on the chest of Shah Muhammad who fell on the ground and succumbed to the injury at the spot. The motive behind the occurrence was that in the previous B.D. Elections, the complainant party opposed the father of Yasir co-accused, namely Shahadat Bhatti. The said Shahadat Bhatti won the election, however, he was murdered afterwards. Due to the above mentioned grudge, the accused persons committed the occurrence.

3. After completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898, framed charge against respondent No.1 and his co-accused, to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced six witnesses during the trial, whereas, two witnesses appeared as Court Witnesses. The statements of respondent No. 1 and his co-accused under section 342, Cr.P.C. were recorded, wherein they refuted the allegations levelled against them and professed their innocence.

4. The learned Additional Sessions Judge, Sheikhupura after completion of trial, vide judgment dated 08.03.2011, concluded that Shah Muhammad deceased received injury due to the accidental act of respondent No. 1, therefore, he was convicted and sentenced under section 322, P.P.C. and was held liable to pay Diyat of Rs. 11,02,680/- to the legal heirs of deceased. The above mentioned respondent was not convicted and sentenced by the learned trial court for the charge under section 302, P.P.C.; hence the instant criminal revision before this Court.

5. It is contended by learned counsel for the petitioner that the prosecution has fully proved that respondent No. 1 committed intentional murder of Shah Muhammad (deceased), therefore, there was no justification with the learned trial court to convict and sentence the above mentioned respondent under section 322, P.P.C. instead of the charge under section 302, P.P.C.; that the learned trial court has not mentioned in the impugned judgment that respondent No. 1 has been acquitted from the charge under section 302, P.P.C., therefore, the said respondent cannot be presumed to be acquitted from the above mentioned charge; that the learned trial court has wrongly held that it was a case of accidental occurrence, whereas, it was a case of premeditated murder; that the instant criminal revision is maintainable and this Court in revisional

jurisdiction can validly convert the conviction and sentence of respondent No. 1 from the charge under section 322, P.P.C. to the charge under section 302, P.P.C., therefore, the instant petition may be accepted and sentence of respondent No. 1 may be converted from the charge under section 322, P.P.C. to the charge under section 302, P.P.C. and the said respondent may be awarded the sentence of death. In support of his contentions, learned counsel for the petitioner has placed reliance upon the cases reported as Zarin v. The State (1976 SCMR 359), Mushtaq Ahmad v. Secretary, Ministry of Defence through Chief of Air and Army Staff and others (PLD 2007 SC 405), Shaukat Ali v. The State (PLD 1982 SC 280), Ghulam Murtaza v. The State (1975 SCMR 244), Mst. Zaib-un-Nisa v. Rehmat and 2 others (2011 PCr.LJ 666), Jeremy Frankel, General Manager, Avari Hotel, Lahore v. The State (2003 PCr.LJ 75), Bashir Ahmad and another v. Favyaz Ahmad and others (2007 SCMR 445) and Syed Manzoor Hussain Shah v. Syed Agha Hussain Naqvi and another (1983 SCMR 775).

6. Arguments heard and record perused.

7. In this case it was claim of the complainant party that Naeem Iqbal alias Mehnga (respondent No. 1) committed intentional murder of Shah Muhammad deceased. On the other hand, it was claim of respondent No. 1 that it was not a case of intentional murder. Respondent No.1, claimed that on the night of occurrence he (respondent No. 1) was irrigating his land from the tube-well of his uncle Habib Bhatti. He had a rifle with him for security purpose. He (respondent No. 1), Shah Muhammad deceased, Muhammad Khalid Musali son of Ahmad Ali and Sarang Fareed son of Muhammad Arif were close friends and were sitting in the fields as they were waiting for the turn of water of Sarang Fareed. In the meanwhile, Shah Muhammad deceased asked respondent No. 1 to make a fire shot from his rifle and on his insistence Naeem Iqbal alias Mehnga (respondent No. 1) made a fire shot from his rifle which accidentally hit Shah Muhammad deceased. The learned trial court after scrutinizing the evidence of the prosecution came to the conclusion that the occurrence took place at 03.00 a.m. (night) but no source of light was mentioned in the FIR or in the statement of the prosecution eye-witnesses. There was inordinate delay in lodging the FIR, because the occurrence took place at 3.00 a.m, and the FIR was lodged at 8.55 a.m., whereas the distance between the place of occurrence and police station was 3 kilometers. It was also noted by the learned trial court that the post mortem examination of the deceased was conducted on the next day at 2.30 p.m. i.e, with the delay of about 11-1/2 hours from the occurrence. The motive part of the prosecution story was also

disbelieved and it was observed that admittedly the deceased or the complainant and prosecution eye-witnesses were not accused in the murder case of Shadat Bhati. It was further held by the learned trial Court that there were material contradictions in the statements of the eye-witnesses, therefore, the prosecution evidence was discarded. After rejecting the prosecution evidence the learned trial court relied upon the statement of Naeem Iqbal alias Mehnga (respondent No.1) and concluded that it was not a case of intentional murder rather the same was result of an accidental act of respondent No. 1, amounting to Qatl-i-Khata. Resultantly Naeem Iqbal alias Mehnga (respondent No.1) was not convicted and sentenced for the charge under section 302, P.P.C., however, he was convicted for offence of Qatl-i-Khata punishable under section 322, P.P.C. and sentenced to pay Diyat of Rs.11,02,680/- to the legal heirs of Shah Muhammad deceased.

8. Now the first and the foremost question for determination before his Court is that as to whether the instant criminal revision is maintainable in the light of prayer made by the petitioner in this petition that the sentence awarded to respondent No. 1 by the trial court be converted from the charge under section 322, P.P.C. to the charge under section 302, P.P.C. and the said respondent be awarded the sentence of death instead of the sentence of 'Diyat' only. As mentioned earlier, the learned trial court after recording of evidence has concluded that it was a case of accidental occurrence, therefore, respondent No. 1 was convicted and sentenced only for the offence of Qatl¬-i-Khata punishable under section 322, P.P.C. The learned trial court after evaluating the prosecution evidence has concluded that it was an unseen occurrence and the prosecution failed to prove its case against the above mentioned respondent, whereby, the allegation of intentional murder was levelled against the said respondent. Although it is not mentioned in the impugned judgment that respondent No. 1 has been acquitted from the charge under section 302, P.P.C. but as the said respondent has not been convicted and sentenced for the abovementioned charge, therefore, it would be deemed that he (respondent No. 1) was acquitted from the said charge by the learned trial court. Reference in this respect may be made to the case reported as Muhammad Yaqub v. The State (1985 PCr.LJ 2406) wherein at Para No. 6 it was observed as under:-

> "6. I have considered the submissions made by the learned counsel for the parties with care. I feel persuaded to agree with the learned counsel for the appellant. I find that the appellant was charged under section 409, P.P.C. on the allegation of criminal misappropriation of Rs. 2,550 received by him from

Jan Muhammad and Faqir Muhammad: that he having not been convicted under section 409, P.P.C. is deemed to have been acquitted of that charge....."

Similar view was taken in the case of Muhammad Sajjad and 2 others v. The State (PLD 1960 (W.P.) Lahore 520).

If respondent No. 1 is deemed to be acquitted from the charge under section 302, P.P.C. then his acquittal from the said charge cannot be converted into his conviction in the revisional jurisdiction of this Court. The provisions of section 439(4)(a), Cr.P.C. are relevant in this respect which are reproduced hereunder for ready reference:-

439. High Court's powers of revision.

(1) .....

(2) .....

(3) .....

(4) Nothing in this section shall be deemed to authorize a High Court;

(a) to convert a finding of acquittal into one of conviction;

(b) .....

(5) .....

(6) .....

As respondent No. 1 is deemed to be acquitted from the charge under section 302, P.P.C. by the learned trial court, therefore, while keeping in view the provisions of section 439(4)(a), Cr.P.C. this Court in the exercise of revisional jurisdiction cannot convert the findings of acquittal of respondent No. 1 from the charge under section 302, P.P.C. into one of his conviction.

9. It is also noteworthy that the impugned judgment was passed in a private complaint filed by the petitioner/complainant, therefore, the petitioner was supposed to file a petition for special leave to appeal against the acquittal of respondent No. 1 from the charge under section 302, P.P.C., by the learned trial court. The petitioner/ complainant filed Criminal Petition for Special Leave to Appeal No. 73 of 2011 and Criminal Petition for Special Leave to Appeal No. 78 of 2011 against the acquittal of Khalid and Sarang Fareed co-accused, respectively and the said petitions have been

dismissed by this Court vide orders of even date 26.10.2015. No petition for special leave to appeal has been filed by the complainant/appellant against the acquittal of respondent No. 1 from the charge under section 302, P.P.C. Under the circumstances as the remedy of filing an appeal with the special leave of the court (petition for special leave to appeal) is provided under section 417(2), Cr.P.C. against the acquittal of respondent No. 1 from the charge under section 302, P.P.C., therefore, while keeping in view the provisions of section 439(5), Cr.P.C. the instant criminal revision is not maintainable in the eye of law. The above referred provisions of law reads as under:-

417. Appeal in case of acquittal.

(1) .....

(2) If such an order of acquittal is passed in any case instituted upon complaint and the High Court, on an application made to it by the complainant in this behalf grants special leave to appeal from the order of acquittal the complainant may present such an appeal to the High Court.

(2-A) .....

(3) .....

(4) .....

439. High Court's powers of revision.

(1) .....

(2) .....

(3) .....

(4) .....

(5) "Where under this Code an appeal lies and no appeal is brought, no proceedings by way of revision shall be entertained at the instance of the party who could have appealed."

(6) .....

As the remedy of filing an appeal with the special leave of the court, under section 417(2-A), Cr.P.C. is provided against the acquittal of respondent No. 1 from the charge under section 302, P.P.C., therefore, no proceedings by way of the instant

criminal revision are entertainable at the instance of the petitioner/complainant who could have filed an appeal with the special leave of the court against respondent No.1.

10. Admittedly the amount of Diyat has rightly been fixed by the learned trial court according to the notification issued by the government for the relevant year. Even otherwise, there is no prayer in this petition for enhancement of the amount of Diyat.

11. The judgment cited by learned counsel for the petitioner in the case of Zarin v. The State (1976 SCMR 359) has been rendered on the point that the High Court was not barred from enhancing the sentence of a convict after his release from the jail. It was not held in the said judgment that in the exercise of revisional jurisdiction, the acquittal of an accused from a specific charge could be converted into one of his conviction by the High Court. Likewise in the case of Shaukat Ali v. The State (PLD 1982 SC 280), it was simply held by the apex court that a High Court can suo motu enhance the sentence of a convict and it was not held in the said judgment that while exercising revisional powers under section 439, Cr.P.C., a High Court can convert the findings of acquittal of an accused into one of his conviction. Similarly, the remaining judgments cited by learned counsel for the petitioner are not relevant for the determination of issues involved in the present petition.

12. Keeping in view all the above mentioned facts, the instant criminal revision petition is not maintainable; hence the same is hereby dismissed.

JK/G-15/L **Petition dismissed.**

[Lahore]

Before Malik Shahzad Ahmad Khan, J

Mst. SADAF ABBAS---Appellant

Versus

The STATE and another---Respondents

Criminal Appeals Nos.257, 444 and Criminal Revision No.314 of 2015, heard on 10th April, 2017.

(a) Penal Code (XLV of 1860)---

----Ss.302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Benefit of doubt---Complainant had lodged FIR against two accused persons for committing murder of his son on the basis of suspicion with the allegation that deceased had eloped lady co-accused and both were staying at the house of accused---Complainant had insulted his neighbor brother-in-law of accused, many times and due to that grudge, the accused persons committed the occurrence---After registration of FIR on 15.5.2011, prosecution introduced two eye-witnesses to furnish the ocular account---Evidence of the said witnesses showed that they had seen the occurrence regarding commission of murder of deceased at the hands of the accused persons on 12.5.2011 at 5.30 p.m. but they did not report the matter to the police for a period of three days---Said witnesses, later on appeared before the police on 15.5.2011 to make their statements against the accused persons and explained that parents of the deceased were not known to them, therefore, they did not report the matter to the police in time---Witness of ocular account stated that after the occurrence, he straightaway went towards his house as weather was very hot those days---Explanation by the said witness was not plausible---Admittedly, accused persons were empty handed at the time of occurrence, but the witnesses did not try to apprehend them---Witnesses could have at least apprehended co-accused who was a female but they did not attempt to do so---Unnatural conduct of the said witnesses had established that they were not present at the time of occurrence---Post-mortem report and evidence of Medical Officer showed that there were three injuries on the body of the deceased---Both the eye-witnesses had not explained the said injuries in their statements recorded by the police or by the Trial Court, which indicated that they were not present at the spot

at the time of occurrence---Evidence of said witnesses was not trustworthy, in circumstances---Witnesses of ocular account had admitted that lady co-accused was not known to them prior to occurrence but no identification parade for her identification took place---Circumstances established that prosecution had failed to prove its case beyond any shadow of doubt, benefit of which would resolve in favour of accused persons---Accused were acquitted by setting aside conviction and sentence recorded by the Trial Court in circumstances. [Paras. 9, 10 & 11 of the judgment]

Muhammad Asif v. The State 2017 SCMR 486; Muhammad Khan v. Maula Bakhsh and another 1998 SCMR 570; Liaquat Ali v. The State 2008 SCMR 95; Pathan v. The State 2015 SCMR 315; Irshad Ahmad v. The State 2011 SWCMR 1190 and Irfan Ali v. The State 2015 SCMR 840 rel.

(b) Penal Code (XLV of 1860)---

----Ss.302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Enmity of witnesses towards accused---Effect---Defence was unable to establish any enmity of the eye-witnesses with the accused persons---Evidence of the witnesses could not be relied upon merely on the ground of having no enmity with the accused persons, when their evidence was otherwise not worthy of reliance. [Para. 12 of the judgment]

Haroon alias Harooni v. The State and another 1995 SCMR 1627 and Ghulam Mustafa alias Ziau v. the State PLD 1991 SC 718 rel.

(c) Penal Code (XLV of 1860)---

----Ss.302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Recovery of different articles from accused---Scope---Shirt of the deceased had allegedly been recovered on the pointation of accused but the same was never got identified by the complainant to be of the deceased---Record showed that occurrence took place on 12.5.2011 while accused was arrested on 27.5.2011 and Identity Card of the deceased was recovered from his possession on 30.5.2011---Record was silent and it did not appeal to a prudent mind that as to why the accused would keep the Identity Card of the deceased with him for a period of more than fifteen days after the occurrence---Said recovery, in the circumstances could not be used against the accused. [Para. 13 of the judgment]

Muhammad Sajjad v. The State 2009 SCMR 1248 rel.

(d) Penal Code (XLV of 1860)---

----Ss.302 & 34---Qatl-i-amd, common intention---Appreciation of evidence---Motive not proved---Effect---Prosecution had alleged that motive of the occurrence was that neighbor of the complainant was many times insulted by the complainant---Accused was brother-in-law of neighbor of the complainant and he had provided residence to deceased and his wife/co-accused at his house---Due to the said grudge (of insulting the neighbor) accused persons committed the murder of the deceased---Complainant and a witness had appeared to prove the motive part of the occurrence---Complainant made dishonest improvements in his statement by stating that accused and lady co-accused had developed illicit relations inter se and wanted to marry each other---Due to said reason and insult of neighbor of complainant, accused persons committed the murder of deceased---Complainant conceded during his cross-examination that he did not get recorded in FIR about illicit relations between the accused persons---Witness of motive part of the occurrence had stated in his cross-examination that motive part was told to him by the complainant and he had no personal knowledge of the same---Neighbor who was allegedly insulted by the complainant and due to whose insult the accused persons allegedly committed the murder of the deceased, was not made accused in the case---No private complaint was filed by the complainant against his neighbor---As the motive alleged in the FIR was directly attributed against the neighbor of complainant and said neighbor had not been tried in the case, therefore, the motive to the extent of the accused persons could not be believed---Other motive of illicit relations inter-se the accused persons was not mentioned in the FIR---Prosecution had failed to prove the motive in circumstances. [Para. 14 of the judgment]

Akhtar Ali and others v. The State 2008 SCMR 6 rel.

(e) Criminal trial---

----Benefit of doubt--- Scope--- Single circumstance creating doubt regarding the prosecution case, would be sufficient to give benefit of doubt to the accused. [Para. 15 of the judgment]

Tariq Pervez v. The State 1995 SCMR 1345 and Muhammad Akram v. The State 2009 SCMR 230 rel.

Malik Saleem Iqbal Awan for Appellant (in Criminal Appeal No.444 of 2015).

Javed Imran Ranjha, Malik Sofera Khan Waseer, Ch. Safdar Hussain Tarar and Aftab Hussain Qureshi for Appellant (Criminal Appeal No.257 of 2015).

Nisar Ahmad Virk, Deputy District Public Prosecutor for the State.

Nemo for the Complainant.

Date of hearing: 10th April, 2017.

JUDGMENT

MALIK SHAHZAD AHMAD KHAN, J.---This judgment shall dispose of Criminal Appeal No. 257 of 2015 filed by Mst. Sadaf Abbas against her conviction and sentence, Criminal Appeal No. 444 of 2015 preferred by Muhammad Imran appellant against his conviction and sentence and Criminal Revision No. 314 of 2015 filed by Muhammad Sarwar appellant/complainant for enhancement of the sentence of Mst. Sadaf Abbas and Muhammad Imran convicts from life imprisonment to death sentence. I propose to dispose of all these matters by this single judgment as these have arisen out of the same judgment dated 30.01.2015 passed by learned Additional Sessions Judge, Piplan, District Mianwali.

2. Mst. Sadaf Abbas and Muhammad Imran appellants were tried in case FIR No. 88/2011 dated 15.05.2011 offences under sections 302/ 34, P.P.C. registered at Police Station Piplan District Mianwali. After conclusion of the trial, the learned trial court vide its judgment dated 30.01.2015 has convicted and sentenced the appellants as under:-

> Under section 302-B, P.P.C., sentence of imprisonment for life was awarded to each appellant, for committing Qatl-i-Amd of Muhammad Usman (deceased). They both were also ordered to pay Rs. 50,000/- each to the legal heirs of the deceased as compensation under section 544-A, Cr.P.C. and in default thereof to suffer simple imprisonment for four months each.
>
> The benefit of section 382-B, Cr.P.C. was also extended to them.

3. Brief facts of the case as given by the complainant Muhammad Sarwar in FIR Exh. PF are that he (complainant) was running a shop of spare parts in Toba Tek Singh City and Muhammad Usman (deceased) was his real son who about three months earlier eloped with Mst. Sadaf Abbas (appellant) and left his house. During

the search, it came to the knowledge of the complainant that Muhammad Imran (appellant) had provided accommodation to them in his house situated at Gol Chowk, Piplan, District Mianwali. On 15.05.2011, Muhammad Sarwar complainant along with his son Muhammad Suleman and nephew Muhammad Siddique was going on a car in search of Muhammad Usman (deceased) and when at about 12.30 p.m. they reached near the bridge Nani Wala of Thal canal (within the jurisdiction of Police Station Piplan), they saw that large number of people had gathered there. They stopped and it was told to them that deadbody of a person was floating in the water of the canal and when they came out of the car, they identified that it was the deadbody of Muhammad Usman (deceased). They managed to take the deadbody out of the water with the help of other people. The complainant expressed his strong suspicion against both the appellants that they had murdered Muhammad Usman (deceased) and threw his deadbody in the canal.

According to the prosecution story narrated in the FIR Exh. PF, the motive behind the occurrence was that one Iqrar Shah was neighbour of the complainant who was many times insulted by the complainant. Muhammad Imran appellant was brother-in-law of the above mentioned Iqrar Shah. Muhammad Usman deceased and Mst. Sadaf Abbas appellant were residing with Muhammad Imran at his house and due to the above mentioned grudge (of insult of Iqrar Shah), the appellants committed the murder of Muhammad Usman deceased.

4. The appellants were arrested in this case by the police and after completion of investigation the challan was prepared and submitted before the learned trial court. The learned trial court, after observing legal formalities, as provided under the Code of Criminal Procedure, 1898 framed charge against the appellants to which they pleaded not guilty and claimed trial. In order to prove its case the prosecution produced eleven witnesses during the trial.

Muhammad Sarwar (PW5) is the complainant of this case. He and Muhammad Siddique (PW-6) are the witnesses of the motive part of the prosecution case, whereas, Abdul Aziz (PW7) and Ghulam Muhammad alias Gamaya (PW8) are the eye-witness of the occurrence. Abdul Ghafoor, SI (PW9) is the investigating officer of the case.

The medical evidence was furnished by Dr. Bilal Ayyub Niazi, (PW10).

Mst. Zenab Bibi, 638/LC (PW1) is the recovery witness of mobile phone recovered from Mst. Sadaf Abbas deceased. Muhammad Bashir 129/C (PW3) is

the recovery witness of motorcycle used by the accused during the occurrence. He is also witness of the recovery of shirt (P2) and mobile (P4) of the deceased from Muhammad Imran (appellant). Muhammad Zubair 1266/C (PW11) is the recovery witness of mobile phone of the appellant, recovered from Muhammad Imran appellant at the time of his arrest.

Sher Muhammad 1052/C (PW2) and Muhammad Shafiq draftsman (PW4) are the formal witnesses.

The prosecution also produced documentary evidence in the shape of recovery memo of mobile phone P-2 recovered from the possession of Mst. Sadaf Abbas appellant Exh. PA, recovery memo of last worn clothes of the deceased Muhammad Usman Exh. PB, recovery memo of motorcycle Exh. PC, recovery memo of mobile phone of Muhammad Usman deceased Exh. PD, scaled site plan of the place of occurrence Exh. PE, FIR Exh PF, Inquest report Exh. PG, Injury statement of the deceased Exh. PG/1, rough site plan of the place of occurrence Exh. PJ, rough site plan of the place of recovery of mobile phone recovered on personal search of Mst. Sadaf Abbas appellant Exh. PK, recovery memo of the place of recovery of mobile phone recovered on personal search of Muhammad Imran appellant Exh. PL, rough site plan of the place of recovery of mobile phone and shirt of the deceased recovered at the instance of Muhammad Imran appellant Exh. PM, Post mortem report of the deceased Exh. PN, pictorial diagram of the deceased Exh PN/1 and closed the prosecution evidence.

The statements of the appellants under section 342, Cr.P.C. were recorded, wherein they refuted the allegations levelled against them. While answering to a question that 'Why this case against you and why the PWs have deposed against you" the appellants replied as under:--

Muhammad Imran

> "The complainant party developed an idea that it was 1 who provided shelter to deceased and his wife Mst. Sadaf Abbas after their marriage at Piplan. After the death of Usman deceased, the complainant tried his best to take revenge from Sadaf accused and due to the same, complainant introduced a false motive of illicit relations between me and Sadaf accused. Both the PWs Abdul Aziz and Ghulam Muhammad alias Gamya are stock witnesses. Abdul Aziz is running his business at Fateh Pur and is under the influence of Muhammad Siddique PW who is a big landlord

of Fateh Pur. PW Ghulam Muhammad alias Gamay is a history sheeter and a permanent police tout. Both the PWs above said belong to Joeya and Ghayas Mehdi political group of Piplan whereas I belong to Sher Dil Khan Kilia Khel group. Presence of Ghayas Mehdi Khan has been shown even on the place of recovery of deadbody at the time of first visit of I.O. at there. Both the PWs tried their level best to blackmail me and to grab a big amount from me in consideration of resiling from their statements but I was unable to manage their required amount due to which both the witnesses deposed against me ".

Sadaf Abbas

"Deceased Usman solemnized marriage with me against the wishes of his parents, after the marriage the complainant published an announcement in a local newspaper about desertion of his son, the complainant became inimical with me and in his view the deceased solemnized marriage and left his house on my instigation and motivation. To teach me a lesson and to take revenge the complainant concocted a false story of illicit relation between me and Imran accused and provided stock and false witnesses to the police. PWs Abdul Aziz and Ghulam Muhammad alias Gamaya tried their level best to blackmail me and to grab a big amount from me in consideration of resiling from their statements but I was unable to manage their required amount due to which both the witnesses deposed against me."

The appellants opted not to make statements on oath as envisaged under Section 340 (2), Cr.P.C., however, in defence evidence the appellant Muhammad Imran produced proclamation of newspaper Millat Lahore dated 01.02.2011 as Exh. DF.

The learned trial court vide its judgments dated 30.01.2015 found the appellants guilty, convicted and sentenced them as mentioned and detailed above.

5. No one is present on behalf of the complainant, despite repeated calls. The name of learned counsel for the complainant is duly reflected in the cause list issued for today but there is no intimation regarding any reason of his absence, therefore, I proceed to decide these cases after hearing learned counsel for the appellants and learned Deputy District Public Prosecutor for the State, as well as, after perusal of the record.

6. It is contended by learned counsel for the appellants that the prosecution has miserably failed to prove its case against the appellants beyond the shadow of doubt; that the name of any eye-witness was not mentioned in the FIR which was lodged merely on the basis of suspicion and guess work; that the alleged eye-witnesses of occurrence namely Abdul Aziz (PW7) and Ghulam Muhammad (PW8) claimed that they had seen the occurrence on 12.05.2011 but they did not report the matter to the police for a period of three days without any plausible explanation, therefore, their evidence is not worthy of reliance; that even otherwise the conduct of the above mentioned eye-witnesses is highly unnatural because they had seen the appellants while committing the offence of murder but they did not try to apprehend the appellants in spite of the fact that both the appellants were empty handed and one of them is a female and the above mentioned witnesses claimed that they had seen the occurrence from a distance of only 15/16 Karams; that there are material weaknesses and inherent defects in the statements of above mentioned eye-witnesses because there were three injuries on the body of the deceased but the eye-witnesses had given no explanation in respect of the aforementioned injuries which shows that in fact the occurrence was unseen and the alleged eye-witnesses were not present at the spot at the time of occurrence; that the prosecution eye-witnesses admitted that Mst. Sadaf Abbas appellant was earlier not known to them but no identification parade of the said appellant was conducted in this case; that the prosecution alleged a specific motive but miserably failed to prove the same; that the complainant made dishonest improvements in his statement in respect of the motive part of the case and he was confronted with his previous statement and the improvements made by him were duly brought on the record; that the other witness namely Muhammad Siddique (PW6) produced by the prosecution to prove the alleged motive has frankly admitted during his cross-examination that he had no personal knowledge about the motive and the same was told to him by the complainant, thus, his statement which is based on hearsay evidence is of no avail to the prosecution; that only a cell mobile phone has been recovered from the possession of Mst. Sadaf Abbas appellant which admittedly belonged to the said appellant and as such the aforementioned recovery of mobile phone is inconsequential for the prosecution; that insofar as the recovery of motorcycle from Muhammad Imran appellant is concerned, it was the case of prosecution that Muhammad Imran appellant took the said motorcycle on rent from one Gull Hameed and used the

same in occurrence in order to transport the deceased to the place of occurrence but the above said Gul Hameed was never produced in the witness box; that there is absolutely no evidence to establish that the mobile phone allegedly recovered from the possession of Muhammad Imran appellant was owned by Muhammad Usman deceased; that Qamiz P-3 of the deceased allegedly recovered from Muhammad Imran appellant was never got identified by Muhammad Sarwar complainant, in order to establish that the said shirt belonged to the deceased; that the alleged recovery of I.D. Card of the deceased was planted against Muhammad Imran appellant and even otherwise it does not appeal to the common sense that as to why Muhammad Imran appellant would keep the I.D. Card of the deceased with him for a period of 15 days after the occurrence because the said I.D. Card was of no use for the above mentioned appellant; that the impugned judgment is result of misreading and non-reading of evidence, therefore, the same may be set aside and the appellants may be acquitted from the charges.

7. On the other hand, this petition has been opposed by learned Deputy District Public Prosecutor on the grounds that the prosecution has proved its case against the appellants beyond the shadow of any doubt; that Muhammad Usman deceased contracted court marriage with Mst. Sadaf Abbas appellant without the consent of his parents, therefore, he left his house and he along with his wife stared to reside at the house of Muhammad Imran appellant but in the meanwhile Mst. Sadaf Abbas appellant and Muhammad Imran appellant developed illicit relations inter-se and due to this reason they committed the murder of Muhammad Usman deceased; that the prosecution has proved its case against the appellants through confidence inspiring and trustworthy evidence of eye-witnesses namely Abdul Aziz (PW7) and Ghulam Muhammad (PW8) who had absolutely no enmity with the appellants to falsely depose against them; that the aforementioned eye-witnesses of the prosecution stood the test of lengthy cross-examination but their evidence could not be shaken; that the prosecution has also proved the motive part of its case through reliable and convincing evidence of Muhammad Sarwar complainant (PW5) and Muhammad Siddiq (PW6); that prosecution case against the appellants is further corroborated by the recovery of mobile phone of the deceased P-2, shirt of the deceased P-3 and I.D. Card of the deceased P-4 on the pointation of Muhammad Imran appellant which were taken into possession vide recovery memo Exh. PD; that post mortem report of the deceased has further

supported the prosecution evidence against the appellants; that there is no substance in these appeals, therefore, the same may be dismissed.

8. Arguments heard and record perused.

9. The detail of the prosecution case has already been given in para No. 3 of this judgment, therefore, there is no need to repeat the same. It is evident from the perusal of record that no eye-witness was mentioned in the FIR Muhammad Sarwar complainant lodged FIR Exh. PF on the basis of suspicion against both the appellants with the allegation that Muhammad Usman deceased eloped with Mst. Sadaf Abbas appellant and they both were staying at the house Muhammad Imran appellant at Piplan, therefore, the complainant expressed his suspicion that both the appellants committed the murder of his son Muhammad Usman deceased because one Iqrar Shah who was neighbor of the complainant was insulted many times by the complainant and as the said Iqrar Shah was brother-in-law of Muhammad Imran appellant, therefore, due to this grudge the appellants committed the occurrence. After registration of the FIR on 15.05.2011, on the same day, prosecution introduced two eye-witnesses in this case, namely Abdul Aziz (PW7) and Ghulam Muhammad (PW8). Both the above mentioned eye-witnesses have stated that on 12.05.2011 at 05.30 p.m. they saw Muhammad Imran appellant and Mst. Sadaf Abbas appellant along with Muhammad Usman deceased who were standing on the stairs of bridge of Thal canal of Tehsil Piplan and within their view both the appellants pushed Muhammad Usman deceased into the canal who did not know how to swim and drowned in the water. According to their evidence, both the said eye-witnesses saw the occurrence regarding commission of a heinous crime of murder of Muhammad Usman (deceased) at the hands of the appellants on 12.05.2011 at 05.30 p.m. but they did not report the matter to the police for a period of three days and later on they appeared before the police on 15.05.2011 to make their statements against the appellants. Although the above mentioned witnesses gave this explanation that parents of the deceased were not known to them, therefore, they did not report the matter to the police but at the same time both the said witnesses claimed that Muhammad Imran appellant was very well known to them prior to the occurrence. In-spite of the fact that Muhammad Imran appellant was known to them prior to the occurrence and they had seen the said appellant while committing the crime of murder, they did not bother to proceed to the police station to inform the police about the occurrence. Abdul Aziz (PW7) stated during his cross-examination that

after the occurrence he straightaway went towards his house as it was very hot season. The explanation given by the above mentioned witness for not proceeding towards the police station to lodge the FIR is highly ridiculous because if it was very hot season on 12.05.2011 then it was the same season after three days, i.e. on 15.05.2011, when he went to the police station and made his statement before the police. The Hon'ble Supreme Court of Pakistan in the case of Muhammad Asif v. The State (2017 SCMR 486) was pleased to observe that even one or two days unexplained delay in recording the statements of eye-witnesses would be fatal and testimony of such witnesses could not be safely relied upon. Similarly in the case of Muhammad Khan v. Maula Bakhsh and another (1998 SCMR 570) the apex court of the country held that belated statement of a witness recorded under section 161, Cr.P.C. without offering any plausible explanation would reflect adversely on the credibility of such witness and his statement shall be looked with serious suspicion.

Moreover, the conduct of both the above mentioned eye-witnesses at the time of occurrence also raises serious questions about their presence at the spot at the relevant time. The appellants were admittedly empty handed and they did not carry any sort of weapon with them at the time of occurrence. Abdul Aziz (PW7) has stated during his cross-examination that he along with Ghulam Muhammad (PW8) saw the appellants while committing the occurrence from a distance of 15/16 Karams. Both the above mentioned eye-witnesses did not try to apprehend the appellants. They could have at least apprehended Mst. Sadaf Abbas appellant who is a female but they did not attempt to do so. The unnatural conduct of the above mentioned eye-witnesses has established that they were not present at the time of occurrence and their evidence is not worthy of reliance. In the cases reported as Liaquat Ali v. The State (2008 SCMR 95), Pathan v. The State (2015 SCMR 315) and Irshad Ahmad v. The State (2011 SCMR 1190), the Hon'ble Supreme Court of Pakistan disbelieved the evidence of eged eye-witnesses of the occurrence on the ground that despite the fact that the accused were not armed with any formidable weapon at the time of occurrence, the said eye-witnesses did not try to over power or apprehend the accused and as such their conduct was highly un-natural, therefore, their evidence was not worthy of reliance.

10. It is also noteworthy that as per post-mortem report Exh. PN and evidence of Dr. Bilal Ayyub Khan Niazi (PW10), there were three injuries on the body of

Muhammad Usman deceased. The detail of the said injuries as given by Dr. Bilal Ayub Khan Niazi (PW.10) is reproduced as under:--

1. An abrasion 0.5 x 0.3 cm x skin deep on left side of forehead, 1 cm above the left eyebrow.

2. An abrasion 1.5 cm x 1 cm on the front of right knee joint.

3. An abrasion 1.3 cm x 0.8 cm on the front of left knee joint.

I have noted that both the above mentioned eye-witnesses have not explained the said injuries in their statements recorded by the police or by the learned trial court which further indicates that they were not present at the spot at the time of occurrence because had they been present at the place of occurrence at the relevant time then they must have explained the said three injuries on the body of the deceased, in their statements recorded by the police or by the learned trial court. Under the circumstances, the evidence of above mentioned eye-witnesses is not trustworthy. In the case of Irfan Ali v. The State (2015 SCMR 840), at Page 844, the apex court of the country was pleased to observe as under:-

> "11…….The most striking feature of the case is that in the FIR complete photographic narration of the entire tragedy has been given so much so, Muhammad Khan acquitted accused and the appellant were attributed causing specific injuries with the fire shots of 30 bore pistols at the deceased. With such degree of accuracy each and every detail of the incident was given, however, it was not due to mental disorientation that the dagger blows inflicted on the deceased found during the autopsy on the dead body, could not be noticed by the complainant. This doubt of reasonable nature and substance would strongly suggest that the complainant and the other eye-witnesses were not present at the spot, otherwise, the lodging the report after more than 3 hours and spending 1-1/2 hour at the spot with the dead body, no room was left for this glaring omission. This omission is very fatal to the prosecution case and it is established that crime was an unwitnessed one"

11. Both the above mentioned witnesses have admitted that Mst. Sadaf Abbas appellant was not known to them prior to the occurrence. No identification parade of the said appellant has ever taken place in this case.

12. It is true that the defence was unable to establish any enmity of the above mentioned witnesses with the appellants but the evidence of said eye-witness cannot be blindly relied upon merely on the ground that they had no enmity with the appellants, when otherwise their evidence is not worthy of reliance. Similar view was taken by the Hon'ble Supreme Court of Pakistan in the cases of Haroon alias Harooni v. The State and another (1995 SCMR 1627) and Ghulam Mustafa alias Ziau v. The State (PLD 1991 SC 718).

13. Insofar as the recovery of mobile phone P-2 through recovery memo Exh. PA from the possession of Mst. Sadaf Abbas appellant is concerned, admittedly the said mobile phone is owned by Mst. Sadaf Abbas appellant. No mobile data is available on the record that the above mentioned mobile phone was used by the said appellant for the commission of occurrence of this case. Although a motorcycle has been recovered from the possession of one Gul Hameed vide recovery memo (Ex.PC) and the prosecution case in respect of the said motorcycle is that the same was taken on rent from the said Gul Hameed and it was used by the appellants for transporting Muhammad Usman deceased to the place of occurrence. The abovementioned Gul Hameed was never produced in the witness box in support of the above mentioned claim of the prosecution. A mobile phone bearing Sim No. 0301-3129692 has also been recovered from the possession of Muhammad Imran appellant with the allegation that the said mobile phone belonged to Muhammad Usman deceased but there is absolutely no documentary proof to establish that the above mentioned mobile phone was owned by Muhammad Usman deceased.

Although shirt of the deceased (P3) has allegedly been recovered on the pointation of Muhammad Imran (appellant) but the said shirt was never got identified by the complainant to prove that the same belonged to the deceased. Insofar as the recovery of I.D. Card of the deceased from the possession of Muhammad Imran appellant is concerned, I have noted that the occurrence in this case took place on 12.05.2011. Muhammad Imran appellant was arrested in this case on 27.05.2011, whereas, the alleged recovery of I.D. Card of the deceased was effected from the possession of Muhammad Imran appellant on 30.05.2011. It does not appeal to a prudent mind that as to why the said appellant would keep the I.D. Card of the deceased with him for a period of more than 15 days after the occurrence so that the same may be used as an evidence against him, when the said I.D. Card was of no use for the above mentioned appellant. In the case of

Muhammad Sajjad v. The State (2009 SCMR 1248), at page 1254, the apex court gave the following findings in respect of the prosecution evidence qua the recovery of photo copy of the I.D. card of the complaint from the accused.

> "…..As far as identity card of the complainant is concerned it was of no use to the accused. Anyone with a head on his shoulders would not keep these articles intact till his arrest so as to produce those to the Investigating Officer……"

Under the circumstances the aforementioned alleged recoveries from the possession of the appellants are highly doubtful and unreliable.

14. According to the prosecution story narrated in the FIR Exh.PF the motive behind the occurrence was that one Iqrar Shah was a neighbor of the complainant who was many times insulted by the complainant. Muhammad Imran appellant was brother-in-law of the above mentioned Iqrar Shah. Muhammad Imran appellant provided residence to Muhammad Usman deceased and Mst. Sadaf Abbas appellant at his house and due to the above mentioned grudge (of insult of Iqrar Shah), the appellants committed the murder of Muhammad Usman deceased. In order to prove the above mentioned motive, the prosecution produced Muhammad Sarwar complainant (PW5) and Muhammad Siddique (PW6). Muhammad Sarwar complainant (PW5) while appearing in the witness box made dishonest improvements in his statement in respect of the motive part of the prosecution case by stating that Mst. Sadaf Abbas appellant eloped with Muhammad Usman deceased and they were residing in the house of Muhammad Imran appellant and during the said stay Muhammad Imran appellant and Mst. Sadaf Abbas appellant developed illicit relations inter se and wanted to marry each other and due to this reason and insult of Iqrar Shah, they committed the murder of Muhammad Usman deceased. Muhammad Sarwar complainant (PW5) was confronted with his previous statement and dishonest improvements made by him qua the motive part of the case were duly brought on the record. He frankly conceded during his cross-examination that it is correct that he did not get recorded in FIR Exh. PF about illicit relations between Muhammad Imran and Mst. Sadaf Abbas accused persons. The relevant part of his statement in this respect is reproduced hereunder for ready reference:--

> "It is correct that I did not get record in FIR Exh. PF about illicit relations between Imran Shah and Mst. Sadaf Abbas accused persons"

The said witness also admitted during his cross-examination that it is correct that wife of Iqrar Shah is not sister of Imran Shah accused, however, he volunteered that Iqrar Shah is Behnoi of Muhammad Imran accused in relation. Muhammad Siddique (PW6) has categorically stated in his cross-examination that it is correct that motive part was told to him by his Mamoon, i.e. Muhammad Sarwar complainant (PW5) and he had no personal knowledge of the same. The above mentioned Iqrar Shah who was allegedly insulted by the complainant and due to his insult the appellants allegedly committed the murder of Muhammad Usman deceased, was never made an accused in this case by the police. No private complaint was filed by the complainant against said Iqrar Shah. As the motive alleged in the FIR was directly attributed against the above mentioned Iqrar Shah and because the said Iqrar Shah has not been tried and convicted in this case, therefore, the aforementioned motive to the extent of the present appellants cannot be believed. Insofar as the other motive alleged by the prosecution witnesses regarding development of illicit relations inter-se both the appellants is concerned, admittedly the said motive was not mentioned in the FIR. As the said motive is result of dishonest improvements in the statements of prosecution witnesses, therefore, the prosecution story qua the above mentioned newly introduced motive which was introduced for the first time at the time of recording of the statements of PWs by the learned trial court, cannot be relied upon. Reference in this respect may be made to the case of Akhtar Ali and others v. The State (2008 SCMR 06).

15. Keeping in view all the above mentioned facts, I have come to this irresistible conclusion that the prosecution could not prove its case against the appellants beyond the shadow of doubt. It is by now well settled that if there is a single circumstance which creates doubt regarding the prosecution case, the same is sufficient to give benefit of doubt to the accused, whereas, the instant case is replete with number of circumstances which have created serious doubt about the truthfulness of the prosecution evidence. In Tariq Pervez v. The State (1995 SCMR 1345) the Hon'ble Supreme Court of Pakistan at page 1347 was pleased to observe as under:--

> "5……..The concept of benefit of doubt to an accused person is deep rooted in our country. For giving him benefit of doubt it is not necessary that there should be many circumstances creating doubt. If there is a circumstance which creates reasonable doubt in a prudent mind about the

guilt of the accused, then the accused will be entitled to the benefit not as a matter of grace and concession but as a matter of right."

The Hon'ble Supreme Court of Pakistan while reiterating the same principle in the case of Muhammad Akram v. The State (2009 SCMR 230) at page 236 observed as under:--

> "13……..It is an axiomatic principle of law that in case of doubt, the benefit thereof must accrue in favour of the accused as matter of right and not of grace. It was observed by this Court in the case of Tariq Pervez v. The State 1995 SCMR 1345 that for giving the benefit of doubt, it was not necessary that there should be many circumstances creating doubts. If there is circumstance which created reasonable doubt in a prudent mind about the guilt of the accused, then the accused would be entitled to the benefit of doubt not as a matter of grace and concession but as a matter of right."

16. In the light of above discussion, Criminal Appeal No. 257 of 2015 filed by Mst. Sadaf Abbas appellant and Criminal Appeal No. 444 of 2015 filed by Muhammad Imran appellant are allowed, convictions and sentences of both the appellants recorded by the learned Additional Sessions Judge Piplan, District Mianwali vide judgment dated 30.01.2015 are hereby set aside and both the appellants are acquitted of the charges by extending them the benefit of doubt. Mst. Sadaf Abbas and Muhammad Imran appellants are in custody, they be released forthwith if not required in any other case.

16(sic) As Mst. Safdar Abbas and Muhammad Imran appellants have been acquitted by this Court today, therefore, Criminal Revision No.314 of 2015 filed by Muhammad Sarwar complainant seeking enhancement of sentence of the said appellants from imprisonment for life to death penalty has become infructuous, hence, the same is hereby dismissed.

JK/S-45/L **Appeals allowed.**

PLJ 2018 Lahore 474

***Present*: MALIK SHAHZAD AHMAD KHAN, J.**

***Mst.* ALIA SEHAR--Petitioner**

versus

STATION HOUSE OFFICER POLICE STATION MUREED WALA DISTRICT FAISALABAD and 4 others--Respondents

W.P. No. 152452 of 2018, decided on 31.1.2018.

Constitution of Pakistan, 1973--

----Arts. 4, 10-A & 199--Criminal Procedure Code, (V of 1898), S 22-A & 22-B & 491--Custody of minors--Illegal & improper custody--Habeas corpus--Right of hizanat--Mental sickness of minors mother--Respondent an advocate exerting influence in proceedings--Petitioner, mother of minors filed petition before ASJ, upon which minors were handed over to her--Non-implementation of orders--Petitioner contended that she is real mother of minors and her petition had been accepted by ASJ, but respondent along with other members of bar did not allow implementation of said order--Respondent contended that petitioner is psycho patient, minors are school going, as such, welfare of minors lie with respondent--Determination--Petitioner is real mother of minors--First right of Hizanat in respect of minors lies with petitioner--Habeas Corpus filed by petitioner was accepted--Respondent along with other members of bar did not allow implementation of order passed by ASJ--Neither fact of mental sickness of petitioner nor any FIR was lodged regarding alleged attack of petitioner on father of respondent--Petition allowed. [Pp. 478 & 479] A & B

Naziha Ghazali vs. The State and another 2011 SCMR 1782 *ref.*

Rana Rashid Akram Khan, Advocate for Petitioner.

Ch. Iftikhar Iqbal Ahmad, Astt.A.G.

M/s. Ch. Amin Javed, Ch. Asif Shahzada, Amir Shahzad Anjum, Afzaal Aslam Khan Lodhi and Dilbar Hameed Ball, Advocates with Respondent No. 2.

Date of hearing: 31.1.2018.

ORDER

Through this single order, I intend to decide the instant Writ Petition No. 152452-H of 2018, as well as, connected Writ Petition No. 155237 of 2018, as both these petitions have arisen out of the same order dated 16.01.2018 passed by the learned Addl. Sessions Judge, Samundari District Faisalabad, whereby the minor children of the petitioner, namely, Basham Fatima aged about 06 years, Yashfa Fatima aged about 05 years and Abdullah aged about 03 years were directed to be handed over to their mother *Mst.* Alia Sahar (petitioner). The petitioner of Writ Petition No. 152452 of 2018, namely, *Mst.* Alia Sahar shall hereinafter be called as the petitioner, whereas, Mushtaq Ahmad, Respondent No. 2 of the said petition, shall hereinafter be called as the respondent. Learned Addl. Sessions Judge, Samundari *vide* the abovementioned order dated 16.01.2018 directed that the abovementioned minors be handed over to their mother (*Mst.* Alia Sahar petitioner) and Writ Petition No. 152452 of 2018 has been filed by *Mst.* Alia Sehar on the ground that inspite of the abovementioned order of learned Addl. Sessions Judge, Samundari, the minors were not handed over to her as the respondent is an Advocate, whereas, Writ Petition No. 155237 of 2018 has been filed by Mushtaq Ahmad respondent (petitioner of the said Writ Petition) to challenge the legality of abovementioned order dated 16.01.2018 of the learned Addl. Sessions Judge, Samundari.

2. As per brief facts of the present case, *Mst.* Alia Sehar petitioner was married with Mushtaq respondent and from the said wedlock, the abovementioned minors were borne. As per claim of the petitioner, she was ousted by the respondent from his house ten days prior to the filing of her habeas petition in the Court of learned Addl. Sessions Judge, Samundari, which was filed on 04.01.2018. On 02.01.2018, the respondent forcibly snatched the minors from her custody, whereupon, she filed the abovementioned habeas petition for the recovery of her minor children which was

accepted *vide* order dated 16.01.2018 passed by the learned Addl. Sessions Judge, Samundari and all the minors were directed to be handed over to the petitioner. Mushtaq Ahmad respondent is a practicing Advocate in the local Bar therefore, the aforementioned order of the learned Addl. Sessions Judge, Samundari could not be implemented. *Mst.* Alia Sehar petitioner has now filed the instant petition before this Court on the ground that despite the abovementioned order of the learned Addl. Sessions Judge, Samundari, the minors were not handed over to her and they are still in illegal/improper custody of Mushtaq Ahmad respondent. On the other hand, Mushtaq Ahmad respondent has also filed the abovementioned connected Writ Petition No. 155237 of 2018 whereby he has challenged the legality of the abovementioned order dated 16.01.2018 passed by the learned Addl. Sessions Judge, Samundari.

3. It is contended by learned counsel for *Mst.* Alia Sehar petitioner that the petitioner is real mother of the minors and her habeas petition has already been accepted by the learned Addl. Sessions Judge, Samundari *vide* order dated 16.01.2018 whereby the minors were directed to be handed over to the petitioner but as Mushtaq Ahmad respondent is a practicing Advocate at Tehsil Courts Samundari therefore, he along with other members of the Bar did not allow the implementation of the aforementioned order; that the respondent thereafter, filed a guardian petition in the Court of learned Guardian Judge, Samundari on 18.01.2018 in order to frustrate the aforementioned order of the learned Addl. Sessions Judge, Samundari; that the respondent concealed the fact in his guardian petition regarding the acceptance of habeas petition filed by the petitioner and he simply stated in his aforementioned petition that the habeas petition filed by the petitioner in the Court of learned Addl. Sessions Judge, Samundari has already been decided; that the respondent has now advanced another claim that the petitioner is mentally sick, whereas, no such allegation was leveled by the respondent in his divorce deed; that the respondent did not challenge the order of the learned Addl. Sessions Judge, Samundari dated 16.01.2018 and when the petitioner filed her Writ Petition before this Court then the respondent has filed the abovementioned connected Writ Petition which speaks

malafide of the respondent; that although an interim stay has been granted by the learned Guardian Judge in favour of the respondent but the said interim stay has *malafide*ly been obtained *ex-parte* by the respondent in order to illegally deprive the petitioner from her minor children; that after the impugned order passed by the learned Addl. Sessions Judge, Samundari, the custody of the minors with the respondent is illegal and improper therefore, this petition may be accepted and the minors may be handed over to the petitioner.

4. On the other hand, it is contended by learned counsel for the respondent that Mushtaq Ahmad respondent is real father of the minors therefore, custody of the minors with the abovementioned respondent is neither illegal nor improper; that the petitioner is a psycho patient and it will not be in the welfare of the minors to hand over their custody to the petitioner; that on 28.11.2017, the petitioner attacked upon the father of the respondent with the help of 'Churri' and caused injury to him and a medical report in this respect is also available on the record; that the petitioner has not approached the Court with clean hands because the petitioner has alleged that the petitioner was ousted by the respondent about ten days prior to the filing of her habeas petition in the Court of learned Addl. Sessions Judge, Samundari which was filed on 04.01.2018 and thereafter, the minors were snatched from her custody on 02.01.2018 but through the school certificates of the minors it is established that the minors were throughout under the custody of Respondent No. 2 and they were also appearing in the school during the days when the petitioner was allegedly ousted by the respondent; that if the minors are handed over to the petitioner then it will not be in their welfare because in that case their studies will be disturbed; that the respondent has already filed a guardian petition before the learned Guardian Judge, Samundari and interim stay in favour of the respondent has also been issued on 18.01.2018; that keeping in view the abovementioned facts, Writ Petition filed by *Mst.* Alia Sehar petitioner may be dismissed and Writ Petition filed by the respondent may be accepted while setting-aside the impugned order dated 16.01.2018 passed by the learned Addl. Sessions Judge, Samundari. In support of his contentions, learned counsel for the respondent has placed reliance on the cases reported as *'Naziha*

Ghazali vs. The State and another' (2001 SCMR 1782), *'Tanvir Hussain vs. Station House Officer, Police Station Safdarabad, District Sheikhupura and 5 others'* (PLD 2011 Lahore 516), *'Mst. Seema vs. Aftab Ahmed and others'* (2013 YLR 583), *'Mst. Zohra Hilal vs. Noor Sakht Shah and others'* (2009 MLD 258), *'Mst. Nadia Perveen vs. Mst. Almas Noreen and others'* (PLD 2012 Supreme Court 758) & *'Mrs. Rania Ibrahim Qureshi vs District & Sessions Judge, Abbotabad and 2 others'* (2011 PCr.L.J. 1594) .

5. Arguments heard. Record perused.

6. The petitioner is real mother of the minors, namely, Basham Fatima aged about 06 years, Yashfa Fatima aged about 05 years and Abdullah aged about 03 years. The first right of 'hazanat' in respect of the abovementioned minors lies with the petitioner. Habeas petition filed by the petitioner in the Court of learned Addl. Sessions Judge, Samundari for the recovery and interim custody of the minors was accepted *vide* order dated 16.01.2018. As Mushtaq Ahmad respondent is a practicing Advocate at Tehsil Courts, Samundari therefore, he along with his other colleagues (members of the Tehsil Bar, Samundari) did not allow the implementation of the abovementioned order of the learned Addl. Sessions Judge, Samundari and he forcibly kept the minors with him. The said respondent instead of challenging the aforementioned order of the learned Addl. Sessions Judge, Samundari before the High Court, initially filed a guardian petition in the Court of learned Guardian Judge, Samundari on 18.01.2018 and through concealment of the facts that the learned Addl. Sessions Judge, Samundari has already passed an order for handing over the custody of the minors to the petitioner and by simply stating that the habeas petition filed by the petitioner has been decided by the learned Addl. Sessions Judge, Samundari, he (respondent) obtained an interim stay order in his favour on 18.01.2018 from the learned Guardian Judge, Samundari. The Writ Petition of the petitioner i.e. Writ Petition No. 152452 of 2018 was filed before this Court on 24.01.2018 and notice in the said petition was issued to the respondent on 25.01.2018 for 26.01.2018. On 26.01.2018, Mushtaq Ahmad respondent appeared before this Court along with his learned counsel but he did not produce the minors before this Court and sought an adjournment in order to
