**THE PROPHET'S HEIR: THE LIFE OF ALI IBN ABI TALIB BY HASSAN ABBAS, YALE UNIVERSITY PRESS, 2021 (Two Copies)
(Gifted by Hon'ble Mr. Justice Ali Baqar Najafi)**

Ali ibn Abi Talib is arguably the single most important spiritual and intellectual authority in Islam after prophet Mohammad. Hassan Abbas provides a nuanced, compelling portrait of this towering yet divisive figure and the origins of sectarian division within Islam. Abbas reveals how, after Mohammad, Ali assumed the spiritual mantle of Islam to spearhead the movement that the prophet had led. While Ali's teachings about wisdom, justice, and selflessness continue to be cherished by both Shia and Sunni Muslims, his pluralist ideas have been buried under sectarian agendas and power politics.

THE INTRICACIES OF DICTA AND DISSENT BY NEIL DUXBURY, CAMBRIDGE UNIVERSITY PRESS, 2021

Common-law judgments tend to be more than merely judgments, for judges often make pronouncements that they need not have made had they kept strictly to the task in hand. Why do they do this? The Intricacies of Dicta and Dissent examines two such types of pronouncement, obiter dicta and dissenting opinions, primarily as aspects of English case law. Neil Duxbury shows that both of these phenomena have complex histories, have been put to a variety of uses, and are not amenable to being straightforwardly categorized as secondary sources of law.

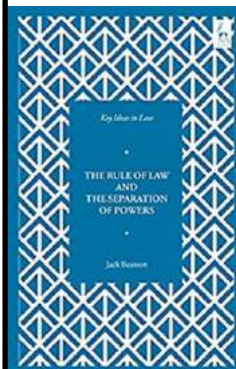

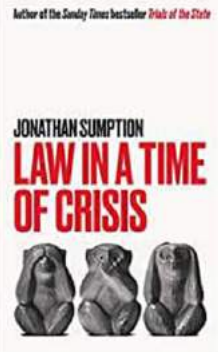

LAW IN A TIME OF CRISIS BY JONATHAN SUMPTON, PROFILE BOOKS, 2021

What are the limits of law in politics? What is the relationship between law and the constitution? Is not having a constitution a hindrance or a help in time of crisis? Former supreme court judge Jonathan Sumption wrestles with past, current and potential crises that this increasingly divided country faces. From the role of the Supreme Court to the uses of referenda to the rise of nationalisms within the United Kingdom, Sumption exposes the subtleties, uses, and abuses of legal and judicial interventions. With razor sharp intelligence and far-reaching analysis he counsels caution both in impulse to radically upend the system and to challenge results that may not be what is wanted.

KEY IDEAS IN LAW: THE RULE OF LAW AND THE SEPARATION OF POWERS BY JACK BEATSON, HART PUBLISHING, 2021

Civil litigation has come under fire in recent years. Some critics portray a system of dishonest lawyers and undeserving litigants who prevail too often, and are awarded too much money. Others criticize the civil justice system for being out of reach for many who have suffered real injury. But contrary to these perspectives and popular belief, the civil justice system in the United States is not out of control.
